No adjustment shall be granted under this paragraph (a) (12) with respect to housing accommodations regularly rented to employees of the landlord (so-called company housing).

In any case where a petition for adjustment under this paragraph (a) (12) was pending on June 30, 1948, the landlord may elect to have the petition processed under this section as it read prior to its amendment on July 10, 1948.

(13) *Rented to an employee of landlord.* The housing accommodations were rented to an employee of the landlord both on the date determining the maximum rent and at the time the order under this paragraph (a) (13) is issued, and after the date determining the maximum rent but prior to the effective date of regulation the landlord and tenant agreed, as the result of a continuous process of bargaining on interrelated matters, upon a wage increase and a rent increase, and the wage increase agreed upon has been put into effect.

(14) *Approval of higher rents for priority constructed housing.* The maximum rent was established under section 4 (c) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, and prior to final completion of all units included in a single priority application, but subsequent to the first renting of said accommodations, the landlord made a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and a higher rent was approved by such agency.

(15) *Landlord operating at a loss.* The landlord is operating at a loss. A landlord shall be considered to be operating at a loss if his operating expenses for the premises for the current year exceed his total annual income for such premises. A petition for adjustment under this section must be filed on form D–99, provided by the Expediter, and in accordance with instructions contained therein.

For the purposes of this paragraph (a) (15), the term:

(i) "Operating expenses" includes all property taxes and other operating costs, including depreciation (but excluding interest) necessary to the operation and maintenance of the premises properly chargeable and allocated to the "current year."

(ii) "Total annual income" means "present annual scheduled rental income" plus any other income earned from the operation of the premises during the current year.

(iii) "Present annual scheduled rental income" means the legal monthly rent for all units in the premises, both residential and commercial, on the date the petition is filed, multiplied by 12. In any case where an uncontrolled rental unit is vacant, or is occupied in whole or in part rent free on such date, the full rental value shall be considered the legal rent, and in any case where a unit was rented on a seasonal or varying rental basis during the year ending on the date the petition was filed, the average monthly rent during such year shall be considered the legal rent.

(iv) "Current year" means any 12 consecutive months ending not more than 90 days prior to the date of the filing of the petition: *Provided, however,* That such current year must extend at least 6 months beyond the last date of the "current year" used in a previous petition on which an adjustment was granted due to operating loss.

(v) "Depreciation" means any one of the following:

The amount shown on the landlord's income tax return to the United States Bureau of Internal Revenue for the year including the maximum rent date; or,

Two and one-half percent of the value at which the building was assessed for tax purposes on the maximum rent date; or if it was not in existence on the maximum rent date, two and one-half percent of the first assessed value of the building; or,

The amount derived by multiplying the present annual scheduled rental income by the appropriate percentage as follows:

	Percent
For one or two-unit structures	21
For three or four-unit structures	16
For five or more unit structures	11

In making adjustments under this section the Expediter shall take into consideration any adjustments in maximum rents after the date the petition is filed, as well as any leases which are in effect under section 204 (b) of the Housing and Rent Act of 1947, as amended.

No adjustment shall be granted under this section with respect to housing accommodations regularly rented to employees of the landlord (so-called company housing).

(b) *Decreases in minimum services, furniture, furnishings, equipment, and space*—(1) *Requirements for petition and order, or report.* The landlord shall until the accommodations become vacant, maintain the minimum services, furniture, furnishings, and equipment as required under § 825.43, unless and until he has filed a petition to decrease the services, furniture, furnishings, or equipment and an order permitting a decrease has been entered thereon. When the accommodations become vacant, the landlord may on renting to a new tenant decrease the services, furniture, furnishings, or equipment below the minimum; within 10 days after so renting the landlord shall file a written report with the area rent director showing such decrease.

(2) *Adjustment in maximum rent for decreases on and after April 1, 1948.* The order on any petition under this paragraph (b) may require an appropriate adjustment in the maximum rent; and any maximum rent for which a report is required by this paragraph (b) may be decreased in accordance with the provisions of paragraph (c) (4) of this section.

If the landlord fails to file the report required by this paragraph (b) within the time specified, or decreases the services, furniture, furnishings, or equipment without an order authorizing such decrease where such order is required, the rent received by the landlord for any rental period commencing on or after such decrease or April 1, 1948, whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order decreasing the maximum rent on account of such decrease in services, furniture, furnishings, or equipment. Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1. (Part 840 of this chapter.) If the Expediter finds that the landlord was not at fault in failing to comply with this paragraph (b), the order may relieve the landlord of the duty to refund.

(3) *Adjustment in maximum rent for decreases prior to April 1, 1948.* Where a landlord decreased living space, services, furniture, furnishings, or equipment before April 1, 1948, while the accommodations were occupied, or decreased the living space, services, furniture, furnishings, or equipment during such period while the accommodations were vacant, and failed or fails to file a petition or a written report as was required by the provisions of this paragraph (b) prior to April 1, 1948, the rent received by the landlord for any rental period commencing on or after such decrease or July 1, 1947, whichever is later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order decreasing the maximum rent on account of such decrease in living space, services, furniture, furnishings, or equipment. Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order, unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1. (Part 840 of this chapter.) If the Expediter finds that the landlord was not at fault in failing to comply with the provisions of this paragraph (b) in effect prior to April 1, 1948, the order may relieve the landlord of the duty to refund.

(c) *Grounds for decrease of maximum rent.* The Expediter at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable only on the grounds that:

(1) *Rent higher than rents generally prevailing.* The maximum rent for housing accommodations established under paragraphs (b), (d), or (f), of section 4 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, or under § 825.44 (c) or (e) is higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

Where the maximum rent for said housing accommodations was originally established under paragraphs (b), (d), or (f) of section 4 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, and the landlord failed, due to his fault, to file a timely proper registration statement, the rent received for any rental period commencing on or after July 1, 1947, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under this section. Such amount shall be refunded to the tenant within 30 days after the date of the issuance of the order, unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1. (Part 840 of this chapter.) The landlord shall have the duty to refund only if the order under this section is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

(2) *Substantial deterioration.* There has been a substantial deterioration of the housing accommodations other than ordinary wear and tear since September 1, 1943.

(3) *Substantial deterioration or change to unfurnished prior to September 1, 1943.* There was a substantial deterioration of the housing accommodations or a change from fully furnished to unfurnished during the year ending on August 31, 1943, and as a result the maximum rent for such accommodations is substantially higher than the maximum rent generally prevailing in the defense-rental area for comparable housing accommodations.

(4) *Decrease in space, services, furniture, furnishings or equipment.* There has been a decrease in the minimum services, furniture, furnishings or equipment required by § 825.43 since September 1, 1943, or a substantial decrease in the living space since June 30, 1947, but before April 1, 1948.

(5) *Special relationship between landlord and tenant or peculiar circumstances.* The rent during some portion of the year ending on August 31, 1943, or on the date subsequent thereto determining the maximum rent, was materially affected by the blood, personal, or other special relationship between the landlord and the tenant, or by peculiar circumstances, and as a result the maximum rent for the housing accommodations is substantially higher than the maximum rent generally prevailing in the defense-rental area for comparable housing accommodations.

(6) *Substantial decrease in occupancy.* There has been a substantial decrease in the number of subtenants or other occupants since an order under paragraph (a) (6) of this section or section 5 (a) (6), of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.

(7) *Modification or elimination of necessity for increase under paragraph (a) (12) of this section or section 5 (a) (12) of the Rent Regulation for the Housing.* There has been a modification or elimination of the necessity for the increase in the maximum rent granted under paragraph (a) (12) of this section or section 5 (a) (12) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, since the order issued under either of said paragraphs.

(d) *Orders where facts are in dispute, in doubt, or not known.* If the maximum rent, or any other fact necessary to the determination of the maximum rent, or the living space, services, furniture, furnishings, or equipment required to be provided with the accommodations is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Expediter at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact, or determining the living space, services, furniture, furnishings, and equipment required to be provided with the accommodations which order shall be effective to establish the maximum rent from July 1, 1947, or the date of first renting after July 1, 1947, whichever is applicable. If the Expediter is unable to ascertain such fact, or facts, he shall enter the order on the basis of the rent which he finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date and, where appropriate, may determine the living space, services, furniture, furnishings, and equipment included in such rent.

(e) *Sale of underlying lease or other rental agreement.* Where housing accommodations or a predominant part thereof are occupied by one or more subtenants or other person occupying under a rental agreement with the tenant the tenant may petition the Expediter for leave to exercise any right he would have except for §§ 825.41 to 825.52, inclusive, to sell his underlying lease or other rental agreement. The Expediter may grant such petition if he finds that the sale will not result, and that sales of such character would not be likely to result in the circumvention or evasion of the act or §§ 825.41 to 825.52, inclusive. He may require that the sale be made on such terms as he deems necessary to prevent such circumvention or evasion.

(f) *Interim orders.* Where a petition is filed by a landlord on one of the grounds set out in paragraph (a) of this section or a proceeding is initiated by the Expediter under paragraph (d), the Expediter may enter an interim order increasing or fixing the maximum rent until further order subject to refund by the landlord to the tenant of any amount received in excess of the maximum rent established by final order in such proceeding. The receipt by the landlord of any rent authorized by such interim order shall constitute an agreement by the landlord with the tenant to refund to the tenant any amount received in excess of the maximum rent established by final order. The landlord shall make such refund either by repayment in cash or where the tenant remains in occupancy after the effective date of the final order, by deduction from the next installment of rent, or both.

(g) *Adjustments in case of options to buy.* No adjustment in the maximum rent shall be ordered on the ground that the landlord has, as a part of or in connection with a lease of housing accommodations, granted the tenant an option to buy the accommodations which are subject to the lease. Where a lease of housing accommodations was in force on the date determining the maximum rent, and the landlord had on that date as a part of or in connection with such lease, granted the tenant an option to buy the accommodations which are the subject of the lease, the Expediter may, on or after the termination of such lease, on his own initiative or on application of the tenant, enter an order fixing the maximum rent on the basis of the rent which the Expediter finds is generally prevailing in the defense-rental area for comparable housing accommodations not subject to an option to buy on the maximum rent date.

(h) *Election by landlord of seasonal maximum rents*—(1) *Landlord's election.* Where the total rent for housing accommodations for the eight months September 1942 through December 1942 and May 1943 through August 1943 was less than one-half of the total rent for the four months January 1943 through April 1943, the landlord may elect to have seasonal maximum rents applicable to the accommodations. A landlord so elects when he files a registration statement as provided in § 825.47 and expresses such election on the registration statement. After the landlord has elected seasonal maximum rents, the maximum rents provided by this paragraph shall apply to the housing accommodations until, on petition of the landlord, the Expediter consents to the landlord's request to revoke the election. Upon the granting of such request the maximum rents provided by § 825.44 shall apply to the accommodations.

(2) *Maximum rents for particular months.* Upon the landlord's election as provided in subparagraph (1) of this paragraph, the maximum rent for the housing accommodations for a particular month, beginning with the first rental period after the landlord's election, shall be the rent for the accommodations for the corresponding month of the year ending on August 31, 1943: *Provided, however,* That, where the accommodations were not rented or were rented for less than 21 days during such corresponding month of the year ending on August 31, 1943, the maximum rent for the particular month shall be the rent on September 1, 1943, or, if the accommodations were not rented on that date, the first rent after that date.

(3) *Adjustments of maximum rents.* If the maximum rent for a particular month is established under subparagraph (2) of this paragraph by either the rent on September 1, 1943 or the first

rent after that date, and is lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations for the corresponding month of the year ending on August 31, 1943, the Expediter on petition of the landlord, may order an increase in the maximum rent. If such maximum rent is higher than the rent generally pravailing in the defense-rental area for comparable housing accommodations for the corresponding month of the year ending August 31, 1943, the Expediter on his own initiative or on application of the tenant, may order a decrease in the maximum rent.

(4) *Reporting first rent.* Where the housing accommodations were not rented on September 1, 1943 and the maximum rent for a particular month is established under subparagraph (2) of this paragraph by the first rent after that date, the landlord, if he has previously filed a registration statement for the accommodations, shall report the first rent after September 1, 1943, within 30 days after the accommodations are first rented after that date, on the form provided therefor. If the landlord has not previously filed a registration statement for the accommodations, he shall file such registration statement within 30 days after first renting, as provided in § 825.47. If the landlord fails to file the report or registration statement within the time specified, the rent received from the time of first renting on November 1, 1943, whichever is the later, shall be received subject to refund to the tenant of any amounts in excess of the maximum rents which may later be fixed by an order under subparagraph (3) of this paragraph decreasing maximum rents. In such case, the order under subparagraph (3) of this paragraph shall be effective to decrease the maximum rents from the time of such first renting or November 1, 1943, whichever is the later.

(j) *Public housing.* Where the maximum rent for any housing accommodations constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State, or any of its political subdivisions, and owned by any of the foregoing, is below the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, the owner of such accommodations may with the consent of the Expediter increase the maximum rents to such generally prevailing rent by re-registering such accommodations at such generally prevailing rent.

For the purpose of this section, any corporation formed under the laws of a State shall not be considered an agency of the United States.

(j) *Adjustment to correct determinations of maximum rent.* The Expediter at any time on petition of the landlord or on his own initiative may enter an order adjusting the maximum rent where the maximum rent in effect on June 30, 1947 was established by an order issued under the rent regulations issued pursuant to the Emergency Price Control Act of 1942, as amended, and such order was based upon an erroneous determination of fact or law.

§ 825.46 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of housing accommodations and any tenant shall permit such inspection of the accommodations by the Expediter as he may, from time to time, require.

§ 825.47 *Registration*—(a) *Registration statement.* Every landlord of controlled housing accommodations rented or offered for rent shall file in triplicate a written statement on the form provided therefor, to be known as a registration statement, unless a registration statement was heretofore filed in accordance with the provisions of section 7 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended. For housing accommodations rented prior to June 1, 1947, such registration statement shall be filed on or before July 10, 1947. For housing accommodations first rented on or after June 1, 1947, such registration statement shall be filed on or before July 30, 1947 or within 30 days after first renting, whichever is later. The statement shall identify each dwelling unit and specify the maximum rent provided by §§ 825.41 to 825.52, inclusive, for such dwelling unit and shall contain such other information as the Expediter shall require. The original shall remain on file with the Expediter and he shall cause one copy to be delivered to the tenant and one copy, stamped to indicate that it is a correct copy of the original, to be returned to the landlord. In any subsequent change of tenancy the landlord shall exhibit to the new tenant his stamped copy of the registration statement and shall obtain the tenant's signature and the date thereof, on the back of such statement.

When the maximum rent is changed by order of the Expediter, the landlord shall deliver his stamped copy of the registration statement to the area rent office for appropriate action reflecting such change.

Where, since the filing of the registration statement for any controlled housing accommodations, there has been a change in the identity of the landlord, by transfer of title or otherwise, the new landlord shall file a notice of such change on a form provided for that purpose, to be known as a notice of change in identity within 15 days after the change or July 1, 1947, whichever is later. If the new landlord indicates on the notice of change in identity that he has not obtained the landlord's copy of the original registration statement, the Expediter shall cause to be prepared and delivered to him a true copy of said original, which may be used to satisfy all requirements of this paragraph (a).

Any notice, order or other process or paper directed to the person named on the registration statement as the landlord at the address given thereon, or when a notice of change in identity has been filed, to the person named as landlord and at the address given in the most recent such notice, shall, under the circumstances prescribed in Revised Rent Procedural Regulation 1 (Part 840 of this chapter) constitute notice to the person who is then the landlord.

The provisions of this section shall be applicable to any housing accommodations whose maximum rent was determined under section 4 (d) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, on its sale by the owning agency, and within thirty days after the sale of such accommodations the new landlord shall file a registration statement as provided in paragraph (a) of this section: *Provided, however,* That if the housing accommodations are sold to the United States or a state of the United States or any of its political subdivisions, or any agency of the foregoing, paragraph (c) of this section shall continue to be applicable.

(b) *Receipt for amount paid.* No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

(c) *Exceptions from registration requirements*—(1) *Housing owned and constructed by governmental agencies.* The provisions of this section shall not apply to housing accommodations whose maximum rent was originally determined under section 4 (d) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended. The owner of such housing accommodations shall file a schedule or schedules, setting out the maximum rents for all such accommodations in the defense-rental area and containing such other information as the Expediter shall require. A copy of such schedule or schedules shall be posted by the owner in a place where it will be available for inspection by the tenants of such housing accommodations.

(2) *Housing subject to rent schedule of War or Navy Department.* The provisions of this section shall not apply to housing accommodations rented to either Army or Navy personnel, including any civilian employees of the War and Navy Departments, for which the rent is fixed by the national rent schedule of the War or Navy Department.

§ 825.48 *Evasion*—(a) *General.* The maximum rents and other requirements provided in §§ 825.41 to 825.52, inclusive, shall not be evaded, either directly or indirectly, in connection with the renting or leasing or the transfer of a lease of housing accommodations, by way of absolute or conditional sale, sale with purchase money or other form of mortgage, or sale with option to repurchase or by modification of the practices relating to payment of commissions or other charges or by modification of the services furnished with housing accommodations, or by tying agreement, or otherwise.

(b) *Purchase of property as condition of renting.* Specifically, but without limitation on the foregoing, no person shall require a tenant or prospective tenant to purchase or agree to purchase furniture or any other property as a condition of renting housing accommodations unless the prior written consent of the Expediter is obtained.

§ 825.49 *Enforcement.* Persons violating any provision of §§ 825.41 to 825.52, inclusive, are subject to civil enforcement actions and suits for treble damages as provided by the act.

§ 825.50 *Procedure.* All registration statements, reports and notices provided for by §§ 825.41 to 825.52, inclusive, shall be filed with the area rent office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Revised Rent Procedural Regulation 1 (Part 840 of this chapter).

§ 825.52 *Adoption of orders.* All orders issued pursuant to section 2 (c) and (d) (6) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, which were in effect on June 30, 1947, shall be deemed to continue in effect under §§ 825.41 to 825.52, inclusive, unless and until revoked or modified by the Expediter.

Effective date. This Controlled Housing Rent Regulation for the Miami Defense-Rental Area shall become effective July 1, 1947. [Originally issued June 30, 1947.]

CONTROLLED HOUSING RENT REGULATION FOR ATLANTIC COUNTY DEFENSE-RENTAL AREA

§ 825.61 *Definitions and scope of §§ 825.61 to 825.72, inclusive.* "Act" means the Housing and Rent Act of 1947, as amended.

"Expediter" means the Housing Expediter or the Rent Director or such other person or persons as the Expediter may appoint or designate to carry out any of the duties delegated to him by the act.

"Rent Director" means the person designated by the Expediter as director of the Defense-Rental Area or such person or persons as may be designated to carry out any of the duties delegated to the Rent Director by the Expediter.

"Local Advisory Board" means a board created in a defense-rental area, or a part thereof, the members of which are appointed by the Housing Expediter upon recommendations made by the Governor, or as otherwise required by section 204 (e) of the Housing and Rent Act of 1947, as amended.

"Area rent office" means the office of the Rent Director in the Defense-Rental Area.

"Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

"Housing accommodations" means any building, structure, or part thereof, or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, together with all privileges, services, furnishings, furniture, equipment, facilities and improvements connected with the use or occupancy of such property.

"Controlled housing accommodations" means any housing accommodation in the Defense-Rental Area which is not specifically exempted from control or decontrolled under §§ 825.61 to 825.72, inclusive.

"Services" includes repairs, decorating and maintenance, the furnishing of light, heat, hot and cold water, telephone, elevator service, window shades, and storage, kitchen, bath, and laundry facilities and privileges, maid service, linen service, janitor service, and removal of refuse and any other privilege or facility connected with the use or occupancy of housing accommodations.

"Landlord" includes an owner, lessor, sublessor, assignee or other person receiving or entitled to receive rent for the use or occupancy of any housing accommodations, or an agent of any of the foregoing.

"Tenant" includes a subtenant, lessee, sublessee, or other person entitled to the possession or to the use or occupancy of any housing accommodations.

"Rent" means the consideration, including any bonus, benefit, or gratuity, demanded or received for or in connection with the use or occupancy of housing accommodations or the transfer of a lease of such accommodations.

"Hotel" means any establishment which is commonly known as a hotel in the community in which it is located, and which provides customary hotel services.

"Motor court" means an establishment renting rooms, cottages or cabins; supplying parking or storage facilities for motor vehicles in connection with such renting and other services and facilities customarily supplied by such establishments; and commonly known as a motor, auto or tourist court in the community.

"Tourist home" means a rooming house which caters primarily to transient guests and is known as a tourist home in the community.

"Rooming house" means, in addition to its customary usage, a building or portion of a building other than a hotel or motor court in which a furnished room or rooms not constituting an apartment are rented on a short term basis of daily, weekly or monthly occupancy to more than two paying tenants, not members of the landlord's immediate family. The term includes boarding houses, dormitories, trailers not a part of a motor court, residence clubs and all other establishments of a similar nature, including tourist homes.

"Maximum rent date" means September 1, 1943, the maximum rent date for the Atlantic County Defense-Rental Area, as established under the Emergency Price Control Act of 1942, as amended.

"Date determining maximum rent" means the date as of which a maximum rent was determined for any particular housing accommodation in accordance with the Emergency Price Control Act of 1942, as amended, and the regulations issued thereunder, or under § 825.64 (b), (c), or (e), whichever is applicable.

"Effective date of regulation" means June 1, 1944. The term Rent Regulation for Housing, as hereinafter used, means the Rent Regulation for Housing in Atlantic County Defense-Rental Area issued pursuant to the Emergency Price Control Act of 1942, as amended.

(a) *Housing and defense-rental area to which §§ 825.61 to 825.72, inclusive, apply.* Sections 825.61 to 825.72, inclusive, apply to all housing accommodations in the Atlantic County Defense-Rental Area, consisting of the County of Atlantic, New Jersey, except as provided in paragraph (b) of this section. The Atlantic County Defense-Rental Area is referred to hereinafter in §§ 825.61 to 825.72, inclusive, as the "defense-rental area."

(b) *Decontrolled and exempted housing to which §§ 825.61 to 825.72, inclusive, do not apply*—(1) *Exempted housing.* Sections 825.61 to 825.72, inclusive, do not apply to the following:

(i) *Farming tenants.* Housing accommodations situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon.

(ii) *Service employees.* Dwelling space occupied by domestic servants, caretakers, managers, or other employees to whom the space is provided as part or all of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the dwelling space is a part.

(iii) *Accommodations subject to the Rent Regulation for Controlled Rooms in Rooming Houses and other Establishments.* Rooms or other housing accommodations subject to the Rent Regulation for Controlled Rooms in Rooming Houses and other Establishments (Subpart B).

(iv) *Structures subject to underlying leases.* (a) Entire structures or premises wherein more than 25 rooms are rented or offered for rent by any lessee, sublessee or other tenant of such entire structure or premises, except as provided in (c) of subdivision (iv).

(b) Entire structures or premises where 25 or less rooms are rented or offered for rent by any lessee, sublessee, or other tenant of such entire structures or premises: *Provided,* That all of the housing accommodations in such structures or premises are exempt or decontrolled under the provisions of this section and are not subject to the Rent Regulation for Controlled Rooms in Rooming Houses and other Establishments (Subpart B).

(c) Sections 825.61 to 825.72, inclusive, do apply to an underlying lease of any entire structure or premises which was entered into after the maximum rent date and prior to the effective date of the regulation while such lease remains in force with no power in the tenant to cancel or otherwise terminate the lease, unless all of the housing accommodations in such structure are exempt or decontrolled under the provisions of this section and are not subpect to the Rent Regulation for Controlled Rooms in Rooming Houses and other Establishments (Subpart B).

(v) *Rented to National Housing Agency.* Housing accommodations rented to the United States acting by the National Housing Agency: *Provided, however,* That §§ 825.61 to 825.72, inclusive, do apply to a sublease or other subrenting of such accommodations or any part thereof.

(vi) *Resort housing; summer resort housing.* Housing accommodations located in a resort community and customarily rented or occupied on a seasonal basis prior to October 1, 1945, which were

not rented during any portion of the period beginning on November 1, 1943, and ending on February 29, 1944.

This exemption shall be effective only from June 1 to September 30, inclusive.

(vii) *Subletting.* The subletting or other subrenting of housing accommodations for a term beginning on or after June 1, 1948 and ending on or before September 30, 1948 by a tenant who remained in occupancy and used the accommodations as his home from January 1, 1948 to the date of subletting or other subrenting.

(2) *Decontrolled housing.* Sections 825.61 to 825.72, inclusive, do not apply to the following:

(i) *Accommodations in hotels, motor courts, trailers and trailer spaces, and tourist homes.* (*a*) Housing accommodations in a hotel (see definition of hotel in this section) which on June 30, 1947, were occupied by persons to whom were provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep of furniture and fixtures, and bellboy services (not necessarily all the types of services named need be provided in all cases, as long as enough are provided to constitute customary hotel services usually supplied in establishments commonly known as hotels in the community where they are located); (*b*) housing accommodations in establishments which were motor courts on June 30, 1947; (*c*) housing accommodations located in trailers and ground space rented for trailers; and (*d*) housing accommodations in any tourist home serving transient guests exclusively on June 30, 1947.

Reporting requirements. Every landlord of housing accommodations referred to in (*a*) and (*d*) of this subdivision (i), who has not filed an application for decontrol prior to April 1, 1948, shall on or before June 1, 1948 file in the area rent office a report of decontrol of such accommodations on a form provided by the Expediter.

(ii) *Accommodations created by new construction or conversion.* (*a*) Housing accommodations the construction of which was completed on or after February 1, 1947, or which are additional housing accommodations created by conversion on or after February 1, 1947: *Provided, however,* That maximum rents established under the Veterans' Emergency Housing Act for priority constructed housing accommodations completed on or after February 1, 1947, shall continue in full force and effect if such accommodations are being rented to veterans of World War II or their immediate families who, on June 30, 1947, either (*1*) occupied such housing accommodations, or (*2*) had a right to occupy such housing accommodations at any time on or after July 1, 1947, under any agreement whether written or oral; (*b*) housing accommodations the construction of which was completed on or after February 1, 1945, and prior to February 1, 1947, and which between the date of completion and June 30, 1947, both dates inclusive, at no time were rented (other than to members of the immediate family of the landlord) as housing accommodations.

For the purposes of this subdivision (ii) the time at which construction of housing accommodations shall be deemed to be "completed" shall be the date on which the dwelling is first suitable for occupancy and all utility and service connections have been made, except for the installation of such items and the completion of such decoration work as, in accordance with the custom of the community, are left for installation by, or to the choice of, the purchaser or the tenant; and the word "conversion" means (*1*) a change in a structure from a nonhousing use or (*2*) a structural change in a residential unit or units involving substantial alterations or remodeling and resulting in the creation of additional housing accommodations.

(iii) *Accommodations not rented for two-year period.* Housing accommodations which for any successive 24-month period during the period February 1, 1945, to March 30, 1948, both dates inclusive, were not rented (other than to members of the immediate family of the landlord) as housing accommodations.

(iv) *Nonhousekeeping furnished accommodations.* Nonhousekeeping, furnished housing accommodations, located within a single dwelling unit not used as a rooming or boarding house, but only if no more than two paying tenants, not members of the landlord's immediate family live in such dwelling unit, and the remaining portion of such dwelling unit is occupied by the landlord or his immediate family. (See definition of rooming house in this section.)

(v) *Leased accommodations.* (*a*) Except as hereinafter provided in this subdivision (v), housing accommodations concerning which a landlord and tenant on or before December 31, 1947, voluntarily entered into a valid written lease in good faith and such lease took effect on or after July 2, 1947, but before January 1, 1948, and such lease by its terms expires on or after December 31, 1948, and provided for a rent not in excess of 15 percent above the maximum rent in effect prior to the effective date of such lease and a true and duly executed copy of such lease was filed with the Housing Expediter within 15 days after the date of execution thereof.

(*b*) Except as hereinafter provided in this subdivision (v), housing accommodations concerning which a landlord and tenant (including landlords and tenants who have executed leases in accordance with (*a*) of this subdivision (v) and including any new tenant) on or before December 31, 1948, voluntarily enter into a valid written lease in good faith for a rent not in excess of 15 percent over the maximum rent which in the absence of a lease would be in effect with respect thereto on March 30, 1948, plus or minus the amount of any adjustment under § 825.65, and such lease takes effect on or after April 1, 1948, and expires on or after December 31, 1949, and a true and duly executed copy of such lease is filed with the Expediter within 15 days after the date of execution of such lease.

Exceptions to (a) and (b) of this subdivision (v). All housing accommodations referred to in (*a*) of this subdivision (v) shall be subject to §§ 825.61 to 825.72, inclusive, unless the lease provided for the same living space, services, furniture, furnishings and equipment with the housing accommodations as were required to be provided by §§ 825.61 to 825.72, inclusive, prior to the effective date of the lease.

All housing accommodations referred to in (*b*) of this subdivision (v) shall be subject to §§ 825.61 to 825.72, inclusive, unless the lease provides for the same living space, services, furniture, furnishings, and equipment with the housing accommodations which in the absence of a lease would be required to be provided by §§ 825.61 to 825.72, inclusive, on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

All housing accommodations referred to in (*a*) and (*b*) of this subdivision (v) shall be subject to §§ 825.61 to 825.72, inclusive, if the lease is terminated or expires on or after April 1, 1948, and before March 31, 1949, unless a subsequent lease entered into under the provisions of (*b*) of this subdivision (v) is in force.

Reporting requirements. A landlord shall file Form D–92—Registration of Lease—in triplicate with the true and duly executed copy of the lease required to be filed in (*b*) of this subdivision (v).

A landlord shall file a report in the Area Rent Office on a form provided by the Expediter, of any termination of a lease referred to in (*a*) or (*b*) of this subdivision (v) prior to the expiration date of the lease. Such report shall be filed within fifteen days after such termination or fifteen days after April 1, 1948, whichever is later.

(c) *Effect of §§ 825.61 to 825.72, inclusive, on leases and other rental agreements.* The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with §§ 825.61 to 825.72, inclusive.

(d) *Waiver of benefit void.* An agreement by the tenant to waive the benefit of any provision of §§ 825.61 to 825.72, inclusive, is void. A tenant shall not be entitled by reason of §§ 825.61 to 825.72, inclusive, to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of §§ 825.61 to 825.72, inclusive.

§ 825.62 *Prohibition against higher than maximum rents.*—(a) *General prohibition.* Regardless of any contract, agreement, lease, or other obligation heretofore or hereafter entered into, no person shall offer, demand or receive any rent for or in connection with the use or occupancy on and after the effective date of §§ 825.61 to 825.72, inclusive, of any housing accommodations within the defense-rental area higher than the maximum rents provided by §§ 825.61 to 825.72, inclusive; and no person shall offer, solicit, attempt, or agree to do any of the foregoing. A reduction in the services, furniture, furnishings or equipment required under § 825.63 shall constitute an acceptance of rent higher than

the maximum rent. Lower rents than those provided by §§ 825.61 to 825.72, inclusive, may be demanded or received.

(b) *Lease with option to buy.* Where a lease of housing accommodations was entered into prior to the effective date of regulation and the tenant as a part of such lease or in connection therewith was granted an option to buy the housing accommodations which were the subject of the lease, with the further provision that some or all of the payments made under the lease should be credited toward the purchase price in the event such option is exercised, the landlord, notwithstanding any other provision of §§ 825.61 to 825.72, inclusive, may be authorized to receive payment made by the tenant in accordance with the provisions of such lease and in excess of the maximum rent for such housing accommodations. Such authority may be secured only by a written request of the tenant to the area rent office and shall be granted by order of the Expediter if he finds that such payments in excess of the maximum rent will not be inconsistent with the purposes of the act or §§ 825.61 to 825.72, inclusive, and would not be likely to result in the circumvention or evasion thereof. After entry of such order the landlord shall be authorized to demand, receive and retain, and the tenant shall be authorized to offer payments provided by the lease in excess of the maximum rent for periods commencing on or after the effective date of §§ 825.61 to 825.72, inclusive. After entry of such order, the provisions of the lease may be enforced in accordance with law, notwithstanding any other provision of §§ 825.61 to 825.72, inclusive. Nothing in this paragraph shall be construed to authorize the landlord to demand or receive, or the tenant to offer payments in excess of the maximum rent in the absence of an order of the Expediter as herein provided. Where a lease of housing accommodations has been entered into on or after the effective date of regulation, and the tenant as a part of such lease or in connection therewith has been granted an option to buy the housing accommodations which are the subject of the lease, the landlord, prior to the exercise by the tenant of the option to buy, shall not demand or receive, nor shall the tenant offer payments in excess of the maximum rent, whether or not such lease allocates some portion or portions of the periodic payments therein provided as payments on or for the option to buy.

(c) *Security deposits*—(1) *General prohibition.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand, receive or retain a security deposit for or in connection with the use or occupancy of housing accommodations within the defense-rental area except as provided in this paragraph (c). The term "security deposit", in addition to its customary meaning, includes any prepayment of rent except payment in advance of the next periodic installment of rent for a period no longer than one month but shall not include rent voluntarily prepaid subsequent to possession by a tenant under a written lease for his own convenience.

(2) *Maximum rent established under section 4 (a) or (b) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (a) or (b), no security deposit shall be demanded, received, or retained except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement in effect on the date determining the maximum rent established under said section 4 (a) or (b).

(3) *Maximum rent established under section 4 (c) or (d) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (c) or (d), no security deposit shall be demanded, received, or retained except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement under which the accommodations were first rented or in any order heretofore or hereafter entered. Where such lease or other rental agreement provided for a security deposit, the Expediter at any time, on his own initiative or on application of the tenant, may order a decrease in the amount of such deposit or may order its elimination.

(4) *Maximum rent established under section 4 (e) or (i) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (e) or (i), no security deposit shall be demanded or received.

(5) *Maximum rent established under section 4 (f) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (f), no security deposit shall be demanded, received, or retained.

(6) *Maximum rent established under section 4 (g) or (h) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (g) or (h), no security deposit shall be demanded or received, except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement in effect on September 1, 1944. Where such accommodations were or are first rented after September 1, 1944, no security deposit shall be demanded, received, or retained.

(7) *Deposits to secure the return of certain movable articles.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may petition for an order authorizing the demand and receipt of a deposit to secure the return of movable articles. If the landlord shows that he has a special need therefor, the Expediter may enter an order authorizing a security deposit, not in excess of ten dollars, to secure the return of the movable articles specified in the order.

(8) *Deposits on certain leased furnished accommodations.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may demand, receive, and retain as a security deposit, the rent for the last rental period of the term, not exceeding one month, where a newly constructed housing accommodation is, or was, rented and occupied for the first time after March 25, 1947, fully furnished, under a written lease, or where such newly constructed housing accommodation was rented and occupied for the first time on or prior to March 25, 1947, fully furnished, under a written lease, and was constructed with a priority rating or under specific authorization by the United States or any agency thereof for which the rent was approved by the United States or any agency thereof and the entire project covered by the single priority application of which the housing accommodation was a part was not completed until after March 25, 1947.

(9) *Deposits based on prior rental practices.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may demand, receive, and retain, in the case of any rental agreement entered into on or after April 1, 1948, a security deposit, if said deposit does not exceed the rent for one month in addition to the otherwise authorized collection of rent in advance, if the demand, collection or retention of such a security deposit was an accepted rental practice, prior to January 30, 1942, in the area in which the premises are located, or was customarily required before that date by the same landlord in the renting of the particular housing accommodations involved, and if the tenant is allowed, under the terms of the rental agreement, to occupy the premises for the period covered by the security deposit without further payment of rent. Each area rent director shall determine the rental practice or practices, prior to January 30, 1942, with reference to such security deposits in the particular area or any portion thereof.

§ 825.63 *Minimum space, services, furniture, furnishings, and equipment.* Except as set forth in §§ 825.64 (e) or 825.65 (b) or as otherwise provided in this section, every landlord shall, as a minimum, provide with housing accommodations the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.61 to 825.72, inclusive, on March 31, 1948.

Where the maximum rent is determined under § 825.64 (b) (1), the landlord shall, as a minimum, provide with the housing accommodations the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.61 to 825.72, inclusive, prior to the effective date of the lease.

Where the maximum rent is determined under § 825.64 (b) (2), the landlord shall, as a minimum, provide with the housing accommodations the same living space, services, furniture, furnishings, and equipment as he would be required to provide by §§ 825.61 to 825.72, inclusive, in the absence of a lease on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

§ 825.64 *Maximum rents*—(a) *Maximum rents in effect on June 30, 1947.* The maximum rent for any housing accommodation under §§ 825.61 to 825.72, inclusive (unless and until changed by the Expediter as provided in § 825.65), shall be the maximum rent which was in effect on June 30, 1947, as established under the Emergency Price Control Act of 1942, as amended, and the applicable rent regulation issued thereunder, except as otherwise provided in this section.

(b) *Maximum rent on termination of lease.* (1) For housing accommodations concerning which a lease as described in § 825.61 (b) (2) (v) (*a*) was in effect, but is terminated on or after April 1, 1948 but before March 31, 1949, the maximum rent shall be the rent provided by the lease or the maximum rent which would have been in effect for said accommodations on March 30, 1948, in the absence of such lease, whichever is higher.

(2) For housing accommodations concerning which a lease as described in § 825.61 (b) (2) (v) (*b*) was in effect and is terminated before March 31, 1949, the maximum rent shall be the rent provided by the lease.

(c) *First rent after June 30, 1947 (see also paragraph (e) of this section.* For controlled housing accommodations first rented on or after July 1, 1947, the maximum rent shall be the first rent for such accommodations. Within 30 days after so renting, the landlord shall register the accommodations as provided in § 825.67. The Expediter may order a decrease in the maximum rent as provided in § 825.65 (c) (1) and (6).

If the landlord fails to file a proper registration statement within the time specified, the rent received for any rental period commencing on or after the date of the first renting shall be received, subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under § 825.65 (c) (1) and (6). Such amount shall be refunded to the tenant within 30 days after the date of the issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to file a proper registration statement within the time specified, the order under § 825.65 (c) may relieve the landlord of the duty to refund. The landlord shall have the duty to refund only if the order under § 825.65 (c) is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

(d) *Housing subject to schedule of War or Navy Department.* Where housing accommodations on June 30, 1947 are rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments for which the rent is fixed by the national rent schedule of the War and Navy Departments, and on or after July 1, 1947, the rents on such housing accommodations cease to be governed by the national rent schedule of the War or Navy Departments, the maximum rents shall be those which would have been applicable under the appropriate subsection of section 4 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, or shall be established under paragraph (c) of this section.

(e) *Increase or decrease in space on or after April 1, 1948.* Where housing accommodations are changed on or after April 1, 1948, by a substantial increase or decrease in dwelling space, the maximum rent for the housing accommodations resulting from such change shall be the first rent charged after such change: *Provided, however,* That the Expediter at any time may order a decrease in the maximum rent as provided in § 825.65 (c) (1) and (6): *And provided further,* That the rent received for any rental period commencing on or after the date of the first renting shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under § 825.65 (c) (1) or (6). Such amount shall be refunded within 30 days after the date of the issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). The order entered by the Expediter shall fix the maximum rent retroactively to the date of first renting after such change. The landlord shall, within 30 days after renting said accommodations, file a proper registration statement in the area office in accordance with the provisions of § 825.67 herein. The landlord shall have the duty to refund only if the order under this section is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

§ 825.65 *Adjustments and other determinations.* Section 825.65 sets forth specific standards for the adjustment of maximum rents. In applying these standards and entering orders increasing or decreasing maximum rents, the Expediter shall give full consideration to the correction of inequities in maximum rents and the purposes and provisions of the Housing and Rent Act of 1947, as amended.

In the circumstances enumerated in this section, the Expediter may issue an order changing the maximum rents otherwise allowable or the minimum space, services, furniture, furnishings or equipment required, except in cases where an order increasing or decreasing the maximum rent on the same facts and grounds was entered under the rent regulations issued pursuant to the Emergency Price Control Act of 1942, as amended.

In making adjustments under this section, recommendations of local advisory boards shall be approved within 30 days if appropriately substantiated and in accordance with applicable law and regulations. If any recommendation cannot be acted upon within 30 days the board shall be notified in writing of the reasons therefor.

In those cases involving a major capital improvement, an increase or decrease in the furniture, furnishings or equipment, an increase or decrease of services, an increase or decrease in the number of subtenants or other occupants, or a deterioration, the adjustment in the maximum rent shall be the amount the Expediter finds would have been on the maximum rent date, the difference in the rental value of the housing accommodations by reason of such change: *Provided, however,* That no adjustment shall be ordered where it appears that the rent on the date determining the maximum rent was fixed in contemplation of and so as to reflect such change.

In all other cases except those under paragraphs (a) (7), (12), (13), (14), (15), (c) (6), and (8) of this section, the adjustment shall be on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date: *Provided,* That in cases under paragraphs (a) (6) and (c) (5) of this section, the adjustment may be on the basis of the rental agreement in force on the date determining the maximum rent: *Provided, further,* That in cases under paragraphs (a) (3) (c) (1) and (3) of this section involving an increase or decrease in living space, the adjustment shall be either the amount the Expediter finds would have been on the maximum rent date the difference in the rental value of the housing accommodations by reason of such change or on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date, whichever is higher: *And provided, further,* That in cases under paragraph (1) of this section the adjustment shall be in the amount necessary to correct the error.

In cases involving construction, appropriate allowance shall be made for general increases in costs of construction in the defense-rental area since 1939.

In cases under paragraphs (a) (7), (14), and (c) (6) of this section, the adjustment shall be on the basis of the rents which the Expediter finds were generally prevailing in the defense-rental area for comparable housing accommodations during the year ending on the maximum rent date.

In cases under paragraph (a) (3) of this section appropriate allowance shall be made for general increases in costs of services, furniture, furnishings, or equipment in the defense-rental area since the maximum rent date.

In cases under paragraph (a) (12) of this section, the adjustment in the maximum rent shall be in the amount necessary to relieve the substantial hardship.

In cases under paragraph (c) (8) of this section, the adjustment in the maximum rent shall be in the amount the Expediter finds warranted by the modification or elimination of the necessity for the increase in the maximum rent granted under paragraph (a) (12) of this section: *Provided,* That no decrease shall be ordered in an amount greater than the adjustment ordered under paragraph (a) (12) of this section.

In cases under paragraph (a) (13) of this section the adjustment shall be in the amount of the difference between the rent on the date determining the maximum rent and the rent agreed upon by the landlord and tenant as a result of a continuous process of bargaining on interrelated matters.

In cases under paragraph (a) (15) of this section the adjustment shall be the amount of the rent increase granted by the appropriate agency of the United States.

In cases under paragraph (a) (16) of this section, the adjustment shall be in the amount necessary to relieve the controlled rental units of their share of the operating loss.

In all cases under paragraph (a) of this section the adjustment in the maximum rent shall be effective as of the date of the filing of the landlord's petition.

(a) *Grounds for increase of maximum rent.* Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable only on the grounds that:

(1) *Major capital improvement after effective date.* There has been on or after the effective date of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, a substantial change in the housing accommodations by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) *Change prior to maximum rent date.* There was, on or prior to the maximum rent date, a substantial change in the housing accommodations by a major capital improvement, as distinguished from ordinary repair, replacement, and maintenance or a substantial increase in the services, furniture, furnishings, or equipment, and the rent on the maximum rent date was fixed by a lease or other rental agreement which was in force at the time of such change or increase.

(3) *Substantial increase in living space services, furniture, furnishings or equipment.* There has been a substantial increase in the services, furniture, furnishings or equipment provided with the housing accommodations since the date or order determining its maximum rent or a substantial increase in the living space since June 30, 1947, but before April 1, 1948. No increase in the maximum rent shall be ordered on the ground set forth in this paragraph (a) (3) unless the increase in living space, services, furniture, furnishings or equipment occurred with the consent of the tenant or while the accommodations were vacant: *Provided,* That an adjustment may be ordered, although the tenant refuses to consent to the increase in living space, services, furniture, furnishings or equipment, if the Expediter finds that such increase (i) is reasonably required for the operation of a multiple dwelling structure or other structure of which the accommodations are a part or (ii) is necessary for the preservation or maintenance of the accommodations.

(4) [Revoked.]

(5) [Revoked.]

(6) *Varying rents.* The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a higher rent at other periods during the term of such lease or agreement.

(7) *Seasonal rents.* The rent on the date determining the maximum rent was substantially lower than at other time of year by reason of seasonal demand, or seasonal variations in the rent, for such housing accommodations. In such cases the Expediter's order may if he deems it advisable provide for different maximum rent for different periods of the calendar year.

(8) *Substantial increase in occupancy.* (i) There has been, since the date determining the maximum rent a substantial increase in the number of subtenants or other persons occupying the accommodations or a part thereof under a rental agreement with the tenant.

(ii) There has been, since the date determining the maximum rent a substantial increase in the number of occupants in excess of normal occupancy for that class of accommodations on the maximum rent date.

(iii) There has been, since the date determining the maximum rent an increase in the number of occupants over the number contemplated by the rental agreement on the date determining the maximum rent, where the landlord on that date had a regular and definite practice of fixing different rents for the accommodations for different numbers of occupants.

(9) [Revoked.]

(10) *Priority rating granted on September 1941 application form of Office of Production Management.* The maximum rent for the housing accommodations was originally established under section 4 (f) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, the application for priority rating for the construction of the housing accommodations was filed on the September 1941 form in use by the Office of Production Management prior to the revision of this form on December 15, 1941, the landlord did not make, prior to the maximum rent date, or, if the accommodations were not rented on that date, prior to the first renting of the accommodations after that date, a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and the maximum rent for the accommodations is substantially lower than the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, giving due consideration to general increases in costs of construction, if any, in the defense-rental area since the maximum rent date.

This paragraph (a) (10) shall apply only to housing accommodations which were first rented prior to March 29, 1944.

(11) *Inequitable rents.* The rent on the date determining the maximum rent was substantially lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(12) *Substantial hardship from increase in operating expenses.* The landlord is suffering a substantial hardship because his present net income for the property is less than his average annual net income for a prior base period due to an unavoidable increase in operating expenses. A petition for adjustment under this section must be filed on Form D–58 or D–58A, whichever is appropriate, provided by the Expediter, in accordance with instructions contained therein.

In proper cases increase in pay-roll and property taxes in effect on the date of the filing of the petition may be considered by the Expediter in determining whether substantial hardship exists.

For the purposes of this paragraph (a) (12), the term:

(i) "Property" includes one or more structures operated as a single unit or enterprise.

(ii) "Present net income" means the amount determined by subtracting the operating expenses for the current year from the present annual income.

(iii) "Operating expenses" means all property taxes and other operating costs, including depreciation, but excluding interest, necessary to the operation and maintenance of the property properly chargeable and allocated to the current year, or base period, as the case may be.

(iv) "Current year" means: (*a*) the most recent calendar or fiscal year used by the landlord; or (*b*) any 12 consecutive months ending not more than 90 days prior to the date of the filing of the petition; *Provided, however,* That if an allowance is requested for increase in pay-roll or property taxes not fully reflected in the "current year" as defined above, at least one calendar month must have passed between the end of the current year and the beginning of the month in which the petition is filed.

(v) "Present annual income" means the legal monthly rent for all units in the premises, both residential and commercial, on the date the petition is filed, multiplied by 12, together with any other income earned from the operation of the property during the current year. In any case where an uncontrolled rental unit is vacant, or is occupied in whole or in part rent free on such date, the full rental value shall be considered the legal rent. In any case where a unit was rented on a seasonal or varying rental basis during the year ending on the date the petition was filed, the average monthly rental during such year shall be considered the legal rent.

(vi) "Net income for the base period" means the amount determined by subtracting operating expenses for the base period from total income for the base period.

(vii) "Base period" means any period of two consecutive years prior to the current year but not beginning before Janu-

ary 1, 1939, which the Expediter finds to be representative of the property's normal operations: *Provided, however,* That where a representative period of two consecutive years is not available, the Expediter in his discretion may, for the purpose of this section, accept a representative period of not less than one year: *And provided further,* That where a previous adjustment was granted under this paragraph (a) (12) the base period shall be the current year used in obtaining that adjustment, except that the total income shall be appropriately adjusted in accordance with the previous adjustment.

(viii) "Total income for the base period" means total rental and other income earned from the property and the full rental value of any accommodations in the property occupied in whole or in part rent free.

In making adjustments under this paragraph (a) (12), the Expediter shall take into consideration any adjustments in maximum rents ordered after the date the petition is filed, as well as any leases which are in effect under section 204 (b) of the Housing and Rent Act of 1947, as amended.

No adjustment shall be granted under this paragraph (a) (12) with respect to housing accommodations regularly rented to employees of the landlord (so-called company housing).

In any case where a petition for adjustment under this paragraph (a) (12) was pending on June 30, 1948, the landlord may elect to have the petition processed under this section as it read prior to its amendment on July 10, 1948.

(13) *Rented to an employee of landlord.* The housing accommodations were rented to an employee of the landlord both on the date determining the maximum rent and at the time the order under this paragraph (a) (13) is issued, and after the date determining the maximum rent but prior to the effective date of regulation the landlord and tenant agreed, as the result of a continuous process of bargaining on interrelated matters, upon a wage increase and a rent increase, and the wage increase agreed upon has been put into effect.

(14) *Changes from year-round to seasonal renting.* The accommodations are located in a resort community, are primarily adapted to occupancy on a seasonal basis, are vacant and the establishment of seasonal variations in the rent would not, in the opinion of the area rent director, be inconsistent with the purposes of the act.

(15) *Approval of higher rents for priority constructed housing.* The maximum rent was established under section 4 (f) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, and prior to final completion of all units included in a single priority application, but subsequent to the first renting of said accommodations, the landlord made a written request to the appropriate agency of the United States to approve a higher rent than the rent initially approved because of increased costs of construction, and a higher rent was approved by such agency.

(16) *Landlord operating at a loss.* The landlord is operating at a loss. A landlord shall be considered to be operating at a loss if his operating expenses for the premises for the current year exceed his total annual income for such premises. A petition for adjustment under this section must be filed on form D–99, provided by the Expediter, and in accordance with instructions contained therein.

For the purposes of this paragraph (a) (16), the terms:

(i) "Operating expenses" includes all property taxes and other operating costs, including depreciation (but excluding interest) necessary to the operation and maintenance of the premises properly chargeable and allocated to the "current year."

(ii) "Total annual income" means "present annual scheduled rental income" plus any other income earned from the operation of the premises during the current year.

(iii) "Present annual scheduled rental income" means the legal monthly rent for all units in the premises, both residential and commercial, on the date the petition is filed, multiplied by 12. In any case where an uncontrolled rental unit is vacant, or is occupied in whole or in part rent free on such date, the full rental value shall be considered the legal rent, and in any case where a unit was rented on a seasonal or varying rental basis during the year ending on the date the petition was filed, the average monthly rent during such year shall be considered the legal rent.

(iv) "Current year" means any 12 consecutive months ending not more than 90 days prior to the date of the filing of the petition: *Provided, however,* That such current year must extend at least 6 months beyond the last date of the "current year" used in a previous petition on which an adjustment was granted due to operating loss.

(v) "Depreciation" means any one of the following:

The amount shown on the landlord's income tax return to the United States Bureau of Internal Revenue for the year including the maximum rent date; or,

Two and one-half percent of the value at which the building was assessed for tax purposes on the maximum rent date; or if it was not in existence on the maximum rent date, two and one-half percent of the first assessed value of the building; or,

The amount derived by multiplying the present annual scheduled rental income by the appropriate percentage as follows:

	Percent
For one or two-unit structures	21
For three or four-unit structures	16
For five or more unit structures	11

In making adjustments under this section the Expediter shall take into consideration any adjustments in maximum rents after the date the petition is filed, as well as any leases which are in effect under section 204 (b) of the Housing and Rent Act of 1947, as amended.

No adjustment shall be granted under this section with respect to housing accommodations regularly rented to employees of the landlord (so-called company housing).

(b) *Decreases in minimum services, furniture, furnishings, equipment and space—(1) Requirements for petition and order, or report.* The landlord shall, until the accommodations become vacant, maintain the minimum services, furniture, furnishings, and equipment as required under § 825.63, unless and until he has filed a petition to decrease the services, furniture, furnishings, or equipment and an order permitting a decrease has been entered thereon. When the accommodations become vacant, the landlord may on renting to a new tenant decrease the services, furniture, furnishings, or equipment below the minimum; within 10 days after so renting the landlord shall file a written report with the area rent director showing such decrease.

(2) *Adjustment in maximum rent for decreases on and after April 1, 1948.* The order on any petition under this paragraph (b) may require an appropriate adjustment in the maximum rent; and any maximum rent for which a report is required by this paragraph (b) may be decreased in accordance with the provisions of paragraph (c) (3) of this section.

If the landlord fails to file the report required by this paragraph (b) within the time specified, or decreases the services, furniture, furnishings, or equipment without an order authorizing such decrease where such order is required, the rent received by the landlord for any rental period commencing on or after such decrease or April 1, 1948, whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order decreasing the maximum rent on account of such decrease in services, furniture, furnishings, or equipment. Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to comply with this paragraph (b), the order may relieve the landlord of the duty to refund.

(3) *Adjustments in maximum rent for decreases prior to April 1, 1948.* Where a landlord decreased living space, services, furniture, furnishings, or equipment before April 1, 1948, while the accommodations were occupied, or decreased the living space, services, furniture, furnishings, or equipment during such period while the accommodations were vacant, and failed or fails to file a petition or a written report as was required by the provisions of this paragraph (b) prior to April 1, 1948, the rent received by the landlord for any rental period commencing on or after such decrease or July 1, 1947, whichever is later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order decreasing the maximum rent on account of such decrease in living space, services, furniture, furnishings, or equipment. Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order, unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to comply with the provisions of this paragraph (b) in effect prior to April 1, 1948, the order may relieve the landlord of the duty to refund.

(c) *Grounds for decrease of maximum rent.* The Expediter at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable only on the grounds that:

(1) *Rent higher than rents generally prevailing.* The maximum rent for housing accommodations established under paragraph (c), (d), (e), (g), or (j) of Section 4 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, or under § 825.64 (c) or (e) is higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

Where the maximum rent for said housing accommodations was originally established under paragraph (c), (d), (e), or (j) of section 4 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, and the landlord failed, due to his fault, to file a timely proper registration statement, the rent received for any rental period commencing on or after July 1, 1947 shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under this section. Such amount shall be refunded to the tenant within 30 days after the date of the issuance of the order, unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). The landlord shall have the duty to refund only if the order under this section is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

(2) *Substantial deterioration.* There has been a substantial deterioration of the housing accommodations other than ordinary wear and tear since the date or order determining its maximum rent.

(3) *Decrease in space, services, furniture, furnishings or equipment.* There has been a decrease in the minimum services, furniture, furnishings or equipment required by § 825.63 since the date or order determining the maximum rent, or a substantial decrease in the living space since June 30, 1947, but before April 1, 1948.

(4) *Special relationship between landlord and tenant or peculiar circumstances.* The rent on the date determining the maximum rent was materially affected by the blood, personal, or other special relationship between the landlord and tenant, or by peculiar circumstances and as a result was substantially higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(5) *Varying rents.* The rent on the date determining the maximum rent was established by a lease or other rental agreement which provided for a lower rent at other periods during the term of such lease or agreement.

(6) *Seasonal rent.* The rent on the date determining the maximum rent was substantially higher than at other times of year by reason of seasonal demand or seasonal variations in the rent, for such housing accommodations. In such cases the Expediter's order may if he deems advisable provide for different maximum rents for different periods of the calendar year.

(7) *Substantial decrease in occupancy.* There has been a substantial decrease in the number of subtenants or other occupants since an order under paragraph (a) (8) of this section, or section 5 (a) (8) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended.

(8) *Modification or elimination of necessity for increase under paragraph (a) (12) of this section or section 5 (a) (12) of the Rent Regulation for Housing.* There has been a modification or elimination of the necessity for the increase in the maximum rent granted under paragraph (a) (12) of this section or section 5 (a) (12) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, since the order issued under either of said paragraphs.

(d) *Orders where facts are in dispute, in doubt, or not known.* If the maximum rent, or any other fact necessary to the determination of the maximum rent, or the living space, services, furniture, furnishings or equipment required to be provided with the accommodations is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Expediter at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact, or determining the living space, services, furniture, furnishings, and equipment required to be provided with the accommodations which order shall be effective to establish the maximum rent from July 1, 1947 or the date of first renting after July 1, 1947, whichever is applicable. If the Expediter is unable to ascertain such fact or facts, he shall enter the order on the basis of the rent which he finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date and, where appropriate, may determine the living space, services, furniture, furnishings and equipment included in such rent.

(e) *Sale of underlying lease or other rental agreement.* Where housing accommodations or a predominant part thereof are occupied by one or more subtenants or other persons occupying under a rental agreement with the tenant the tenant may petition the Expediter for leave to exercise any right he would have except for §§ 825.61 to 825.72, inclusive, to sell his underlying lease or other rental agreement. The Expediter may grant such petition if he finds that the sale will not result, and that sales of such character would not be likely to result in the circumvention or evasion of the Act or §§ 825.61 to 825.72, inclusive. He may require that the sale be made on such terms as he deems necessary to prevent such circumvention or evasion.

(f) *Interim orders.* Where a petition is filed by a landlord on one of the grounds set out in paragraph (a) of this section or a proceeding is initiated by the Expediter under paragraph (d), the Expediter may enter an interim order increasing or fixing the maximum rent until further order subject to refund by the landlord to the tenant of any amount received in excess of the maximum rent established by final order in such proceeding. The receipt by the landlord of any rent authorized by such interim order shall constitute an agreement by the landlord with the tenant to refund to the tenant any amount received in excess of the maximum rent established by final order. The landlord shall make such refund either by repayment in cash or where the tenant remains in occupancy after the effective date of the final order, by deduction from the next installment of rent, or both.

(g) *Adjustments in case of options to buy.* No adjustment in the maximum rent shall be ordered on the ground that the landlord has, as a part of or in connection with a lease of housing accommodations, granted the tenant an option to buy the accommodations which are the subject of the lease. Where a lease of housing accommodations was in force on the date determining the maximum rent, and the landlord had on that date, as a part of or in connection with such lease, granted the tenant an option to buy the accommodations which are the subject of the lease, the Expediter may, on or after the termination of such lease, on his own initiative or on application of the tenant, enter an order fixing the maximum rent on the basis of the rents which the Expediter finds were generally prevailing in the defense-rental area for comparable housing accommodations not subject to an option to buy on the maximum rent date.

(h) *Public housing.* Where the maximum rent for any housing accommodations constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State, or any of its political subdivisions, and owned by any of the foregoing, is below the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, the owner of such accommodations may with the consent of the Expediter increase the maximum rents to such generally prevailing rent by re-registering such accommodations at such generally prevailing rent.

For the purpose of this section, any corporation formed under the laws of a State shall not be considered an agency of the United States.

In all cases under paragraph (a) of this section the adjustment in the maximum rent shall be effective as of the date of the filing of the landlord's petition.

For the purpose of this section, any corporation formed under the laws of a State shall not be considered an agency of the United States.

(i) *Adjustment to correct determinations of maximum rent.* The Expediter at any time on petition of the landlord or on his own initiative may enter an order adjusting the maximum rent where the maximum rent in effect on June 30, 1947 was established by an order issued under the rent regulations issued pursuant to the Emergency Price Control Act of 1942, as amended, and such order was based upon an erroneous determination of fact or law.

§ 825.66 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of housing accommodations and any tenant shall permit such inspection of the accommodations by the Expediter as he may, from time to time, require.

§ 825.67 *Registration*—(a) *Registration statement.* Every landlord of controlled housing accommodations rented or offered for rent shall file in triplicate a written statement on the form provided therefor, to be known as a registration statement, unless a registration statement was heretofore filed in accordance with the provisions of section 7 of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended. For housing accommodations rented prior to June 1, 1947, such registration statement shall be filed on or before July 10, 1947. For housing accommodations first rented on or after June 1, 1947, such registration statement shall be filed on or before July 30, 1947, or within 30 days after first renting, whichever is later. The statement shall identify each dwelling unit and specify the maximum rent provided by §§ 825.61 to 825.72, inclusive, for such dwelling unit and shall contain such other information as the Expediter shall require. The original shall remain on file with the Expediter and he shall cause one copy to be delivered to the tenant and one copy, stamped to indicate that it is a correct copy of the original, to be returned to the landlord. In any subsequent change of tenancy the landlord shall exhibit to the new tenant his stamped copy of the registration statement and shall obtain the tenant's signature and the date thereof, on the back of such statement.

When the maximum rent is changed by order of the Expediter, the landlord shall deliver his stamped copy of the registration statement to the area rent office for appropriate action reflecting such change.

Where, since the filing of the registration statement for any controlled housing accommodations, there has been a change in the identity of the landlord, by transfer of title or otherwise, the new landlord shall file a notice of such change on a form provided for that purpose, to be known as a notice of change in identity within 15 days after the change or July 1, 1947, whichever is later. If the new landlord indicates on the notice of change of identity that he has not obtained the landlord's copy of the original registration statement, the Expediter shall cause to be prepared and delivered to him a true copy of the original, which may be used to satisfy all requirements of this paragraph (a).

Any notice, order or other process or paper directed to the person named on the registration statement as the landlord at the address given thereon, or, where a notice of change in identity has been filed, to the person named as landlord and at the address given in the most recent such notice, shall, under the circumstances, prescribed in Revised Rent Procedural Regulation 1 (Part 840 of this chapter) constitute notice to the person who is then the landlord.

The provisions of this section shall be applicable to any housing accommodations whose maximum rent was determined under section 4 (g) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, on its sale by the owning agency, and within thirty days after the sale of such accommodations the new landlord shall file a registration statement as provided in paragraph (a) of this section: *Provided, however,* That if the housing accommodations are sold to the United States or a state of the United States or any of its political subdivisions, or any agency of the foregoing, paragraph (c) of this section shall continue to be applicable.

(b) *Receipt for amount paid.* No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

(c) *Exceptions from registration requirements*—(1) *Housing owned and constructed by governmental agencies.* The provisions of this section shall not apply to housing accommodations whose maximum rent was originally determined under section 4 (g) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended. The owner of such housing accommodations shall file a schedule or schedules, setting out the maximum rents for all such accommodations in the defense-rental area and containing such other information as the Expediter shall require. A copy of such schedule or schedules shall be posted by the owner in a place where it will be available for inspection by the tenants of such housing accommodations.

(2) *Housing subject to rent schedule of Army or Navy Department.* The provisions of this section shall not apply to housing accommodations rented to either Army or Navy personnel, including any civilian employees of the Army and Navy Departments, for which the rent is fixed by the national rent schedule of the Army or Navy Department.

§ 825.68 *Evasion*—(a) *General.* The maximum rents and other requirements provided in §§ 825.61 to 825.72, inclusive, shall not be evaded, either directly or indirectly, in connection with the renting or leasing or the transfer of a lease of housing accommodations, by way of absolute or conditional sale, sale with purchased money or other form of mortgage, or sale with option to repurchase or by modification of the practices relating to payment of commissions or other charges or by modification of the services furnished with housing accommodations, or by tying agreement, or otherwise.

(b) *Purchase of property as condition of renting.* Specifically, but without limitation on the foregoing, no person shall require a tenant or prospective tenant to purchase or agree to purchase furniture or any other property as a condition of renting housing accommodations unless the prior written consent of the Expediter is obtained.

§ 825.69 *Enforcement.* Persons violating any provision of §§ 825.61 to 825.72, inclusive, are subject to civil enforcement actions and suits for treble damages as provided by the act.

§ 825.70 *Procedure.* All registration statements, reports and notices provided for by §§ 825.61 to 825.72, inclusive, shall be filed with the area rent office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Revised Rent Procedural Regulation 1 (Part 840 of this chapter).

§ 825.72 *Adoption of orders.* All orders issued pursuant to section 2 (c), (d) (3) and (7) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, which were in effect on June 30, 1947, shall be deemed to continue in effect under §§ 825.61 to 825.72, inclusive, unless and until revoked or modified by the Expediter.

Effective date. This Controlled Housing Rent Regulation for the Atlantic County Defense-Rental Area shall become effective July 1, 1947. [Originally issued June 30, 1947.]

SUBPART B—CONTROLLED ROOMS IN ROOMING HOUSES AND OTHER ESTABLISHMENTS

GENERAL REGULATIONS

§ 825.81 *Definitions and scope of §§ 825.81 to 825.92, inclusive.* "Act" means the Housing and Rent Act of 1947, as amended.

"Expediter" means the Housing Expediter, or the Rent Director or such other person or persons as the Housing Expediter may appoint or designate to carry out any of the duties delegated to him by the Act.

"Rent Director" means the person designated by the Expediter as director of the defense-rental area or such person or persons as may be designated to carry out any of the duties delegated to the Rent Director by the Expediter.

"Local Advisory Board" means a board created in a defense-rental area or a part thereof, the members of which are appointed by the Housing Expediter upon recommendations made by the Governor or as otherwise required by section 204 (e) of the Housing and Rent Act of 1947, as amended.

"Area rent office" means the Office of the Rent Director in the defense-rental area.

"Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

"Housing accommodations" means any building structure, or part thereof, or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, together with all privileges, services, furniture, equipment, facilities and improvements connected with the use or occupancy of such property.

"Room" means a room or group of rooms, not constituting an apartment, rented or offered for rent as a housing accommodations unit in a rooming house, hotel, or other establishment. The term includes ground rented as trailer space.

"Services" includes repairs, decorating, and maintenance, the furnishing of light, heat, hot and cold water, telephone, elevator service, window shades, and storage, kitchen, bath, and laundry facilities and privileges, maid service, linen service, janitor service, the removal of refuse and any other privilege or facility connected with the use or occupancy of a room.

"Landlord" includes an owner, lessor, sublessor, assignee or other person receiving or entitled to receive rent for the use or occupancy of any room, or any agent of any of the foregoing.

"Tenant" includes a subtenant, lessee, sublessee, or other person entitled to the possession or to the use or occupancy of any room.

"Rent" means the consideration, including any bonus, benefit, or gratuity demanded or received for or in connection with the use or occupancy of a room or for the transfer of a lease of such room.

"Term of occupancy" means occupancy on a daily, weekly, or monthly basis.

"Rooming house" means, in addition to its customary usage, a building or portion of a building other than a hotel or motor court in which a furnished room or rooms not constituting an apartment are rented on a short term basis of daily, weekly or monthly occupancy to more than two paying tenants, not members of the landlord's immediate family. The term includes boarding houses, dormitories, trailers not a part of a motor court, residence clubs and all other establishments of a similar nature, including tourist homes.

"Hotel" means any establishment which is commonly known as a hotel in the community in which it is located and which provides customary hotel services

"Motor court" means an establishment renting rooms, cottages or cabins, supplying parking or storage facilities for motor vehicles in connection with such renting and other services and facilities customarily supplied by such establishments, and commonly known as a motor, auto or tourist court in the community.

"Tourist home" means a rooming house which caters primarily to transient guests and is known as a tourist home in the community.

"Apartment" means a room or rooms providing facilities commonly regarded in the community as necessary for a self-contained dwelling unit, and of a class of accommodations customarily rented without variations in rent dependent on terms of occupancy and number of occupants: *Provided, however,* That a self-contained dwelling unit containing a kitchen and bath shall be deemed an apartment.

"Other establishments" means multiple unit establishments, other than hotels or rooming houses, containing more than two rooms (see definition of room) rented or offered for rent on a short time basis of daily, weekly or monthly occupancy.

"Maximum rent date" means the date established as the maximum rent date in any particular defense-rental area under the authority of the Emergency Price Control Act of 1942, as amended, and the regulations issued thereunder and set forth in Schedule A, and there designated "maximum rent date."

"Date determining maximum rent" means the date as of which a maximum rent was determined for any particular room in accordance with the Emergency Price Control Act of 1942, as amended, and the regulations issued thereunder, or under § 825.84 (c) or (d) whichever is applicable.

"The 30-day period determining the maximum rent" means the period provided in the "Hotel Regulation" for determining, under section 4 (a) or (b) of that regulation, the maximum rent for any room.

"Effective date of regulation" means the effective date of the "Hotel Regulation", for each defense-rental area, or portion thereof, as indicated in Schedule A, except where the context indicates clearly to the contrary.

"Hotel Regulation" means the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses, and Motor Courts in effect on June 30, 1947, issued under authority of and pursuant to the Emergency Price Control Act of 1942, as amended.

(a) *Rooms in rooming houses, hotels and other establishments and defense-rental areas to which §§ 825.81 to 825.92, inclusive, apply.* Sections 825.81 to 825.92, inclusive, (except the provisions contained in Schedule B) apply to all rooms in hotels, rooming houses, and other establishments and to all accommodations brought under §§ 825.81 to 825.92, inclusive, by consent of the Area Rent Director pursuant to paragraph (e) of this section and to all accommodations brought under the "Hotel Regulation" by consent of the Area Rent Director pursuant to section 1 (e) of that regulation, within each of the defense-rental areas and each of the portions of a defense-rental area (each of which is referred to hereinafter in §§ 825.81 to 825.92, inclusive, as the "defense-rental area"), which are listed in Schedule A, except as provided in paragraph (b) of this section.

In Schedule A of §§ 825.81 to 825.92, inclusive, the "maximum rent date" and the "effective date of regulation" as established under the rent regulations issued pursuant to the Emergency Price Control Act of 1942, as amended, is given for each defense-rental area listed. More than one effective date is given for different portions of a defense-rental area where the same effective date is not applicable to the entire defense-rental area.

In Schedule B are set forth provisions which modify or supplement §§ 825.81 to 825.92, inclusive, insofar as it is applicable to certain individual defense-rental areas or portions thereof.

(b) *Decontrolled and exempted housing to which §§ 825.81 to 825.92, inclusive, do not apply*—(1) *Exempted housing.* Sections 825.81 to 825.92, inclusive, do not apply to the following:

(i) *Farming tenants.* Rooms situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon.

(ii) *Service employees.* Dwelling space occupied by domestic servants, caretakers, managers, or other employees to whom the space is provided as part or all of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the dwelling space is a part.

(iii) *Charitable or educational institutions.* Rooms in hospitals, or rooms of charitable or educational institutions used in carrying out their charitable or educational purposes.

(iv) *Entire structures.* Entire structures or premises, as distinguished from the rooms within such entire structures or premises.

(v) *Nonprofit clubs.* Rooms in a bona fide club certified by the Expediter as exempt. The Expediter shall so certify if on written request of the landlord he finds that the club (*a*) is a nonprofit organization and is recognized as such by written statement of the Bureau of Internal Revenue, (*b*) rents rooms only to members, bona fide guests of members, and members of bona fide clubs with which the club has reciprocal arrangements for the exchange of privileges, and (c) is otherwise operated as a bona fide club.

(vi) *College fraternity or sorority houses.* Rooms in a bona fide college fraternity or sorority house certified by the Expediter as exempt. The Expediter shall so certify if, on written request of the landlord, he finds that the fraternity or sorority is a bona fide organization operated for the benefit of students and not for profit as a commercial or business enterprise. This exemption shall not apply when the rooms are rented to persons who are not members of the fraternity or sorority.

(vii) *Resort housing*—(*a*) *Summer resort housing.* Rooms located in a resort community and customarily rented or occupied on a seasonal basis prior to October 1, 1945, which were not rented during any portion of the period beginning on November 1, 1943, and ending on February 29, 1944.

This exemption shall be effective only from June 1 to September 30, inclusive, and shall not apply to controlled rooms in the Los Angeles Defense-Rental Area and in the Santa Cruz Defense-Rental Area.

(*b*) *Winter resort housing.* Rooms located in a resort community and customarily rented or occupied on a seasonal basis prior to the effective date of regulation in the area, which were not rented during any portion of the period beginning on June 1, 1946, and ending on September 30, 1946: *Provided, however,* That the Area Rent Director may by order extend the above exemption to controlled rooms otherwise qualified which were rented or offered for rent for

a period of not in excess of two weeks during the above period.

This exemption shall be effective only from October 1 to May 31.

(2) *Decontrolled housing to which §§ 825.81 to 825.92, inclusive, do not apply.* Sections 825.81 to 825.92, inclusive, do not apply to the following:

(i) *Rooms in hotels, motor courts, trailers and trailer spaces, tourist homes, and other establishments.* (a) Rooms in a hotel (see definition of hotel in this section) which on June 30, 1947, were occupied by persons to whom were provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep of furniture and fixtures, and bellboy services (not necessarily all the types of services named need be provided in all cases, as long as enough are provided to constitute customary hotel services usually supplied in establishments commonly known as hotels in the community where they are located); (b) rooms in establishments which were motor courts on June 30, 1947; (c) trailers and ground space rented for trailers; (d) rooms in any tourist home serving transient guests exclusively on June 30, 1947; and (e) rooms in other establishments (see definition of other establishments in this section) which are occupied by persons who are provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep of furniture and fixtures, and bellboy services.

Reporting requirements. Every landlord of rooms referred to in (a), (d), and (e) of this subdivision (i), who has not filed an application for decontrol prior to April 1, 1948, shall on or before June 1, 1948, file in the area rent office a report of decontrol of such accommodations on a form provided by the Expediter.

(ii) *Newly constructed rooms or converted rooms.* (a) Rooms the construction of which was completed on or after February 1, 1947, or which are additional accommodations created by conversion on or after February 1, 1947: *Provided, however,* That maximum rents established under the Veterans' Emergency Housing Act for priority constructed housing accommodations completed on or after February 1, 1947, shall continue in full force and effect if such accommodations are being rented to veterans of World War II or their immediate families who, on June 30, 1947, either (1) occupied such housing accommodations, or (2) had a right to occupy such housing accommodations at any time on or after July 1, 1947, under any agreement whether written or oral; (b) rooms the construction of which was completed on or after February 1, 1945, and prior to February 1, 1947, and which between the date of completion and June 30, 1947, both dates inclusive, at no time were rented (other than to members of the immediate family of the landlord) as housing accommodations.

For the purposes of this subdivision (ii) the time at which construction of a room shall be deemed to be "completed" shall be the date on which the room is first suitable for occupancy and all utility and service connections have been made, except for the installation of such items and the completion of such decoration work as, in accordance with the custom of the community, are left for installation by, or to the choice of, the purchaser or the tenant; and the word "conversion" means (1) a change from nonhousing to a housing use or (2) a structural change in a residential unit or units involving substantial alterations or remodeling and resulting in the creation of additional housing accommodations.

(iii) *Rooms not rented for two-year period.* Rooms which for any successive 24-month period during the period February 1, 1945, to March 30, 1948, both dates inclusive, were not rented (other than to members of the immediate family of the landlord) as individual rooms or as a part of a larger housing accommodation.

(iv) *Non-housekeeping furnished accommodations.* Non-housekeeping, furnished housing accommodations, located within a single dwelling unit not used as a rooming or boarding house, but only if no more than two paying tenants, not members of the landlord's immediate family live in such dwelling unit, and the remaining portion of such dwelling unit is occupied by the landlord or his immediate family. (See definition of rooming house in this section.)

(v) *Leased accommodations.* (a) Except as hereinafter provided in this subdivision (v), controlled rooms concerning which a landlord and tenant on or before December 31, 1947, voluntarily entered into a valid written lease in good faith and such lease took effect on or after July 2, 1947, but before January 1, 1948, and such lease by its terms expires on or after December 31, 1948, and provided for a rent not in excess of 15 percent above the maximum rent in effect prior to the effective date of such lease and a true and duly executed copy of such lease was filed with the Housing Expediter within 15 days after the date of execution thereof.

(b) Except as hereinafter provided in this subdivision (v), controlled rooms concerning which a landlord and tenant (including landlords and tenants who have executed leases in accordance with (a) of this subdivision (v) and including any new tenant) on or before December 31, 1948, voluntarily enter into a valid written lease in good faith for a rent not in excess of 15 percent over the maximum rent which in the absence of a lease would be in effect with respect thereto on March 30, 1948, plus or minus the amount of any adjustment under § 825.85, and such lease takes effect on or after April 1, 1948, and expires on or after December 31, 1949, and a true and duly executed copy of such lease is filed with the Expediter within 15 days after the date of execution of such lease.

Exceptions to (a) and (b) of this subdivision (v). All controlled rooms referred to in (a) of this subdivision (v) shall be subject to §§ 825.81 to 825.92, inclusive, unless the lease provided for the same living space, services, furniture, furnishings and equipment with the controlled rooms as were required to be provided by §§ 825.81 to 825.92, inclusive, prior to the effective date of the lease.

All controlled rooms referred to in (b) of this subdivision (v) shall be subject to §§ 825.81 to 825.92, inclusive, unless the lease provides for the same living space, services, furniture, furnishings, and equipment with the controlled rooms which in the absence of a lease would be required to be provided by §§ 825.81 to 825.92, inclusive, on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

All controlled rooms referred to in (a) and (b) of this subdivision (v) shall be subject to §§ 825.81 to 825.92, inclusive, if the lease is terminated or expires on or after April 1, 1948, and before March 31, 1949, unless a subsequent lease entered into under the provisions of (b) of this subdivision (v) is in force.

Reporting requirements. A landlord shall file Form D–92—Registration of Lease—in triplicate with the true and duly executed copy of the lease required to be filed in (b) of this subdivision (v).

A landlord shall file a report in the Area Rent Office on a form provided by the Expediter, of any termination of a lease referred to in (a) or (b) of this subdivision (v) prior to the expiration date of the lease. Such report shall be filed within 15 days after such termination or 15 days after April 1, 1948, whichever is later.

(c) *Effect of §§ 825.81 to 825.92, inclusive, on leases and other rental agreements.* The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with §§ 825.81 to 825.92, inclusive.

(d) *Waiver of benefit void.* An agreement by the tenant to waive the benefit of any provision of §§ 825.81 to 825.92, inclusive, is void. A tenant shall not be entitled by reason of §§ 825.81 to 825.92, inclusive, to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of §§ 825.81 to 825.92, inclusive.

(e) *Election by landlords to bring housing under §§ 825.81 to 825.92, inclusive.* Where a building or establishment contains one or more furnished rooms or other furnished housing accommodations whose maximum rents are determined under the Controlled Housing Rent Regulation, the landlord may with the consent of the Expediter, elect to bring all housing accommodations within such building or establishment under the control of §§ 825.81 to 825.92, inclusive. A landlord who so elects shall file the registration statements required by § 825.87 for all such housing accommodations, accompanied by a written request to the Expediter to consent to such election.

If the Expediter finds that the provisions of §§ 825.81 to 825.92, inclusive, establishing maximum rents are better adapted to the rental practices of such building or establishment than the provisions of the Controlled Housing Rent Regulation, he shall consent to the landlord's election by order. Accommodations so brought under §§ 825.81 to 825.92, inclusive, shall be considered "rooms" for the purposes of the regulation.

The landlord may at any time, with the consent of the Expediter, revoke his election made under paragraph 1 (e) or under section 1 (e) of the "Hotel Regulation," and thereby bring under the control of the Controlled Housing Rent Regulation all housing accommodations previously brought under §§ 825.81 to 825.92, inclusive, by such election. He shall make such revocation by filing a registration statement or statements under the Controlled Housing Rent Regulation, including in such registration statement or statements all housing accommodations brought under §§ 825.81 to 825.92, inclusive, by such election. Such registration statement or statements shall be accompanied by a written request to the Expediter to consent to such revocation. The Expediter may defer action on such request if he has taken or is about to take action to decrease the maximum rents of any housing accommodations within such building or establishment. If the Expediter finds that the revocation so requested will not result in substantial increases in the maximum rents of housing accommodations affected by such revocation, he shall give such consent. Upon such consent, all housing accommodations affected by such revocation shall become subject to the provisions of the Controlled Housing Rent Regulation.

§ 825.82 *Prohibition*—(a) *Prohibition against higher than maximum rents.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall offer, demand, or receive any rent for or in connection with the use or occupancy on and after July 1, 1947, of any room subject to §§ 825.81 to 825.92, inclusive, within the defense-rental area, higher than the maximum rents provided by §§ 825.81 to 825.92, inclusive; and no person shall solicit, attempt, or agree to do any of the foregoing. A reduction in the services, furniture, furnishings or equipment required under § 825.83 shall constitute an acceptance of rent higher than the maximum rent. Lower rents than those provided by §§ 825.81 to 825.92, inclusive, may be demanded or received.

(b) *Terms of occupancy*—(1) *Tenant not required to change term of occupancy.* No tenant shall be required to change his term of occupancy.

(2) *Term of occupancy during June 1942.* Where, during June 1942, a room was rented or offered for rent for a weekly or monthly term of occupancy, the landlord shall continue to offer the room for that term of occupancy except that he is not required to rent for that term more than the greatest number of rooms which were rented for the term at any one time during June 1942. However, if during the year ending on June 30, 1942, a landlord had regular and definite seasonal practices with reference to the renting of rooms on a weekly or monthly basis, he may request the Expediter to approve such practices. When approval is given the landlord shall offer rooms for rent for weekly and monthly terms of occupancy pursuant to the practices so approved. The Expediter may withdraw approval at any time if he finds that the landlord has failed to conform to such practices, or if he finds that the effects of the approval are inconsistent with the Act or §§ 825.81 to 825.92, inclusive, or are likely to result in the circumvention or evasion thereof.

(3) *Request by tenant to change term of occupancy.* Any tenant on a daily or weekly term of occupancy shall on request be permitted by the landlord to change to a weekly or monthly term unless the landlord is then renting for such term a number of rooms equal to the number which he is required to rent for that term under subparagraph (2) of this paragraph, if the room occupied by such tenant was not rented or offered for rent for such term during June 1942, the landlord may transfer the tenant to a room, as similar as possible, which was so rented or offered for rent.

(4) *Defense-Rental Areas with maximum rent date later than March 1, 1942*—(i) *Maximum rent date later than March 1, 1942, but prior to July 1, 1943.* In defense-rental areas with a maximum rent date later than March 1, 1942, but prior to July 1, 1943, in § 825.82 (b) (2), the words "June 1943" shall be substituted for the words "June 1942", and the words "June 30, 1943" shall be substituted for the words "June 30, 1942"; in § 825.82 (b) (3) the words "June 1943" shall be substituted for the words "June 1942."

(ii) *Maximum rent date of July 1, 1943, or later.* In defense-rental areas with a maximum rent date of July 1, 1943, or later, in § 825.82 (b) (2) the words "the thirty days ending on the maximum rent date" shall be substituted for the words "June 1942" and the words "the maximum rent date" shall be substituted for the words "June 30, 1942"; in § 825.82 (b) (3) the words "the thirty days ending on the maximum rent date" shall be substituted for the words "June 1942."

(5) *Orders where facts are in dispute, in doubt, or not known.* If the landlord's duty under subparagraph (2) of this paragraph with reference to a room is in dispute, or in doubt, or not known, the Expediter, at any time on his own initiative may issue an order determining the necessary facts and establishing such duty; or, if the Expediter is unable to ascertain the necessary facts, he may issue an order pursuant to subparagraph (6) of this paragraph.

(6) *Orders determining terms of occupancy on basis of rental practices in comparable accommodations in the area.* Where subparagraph (2) of this paragraph does not require the offering of a room on a weekly or monthly basis, or where the Expediter is unable to ascertain the facts necessary to establish the landlord's duty under that paragraph, he may at any time on his own initiative issue an order requiring the room to be offered for rent for a weekly or monthly term of occupancy, or both. The Expediter may issue such orders if he finds that, during a reasonable period prior to the time the proceeding hereunder is commenced, the room has been rented under circumstances which make appropriate the application of weekly or monthly rents. In determining whether the landlord shall be required to offer the room on a weekly basis, or on a monthly basis, or both, the Expediter will consider the practices which prevailed in the defense-rental area for similar accommodations during a reasonable period prior to the effective date of regulation.

Upon issuance of such an order, the room shall be offered for rent on a weekly or monthly basis, or both, as the order may require, for each number of occupants for which it is offered by the landlord for any other term of occupancy. A tenant of the room on a daily or weekly basis shall on request be permitted by the landlord to change to any term of occupancy which the landlord is required to offer pursuant to the order.

(c) *Security deposits*—(1) *General prohibition.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand or receive or retain a security deposit for or in connection with the use or occupancy of any room subject to §§ 825.81 to 825.92, inclusive, within the defense-rental area, except as provided in this paragraph (c). The term "security deposit", in addition to its customary meaning, includes any prepayment of rent except payment in advance of the next periodic installment of rent for a period no longer than one month but shall not include rent voluntarily prepaid subsequent to possession by a tenant under a written lease for his own convenience.

(2) *Maximum rent established under section 4 (a) of the "Hotel Regulation."* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (a), no security deposit shall be demanded, received, or retained except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement in effect on the date determining the maximum rent.

(3) *Maximum rent established under section 4 (b) or (c) of the "Hotel Regulation"*—(i) *Renting prior to "effective date of regulation."* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (b) or (c) by a renting prior to the effective date of regulation, no security deposit shall be demanded, received or retained except in the amount (or any lesser amount) and on the same terms and conditions for or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement under which the accommodations were first rented or in any order heretofore or hereafter issued with reference to such security deposit. Where such lease or other rental agreement provided for a security deposit, the Expediter at any time, on his own initiative or on application of the tenant, may order a decrease in the amount of such deposit or may order its elimination.

(ii) *Renting on or after "effective date of regulation."* Where the maximum rent of the housing accommodations is or initially was established under section 4 (b) or (c) of the "Hotel Regulation"

by a renting on or after the effective date of regulation, no security deposit shall be demanded or received.

(4) *Maximum rent established under section 4 (d) or (f) of the "Hotel Regulation."* Where the maximum rent of the housing accommodations is or initially was established under section 4 (d) or (f), no security deposit shall be demanded or received, except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) as provided in the lease or other rental agreement in effect on September 1, 1944. Where such accommodations are first rented after September 1, 1944, no security deposit shall be demanded, received, or retained.

(5) *Deposits to secure the return of certain movable articles.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may petition for an order authorizing the demand and receipt of a deposit to secure the return of movable articles. If the landlord shows that he has a special need therefor, the Expediter may enter an order authorizing a security deposit, not in excess of ten dollars to secure the return of the movable articles specified in the order.

(6) *Deposits based on prior rental practices.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may demand, receive, and retain, in the case of any rental agreement entered into on or after April 1, 1948, a security deposit, if said deposit does not exceed the rent for one month in addition to the otherwise authorized collection of rent in advance, if the demand, collection or retention of such a security deposit was an accepted rental practice, prior to January 30, 1942, in the area in which the premises are located, or was customarily required before that date by the same landlord in the renting of the particular controlled rooms involved, and if the tenant is allowed, under the terms of the rental agreement, to occupy the premises for the period covered by the security deposit without further payment of rent. Each area rent director shall determine the rental practice or practices, prior to January 30, 1942, with reference to such security deposits in the particular area or any portion thereof.

§ 825.83 *Minimum space, services, furniture, furnishings, and equipment.* Except as set forth in § 825.85 (b) or as otherwise provided in this section, every landlord, shall, as a minimum, provide with controlled rooms the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.81 to 825.92, inclusive, on March 31, 1948.

Where the maximum rent is determined under § 825.84 (b) (1), the landlord shall, as a minimum, provide with the controlled rooms the same living space, services, furniture, furnishings, and equipment as he would be required to provide by §§ 825.81 to 825.92, inclusive, in the absence of a lease on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

§ 825.84 *Maximum rents.* This section establishes separate maximum rents for different terms of occupancy (daily, weekly or monthly) and numbers of occupants of a particular room. Maximum rents for rooms in a rooming house and for controlled rooms in hotels and other establishments (unless and until changed by the Expediter as provided in § 825.85) shall be:

(a) *Maximum rents in effect on June 30, 1947.* The maximum rents for any room under §§ 825.81 to 825.92, inclusive, (unless and until changed by the Expediter as provided in § 825.85) shall be the maximum rents which were in effect on June 30, 1947, as established under the Emergency Price Control Act of 1942, as amended, and the applicable rent regulation issued thereunder, except as otherwise provided in this section.

(b) *Maximum rent on termination of lease.* (1) For controlled rooms concerning which a lease as described in § 825.81 (b) (2) (v) (*a*) was in effect, but is terminated on or after April 1, 1948, but before March 31, 1949, the maximum rent shall be the rent provided by the lease or the maximum rent which would have been in effect for said accommodations on March 30, 1948, in the absence of such lease, whichever is higher.

(2) For controlled rooms concerning which a lease as described in § 825.81 (b) (2) (v) (*b*) was in effect and is terminated before March 31, 1949, the maximum rent shall be the rent provided by the lease.

(c) *Maximum rents established on or after July 1, 1947.* For a room subject to §§ 825.81 to 825.82, inclusive, first rented or offered for rent on or after July 1, 1947, the rent for each term or number of occupants for which it is first offered for rent; if such room is thereafter offered for rent for other terms or numbers of occupants for rents for which it is first offered for such other term and numbers of occupants. The landlord shall file a registration statement within ten days after any maximum rent is established under this section as provided in § 825.87. The Expediter may order a decrease in the maximum rent as provided in § 825.85 (c).

(d) *First rents for terms and number of occupants not covered by paragraph (a) of this section.* For a room having a maximum rent in effect on June 30, 1947, rented for a particular term or number of occupants for which no maximum rent is established under paragraph (a) of this section, the first rent for the room on or after July 1, 1947, for that term and number of occupants, but not more than the maximum rent for similar rooms for the same term and number of occupants in the same establishment. The Expediter may order a decrease in the maximum rent as provided in § 825.85 (c).

(e) *Meals with room.* For a room with which meals were provided during the thirty-day period determining the maximum rent without separate charge therefor, the rent apportioned by the landlord from the total charge for the room and meals. The landlord's apportionment shall be fair and reasonable and shall be reported in the registration statement for such room. The Expediter at any time on his own initiative or on application of the tenant may by order decrease the maximum rent established by such apportionment, if he finds that the apportionment was unfair or unreasonable.

Every landlord who provides meals with accommodations shall make separate charges for the two.

In defense-rental areas with a maximum rent date of March 1, 1942, or earlier, no landlord shall require the taking of meals as a condition of renting any room unless the room was rented or offered for rent on that basis on June 15, 1942. In defense-rental areas with a maximum rent date later than March 1, 1942, no landlord shall require the taking of meals as a condition of renting any room unless the room was rented or offered for rent on that basis on the maximum rent date.

(f) *Rooms subject to rent schedule of War and Navy Departments.* Where rooms on June 30, 1947, are rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments for which the rent is fixed by the national rent schedule of the War and Navy Departments, and on or after July 1, 1947, the rents on such rooms cease to be governed by the national rent schedule of the War or Navy Departments, the maximum rents shall be those which would have been applicable under the appropriate subsection of section 4 of the "Hotel Regulation", or shall be established under § 825.84 (c).

(g) *Rent fixed by order of Expediter.* For a room for a particular term or number of occupants for which no maximum rent has been established under any other provision of §§ 825.81 to 825.92, inclusive, the rent fixed by order of the Expediter as provided in this paragraph (g).

The Expediter at any time on his own initiative or on petition of the landlord may enter an order fixing the maximum rent and specifying the minimum services for a room for a particular term or number of occupants for which no maximum rent has been established prior to issuance of the order under any other provision of §§ 825.81 to 825.92, inclusive. Such maximum rent shall be fixed on the basis of the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(h) *Decontrolled maximum daily rents for controlled rooms.* Controlled rooms in establishments classified as hotels or tourist homes under section 7 of the "Hotel Regulation" permitted under and pursuant to section 4 (k) of said regulation to be rented on June 30, 1947, for daily terms of occupancy free of the limitations imposed by said Regulation, by reason of the landlord of such establishment having complied with the requirements of said section 4 (k) prior to June 30, 1947, including the proper filing of Form DH–DC, may continue to be rented for daily terms of occupancy free of the limitations imposed by §§ 825.81 to 825.92, inclusive.

§ 825.85 *Adjustments and other determinations.* This section sets forth specific standards for the adjustment of maximum rents. In applying these standards and entering orders increasing or decreasing maximum rents, the Expediter shall give full consideration to the correction of inequities in maximum rents and the purposes and provisions of the Housing and Rent Act of 1947, as amended.

In the circumstances enumerated in this section, the Expediter may issue an order changing the maximum rents otherwise allowable or the minimum space, services, furniture, furnishings or equipment required, except in cases where an order increasing or decreasing the maximum rent on the same facts and grounds was entered under the "Hotel Regulation" issued pursuant to the Emergency Price Control Act of 1942, as amended.

In making adjustments under this section, recommendations of local advisory boards shall be approved within 30 days if appropriately substantiated and in accordance with applicable law and regulations. If any recommendation cannot be acted upon within 30 days the board shall be notified in writing of the reasons therefor.

In those cases involving a major capital improvement, an increase or decrease in services, furniture, furnishings, or equipment, or a deterioration, the adjustment in the maximum rent shall be the amount the Expediter finds would have been on the maximum rent date the difference in the rental value of the housing accommodations by reason of such change: *Provided, however,* That no adjustment shall be ordered where it appears that the rent on the date or during the thirty-day period establishing the maximum rent was fixed in contemplation of and so as to reflect such change.

In all other cases except those under paragraphs (a) (7), (9), (10), (c) (4) and (5) of this section, the adjustment shall be on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date: *Provided,* That in cases under paragraph (a) (6) of this section, the adjustment may be on the basis of the rental agreement in force during the thirty-day period determining the maximum rent or the date establishing the maximum rent: *Provided, further,* That in cases under paragraphs (a) (3) and (c) (3) of this section involving an increase or decrease in living space, the adjustment shall be either the amount the Expediter finds would have been on the maximum rent date the difference in the rental value of the controlled rooms by reason of such change or on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable controlled rooms on the maximum rent date, whichever is higher: *And provided, further,* That in cases under section 5 (g) the adjustment shall be in the amount necessary to correct the error.

In cases involving construction, appropriate allowance shall be made for general increases in costs of construction in the defense-rental area since 1939.

In cases under paragraphs (a) (7), (10), and (c) (4) of this section, the adjustment shall be on the basis of the rents which the Expediter finds were generally prevailing in the defense-rental area for comparable accommodations during the year ending on the maximum rent date.

In cases under paragraph (a) (3) of this section appropriate allowance shall be made for general increases in the costs of services, furniture, furnishings, or equipment in the defense-rental area since the maximum rent date.

In cases under paragraph (a) (9) of this section, the adjustment in the maximum rent shall be in the amount necessary to relieve the substantial hardship, which shall be the lesser of the following two amounts: the decrease in net income (before interest) or the increase in property taxes or operating costs.

In cases under paragraph (c) (5) of this section, the adjustment in the maximum rent shall be in the amount the Expediter finds warranted by the modification or elimination of the necessity for the increase in the maximum rent granted under paragraph (a) (9) of this section: *Provided,* That no decrease shall be ordered in an amount greater than the adjustment ordered under paragraph (a) (9) of this section.

In all cases under paragraph (a) of this section the adjustment in the maximum rent shall be effective as of the date of the filing of the landlord's petition.

(a) *Grounds for increase of maximum rents.* Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable only on the ground that:

(1) *Major capital improvement since maximum rent period.* There has been, since the period determining the maximum rent for the room under the "Hotel Regulation" or the date or order determining the maximum rent for the room, under either the "Hotel Regulation" or §§ 825.81 to 825.92, inclusive, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) *Change prior to maximum rent date.* There was, on or prior to the maximum rent date, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement, and maintenance or a substantial increase in services, furniture, furnishings or equipment, and the rent during the thirty-day period ending on the maximum rent date was fixed by a lease or other rental agreement which was in force at the time of such change or increase.

(3) *Substantial increase in space, services, furniture, furnishings or equipment.* There has been a substantial increase in the services, furniture, furnishings or equipment provided with the room since the period determining the maximum rent for the room under the "Hotel Regulation" or the date or order determining the maximum rent for the room under either the "Hotel Regulation" or §§ 825.81 to 825.92, inclusive, or a substantial increase in the living space since June 30, 1947.

(4) [Revoked.]

(5) [Revoked.]

(6) *Varying rents.* The maximum rent was established by a lease or other rental agreement which provided for a higher rent at other periods during the term of such lease or agreement.

(7) *Seasonal demand.* The maximum rent for the room is substantially lower than the rent at other times of year by reason of seasonal demand for such room. In such cases the Expediter's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(8) *Inequitable rents.* The rent on the date determining the maximum rent was substantially lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(9) *Substantial hardship from increase in property taxes or operating costs.* Substantial hardship has resulted from a decrease in the net income (before interest) of the property for the current year as compared with a prior representative period, due to an unavoidable increase in property taxes or operating costs.

In proper cases increases in pay roll and property taxes in effect on the date of the filing of the petition may be considered by the Expediter in determining whether substantial hardship exists.

For the purposes of this paragraph (a) (9) the term:

(i) "Net income (before interest)" means the amount determined by subtracting unavoidable property taxes and operating costs actually paid or accrued from total income earned.

(ii) "Property taxes and operating costs" includes all expenses necessary to the operation and maintenance of the property actually paid or accrued and properly allocated including depreciation but excluding interest.

(iii) "Property" includes one or more structures operating as a single unit or enterprise.

(iv) "Total income earned" includes rental and other income earned from the property and the rental value of housing accommodations in the property occupied without the full payment of rent.

(v) "Current year" means (*a*) the most recent full calendar or fiscal year used by the landlord, or (*b*) any twelve-month period ending not more than 90 days prior to the filing of the petition: *Provided, however,* That the current year in all cases shall begin on or after the maximum rent date: *And provided further,* That if allowance is requested for increases in payroll or property taxes not fully reflected in the "current year" as defined above, at least one calendar month must have passed between the end of the current year and the beginning

of the month in which the petition is filed.

(vi) "Prior representative period" means any period of two consecutive years prior to the "current year" but not beginning before January 1, 1939, which the Expediter finds to be representative of the property's normal operation: *Provided, however,* That where a representative period of two consecutive years is not available the Expediter in his discretion may for the purposes of this section accept a representative period of not less than one year.

(10) *Change from year-round to seasonal renting.* The accommodations are located in a resort community, are primarily adapted to occupancy on a seasonal basis, and the establishment of seasonal variations in the rent would not, in the opinion of the area rent director, be inconsistent with the purposes of the Act.

(b) *Decrease in space, minimum services, furniture, furnishings or equipment.* (1) *Requirements for petition and order, or report.* The landlord shall, until the accommodations become vacant, maintain the minimum services, furniture, furnishings, equipment and living space as required under § 825.83, unless and until he has filed a petition to decrease the services, furniture, furnishings, equipment or living space and an order permitting a decrease has been entered thereon. When the accommodations become vacant, the landlord may on renting to a new tenant decrease the services, furniture, furnishings, equipment or living space below the minimum; within 10 days after so renting the landlord shall file a written report with the area rent director showing such decrease.

(2) *Adjustment in maximum rent for decreases.* The order on any petition under this paragraph (b) may require an appropriate adjustment in the maximum rent; and any maximum rent for which a report is required by this paragraph (b) may be decreased in accordance with the provisions of § 825.85 (c) (3).

If the landlord fails to file the report required by this paragraph (b) within the time specified, or decreases the services, furniture, furnishings, equipment or living space without an order authorizing such decrease where such order is required, the rent received by the landlord for any rental period commencing on or after such decrease or July 1, 1947, whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order decreasing the maximum rent on account of such decrease in services, furniture, furnishings, equipment or living space. Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to comply with this paragraph (b), the order may relieve the landlord of the duty to refund.

(c) *Grounds for decrease of maximum rent.* The Expediter at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) *Rent higher than rent generally prevailing.* The maximum rent for the room is higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

Where the maximum rent for said room was originally established under paragraph (b) or (c) of section 4 of the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, issued pursuant to the Emergency Price Control Act of 1942, as amended, or where the maximum rent is established under § 825.84 (c) or (d), and the landlord failed, due to his fault, to file a timely proper registration statement, the rent received for any rental period commencing on or after July 1, 1948, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order under this paragraph (c). Such amount shall be refunded to the tenant within 30 days after the date of the issuance of the order, unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). The landlord shall have the duty to refund only if the order under this section is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

(2) *Substantial deterioration.* There has been a substantial deterioration of the room other than ordinary wear and tear since the date or order establishing its maximum rent.

(3) *Decrease in space, services, furniture, furnishings or equipment.* There has been a decrease in the minimum services, furniture, furnishings or equipment required by § 825.83 since the date or order establishing the maximum rent or a substantial decrease in the living space since June 30, 1947.

(4) *Seasonal demand.* The maximum rent for the room is substantially higher than the rent at other times of year by reason of seasonal demand for such room. In such cases the Expediter's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(5) *Modification or elimination of necessity for increase under paragraph (a) (9) of this section or section 5 (a) (9) of the Hotel Regulation.* There has been a modification or elimination of the necessity for the increase in the maximum rent granted under section 5 (a) (9) of the "Hotel Regulation" or under paragraph (a) (9) of this section, since the order, issued under either of said paragraphs.

(d) *Orders where facts are in dispute, in doubt, or not known.* If the maximum rent, or any other fact necessary to the determination of the maximum rent, or the living space, services, furniture, furnishings or equipment required to be provided with the accommodations, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Expediter at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact, or determining the living space, services, furniture, furnishings, and equipment required to be provided with the accommodations which order shall be effective to establish the maximum rent from July 1, 1947, or the date of first renting after July 1, 1947, whichever is applicable. If the Expediter is unable to ascertain such fact, or facts, he shall enter the order on the basis of the rent which he finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date and, where appropriate, may determine the services, furniture, furnishings, and equipment included in such rent.

(e) *Interim orders.* Where a petition is filed by a landlord on one of the grounds set out in paragraph (a) of this section, or a proceeding is initiated by the Expediter under paragraph (d), the Expediter may enter an interim order increasing or fixing the maximum rent until further order, subject to refund by the landlord to the tenant of any amount received in excess of the maximum rent established by final order in such proceeding. The receipt by the landlord of any rent authorized by such interim order shall constitute an agreement by the landlord with the tenant to refund to the tenant any amount received in excess of the maximum rent established by final order. The landlord shall make such refund either by repayment in cash or, where the tenant remains in occupancy after the effective date of the final order, by deduction from the next installment of rent, or both.

(f) *Government housing.* Where the maximum rent for any room constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State, or any of its political subdivisions, and owned by any of the foregoing, is below the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, the owner of such room may with the consent of the Expediter increase the maximum rent to such generally prevailing rent by re-registering such accommodations at such generally prevailing rent.

For the purpose of this section, any corporation formed under the laws of a State shall not be considered an agency of the United States.

(g) *Adjustment to correct determinations of maximum rent.* The Expediter at any time on petition of the landlord or on his own initiative may enter an order adjusting the maximum rent where the maximum rent in effect on June 30, 1947, was established by an order issued under the rent regulations promulgated pursuant to the Emergency Price Control Act of 1942, as amended, and such order was based upon an erroneous determination of fact or law.

§ 825.86 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of a room and any tenant shall permit such inspection of the room by the Expediter as he may from time to time require.

§ 825.87 *Registration and records.* (a) *Registration statements.* (1) *Registration.* Every landlord of a room, subject to §§ 825.81 to 825.92, inclusive, rented or offered for rent shall file a written statement on the form provided therefor, containing such information as the Expediter shall require, to be known as a registration statement, unless a registration statement was heretofore filed in accordance with the provisions of section 7 of the "Hotel Regulation," for rooms rented on or before June 30, 1947, such registration statement shall be filed on or before July 10, 1947. Any maximum rent established after the "effective date of regulation" under paragraph (b) or (c) of section 4 of the "Hotel Regulation" which has not been reported on the first registration statement shall be reported on or before July 10, 1947, either by amending a registration statement previously filed, or by filing a new registration statement. Any maximum rent established on or after July 1, 1947, which has not been reported on the first registration statement shall be reported within ten days after such rent is established either by amending a registration statement previously filed or by filing a new registration statement.

(2) *Notice of change in identity of landlord.* Where, since the filing of a registration statement, there has been a change in the identity of the landlord, by transfer of title or otherwise, the new landlord shall file a notice of such change on a form provided for that purpose, to be known as a notice of change in identity, within fifteen days after the change or July 1, 1947, whichever is later.

(3) *Notice to landlord.* Any notice, order or other process or paper directed to the person named on the registration statement as landlord at the address given thereon, or where a notice of change in identity has been filed, to the person named as landlord and at the address given in the most recent such notice, shall, under the circumstances prescribed in Revised Rent Procedural Regulation 1 (Part 840 of this chapter), constitute notice to the person who is then the landlord.

(4) *Registration where maximum rent formerly determined under section 4 (d) of the "Hotel Regulation."* The provisions of this section shall be applicable to any housing accommodations whose maximum rent was determined under section 4 (d) of the "Hotel Regulation" on its sale by the owning agency, and on or before July 10, 1947, or within ten days after the sale of such accommodations, whichever is the later, the new landlord shall file registration statements as provided in paragraph (a) (1) of this section: *Provided, however,* That if the housing accommodations are sold to the United States or a State of the United States or any of its political subdivisions, or any agency of the foregoing, the provision in the second paragraph of (b) of this section shall continue to be applicable.

(b) *Posting maximum rents.* On or before July 10, 1947, or within ten days after a maximum rent is established under § 825.84 (b), (c), (d), or (g), whichever is the later, every landlord shall post and thereafter keep posted conspicuously in each room rented or offered for rent a card or sign plainly stating the maximum rent or rents for all terms of occupancy and for all numbers of occupants for which the room is rented or offered for rent. Where the taking of meals by the tenant or prospective tenant is a condition of renting such room, the card or sign shall so state. Should the maximum rent or rents for the room be changed by order of the Expediter, the landlord within ten days after the effective date of the order shall alter the card or sign so that it states the changed rent or rents.

The foregoing provisions of this paragraph shall not apply to rooms whose maximum rents were established under section 4 (d) of the "Hotel Regulation." The owner of such rooms shall post a copy of the registration statement in a place where it will be available for inspection by the tenants of such rooms.

(c) *Receipt for amount paid.* No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

(d) *Rooms subject to rent schedule of War or Navy Department.* The provisions of this section shall not apply to rooms rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments for which the rent is fixed by the national rent schedule of the War or Navy Department.

(e) *Records.* (1) *Existing records.* Every landlord of a room subject to §§ 825.81 to 825.92, inclusive, rented or offered for rent shall preserve, and make available for examination by the Expediter, all his existing records showing or relating to (i) the rent for each term and number of occupants for such room rented or regularly offered for rent during the thirty-day period determining the maximum rent for such room, (ii) the rent on any date determining a maximum rent for such room for a particular term and number of occupants under section 4 (c) of the "Hotel Regulation", (iii) rooms rented and offered for rent on a weekly and monthly basis during June 1942, in defense-rental areas with a maximum rent date of March 1, 1942, or earlier, (iv) rooms rented or offered for rent on a weekly or monthly basis during June 1943, in defense-rental areas with a maximum rent date later than March 1, 1942, but prior to July 1, 1943, (v) rooms rented and offered for rent on a weekly and monthly basis during the thirty days ending on the maximum rent date, in defense-rental areas with a maximum rent date of July 1, 1943, or later.

(2) *Record keeping.* Every landlord of an establishment containing more than 20 rooms subject to §§ 825.81 to 825.92, inclusive, rented or offered for rent, shall keep, preserve, and make available for examination by the Expediter, records showing the rents received for each room, the particular term and number of occupants for which such rents were charged, and the name and permanent address of each occupant; every other landlord shall keep, preserve, and make available for examination by the Expediter, records of the same kind as he has customarily kept relating to the rents received for rooms.

§ 825.88 *Evasion.* (a) *General.* The maximum rents and other requirements provided in §§ 825.81 to 825.92, inclusive, shall not be evaded, either directly or indirectly in connection with the renting or leasing or the transfer of a lease of a room, by requiring the tenant to pay or obligate himself for membership or other fees, or by modification of the practices relating to payment of commissions or other charges, or by modification of the services furnished with the room, or by tying agreement, or otherwise.

(b) *Purchase of property as condition of renting.* Specifically, but without limitation on the foregoing, no person shall require a tenant or prospective tenant to purchase or agree to purchase furniture or any other property as a condition of renting rooms unless the prior written consent of the Expediter is obtained.

§ 825.89 *Enforcement.* Persons violating any provisions of §§ 825.81 to 825.92, inclusive, are subject to civil enforcement actions, and suits for treble damages as provided for by the act.

§ 825.90 *Procedure.* All registration statements, reports, and notices provided for by §§ 825.81 to 825.92, inclusive, shall be filed with the area rent office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Revised Rent Procedural Regulation 1 (Part 840 of this chapter).

§ 825.92 *Adoption of orders.* All certificates and orders issued pursuant to sections 1 (b) (5), 1 (b) (6), 2 (b) (2), 2 (c) (3), and (5) of the "Hotel Regulation" which were in effect on June 30, 1947, shall be deemed to continue in effect under §§ 825.81 to 825.92, inclusive, unless and until revoked or modified by the Expediter.

Increases in maximum rents based upon the recommendation of the Local Advisory Board. Effective February 24, 1948, the maximum rents are increased in the amount of 8 percent for all housing accommodations in the La Crosse Defense-Rental Area, Wisconsin, for which the maximum rents were determined under section 4 (a) of the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, issued pursuant to the Emergency Price Control Act of 1942, as amended, or which have been fixed by an order entered under section 5 of said regulation or under § 825.85 in cases in which section 5 or § 825.85 of the applicable regulation provides that the maximum rent should be determined on the basis of the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, except in cases in which the maximum rent has been established under § 825.84 and in those cases in which the maximum rent has been adjusted on or after August 22, 1947, under § 825.85 (a) (9). All provisions of §§ 825.81 to 825.92, inclusive, insofar as they are applicable to the La Crosse Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

28. Provisions relating to the Burnett and Gilroy Judicial Townships of Santa Clara County, California, a portion of the San Jose Defense-Rental Area.

Increases in maximum rents based upon the recommendation of the Local Advisory Board. Effective February 25, 1948, the maximum rents for all housing accommodations in the Burnett and Gilroy Judicial Townships of Santa Clara County, California, a part of the San Jose Defense-Rental Area, shall be increased 4 per cent except in cases in which the maximum rent has been established under § 825.84 (b). All provisions of §§ 825.81 to 825.92, inclusive, insofar as they are applicable to the San Jose Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

29. Provisions relating to Orange County, California, a portion of the Los Angeles Defense-Rental Area.

Increases in maximum rents based upon the recommendation of the Local Advisory Board. Effective March 26, 1948, the maximum rents for all housing accommodations in Orange County, California, a part of the Los Angeles Defense-Rental Area, shall be increased 7 percent except in cases in which the maximum rent has been established under § 825.84 (b). All provisions of §§ 825.81 to 825.92, inclusive, insofar as they are applicable to the Los Angeles Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

30. Provisions relating to Kalamazoo County, Michigan, in the Kalamazoo-Battle Creek Defense-Rental Area.

Increases in maximum rents based upon the recommendation of the Local Advisory Board. Effective March 31, 1948, the maximum rents for all housing accommodations in Kalamazoo County, Michigan, in the Kalamazoo-Battle Creek Defense-Rental Area shall be increased 3 percent except in cases in which the maximum rent has been established under § 825.84 (b). All provisions of §§ 825.81 to 825.92, inclusive, insofar as they are applicable to the Kalamazoo-Battle Creek Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

31. Provisions relating to the Galesburg Defense-Rental Area, State of Illinois.

Increases in maximum rents based upon the recommendation of the Local Advisory Board. Pursuant to the provisions of and subject to the limitations contained in the Housing and Rent Act of 1947, as amended, the maximum rents for all housing accommodations in the Galesburg Defense-Rental Area shall be increased 18 per cent, effective September 1, 1948, except in cases in which the maximum rents have been adjusted under § 825.85 (a) (9) prior to September 1, 1948. All provisions of §§ 825.81 to 825.92, inclusive, insofar as they are applicable to the Galesburg Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

32. Provisions relating to the City of Petersburg, Virginia, a portion of the Petersburg Defense-Rental Area.

Increases in maximum rents based upon the recommendation of the Local Advisory Board. Pursuant to the provisions of and subject to the limitations contained in the Housing and Rent Act of 1947, as amended, the maximum rents are hereby increased, effective September 24, 1948, in the amount of 15 percent for all housing accommodations in the City of Petersburg, Virginia, a part of the Petersburg Defense-Rental Area, for which the maximum rents are determined under section 4 (a) of the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, issued pursuant to the Emergency Price Control Act of 1942, as amended, or which have been fixed by an order entered under section 5 of said regulation or § 825.85 in cases in which section 5 or § 825.85 of the applicable regulation provides that the maximum rent should be determined on the basis of the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date: *Provided, however,* That no increase is hereby authorized of maximum rents which have been adjusted on or after August 22, 1947 under § 825.85 (a) (9). All provisions of §§ 825.81 to 825.92, inclusive, insofar as they are applicable to the Petersburg Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect.

Effective date. This Rent Regulation for Controlled Rooms in Rooming Houses and other Establishments shall become effective July 1, 1947. [Originally issued June 30, 1947.]

CONTROLLED ROOMS IN ROOMING HOUSES AND OTHER ESTABLISHMENTS IN THE NEW YORK CITY DEFENSE-RENTAL AREA

§ 825.101 *Definitions and scope of §§ 825.101 to 825.112, inclusive.* "Act" means the Housing and Rent Act of 1947, as amended.

"Expediter" means the Housing Expediter, or the Rent Director or such other person or persons as the Housing Expediter may appoint or designate to carry out any of the duties delegated to him by the act.

"Rent Director" means the person designated by the Expediter as director of the defense-rental area or such person or persons as may be designated to carry out any of the duties delegated to the Rent Director by the Expediter.

"Local Advisory Board" means a board created in a defense-rental area or a part thereof, the members of which are appointed by the Housing Expediter upon recommendations made by the Governor or as otherwise required by section 204 (e) of the Housing and Rent Act of 1947.

"Area Rent Office" means the Office of the Rent Director in the defense-rental area.

"Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

"Housing accommodations" means any building structure, or part thereof, or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, together with all privileges, services, furniture, equipment, facilities and improvements connected with the use or occupancy of such property.

"Room" means a room or group of rooms, not constituting an apartment, rented or offered for rent as a housing accommodations unit in a rooming house, hotel, or other establishment. The term includes ground rented as trailer space.

"Services" includes repairs, decorating, and maintenance, the furnishing of light, heat, hot and cold water, telephone, elevator service, window shades, and storage, kitchen, bath, and laundry facilities and privileges, maid service, linen service, janitor service, the removal of refuse and any other privilege or facility connected with the use or occupancy of a room.

"Landlord" includes an owner, lessor, sublessor, assignee or other person receiving or entitled to receive rent for the use or occupancy of any room, or any agent of any of the foregoing.

"Tenant" includes a subtenant, lessee, sublessee, or other person entitled to the possession or to the use or occupancy of any room.

"Rent" means the consideration, including any bonus, benefit, or gratuity demanded or received for or in connection with the use or occupancy of a room or for the transfer of a lease of such room.

"Term of occupancy" means occupancy on a daily, weekly, or monthly basis.

"Rooming house" means, in addition to its customary usage, a building or portion of a building other than a hotel or motor court in which a furnished room or rooms not constituting an apartment are rented on a short term basis of daily, weekly or monthly occupancy to more than two paying tenants, not members of the landlord's immediate family. The term includes boarding houses, dormitories, trailers not a part of a motor court, residence clubs and all other establishments of a similar nature, including tourist homes.

"Hotel" means any establishment which is commonly known as a hotel in the community in which it is located and which provides customary hotel services.

"Motor court" means an establishment renting rooms, cottages or cabins, supplying parking or storage facilities for motor vehicles in connection with such renting and other services and facilities customarily supplied by such establishments, and commonly known as a motor, auto or tourist court in the community.

"Tourist home" means a rooming house which caters primarily to transient guests and is known as a tourist home in the community.

"Apartment" means a room or rooms providing facilities commonly regarded in the community as necessary for a self-contained dwelling unit, and of a class of accommodations customarily rented without variations in rent dependent on terms of occupancy and number of occupants: *Provided, however,* That a self-contained dwelling unit containing a kitchen and bath shall be deemed an apartment.

"Other establishments" means multiple unit establishments, other than hotels or rooming houses, containing more than two rooms (see definition of room) rented or offered for rent on a short time basis of daily, weekly or monthly occupancy.

"Maximum rent date" means March 1, 1943, the date established as the maximum rent date in the New York City defense-rental area under the authority of the Emergency Price Control Act of 1942, as amended, and the regulations issued thereunder.

"Date determining maximum rent" means the date as of which a maximum rent was determined for any particular room in accordance with the Emergency Price Control Act of 1942, as amended, and the regulations issued thereunder, or under § 825.104 (b), (c), or (d) whichever is applicable.

"The 30-day period determining the maximum rent" means the period provided in the "Hotel Regulation" for determining, under section 4 (a) or (b) of that regulation, the maximum rent for any room.

"Effective date of regulation" means November 1, 1943, the effective date of the "Hotel Regulation", for the New York City defense-rental area, except where the context indicates clearly to the contrary.

"Hotel Regulation" means the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses, and Motor Courts for the New York City defense-rental area in effect on June 30, 1947, issued under authority of and pursuant to the Emergency Price Control Act of 1942, as amended.

(a) *Rooms in rooming houses, hotels, and other establishments and defense-rental area to which §§ 825.101 to 825.112, inclusive, apply.* Sections 825.101 to 825.112, inclusive, apply to all rooms in hotels, rooming houses, and other establishments and to all accommodations brought under §§ 825.101 to 825.112, inclusive, by consent of the Area Rent Director pursuant to § 825.101 (e), and to all accommodations brought under the "Hotel Regulation" by consent of the Area Rent Director pursuant to section 1 (e) of that regulation, within the New York City defense-rental area, consisting of the City of New York (including the Boroughs of Bronx, Brooklyn, Manhattan, Queens, and Richmond) and the Counties of Nassau and Suffolk in the State of New York, except as provided in paragraph (b) of this section. The New York City defense-rental area is referred to hereinafter in §§ 825.101 to 825.112, inclusive, as the "defense-rental area."

(b) *Decontrolled and exempted housing to which §§ 825.101 to 825.112, inclusive, do not apply*—(1) *Exempted housing.* Sections 825.101 to 825.112, inclusive, do not apply to the following:

(i) *Farming tenants.* Rooms situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon.

(ii) *Service employees.* Dwelling space occupied by domestic servants, caretakers, managers, or other employees to whom the space is provided as part or all of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the dwelling space is a part.

(iii) *Charitable or educational institutions.* Rooms in hospitals, or rooms of charitable or educational institutions used in carrying out their charitable or educational purposes.

(iv) *Entire structures.* Entire structures or premises, as distinguished from the rooms within such entire structures or premises.

(v) *Non-profit clubs.* Rooms in a bona fide club certified by the Expediter as exempt. The Expediter shall so certify if on written request of the landlord he finds that the club (*a*) is a non-profit organization and is recognized as such by written statement of the Bureau of Internal Revenue, (*b*) rents rooms only to members, bona fide guests of members, and members of bona fide clubs with which the club has reciprocal arrangements for the exchange of privileges, and (*c*) is otherwise operated as a bona fide club.

(vi) *College fraternity or sorority houses.* Rooms in a bona fide college fraternity or sorority house certified by the Expediter as exempt. The Expediter shall so certify if, on written request of the landlord, he finds that the fraternity or sorority is a bona fide organization operated for the benefit of students and not for profit as a commercial or business enterprise. This exemption shall not apply when the rooms are rented to persons who are not members of the fraternity or sorority.

(vii) *Summer resort housing.* Rooms located in a resort community and customarily rented or occupied on a seasonal basis prior to October 1, 1945, which were not rented during any portion of the period beginning on November 1, 1943, and ending on February 29, 1944.

This exemption shall be effective only from June 1 to September 30, inclusive.

(2) *Decontrolled housing.* Sections 825.101 to 825.112, inclusive, do not apply to the following:

(i) *Rooms in hotels, motor courts, trailers and trailer spaces, tourist homes, and other establishments.* (*a*) Rooms in a hotel (see definition of hotel in this section) which on June 30, 1947, were occupied by persons to whom were provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep of furniture and fixtures, and bellboy services (not necessarily all the types of services named need be provided in all cases, as long as enough are provided to constitute customary hotel services usually supplied in establishments commonly known as hotels in the community where they are located); (*b*) rooms in establishments which were motor courts on June 30, 1947; (*c*) trailers and ground space rented for trailers; (*d*) rooms in any tourist home serving transient guests exclusively on June 30, 1947; and (*e*) rooms in other establishments (see definition of other establishments in this section) which are occupied by persons who are provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep of furniture and bellboy services.

Reporting requirements. Every landlord of rooms referred to in (*a*), (*d*), and (*e*) of this subdivision (i), who has not filed an application for decontrol prior to April 1, 1948, shall on or before June 1, 1948, file in the area rent office a report of decontrol of such accommodations on a form provided by the Expediter.

(ii) *Newly constructed rooms or converted rooms.* (*a*) Rooms the construction of which was completed on or after February 1, 1947, or which are additional accommodations created by conversion on or after February 1, 1947: *Provided, however,* That maximum rents established under the Veterans' Emergency Housing Act for priority constructed housing accommodations completed on or after February 1, 1947, shall continue in full force and effect if such accommodations are being rented to veterans of World War II or their immediate families who, on June 30, 1947, either (*1*) occupied such housing accommodations, or (*2*) had a right to occupy such housing accommodations at any time on or after July 1, 1947, under any agreement whether written or oral; (*b*) rooms the construction of which was completed on or after February 1, 1945, and prior to February 1, 1947, and which between the date of completion and June 30, 1947, both dates inclusive, at no time were rented (other than to members of the immediate family of the landlord) as housing accommodations.

For the purposes of this subdivision (ii) the time at which construction of a room shall be deemed to be "completed" shall be the date on which the room is first suitable for occupancy and all utility and service connections have been made, except for the installation of such items and the completion of such decoration work as, in accordance with the cus-

tom of the community, are left for installation by, or to the choice of, the purchaser or the tenant; and the word "conversion" means (1) a change from non-housing to a housing use or (2) a structural change in a residential unit or units involving substantial alterations or remodeling and resulting in the creation of additional housing accommodations.

(iii) *Rooms not rented for two-year period.* Rooms which for any successive 24-month period during the period February 1, 1945, to March 30, 1948, both dates inclusive, were not rented (other than to members of the immediate family of the landlord) as individual rooms or as a part of a larger housing accommodation.

(iv) *Non-housekeeping furnished accommodations.* Non-housekeeping, furnished housing accommodations, located within a single dwelling unit not used as a rooming or boarding house, but only if no more than two paying tenants, not members of the landlord's immediate family live in such dwelling unit, and the remaining portion of such dwelling unit is occupied by the landlord or his immediate family. (See definition of rooming house in this section.)

(v) *Leased accommodations.* (*a*) Except as hereinafter provided in this subdivision (v), controlled rooms concerning which a landlord and tenant on or before December 31, 1947, voluntarily entered into a valid written lease in good faith and such lease took effect on or after July 2, 1947, but before January 1, 1948, and such lease by its terms expires on or after December 31, 1948, and provided for a rent not in excess of 15 percent above the maximum rent in effect prior to the effective date of such lease and a true and duly executed copy of such lease was filed with the Housing Expediter within 15 days after the date of execution thereof.

(*b*) Except as hereinafter provided in this subdivision (v), housing accommodations concerning which a landlord and tenant (including landlords and tenants who have executed leases in accordance with (*a*) of this subdivision (v) and including any new tenant) on or before December 31, 1948, voluntarily enter into a valid written lease in good faith for a rent not in excess of 15 percent over the maximum rent which in the absence of a lease would be in effect with respect thereto on March 30, 1948, plus or minus the amount of any adjustment under § 825.105, and such lease takes effect on or after April 1, 1948, and expires on or after December 31, 1949, and a true and duly executed copy of such lease is filed with the Expediter within 15 days after the date of execution of such lease.

Exceptions to (a) and (b) of this subdivision (v). All controlled rooms referred to in (*a*) of this subdivision (v) shall be subject to §§ 825.101 to 825.112, inclusive, unless the lease provided for the same living space, services, furniture, furnishings and equipment with the controlled rooms as were required to be provided by §§ 825.101 to 825.112, inclusive, prior to the effective date of the lease.

All controlled rooms referred to in (*b*) of this subdivision (v) shall be subject to §§ 825.101 to 825.112, inclusive, unless the lease provides for the same living space, services, furniture, furnishings, and equipment with the controlled rooms which in the absence of a lease would be required to be provided by §§ 825.101 to 825.112, inclusive, on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

All controlled rooms referred to in (*a*) and (*b*) of this subdivision (v) shall be subject to §§ 825.101 to 825.112, inclusive, if the lease is terminated or expires on or after April 1, 1948, and before March 31, 1949, unless a subsequent lease entered into under the provisions of (*b*) of this subdivision (v) is in force.

Reporting requirements. A landlord shall file Form D–92—Registration of Lease—in triplicate with the true and duly executed copy of the lease required to be filed in (*b*) of this subdivision (v).

A landlord shall file a report in the Area Rent Office on a form provided by the Expediter, of any termination of a lease referred to in (*a*) or (*b*) of this subdivision (v) prior to the expiration date of the lease. Such report shall be filed within 15 days after such termination or 15 days after April 1, 1948, whichever is later.

(c) *Effect of §§ 825.101 to 825.112, inclusive, on leases and other rental agreements.* The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with §§ 825.101 to 825.112, inclusive.

(d) *Waiver of benefit void.* An agreement by the tenant to waive the benefit of any provision of §§ 825.101 to 825.112, inclusive, is void. A tenant shall not be entitled by reason of §§ 825.101 to 825.112, inclusive, to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of §§ 825.101 to 825.112, inclusive.

(e) *Election by landlords to bring housing under §§ 825.101 to 825.112, inclusive.* Where a building or establishment contains one or more furnished rooms or other furnished housing accommodations whose maximum rents are determined under the Controlled Housing Rent Regulation, the landlord may with the consent of the Expediter, elect to bring all housing accommodations within such building or establishment under the control of §§ 825.101 to 825.112, inclusive. A landlord who so elects shall file the registration statements required by § 825.107 for all such housing accommodations, accompanied by a written request to the Expediter to consent to such election.

If the Expediter finds that the provisions of §§ 825.101 to 825.112, inclusive, establishing maximum rents are better adapted to the rental practices of such building or establishment than the provisions of the Controlled Housing Rent Regulation, he shall consent to the landlord's election by order. Accommodations so brought under §§ 825.101 to 825.112, inclusive, shall be considered "rooms" for the purposes of the regulation.

The landlord may at any time, with the consent of the Expediter, revoke his election made under this § 825.101 (e) or under section 1 (e) of the "Hotel Regulation", and thereby bring under the control of the Controlled Housing Rent Regulation all housing accommodations previously brought under §§ 825.101 to 825.112, inclusive, by such election. He shall make such revocation by filing a registration statement or statements under the Controlled Housing Rent Regulation, including in such registration statement or statements all housing accommodations brought under §§ 825.101 to 825.112, inclusive, by such election. Such registration statement or statements shall be accompanied by a written request to the Expediter to consent to such revocation. The Expediter may defer action on such request if he has taken or is about to take action to decrease the maximum rents of any housing accommodations within such building or establishment. If the Expediter finds that the revocation so requested will not result in substantial increases in the maximum rents of housing accommodations affected by such revocation, he shall give such consent. Upon such consent, all housing accommodations affected by such revocation shall become subject to the provisions of the Controlled Housing Rent Regulation.

§ 825.102 *Prohibition.*—(a) *Prohibition against higher than maximum rents.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall offer, demand, or receive any rent for or in connection with the use or occupancy on and after July 1, 1947, of any room subject to §§ 825.101 to 825.112, inclusive, within the defense-rental area, higher than the maximum rents provided by §§ 825.101 to 825.112, inclusive, and no person shall solicit, attempt, or agree to do any of the foregoing. A reduction in the services, furniture, furnishings or equipment required under § 825.103 shall constitute an acceptance of rent higher than the maximum rent. Lower rents than those provided by §§ 825.101 to 825.112, inclusive, may be demanded or received.

(b) *Terms of occupancy.*—(1) *Tenant not required to change term of occupancy.* No tenant shall be required to change his term of occupancy.

(2) *Term of occupancy during June 1943.* Where, during June 1943, a room was rented or offered for rent for a weekly or monthly term of occupancy, the landlord shall continue to offer the room for that term of occupancy except that he is not required to rent for that term more than the greatest number of rooms which were rented for the term at any one time during June 1943. However, if during the year ending on June 30, 1943, a landlord had regular and definite seasonal practices with reference to the renting of rooms on a weekly or monthly basis, he may request the Expediter to approve such practices. When approval is given the landlord shall offer rooms for rent for weekly and monthly terms of occupancy pursuant to the practices so approved. The Expediter may withdraw approval at any time if he finds that the landlord has failed to conform to such practices, or if he finds that the effects of the approval are inconsistent with the act or §§ 825.101 to 825.112, inclusive, or are likely to result in the circumvention or evasion thereof.

(3) *Request by tenant to change term of occupancy.* Any tenant on a daily or weekly term of occupancy shall on request be permitted by the landlord to change to a weekly or monthly term unless the landlord is then renting for such term a number of rooms equal to the number which he is required to rent for that term under subparagraph (2) of this paragraph. If the room occupied by such tenant was not rented or offered for rent for such term during June 1943, the landlord may transfer the tenant to a room, as similar as possible, which was so rented or offered for rent.

(4) *Orders where facts are in dispute, in doubt, or not known.* If the landlord's duty under subparagraph (2) of this paragraph, with reference to a room is in dispute, or in doubt, or not known, the Expediter, at any time on his own initiative may issue an order determining the necessary facts and establishing such duty; or, if the Expediter is unable to ascertain the necessary facts, he may issue an order pursuant to subparagraph (5) of this paragraph.

(5) *Orders determining terms of occupancy on basis of rental practices in comparable accommodations in the area.* Where subparagraph (2) of this paragraph does not require the offering of a room on a weekly or monthly basis, or where the Expediter is unable to ascertain the facts necessary to establish the landlord's duty under that paragraph, he may at any time on his own initiative issue an order requiring the room to be offered for rent for a weekly or monthly term of occupancy, or both. The Expediter may issue such orders if he finds that, during a reasonable period prior to the time the proceeding hereunder is commenced, the room has been rented under circumstances which make appropriate the application of weekly or monthly rents. In determining whether the landlord shall be required to offer the room on a weekly basis, or on a monthly basis, or both, the Expediter will consider the practices which prevailed in the defense-rental area for similar accommodations during a reasonable period prior to the effective date of regulation.

Upon issuance of such an order, the room shall be offered for rent on a weekly or monthly basis, or both, as the order may require, for each number of occupants for which it is offered by the landlord for any other term of occupancy. A tenant of the room on a daily or weekly basis shall on request be permitted by the landlord to change to any term of occupancy which the landlord is required to offer pursuant to the order.

(c) *Security deposits.*—(1) *General prohibition.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand or receive or retain a security deposit for or in connection with the use or occupancy of any room subject to §§ 825.101 to 825.112, inclusive within the defense-rental area, except as provided in this paragraph (c). The term "security deposit," in addition to its customary meaning, includes any prepayment of rent except payment in advance of the next periodic installment of rent for a period no longer than one month but shall not include rent voluntarily prepaid subsequent to possession by a tenant under a written lease for his own convenience.

(2) *Maximum rent established under section 4 (a) of the "Hotel Regulation."* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (a), no security deposit shall be demanded, received, or retained except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement in effect on the date determining the maximum rent.

(3) *Maximum rent established under section 4 (b) or (c) of the "Hotel Regulations".*—(i) *Renting prior to "effective date of regulation."* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (b) or (c) by a renting prior to the effective date of regulation, no security deposit shall be demanded, received or retained except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement under which the accommodations were first rented or in any order heretofore or hereafter issued with reference to such security deposit. Where such lease or other rental agreement provided for a security deposit, the Expediter at any time, on his own initiative or on application of the tenant, may order a decrease in the amount of such deposit or may order its elimination.

(ii) *Renting on or after "effective date of regulation."* Where the maximum rent of the housing accommodations is or initially was established under section 4 (b) or (c) of the "Hotel Regulation" by a renting on or after the effective date of regulation, no security deposit shall be demanded or received.

(4) *Maximum rent established under section 4 (d) or (f) of the "Hotel Regulation."* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (d) or (f), no security deposit shall be demanded or received, except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) as provided in the lease or other rental agreement in effect on September 1, 1944. Where such accommodations are first rented after September 1, 1944, no security deposit shall be demanded, received, or retained.

(5) *Deposits to secure the return of certain movable articles.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may petition for an order authorizing the demand and receipt of a deposit to secure the return of movable articles. If the landlord shows that he has a special need therefor, the Expediter may enter an order authorizing a security deposit, not in excess of ten dollars to secure the return of the movable articles specified in the order.

(6) *Deposits based on prior rental practices.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may demand, receive, and retain, in the case of any rental agreement entered into on or after April 1, 1948, a security deposit, if said deposit does not exceed the rent for one month in addition to the otherwise authorized collection of rent in advance, if the demand, collection or retention of such a security deposit was an accepted rental practice, prior to January 30, 1942, in the area in which the premises are located, or was customarily required before that date by the same landlord in the renting of the particular controlled rooms involved, and if the tenant is allowed, under the terms of the rental agreement, to occupy the premises for the period covered by the security deposit without further payment of rent. Each area rent director shall determine the rental practice or practices, prior to January 30, 1942, with reference to such security deposits in the particular area or any portion thereof.

§ 825.103 *Minimum space, services, furniture, furnishings, and equipment.* Except as set forth in § 825.105 (b) or as otherwise provided in this section, every landlord, shall, as a minimum, provide with controlled rooms the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.101 to 825.112, inclusive, on March 31, 1948.

Where the maximum rent is determined under § 825.104 (b) (1), the landlord shall, as a minimum, provide with the controlled rooms the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.101 to 825.112, inclusive, prior to the effective date of the lease.

Where the maximum rent is determined under § 825.104 (b) (2) the landlord shall, as a minimum, provide with the controlled rooms the same living space, services, furniture, furnishings, and equipment as he would be required to provide by §§ 825.101 to 825.112, inclusive, in the absence of a lease on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

§ 825.104 *Maximum rents.* This section establishes separate maximum rents for different terms of occupancy (daily, weekly or monthly) and numbers of occupants of a particular room. Maximum rents for rooms in a rooming house and for controlled rooms in hotels and other establishments (unless and until changed by the Expediter as provided in § 825.105) shall be:

(a) *Maximum rents in effect on June 30, 1947.* The maximum rents for any rooms under §§ 825.101 to 825.112, inclusive, (unless and until changed by the Expediter as provided in § 825.105 shall be the maximum rents which were in effect on June 30, 1947, as established

under the Emergency Price Control Act of 1942, as amended, and the applicable rent regulation issued thereunder, except as otherwise provided in this section.

(b) *Maximum rent on termination of lease.* (1) For controlled rooms concerning which a lease as described in § 825.101 (b) (2) (v) (a) was in effect, but is terminated on or after April 1, 1948, but before March 31, 1949, the maximum rent shall be the rent provided by the lease or the maximum rent which would have been in effect for said accommodations on March 30, 1948, in the absence of such lease, whichever is higher.

(2) For controlled rooms concerning which a lease as described in § 825.101 (b) (2) (v) (b) was in effect and is terminated before March 31, 1949, the maximum rent shall be the rent provided by the lease.

(c) *Maximum rents established on or after July 1, 1947.* For a room subject to §§ 825.101 to 825.112, inclusive, first rented or offered for rent on or after July 1, 1947, the rent for each term or number of occupants for which it is first offered for rent; if such room is thereafter offered for rent for other terms or numbers of occupants, the rents for which it is first offered for such other term and numbers of occupants. The landlord shall file a registration statement within ten days after any maximum rent is established under this section as provided in § 825.107. The Expediter may order a decrease in the maximum rent as provided in § 825.105 (c).

(d) *First rents for terms and number of occupants not covered by paragraph (a) of this section.* For a room having a maximum rent in effect on June 30, 1947, rented for a particular term or number of occupants for which no maximum rent is established under paragraph (a) of this section, the first rent for the room on or after July 1, 1947, for that term and number of occupants, but not more than the maximum rent for similar rooms for the same term and number of occupants in the same establishment. The Expediter may order a decrease in the maximum rent as provided in § 825.105 (c).

(e) *Meals with room.* For a room with which meals were provided during the thirty-day period determining the maximum rent without separate charge therefor, the rent apportioned by the landlord from the total charge for the room and meals. The landlord's apportionment shall be fair and reasonable and shall be reported in the registration statement for such room. The Expediter at any time on his own initiative or on application of the tenant may by order decrease the maximum rent established by such apportionment, if he finds that the apportionment was unfair or unreasonable.

Every landlord who provides meals with accommodations shall make separate charges for the two. No landlord shall require the taking of meals as a condition of renting any room unless the room was rented or offered for rent on that basis on the maximum rent date.

(f) *Public housing.* Where rooms on June 30, 1947, are rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments for which the rent is fixed by the national rent schedule of the War and Navy Departments, and on or after July 1, 1947, the rents on such rooms cease to be governed by the national rent schedule of the War or Navy Departments, the maximum rents shall be those which would have been applicable under the appropriate subsection of section 4 of the "Hotel Regulation", or shall be established under § 825.104 (c).

(g) *Rent fixed by order of Expediter.* For a room for a particular term or number of occupants for which no maximum rent has been established under any other provision of §§ 825.101 to 825.112, inclusive, the rent fixed by order of the Expediter as provided in this paragraph (g).

The Expediter at any time on his own initiative or on petition of the landlord may enter an order fixing the maximum rent and specifying the minimum services for a room for a particular term or number of occupants for which no maximum rent has been established prior to issuance of the order under any other provision of §§ 825.101 to 825.112, inclusive. Such maximum rent shall be fixed on the basis of the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(h) *Decontrolled maximum daily rents for controlled rooms.* Controlled rooms in establishments classified as hotels or tourist homes under section 7 of the "Hotel Regulation" permitted under and pursuant to section 4 (h) of said regulation to be rented on June 30, 1947, for daily terms of occupancy free of the limitations imposed by said regulation, by reason of the landlord of such establishment having complied with the requirements of said section 4 (h) prior to June 30, 1947, including the proper filing of Form DH-DC, may continue to be rented for daily terms of occupancy free of the limitations imposed by §§ 825.101 to 825.112, inclusive.

§ 825.105 *Adjustments and other determinations.* This section sets forth specific standards for the adjustment of maximum rents. In applying these standards and entering orders increasing or decreasing maximum rents, the Expediter shall give full consideration to the correction of inequities in maximum rents and the purposes and provisions of the Housing and Rent Act of 1947, as amended.

In the circumstances enumerated in this section, the Expediter may issue an order changing the maximum rents otherwise allowable or the minimum space, services, furniture, furnishings or equipment required, except in cases where an order increasing or decreasing the maximum rent on the same facts and grounds was entered under the "Hotel Regulation" issued pursuant to the Emergency Price Control Act of 1942, as amended.

In making adjustments under this section, recommendations of local advisory boards shall be approved within 30 days if appropriately substantiated and in accordance with applicable law and regulations. If any recommendation cannot be acted upon within 30 days the board shall be notified in writing of the reasons therefor.

In those cases involving a major capital improvement, an increase or decrease in services, furniture, furnishings, or equipment, or a deterioration, the adjustment in the maximum rent shall be the amount the Expediter finds would have been on the maximum rent date the difference in the rental value of the housing accommodations by reason of such change: *Provided, however,* That no adjustment shall be ordered where it appears that the rent on the date or during the thirty-day period establishing the maximum rent was fixed in contemplation of and so as to reflect such change.

In all other cases except those under paragraphs (a) (7), (9), (10), (c) (4), (5), and (6) of this section, the adjustment shall be on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date: *Provided,* That in cases under paragraph (a) (6) of this section, the adjustment may be on the basis of the rental agreement in force during the thirty-day period determining the maximum rent or the date establishing the maximum rent: *Providing, further,* That in cases under paragraphs (a) (3), and (c) (3) of this section, involving an increase or decrease in living space, the adjustment shall be either the amount the Expediter finds would have been on the maximum rent date the difference in the rental value of the controlled rooms by reason of such change or on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable controlled rooms on the maximum rent date, whichever is higher: *And provided, further,* That in cases under paragraph (g) of this section the adjustment shall be in the amount necessary to correct the error.

In cases involving construction, appropriate allowance shall be made for general increases in costs of construction in the defense-rental area since 1939.

In cases under paragraphs (a) (7), (10), and (c) (4) of this section, the adjustment shall be on the basis of the rents which the Expediter finds were generally prevailing in the defense-rental area for comparable accommodations during the year ending on the maximum rent date.

In cases under paragraph (a) (3) of this section appropriate allowance shall be made for general increases in the costs of services, furniture, furnishings, or equipment in the defense-rental area since the maximum rent date.

In cases under paragraph (c) (5) of this section the adjustment shall be on the basis of the average rent during the period of occupancy of the lease or other rental agreement in effect on the date determining the maximum rent.

In cases under paragraph (a) (9) of this section, the adjustment in the maximum rent shall be in the amount necessary to relieve the substantial hardship.

In cases under paragraph (c) (6) of this section, the adjustment in the maximum rent shall be in the amount the Expediter finds warranted by the modification or elimination of the necessity for the increase in the maximum rent granted under paragraph (a) (9) of this section: *Provided,* That no decrease shall be ordered in an amount greater than the adjustment ordered under paragraph (a) (9) of this section.

In all cases under paragraph (a) of this section the adjustment in the maximum rent shall be effective as of the date of the filing of the landlord's petition.

(a) *Grounds for increase of maximum rents.* Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable only on the ground that:

(1) *Major capital improvement since maximum rent period.* There has been, since the period determining the maximum rent for the room under the "Hotel Regulation" or the date or order determining the maximum rent for the room, under either the "Hotel Regulation" or §§ 825.101 to 825.112, inclusive, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) *Change prior to maximum rent date.* There was, on or prior to the maximum rent date, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement and maintenance or a substantial increase in services, furniture, furnishings or equipment, and the rent during the thirty-day period ending on the maximum rent date was fixed by a lease or other rental agreement which was in force at the time of such change or increase.

(3) *Substantial increase in space, services, furniture, furnishings or equipment.* There has been a substantial increase in the services, furniture, furnishings or equipment provided with the room since the period determining the maximum rent for the room under the "Hotel Regulation" or the date or order determining the maximum rent for the room under either the "Hotel Regulation" or §§ 825.101 to 825.112, inclusive, or a substantial increase in the living space since June 30, 1947.

(4) [Revoked.]

(5) [Revoked.]

(6) *Varying rents.* The maximum rent was established by a lease or other rental agreement which provided for a higher rent at other periods during the term of such lease or agreement.

(7) *Seasonal demand.* The maximum rent for the room is substantially lower than the rent at other times of year by reason of seasonal demand for such room. In such cases the Expediter's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(8) *Inequitable rents.* The rent on the date determining the maximum rent was substantially lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(9) *Substantial hardship from increase in property taxes or operating costs.* Substantial hardship has resulted from a decrease in the net income (before interest) of the property for the current year as compared with a prior representative period, due to an unavoidable increase in property taxes or operating costs.

In proper cases increases in pay roll and property taxes in effect on the date of the filing of the petition may be considered by the Expediter in determining whether substantial hardship exists.

For the purposes of this paragraph (a) (9) the term:

(i) "Net income (before interest)" means the amount determined by subtracting unavoidable property taxes and operating costs actually paid or accrued from total income earned.

(ii) "Property taxes and operating costs" includes all expenses necessary to the operation and maintenance of the property actually paid or accrued and properly allocated including depreciation but excluding interest.

(iii) "Property" includes one or more structures operated as a single unit or enterprise.

(iv) "Total income earned" includes rental and other income earned from the property and the rental value of housing accommodations in the property occupied without the full payment of rent.

(v) "Current year" means (a) the most recent full calendar or fiscal year used by the landlord, or (b) any twelve-month period ending not more than 90 days prior to the filing of the petition: *Provided, however,* That the current year in all cases shall begin on or after the maximum rent date: *And provided, further,* That if allowance is requested for increases in pay-roll or property taxes not fully reflected in the "current year" as defined above, at least one calendar month must have passed between the end of the current year and the beginning of the month in which the petition is filed.

(vi) "Prior representative period" means any period of two consecutive years prior to the "current year" but not beginning before January 1, 1939 which the Expediter finds to be representative of the property's normal operation: *Provided, however,* That where a representative period of two consecutive years is not available the Expediter in his discretion may for the purposes of this section accept a representative period of not less than one year.

(10) *Change from year-round to seasonal renting.* The accommodations are located in a resort community, are primarily adapted to occupancy on a seasonal basis, and the establishment of seasonal variations in the rent would not, in the opinion of the area rent director, be inconsistent with the purposes of the act.

(b) *Decrease in space, minimum services, furniture, furnishings or equipment.* (1) *Requirements for petition and order, or report.* The landlord shall, until the accommodations become vacant, maintain the minimum services, furniture, furnishings, equipment and living space as required under § 825.103, unless and until he has filed a petition to decrease the services, furniture, furnishings, equipment or living space and an order permitting a decrease has been entered thereon. When the accommodations become vacant, the landlord may on renting to a new tenant decrease the services, furniture, furnishings, equipment or living space below the minimum; within 10 days after so renting the landlord shall file a written report with the area rent director showing such decrease.

(2) *Adjustment in maximum rent for decreases.* The order on any petition under this paragraph (b) may require an appropriate adjustment in the maximum rent; and any maximum rent for which a report is required by this paragraph (b) may be decreased in accordance with the provisions of paragraph (c) (3) of this section.

If the landlord fails to file the report required by this paragraph (b) within the time specified, or decreases the services, furniture, furnishings, equipment or living space without an order authorizing such decrease where such order is required, the rent received by the landlord for any rental period commencing on or after such decrease or July 1, 1947, whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order decreasing the maximum rent on account of such decrease in services, furniture, furnishings, equipment or living space. Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to comply with this paragraph (b), the order may relieve the landlord of the duty to refund.

(c) *Grounds for decrease of maximum rent.* The Expediter at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) *Rent higher than rent generally prevailing.* The maximum rent for the room is higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

Where the maximum rent for said room was originally established under paragraph (b) or (c) of section 4 of the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, issued pursuant to the Emergency Price Control Act of 1942, as amended, or where the maximum rent is established under § 825.104 (c) or (d) and the landlord failed, due to his fault, to file a timely proper registration statement, the rent received for any rental period commencing on or after July 1, 1948, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order issued under paragraph (c) of this section. Such amount shall be refunded to the tenant within 30 days after the date of the issuance of the order, unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). The landlord shall have the

duty to refund only if the order under this section is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

(2) *Substantial deterioration.* There has been a substantial deterioration of the room other than ordinary wear and tear since the date or order establishing its maximum rent.

(3) *Decrease in space, services, furniture, furnishings or equipment.* There has been a decrease in the minimum services, furniture, furnishings or equipment required by § 825.103 since the date or order establishing the maximum rent or a substantial decrease in the living space since June 30, 1947.

(4) *Seasonal demand.* The maximum rent for the room is substantially higher than the rent at other times of year by reason of seasonal demand for such room. In such cases the Expediter's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(5) *Rent concession.* The rent on the date determining the maximum rent was established by a lease or other rental agreement for a period of occupancy of one or more years, which provided for a rent concession during such period of occupancy in the form of either a rent-free period or an abatement of rent.

(6) *Modification or elimination of necessity for increase under section 5 (a) (9) of the Hotel Regulation or paragraph (a) (9) of this section.* There has been a modification or elimination of the necessity for the increase in the maximum rent granted under section 5 (a) (9) of the "Hotel Regulation" or under paragraph (a) (9) of this section, since the order issued under either of said paragraphs.

(d) *Orders where facts are in dispute, in doubt, or not known.* If the maximum rent, or any other fact necessary to the determination of the maximum rent, or the living space, services, furniture, furnishings or equipment required to be provided with the accommodations, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Expediter at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact, or determining the living space, services, furniture, furnishings, and equipment required to be provided with the accommodations which order shall be effective to establish the maximum rent from July 1, 1947, or the date of first renting after July 1, 1947, whichever is applicable. If the Expediter is unable to ascertain such fact, or facts, he shall enter the order on the basis of the rent which he finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date and, where appropriate, may determine the living space, services, furniture, furnishings and equipment included in such rent.

(e) *Interim orders.* Where a petition is filed by a landlord on one of the grounds set out in paragraph (a) of this section, or a proceeding is initiated by the Expediter under paragraph (d), the Expediter may enter an interim order increasing or fixing the maximum rent until further order, subject to refund by the landlord to the tenant of any amount received in excess of the maximum rent established by final order in such proceeding. The receipt by the landlord of any rent authorized by such interim order shall constitute an agreement by the landlord with the tenant to refund to the tenant any amount received in excess of the maximum rent established by final order. The landlord shall make such refund either by repayment in cash or, where the tenant remains in occupancy after the effective date of the final order, by deduction from the next installment of rent, or both.

(f) *Government housing.* Where the maximum rent for any room constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State, or any of its political subdivisions, and owned by any of the foregoing, is below the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, the owner of such room may with the consent of the Expediter increase the maximum rent to such generally prevailing rent by re-registering such accommodations at such generally prevailing rent.

For the purpose of this section, any corporation formed under the laws of a State shall not be considered an agency of the United States.

(g) *Adjustment to correct determinations of maximum rent.* The Expediter at any time on petition of the landlord or on his own initiative may enter an order adjusting the maximum rent where the maximum rent in effect on June 30, 1947, was established by an order issued under the rent regulations promulgated pursuant to the Emergency Price Control Act of 1942, as amended, and such order was based upon an erroneous determination of fact or law.

§ 825.106 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of a room and any tenant shall permit such inspection of the room by the Expediter as he may from time to time require.

§ 825.107 *Registration and records*—(a) *Registration statements*—(1) *Registration.* Every landlord of a room, subject to §§ 825.101 to 825.112, inclusive, rented or offered for rent shall file a written statement on the form provided therefor, containing such information as the Expediter shall require, to be known as a registration statement, unless a registration statement was heretofore filed in accordance with the provisions of section 7 of the "Hotel Regulation." For rooms rented on or before June 30, 1947, such registration statement shall be filed on or before July 10, 1947. Any maximum rent established after the "effective date of regulation" under paragraphs (b) or (c) of section 4 of the "Hotel Regulation" which has not been reported on the first registration statement shall be reported on or before July 10, 1947, either by amending a registration statement previously filed, or by filing a new registration statement. Any maximum rent established on or after July 1, 1947, which has not been reported on the first registration statement shall be reported within ten days after such rent is established either by amending a registration statement previously filed or by filing a new registration statement.

(2) *Notice of change in identity of landlord.* Where, since the filing of a registration statement, there has been a change in the identity of the landlord, by transfer of title or otherwise, the new landlord shall file a notice of such change on a form provided for that purpose, to be known as a notice of change in identity, within fifteen days after the change or July 1, 1947, whichever is the later.

(3) *Notice to landlord.* Any notice, order or other process or paper directed to the person named on the registration statement as landlord at the address given thereon, or where a notice of change in identity has been filed, to the person named as landlord and at the address given in the most recent such notice, shall, under the circumstances prescribed in Revised Rent Procedural Regulation 1 (Part 840 of this chapter), constitute notice to the person who is then the landlord.

(4) *Registration where maximum rent formerly determined under section 4 (d) of the "Hotel Regulation."* The provisions of this section shall be applicable to any housing accommodations whose maximum rent was determined under section 4 (d) of the "Hotel Regulation" on its sale by the owning agency; and on or before July 10, 1947, or within ten days after the sale of such accommodations, whichever is the later, the new landlord shall file registration statements as provided in paragraph (a) (1) of this section: *Provided, however,* That if the housing accommodations are sold to the United States or a State of the United States or any of its political subdivisions, or any agency of the foregoing, the provision in the second paragraph of (b) of this section shall continue to be applicable.

(b) *Posting maximum rents.* On or before July 10, 1947, or within ten days after a maximum rent is established under § 825.104 (b), (c), (d), or (g), whichever is the later, every landlord shall post and thereafter keep posted conspicuously in each room rented or offered for rent a card or sign plainly stating the maximum rent or rents for all terms of occupancy and for all numbers of occupants for which the room is rented or offered for rent. Where the taking of meals by the tenant or prospective tenant is a condition of renting such room, the card or sign shall so state. Should the maximum rent or rents for the room be changed by order of the Expediter, the landlord within ten days after the effective date of the order shall alter the card or sign so that it states the changed rent or rents.

The foregoing provisions of this paragraph shall not apply to rooms whose maximum rents were established under section 4 (d) of the "Hotel Regulation." The owner of such rooms shall post a copy of the registration statement in a place where it will be available for inspection by the tenants of such rooms.

(c) *Receipt for amount paid.* No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

(d) *Rooms subject to rent schedule of War or Navy Department.* The provisions of this section shall not apply to rooms rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments for which the rent is fixed by the national rent schedule of the War or Navy Department.

(e) *Records*—(1) *Existing records.* Every landlord of a room subject to §§ 825.101 to 825.112, inclusive, rented or offered for rent shall preserve, and make available for examination by the Expediter, all his existing records showing or relating to (i) the rent for each term and number of occupants for such room rented or regularly offered for rent during the thirty-day period determining the maximum rent for such room, (ii) the rent on any date determining a maximum rent for such room for a particular term and number of occupants under section 4 (c) of the "Hotel Regulation", (iii) rooms rented and offered for rent on a weekly and monthly basis during June 1943.

(2) *Record keeping.* Every landlord of an establishment containing more than 20 rooms subject to §§ 825.101 to 825.112, inclusive, rented or offered for rent, shall keep, preserve, and make available for examination by the Expediter, records showing the rents received for each room, the particular term and number of occupants for which such rents were charged, and the name and permanent address of each occupant; every other landlord shall keep, preserve, and make available for examination by the Expediter, records of the same kind as he has customarily kept relating to the rents received for rooms.

§ 825.108 *Evasion*—(a) *General.* The maximum rents and other requirements provided in §§ 825.101 to 825.112, inclusive, shall not be evaded, either directly or indirectly in connection with the renting or leasing or the transfer of a lease of a room by requiring the tenant to pay or obligate himself for membership or other fees, or by modification of the practices relating to payment of commissions or other charges, or by modification of the services furnished with the room, or by tying agreement, or otherwise.

(b) *Purchase of property as condition of renting.* Specifically, but without limitation on the foregoing, no person shall require a tenant or prospective tenant to purchase or agree to purchase furniture or any other property as a condition of renting rooms unless the prior written consent of the Expediter is obtained.

§ 825.109 *Enforcement.* Persons violating any provisions of §§ 825.101 to 825.112, inclusive, are subject to civil enforcement actions, and suits for treble damages as provided for by the Act.

§ 825.110 *Procedure.* All registration statements, reports and notices provided for by §§ 825.101 to 825.112, inclusive, shall be filed with the area rent office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Revised Rent Procedural Regulation 1 (Part 840 of this chapter).

§ 825.112 *Adoption of orders.* All certificates and orders issued pursuant to sections 1 (b) (5), 1 (b) (6), 2 (b) (2), 2 (c) (3) and 2 (c) (5) of the "Hotel Regulation" which were in effect on June 30, 1947, shall be deemed to continue in effect under §§ 825.101 to 825.112, inclusive, unless and until revoked or modified by the Expediter.

Effective date. This Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments for the New York City defense-rental area shall become effective July 1, 1947. [Originally issued June 30, 1947.]

CONTROLLED ROOMS IN ROOMING HOUSES AND OTHER ESTABLISHMENTS IN MIAMI DEFENSE-RENTAL AREA

§ 825.121 *Definitions and scope of §§ 825.121 to 825.132, inclusive.* "Act" means the Housing and Rent Act of 1947, as amended.

"Expediter" means the Housing Expediter, or the Rent Director or such other person or persons as the Housing Expediter may appoint or designate to carry out any of the duties delegated to him by the act.

"Rent Director" means the person designated by the Expediter as director of the Defense-Rental Area or such person or persons as may be designated to carry out any of the duties delegated to the Rent Director by the Expediter.

"Local Advisory Board" means a board created in a defense-rental area or a part thereof, the members of which are appointed by the Housing Expediter upon recommendations made by the Governor or as otherwise required by section 204 (e) of the Housing and Rent Act of 1947, as amended.

"Area Rent Office" means the Office of the Rent Director in the Defense-Rental Area.

"Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

"Housing accommodations" means any building structure, or part thereof, or land appurtenant thereto, or any other real or personal property rented or offered for rent for living or dwelling purposes, together with all privileges, services, furniture, equipment, facilities and improvements connected with the use or occupancy of such property.

"Room" means a room or group of rooms, not constituting an apartment, rented or offered for rent as a housing accommodations unit in a rooming house, hotel, or other establishment. The term includes ground rented as trailer space.

"Services" includes repairs, decorating, and maintenance, the furnishing of light, heat, hot and cold water, telephone, elevator service, window shades, and storage, kitchen, bath, and laundry facilities and privileges, maid service, linen service, janitor service, the removal of refuse and any other privilege or facility connected with the use or occupancy of a room.

"Landlord" includes an owner, lessor, sublessor, assignee or other person receiving or entitled to receive rent for the use or occupancy of any room, or any agent of any of the foregoing.

"Tenant" includes a subtenant, lessee, sublessee, assignee or other person entitled to the repossession or to the use or occupancy of any room.

"Rent" means the consideration, including any bonus, benefit, or gratuity demanded or received for or in connection with the use or occupancy of a room or for the transfer of a lease of such room.

"Term of occupancy" means occupancy on a daily, weekly, or monthly basis.

"Rooming house" means, in addition to its customary usage, a building, or portion of a building other than a hotel or motor court in which a furnished room or rooms not constituting an apartment are rented on a short term basis of daily, weekly or monthly occupancy to more than two paying tenants, not members of the landlord's immediate family. The term includes boarding houses, dormitories, trailers not a part of a motor court, residence clubs and all other establishments of a similar nature, including tourist homes.

"Hotel" means any establishment which is commonly known as a hotel in the community in which it is located and which provides customary hotel services.

"Motor court" means an establishment renting rooms, cottages, or cabins, supplying parking or storage facilities for motor vehicles in connection with such renting and other services and facilities customarily supplied by such establishments, and commonly known as a motor, auto or tourist court in the community.

"Tourist home" means a rooming house which caters primarily to transient guests and is known as a tourist home in the community.

"Apartment" means a room or rooms providing facilities commonly regarded in the community as necessary for a self-contained dwelling unit, and of a class of accommodations customarily rented without variations in rent dependent on terms of occupancy and number of occupants: *Provided, however,* That a self-contained dwelling unit containing a kitchen and bath shall be deemed an apartment.

"Other establishments" means multiple unit establishments, other than hotels or rooming houses, containing more than two rooms (see definition of room) rented or offered for rent on a short time basis of daily, weekly or monthly occupancy.

"Maximum rent date" means September 1, 1943, the date established as the maximum rent date in the Miami Defense-Rental Area under the authority of the Emergency Price Control Act of 1942, as amended, and the regulations issued thereunder.

"Date determining maximum rent" means the date as of which a maximum rent was determined for any particular room in accordance with the Emergency Price Control Act of 1942, as amended, and the regulations issued thereunder, or under § 825.124 (b), (c), or (d) whichever is applicable.

"The 30-day period determining the maximum rent" means the period provided in the "Hotel Regulation" for determining, under section 4 (a) or (b) of that regulation, the maximum rent for any room.

"Effective date of regulation" means October 15, 1943, the effective date of the "Hotel Regulation," for the Miami Defense-Rental Area, except where the context indicates clearly to the contrary.

"Hotel Regulation" means the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses, and Motor Courts for the Miami Defense-Rental Area in effect on June 30, 1947, issued under authority of and pursuant to the Emergency Price Control Act of 1942, as amended.

(a) *Rooms in rooming houses, hotels, and other establishments and Defense-Rental Area to which §§ 825.121 to 825.132, inclusive, apply.* Sections 825.121 to 825.132, inclusive, apply to all rooms in hotels, rooming houses, and other establishments in the Miami Defense-Rental Area, consisting of the County of Dade and the City of Hollywood and the Town of Hallandale in the County of Broward in the State of Florida, except as provided in paragraph (b) of this section. The Miami Defense-Rental Area is referred to hereinafter in §§ 825.121 to 825.132, inclusive, as the "Defense-Rental Area."

(b) *Decontrolled and exempted housing to which §§ 825.121 to 825.132, inclusive, do not apply*—(1) *Exempted housing.* Sections 825.121 to 825.132, inclusive do not apply to the following:

(i) *Farming tenants.* Rooms situated on a farm and occupied by a tenant who is engaged for a substantial portion of his time in farming operations thereon.

(ii) *Service employees.* Dwelling space occupied by domestic servants, caretakers, managers, or other employees to whom the space is provided as part or all of their compensation and who are employed for the purpose of rendering services in connection with the premises of which the dwelling space is a part.

(iii) *Charitable or educational institutions.* Rooms in hospitals, or rooms of charitable or educational institutions used in carrying out their charitable or educational purposes.

(iv) *Entire structures.* Entire structures or premises, as distinguished from the rooms within such entire structures or premises.

(v) *Non-profit clubs.* Rooms in a bona fide club certified by the Expediter as exempt. The Expediter shall so certify if on written request of the landlord he finds that the club (*a*) is a non-profit organization and is recognized as such by written statement of the Bureau of Internal Revenue, (*b*) rents rooms only to members, bona fide guests of members, and members of bona fide clubs with which the club has reciprocal arrangements for the exchange of privileges, and (*c*) is otherwise operated as a bona fide club.

(vi) *College fraternity or sorority houses.* Rooms in a bona fide college fraternity or sorority house certified by the Expediter as exempt. The Expediter shall so certify if, on written request of the landlord, he finds that the fraternity or sorority is a bona fide organization operated for the benefit of students and not for profit as a commercial or business enterprise. This exemption shall not apply when the rooms are rented to persons who are not members of the fraternity or sorority.

(vii) *Winter resort housing.* Rooms located in a resort community and customarily rented or occupied on a seasonal basis prior to October 15, 1943, the effective date of the "Hotel Regulation," which were not rented during any portion of the period beginning on June 1, 1946, and ending on September 30, 1946: *Provided, however,* That the Area Rent Director may by order extend the above exemption to controlled rooms otherwise qualified which were rented or offered for rent for a period of not in excess of two weeks during the above period.

This exemption shall be effective only from October 1 to May 31.

(2) *Decontrolled housing.* Sections 825.121 to 825.132, inclusive, do not apply to the following:

(i) *Rooms in hotels, motor courts, trailers and trailer spaces, tourist homes, and other establishments.* (*a*) Rooms in a hotel (see definition of hotel in this section) which on June 30, 1947, were occupied by persons to whom were provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep of furniture and fixtures, and bellboy services (not necessarily all the types of services named need be provided in all cases, as long as enough are provided to constitute customary hotel services usually supplied in establishments commonly known as hotels in the community where they are located); (*b*) rooms in establishments which were motor courts on June 30, 1947; (*c*) trailers and ground space rented for trailers; (*d*) rooms in any tourist home serving transient guests exclusively on June 30, 1947; and (*e*) rooms in other establishments (see definition of other establishments in this section) which are occupied by persons who are provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep of furniture and fixtures, and bellboy services.

Reporting requirements. Every landlord of rooms referred to in (*a*), (*d*), and (*e*) of this subdivision (i), who has not filed an application for decontrol prior to April 1, 1948, shall on or before June 1, 1948, file in the area rent office a report of decontrol of such accommodations on a form provided by the Expediter.

(ii) *Newly constructed rooms or converted rooms.* (*a*) Rooms the construction of which was completed on or after February 1, 1947, or which are additional accommodations created by conversion on or after February 1, 1947: *Provided, however,* That maximum rents established under the Veterans' Emergency Housing Act for priority constructed housing accommodations completed on or after February 1, 1947, shall continue in full force and effect if such accommodations are being rented to veterans of World War II or their immediate families who, on June 30, 1947, either (*1*) occupied such housing accommodations, or (*2*) had a right to occupy such housing accommodations at any time on or after July 1, 1947, under any agreement whether written or oral; (*b*) rooms the construction of which was completed on or after February 1, 1945, and prior to February 1, 1947, and which between the date of completion and June 30, 1947, both dates inclusive, at no time were rented (other than to members of the immediate family of the landlord) as housing accommodations.

For the purposes of this subdivision (ii) the time at which construction of a room shall be deemed to be "completed" shall be the date on which the room is first suitable for occupancy and all utility and service connections have been made, except for the installation of such items and the completion of such decoration work as, in accordance with the custom of the community, are left for installation by, or to the choice of, the purchaser or the tenant; and the word "conversion" means (*1*) a change from non-housing to a housing use or (*2*) a structural change in a residential unit or units involving substantial alterations or remodeling and resulting in the creation of additional housing accommodations.

(iii) *Rooms not rented for two-year period.* Rooms which for any successive 24-month period during the period February 1, 1945, to March 30, 1948, both dates inclusive, were not rented (other than to members of the immediate family of the landlord) as individual rooms or as a part of a larger housing accommodation.

(iv) *Non-housekeeping furnished accommodations.* Non-housekeeping, furnished housing accommodations, located within a single dwelling unit not used as a rooming or boarding house, but only if no more than two paying tenants, not members of the landlord's immediate family live in such dwelling unit, and the remaining portion of such dwelling unit is occupied by the landlord or his immediate family. (See definition of rooming house in this section.)

(v) *Leased accommodations.* (*a*) Except as hereinafter provided in this subdivision (v), controlled rooms concerning which a landlord and tenant on or before December 31, 1947, voluntarily entered into a valid written lease in good faith and such lease took effect on or after July 2, 1947, but before January 1, 1948, and such lease by its terms expires on or after December 31, 1948, and provided for a rent not in excess of 15 percent above the maximum rent in effect prior to the effective date of such lease and a true and duly executed copy of such lease was filed with the Housing Expediter within 15 days after the date of execution thereof.

(*b*) Except as hereinafter provided in this subdivision (v), housing accommodations concerning which a landlord and tenant (including landlords and tenants who have executed leases in accordance with (*a*) of this subdivision (v) above and including any new tenant) on or before December 31, 1948, voluntarily enter into a valid written lease in good faith for a rent not in excess of 15 percent over the maximum rent which in the absence of a lease would be in effect with

respect thereto on March 30, 1948, plus or minus the amount of any adjustment under § 825.105, and such lease takes effect on or after April 1, 1948, and expires on or after December 31, 1949, and a true and duly executed copy of such lease is filed with the Expediter within 15 days after the date of execution of such lease.

Exceptions to (a) and (b) of this subdivision (v). All controlled rooms referred to in (*a*) of this subdivision (v) shall be subject to §§ 825.121 to 825.132, inclusive, unless the lease provides for the same living space, services, furniture, furnishings, and equipment with the controlled rooms as were required to be provided by §§ 825.121 to 825.132, inclusive, prior to the effective date of the lease.

All controlled rooms referred to in (*b*) of this subdivision (v) shall be subject to this regulation unless the lease provides for the same living space, services, furniture, furnishings, and equipment with the controlled rooms which in the absence of a lease would be required to be provided by §§ 825.121 to 825.132, inclusive, on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

All controlled rooms referred to in (*a*) and (*b*) of this subdivision (v) shall be subject to §§ 825.121 to 825.132, inclusive, if the lease is terminated or expires on or after April 1, 1948, and before March 31, 1949, unless a subsequent lease entered into under the provisions of (*b*) of this subdivision (v) is in force.

Reporting requirements. A landlord shall file Form D-92—Registration of Lease—in triplicate with the true and duly executed copy of the lease required to be filed in (*b*) of this subdivision (v).

A landlord shall file a report in the Area Rent Office on a form provided by the Expediter, of any termination of a lease referred to in (*a*) or (*b*) of this subdivision (v) prior to the expiration date of the lease. Such report shall be filed within 15 days after such termination or 15 days after April 1, 1948, whichever is later.

(c) *Effect of §§ 825.121 to 825.132, inclusive, on leases and other rental agreements.* The provisions of any lease or other rental agreement shall remain in force pursuant to the terms thereof, except insofar as those provisions are inconsistent with §§ 825.121 to 825.132, inclusive.

(d) *Waiver of benefit void.* An agreement by the tenant to waive the benefit of any provision of §§ 825.121 to 825.132, inclusive, is void. A tenant shall not be entitled by reason of §§ 825.121 to 825.132, inclusive, to refuse to pay or to recover any portion of any rents due or paid for use or occupancy prior to the effective date of §§ 825.121 to 825.132, inclusive.

§ 825.122 *Prohibition*—(a) *Prohibition against higher than maximum rents.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall offer, demand, or receive any rent for or in connection with the use or occupancy on and after July 1, 1947, of any room subject to §§ 825.121 to 825.132, inclusive, within the defense-rental area, higher than the maximum rents provided by §§ 825.121 to 825.132, inclusive; and no person shall solicit, attempt, or agree to do any of the foregoing. A reduction in the services, furniture, furnishings or equipment required under § 825.123 shall constitute an acceptance of rent higher than the maximum rent. Lower rents than those provided by §§ 825.121 to 825.132, inclusive, may be demanded or received.

(b) *Terms of occupancy.* (1) *Tenant not required to change term of occupancy.* No tenant shall be required to change his term of occupancy.

(2) *Term of occupancy during September 1943.* Where, during September 1943, a room was rented or offered for rent for a weekly or monthly term of occupancy, the landlord shall continue to offer the room for that term of occupancy except that he is not required to rent for that term more than the greatest number of rooms which were rented for the term at any one time during September 1943. However, if during the year ending on September 30, 1943, a landlord had regular and definite seasonal practices with reference to the renting of rooms on a weekly or monthly basis, he may request the Expediter to approve such practices. When approval is given the landlord shall offer rooms for rent for weekly and monthly terms of occupancy pursuant to the practices so approved. The Expediter may withdraw approval at any time if he finds that the landlord has failed to conform to such practices, or if he finds that the effects of the approval are inconsistent with the act or §§ 825.121 to 825.132, inclusive, or are likely to result in the circumvention or evasion thereof.

(3) *Request by tenant to change term of occupancy.* Any tenant on a daily or weekly term of occupancy shall on request be permitted by the landlord to change to a weekly or monthly term unless the landlord is then renting for such term a number of rooms equal to the number which he is required to rent for that term under subparagraph (2) of this paragraph. If the room occupied by such tenant was not rented or offered for rent for such term during September 1943, the landlord may transfer the tenant to a room, as similar as possible, which was so rented or offered for rent.

(4) *Orders where facts are in dispute, in doubt, or not known.* If the landlord's duty under subparagraph (2) of this paragraph, with reference to a room is in dispute, or in doubt, or not known, the Expediter, at any time on his own initiative may issue an order determining the necessary facts and establishing such duty; or, if the Expediter is unable to ascertain the necessary facts, he may issue an order pursuant to subparagraph (5) of this paragraph.

(5) *Orders determining terms of occupancy on basis of rental practices in comparable accommodations in the area.* Where subparagraph (2) of this paragraph does not require the offering of a room on a weekly or monthly basis, or where the Expediter is unable to ascertain the facts necessary to establish the landlord's duty under that paragraph, he may at any time on his own initiative issue an order requiring the room to be offered for rent for a weekly or monthly term of occupancy, or both. The Expediter may issue such orders if he finds that, during a reasonable period prior to the time the proceeding hereunder is commenced, the room has been rented under circumstances which make appropriate the application of weekly or monthly rents. In determining whether the landlord shall be required to offer the room on a weekly basis, or on a monthly basis, or both, the Expediter will consider the practices which prevailed in the defense-rental area for similar accommodations during a reasonable period prior to the effective date of regulation.

Upon issuance of such an order, the room shall be offered for rent on a weekly or monthly basis, or both, as the order may require, for each number of occupants for which it is offered by the landlord for any other term of occupancy. A tenant of the room on a daily or weekly basis shall on request be permitted by the landlord to change to any term of occupancy which the landlord is required to offer pursuant to the order.

(c) *Security deposits*—(1) *General prohibition.* Regardless of any contract, agreement, lease or other obligation heretofore or hereafter entered into, no person shall demand or receive or retain a security deposit for or in connection with the use or occupancy of any room subject to §§ 825.121 to 825.132, inclusive, within the defense-rental area, except as provided in this paragraph (c). The term "security deposit", in addition to its customary meaning, includes any prepayment of rent except payment in advance of the next periodic installment of rent for a period no longer than one month but shall not include rent voluntarily prepaid subsequent to possession by a tenant under a written lease for his own convenience.

(2) *Maximum rent established under section 4 (a) of the "Hotel Regulation."* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (a), no security deposit shall be demanded, received, or retained except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement in effect on the date determining the maximum rent.

(3) *Maximum rent established under section 4 (b) or (c) of the "Hotel Regulation"*—(i) *Renting prior to "effective date of regulation."* Where the maximum rent of the housing accommodations is or initially was established under said section 4 (b) or (c) by a renting prior to the effective date of regulation, no security deposit shall be demanded, received or retained except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) provided for in the lease or other rental agreement under which the accommodations were first rented or in any order heretofore or hereafter issued with reference to such security deposit.

Where such lease or other rental agreements provided for a security deposit, the Expediter at any time, on his own initiative or on application of the tenant, may order a decrease in the amount of such deposit or may order its elimination.

(ii) *Renting on or after "effective date of regulation."* Where the maximum rent of the housing accommodations is or initially was established under section 4 (b) or (c) of the "Hotel Regulation" by a renting on or after the effective date of regulation, no security deposit shall be demanded or received.

(4) *Maximum rent established under section 4 (d) or (f) of the "Hotel Regulation."* Where the maximum rent of the housing accommodation is or initially was established under said section 4 (d) or (f), no security deposit shall be demanded or received, except in the amount (or any lesser amount) and on the same terms and conditions (or on terms and conditions less burdensome to the tenant) as provided in the lease or other rental agreement in effect on September 1, 1944. Where such accommodations are first rented after September 1, 1944, no security deposit shall be demanded, received, or retained.

(5) *Deposits to secure the return of certain movable articles.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may petition for an order authorizing the demand and receipt of a deposit to secure the return of movable articles. If the landlord shows that he has a special need therefor, the Expediter may enter an order authorizing a security deposit, not in excess of ten dollars to secure the return of the movable articles specified in the order.

(6) *Deposits based on prior rental practices.* Notwithstanding the preceding provisions of this paragraph (c), any landlord may demand, receive, and retain, in the case of any rental agreement entered into on or after April 1, 1948, a security deposit, if said deposit does not exceed the rent for one month in addition to the otherwise authorized collection of rent in advance, if the demand, collection or retention of such a security deposit was an accepted rental practice, prior to January 30, 1942, in the area in which the premises are located, or was customarily required before that date by the same landlord in the renting of the particular controlled rooms involved, and if the tenant is allowed, under the terms of the rental agreement, to occupy the premises for the period covered by the security deposit without further payment of rent. Each area rent director shall determine the rental practice or practices, prior to January 30, 1942, with reference to such security deposits in the particular area or any portion thereof.

§ 825.123 *Minimum space, services, furniture, furnishings, and equipment.* Except as set forth in § 825.125 (b) or as otherwise provided in this section, every landlord, shall, as a minimum, provide with controlled rooms the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.121 to 825.132, inclusive, on March 31, 1948.

Where the maximum rent is determined under § 825.124 (b) (1), the landlord shall, as a minimum, provide with the controlled rooms the same living space, services, furniture, furnishings, and equipment as he was required to provide by §§ 825.121 to 825.132, inclusive, prior to the effective date of the lease.

Where the maximum rent is determined under § 825.124 (b), (2), the landlord shall, as a minimum, provide with the controlled rooms the same living space, services, furniture, furnishings, and equipment as he would be required to provide by §§ 825.121 to 825.132, inclusive, in the absence of a lease on March 30, 1948, plus or minus such living space, services, furniture, furnishings and equipment as have thereafter been added or removed and for which increase or decrease an order adjusting the maximum rent has been issued by the Expediter.

§ 825.124 *Maximum rents.* This section establishes separate maximum rents for different terms of occupancy (daily, weekly or monthly) and numbers of occupants of a particular room. Maximum rents for rooms in a rooming house and for controlled rooms in hotels and other establishments (unless and until changed by the Expediter as provided in § 825.125) shall be:

(a) *Maximum rents in effect on June 30, 1947.* The maximum rents for any rooms under §§ 825.121 to 825.132, inclusive (unless and until changed by the Expediter as provided in § 825.125) shall be the maximum rents which were in effect on June 30, 1947, as established under the Emergency Price Control Act of 1942, as amended, and the applicable rent regulation issued thereunder, except as otherwise provided in this section.

(b) *Maximum rent on termination of lease.* (1) For controlled rooms concerning which a lease as described in § 825.121 (b) (2) (v) (*a*) was in effect, but is terminated on or after April 1, 1948, but before March 31, 1949, the maximum rent shall be the rent provided by the lease or the maximum rent which would have been in effect for said accommodations on March 30, 1948, in the absence of such lease, whichever is higher.

(2) For controlled rooms concerning which a lease as described in § 825.121 (b) (2) (v) (*b*) was in effect and is terminated before March 31, 1949, the maximum rent shall be the rent provided by the lease.

(c) *Maximum rents established on or after July 1, 1947.* For a room subject to §§ 825.121 to 825.132, inclusive, first rented or offered for rent on or after July 1, 1947, the rent for each term or number of occupants for which it is first offered for rent; if such room is thereafter offered for rent for other terms or number of occupants, the rents for which it is first offered for such other term and number of occupants. The landlord shall file a registration statement within ten days after any maximum rent is established under this section as provided in § 825.127. The Expediter may order a decrease in the maximum rent as provided in § 825.125 (c).

(d) *First rents for terms and number of occupants not covered by paragraph (a) of this section.* For a room having a maximum rent in effect on June 30, 1947, rented for a particular term or number of occupants for which no maximum rent is established under paragraph (a) of this section, the first rent for the room on or after July 1, 1947, for that term and number of occupants, but not more than the maximum rent for similar rooms for the same term and number of occupants in the same establishment. The Expediter may order a decrease in the maximum rent as provided in § 825.125 (c).

(e) *Meals with room.* For a room with which meals were provided during the thirty-day period determining the maximum rent without separate charge therefor, the rent apportioned by the landlord from the total charge for the room and meals. The landlord's apportionment shall be fair and reasonable and shall be reported in the registration statement for such room. The Expediter at any time on his own initiative or on application of the tenant may by order decrease the maximum rent established by such apportionment, if he finds that the apportionment was unfair or unreasonable.

Every landlord who provides meals with accommodations shall make separate charges for the two. No landlord shall require the taking of meals as a condition of renting any room unless the room was rented or offered for rent on that basis on the maximum rent date.

(f) *Rooms subject to rent schedule of War or Navy Department.* Where rooms on June 30, 1947, are rented to either Army or Navy personnel, including civilian employees of the War and Navy Departments for which the rent is fixed by the national rent schedule of the War and Navy Departments, and on or after July 1, 1947, the rents on such rooms cease to be governed by the national rent schedule of the War and Navy Departments, the maximum rents shall be those which would have been applicable under the appropriate subsection of section 4 of the "Hotel Regulation," or shall be established under § 825.124 (c).

(g) *Rent fixed by order of Expediter.* For a room for a particular term or number of occupants for which no maximum rent has been established under any other provision of §§ 825.121 to 825.132, inclusive, the rent fixed by order of the Expediter as provided in this paragraph (g).

The Expediter at any time on his own initiative or on petition of the landlord may enter an order fixing the maximum rent and specifying the minimum services for a room for a particular term or number of occupants for which no maximum rent has been established prior to issuance of the order under any other provision of §§ 825.121 to 825.132, inclusive. Such maximum rent shall be fixed on the basis of the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(h) *Decontrolled maximum daily rents for controlled rooms.* Controlled rooms in establishments classified as hotels or tourist homes under section 7 of the "Hotel Regulation" permitted under and pursuant to section 4 (h) of said regulation to be rented on June 30, 1947, for daily terms of occupancy free of the limitations imposed by said regulation, by reason of the landlord of such establishment having complied with the requirements of said section 4 (h) prior to June 30, 1947, including the proper filing of Form DH–DC, may continue to be rented for daily terms of occupancy free of the limitations imposed by §§ 825.121 to 825.132, inclusive.

§ 825.125 *Adjustments and other determinations.* This section sets forth specific standards for the adjustment of maximum rents. In applying these standards and entering orders increasing or decreasing maximum rents, the Expediter shall give full consideration to the correction of inequities in maximum rents and the purposes and provisions of the Housing and Rent Act of 1947, as amended.

In the circumstances enumerated in this section, the Expediter may issue an order changing the maximum rents otherwise allowable or the minimum space, services, furniture, furnishings or equipment required, except in cases where an order increasing or decreasing the maximum rent on the same facts and grounds was entered under the "Hotel Regulation" issued pursuant to the Emergency Price Control Act of 1942, as amended.

In making adjustments under this section, recommendations of local advisory boards shall be approved within 30 days if appropriately substantiated and in accordance with applicable law and regulations. If any recommendations cannot be acted upon within 30 days the board shall be notified in writing of the reasons therefor.

In those cases involving a major capital improvement, an increase or decrease in services, furniture, furnishings, or equipment, or a deterioration, the adjustment in the maximum rent shall be the amount the Expediter finds would have been on the maximum rent date the difference in the rental value of the housing accommodations by reason of such change: *Provided, however,* That no adjustment shall be ordered where it appears that the rent on the date or during the thirty-day period establishing the maximum rent was fixed in contemplation of and so as to reflect such change.

In all other cases, except those under paragraphs (a) (7), (9), (c) (4), and (5) of this section, the adjustment shall be on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date: *Provided,* That in cases under paragraph (a) (6) of this section the adjustment may be on the basis of the rental agreement in force during the thirty-day period determining the maximum rent, or the date establishing the maximum rent: *Provided, further,* That in cases under paragraphs (a) (3) and (c) (3) of this section involving an increase or decrease in living space, the adjustment shall be either the amount the Expediter finds would have been on the maximum rent date the difference in the rental value of the controlled rooms by reason of such change or on the basis of the rent which the Expediter finds was generally prevailing in the defense-rental area for comparable controlled rooms on the maximum rent date, whichever is higher: *And provided, further,* That in cases under paragraph (g) of this section the adjustment shall be in the amount necessary to correct the error.

In cases involving construction, appropriate allowance shall be made for general increases in costs of construction in the defense-rental area since 1939.

In cases under paragraphs (a) (7), and (c) (4) of this section, the adjustment shall be on the basis of the rents which the Expediter finds were generally prevailing in the defense-rental area for comparable accommodations during the year ending on the maximum rent date.

In cases under paragraph (a) (3) of this section appropriate allowance shall be made for general increases in the costs of services, furniture, furnishings, or equipment in the defense-rental area since the maximum rent date.

In cases under paragraph (a) (9) of this section, the adjustment in the maximum rent shall be in the amount necessary to relieve the substantial hardship, which shall be the lesser of the following two amounts: the decrease in net income (before interest) or the increase in property taxes or operating costs.

In cases under paragraph (c) (5) of this section, the adjustment in the maximum rent shall be in the amount the Expediter finds warranted by the modification or elimination of the necessity for the increase in the maximum rent granted under paragraph (a) (9) of this section: *Provided,* That no decrease shall be ordered in an amount greater than the adjustment ordered under paragraph (a) (9) of this section.

In all cases under paragraph (a) of this section the adjustment in the maximum rent shall be effective as of the date of the filing of the landlord's petition.

(a) *Grounds for increase of maximum rents.* Any landlord may file a petition for adjustment to increase the maximum rent otherwise allowable only on the ground that:

(1) *Major capital improvement since maximum rent period.* There has been, since the period determining the maximum rent for the room under the "Hotel Regulation" or the date or order determining the maximum rent for the room, under either the "Hotel Regulation" or §§ 825.121 to 825.132, inclusive, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement and maintenance.

(2) *Change prior to maximum rent date.* There was, on or prior to the maximum rent date, a substantial change in the room by a major capital improvement as distinguished from ordinary repair, replacement and maintenance or a substantial increase in services, furniture, furnishings or equipment, and the rent during the thirty-day period ending on the maximum rent date was fixed by a lease or other rental agreement which was in force at the time of such change or increase.

(3) *Substantial increase in space, services, furniture, furnishings or equipment.* There has been a substantial increase in the services, furniture, furnishings or equipment provided with the room since the period determining the maximum rent for the room under the "Hotel Regulation" or the date or order determining the maximum rent for the room under either the "Hotel Regulation" or §§ 825.121 to 825.132, inclusive, or a substantial increase in the living space since June 30, 1947.

(4) [Revoked.]

(5) [Revoked.]

(6) *Varying rents.* The maximum rent was established by a lease or other rental agreement which provided for a higher rent at other periods during the term of such lease or agreement.

(7) *Seasonal demand.* The maximum rent for the room is substantially lower than the rent at other times of year by reason of seasonal demand for such room. In such cases the Expediter's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(8) *Inequitable rents.* The rent on the date determining the maximum rent was substantially lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

(9) *Substantial hardship from increase in property taxes or operating costs.* Substantial hardship has resulted from a decrease in the net income (before interest) of the property for the current year as compared with a prior representative period, due to an unavoidable increase in property taxes or operating costs.

In proper cases increases in payroll and property taxes in effect on the date of the filing of the petition may be considered by the Expediter in determining whether substantial hardship exists.

For the purposes of this paragraph (a) (9) the terms:

(i) "Net income (before interest)" means the amount determined by subtracting unavoidable property taxes and operating costs actually paid or accrued from total income earned.

(ii) "Property taxes and operating costs" includes all expenses necessary to the operation and maintenance of the property actually paid or accrued and properly allocated including depreciation but excluding interest.

(iii) "Property" includes one or more structures operated as a single unit or enterprise.

(iv) "Total income earned" includes rental and other income earned from the property and the rental value of housing accommodations in the property occupied without the full payment of rent.

(v) "Current year" means (*a*) the most recent full calendar or fiscal year used by the landlord, or (*b*) any twelve-month period ending not more than 90 days prior to the filing of the petition: *Provided, however,* That the current year in all cases shall begin on or after the maximum rent date: *Provided, further,* That if allowance is requested for increases in pay roll or property taxes not fully reflected in the "current year" as

defined above, at least one calendar month must have passed between the end of the current year and the beginning of the month in which the petition is filed.

(vi) "Prior representative period" means any period of two consecutive years prior to the "current year" but not beginning before January 1, 1939, which the Expediter finds to be representative of the property's normal operation: *Provided, however,* That where a representative period of two consecutive years is not available the Expediter in his discretion may for the purposes of this section accept a representative period of not less than one year.

(b) *Decrease in space, minimum services, furniture, furnishings or equipment.* (1) *Requirements for Petition and Order, or Report.* The landlord shall, until the accommodations become vacant, maintain the minimum services, furniture, furnishings, equipment and living space as required under § 825.123, unless and until he has filed a petition to decrease the services, furniture, furnishings, equipment or living space and an order permitting a decrease has been entered therein. When the accommodations become vacant, the landlord may on renting to a new tenant decrease the services, furniture, furnishings, equipment or living space below the minimum; within 10 days after so renting the landlord shall file a written report with the area rent director showing such decrease.

(2) *Adjustment in maximum rent for decreases.* The order on any petition under this paragraph (b) may require an appropriate adjustment in the maximum rent; and any maximum rent for which a report is required by this paragraph (b) may be decreased in accordance with the provisions of paragraph (c) (3) of this section.

If the landlord fails to file the report required by this paragraph (b) within the time specified, or decreases the services, furniture, furnishings, equipment or living space without an order authorizing such decrease where such order is required, the rent received by the landlord for any rental period commencing on or after such decrease or July 1, 1947, whichever is the later, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order decreasing the maximum rent on account of such decrease in services, furniture, furnishings, equipment or living space. Such amount shall be refunded to the tenant within 30 days after the date of issuance of the order unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). If the Expediter finds that the landlord was not at fault in failing to comply with this paragraph (b), the order may relieve the landlord of the duty to refund.

(c) *Grounds for decrease of maximum rent.* The Expediter at any time, on his own initiative or on application of the tenant, may order a decrease of the maximum rent otherwise allowable, only on the grounds that:

(1) *Rent higher than rent generally prevailing.* The maximum rent for the room is higher than the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date.

Where the maximum rent for said room was originally established under paragraph (b) or (c) of section 4 of the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, issued pursuant to the Emergency Price Control Act of 1942, as amended, or where the maximum rent is established under § 825.124 (c) or (d), and the landlord failed, due to his fault, to file a timely proper registration statement, the rent received for any rental period commencing on or after July 1, 1948, shall be received subject to refund to the tenant of any amount in excess of the maximum rent which may later be fixed by an order issued under paragraph (c) of this section. Such amount shall be refunded to the tenant within 30 days after the date of the issuance of the order, unless the refund is stayed in accordance with the provisions of Revised Rent Procedural Regulation 1 (Part 840 of this chapter). The landlord shall have the duty to refund only if the order under this section is issued in a proceeding commenced by the Expediter within 3 months after the date of filing of such registration statement.

(2) *Substantial deterioration.* There has been a substantial deterioration of the room other than ordinary wear and tear since the date or order establishing its maximum rent.

(3) *Decrease in space, services, furniture, furnishings, or equipment.* There has been a decrease in the minimum services, furniture, furnishings or equipment required by § 825.123 since the date or order establishing the maximum rent or a substantial decrease in the living space since June 30, 1947.

(4) *Seasonal demand.* The maximum rent for the room is substantially higher than the rent at other times of year by reason of seasonal demand for such room. In such cases the Expediter's order may if he deems it advisable provide for different maximum rents for different periods of the calendar year.

(5) *Modification or elimination of necessity for increase under section 5 (a) (9) of the Hotel Regulation or paragraph (a) (9) of this section.* There has been a modification or elimination of the necessity for the increase in the maximum rent granted under section 5 (a) (9) of the "Hotel Regulation" or under paragraph (a) (9) of this section, since the order issued under either of said paragraphs.

(d) *Orders where facts are in dispute, in doubt, or not known.* If the maximum rent, or any other fact necessary to the determination of the maximum rent, or the living space, services, furniture, furnishings or equipment required to be provided with the accommodations, is in dispute between the landlord and the tenant, or is in doubt, or is not known, the Expediter at any time on his own initiative, may enter an order fixing the maximum rent by determining such fact, or determining the living space, services, furniture, furnishings, and equipment required to be provided with the accommodations which order shall be effective to establish the maximum rent from July 1, 1947, or the date of first renting after July 1, 1947, whichever is applicable. If the Expediter is unable to ascertain such fact, or facts, he shall enter the order on the basis of the rent which he finds was generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date and, where appropriate, may determine the living space, services, furniture, furnishings and equipment included in such rent.

(e) *Interim orders.* Where a petition is filed by a landlord on one of the grounds set out in paragraph (a) of this section, or a proceeding is initiated by the Expediter under paragraph (d), the Expediter may enter an interim order increasing or fixing the maximum rent until further order, subject to refund by the landlord to the tenant of any amount received in excess of the maximum rent established by final order in such proceeding. The receipt by the landlord of any rent authorized by such interim order shall constitute an agreement by the landlord with the tenant to refund to the tenant any amount received in excess of the maximum rent established by final order. The landlord shall make such refund either by repayment in cash or, where the tenant remains in occupancy after the effective date of the final order, by deduction from the next installment of rent, or both.

(f) *Public housing.* Where the maximum rent for any room constructed by the United States or any agency thereof, or by a State of the United States or any of its political subdivisions, or any agency of the State, or any of its political subdivisions, and owned by any of the foregoing, is below the rent generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date, the owner of such room may with the consent of the Expediter increase the maximum rent to such generally prevailing rent by re-registering such accommodations at such generally prevailing rent.

For the purpose of this section, any corporation formed under the laws of a State shall not be considered an agency of the United States.

(g) *Adjustment to correct determinations of maximum rent.* The Expediter at any time on petition of the landlord or on his own initiative may enter an order adjusting the maximum rent where the maximum rent in effect on June 30, 1947 was established by an order issued under the rent regulations promulgated pursuant to the Emergency Price Control Act of 1942, as amended, and such order was based upon an erroneous determination of fact or law.

§ 825.126 *Inspection.* Any person who rents or offers for rent or acts as a broker or agent for the rental of a room and any tenant shall permit such inspection of the room by the Expediter as he may from time to time require.

§ 825.127 *Registration and records*—(a) *Registration statements*—(1) *Registration.* Every landlord of a room, subject to §§ 825.121 to 825.132, inclusive, rented or offered for rent shall file a written statement on the form provided therefor, containing such information as the Expediter shall require, to be known as a registration statement, unless a registration statement was heretofore filed in accordance with the provisions of section 7 of the "Hotel Regulation." For rooms rented on or before June 30, 1947, such registration statement shall be filed on or before July 10, 1947. Any maximum rent established after the "effective date of regulation" under paragraphs (b) or (c) of section 4 of the "Hotel Regulation" which has not been reported on the first registration statement shall be reported on or before July 10, 1947, either by amending a registration statement previously filed, or by filing a new registration statement. Any maximum rent established on or after July 1, 1947, which has not been reported on the first registration statement shall be reported within ten days after such rent is established either by amending a registration statement previously filed or by filing a new registration statement.

(2) *Notice of change in identity of landlord.* Where, since the filing of a registration statement, there has been a change in the identity of the landlord, by transfer of title or otherwise, the new landlord shall file a notice of such change on a form provided for that purpose, to be known as a notice of change in identity, within fifteen days after the change or July 1, 1947, whichever is the later.

(3) *Notice to landlord.* Any notice, order or other process or paper directed to the person named on the registration statement as landlord at the address given thereon, or where a notice of change in identity has been filed, to the person named as landlord and at the address given in the most recent such notice, shall, under the circumstances prescribed in Revised Rent Procedural Regulation 1 (Part 840 of this chapter) constitute notice to the person who is then the landlord.

(4) *Registration where maximum rent formerly determined under section 4 (d) of the "Hotel Regulation."* The provisions of this section shall be applicable to any housing accommodations whose maximum rent was determined under section 4 (d) of the "Hotel Regulation" on its sale by the owning agency; and on or before July 10, 1947, or within ten days after the sale of such accommodations, whichever is the later, the new landlord shall file registration statements as provided in paragraph (a) (1) of this section: *Provided, however,* That if the housing accommodations are sold to the United States or a State of the United States or any of its political subdivisions, or any agency of the foregoing, the provision in the second paragraph of paragraph (b) of this section shall continue to be applicable.

(b) *Posting maximum rents.* On or before July 10, 1947, or within ten days after a maximum rent is established under § 825.124 (b), (c), (d) or (g), whichever is the later, every landlord shall post and thereafter keep posted conspicuously in each room rented or offered for rent a card or sign plainly stating the maximum rent or rents for all terms of occupancy and for all numbers of occupants for which the room is rented or offered for rent. Where the taking of meals by the tenant or prospective tenant is a condition of renting such room, the card or sign shall so state. Should the maximum rent or rents for the room be changed by order of the Expediter, the landlord within ten days after the effective date of the order shall alter the card or sign so that it states the changed rent or rents.

The foregoing provisions of this paragraph shall not apply to rooms whose maximum rents were established under section 4 (d) of the "Hotel Regulation." The owner of such rooms shall post a copy of the registration statement in a place where it will be available for inspection by the tenants of such rooms.

(c) *Receipt for amount paid.* No payment of rent need be made unless the landlord tenders a receipt for the amount to be paid.

(d) *Rooms subject to rent schedule of Army or Navy Department.* The provisions of this section shall not apply to rooms rented to either Army or Navy personnel, including civilian employees of the Army and Navy Departments for which the rent is fixed by the national rent schedule of the Army or Navy Department.

(e) *Records*—(1) *Existing records.* Every landlord of a room subject to §§ 825.121 to 825.132, inclusive, rented or offered for rent shall preserve, and make available for examination by the Expediter, all his existing records showing or relating to (i) the rent for each term and number of occupants for such room rented or regularly offered for rent during the thirty-day period determining the maximum rent for such room, (ii) the rent on any date determining a maximum rent for such room for a particular term and number of occupants under section 4 (c) of the "Hotel Regulation", (iii) rooms rented and offered for rent on a weekly and monthly basis during September 1943.

(2) *Record keeping.* Every landlord of an establishment containing more than 20 rooms subject to §§ 825.121 to 825.132, inclusive, rented or offered for rent, shall keep, preserve, and make available for examination by the Expediter, records showing the rents received for each room, the particular term and number of occupants for which such rents were charged, and the name and permanent address of each occupant; every other landlord shall keep, preserve, and make available for examination by the Expediter, records of the same kind as he has customarily kept relating to the rents received for rooms.

§ 825.128 *Evasion*—(a) *General.* The maximum rents and other requirements provided in §§ 825.121 to 825.132, inclusive, shall not be evaded, either directly or indirectly in connection with the renting or leasing or the transfer of a lease of a room, by requiring the tenant to pay or obligate himself for membership or other fees, or by modification of the practices relating to payment of commissions or other charges, or by modification of the services furnished with the room, or by tying agreement, or otherwise.

(b) *Purchase of property as condition of renting.* Specifically, but without limitation on the foregoing, no person shall require a tenant or prospective tenant to purchase or agree to purchase furniture or any other property as a condition of renting rooms unless the prior written consent of the Expediter is obtained.

§ 825.129 *Enforcement.* Persons violating any provisions of §§ 825.121 to 825.132, inclusive, are subject to civil enforcement actions, and suits for treble damages as provided for by the act.

§ 825.130 *Procedure.* All registration statements, reports and notices provided for by §§ 825.121 to 825.132, inclusive, shall be filed with the area rent office. All landlord's petitions and tenant's applications shall be filed with such office in accordance with Revised Rent Procedural Regulation 1 (Part 840 of this chapter).

§ 825.132 *Adoption of orders.* All certificates and orders issued pursuant to sections 1 (b) (5), 1 (b) (6), 2 (b) (2), 2 (c) (3), and 2 (c) (5) of the "Hotel Regulation" which were in effect on June 30, 1947, shall be deemed to continue in effect under §§ 825.121 to 825.132, inclusive, unless and until revoked or modified by the Expediter.

Effective date. This Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments in the Miami Defense-Rental Area shall become effective July 1, 1947. [Originally issued June 30, 1947.]

APPENDIX—INTERPRETATIONS

LEASES MADE UNDER SECTION 204 (b) OF THE HOUSING AND RENT ACT OF 1947, AS AMENDED

The following is an interpretation of §§ 825.4 (b), 825.24 (b), 825.44 (b), and 825.64 (b) of the Controlled Housing Rent Regulations, as amended (Subpart A of this part); §§825.84 (b), 825.104 (b) and 825.124 (b) of the Rent Regulations for Controlled Rooms in Rooming Houses and Other Establishments, as amended (Subpart B of this part), and section 204 (b) of the Housing and Rent Act of 1947, as amended:

The Housing and Rent Act of 1947, as amended, provides in section 204 (b) that where a 1947 or 1948 lease is entered into in accordance with the provisions of that section, the housing accommodations covered by such lease shall not be subject, unless such lease is terminated on or after April 1, 1948, to any maximum rent established, or maintained, under the provisions of the act. This is a limited form of decontrol and means that while such lease continues in effect the rental agreement between the lessor and lessee is decontrolled as to the particular housing accommodations covered by the lease. Therefore, a subletting of a part or all of the leased premises by the tenant named in the lease is subject to the rent regulations, unless the subletting is in the form of a lease conforming to the requirements of section 204 (b) of the act.

For example: L leased an unfurnished house to T in accordance with section 204 (b) of the act on September 1, 1947, for the maximum rent of $50 per month, plus 15 percent of such maximum rent, the lease

to expire on December 31, 1948. T, on December 1, 1947 sublet to S the entire unfurnished housing accommodations on a month-to-month basis. Although the renting from L to T remains free from control unless and until the lease is terminated on or after April 1, 1948, the subrenting between T and S remains subject to the rent regulations because that rental does not comply with the requirements of section 204 (b). The maximum rent between T and S is $57.50 per month for the unfurnished housing accommodations. If T and S entered into a lease under section 204 (b) of the act the rent in such lease could be no more than $57.50. If T added furniture to the accommodations, and no 204 (b) lease has been entered into with S, he could obtain an adjustment for the difference in rental value of the furniture under § 825.5 (a) (3) of the rent regulation.

Where a 1947 lease was terminated prior to April 1, 1948, the housing accommodations covered by the lease are decontrolled, but, also, in a limited sense only. The Housing Expediter may not establish a maximum rent for the particular accommodation covered by the lease. A rental of any part of the leased accommodations for which a maximum rent was in effect at the time of the execution of the lease continues subject to the rent regulations.

Example 1: L leased a house to T on August 1, 1947 in accordance with section 204 (b) of the act, which lease expires on December 31, 1948. On January 15, 1948, the lease was terminated by mutual agreement and since no maximum rent had been established for any portion of the accommodation, the house is decontrolled, and L or any subsequent owner could rent the whole or any part of the house free from control.

Example 2: L leased a two-family house to T on August 1, 1947 in accordance with section 204 (b) of the act, which lease expires on December 31, 1948. At the time of the execution of the lease, the maximum rent for the entire structure was $100 a month and the maximum rent for each apartment was $55 a month. On January 15, 1948, the lease between L and T was terminated. A rental of the entire structure would thereafter be free from control, whereas the rental of either apartment would remain subject to control.

Where a 1947 or a 1948 lease is terminated on or after April 1, 1948, the renting of the housing accommodation covered by the lease is subject to the regulations.

The termination of a lease under the Housing and Rent Act of 1947, as amended, includes a modification of the lease, even though the modification may not effect a termination of the lease at local law. That is to say that so far as the federal law is concerned the premises are no longer subject to a Federal Statutory Lease, although the modified lease may remain in effect under State law.

For example: L entered into a lease on December 1, 1947, for the maximum rent of $50 per month, plus an increase of 15 percent of such maximum rent, with an expiration date of December 31, 1948, and filed said lease with the area rent office within 15 days of the date of its execution, and on May 1, 1948, L and T modified the lease by a mutual agreement under which L installed an electric refrigerator to replace the ice-box for an additional rental of $5 per month. The lease would be deemed terminated under the Housing and Rent Act of 1947, as amended, because of this modification, although the modified lease might remain in effect under State law. The housing accommodations would, therefore, be recontrolled and the maximum rent would be $57.50.[1] The landlord may petition for an increase in the maximum rent because of the installation of the refrigerator.

Assume the modification to have been prior to April 1, 1948. The housing accommodation leased in the above example would not be recontrolled on or after April 1, 1948. The entire housing accommodation would remain free from control and L, or any subsequent owner, would be permitted to rent the whole accommodation, or any part of the accommodation for which there was no controlled rent, free from control. If on May 1, 1948, the individual rooms in the house are rented for the first time, the rental of such rooms is not controlled. [Issued June 21, 1948.]

DECONTROL OF ACCOMMODATIONS IN HOTELS

The following is an interpretation of section 202 (c) (1) of the Housing and Rent Act of 1947, as amended, and of paragraph (b) (2) (i) (*a*) of §§ 825.81, 825.101 and 825.121 of the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments, as amended (Subpart B of this part), and paragraph (b) (2) (i) (*a*) of §§ 825.1, 825.21, 825.41, and 825.61 of the Controlled Housing Rent Regulation (Subpart A of this part).

Section 202 (c) (1) of the Housing and Rent Act of 1947, as amended, reads as follows:

SEC. 202. As used in this title:

(c) The term "controlled housing accommodations" means housing accommodations in any defense-rental area, except that it does not include:

(1) Those housing accommodations, in any establishment which is commonly known as a hotel in the community in which it is located, which are occupied by persons who are provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep of furniture and fixtures, and bellboy services.

§ 825.81 (b) (2) (i) (*a*) of the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments, as amended, reads as follows:

(2) *Decontrolled housing to which §§ 825.81 to 825.92, inclusive, do not apply.* Sections 825.81 to 825.92, inclusive, do not apply to the following:

(i) *Rooms in hotels, motor courts, trailers and trailer spaces, tourist homes, and other establishments.* (*a*) Rooms in a hotel (see definition of hotel in § 825.81) which on June 30, 1947, were occupied by persons to whom were provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep of furniture and fixtures, and bellboy services (not necessarily all the types of services named need be provided in all cases, as long as enough are provided to constitute customary hotel services usually supplied in establishments commonly known as hotels in the community where they are located).

(The provisions of § 825.81 (b) (2) (i) (*a*) are also contained in paragraph (b) (2) (i) (*a*) of §§ 825.101 and 825.121).

[1] By regulation, upon termination of a 1947 lease on or after April 1, 1948, the maximum rent is the rent provided in the lease or the maximum rent which would have been in effect on March 30, 1948 in the absence of a lease, whichever is higher.

Section 825.1 (b) (2) (i) (*a*) of the Controlled Housing Rent Regulations, as amended, reads as follows:

(2) *Decontrolled housing to which §§ 825.1 to 825.12, inclusive, do not apply.* Sections 825.1 to 825.12, inclusive, do not apply to the following:

(i) Accommodations in hotels, motor courts, trailers and trailer spaces, and tourist homes. (*a*) Housing accommodations in a hotel (see definition of hotel in § 825.1) which on June 30, 1947, were occupied by persons to whom were provided customary hotel services such as maid service, furnishing and laundering of linen, telephone and secretarial or desk service, use and upkeep of furniture and fixtures, and bellboy services (not necessarily all the types of services named need be provided in all cases as long as enough are provided to constitute customary hotel services usually supplied in establishments commonly known as hotels in the community where they are located).

(The provisions of § 825.1 are also contained in paragraph (b) (2) (i) (*a*) of §§825.21, 825.41, and 825.61).

The term "hotel" is defined in the first section of the Rent Regulations as follows:

"Hotel" means any establishment which is commonly known as a hotel in the community in which it is located and which provides customary hotel services.

This interpretation is not intended to apply to the decontrol status of housing accommodations in hotels under the Housing and Rent Act of 1947 prior to its amendment by the Housing and Rent Act of 1948, which latter act became effective April 1, 1948.

1. *Meaning of the word "hotel."* Based upon the intent of Congress as expressed in the legislative history of the Housing and Rent Act of 1948, the word "hotel" as used in the act and the regulations is interpreted to mean those establishments which on June 30, 1947, the effective date of the Housing and Rent Act of 1947, were commonly known as hotels in the community in which they were located, and which provided occupants of housing accommodations therein with customary hotel services. The word "hotel" is interpreted to include all types of hotels, such as transient hotels, residential hotels, apartment hotels, or family hotels.

From the same legislative history it is clear that Congress did not intend to exempt from control housing accommodations in establishments which on June 30, 1947 were not commonly known as hotels in the community in which they were located, but were known as apartment houses, apartments, rooming houses, and boarding houses.

There is no all-embracing definition of the words "commonly known" as used in the act and regulations to describe an establishment in which housing accommodations may be exempt from control under section 202 (c) (1). Each decision must be based upon the test as to whether the particular establishment on June 30, 1947 was commonly known as a hotel in the community in which it is located. This is to be determined not only by the estimate, or general regard of the establishment as such by inhabitants of the community, but also by the presence or absence on that date of customary hotel services, particularly the three basic services hereinafter referred to.

2. *Accommodations to which the act applies.* The decontrol provisions of section 202 (c) (1) of the act apply to housing accommodations in a hotel rather than to the entire establishment in which they are located. These accommodations include any living units within a hotel, such as rooms, suites of rooms, or apartments.

3. *Test date for decontrol determination.* The test date for determining decontrol is June 30, 1947, the effective date of the Housing and Rent Act of 1947, and the exemption provided by the act and regulation is effective only for those housing accommodations meeting the requirements for decontrol on that date. If a housing accommodation meets the test as of June 30, 1947, it will not be subject to control by reason of any decrease in services after such date. If a housing accommodation does not meet the test as of June 30, 1947, it is not decontrolled even though some of the customary services which were not provided on that date were subsequently provided.

4. *Meaning of "customary hotel services".* An establishment is not considered a hotel under the regulations unless on June 30, 1947 it provided its occupants with the customary hotel services, or such services were available to them. An individual accommodation in a hotel is not decontrolled under the act and regulations unless on that date the occupant was provided with customary hotel services, or such services were available to the occupant.

The question as to what constitutes customary hotel services depends upon the size and type of hotel under consideration and the custom in the community as to that size and type of hotel.

In large hotels, for example, of both transient and other types, customary hotel services usually include all of the five services mentioned in the act, whereas customary hotel services for smaller hotels may be limited to the three basic services hereinafter referred to. Also, it is usually customary for large hotels of the transient type to provide separate bellboy service 24 hours daily. On the other hand, in some smaller transient hotels it may be customary to provide bellboy service for less than 24 hours, or it may be customary for the same person to serve as registration clerk and bellboy, or for bellboy service to be supplied by the elevator operator. Furthermore, in large transient hotels it is usually customary to provide daily maid and linen service. On the other hand, in some types of residential, apartment, or family hotels it may be customary to provide these services less frequently.

In general, however, it may be said that an establishment will not be commonly known as a hotel in the community unless it provided or made available to the occupants of its accommodations on June 30, 1947 the three basic services; namely, maid service, furnishing and laundering of linen, and use and upkeep of furniture and fixtures, and that generally an individual accommodation in a hotel is not decontrolled unless the occupant thereof on June 30, 1947 was provided with these three basic services, or such services were made available to him on that date. In only rare instances would an accommodation be decontrolled if any of the three basic services were not provided on June 30, 1947.

5. *Meaning of the word "provided" as used in the act and regulations.* The legislative history of the act also makes it clear that Congress did not intend that the customary services be actually received by the occupant on June 30, 1947 in order to make such units eligible for decontrol. An accommodation is eligible for decontrol if on such date the customary services were made available to the occupant with, or without, extra charge.

To have been available on June 30, 1947, the services must have been actually present or maintained by the hotel for the immediate use of the occupant or, in other words, "available" means on hand for use at tenants' option.

For example: Assume that on June 30, 1947, an establishment commonly known as a hotel in the community contained one hundred living units to which furniture service, telephone, secretarial or desk service and bellboy service were provided. On such date the hotel charged $5.00 a week for daily maid service and $3.00 a week for daily change of linen, but the use of both maid service and linen service was optional. Occupants of fifteen units elected to receive linen service but not maid service, and in ten units the occupants did not use either maid or linen service. In such case the entire one hundred units would be decontrolled, as furniture service was provided to all units on June 30, 1947, and on the same date the remaining customary services were available to all occupants. Maid service and linen service would be considered available when an occupant could have obtained such services from the hotel management with or without extra charge above the rent in effect on such date.

In most instances, any accommodation which was rented unfurnished on June 30, 1947, would remain under control even though located in an establishment commonly known as a hotel in the community. The exception to the rule would be the case where furniture was available for an accommodation on that date, with or without extra charge, but the occupant preferred to supply his own furniture.

If, for example, on June 30, 1947, an establishment commonly known as a hotel in the community contained two hundred accommodations which provided all the customary hotel services except that one hundred of such units were rented furnished and the other hundred unfurnished, and on that date sufficient furniture was in possession of the hotel to furnish 20 of the unfurnished accommodations, a maximum of 120 units would be decontrolled, and a minimum of 80 unfurnished units would continue under control. The one hundred furnished units would be decontrolled and those of the 100 unfurnished units for which furniture was available on June 30, 1947, would also be decontrolled. [Issued July 1, 1948.]

DECONTROL OF CERTAIN CLASSES OF HOUSING ACCOMMODATIONS

The following is an interpretation of those provisions of the Rent Regulations and of the Housing and Rent Act of 1947, as amended, which provide for decontrol of the classes of housing accommodations listed below. The rent regulation provisions interpreted herein are contained in paragraph (b) (2) of §§ 825.1, 825.21, 825.41 and 825.61 of the Controlled Housing Rent Regulations, as amended (Subpart A) and paragraph (b) (2) of §§ 825.81, 825.101, and 825.121 of the Rent Regulations for Controlled Rooms in Rooming Houses and Other Establishments, as amended (Subpart B). The provisions of the Housing and Rent Act of 1947, as amended, which are interpreted herein are sections 202 (c) (2), 202 (c) (3) and 202 (c) (4). The classes of housing accommodations covered by this interpretation are the following:

I. Tourist homes.
II. Motor courts.
III. Trailers and ground space rented for trailers.
IV. Newly constructed housing accommodations completed on or after February 1, 1947.
V. Additional housing accommodations created by conversion on or after February 1, 1947.
VI. Housing accommodations not rented for any successive 24-month period between February 1, 1945, and March 30, 1948.
VII. Newly constructed housing accommodations completed between February 1, 1945, and January 31, 1947, and not rented until after June 30, 1947.
VIII. Non-housekeeping furnished accommodations located in a single dwelling unit.

I. *Tourist homes*—1. *Provision of regulations.* Paragraph (b) (2) of §§ 825.1, 825.21, 825.41, 825.61, 825.81, 825.101 and 825.121 of the regulations provides for decontrol of housing accommodations in any tourist home serving transient guests exclusively on June 30, 1947. A decontrol provision on tourist homes has been included in the regulations since July 1, 1947, based upon section 202 (c) (2) of the Housing and Rent Act of 1947 which became effective on that date. The act as amended April 1, 1948, made no change in this provision.

2. *Test date for decontrol; June 30, 1947.* The test date for decontrol of housing accommodations in tourist homes is and has been June 30, 1947. If on June 30, 1947, an establishment was a tourist home and served transient guests exclusively, all housing accommodations in that establishment are decontrolled, and this decontrol continues regardless of any change in facts or rental practices since June 30, 1947. Likewise, if on June 30, 1947, an establishment failed to meet the definition of a tourist home, or was a tourist home which did not rent to transient guests exclusively, then the housing accommodations in that establishment are not decontrolled under the "tourist home" decontrol provision, and no subsequent change in facts or rental practices would cause them to become decontrolled by virtue of that provision.

3. *Partial decontrol.* There is no partial decontrol in the case of tourist homes. In order for any of the housing accommodations in a tourist home to be decontrolled, all the housing accommodations in the tourist home which were available for rent on June 30, 1947, must have been rented or offered for rent to transient guests on that date. For example, if only one of all the rooms was

rented to a permanent guest on June 30, 1947, all the rooms in that tourist home are controlled housing accommodations.

This does not necessarily mean that there can be no decontrol where a tourist home was operated in only part of an entire structure. For example, where there was a two-family house, of which one dwelling unit was rented on a permanent basis and the other was operated as a tourist home, the latter unit comprised the tourist home. In such case, if all the accommodations in the tourist home unit which were available for rent on June 30, 1947, were rented or offered for rent to transient guests on that date, all such accommodations are decontrolled.

4. *Exemption of daily rates under old hotel regulation.* Paragraph (h) of §§ 825.84, 825.104, and 825.124 of the Rooming House Regulations continues in effect all exemptions of daily rates in tourist homes which were established under section 4 (k) of the "hotel regulation" issued pursuant to the Emergency Price Control Act of 1942, as amended.

II. *Motor courts*—1. *Provision of regulations.* Paragraph (b) (2) of §§ 825.1, 825.21, 825.41, 825.61, 825.81, 825.101, and 825.121 of the Regulations provides for decontrol of housing accommodations in establishments which were motor courts on June 30, 1947. A decontrol provision on motor courts has been included in the regulations since July 1, 1947, based upon section 202 (c) (2) of the Housing and Rent Act of 1947 which became effective on that date. The act as amended April 1, 1948, made no change in this provision.

2. *Test date for decontrol; June 30, 1947.* The test date for decontrol of housing accommodations in motor courts is and has been June 30, 1947. If on June 30, 1947, an establishment was a motor court, all the accommodations in the establishment are decontrolled, and this decontrol continues regardless of any change in facts or rental practices since June 30, 1947. Likewise, if on June 30, 1947, an establishment failed to meet the definition of a motor court, then the housing accommodations in that establishment are not decontrolled under the "motor court" decontrol provision and no subsequent change in facts or rental practices would cause them to become decontrolled by virtue of that provision.

3. *Partial decontrol.* There is no partial decontrol in the case of motor courts. If an establishment was a motor court on June 30, 1947, all the housing accommodations in that establishment are decontrolled, including trailers and trailer spaces which were attached to and operated as part of the motor court.

III. *Trailers and ground space rented for trailers*—1. *Provision of regulations.* Paragraph (b) (2) of §§ 825.1, 825.21, 825.41, 825.61, 825.81, 825.101, and 825.121 of the regulations provides for decontrol of housing accommodations located in trailers and ground space rented for trailers.

This decontrol provision first became effective on January 5, 1948, when it was added by amendment of the regulations. The Housing and Rent Act of 1947 did not provide for decontrol of trailers and trailer spaces. However, the act as amended April 1, 1948, changed section 202 (c) (2) of the act to provide for decontrol of any trailer or trailer space, thus confirming the action previously taken by amendment of the regulations on January 5, 1948.

2. *Trailers operated as part of motor court.* Even prior to January 5, 1948, when trailers and trailer spaces as such were still under control, it had been held by interpretation that trailers and trailer spaces were decontrolled if they were attached to and operated as part of a motor court.

IV. *Newly constructed housing accommodations completed on or after February 1, 1947*—1. *Provision of regulations.* Paragraph (b) (2) of §§ 825.1, 825.21, 825.41, 825.61, 825.81, 825.101, and 825.121 of the regulations provides for decontrol of housing accommodations, the construction of which was completed on or after February 1, 1947. This decontrol provision, however, does not apply to maximum rents established under the Veterans' Emergency Housing Act of 1946 for priority constructed housing accommodations if, and only during such time as, they are being rented to veterans of World War II or their immediate families who either:

a. Occupied such housing accommodations on June 30, 1947, or

b. Had a right on June 30, 1947, under a written or oral agreement, to occupy such housing accommodations at any time on or after July 1, 1947.

Such a decontrol provision has been included in the Regulations since July 1, 1947, based upon section 202 (c) (3) of the Housing and Rent Act of 1947 which became effective on that date. The act as amended April 1, 1948, made no change in this provision.

2. *Definition of when construction is "completed".* The regulations provide that for purposes of this provision, construction is deemed to be "completed" when the dwelling is first suitable for occupancy and all services and utility connections have been made, except for the installation of such items and the completion of such decoration work as, in accordance with the custom of the community, are left for installation by or to the choice of the purchaser or tenant.

3. *Repair or rehabilitation of damaged structures.* Where a structure which has been damaged by fire or otherwise is repaired or rehabilitated on or after February 1, 1947, a question of fact is presented as to whether new housing accommodations have been created by construction (in which event they would be decontrolled), or whether the previously existing housing accommodations have merely been repaired or rehabilitated (in which event they would not be decontrolled). Of course there may be cases in which some units in a structure are newly constructed, while other units in the same structure are merely repaired or rehabilitated. In such cases, the newly constructed units are decontrolled, while the other units remain under control.

The mere fact that the damage was so extensive as to render housing accommodations uninhabitable, forcing tenants to vacate, does not necessarily establish that the units, after completion of the repair or rehabilitation work, are eligible for decontrol.

V. *Additional housing accommodations created by conversion on or after February 1, 1947*—1. *Provision of regulations.* Paragraph (b) (2) of §§ 825.1, 825.21, 825.41, 825.61, 825.81, 825.101, and 825.121 of the regulations provides for decontrol of additional housing accommodations created by conversion on or after February 1, 1947. This decontrol provision, however, does not apply to maximum rents for priority constructed housing under the conditions stated in IV, 1 above.

Such a decontrol provision has been included in the Regulations since July 1, 1947, based upon section 202 (c) (3) of the Housing and Rent Act of 1947 which became effective on that date. The act as amended April 1, 1948, made no change in this provision.

2. *Definition of "Conversion".* The regulations provide that for purposes of this provision the "word "conversion" means (1) a change in a structure from a non-housing to a housing use, or (2) a structural change in a residential unit or units involving substantial alterations or remodeling and resulting in the creation of additional housing accommodations.

3. "Completion" of construction not an element in conversion cases. It should be noted that, whereas newly constructed housing accommodations are decontrolled if construction was "completed" on or after February 1, 1947, decontrol in the case of a conversion occurs only if additional housing accommodations were created by the conversion on or after that date. There is a substantial difference between these two concepts. For example, where the conversion resulted in additional housing accommodations which were occupied prior to February 1, 1947, they would not be decontrolled even though additional work was done on or after that date. The test is not whether the additional housing accommodations were "completed" prior to February 1, 1947, but whether they were created prior to that date.

4. *Requirement of structural change involving substantial work.* In order for decontrol to occur by reason of conversion of previously existing housing accommodations, there must be a structural change involving substantial alterations or remodeling. For example, if a single family residence is divided into two units merely by a locking of doors and renting to two separate tenants, decontrol does not result.

5. *Requirement that additional housing accommodations result from the alterations or remodeling.* Where there has been a structural change involving substantial alteration or remodeling, decontrol occurs only if additional housing accommodations result from this work. This determination is made with respect to the dwelling unit or dwelling units which are necessarily involved in the creation of additional housing accommodations.

Examples: A vacant structure contains two 6-room apartments, each containing a kitchen and a bathroom. Subsequent to February 1, 1947, the landlord made structural changes in one apartment involving substantial alterations and remodeling. He converts the apartment into two apartments by adding a kitchen and a bath to two of the rooms and separating this apartment from the remaining four rooms (including kitchen) and bath. The other 6-room apartment was not involved in the conversion. The 4- and 3-room apartments are considered additional housing accommodations created by conversion and decontrolled, while the 6-room apartment remains under control.

6. *Basis for determining whether additional housing accommodations have been created.* In determining whether additional housing accommodations have been created, the primary test is not whether there are more tenants in occupancy than before the conversion, nor whether there is more floor space. The determination is made by comparing the number of dwelling units before and after the conversion. For example: There was a 12-room vacant house which was structurally designed for single family occupancy, but which was occupied by the owner and six roomers. Subsequent to February 1, 1947, this house was converted into four individual apartments, each with its own kitchen and bath facilities. All four apartments are decontrolled.

NOTE: In the cases cited in paragraphs 5 and 6 above, the conversion took place when the accommodations were vacant. Different considerations are involved in cases where the conversion takes place while a tenant remains in occupancy. Such exceptional cases require individual treatment and are not discussed in this interpretation.

VI. *Housing accommodations not rented for any successive twenty-four month period between February 1, 1945, and March 30, 1948*—1. *Provision of regulations.* Paragraph (b) (2) (iii) of §§ 825.1, 825.21, 825.41, 825.61, 825.81, 825.101, and 825.121 of the regulations provides for decontrol of housing accommodations which were not rented as such for any successive 24-month period between February 1, 1945, and March 30, 1948 (both dates inclusive), other than to members of the landlord's immediate family.

The Housing and Rent Act of 1947, effective July 1, 1947, contained a decontrol provision which was the same as the present one, except that it covered only housing accommodations which were not rented at any time between February 1, 1945, and January 31, 1947, other than to members of the immediate family of the occupant. The act as amended to April 1, 1948, extended this decontrol provision to cover housing accommodations which were not rented during any successive 24-month period between February 1, 1945, and March 30, 1948, other than to members of the landlord's immediate family.

2. *Removal of house to new location.* If housing accommodations were rented during the two-year period, and were physically moved to a new location after expiration of the two-year period, they are not decontrolled. The removal of a house to a new location does not change the fact that the particular house had been rented during the two-year period. Of course, a new maximum rent should be established under paragraph (c) of §§ 825.4, 825.24, 825.44, 825.64, 825.84, 825.104, and 825.124 of the regulations, by reason of the new location, which would be subject to reduction on the basis of comparability.

3. *Rental of only part of house during two-year period.* Where only part of a house was rented during the two-year period and the portion that was rented constituted less than a predominant part of the entire house (predominance being determined on a space basis), the portion that was rented is not decontrolled. However, if the entire house is subsequently rented, as one unit, it is decontrolled and likewise the rental of any portion of the house which was not rented during the two-year period is also decontrolled.

Where only a part of a house was rented during the two-year period, and the portion that was rented constituted the predominant part of the entire house, there is no decontrol of either the entire house or of any portion that was rented during the two-year period.

4. *Rental of entire house or structure as such during two-year period.* Where, during the two-year period, an entire house was rented to a tenant as a residence, there is no decontrol either on a rental of the entire house or on a separate renting of any portion of the house. This is because the entire house, including every portion thereof, was rented during the two-year period.

Where, during the two-year period, an apartment structure was rented as such to a master tenant who occupied one of the apartments himself and sublet the other apartments to tenants, the apartment occupied by the master tenant as well as the other apartments, are not decontrolled. This is because the apartment occupied by the master tenant was rented during the two-year period as part of the underlying lease of the entire structure. The other apartments, of course, were rented both as part of the underlying lease and separately by the master tenant.

5. *Occupancy by landlord as condition for decontrol.* Under the Housing and Rent Act of 1947 and the regulations in effect prior to April 1, 1948, where entire housing accommodations were rented during the two-year period to members of the landlord's immediate family, there was no decontrol. This is because the landlord was not an "occupant" of the housing accommodations in question, and the 1947 act and regulations provided for decontrol in such cases only if the renting was to members of the immediate family of the "occupant." This does not apply on and after April 1, 1948, because the act and regulations as amended April 1, 1948, provide for decontrol in such cases if the housing accommodations were rented to members of the immediate family of the "landlord." Occupancy by the landlord of part of the housing accommodations is no longer required as a condition of decontrol.

6. *Occupancy by tenants in common during two-year period.* In any case where during the two-year period housing accommodations were owned by two or more individuals as tenants in common, and were occupied during that period by one or more of those individuals by virtue of their status as tenants in common, the housing accommodations are decontrolled. In other words, the relationship between tenants in common is not a landlord-tenant relationship, so that in such cases the housing accommodations have not been "rented".

7. *Occupancy by seller as part of purchase contract during two-year period.* Where a purchaser of housing accommodations, as part of a purchase contract, permits the seller to remain in possession for a limited period of time, this constitutes a "renting." Where, however, the local courts have ruled that this type of occupancy does not involve a landlord-tenant relationship, and the parties acted in reliance upon the decision of the court, the question of decontrol of the particular housing accommodations is left for decision by the local courts.

8. *Occupancy during two-year period by sole stockholder of corporation.* Where during the two-year period there was occupancy by the sole stockholder of a corporation which was the owner of the house, a question is presented as to whether there was a landlord-tenant relationship between the corporation and the sole stockholder. Ordinarily, since a corporation is a legal entity separate from its stockholders, occupancy by the sole stockholder would be on the basis of a landlord-tenant relationship, so that the housing accommodations would not be decontrolled.

9. *Housing accommodations which were exempt from rent control during two-year period.* Where during the two-year period housing accommodations were rented under circumstances which caused the renting to be exempt from the rent regulations, the mere fact that such an exemption existed does not result in decontrol. For example, where housing accommodations were occupied during the two-year period by a janitor as part of the compensation he received for his services as janitor, the housing accommodations, so long as this situation existed, were exempt from the rent regulations. If, however, after expiration of the two-year period, the housing accommodations are no longer occupied by a janitor under such an arrangement, but are rented to a tenant under an ordinary rental agreement, the exemption ceases to apply, and the question arises whether they are decontrolled on the basis that they had not been "rented" during the two-year period. Such housing accommodations are not decontrolled on that basis because, even though they were exempt during the two-year period, they were rented during that period to a person who was not a member of the landlord's immediate family.

Another example of the same principle is the following: A college dormitory was occupied by students during the two-year period under circumstances which made rooms exempt from rent control. After the two-year period, the college proposes to rent the rooms in the structure to professors or other persons on an ordinary landlord-tenant basis. Such a renting would be subject to rent control because, although the rooms in the dormitory were exempt during the two-

year period, they were in fact rented to persons other than members of the landlord's immediate family.

VII. *New housing accommodations completed between February 1, 1945, and January 31, 1947, and not rented until after June 30, 1947*—1. *Provision of regulations.* Paragraph (b) (2) of §§ 825.1, 825.21, 825.41, 825.61, 825.81, 825.101, and 825.121 of the regulations provides for the decontrol of housing accommodations, construction of which was completed between February 1, 1945, and January 31, 1947 (both dates inclusive), and which were not rented at any time as housing accommodations from the date of completion until after June 30, 1947, other than to members of the landlord's immediate family. This is based on a new provision in section 202 (c) (3) of the Housing and Rent Act, as amended in 1948, and therefore became effective on April 1, 1948.

The Housing and Rent Act of 1947 which became effective July 1, 1947, had provided for the decontrol of housing accommodations which were not rented as housing accommodations at any time between February 1, 1945, and January 31, 1947, other than to members of the occupant's immediate family. This provision did not result in the decontrol of housing accommodations which first came into existence by reason of new construction after February 1, 1945, even though the housing accommodations were not rented at any time between the date of completion and January 31, 1947. The act as amended April 1, 1948, provides specifically for the decontrol of housing accommodations, construction of which was completed during this two-year period, if they were not rented as housing accommodations at any time between the date of completion and June 30, 1947, other than to members of the landlord's immediate family.

2. *Definition of when construction is "completed".* For purposes of this provision, the definition of when construction of housing accommodations has been completed is the same as set forth under "IV, 2" above.

3. *Other interpretations.* The interpretations as to when there has been a "renting" of housing accommodations and the effect of such renting, which are given under "VI" above, are equally applicable to cases under this heading "VII."

VIII. *Non-housekeeping furnished accommodations located in a single dwelling unit*—1. *Provision of regulations.* Paragraph (b) (2) of §§ 825.1, 825.21, 825.41, 825.61, 825.81, 825.101, and 825.121 of the regulations provides for decontrol under certain conditions of non-housekeeping furnished accommodations which are located in a single dwelling unit. All the following conditions must exist in order for such accommodations to be decontrolled:

a. The accommodations in question must be non-housekeeping furnished accommodations.

b. They must be located in a single dwelling unit which is not used as a rooming house or boarding house.

c. There must be no more than two paying tenants in the dwelling unit other than members of the landlord's immediate family.

d. The remaining portion of the dwelling unit (i. e., the portion not occupied by paying tenants who are not members of the landlord's immediate family) must be occupied by the landlord or his immediate family.

This decontrol provision became effective April 1, 1948, based on a new provision in the Housing and Rent Act of 1947, as amended, effective April 1, 1948.

2. *Meaning of "non-housekeeping" accommodations.* A non-housekeeping room or unit is one which does not contain cooking and other house-keeping facilities. For example, where a room does not contain any cooking facilities, the mere fact that the tenant of the room has the privilege of using the kitchen in the house does not destroy the "non-housekeeping" status of the room. Likewise, the fact that the tenant of such a room is given the privilege of sharing other parts of the house, such as living-room, dining-room, etc., does not destroy the status of the room as a "non-housekeeping" accommodation. Such a situation is to be distinguished from the case where the tenant rents an entire house with the exception of a room which was reserved by the landlord for his own occupancy. In such a case there would be no decontrol.

3. *Requirement that there be no more than two paying tenants in the dwelling unit.* A master tenant rented three rooms in a house and then sublet each room to two sub-tenants who became actual occupants. The six sub-tenants paid their rent to the master tenant, and the master tenant was the only person who paid rent to the landlord. In such a case there are more than two paying tenants in the dwelling unit, so that none of the rooms are decontrolled.

[Controlled Housing Rent Reg.,[1] Amdt. 40]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

CONTROLLED HOUSING RENT REGULATION

The Controlled Housing Rent Regulation (§§ 825.1 to 825.12) is amended in the following respect:

1. Schedule B is amended by incorporating Item 32 as follows:

32. Provisions relating to Cass County, a portion of the Fargo-Moorhead Defense-Rental Area, State of North Dakota:

Increase in maximum rents based upon the recommendation of the Local Advisory Board. Effective October 5, 1948, an increase of 10 percent is hereby authorized in the maximum rents for all housing accommodations in Cass County, a portion of the Fargo-Moorhead Defense-Rental Area, State of North Dakota, except (i) all maximum rents established under § 825.4 (b) of this regulation and (ii) all maximum rents which have heretofore been adjusted under §§ 825.5 (a) (12) or 825.5 (a) (16) of this regulation. All provisions of this regulation insofar as they are applicable to the Fargo-Moorhead Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect. (Sec. 204 (e), 61 Stat. 197, Public Law 129, 80th Congress; as amended by 62 Stat. 37, Public Law 422, 80th Congres; and as amended by 62 Stat. 94, Public Law 464, 80th Congress; 50 U. S. C. App. 1894 (e))

This amendment shall become effective October 5, 1948.

Issued this 1st day of October 1948.

Acting Housing Expediter.

Statement To Accompany Amendment 40 to the Controlled Housing Rent Regulation

The Local Advisory Board for Cass County, a portion of the Fargo-Moorhead Defense-Rental Area, State of North Dakota, has, in accordance with section 204 (e) (1) (B) of the Housing and Rent Act of 1947, as amended, recommended an increase in the general rent level in Cass County, North Dakota, a part of the Fargo-Moorhead Defense-Rental Area, except as to maximum rents established under § 825.4 (b) of this regulation and maximum rents which have heretofore been adjusted under §§ 825.5 (a) (12) or 825.5 (a) (16) of this regulation.

The Housing Expediter has found that this recommendation is appropriately substantiated and is in accordance with applicable law and regulations to the extent of 10 percent, and is, therefore, issuing this amendment to effectuate such portion of the recommendation.

[Controlled Housing Rent Reg.,[1] Amdt. 41]

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

CONTROLLED HOUSING RENT REGULATION

The Controlled Housing Rent Regulation (§§ 825.1 to 825.12) is amended in the following respect:

1. Schedule B is amended by incorporating Item 33 as follows:

33. Provisions relating to the Cedar Rapids Defense-Rental Area, State of Iowa:

Increase in maximum rents based upon the recommendation of the Local Advisory Board. Pursuant to the provisions of and subject to the limitations contained in the Housing and Rent Act of 1947, as amended, an increase of 7 percent, effective October 5, 1948, is hereby authorized in the maximum rents for those housing accommodations in the Cedar Rapids Defense-Rental Area which were not covered by Schedule B, Item 24, of this regulation except (i) housing accommodations which were first rented on or after February 4, 1948, and (ii) housing accommodations for which the maximum rent has been adjusted on or after August 22, 1947 under § 825.5 (a) (12) or § 825.5 (a) (16) of this regulation: *Provided, however,* That if the 7 percent increase hereby authorized is applied to housing accommodations for which the maximum rent has been adjusted on or after February 4, 1948, under § 825.5 (a) (11) of this regulation, the amount of such adjustment under § 825.5 (a) (11) shall be excluded in determining the increased maximum rent. All provisions of this regulation insofar as they are applicable to the Cedar Rapids Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect. (Sec. 204 (e), 61 Stat. 197, Public Law 129, 80th Congress; as amended by 62 Stat. 37, Public Law 422, 80th Congress; and as amended by 62 Stat. 94, Public Law 464, 80th Congress; 50 U. S. C. App. 1894 (e))

This amendment shall become effective October 5, 1948.

Issued this 1st day of October 1948.

J. WALTER WHITE,
Acting Housing Expediter.

Statement To Accompany Amendment 41 to the Controlled Housing Rent Regulation

Effective February 4, 1948, based upon a recommendation of the Local Advisory Board for the Cedar Rapids Defense-Rental Area, State of Iowa, an amendment was issued granting an increase of 7 percent in the general rent level in the Cedar Rapids, Iowa, Defense-Rental Area on freeze date rents and on those rents adjusted by orders on the basis of the rents generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date. Excluded from this general rent increase were the maximum rents for housing accommodations first rented between the freeze date and February 4, 1948 which had not been adjusted to freeze date comparability.

At a later date, the same Local Advisory Board has, in accordance with section 204 (e) (1) (B) of the Housing and Rent Act of 1947, as amended, recommended that, subject to certain exceptions, an increase of 7 percent shall be made in the maximum rents for housing accommodations first rented between the freeze date and February 4, 1948 which had not been adjusted to freeze date comparability. The Housing Expediter has found that this recommendation is appropriately substantiated and is in accordance with applicable law and regulations, and is, therefore, issuing this amendment to effectuate the recommendation.

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

RENT REGULATION FOR CONTROLLED ROOMS IN ROOMING HOUSES AND OTHER ESTABLISHMENTS

The Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§§ 825.81 to 825.92) is amended in the following respect:

1. Schedule B is amended by incorporating Item 34 as follows:

34. Provisions relating to the Cedar Rapids Defense-Rental Area, State of Iowa:

Increase in maximum rents based upon the recommendation of the Local Advisory Board. Pursuant to the provisions of and subject to the limitations contained in the Housing and Rent Act of 1947, as amended, an increase of 7 percent, effective October 5, 1948, is hereby authorized in the maximum rents for those housing accommodations in the Cedar Rapids Defense-Rental Area which were not covered by Schedule B, Item 24, of this regulation except (i) housing accommodations which were first rented on or after February 4, 1948 and (ii) housing accommodations for which the maximum rent has been adjusted on or after August 22, 1947 under § 825.85 (a) (9) of this regulation: *Provided, however,* That if the 7 percent increase hereby authorized is applied to housing accommodations for which the maximum rent has been adjusted on or after February 4, 1948 under § 825.85 (a) (8) of this regulation, the amount of such adjustment under § 825.85 (a) (8) shall be excluded in determining the increased maximum rent. All provisions of this regulation insofar as they are applicable to the Cedar Rapids Defense-Rental Area are hereby amended to the extent necessary to carry this provision into effect. (Sec. 204 (e), 61 Stat. 197, Public Law 129, 80th Congress; as amended by 62 Stat. 37, Public Law 422, 80th Congress; and as amended by 62 Stat. 94, Public Law 464, 80th Congress; 50 U. S. C. Statement To Accompany Amendment 41 to the Rent Regulations for Controlled Rooms in Rooming Houses and Other Establishments

Effective February 4, 1948, based upon a recommendation of the Local Advisory Board for the Cedar Rapids Defense-Rental Area, State of Iowa, an amendment was issued granting an increase of 7 percent in the general rent level in the Cedar Rapids, Iowa, Defense-Rental Area on freeze date rents and on those rents adjusted by orders on the basis of the rents generally prevailing in the defense-rental area for comparable accommodations on the maximum rent date. Excluded from this general rent increase were the maximum rents for housing accommodations first rented between the freeze date and February 4, 1948 which had not been adjusted to freeze date comparability.

At a later date, the same Local Advisory Board has, in accordance with section 204 (e) (1) (B) of the Housing and Rent Act of 1947, as amended, recommended that, subject to certain exceptions, an increase of 7 percent shall be made in the maximum rents for housing accommodations first rented between the freeze date and February 4, 1948 which had not been adjusted to freeze date comparability. The Housing Expediter has found that this recommendation is appropriately substantiated and is in accordance with applicable law and regulations, and is, therefore, issuing this amendment to effectuate the recommendation.

TITLE 43—PUBLIC LANDS: INTERIOR

Subtitle A—Office of the Secretary of the Interior

[Order 2479]

PART 4—DELEGATIONS OF AUTHORITY

SUBPART E—BUREAU OF RECLAMATION

1. Subparagraph (a) (12) of § 4.412, authorizing the Commissioner of Reclamation to execute contracts involving the sale of electric power and energy, etc. (Order 2034; 10 F. R. 3142; 43 CFR, 1946 Supp., 4.412), is hereby revised to read as follows:

§ 4.412 *Delegation of authority with respect to investigation, construction and operation of Federal Reclamation Projects.* (a) • • •

(12) To enter into, modify, or supplement, contracts with persons or organizations other than Federal agencies or privately-owned public utilities (i) for the sale of firm electric power and energy, or (ii) for the sale of secondary or dump energy. The provisions of contracts for the sale of firm power and energy should in substance be consistent with those provisions which the Secretary has approved as standard articles for this type of contract, although minor variations in form are permissible. The rates provided for in such contracts shall be those approved by the Secretary. The provisions of contracts for the sale of secondary and dump energy shall be consistent with principles and procedures approved by the Secretary. Copies of all contracts executed pursuant to the authority granted in this subparagraph shall be furnished to the Division of Power. Any provisions of contracts for the sale of firm power and energy which vary from the standard articles shall be called to the attention of the Director of the Division of Power.

2. Order No. 2034, dated March 13, 1945, is hereby superseded.

C. GIRARD DAVIDSON,
Acting Secretary of the Interior.

SEPTEMBER 27, 1948.

Bender, a partnership d/b as Angelus Broadcasting Company, Temple City, California, Docket No. 9115, File No. BP-5697; Albert M. Carmona, Frank J. Fontine and John R. Parsons, a partnership d/b as Montebello Broadcasting Company, Montebello, California, Docket No. 9116, File No. BP-6072; Jess Oppenheimer, Devery Freeman, Mort Werner, Herb Land and Jim Strain, a partnership d/b as Southland Broadcasting Company, Long Beach, California, Docket No. 9117, File No. BP-6297; for construction permits.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 8th day of September 1948;

The Commission having under consideration the above-entitled applications of (1) C. Mervin Dobyns, requesting 750 kw, with 1 kw power, daytime only at San Bernardino, California; (2) Gomer Cool, A. L. Nunamaker, and Blain O. Bender, a partnership d/b as Angelus Broadcasting Company, requesting 760 kc, with 250 w power, daytime only at Temple City, California; (3) Albert M. Carmona, Frank J. Fontine and John R. Parsons, a partnership d/b as Montebello Broadcasting Company, requesting 750 kc, with 250 w power, daytime only at Montebello, California; and (4) Jess Oppenheimer, Devery Freeman, Mort Werner, Herb Land and Jim Strain, a partnership d/b as Southland Broadcasting Company, requesting 740 kc, with 1 kw power, daytime only at Long Beach, California;

It appearing, that the applications of C. Mervin Dobyns, Angelus Broadcasting Company and Montebello Broadcasting Company seek authorization to operate daytime only on clear channel frequencies; that, pursuant to the Commission's policy with respect to such requests, the applications have been placed in the pending file to await a decision in the clear channel hearing; that these applications involve prohibitive interference with the Southland Broadcasting Company proposal; and that it is the policy (established August 9, 1946) of the Commission to remove applications, placed in the pending file for the aforestated reason, for the purpose of designating same for hearing in a consolidated proceeding with conflicting applications for adjacent channel.

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said applications of C. Mervin Dobyns, Angelus Broadcasting Company, Montebello Broadcasting Company and Southland Broadcasting Company be, and they are hereby, designated for hearing in a consolidated proceeding, at a time and place to be determined by subsequent order of the Commission, upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant, C. Mervin Dobyns, and of the applicant partnerships and the partners to construct and operate the proposed stations.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed stations and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed stations would involve objectionable interference with any existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed stations would involve objectionable interference with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed stations would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations.

7. To determine the overlap, if any, that will exist between the service areas of the proposed Long Beach, California, station and of station KVEN at Ventura, California, the nature and extent thereof, and whether such overlap, if any, is in contravention of § 3.35 of the Commission's rules.

8. To determine on a comparative basis which, if any, of the applications in this consolidated proceeding should be granted.

It is further ordered, That if, as a result of the consolidated hearing, it appears that, were it not for the issues pending in the hearing regarding daytime skywave transmissions (Docket No. 8333) and the Commission's policy pertaining thereto as announced in the Public Notice of May 8, 1947, the public interest would be best served by a grant of one of the above-entitled applications other than that of Southland Broadcasting Company then such application will be returned to the pending file until after the conclusion of the said hearing regarding daytime skywave transmissions.

SAN FERNANDO VALLEY BROADCASTING CO.

PUBLIC NOTICE CONCERNING THE PROPOSED TRANSFER OF CONTROL [1]

The Commission hereby gives notice that on September 13, 1948, there was filed with it an application (BTC-684) for its consent under section 310 (b) of the Communications Act to the proposed transfer of control of San Fernando Valley Broadcasting Company, licensee of station KGIL, San Fernando, California, from Helen Ruth Allen, executrix of the estate of C. P. M. Allen, to Fayette J. Smalley, Jr. The proposal to transfer control arises out of an agreement pursuant to which Helen Ruth Allen, as executrix of the estate of C. P. M. Allen, proposes to transfer to F. J. Smalley, Jr. 1,325 shares (53%) of licensee's Class B (voting) stock and 600 shares of licensee's Class A (non-voting) stock at a price of $10 per share or a total price of $19,250. Further information as to the arrangements may be found with the application and associated papers which are on file at the offices of the Commission in Washington, D. C.

Pursuant to § 1.321 which sets out the procedure to be followed in such cases, including the requirement for public notice concerning the filing of the application, the Commission was advised by applicant on September 22, 1948, that starting on September 15, 1948 notice of the filing of the application would be inserted in the Valley Times, a newspaper of general circulation at Los Angeles, California, in conformity with the above section.

In accordance with the procedure set out in said section, no action will be had upon the application for a period of 60 days from September 15, 1948, within which time other persons desiring to apply for the facilities involved may do so upon the same terms and conditions as set forth in the above described contract.

FEDERAL POWER COMMISSION

[Docket No. G-1128]

NORTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

SEPTEMBER 28, 1948.

Notice is hereby given that on September 17, 1948, Northern Natural Gas Company (Applicant), a Delaware corporation having its principal place of business at Omaha, Nebraska, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and operate certain natural-gas transmission facilities described as follows:

(1) Approximately 0.25 miles of 2⅜-inch O. D. branch pipe line, together with appurtenances thereto, extending from a point of interconnection with Applicant's 16-inch main pipe line in the Southeast Quarter (SE¼) of Section 11, Township 101 North, Range 22 West, Freeborn County, Minnesota, in an Easterly direction to the proposed Alden, Minnesota, town border station.

(2) A measuring and regulating station to be located in the Southwest Quarter (SW¼) of Section 12, Township 101 North, Range 22 West, Freeborn County, Minnesota.

The application recites that the service proposed to be rendered by means of the proposed facilities is the delivery and sale of the natural gas requirements of Peoples Natural Gas Company, a wholly-owned subsidiary of Applicant, for resale to the Twin Lakes Power Plant of the Dairyland Power Cooperative on an interruptible basis, and that the proposed facilities are for an additional delivery point for Alden, Minnesota.

The application further states that the estimated maximum daily demands of the Dairyland Power Cooperative Twin Lakes Power Plant is 1,000 Mcf and that such volume will be classified under Step 3 of paragraph (9) of Applicant's F. P. C. Gas Schedules, Volume No. 2, and will be served within Peoples Natural Gas Company's Authorized Summer Demand, as defined in paragraph (10) of said Gas Schedules.

The estimated total over-all capital cost of the proposed facilities is $6,500, which will be financed out of the general funds of the Applicant.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the coopera-

tive provisions of § 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of Northern Natural Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of §§ 1.8 and 1.10, whichever is applicable, of the rules of practice and procedure.

NORTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

SEPTEMBER 28, 1948.

Notice is hereby given that on September 20, 1948, Northern Natural Gas Company (Applicant), a Delaware corporation having its principal place of business at Omaha, Nebraska, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and operate certain natural-gas transmission facilities described as follows:

(1) Approximately 3.56 miles of 4½-inch O. D. branch pipe line, together with appurtenances thereto, extending from a point of interconnection with Applicant's 20-inch main pipeline in the Northwest Quarter (NW¼) of Section 31, Township 85 North, Range 27 West, Boone County, Iowa, in an Easterly direction to the proposed Pilot Mound, Iowa, town border station.

(2) A measuring and regulating station to be located in Southeast Quarter (SE¼) of Section 34, Township 85 North, Range 27 West, Boone County, Iowa.

The application recites that the service proposed to be rendered by means of the proposed facilities is the delivery and sale of the natural gas requirements of Peoples Natural Gas Company, a wholly-owned subsidiary of Applicant, for resale to the Fort Dodge, Des Moines and Southern Railway Power Plant on an interruptible basis, and that the proposed facilities are for an additional delivery point for Pilot Mound, Iowa.

The application further states that the estimated maximum daily demand of the Fort Dodge, Des Moines and Southern Railway Power Plant is 3,000 Mcf of which 100 Mcf will be classified under Step 3 and all remaining volumes will be classified under Step 1 of paragraph (9) of Applicant's F. P. C. Gas Schedules, Volume No. 2. The 100 Mcf of Step 3 gas will be served within Peoples Natural Gas Company's Authorized Summer Demand, as defined in paragraph (10) of said Gas Schedules.

The estimated total over-all capital cost of the proposed facilities is $29,900. Peoples Natural Gas Company will make a contribution in aid of construction of $24,700. Peoples Natural Gas Company will, in turn, receive a contribution in aid of construction of a like amount from the Fort Dodge, Des Moines and Southern Railway Company. The remaining amount of $5,200 will be financed by Applicant out of its general funds.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of § 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

IROQUOIS GAS CORP.

ORDER FIXING DATE OF HEARING

SEPTEMBER 28, 1948.

Upon consideration of the application filed July 13, 1948, and supplementary data filed on August 18, and August 20, 1948, by Iroquois Gas Corporation (Applicant) a New York corporation with its principal office at Buffalo, New York, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas facilities, subject to the jurisdiction of the Commission, as fully described in such application on file with the Commission and open to public inspection;

It appearing to the Commission that:

(1) Temporary authorization to construct and operate the requested facilities was granted by the Commission on September 3, 1948; and

(2) This proceeding is a proper one for disposition under the provisions of § 1.32 (b) of the Commission's rules of practice and procedure, Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protests or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on July 28, 1948 (13 F. R. 4328).

The Commission, therefore, orders that:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on October 21, 1948, at 9:30 a. m. (e. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of said rules of practice and procedure.

Date of issuance: September 29, 1948.

SECURITIES AND EXCHANGE COMMISSION

[File No. 7-1077]

BRUCK MILLS LIMITED

FINDINGS AND ORDER

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 27th day of September A. D. 1948.

In the matter of Bruck Mills Limited. Class "A" Shares, Without Par Value. Class "B" Shares, Without Par Value. File No. 7-1077.

The New York Curb Exchange has made application under Rule X-12F-2 (b) for a determination that the Class "A" Shares, without par value, and the Class "B" Shares, without par value, of Bruck Mills Limited, a Canadian corporation, are substantially equivalent to the previously outstanding Common Shares, without par value, of this company, which have been admitted to unlisted trading privileges on the New York Curb Exchange since June 5, 1929.

Section 12 (f) of the Securities Exchange Act of 1934 provides that a national securities exchange, upon application to and approval of such application by the Commission, • • • (1) may continue unlisted trading privileges to which a security had been admitted on such exchange prior to March 1, 1934; or (2) may extend unlisted trading privileges to any security duly listed and registered on any other national securities exchange • • •; or (3) may extend unlisted trading privileges to any security in respect of which there is available from a registration statement and periodic reports or other data filed • • • under the Securities Exchange Act of 1934, or the Securities Act of 1933, information substantially equivalent to that available in respect of a security duly listed and registered on a national securities exchange.

Since Bruck Mills Limited has no securities listed or registered on any national securities exchange, and has never filed with the Commission a registration statement pursuant to the Securities Act of 1933, the New York Curb Exchange may not have unlisted trading privileges in the Class "A" Shares without par value, or the Class "B" Shares, without par value, of this company except in the event that these be deemed securities admitted to unlisted trading privileges on this exchange prior to March 1, 1934. Under section 12 (f) of the act the Commission has adopted Rule X-12F-2 which provides for an application by an exchange to the Commission for a determination whether a security admitted to unlisted trading privileges that has been changed by an issuer is thereafter substantially equivalent to the security theretofore admitted to unlisted trading privileges.[1] If the Commission determines that the security after such change is substantially equivalent to the security theretofore admitted to unlisted trading privileges, the rule provides that the security as changed shall be deemed to be the security theretofore admitted to unlisted trading privileges.

Bruck Mills Limited has had an authorized capitalization of 150,000 shares of common stock without nominal or par value, of which 125,000 shares have been issued and fully paid for. No shares of preferred stock previously were outstanding. This company is now undergoing a reorganization, which has been approved by the shareholders, whereby the previously outstanding shares of common stock are to be changed and converted in the following manner. Each share of the previously outstanding common stock shall be exchanged for one share of new Class "A" Shares without nominal or par value, and two shares of new Class "B" Shares without nominal or par value.

The Class "A" Shares will have no voting rights except in the event of ar-

[1] The full text of Rule-12F-2, entitled "Changes in Securities Admitted to Unlisted Trading Privileges", is as follows:

"(a) Any security admitted to unlisted trading privileges on a national securities exchange although changed in one or more of the following respects—

"(1) Title of such security or the name of the issuer;

"(2) The maturity, interest rate, and/or outstanding aggregate principal amount of an issue of bonds, debentures or notes;

"(3) The par value, dividend rate, number of shares authorized and/or the outstanding number of shares of a stock;

shall, nevertheless, be deemed to be the security theretofore admitted to unlisted trading privileges on such exchange. Such exchange shall notify the Commission in writing of any such change promptly after learning thereof.

"(b) Any security admitted to unlisted trading privileges on a national securities exchange in respect of which there is effected any change other than those specified in paragraph (a) of this rule, shall, nevertheless, be deemed to be the security theretofore admitted to unlisted trading privileges on such exchange, provided the Commission shall have determined, upon application by such exchange, that the security after such change is substantially equivalent to the security theretofore admitted to unlisted trading privileges.

"Such application shall be filed in triplicate, shall be in the form prescribed for registration statements by Rule X-2 and shall contain the following information:

"(1) Title of security.

"(2) Name of issuer.

"(3) A brief but comprehensive description of each change proposed to be effected in such security, together with a copy of all written matter submitted to security holders relating to each such change."

rearages in dividends, as all other voting rights at shareholders' meetings are vested in the Class "B" Shares. The holders of the Class "A" Shares shall be entitled to cumulative preferential dividends at the rate of $1.20 per share per annum before any dividend may be paid upon the Class "B" Shares. Thereafter the Class "B" Shares shall be entitled to dividends of 60¢ per share per annum. With respect to any remaining income available for distribution as dividends after the payment of $1.20 on each Class "A" Share and 60¢ on each Class "B" Share, the remaining amount shall be declared and paid equally on all Class "A" and Class "B" Shares, share and share alike, without any preference or priority of one class of shareholder over another. In the event of either voluntary or involuntary liquidation of the company, the holders of the Class "A" Shares shall first be entitled to receive from the assets to be distributed an amount equivalent to all arrearages in dividends, and thereafter the holders of the Class "A" Shares and the holders of the Class "B" Shares shall rank equal, share for share, in all distribution of the assets of the company. The holders of Class "A" Shares are not to be entitled to any pre-emptive rights to subscribe for or purchase any part of any issue of shares or bonds or other securities hereafter to be issued or authorized by the company.

By this reorganization Bruck Mills Limited is changing its single class of presently outstanding common stock into two new issues of securities, one of which is more nearly a preferred stock because it has the most important aspect of a preferred stock, namely, the right to the payment of dividends before dividends are paid on another class of stock. Likewise, the Class "B" stock would appear more nearly to be a common stock because its right to receipt of dividends, to the extent of 60¢ per share, is junior to the right of another class of stock. Also, the fact that it has all the voting power of the corporation, except in the event of arrearages in dividends on the senior security, is a usual attribute of common stock.

It is true that there are certain deviations from the normal attributes of preferred and of common stock in that the Class "A" and Class "B" Shares will share equally in amounts distributed as dividends after the payment of $1.20 on each Class "A" share and 60¢ on each Class "B" share. Also, each class will share equally, share for share, in distribution of the assets of the corporation after the Class "A" shares have first participated in the distribution of assets to the extent necessary to satisfy any arrearages in the cumulative preferred dividends. It should be noted that since there will be twice as many Class "B" Shares outstanding as Class "A", the holders of Class "B" Shares as a class will have a two-thirds interest in any residual dividends that may be declared, and in the distribution of assets upon liquidation, as opposed to the Class "A" shareholders' one-third interest.

Future purchasers of the Class "A" Shares who do not own Class "B" Shares will have rights very different from the rights of the holders of the previously outstanding shares of common stock of this company. Likewise, future owners of Class "B" Shares who do not at the same time own Class "A" Shares will have rights considerably different from the rights of the holders of the common shares that were previously outstanding. It seems difficult to consider two new issues of securities, one more nearly possessing the attributes of a preferred stock and one more nearly possessing the attributes of a common stock, as being substantially equivalent to one previously outstanding single class of security. However, of the two new issues of securities, it would appear that the Class "B" Shares in the rights they entitle the holders to, are closer to the previously outstanding common stock than are the new Class "A" Shares. The closest similarity is in voting power. Except when there are arrearages in dividends on the Class "A" stock, the new Class "B" stock possesses all the voting power of the corporation which was formerly held by the holders of the single class of common stock outstanding. For these reasons it would appear that the Class "B" Shares may be deemed substantially equivalent to the previously outstanding common shares, and that the Class "A" Shares are not substantially equivalent to the previously outstanding common shares.

Accordingly it is ordered, Pursuant to sections 12 (f) and 23 (a) of the Securities Exchange Act of 1934 and Rule X-12F-2 (b) thereunder, that the Class "B" Shares, without par value, of Bruck Mills Limited are hereby determined to be substantially equivalent to the previously outstanding common shares, without par value, of Bruck Mills Limited.

It is further ordered, Pursuant to sections 12 (f) and 23 (a) of the Securities Exchange Act of 1934 and Rule X-12F-2 (b) thereunder, that the Class "A" Shares, without par value, of Bruck Mills Limited, are hereby determined not to be substantially equivalent to the previously outstanding common shares, without par value, of Bruck Mills Limited.

By the Commission.

Chapter II—Production and Marketing Administration (Commodity Credit)

PART 246—SWEETPOTATOES

STATEMENT OF POLICY

The United States Department of Agriculture will support the price of the 1948 crop of sweetpotatoes from September 1, 1948, to April 30, 1949. If price support operations become necessary in order to reflect a price to producers of not less than 90 percent of parity through December 31, 1948, and of not less than 60 percent and not more than 90 percent of parity from January 1 through April 30, 1949, such support will be accomplished through purchases. (For procedures with respect to purchase programs, see 7 CFR (1946 Sup.) 2305.14, 2305.16). During the period of November 16 through November 30, 1948, purchases will be made only of sweetpotatoes which have been in storage not less than 15 days and for which immediate disposal is necessary because excessive deterioration is occurring. After November 30, 1948, the Department may limit the rate of deliveries by time periods. The Manager of the Commodity Credit Corporation may authorize purchases in advance of September 1, 1948, at prices announced for the period of September 1, 1948, to November 15, 1948.

Purchases will be made from growers, their authorized agents, and dealers who are certified as having agreed to pay growers not less than the applicable support prices or their equivalent for all sweetpotatoes purchased and who are licensed under the Perishable Agricultural Commodities Act. Support prices are for U. S. Extra No. 1 and U. S. No. 1 grades, washed, packed in specified new containers, loaded f. o. b. carrier at shipping point in carload or truckload lots. If need for support for U. S. No. 2's develops in any area, support prices, terms, and conditions for them will be announced at that time. In any area where quarantine is imposed, price support will cease ten days prior to the date the quarantine is to become effective.

SCHEDULE OF SUPPORT PRICES FOR SWEETPOTATOES PRODUCED IN 1948 WASHED [1] AND PACKED IN NEW CONTAINERS FOR THE PERIOD SEPT. 1, 1938, THROUGH APR. 30, 1949

Variety grade	Price per bushel		
	Sept. 1 Nov. 15 [2]	Nov. 16 Dec. 31 [2]	Jan. 1 Apr. 30 [2]
Porto Rican U. S. Extra No. 1	$1.90	$2.40	$2.40
Nancy Hall [3] U. S. No. 1	1.65	2.15	2.15
Golden Jersey U. S. Extra No. 1	1.80	2.30	2.30
Triumph [3] U. S. No. 1	1.55	2.05	2.05
Other Varieties U. S. No. 1	1.30	1.75	1.75

[1] Unwashed sweetpotatoes 5 cents per bushel less.
[2] Sweetpotatoes must be packed in standard crates, bushel hampers, solid or built-up bottom bushel baskets, f. o. b. cars or trucks in carlots or trucklots. They shall be packed in accordance with the usual good commercial practices for the area. At the option of the Department, deliveries of sweetpotatoes may be made in bulk or some other stage of preparation, in which case the purchase price will be less than the prices specified above by the value of the marketing services not performed, as determined by the Manager, Commodity Credit Corporation.
[3] Including other varieties of similar varietal characteristics.

(Sec. 4 (a), 55 Stat. 498, as amended, secs. 1 (b) and 2, Pub. Law 897, 80th Cong.; Pub. Law 806, 80th Cong.; 15 U. S. C. and Sup. 713a–8; 9 F. R. 4837)

Dated this 30th day of September 1948.

PART 61—SCHEDULED AIR CARRIER RULES

GENERAL; CAA SPECIFICATIONS

Under section 601 of the Civil Aeronautics Act of 1938, as amended, the Civil Aeronautics Board is empowered to delegate to the Administrator of Civil Aeronautics the authority to prescribe rules, regulations, and standards which promote safety in air commerce. Under § 61.90 of the Civil Air Regulations, the Civil Aeronautics Board has authorized the Administrator of Civil Aeronautics to require reports from scheduled air carriers.

The Administrator of Civil Aeronautics has found that a daily report of all mechanical hazards and a monthly summary of all mechanical difficulties by air carriers are necessary in order to investigate and determine properly the necessity for, and urgency of, corrective action by the manufacturer, air carrier, or Civil Aeronautics Administration.

Acting pursuant to the foregoing statute and regulation, the following specifications are hereby adopted. They are made effective on the date indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable, unnecessary, and contrary to the public interest, and therefore is not required.

§ 61.90 *General.* • • •

CAA SPECIFICATIONS

1. *Daily report of mechanical hazards.* (a) Whenever a failure, malfunctioning, or other defect is detected in flight or on the ground in an aircraft or aircraft component which may reasonably be expected by the air carrier to cause a serious hazard in the operation of any aircraft, notice thereof shall be transmitted through the air carrier's principal maintenance base to the Civil Aeronautics Administration maintenance agent-in-charge assigned to the air carrier.

NOTE: Failures, malfunctionings, or other defects required to be reported under these specifications comprise generally the following basic items:

(1) Fire hazards.
(2) Structural hazards.
(3) Serious system or component malfunctioning or failure,
(4) Unsafe procedures or conditions, and
(5) Defects in design or quality of parts and materials found installed on aircraft or intended for such installation.

(b) Such daily reports shall be required only where mechanical hazards have been detected; shall cover the 24-hour period from midnight to midnight of each day; and shall be transmitted to the assigned maintenance agent of the Civil Aeronautics Administration before noon of the following working day, except that reports for Fridays, Saturdays, and Sundays may be submitted not later than noon of the following Mondays.

(c) Such reports may be transferred in a manner and on a form convenient to the air carrier's system of communications and procedures.

NOTE: Whenever practicable, the following guide for each aircraft type should be used by the air carrier in the preparation of the daily reports:

(1) Type, NC identification of aircraft, airline and trip number.
(2) Emergency procedure effected (unscheduled landing, dumped fuel, etc.).
(3) Nature of condition (fibre, structural failure, etc.).
(4) Identification of part and system involved.
(5) Apparent cause of trouble (wear, cracks, design, personnel error, etc.).
(6) Disposition (repaired, replaced, aircraft grounded, etc.).
(7) Brief narrative summary to supply any other pertinent data required for more complete identification, determination of seriousness, etc.

(d) The daily reports should not be withheld pending presentation of all specific details pertaining to such items of information. As soon as the additional information is obtained it may be submitted as a supplement to the report.

(e) The specifications requiring daily reports of mechanical hazards will become effective upon publication in the FEDERAL REGISTER.

2. *Monthly report of mechanical difficulties.* (a) As soon as practicable after the expiration of each calendar month, each air carrier shall submit in triplicate on a form prescribed by, or other form acceptable to, the Administrator, such information with respect to the mechanical defects, malfunctionings, and failures which occured to the aircraft and components operated by the air carrier during the preceding calendar month, as may be necessary to determine the mechanical reliability of such aircraft and components. The detailed information upon which such reports are based shall be made available for review by the assigned maintenance agent of the Civil Aeronautics Administration, or an authorized representative of the Civil Aeronautics Board.

NOTE: Sample guides for this form may be obtained from authorized representatives of the Administrator.

(b) The foregoing monthly reporting procedure shall become effective beginning with the calendar month of October, 1948.

The reports required by these specifications replace those heretofore submitted on Form ACA 478, and have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(Sec. 601, 52 Stat. 1007; 54 Stat. 1233, 1235; Pub. Law 872, 80th Cong.; 49 U. S. C. 551)

BRODIE'S, INC., ET AL.

§ 3.99 (a) *Using or selling lottery devices—Devices for lottery selling.* Selling or distributing in commerce, punch boards, push cards or other lottery devices which are to be used or may be used in the sale or distribution of merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U. S. C., sec. 45b) [Cease and desist order, Brodie's Inc. et al., Docket 5564. August 25, 1948]

At a regular session of the Federal Trade Commission held at its office in the city of Washington, D. C., on the 25th day of August A. D. 1948.

In the Matter of Brodie's, Inc., a Corporation, and John L. Stratton and Thor C. Anderson, Individuals and Officers of Brodie's, Inc.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer of the respondents, in which answer the respondents admitted all of the material allegations of fact set forth in said complaint and stated that they waived all intervening procedure and further hearing as to said facts; and the Commission having made its findings as to the facts and its conclusion that said respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondents, Brodie's, Inc., a corporation, and its officers, and John L. Stratton and Thor C. Anderson, individuals, and said respondents' agents, representatives and employees, directly or through any corporate or other device, do forthwith cease and desist from: Selling or distributing in commerce, as "commerce" is defined in the Federal Trade Commission Act, push cards, punch boards, or other lottery devices, which are to be used or may be used in the sale or distribution of merchandise to the public by means of a game of chance, gift enterprise or lottery scheme.

It is further ordered, That the respondents shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

3. In column 2, item 12, paragraph (b), the second parenthetical reference should have a closing parenthesis mark following "(k)" so that it will read, "(see § 403.709 (k))."

TITLE 22—FOREIGN RELATIONS

Chapter III—Economic Cooperation Administration

[ECA Reg. 3, as Amended Oct. 5, 1948]

PART 1115—COMMERCIAL FREIGHT SHIPMENTS OF SUPPLIES BY VOLUNTARY NONPROFIT RELIEF AGENCIES

Preamble: The provisions of this part have been approved by the Advisory Committee on Voluntary Foreign Aid. ECA Reg. 3 is amended in its entirety to read as follows:

Sec.
1115.1 Definition of terms.
1115.2 Scope of regulations.
1115.3 Agencies within scope of regulations.
1115.4 Manner of payment of charges.
1115.5 Refund by agencies.

AUTHORITY: §§ 1115.1 to 1115.5 issued under sec. 117 (c), Pub. Law 472, 80th Cong.

§ 1115.1 *Definition of terms.* For the purposes of this part:

(a) "The Administrator" shall mean the Administrator for Economic Cooperation.

(b) "The Committee" shall mean the Advisory Committee on Voluntary Foreign Aid.

§ 1115.2 *Scope of regulations.* This part provides the rules under which the Administrator, in order to further the efficient use of United States voluntary contributions for relief in the countries or zones hereinafter designated, will pay ocean freight charges from United States ports to designated foreign ports of entry on supplies donated to or purchased by United States voluntary nonprofit relief agencies registered with and recommended by the Committee, for distribution in Austria, Belgium, China, France, the United Kingdom, Greece, Italy, Luxembourg, the Netherlands, or the zones of Germany and Trieste occupied by the United States, the United Kingdom, or France.

§ 1115.3 *Agencies within scope of regulations.* Any United States voluntary nonprofit relief agency may make application to the Administrator (800 Connecticut Avenue NW., Washington 25, D. C.) for reimbursement of ocean freight charges on shipments of supplies donated to or purchased by it for distribution within the foreign countries and zones listed in § 1115.2, *Provided:*

(a) The agency is registered with and recommended by the Committee to the Administrator;

(b) The supplies are within the general program and projects of the agency as previously submitted to and approved by the Committee, and are essential in support of such programs and projects;

(c) The agency's representatives to whom the supplies are consigned for distribution abroad are acceptable to the Committee;

(d) The Committee has notified the Administrator that;

(1) The agency is not engaged in commercial or political activities;

(2) Contributions to the agency are eligible for tax exemption under income tax laws;

(3) The agency is directed by an active and responsible board of American citizens who serve without compensation;

(4) The accounts of the agency are regularly audited by a certified public accountant;

(5) The agency currently reports its activities and operations to the Committee including its budget and reports of income and expenditures, its transfer of funds, and its exports of commodities and such other information as the Committee may deem necessary, and such reports are open for public inspection;

(6) The general program and projects by countries of operation of the agency have been approved by the Committee to permit the coordination of private agency programs with each other and with the programs of the ECA;

(7) The Government of the country in which the supplies are distributed affords appropriate facilities for the necessary and economic operation of the agency's general program and projects;

(8) The supplies are free of customs duties, other duties, tolls and taxes;

(9) The agency has assumed responsibility for noncommercial distribution of the supplies free of cost to the person or persons ultimately receiving them and distribution of the supplies is supervised by United States citizens, and such operations are appropriately identified as to their American character.

§ 1115.4 *Manner of payment of ocean freight charges.* The Administrator will reimburse agencies qualified hereunder, to the extent of ocean freight charges paid by them for shipments made in conformity with the regulations in this part: *Provided*, That, application for such reimbursement must be submitted to the Administrator, on shipments made during the period July 1, 1948 through September 30, 1948, by October 31, 1948, and on shipments made after September 30, 1948, within thirty days of date of shipment, together with receipted invoices for such charges, supported by ocean bills of lading, showing that such charges are limited to the actual cost of transportation of the supplies from end of ship's tackle at the United States port of loading to end of ship's tackle at port of discharge, correctly assessed at the time of loading by the carrier for freight on a weight, measurement or unit basis, and free of any other charges.

§ 1115.5 *Refund by agencies.* Any agency reimbursed hereunder will refund promptly to the Administrator upon demand the entire amount reimbursed (or such lesser amount as the Administrator may demand) whenever the Administrator determines that the reimbursement was improper as being in violation of any of the provisions of the Foreign Assistance Act of 1948, any acts amendatory thereof or supplemental thereto, any relevant appropriation acts, or any rules, regulations or procedures of the Economic Cooperation Administration.

PAUL G. HOFFMAN,
Administrator for Economic Cooperation.

TITLE 34—NATIONAL MILITARY ESTABLISHMENT

Chapter VII—Department of the Air Force

Subchapter B—Aircraft

TRANSFER AND REVISION OF REGULATIONS

The material contained in Parts 202 and 203, Chapter II of Subtitle B, Title 10, is hereby revised and transferred to Chapter VII, Title 34 and is redesignated Subchapter B, Parts 822 and 823 as follows:

PART 822—ASSISTANCE TO CIVIL AIRCRAFT AT CONTINENTAL UNITED STATES BASES

Sec.
822.1 Use of Air Force airfields by civil aircraft.
822.2 Competition with private enterprise.
822.3 Emergency sales.
822.4 Prohibited sales.
822.5 Emergency storage and overhauling.
822.6 Prices to be charged.

AUTHORITY: §§ 822.1 to 822.6 issued under sec. 5, 44 Stat. 570, as amended; secs. 207 (f), 208 (e), Pub. Law 253, 80th Cong., 61 Stat. 502, 503; 49 U. S. C. 175, 5 U. S. C. Sup. 626, 626c; Transfer Order 14, May 27, 1948, 13 F. R. 3094.

§ 822.1 *Use of Air Force airfields by civil aircraft.* (a) Commanding officers are authorized to permit the landing at airfields under their jurisdiction of itinerant civil aircraft being operated at the time in connection with Government contracts, other Government interest, or the official business of the installation and to furnish assistance to operators of such aircraft as provided in paragraphs (b) and (c) of this section.

(b) Owners of civil aircraft not engaged in connection with Government work will not be permitted to use any active Government-owned military airfields as a base. However, the use of the landing area of such airfields by operators of civil aircraft may be permitted in the discretion of the commanding officer of the installation, upon conditions that the aircraft is not operated for profit, that it is not housed on the military reservation, and that assistance will not be required from the military installation as to maintenance, repairs, and operation.

(c) In the case of Government-owned military airfields declared from time to time as being on an inactive status, operators of civil aircraft may be permitted, when airfield facilities are available, to use such facilities, subject in each case to the approval of the Chief of Staff, United States Air Force, and under such regulations as are now or may hereafter be prescribed by the Chief of Staff, United States Air Force.

(d) With regard to airfields leased by the Government for use in common with others, owners of private and commercial aircraft may obtain permission to use the facilities in accordance with the particular lease. Use by commercial aircraft of airfields occupied by the United States Air Force under lease providing for exclusive use by the Government will require the approval of the Chief of Staff of United States Air Force, and the issuance of an Air Force permit. Owners of civil aircraft may obtain permits to use airfields, occupied by the United States Air Force under concurrent use leases, from the Department of the Air Force or the lessor in accordance with the terms of the particular lease.

(e) Operators of aircraft who use military facilities at any Air Force airfield will be required to conform to the rules and regulations in force at the installation.

(f) Nothing in this section shall be construed to prohibit or restrain any aircraft in distress from making emergency landing at any airfield.

§ 822.2 *Competition with private enterprise.* Under no conditions will Department of the Air Force airfield services and facilities be made available for the use of civil aircraft in competition with private enterprise.

§ 822.3 *Emergency sales.* Commanding officers of Air Force Bases are authorized to make emergency sales of aircraft fuel, oil, equipment, and supplies, and to furnish mechanical service, temporary shelter, and other assistance for cash in emergencies where such supplies or assistance is required in order that aircraft may continue on its course to the nearest airport operated by private enterprise. The extent and amounts of aircraft fuel, oil, equipment, supplies, mechanical services and shelter furnished to operators of aircraft referred to in § 822.1 (a), will be as determined by the commanding officer of the station concerned. This determination will be based on the nature of the mission or flight the aircraft is engaged in and will be subject to provisions of §§ 822.4, 822.5 and 822.6.

§ 822.4 *Prohibited sales.* Complete engines, airplane wings, and other major items of equipment will not be sold.

§ 822.5 *Emergency storage and overhauling.* (a) Civil aircraft damaged to such an extent that major repairs are required may be given emergency storage at the request of the pilot, provided necessary facilities are available, at the rates for shelter shown in § 822.6, but a major or minor overhauling of civil aircraft will not be made at Air Force Bases by Air Force personnel.

(b) Damaged aircraft may, when facilities are available, be stored in its original damaged condition, but the Government will not assume any responsibility for its safekeeping and the owner will be required to take charge of it and remove it from Government storage at the earliest practical date.

§ 822.6 *Prices to be charged.* (a) *General.* All articles will be sold and assistance furnished at the fair market value prevailing locally, but in no case will aviation supplies be sold for less than cost price plus 15 percent for transportation, handling, etc.

(b) *In case of nonavailability of supplies in nearby localities.* In cases where similar supplies are not available in nearby localities the price charged will be cost price plus 15 percent.

(c) *Aviation supplies, except gasoline and oil.* On all aviation supplies, except gasoline and oil, the price listed in Air Force stock lists will be considered as the cost price.

(d) *Gasoline and oil.* Cost prices on aviation gasoline and oil will be published semiannually based on the prevailing contract price.

(e) *Mechanical services.* (1) Mechanical services funished will be charged for on the same basis as the local rate for similar work if such rates can be determined by Air Force base commanders.

(2) The Chief of Staff, United States Air Force, will publish hourly rates for mechanical service which will be used in all cases where a fair local value for such services cannot be determined.

(f) *Shelter.* (1) Charges for shelter of civil aircraft will be on the same basis as the local rate for similar shelter charges.

(2) The Chief of Staff, United States Air Force, will publish rates to be used as shelter charges for single-engine and dual or multiple engine aircraft where no local price for shelter has been established.

PART 823—ASSISTANCE TO AIRCRAFT OF FOREIGN REGISTRY AT CONTINENTAL UNITED STATES BASES

Sec.
823.1 Authority.
823.2 Competition with private enterprise.
823.3 Rules to be observed.
823.4 Emergency sales.
823.5 Responsibility of the Department of the Air Force.

AUTHORITY: §§ 823.1 to 823.5 issued under 44 Stat. 570, 48 Stat. 1115, 52 Stat. 1028, 1029, 53 Stat. 795, 54 Stat. 1235; secs. 207 (f), 208 (e), Pub. Law 253, 80th Cong., 61 Stat. 502, 503; 22 U. S. C. 259, 49 U. S. C. 175; 5 U. S. C. Supp. 626c; Transfer Order 14, May 27, 1948, 13 F. R. 3094.

§ 823.1 *Authority—(a) Civil aircraft of foreign registry.* Air base and air navigation facilities owned or operated by the Department of the Air Force may be made available for the use of operators of civil aircraft of foreign registry in case of necessary and unforeseen landing to insure the continuance of such aircraft on its course to the nearest commercial airport, or when specifically authorized by the Department of the Air Force.

(b) *Government-owned aircraft of foreign registry.* Air base and air navigation facilities owned or operated by the Department of the Air Force may be made available for the use of operators of Government-owned aircraft of foreign registry upon request by the aircraft commander to the Chief of Staff, United States Air Force, or such officer as he may designate, or commanding officers of Air Force bases.

(c) *Notification to customs and immigration authorities of arrival of aircraft of foreign registry.* (1) Whenever an aircraft of foreign registry makes its first landing in the United States or its territorial possessions at an airdrome under jurisdiction of the Department of the Air Force, the commanding officer of the base will notify immediately the nearest United States Customs and Immigration authorities and will detain such aircraft, its crew, and passengers until released under instructions of those authorities.

(2) Whenever the commanding officer of an airdrome under jurisdiction of the Department of the Air Force has advance

notice of the arrival of a foreign aircraft under the conditions set forth in subparagraph (1) of this paragraph, he will notify immediately the nearest United States Customs and Immigration authorities.

§ 823.2 *Competition with private enterprise.* Air base or navigation facilities owned or operated by the Department of the Air Force will not be made available for the use of operators of civil aircraft of foreign registry in competition with private domestic enterprise.

§ 823.3 *Rules to be observed.* (a) Operators of aircraft of foreign registry utilizing the air navigation facilities owned or operated by the Department of the Air Force will be required to comply with the air and ground rules and regulations promulgated by the Department of the Air Force, The Chief of Staff, United States Air Force, or the commanding officer of the establishment to which the facilities being employed pertain.

§ 823.4 *Emergency sales.* The provisions of §§ 823.4 to 823.6, apply to all aircraft of foreign registry except as follows:

(a) Commanding officers of Air Force bases are authorized to make emergency sales of aircraft fuel, oil, equipment, and supplies, and to furnish mechanical service, temporary shelter, and other assistance to operators of civil aircraft of foreign registry for cash in emergency, when such supplies or assistance are required in order that the aircraft may continue to the nearest commercial airport, subject to the provisions of §§ 823.1 (c) and 823.5.

(b) Commanding officers of Air Force bases are authorized to make sales of aircraft fuel, oil, equipment, and supplies, and to furnish mechanical service, temporary shelter, and other assistance to operators of Government-owned aircraft of foreign registry under such regulations as may be promulgated by the Chief of Staff, United States Air Force.

(c) Commanding officers of Air Force bases are authorized to furnish shelter without charge, and to furnish mechanical service and other assistance at cost and to sell at cost fuel, oil, equipment, and supplies for any aircraft operated by any foreign military or air attache accredited to the United States, subject to § 823.5.

§ 823.5 *Responsibility of the Department of the Air Force.* (a) The Department of the Air Force will accept no responsibility for the quality or condition of the fuel, oil, or supplies sold, or the competence or skill of the mechanical service furnished to operators of aircraft of foreign registry.

(b) Requests for fuel, oil, supplies, or services in connection with aircraft of foreign registry will be made in writing by the aircraft commander, who will specify in detail the kind of fuel, oil, or supplies desired or the precise services to be furnished.

(c) The operator of the aircraft of foreign registry or a subordinate designated by him requesting mechanical service at the Air Force bases will personally supervise the performance of any services rendered and upon completion of the work will release the United States from all responsibility by written certificate stating that the supplies furnished and work performed have been satisfactory, and, if the aircraft is to be flown from that station, that it is airworthy.

(d) Aircraft of foreign registry will not be cleared nor permitted to take off from Air Force bases until such certificates of airworthiness has been made by the aircraft operator.

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter C—National Wildlife Refuges; Individual Regulations

PART 22—MOUNTAIN REGION NATIONAL WILDLIFE REFUGES

DEER FLAT NATIONAL WILDLIFE REFUGE, IDAHO; HUNTING

Basis and purpose. On the basis of observations and reports of field representatives of the Fish and Wildlife Service it has been determined that there is a surplus of pheasants on the Deer Flat National Wildlife Refuge that is causing depredation on adjacent agricultural lands, which surplus can best be removed by public hunting.

1. Section 22.221a (7 F. R. 6273) is herewith redesignated as § 22.220a *Deer Flat National Wildlife Refuge, Idaho; waterfowl hunting.*

2. The following is added:

§ 22.220b *Deer Flat National Wildlife Refuge; pheasant hunting.* Pheasants may be taken during the period November 25 to December 1, 1948, inclusive, on all lands except the W½ Section 36, T. 3 N., R. 3 W. of the Deer Flat National Wildlife Refuge, Idaho, in accordance with the following provisions:

(a) *Entry.* Entry on and use of the Refuge for any purpose is covered by the regulations for the administration of National Wildlife Refuges dated December 19, 1940 (5 F. R. 5284), as amended, and strict compliance therewith is required. Hunters must follow such routes of travel within the Refuge as are designated by posting. In addition, each hunter must comply with State hunting laws and regulations and must have on his person and exhibit at the request of any authorized Federal or State officer whatever license or licenses may be required by such laws and regulations, which license shall serve as a Federal permit for hunting pheasants on the Refuge.

(b) *Bag limits.* During the period November 25 to November 30, inclusive, the daily bag and possession limit shall be three cock pheasants, and on December 1, the bag and possession limit shall be three hen pheasants.

(Sec. 10, 45 Stat. 1222, sec. 84, 35 Stat. 1088, 43 Stat. 98; 16 U. S. C. 715i, 18 U. S. C. 145; Reorg. Plan No. II of 1939, 3 CFR, 1939 Supp., Chapter IV; Regulation, Fish and Wildlife Service, 5 F. R. 5284, 10 F. R. 4267)

Dated: September 29, 1948.

O. H. JOHNSON,
Acting Director.

[F. R. Doc. 48-8804; Filed, Oct. 4, 1948; 8:45 a. m.]

PART 24—WEST CENTRAL REGION NATIONAL WILDLIFE REFUGES

TAMARAC NATIONAL WILDLIFE REFUGE, MINNESOTA; FISHING

Basis and purposes. On the basis of observations and reports of field representatives of the Fish and Wildlife Service it has been determined that it is impractical for the Service to maintain as closed to fishing spawning ground portions of lakes as required by the existing regulations. Experience has shown that greater flexibility in the management of fishing on the Refuge can be had by eliminating this requirement. Experience has also shown that the demand for fishing on the Refuge is rather limited because of excellent fishing conditions outside of the Refuge and that ample protection can be provided by the following regulation:

Section 24.891 is revised to read:

§ 24.891 *Tamarac National Wildlife Refuge, Minnesota; noncommercial fishing.* Noncommercial fishing in accordance with the State Laws of Minnesota is permitted during the daylight hours on all waters within the Tamarac National Wildlife Refuge in accordance with the following provisions:

(a) *Entry.* Entry on and use of this refuge for any purpose are governed by the regulations of the Secretary dated December 19, 1940 (5 F. R. 5284), as amended, and strict compliance therewith is required. All fishermen must comply with all State fishing laws and regulations, and must have on their person and exhibit at the request of any authorized Federal or State officer whatever license is required by such laws and regulations, which license shall serve as a Federal permit for fishing in the waters of the refuge.

(b) *Boats.* The use of rowboats, canoes, and other similar floating devices is permitted on all the waters of the refuge. The use of motorboats, either inboard or outboard, is prohibited on all the waters of the refuge except for official purposes.

(c) *Live bait.* No seine, trap, or net shall be employed to take minnows, frogs, crawfish, or other aquatic animals for bait, nor shall live minnows be used for bait in any of the waters of the refuge.

(d) *Temporary restrictions.* During periods of waterfowl and other wildlife concentrations on the refuge, fishing will not be permitted in such suitably posted areas of the refuge as, in the judgment of the officer in charge, should be closed to fishing in order to provide adequate protection for such waterfowl concentrations. (Sec. 10, 45 Stat. 1222; 16 U. S. C. 715 (a); Reorg. Plan No. II of 1939, 3 CFR, 1939 Supp., Chapter IV; Regulations, Fish and Wildlife Service, 5 F. R. 5284, 10 F. R. 4267)

Dated: September 28, 1948.

O. H. JOHNSON,
Acting Director.

[F. R. Doc. 48-8806; Filed, Oct. 4, 1948; 8:45 a. m.]

PART 25—SOUTHERN REGION NATIONAL WILDLIFE REFUGES

WHEELER NATIONAL WILDLIFE REFUGE, ALABAMA; HUNTING

Basis and purposes. On the basis of observation and reports of field representatives of the Fish and Wildlife Service, it has been determined that there is an overabundant population of raccoons, opossums, and foxes which must be removed from the refuge as expediently as possible. Because of the low value of the pelts of these animals, it has been difficult to interest individuals in the trapping of the animals. It has been determined, therefore, to carry on experimental methods for the removal of the surplus population.

Section 25.964 is revised to read:

§ 25.964 *Wheeler National Wildlife Refuge, Alabama; hunting.* Until further notice, squirrels, rabbits, quail, opossum, foxes, and raccoon may be taken on the lands of the Wheeler National Wildlife Refuge, Alabama, in accordance with the State laws and regulations and in accordance with the following provisions:

(a) *Entry.* Entry on and use of the refuge for any purpose is covered by the regulations for the administration of National Wildlife Refuges dated December 19, 1940 (5 F. R. 5284; 50 CFR, Cum. Supp., Part 12), as amended, and strict compliance therewith is required. All hunters must comply with State hunting laws and regulations and must have on their person and exhibit at the request of any authorized Federal or State officer whatever license or licenses may be required by such laws and regulations, which license shall serve as a Federal permit.

(b) *Dogs.* Each person hunting for quail on the public hunting ground will be permitted to take his dogs, not to exceed two in number, upon the refuge, but such dogs will not be permitted to run at large on the public shooting

ground or elsewhere on the refuge. Each person hunting raccoons, opossum and/or foxes on the public hunting ground will be permitted to take his hunting dogs upon such areas, provided he shall first have secured a permit from the Refuge Manager specifying the number of dogs that will be used, the area in which hunting may be conducted, and the period during which such dogs shall be allowed on the refuge. Dogs used for raccoon, opossum and/or fox hunting on the refuge shall at all times be under the general control of their owner or handler and shall not be permitted to run at large on the public hunting ground or elsewhere on the refuge.

(c) *Cooperative administration.* The ccoperation of the Alabama Conservation Department and of the Tennessee Valley Authority may be enlisted in the regulation, management, and operation of the public hunting areas, and each agency may promulgate such special regulations as may be necessary for such regulation, management, and operation. In the event such regulations are issued, compliance therewith shall be a requisite to lawful entry for the purpose of hunting. (Sec. 10, 45 Stat. 1222, sec. 84, 35 Stat. 1088, 43 Stat. 98; 16 U. S. C. 715i, 18 U. S. C. 145; Reorg. Plan No. II of 1939, 3 CFR, 1939 Supp., Chapter IV; Regulations, Fish and Wildlife Service, 5 F. R. 5284, 10 F. R. 4267)

Dated: September 27, 1948.

Acting Director.

DEPARTMENT OF LABOR

Wage and Hour and Public Contracts Divisions

EMPLOYMENT OF HANDICAPPED CLIENTS BY SHELTERED WORKSHOPS

NOTICE OF ISSUANCE OF SPECIAL CERTIFICATES

Notice is hereby given that special certificates authorizing the employment of handicapped clients at hourly wage rates lower than the minimum wage rates applicable under section 6 of the Fair Labor Standards Act of 1938 and section 1 (b) of the Walsh-Healey Public Contracts Act have been issued to the sheltered workshops hereinafter mentioned, under section 14 of the Fair Labor Standards Act of 1938 (sec. 14, 52 Stat. 1068; 29 U. S. C. 214) and Part 525 of the regulations issued thereunder (29 CFR, Cum. Supp., Part 525, amended 11 F. R. 9556), and under sections 4 and 6 of the Walsh-Healey Public Contracts Act (secs. 4, 6, 49 Stat. 2038; 41 U. S. C. 38, 40) and Article 1102 of the regulations issued pursuant thereto (41 CFR, Cum. Supp., 201.1102).

The names and addresses of the sheltered workshops to which certificates were issued, wage rates, and the effective and expiration dates of the certificates are as follows:

Lutheran Inner Mission Society of Pittsburgh, Inc., 79 South Twenty Third Street, Pittsburgh, Pennsylvania; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 30 cents per hour, whichever is higher, and a rate of not less than 30 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective October 1, 1948 and expires September 30, 1949.

The Chicago Lighthouse for the Blind, 3323 West Cermak Road, Chicago 23, Illinois; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 20 cents per hour, whichever is higher, and a rate of not less than 15 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective October 1, 1948 and expires September 30, 1949.

Goodwill Industries, 1500 Monroe Street, Chicago 7, Illinois; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 10 cents per hour, whichever is higher, and a rate of not less than 5 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective September 23, 1948 and expires September 22, 1949.

Northwest Missouri Association for the Blind, 307 South Fourth Street, St. Joseph, Missouri; at a wage rate of not less than the piece rate paid non-handicapped employees engaged in the same occupation in regular commercial industry maintaining approved labor standards, or not less than 20 cents per hour, whichever is higher, and a rate of not less than 10 cents for each new client during his initial 4-week evaluation period in the workshop; certificate is effective October 1, 1948 and expires September 30, 1948.

The employment of handicapped clients in the above mentioned sheltered workshops under these certificates is limited to the terms and conditions therein contained and is subject to the provisions of Part 525 of the regulations. These certificates have been issued on the applicants' representations that they are sheltered workshops as defined in the regulations and that special services are provided their handicapped clients. A sheltered workshop is defined as, "A charitable organization or institution conducted not for profit, but for the purpose of carrying out a recognized program of rehabilitation for individuals whose earning capacity is impaired by age or physical or mental deficiency or injury, and to provide such individuals with remunerative employment or other occupational rehabilitating activity of an educational or therapeutic nature."

The certificates may be cancelled in the manner provided by the regulations. Any person aggrieved by the issuance of any of these certificates may seek a review or reconsideration thereof within fifteen days after publication of this notice in the FEDERAL REGISTER.

Signed at Washington, D. C., this 27th day of September 1948.

JACOB I. BELLOW,
Assistant Director,
Field Operations Branch.

FEDERAL POWER COMMISSION

[Docket Nos. G-854, G-962]

ATLANTIC SEABOARD CORP. ET AL.

ORDER REOPENING PROCEEDINGS FOR THE PURPOSE OF TAKING ADDITIONAL EVIDENCE

SEPTEMBER 29, 1948.

In the matters of Atlantic Seaboard Corporation and Virginia Gas Transmission Corporation, Docket No. G-854, and Tennessee Gas Transmission Company, Docket No. G-962.

These proceedings concern the joint application filed in Docket No. G-854 by Atlantic Seaboard Corporation (Atlantic) and Virginia Gas Transmission Corporation (Virginia Gas) on January 27, 1947, as amended January 2, 1948 and supplemented January 30, 1948, and the application filed in Docket No. G-962 by Tennessee Gas Transmission Company (Tennessee Company) on October 20, 1947 as amended April 19, July 2, and September 2, 1948, for certificates of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural gas pipe line facilities subject to the jurisdiction of the Commission.

Pursuant to due notice, public hearings were held in Washington, D. C., on June 1 through 17, 1948 and August 10 through September 2, 1948, and oral argument was had before the Commission on September 16 and 17, 1948, concerning the matters involved and the issues presented by the two amended applications. Parties were afforded an opportunity for filing briefs, and proposed findings and conclusions, with supporting reasons.

Upon consideration of the aforesaid applications as amended and supplemented, the record thereon, and the briefs and oral argument in these proceedings, it is our opinion that the Applicant Tennessee Company in Docket No. G-962 has failed to meet the minimum requirements that an applicant must meet to entitle it to a certificate of public convenience and necessity under section 7 of the Natural Gas Act, as amended.

The application as originally filed in Docket No. G-962 on October 20, 1947, by the Tennessee Company sought a certificate authorizing the construction and operation of additional pipe line facilities designed to increase the Company's system daily delivery capacity from 600,000 to 1,055,000 Mcf. Subsequently, in Docket No. G-989, the Tennessee Company applied for and was issued on April 7, 1948, a certificate authorizing facilities for an increase in daily delivery capacity from 600,000 to 660,000 Mcf. Thereafter on April 19, July 2, and September 2, 1948, the Tennessee Company amended its application in Docket No. G-962 to request a certificate authorizing facilities for an increase in daily delivery capacity from 660,000 to 1,000,000 Mcf. (at pressure base of 15.025 psia).

The amended application of the Tennessee Company in Docket No. G-962 involves principally the proposed construction of about 909 miles of 24, 26, 30 and 31-inch second and third main pipe line loops, along the Company's existing pipe line system in the states of Texas, Louisiana, Arkansas, Mississippi, Tennessee, Kentucky, and West Virginia, approximately 395 miles of 26-inch main pipe line from northeastern Kentucky to the vicinity of Buffalo, New York, additional compressor units aggregating 86,200 horsepower to be installed in existing compressor stations, a new compressor station with 5,000 horsepower installed, about 115 miles of 16-inch lateral transmission pipe lines, and other appurtenant facilities. Cost of the facilities has been estimated at $122,905,000.

The record clearly supports the conclusion that there is a public need, demand and market for the increased volume of 340,000 Mcf per day of natural gas proposed to be supplied by the Tennessee Company. The Applicant presented, among other agreements, contracts providing for the delivery of an additional 150,000 Mcf per day to Columbia Gas System companies, 85,000 Mcf per day to Consolidated Natural Gas System companies, 50,000 Mcf per day to companies of the National Fuel Gas system, and 30,000 Mcf per day to the Equitable Gas Company, an aggregate of 315,000 Mcf per day to the mentioned systems and companies in the Appalachian area. The estimated requirements for other customers and prospective customers along the Tennessee Company's pipe line system raise the total to a figure in excess of the estimated delivery capacity of the proposed enlarged system. The Company has contractually committed itself to additional deliveries over a long period of years, generally for the term of 20 years.

The Commission in its opinion dealing with the Kansas Pipe Line & Gas Company case (2 FPC 29) referred to certain minimum requirements that an applicant must meet to entitle it to a certificate of public convenience and necessity under section 7. In that opinion, among other requirements to be met by certificate applicants, it was stated that "We are of the opinion that applicants who contend that 'public convenience and necessity' require or will require the construction of facilities for the transportation of natural gas must show that they possess a supply of natural gas adequate to meet those demands which it is reasonable to assume will be made upon them. It is obvious that the public convenience and necessity would not be served by certificating an applicant who had an insufficient supply of the product which it proposes to make available to the public." (2 PFC 29, at page 40)

The Tennessee Company in Docket No. G-962 presented evidence of its gas purchase agreements and of estimated reserves available under its agreements which it contends shows that the Tennessee Company has a gas supply of 20.5 years on the basis of the Company's estimated average annual load factor of 85.7 percent, namely, daily requirements of approximately 840,900 Mcf per day at a 16.7 psia pressure base. In other words, the Company claims it has a gas supply under contract for approximately the number of years for which the Company has made delivery commitments to its customers.

The intervening coal and railroad interests, however, introduced expert testimony which put these estimates in grave question, pointing out that the vital question involved is the daily availability of gas under contracts in force in the years following the completion of the project proposed by the Tennessee Company.

The estimated life of reserves is based on the assumption that the Company will be able to purchase the maximum volumes of gas available under each of its gas purchase agreements, estimated as of the time of the hearings to aggregate 1,178,000 Mcf daily at a 16.7 pressure base. The terms of its various purchase agreements, however, vary greatly, the unexpired terms thereof ranging from less than 5 years to over 20 years. Adopting the Company's estimated daily requirements of 840,900 Mcf, it is obvious the volume of gas that the Company will be able to purchase during the term of its purchase contracts will be considerably less than if it were to purchase the maximum daily volumes, currently estimated at 1,178,000 Mcf per day. The estimate of 20.5 years supply fails to take into account the fact that most of the Company's gas purchase contracts expire in less than 20 years.

Analysis of the gas supply presentation made by the Tennessee Company reveals that a large number of its gas purchase agreements expire within the next few years. The reserves covered by a number of agreements, if the rate of take be only at the minimum daily availability volumes estimated by the Company, would be exhausted before the expiration of the contract terms. Giving effect to the decline in supply available to the Company under the aforementioned agreements, on a daily availability basis, it appears the Tennessee Company has not demonstrated that it has an adequate firmly committed natural gas supply sufficient to meet its daily requirements, including service already authorized and that proposed to be rendered by the facilities for which a certificate is sought here, for more than a very few years following 1951, the date estimated by the Company for completing the G-962 facilities.

The Company estimated its daily requirements on the basis of an average annual load factor of approximately 85.7 per cent. The record, however, discloses evidence, particularly if effect is given to the estimates by the Tennessee Company's customers of the volumes of gas they expect to buy from the Company, that in actual operation the assumed load factor will be exceeded and that, as a result, the average daily requirements are likely to approximate 964,000 Mcf. The high load factor at which the Tennessee Company's system has actually operated continuously since its construction, would tend to support the reasonableness of the latter figure.

On the assumption that Tennessee Company's requirements will approximate 964,000 Mcf per day, using the Company's own estimates of maximum daily availability under its gas purchase contracts, it appears that the Company has committed to it a natural gas supply sufficient to meet its full daily requirements

for only two to three years following 1951. The daily availability under contract then falls to approximately 74 per cent by the tenth year and to approximately 54 percent by the 16th year. There follows a rapid decline thereafter to about 10 percent of its requirements in the 19th year.

Even if we accept the optimistic picture, based on the Company's own assumptions as to future load factors, it appears that the supplies committed to it would meet its full requirements for not more than eight years' operation of the enlarged system or until about 1960. The availability of gas on this assumption would fall to about 85 per cent in the tenth year, and to approximately 62 per cent in the 16th year, with a rapid decline thereafter, to approximately 12 per cent of requirements in the 19th year after completion of the enlarged system.

From circumstances presented by this record we could not issue an unconditional certificate of public convenience and necessity, for Applicant Tennessee Company has not shown that it possesses a supply of natural gas reasonably adequate to meet its contracted obligations to its customers and the demands which it is reasonable to assume will be made upon it. The facilities proposed by the Tennessee Company involve estimated capital expenditures exceeding $100,000,000, which are to be financed principally by the sale of securities to the public. In reliance upon the proposed service to be undertaken by the Tennessee Company, substantial capital expenditures are planned to be made by its utility customer companies, not to mention the expenditures by thousands of gas consumers for appliances in expectation of gas service, in all, millions upon millions of dollars of investment by the public.

Consumers, investors and the public generally expect to and do rely upon this Commission, in issuing certificates of public convenience and necessity to natural gas companies, to issue certificates only to companies clearly showing ability to perform the services proposed. Section 7 of the Natural Gas Act requires such finding by this Commission in certificate proceedings as a condition precedent to the issuance of a certificate.

The importance of requiring an adequate showing of ability to meet requirements is emphasized when consideration is given to the evidence submitted by Tennessee Company's larger customers in support of the application. This evidence shows anticipated increases in peak day demands during the next four years for residential and commercial service alone, of approximately 637 million cubic feet for the Columbia system, 516 million cubic feet for the Consolidated system, 62 million cubic feet for the National Fuel system, and 105 million cubic feet for the Equitable Gas Company. This is equivalent to a four-year addition of more than ½ million new house heating customers in the area, with a large part of the requirements dependent upon the Tennessee Company's ability to deliver dependable quantities of gas from the Southwest for summer storage.

All together, by 1952, the peak day requirements of these four systems from all sources will total nearly 5 billion cubic feet and their annual requirements nearly 1 trillion cubic feet. Assurance of contracted supplies from all pipelines for the life of the gas supply contracts will be essential if serious interruption of industry and hardships for homes are to be avoided. This places a tremendous and growing responsibility on both the Applicant Tennessee Company and the Commission, to make sure that the necessary supplies in the producing areas are firmly committed before permitting such an expansion in the use of gas as is here proposed to go forward. It also means that gas production interests desiring the emoluments of a pipe-line market cannot escape their share of this responsibility. Furthermore, where we are dealing with an exhaustible resource we cannot take for granted that the pipe-line company will be able to meet its prospective requirements at some future time by negotiating new gas purchase contracts or extensions of existing short-term commitments.[1]

It is our opinion that the Tennessee Company in Docket No. G–962 has not met the requirement of showing an adequate gas supply for rendering the service proposed. This deficiency in supply showing is attributable in part to a number of short-term purchase contracts. On the record here it appears the Company has been unable to enter into agreements for more than five years with certain gas producers, in some instances where producers have reserves in the acreage covered by the agreements greatly exceeding the volumes contracted for delivery to the Tennessee Company. Except in instances where the reserves available warrant only short-term agreements, it should be obvious to natural gas companies, to the natural gas industry generally, including producers and owners of natural gas reserves selling gas to interstate pipe lines such as the Tennessee Company's system, that natural gas pipe line facilities of the character proposed in this proceeding cannot be authorized, constructed and operated feasibly on short-term commitments by the producers supplying gas. If natural gas is to be marketed through pipe line systems authorized and constructed to serve the public, a part of the responsibility for the adequacy of supply must reasonably be assumed by the natural gas producers selling to the pipe lines, to enter into sufficiently long-term agreements to make such operations feasible and compatible with the public interest.

From circumstances presented in this record, it is our belief that, rather than an outright denial of the application, the Tennessee Company should be afforded further opportunity to submit, at further hearings in these proceedings, evidence of additional firm commitments for an additional supply of natural gas sufficient to warrant the issuance of a certificate for the proposed facilities.

Closely associated with the question of the adequacy of the supplies of gas contracted for is the evidence relating to three contracts which the Tennessee Company has entered into with the Columbia Gas system. The first two contracts relate to agreements under date of March 1, 1948 by the Tennessee Company to deliver an additional 150,000 Mcf per day to subsidiary companies of the Columbia Gas System, namely 100,000 Mcf to United Fuel Gas Company and 50,000 Mcf to the Manufacturers Light and Heat Company. The third relates to a conditional assignment under date of March 1, 1948 by the Manufacturers Company to the Tennessee Company of the so-called January 1, 1944 Chicago-Manufacturers contract, under which the Chicago Corporation agreed to supply from gas acreage in Texas up to 100,000 Mcf per day to the Manufacturers Company of the Columbia System. This contract runs until January 1, 1974 unless terminated prior thereto by Manufacturers. Facilities for the delivery of this gas to the Columbia System are not presently available.

The three agreements, identified as Exhibits 20, 21 and 33, including the conditional assignment, represent in effect an arrangement, to the extent the 100,000 Mcf per day under the Chicago-Manufacturers contract is involved, for the Tennessee Company to transport from the Southwest to the Appalachian area the natural gas for which the Columbia System had contracted and is entitled under the January 1, 1944 Chicago - Manufacturers agreement. But the proposed arrangement does not provide for a simple transportation charge. Instead, it sets up a complex deal involving assignment of reserves with a possible inside profit to the Manufacturers Company and corresponding higher costs to consumers.

Further hearings in these proceedings would provide the Tennessee Company and the Columbia System an opportunity to present for our consideration satisfactory arrangements for the transportation of the Chicago-Manufacturers contract gas to the Appalachian area which are compatible with the public interest.

After carefully considering the record herein, we are of the opinion that the Applicant Tennessee Company in Docket No. G–962 should be afforded further opportunity to submit, at further hearings in these proceedings, additional evidence with respect to gas supply, transportation to the Columbia System of the Chicago-Manufacturers contract gas, and such other evidence as will meet the minimum requirements which the Commission has held an applicant must meet to entitle it to a certificate of public convenience and necessity under section 7 of the Natural Gas Act, as amended. At such further hearings the Applicants and all interested parties of record in these proceedings will be further heard concerning these requirements.

[1] In the Texas Eastern Transmission Corporation case, in our order and accompanying Opinion No. 157, issued October 11, 1947, in Docket No. G–880, we were dealing with a pipe line which showed firm contracts for nearly 100 percent of its requirements in the 15th year of operation and over 90 percent of its requirements in the 20th year of operation as contrasted with the present applicant's showing of purchase contracts for only about 72 to 83 percent of its requirements in the 15th year, falling rapidly to about 10 to 12 percent in the 19th year.

If the further showing by the Tennessee Company on the matters herein required is satisfactory to this Commission, it is then our intention to issue forthwith a certificate of public convenience and necessity to the Company to authorize the construction and operation of the facilities subject of the pending amended application in Docket No. G–962.

Wherefore, It is ordered that:

(A) Further hearings in the above-entitled consolidated proceedings be held commencing on January 5, 1949, at 10:00 a. m. (est) in the Commission's Hearing Room, 1800 Pennsylvania Avenue NW., Washington, D. C., for the specific purpose of receiving additional evidence:

(i) Showing that Applicant Tennessee Company has commitments for a supply of natural gas reasonably adequate to meet its contractual obligations to its customers and the demands that it is reasonable to assume will be made upon it upon completion of the proposed enlarged system;

(ii) Showing satisfactory arrangements for the transportation of the Chicago-Manufacturers contract gas to the Appalachian area compatible with the public interest; and

(iii) With respect to any other matters pertinent to the issues presented in these proceedings.

(B) If prior to the hearing date fixed by paragraph (A) hereof, the Tennessee Company desires to go forward with the presentation of further evidence upon the pertinent issues, upon 10 days' notice thereof the date for hearing may be advanced by the Commission.

(C) Interested State commissions and interveners of record may continue participation in this proceeding, as provided by the Commission's rules of practice and procedure and in accordance with leave heretofore granted by the Commission.

(D) Upon completion of the receipt of such supplemental additional evidence, the record thereof shall be closed and forthwith certified to the Commission and supplemental briefs may be filed within ten (10) days thereafter for Commission consideration unless otherwise ordered.

Date of issuance: September 29, 1948.

By the Commission. Chairman Smith and Commissioner Wimberly dissenting.

TEXAS EASTERN TRANSMISSION CORP.

ORDER POSTPONING HEARING

SEPTEMBER 29, 1948.

Upon consideration of the motion filed September 28, 1948, by Texas Eastern Transmission Corporation for a postponement of the hearing herein now set to commence on October 11, 1948;

It appearing to the Commission that:

(1) Texas Eastern has agreed that if such postponement is granted, and, by reason of its being so granted, the Commission is unable to make a determination of the issues involved in this proceeding within the period of suspension heretofore ordered, Texas Eastern will not move to put the proposed supplemental rate schedules into effect pursuant to section 4 (e) of the Natural Gas Act prior to a final determination by the Commission herein.

(2) Good cause exists for postponing the date of hearing as hereinafter provided.

The Commission orders that:

The public hearing herein now set to commence on October 11, 1948, be and the same hereby is postponed to December 13, 1948, commencing at 10:00 a. m. (e. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C.

Date of issuance: September 30, 1948.

[S. O. 827]

UNLOADING OF COAL AT SANDUSKY, OHIO

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 29th day of September A. D. 1948.

It appearing, that 8 cars of coal at Sandusky Dock, Ohio, are on hand on the Pennsylvania Railroad Company, for an unreasonable length of time and that this delay in unloading such cars impedes their use; in the opinion of the Commission an emergency exists requiring immediate action: It is ordered, that:

Coal at Sandusky, Ohio, be unloaded. (a) The Pennsylvania Railroad Company, its agents or employees, shall unload immediately the following cars now on hand at Sandusky, Ohio, in account of Hanna, consignment Young:

C&O 59164	C&O 131551
C&O 47831	C&O 55564
C&O 112510	C&O 176566
C&O 62670	C&O 121899

(b) *Demurrage.* No common carrier by railroad subject to the Interstate Commerce Act shall charge or demand or collect or receive any demurrage or storage charges for the detention under load of any car specified in paragraph (a) of this order, for the detention period commencing at 7:00 a. m., October 1, 1948, and continuing until the actual unloading of said car or cars is completed.

(c) *Provisions suspended.* The operation of any or all rules, regulations or practices, insofar as they conflict with the provisions of this order, is hereby suspended.

(d) *Notice and expiration.* Said carrier shall notify the Director, Bureau of Service, Interstate Commerce Commission, Washington, D. C., when it has completed the unloading required by paragraph (a) hereof, and such notice shall specify when, where, and by whom such unloading was performed. Upon receipt of that notice this order shall expire.

It is further ordered, that this order shall become effective immediately; that a copy of this order and direction be served upon the Association of American Railroads, Car Service Division, as agent of the railroads subscribing to the car service and per diem agreement under the terms of that agreement; and that notice of this order be given to the general public by depositing a copy in the office of the Secretary of the Commission, at Washington, D. C., and by filing it with the Director, Division of the Federal Register.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70–1699]

COLUMBIA GAS SYSTEM, INC., AND HOME GAS CO.

NOTICE REGARDING FILING OF AMENDMENT

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 28th day of September 1948.

The Columbia Gas System, Inc. ("Columbia"), a registered holding company, and its subsidiary, Home Gas Company ("Home"), having filed a joint application-declaration, and amendments thereto, pursuant to the Public Utility Holding Company Act of 1935, particularly sections 6 (b), 9, 10 and 12 thereof and Rule U-43 promulgated thereunder, with respect to the issue and sale by Home to Columbia of $1,500,000 principal amount of 3¼% notes, due in equal annual installments on August 15 of each of the years 1950 to 1974, inclusive, the proceeds of such notes to be used by Home for the purpose of financing its construction program; and the Commission, by Order dated July 23, 1948, having granted and permitted said joint application-declaration to become effective with respect to $800,000 principal amount of said notes, and said joint application-declaration having been continued pending with respect to $700,000 principal amount of said notes:

Notice is hereby given that a further amendment to said joint application-declaration has been filed with this Commission by Columbia and Home.

Notice is further given that any interested person may, not later than October 6, 1948, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said amended application-declaration proposed to be con-

troverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 6, 1948, said amended application-declaration, as filed or as further amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said amended application-declaration which is on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Home proposes to issue and sell to Columbia 3¼% installment promissory notes in the aggregate principal amount of $3,000,000, the proceeds of the sale of such notes to be used by Home to finance its construction program.

By order dated August 11, 1948, the Public Service Commission of New York authorized Home to issue and sell to Columbia $1,600,000 of 3¼% notes, making a total of $2,400,000 of such notes authorized by the Public Service Commission of New York.

Columbia and Home have requested that this Commission issue its order with respect to $1,600,000 of such notes and that the proceedings be continued with respect to the issue and sale of the balance of $600,000 of such notes, pending further action by the Public Service Commission of New York.

By the Commission.

NORTH AMERICAN CO. AND UNION ELECTRIC CO., OF MISSOURI

ORDER POSTPONING HEARINGS

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 28th day of September 1948.

The North American Company ("North American"), a registered holding company, and its subsidiary, Union Electric Company of Missouri ("Union"), a registered holding company and an electric utility company, having filed a joint application and declaration pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder regarding the proposed issue and sale by Union of 105,000 additional shares of its common stock to North American, all as summarized in Holding Company Act Release No. 8228; and

The Commission, on May 27, 1948, having issued its notice of filing and order for hearing with respect to said joint application and declaration directing that a hearing be held on July 12, 1948; and

On July 12, 1948, said hearing having been adjourned, at the request of applicants-declarants, until September 14, 1948; and

Said adjourned hearing having been postponed from September 14, 1948, to October 13, 1948, at the request of applicants-declarants; and

Applicants-declarants having on September 24, 1948, requested that said adjourned hearing be again postponed for a further period of sixty days from October 13, 1948; and

It appearing appropriate to the Commission that such request for postponement should be granted and that the adjourned hearing heretofore scheduled for October 13, 1948, should be postponed until December 14, 1948:

It is ordered, That the adjourned hearing in this matter heretofore scheduled for October 13, 1948, at 10:00 a. m., e. s. t., at the office of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., be, and the same hereby is, postponed to December 14, 1948, at 10:00 a. m., e. s. t., at the same place and before the same hearing officer previously designated. On such day the hearing room clerk in Room 101 will advise as to the room in which such hearing will be held.

MARIA BUSCH

In re: Debt owing to Maria Busch. F-28-26019-D-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Maria Busch, whose last known address is c/o Leonilla Determan, Paulinenstrasse 4, Wiesbaden, Germany, is a resident of Germany and a national of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation of City Bank Farmers Trust Company, as Liquidating Agent of Knickerbocker Equitable Securities Corporation, in dissolution, 22 William Street, New York, N. Y., in the amount of $640.32, as of December 31, 1945, arising out of a liquidating dividend on 48 shares of $10 preferred stock of the aforesaid Knickerbocker Equitable Securities Corporation, in dissolution, said stock evidenced by a certificate numbered 238 and registered in the name of Mrs. Maria Busch, and any and all rights to demand, enforce and collect the aforesaid debt or other obligation, and any and all accruals thereto,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

3. That to the extent that the person named in subparagraph 1 hereof is not within a designated enemy country, the national interest of the United States requires that such person be treated as a national of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

The terms "national" and "designated enemy country" as used herein shall have the meanings prescribed in section 10 of Executive Order 9193, as amended.

Executed at Washington, D. C., on September 24, 1948.

TITLE 3—THE PRESIDENT

EXECUTIVE ORDER 10003

PROVIDING FOR THE INVESTIGATION OF AND REPORT ON DISPLACED PERSONS SEEKING ADMISSION INTO THE UNITED STATES

By virtue of the authority vested in me by section 10 of the Displaced Persons Act of 1948, approved June 25, 1948, and as President of the United States, it is ordered as follows:

1. The Displaced Persons Commission is hereby designated as the agency which shall, subject to the provisions of paragraph 2 hereof, make or prepare the investigations and written reports required by section 10 of the Displaced Persons Act of 1948 regarding the character, history, and eligibility under the said Act of displaced persons seeking admission into the United States.

2. The Department of State, the Department of the Army, and such other agencies of the Government as the Displaced Persons Commission may request, shall, in accordance with arrangements agreed upon between the Commission and any such department or agency, furnish the Commission such assistance as it may need in carrying out its responsibilities under paragraph 1 of this order.

HARRY S. TRUMAN

TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

PART 951—TOKAY GRAPES GROWN IN CALIFORNIA

DEFINITIONS

Notice is hereby given of the approval by the Secretary of Agriculture of the amendment, as hereinafter set forth, to the rules and regulations (7 CFR, 1946 Supp., 951.100 et seq.) of the Industry Committee, established under the marketing agreement, as amended, and Order No. 51, as amended (7 CFR, Cum. Supp., 951.1 et seq.), regulating the handling of Tokay grapes grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended. The said amendment to the aforesaid rules and regulations changes some of the railroad assembly points previously designated by the Industry Committee and approved by the Secretary of Agriculture (7 CFR, 1946 Supp., 951.101 (c)). The Industry Committee adopted the said amendment to its rules and regulations upon recommendation of the railroad carriers, operating within or from the State of California, that the changes in railroad assembly points, as set forth in the amendment, would facilitate the handling, by the railroads, of shipments of Tokay grapes regulated pursuant to section 5 of the amended marketing agreement and § 951.5 of the amended order.

On September 27, 1948, the proposed amendment, reflecting the action of the Industry Committee, was submitted to the Department of Agriculture for consideration and approval by the Secretary. Although the said amendment reduces the number of designated railroad assembly points, their respective locations are such as to assure more equitable treatment to all shippers of Tokay grapes by providing the same departure time from the State of California and the same scheduled arrival time at the principal receiving markets for all shipments of Tokay grapes billed on a particular date. Since regulation, pursuant to section 5 of the amended marketing agreement and § 951.5 of the amended order, of daily shipments of Tokay grapes is currently effective (13 F. R. 5485), the amendment should be made effective on the date hereinafter provided in order to maximize the efficiency of operations under the marketing agreement and order program during such period of regulation. Furthermore, the said amendment will not impose any additional restrictions on shippers of Tokay grapes and, consequently, no time is required by such shippers to prepare for the effective date of this amendment.

In view of the foregoing, it is hereby found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this amendment until 30 days after the publication thereof in the FEDERAL REGISTER.

The amendment of the aforesaid rules and regulations is as follows:

§ 700.1 *Definitions.* Words importing the masculine gender shall include the feminine gender, and words importing the plural number shall include the singular and words importing the singular shall extend and be applied to the plural. The terms "Commission," "Displaced person," "Eligible displaced person," and "Eligible displaced orphan" as used in this chapter shall have the meaning ascribed in section 2 of the Displaced Persons Act of 1948. When used in that act or in this chapter the following terms shall have the following meaning:

(a) "Act" means the Displaced Persons Act of 1948.

(b) "Applicant" means an alien who seeks to enter the United States, or one for whom assurances have been given, under the provisions of the act.

(c) "Agricultural pursuits" means activities or services performed in one's own behalf or in the employ of any person, trust, estate, partnership, corporation, or public agency in connection with farming in all its branches and, among other things, includes the cultivation and tillage of the soil, dairying, the raising, production, cultivation, growing, harvesting, and processing of any agricultural or horticultural commodities (including (1) crude gum (oleoresin) from a living tree, and the following products as processed by the original producer of the crude gum (oleoresin) from which derived: gum spirits of turpentine and gum rosin, (2) maple syrup or maple sugar, and (3) mushrooms), the ginning of cotton, the raising, shearing, feeding, caring for, training, management, and slaughtering of livestock, bees, poultry, fur-bearing animals, and wildlife on a farm, the hatching of poultry, and any practices (including any forestry or lumbering operations) performed by a farmer or on a farm as an incident to, or in conjunction with such farming operations, including planting, handling, drying, packing, freezing, grading, processing (if such service is performed as an incident to ordinary farming operations, or in the case of fruits and vegetables as an incident to the preparation of such fruits and vegetables for market), storing, the preparation for market, delivery to storage or to market or to carriers for transportation to market, and the operation, management, conservation, improvement, or maintenance of the farm and the tools and equipment used in connection therewith, and including further the operation or maintenance of ditches, canals, reservoirs, or waterways used exclusively for supplying and storing water for farming purposes: *Provided, however,* That the foregoing shall not include services performed in connection with commercial canning or commercial freezing or in connection with any agricultural or horticultural commodity after its delivery to a terminal market for distribution for consumption.

(d) "Child" includes a stepchild and a legally adopted child; also a child legitimated under the law of the father's domicile or under the law of the child's residence or domicile.

(e) "Entered Germany, Austria or Italy" and "having resided in Germany or Austria" shall, under this act, include areas in Europe which on January 1, 1938, constituted parts of the countries of Germany, Austria, or Italy. The foregoing cannot and shall not be understood or interpreted as implying any recognition on behalf of the Government of the United States of the territorial status in Europe.

(f) "Farm" includes stock, dairy, poultry, fruit, fur-bearing animal, and truck farms, plantations, ranches, nurseries, ranges, greenhouses, or other similar structures used primarily for the raising of agricultural or horticultural commodities, and orchards.

(g) "Immigration laws" means the laws, conventions and treaties of the United States relating to immigration, exclusion and expulsion of aliens from the United States.

(h) "Misrepresentation for the purpose of gaining admission into the United States" refers to a wilful misrepresentation, oral or written, to any person while he is charged with the enforcement or administration of any part of the act, of any matter material to an alien's eligibility for any of the benefits of the act.

(i) "Principal applicant" means an applicant who is the head of his family accompanying him and who propose to live with him.

(j) "Under the age of sixteen years" refers to age prior to reaching the sixteenth birthday and relates to the effective date of the act.

(k) "Unmarried" means not married at the time the applicant embarks for the United States under the act, whether or not previously married.

(l) Vienna — "American sector, the British sector or the French sector of • • • Vienna" shall include the international zone of Vienna.

(m) "Within the third degree of consanguinity computed according to the rules of the common law" includes lineal and collateral consanguinity. Lineal consanguinity is the direct line of descent and those within the third degree of such consanguinity include the child, grandchild, great grandchild, parent, grandparent and great grandparent. Collateral consanguinity is the relationship of persons descended from the same common ancestor and those within the third degree of such consanguinity include the brother, sister, nephew, niece, uncle, aunt, first cousin, second cousin, grandnephew, grandniece, great uncle, great aunt, child of great uncle or great aunt, and child of first cousin.

§ 700.2 *Assurance of employment, housing, proper care, and against becoming public charges.* (a) The assurances required under subsections (c), (d) and (e) of section 2 of the act shall be made in writing. Such assurances shall be by affidavit except where provided by a public agency or by a voluntary agency providing services in connection with the

migration, settlement, or welfare of aliens, recognized by the Commission for this purpose. The assurances shall be forwarded to the offices of the Commission, Washington 25, D. C., in triplicate, in such form as may be approved or required by the Commission and shall be accompanied by such documentary evidence as may be required by the Commission.

(b) The assurances that an applicant will be suitably employed without displacing some other person from employment shall provide such information as may be required by the Commission in order to establish to its satisfaction (1) that suitable activities for salary or gain are to be made available to the applicant by, through, or on behalf of the individual or agency furnishing the assurances, and (2) that no person will be removed from employment because of the activities to be performed by the applicant, or that if he would be so removed, such removal would take place in any event through the termination of the services of the incumbent because of his incompetency, inefficiency, or dishonesty, or because of other inadequacy in meeting his employer's needs, or for like reasons.

(c) Assurances that an applicant will, as his principal activity, attend regular sessions at a school in the United States and that he will undertake studies appropriate to his age and prior scholastic attainment shall, for the purposes of the act, be deemed to be assurances that the applicant will be suitably employed without displacing some other person from employment.

(d) The assurances that the principal applicant and the members of his family who will accompany him and who propose to live with him will have safe and sanitary housing without displacing some other person from such housing shall provide such information as may be required by the Commission in order to establish to its satisfaction (1) that there will be available to the applicants, upon their arrival, safe and sanitary housing, and (2) that no person occupying such housing will be required to vacate it in order that it may be made available to the applicants, or that if he will be so required to vacate therefrom such action would have been taken in any event for nonpayment of rent or because the occupant is an unsatisfactory person to continue to remain therein, or for like reasons: *Provided, however,* That action looking toward the removal of an occupant from such housing will be in accordance with all applicable laws and regulations.

(e) Assurances of suitable employment and safe and sanitary housing provided by a public agency or a voluntary agency recognized by the Commission for this purpose need not be assurances of a specifically identified job or housing accommodation.

(f) The assurances that the principal applicant and the members of his family who will accompany him and who propose to live with him shall not become public charges shall provide such information as may be required by the Commission in order to establish to its satisfaction that the applicants will not require aid at public expense for essential food, clothing, or shelter, or for medical treatment for causes existing prior to entry into the United States under the act: *Provided, however,* That an applicant admitted under the act shall not be deemed to have become a public charge under the act by reason of receiving public services (other than financial assistance) available to persons in the community in which he resides.

(g) The assurances that an eligible displaced orphan will be cared for properly may be submitted by (1) organizations recognized by the Commission for this purpose, in which event the assurances shall provide such information as may be required by the Commission in order to establish to its satisfaction that proper care will be provided the eligible displaced orphan through undertakings that the reception, placement and care of the child will be in conformity with standards established by the Federal Security Agency, through the Children's Bureau, and (2) individuals seeking the entry into the United States of specified children related to them, in which event the assurances shall provide such information as may be required by the Commission to establish to its satisfaction that proper care will be provided the eligible displaced orphan.

(h) Assurances required under subsections (c), (d), and (e) of section 2 of the act shall include such undertakings as may be satisfactory to the Commission that adequate arrangements have been made for the applicants covered thereby upon their arrival at ports of entry.

(i) Where the Commission is not satisfied with any assurances furnished pursuant to the act and the regulations in this part or desires further information in connection with any assurances it may require the furnishing of such additional information and undertakings as would assure it of compliance with the act and the regulations in this part. Such additional information and undertakings may include, but shall not be limited to, matters relating to the nature of housing and rentals therefor, the nature of schooling to be undertaken by applicants and the payment of any fees therefor, and the nature of employment and the rate of salary or gain therefrom.

§ 700.3 *Family of eligible displaced person previously engaged in agricultural pursuits.* The wife and married dependent child or children under twenty-one years of age, of an eligible displaced person who has been previously engaged in agricultural pursuits and who will be employed in the United States in agricultural pursuits shall themselves be deemed to be of that class of persons who have been previously engaged in agricultural pursuits and who will be employed in the United States in agricultural pursuits, and shall be accorded the same preference and priority as may be accorded to their husband or parent under the act.

§ 700.4 *Preferences and priorities in issuance of visas.* (a) No preferences in the issuance of visas to eligible displaced persons as such shall be granted except as provided in the act.

(b) Except as otherwise provided in the act or the regulations in this part, there shall be no priority in time of issuance of visas as between the preferences provided for in the act.

(c) First priority in the issuance of visas within the preferences specified in section 6 of the act shall be given to eligible displaced persons who establish to the satisfaction of the Commission that during World War II they bore arms against the enemies of the United States either as members of regular armed forces or in organized movements directed against the enemies of the United States, and that they are unable or unwilling to return to the country of which they are nationals because of persecution or fear of persecution on account of race, religion, or political opinions. Such inability or unwillingness shall be shown by such evidence as may be satisfactory to the Commission. If it is shown to the satisfaction of the Commission that the eligible displaced person is unable legally to return to the country of which he is a national, the requirement that such eligible displaced person is unable to return to the country of which he is a national because of persecution or fear of persecution shall be presumed to have been established.

(d) Second priority in the issuance of visas within the preferences specified in section 6 of the act shall be given to eligible displaced persons who establish, to the satisfaction of the Commission, that on January 1, 1948, they were located in a displaced persons camp or center, except that a showing satisfactory to the Commission of any of the following circumstances, which are hereby deemed to be special circumstances, shall make the case an exceptional one qualifying an eligible displaced person not located in a displaced persons camp or center on January 1, 1948, to the second priority within the preferences.

(1) That the eligible displaced person left such camp or center prior to January 1, 1948, in compliance with compulsory labor service laws or orders applicable to him;

(2) That the eligible displaced person left such camp or center prior to January 1, 1948, because of his health or to accompany his spouse or a child or children who left such camp or center because of their health;

(3) That the eligible displaced person left such camp or center prior to January 1, 1948, in reliance upon promises or assurances made directly to him, or directly to his spouse or to any of his children and relied upon by him, by officials of the United States Government, military or civil, that he could return to the camp or center or that none of the rights or privileges which might thereafter accrue to him as occupant of such camp or center in connection with migration to the United States for permanent residence would be prejudiced by departure from the camp or center: *Provided,* That if such individual had been firmly resettled in some other place, the circumstances stated herein shall not be deemed to be special circumstances under section 7 of the act;

(4) That absence from the camp or center on January 1, 1948, was temporary only and of such a character as clearly to show intent to return at the termination of such temporary period;

(5) That the eligible displaced person was located outside of a displaced persons camp or center on January 1, 1948, by reason of employment by the Government of the United States, by the occupying authorities of the United States, Great Britain or France, by the International Refugee Organization, or by a voluntary agency approved by the Commission for this purpose;

(6) That the eligible displaced person absent from the camp or center on January 1, 1948, is the spouse or minor child of an eligible displaced person emigrating to the United States under the act, but only if the second priority will facilitate the simultaneous emigration of the family as a unit; and

(7) Any eligible displaced person who is not within one or more of the classes defined in paragraph (d) (1) to (d) (6) of this section, but in whose case circumstances of a similar character are found to exist by the Commission.

(e) An eligible displaced person located outside of a displaced persons camp or center on January 1, 1948, shall not be prejudiced in his rights under the act by reason of not qualifying for a second priority under section 7 of the act.

§ 700.5 *Eligibility; proof.* (a) Certifications by the International Refugee Organization, local police records, Central Tracing Bureau records, military or other official records and documents, and other auxiliary official records shall be accepted as establishing, prima facie, the existence of the matters stated therein, for the purpose of establishing eligibility under the provisions of the act: *Provided,* That in the determination of eligibility under the act consideration shall also be given to other documentation, including personal records, to the statements and affidavits of applicants and of other persons in behalf of applicants, and to any other pertinent evidence.

(b) An applicant's eligibility under the act shall not be affected:

(1) By absence from the geographical areas listed in section 2 (c) of the act after December 22, 1945, or before January 1, 1948, or on or after January 2, 1948, unless such absence was for the purpose of a firm resettlement, or

(2) By absence from the geographical areas listed in section 2 (d) of the act after June 25, 1948, unless such absence was for the purpose of a firm resettlement, or

(3) By absence from the geographical areas listed in section 2 (e) of the act after having been present there on or before June 25, 1948, unless such absence was for the purpose of a firm resettlement.

§ 700.6 *Selection of applicants.* (a) Selection of applicants under section 2 (c) and (d) of the act for processing for admission into the United States shall be made by duly authorized representatives of the Commission on the basis of (1) the assurances submitted by agencies or individuals in accordance with § 700.2 in behalf of specified persons, and (2) assurances submitted by or in behalf of prospective employers in accordance with § 700.2 requesting persons with specified skills or aptitudes or for specified employment.

(b) Selection of applicants under section 2 (e) of the act for such processing shall be made by duly authorized representatives of the Commission on the basis of assurances submitted by organizations or individuals in accordance with § 700.2 (g).

(c) Duly authorized representatives of the Commission shall make a preliminary determination of the eligibility for admission to the United States under the specific provisions of the act (apart from other applicable immigration laws) of applicants selected for processing in accordance with the procedures set forth in paragraphs (a) and (b) of this section.

§ 700.7 *Investigation of applicants.* (a) Upon the completion of selection and preliminary determination of eligibility under the act in accordance with § 700.6, the Commission shall conduct a thorough investigation of the character, history and eligibility of persons so selected.

(b) In order to facilitate the conduct of such investigation by the Commission, and to enable the Commission to determine admissibility under the act, and whether the admission of persons so selected would be inimical to the welfare or security of the United States, the Commission will arrange with the Department of the Army to provide the necessary investigative and administrative assistance, and to submit in writing to a duly authorized representative of the Commission a statement of the evidence found by it relative to (1) his character and history, and (2) whether he is or has been a member of, or participated in, any movement which is or has been hostile to the United States or the form of government of the United States.

(c) In areas where the Department of the Army is unable to assist the Commission in the manner provided in paragraph (b) of this section, the Commission may obtain such assistance as it deems practicable from the Department of State in order to conduct properly and expeditiously the investigations provided for in this section.

§ 700.8 *Report upon applicants.* (a) Upon the basis of the entire record, including the investigation and written statements provided for in § 700.7, the Commission shall make and prepare a written report, as required by section 10 of the act and by Executive Order 10003,[1] regarding the character, history and eligibility under this act of each eligible displaced person selected for processing and preliminarily determined to be eligible for admission under § 700.6 (c). The report shall be deemed to establish, prima facie, the applicant's character, history, and eligibility under the act, and shall be deemed to establish, as conclusive, the existence of all factors relating to eligibility to enter the United States except the existence of those factors required in applicable immigration laws other than the act.

[1] *Supra.*

(b) The report provided for in paragraph (a) of this section shall contain a certification of the preference and priority, if any, appropriate to the applicant under the provisions of the act and the regulations in this part.

(c) The original and true copy of such report, if favorable to the applicant's admissibility to the United States, shall be transmitted by the Commission to the appropriate consular officers for consideration in connection with an application for an immigration visa.

(d) Upon transmittal of such report in accordance with paragraph (c) of this section, duly authorized representatives of the Commission shall notify the applicant concerned, either directly, through the International Refugee Organization, or through an agency which has submitted an applicable assurance, that he may apply to a consular officer for an immigration visa.

§ 700.9 *Procedure in connection with visa applications.* (a) The Commission shall assist in every way practicable in the expeditious and efficient processing of applications for immigration visas, and to that end shall make appropriate arrangements with the Department of the Army, the Foreign Service of the Department of State, the Public Health Service of the Federal Security Agency, the International Refugee Organization, and other agencies concerned.

(b) Medical examinations by the Public Health Service of the Federal Security Agency shall be conducted concurrently, so far as practicable, with any other processing of applications for immigration visas.

(c) The original of the report provided for in § 700.8 (a) shall be attached to the immigration visa by the officer issuing such visa. This report shall remain with the visa and shall thereby be available to the officers of the Immigration and Naturalization Service of the Department of Justice in order to assist in the conduct of the examinations under the applicable immigration laws.

§ 700.10 *Reception and transportation.* (a) Upon the issuance of an immigration visa, a duly authorized representative of the Commission shall immediately notify the International Refugee Organization or other responsible authorities in order that adequate provisions may be made for transporting the applicant to a port of embarkation and thereafter to the United States.

(b) At the earliest time practicable the Commission shall arrange for notifying interested individuals or agencies of the granting of the visa and the expected dates of embarkation and of arrival in the United States, in order that appropriate arrangements for reception and transportation in the United States may be made in behalf of the applicant.

§ 700.11 *Determination of admissibility by immigration authorities prior to embarkation.* After an immigration visa has been issued to an applicant he shall be examined by an immigrant inspector, as closely proximate to the time the applicant embarks for the United States under the act as is practicable. An applicant who may not appear to that ex-

amining inspector to be clearly and beyond a doubt entitled to land shall be referred for examination in relation thereto by a board of special inquiry. The case of any applicant who has been referred to a board of special inquiry shall thereafter, insofar as the determination abroad of his right to enter the United States is concerned, proceed in the same manner as the cases of aliens referred to boards of special inquiry at ports of arrival following their applications for admission to the United States under the provisions of the immigration laws other than this act. Upon a determination preliminarily that an applicant is entitled to land in the United States, a notation of such determination shall be made in a manner sufficient to inform officers of the Immigration and Naturalization Service thereof at the port of the applicant's arrival.

§ 700.12 *Examination and other procedure at port of arrival.* Upon the arrival of any applicant at a port of entry in the United States he shall be given a medical examination by medical officers or surgeons under the jurisdiction of the Public Health Service of the Federal Security Agency and an examination by an immigrant inspector in order that it may be determined, in accordance with the requirements of the applicable laws, whether the applicant is admissible to the United States for permanent residence. If, on the basis of such examination by the immigrant inspector and consideration by him of the report of the medical examination, the inspector is satisfied clearly and beyond a doubt that the applicant meets all the requirements of the applicable laws for entry into the United States for permanent residence, the inspector shall admit the applicant to the United States in the same manner as all other admissible immigrants. If the immigrant inspector is not so satisfied, the applicant shall be detained for examination in relation to his qualifications for admission by a board of special inquiry. After being so detained his case shall proceed in the same manner as the cases of all immigrants seeking admission to the United States under the provisions of the immigration laws other than the act.

§ 700.13 *Distribution and settlement throughout the United States.* The most general distribution and settlement of persons admitted under the act shall be accomplished through consideration of the assurances required by the act and by the location of such persons throughout the United States and its Territories and possessions in accordance with the availability of conditions which shall promote their most effective resettlement.

§ 700.14 *Reports by certain eligible displaced persons.* Every eligible displaced person, except an eligible displaced person who shall have derived his status because of being the spouse or an unmarried dependent child under twenty-one years of age of an eligible displaced person, who shall be admitted to the United States shall report in such form as may be approved or required by the Commission, on the first day of January and on the first day of July of each year until he shall have made four reports to the Commission furnishing such information as may be required by the Commission. If the term of the Commission expires before the four reports have been submitted, the remaining number of the required reports shall be submitted to the Attorney General. If an eligible displaced person who is required to submit such report enters the United States within 60 days prior to either the first day of January or the first day of July, the first report need not be made until the next date on which a report is required to be made.

§ 700.15 *Reports on rejected applications.* (a) Where an application under the act is rejected by a consular officer, or where the applicant is found inadmissible by the immigration authorities, such officer or authorities shall submit a report in writing to the Commission containing a statement of the reason for such rejection and of the evidence upon which it was based.

(b) Where an applicant for whom the necessary assurances have been provided is not preliminarily determined eligible under § 700.6, the duly authorized representative of the Commission making such determination shall prepare a report in writing of the reasons therefor.

This order shall become effective on the date of its publication in the FEDERAL REGISTER. Compliance with the provisions of section 4 (a) of the Administrative Procedure Act (60 Stat. 238; 5 U. S. C. 1003) as to notice of proposed rule making is found to be contrary to the public interest because Public Law 774, 80th Congress (62 Stat. 1009) which is implemented by these rules, became effective on June 25, 1948, and the execution of functions of the Displaced Persons Commission under that statute would be unduly impeded by such notice. For the same reason it is found that the provisions of section 4 (c) of the Administrative Procedure Act providing for delayed effective date are inapplicable.

HARRY N. ROSENFIELD,
Acting Chairman,
Displaced Persons Commission.

PART 8508—DISPOSAL OF SURPLUS PROPERTY LOCATED IN FOREIGN AREAS

DESIGNATION OF DISPOSAL AGENCY

OCTOBER 1, 1948.

Section 8508.3 of FLC Regulation 8 (Departmental Regulation 108.30; 11 F. R. 13423), is hereby amended by substituting a colon for the final period and

by adding the following immediately thereafter:

§ 8508.3 *Designation of disposal agency.* * * * *Provided, further,* That when the Office of the Foreign Liquidation Commissioner determines that disposition by it of surplus property located in a certain area would be costly and uneconomical, such property (with the exception of that property which has been declared surplus to or committed for sale by the Office of the Foreign Liquidation Commissioner) may be disposed of by the owning agency in accordance with regulations to be issued by the owning agency and approved by the Office of the Foreign Liquidation Commissioner, at the best price obtainable under the circumstances, rather than declared surplus. Where the total acquisition cost of all such property to be disposed of by an owning agency at any depot, base, or similar place at any one time exceeds $50,000 (exclusive of the value of any property being disposed of under the authority of section 14 (b) of the Surplus Property Act of 1944 as amended), the proposed disposition shall be referred to the Office of the Foreign Liquidation Commissioner for review and discussion as to the most practical method of disposal in accordance with the conditions and determinations noted above. However, whenever, in the opinion of the owning agency, reference to the Office of the Foreign Liquidation Commissioner is deemed desirable because of exceptional circumstances, the proposed disposal may be referred to the Office of the Foreign Liquidation Commissioner for review and discussion, regardless of the acquisition cost of the property involved. All dispositions of property made under this proviso by the owning agencies will be subject to the import restrictions of § 8508.15 and orders issued pursuant to this part.

This amendment shall become effective when published in the FEDERAL REGISTER.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 1—ORGANIZATION, PRACTICE, AND PROCEDURE

MISCELLANEOUS AMENDMENTS

In the matter of amendment of §§ 1.142 and 1.144 of the Commission's rules relating to organization and practice and procedure.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 29th day of September 1948;

The Commission having before it a proposal to amend §§ 1.142 and 1.144 of its rules relating to organization and practice and procedure so that in the case of applications for construction permits to construct experimental TV stations to be operated in conjunction with the operation of commercial TV broadcast stations, the Secretary with the approval of the Commission's Engineering and Law Bureaus shall have authority to act thereon; and

It appearing, that under the present Commission rules, the Commission would be required to take individual action upon each of said applications; and

It further appearing, that the processing of said applications will be greatly expedited by appropriate delegation of the Commission's authority to act thereon to members of the Commission Staff; and

It further appearing, that it is desirable to amend the delegation to the Secretary as provided for in § 1.142 (a) (6) of the Commission's rules and regulations so as to require approval of both the Law and Engineering Bureaus; and

It further appearing, that the proposed amendment is procedural and compliance with the provisions of section 4 of the Administrative Procedure Act is not required; and

It further appearing, that authority for the proposed amendment is contained in sections 5 (b) and 303 (r) of the Communications Act of 1934, as amended.

It is ordered, That, effective immediately, § 1.142 (a) (6) of Part 1 of the Commission's rules relating to organization and practice and procedure be, and it is hereby deleted: and

It is further ordered, That, effective immediately, § 1.144 of Part 1 of the Commision's rules relating to organization and practice and procedure be, and it is hereby, amended to include § 1.144 (k) which paragraph shall read as follows:

§ 1.144 *Authority delegated to Secretary upon securing approval of the Law and Engineering Departments.* * * *

(k) Applications for remote pick-up, ST, and experimental TV relay broadcast stations.

At a meeting of the Federal Communications Commission held at its offices in Washington, D. C., on the 29th day of September 1948;

The Commission having under consideration the adoption of changes in the broadcast application forms F. C. C. Forms 301, 302, 303, and 313;

It appearing, that the proposed revisions are editorial in nature and do not in any substantial manner change the kind or extent of information required; and

It further appearing, that the nature of the proposed changes is such as to render unnecessary the notice and procedure provided for in section 4 of the Administrative Procedure Act; and

It further appearing, that the authority for the proposed changes is contained in sections 303 (e), 303 (j), 303 (r), and 303 (b) of the Communications Act of 1934, as amended;

It is ordered, That effective immediately F. C. C. Forms 301, 302, 303 and 313 are amended as set forth below.

PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Bureau of Internal Revenue

[26 CFR, Part 405]

WITHOLDING EXEMPTIONS AND REDUCTION IN WITHHOLDING OF TAX AT SOURCE OF WAGES; REGULATIONS AMENDED TO CONFORM TO THE REVENUE ACT OF 1948

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing in duplicate to the Commissioner of Internal Revenue, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority of section 3791 of the Internal Revenue Code (53 Stat. 467; 26 U. S. C. 3791).

[SEAL] GEO. J. SCHOENEMAN, *Commissioner of Internal Revenue.*

Regulations 116 amended to conform to sections 202 (b), 203, 501, 502, and 503 of the Revenue Act of 1948, relating to withholding exemptions and reduction in withholding of tax at source on wages.

In order to conform Regulations 116 (26 CFR Part 405) to sections 202 (b), 203, 501, 502, and 503 of the Revenue Act of 1948 (Public Law 471, 80th Congress), enacted April 2, 1948, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 405.201 the following:

TITLE V—REDUCTION IN WITHHOLDING OF TAX AT SOURCE ON WAGES (Revenue Act of 1948)

SEC. 501. PERCENTAGE METHOD.

Section 1622 (a) and section 1622 (b) (1) of the Internal Revenue Code (relating to percentage method of withholding) are hereby amended to read as follows:

(a) *Requirement of withholding.* Every employer making payment of wages shall deduct and withhold upon such wages a tax equal to 15 per centum of the amount by which the wages exceed the number of withholding exemptions claimed multiplied by the amount of one such exemption as shown in subsection (b) (1).

(b) (1) The table referred to in subsection (a) is as follows:

PERCENTAGE METHOD WITHHOLDING TABLE

Pay-roll period	Amount of one withholding exemption
Weekly	$13.00
Biweekly	26.00
Semimonthly	28.00
Monthly	56.00
Quarterly	167.00
Semiannual	333.00
Annual	667.00
Daily or miscellaneous (per day of such period)	1.80

SEC. 502 WAGE BRACKET WITHHOLDING.

The tables contained in section 1622 (c) (1) of the Internal Revenue Code (relating to wage bracket withholding) are hereby amended to read as follows:

SEC. 503. EFFECTIVE DATE.

The amendments made by this title shall be applicable only with respect to wages paid on or after May 1, 1948.

PAR. 2. Section 405.201, as amended by Treasury Decision 5492, approved January 30, 1946 (26 CFR 405.201), is further amended as follows:

(A) By inserting in the paragraph beginning with the words "In using the percentage method with respect to wages paid on or after January 1, 1946," immediately after the expression "January 1, 1946," which occurs twice in such paragraph, the expression "and before May 1, 1948,".

(B) By inserting immediately preceding the paragraph beginning with the words "Where the withholding" the following:

In using the percentage method with respect to wages paid on or after May 1, 1948, reference must be made to the percentage method withholding table in section 1622 (b) (1) as amended by the Revenue Act of 1948. The steps in computing the tax under such method with respect to wages paid on or after May 1, 1948, are summarized as follows:

Step 1: Multiply the amount of one withholding exemption by the number of exemptions claimed by the employee.

Step 2: Subtract the amount determined in step 1 from the employee's wages.

Step 3: Multiply the difference by 0.15.

The result is the amount of tax to be withheld.

Example. After April 30, 1948, an employee has a weekly payroll period, for which he is paid $75, and has in effect a withholding certificate claiming three exemptions. His employer, using the percentage method, computes the tax to be withheld as follows:

Step 1:	
Amount of one withholding exemption	$13.00
Multiplied by number of exemptions claimed on Form W-4	×3
Total withholding exemptions	39.00
Step 2:	
Total wage payment	75.00
Less amount determined in step 1	39.00
Balance subject to tax	36.00
Step 3:	
Tax to be withheld (balance multiplied by 0.15)	5.40

PAR. 3. Section 405.202, as amended by Treasury Decision 5492 (26 CFR 405.202), is further amended as follows:

(A) By inserting immediately after Example 4 in (a) the following:

Example 5. After April 30, 1948, Employee E is paid wages and has a weekly payroll period. The number of withholding exemptions claimed by E is two. E's wages are determined at the rate of $1.20 per hour. During a certain payroll period he works 40 hours and earns $48. In computing the tax, the amount of two withholding exemptions, or $26, is allowable, and the balance of $22 is subject to tax.

Example 6. After April 30, 1948, Employee F is paid wages and has a weekly payroll period. The number of withholding exemptions claimed by F is zero. F's wages are determined at the rate of $10 per day. During a certain week F worked only two days and resigned. The tax is computed on the entire amount of $20.

(B) By striking from the next to the last sentence of the example in (b) the words "or a subsequent year" and inserting in lieu thereof ", 1947, or before May 1 in 1948".

(C) By inserting immediately after the last sentence of such example in (b) the following: "If, however, the wages were paid on or after May 1, 1948, the amount of the withholding exemption allowable for the 12-day period in computing the tax at the 15 percent rate is $43.20 (12×(2×$1.80))."

(D) By inserting after Example 2 in (c) the following:

Example 3. On April 1, 1948, C was employed by the Z Real Estate Co. to sell real estate on a commission basis, commissions to be paid only upon consummation of sales. The number of withholding exemptions is one. On May 20, 1948, C received a commission of $300. Again on June 15, 1948, C received a commission of $400. The amount of the withholding exemption in respect of the commission paid on May 20 is $90.00 ($1.80×50). In respect of the commission paid on June 15 the amount of the withholding exemption is $46.80 ($1.80×26).

(E) By inserting immediately after Example 4 in (d) the following:

Example 5. After May 1, 1948, an employee having a daily payroll period is paid wages of $12 per day. The number of withholding exemptions claimed by such employee is one. The amount of each such daily wage payment subject to withholding is $10.20 ($12.00−$1.80).

Example 6. An employee works for a certain employer for 4 days and after April 30, 1948, he is paid $36.00. The number of withholding exemptions claimed by the employee is two. The amount of the withholding exemption allowable is $14.40 (4×$3.60).

(F) By inserting immediately after "January 1, 1946," in the next to the last sentence of the paragraph in (d) which begins with the words "To illustrate", the words "and before May 1, 1948,".

(G) By inserting at the end of such paragraph in (d) beginning with the words "To illustrate" the following: "Under the same set of facts, if the wages are paid on or after May 1, 1948, the amount of the withholding exemption is $26 (2×$13).

PAR. 4. Section 405.203, as amended by Treasury Decision 5492 (26 CFR 405.203), is further amended as follows:

(A) By inserting immediately after "January 1, 1946," in the last sentence of (a) the words "and before May 1, 1948,".

(B) By inserting at the end of (a) the following: "With respect to wages paid on or after May 1, 1948, the wage bracket tables contained in section 1622 (c) as amended by the Revenue Act of 1948 are to be used."

(C) By striking "or a subsequent year" from the last sentence of the example in (c) and inserting in lieu thereof ", 1947, or before May 1 in 1948".

(D) By inserting immediately after such last sentence in (c) the following: "If, however, the wages were paid on or after May 1, 1948, the tax required to be withheld under the table applicable to a miscellaneous period would be $0.60 multiplied by the number of days in such period or $7.20 for the 12-day period."

(E) By inserting immediately after Example 2 in (d) the following:

Example 3. On April 1, 1948, C is hired by the Z Real Estate Co. to sell real estate on a commission basis, commissions to be paid only upon consummation of sales. The number of withholding exemptions claimed by C is one. On May 20, 1948, C received a commission of $300. Again on June 15, 1948, C received a commission of $400. Under the wage bracket method, the amount of tax to be deducted and withheld in respect of the commission paid on May 20 is $32.50, which amount is obtained by multiplying $0.65 (tax under wage bracket table for a daily or a miscellaneous pay-roll period where wages are ns least $6.00 but less than $6.25 a day) by 50 (number of days elapsed); and the amount of tax to be withheld with respect to the commission paid on June 15 is $52, which amount is obtained by multiplying $2.00 (tax under wage bracket table for a daily or a miscellaneous pay-roll period where wages are at least $15.00 but less than $15.50 a day) by 26 (number of days elapsed).

(F) By inserting immediately after Example 4 in (c) the following:

Example 5. After April 30, 1948, an employee having a daily payroll period is paid wages of $7.00 per day. The number of withholding exemptions claimed by the employee is one. Under the table applicable to a daily payroll period, the amount of tax to be deducted and withheld from each such payment of wages is $0.80.

Example 6. During 1948 an individual is hired for four days and on or after May 1, 1948, he is paid wages of $36. The number of withholding exemptions claimed by him is two. The amount of tax to be deducted and withheld under the wage bracket method is $3.20 (4×$0.80).

(G) By striking out the last sentence of (f) and inserting in lieu thereof the following: "Thus, with respect to wages paid on or after May 1, 1948, if the pay-roll period of an employee is weekly and the wage payment of such employee is $255.25 the employer may compute the 15 percent of the excess over $200 as if the excess were $55 instead of $55.25."

PAR. 5. There is inserted immediately preceding § 405.205 the following:

SEC. 202. TECHNICAL AMENDMENTS. (Revenue Act of 1948, Title II.)

• • • • • •

(b) *Withholding exemptions*—(1) *In general.* Section 1622 (b) (1) of the Internal Revenue Code is hereby amended to read as follows:

(1) *In general.* An employee receiving wages shall on any day be entitled to the following withholding exemptions:

(A) An exemption for himself.

(B) One additional exemption for himself if, on the basis of facts existing at the beginning of such day, there may reasonably be expected to be allowable an exemption under section 25 (b) (1) (B) (i) (relating to old age) for the taxable year under Chapter 1 in respect of which amounts deducted and withheld under this subchapter in the calendar year in which such day falls are allowed as a credit.

(C) One additional exemption for himself if, on the basis of facts existing at the beginning of such day, there may reasonably be expected to be allowable an exemption under section 25 (b) (1) (C) (i) (relating to the blind) for the taxable year under Chapter 1 in respect of which amounts deducted and withheld under this subchapter in the calendar year in which such day falls are allowed as a credit.

(D) If the employee is married, any exemption to which his spouse is entitled, or would be entitled if such spouse were an employee receiving wages, under subparagraph (A), (B), or (C), but only if such spouse does not have in effect a withholding exemption certificate claiming such exemption.

(E) An exemption for each individual with respect to whom, on the basis of facts existing at the beginning of such day, there may reasonably be expected to be allowable an exemption under section 25 (b) (1) (D) for the taxable year under Chapter 1 in respect of which amounts deducted and withheld under this subchapter in the calendar year in which such day falls are allowed as a credit.

(2) *Status determination date.* In the case of an individual entitled to an additional withholding exemption under section 1622 (h) (1) of the Internal Revenue Code by reason of the amendment made thereto by paragraph (1) of this subsection, the term "status determination date" as used in section 1622 (h) (3) (B) of such Code includes also the ninetieth day after the date of the enactment of this Act.

SEC. 201. ADDITIONAL CREDITS AGAINST NET INCOME FOR NORMAL TAX AND SURTAX. (Revenue Act of 1948, Title II.)

Paragraphs (1) and (2) of section 25 (b) of the Internal Revenue Code are hereby amended to read as follows:

(1) *Credits.* There shall be allowed for the purposes of both the normal tax and the surtax, the following credits against net income:

(A) An exemption of $600 for the taxpayer; and an additional exemption of $600 for the spouse of the taxpayer if a separate return is made by the taxpayer, and if the spouse, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer;

(B) (i) An additional exemption of $600 for the taxpayer if he has attained the age of 65 before the close of his taxable year; and

(ii) An additional exemption of $600 for the spouse of the taxpayer if a separate return is made by the taxpayer, and if the spouse has attained the age of 65 before the close of such taxable year, and, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer;

(C) (i) An additional exemption of $500 for the taxpayer if he is blind at the close of his taxable year; and

(ii) An additional exemption of $600 for the spouse of the taxpayer if a separate return is made by the taxpayer, and if the spouse is blind and, for the calendar year in which the taxable year of the taxpayer begins, has no gross income and is not the dependent of another taxpayer. For the purposes of this clause the determination of whether the spouse is blind shall be made as of the close of the taxable year of the taxpayer, unless the spouse dies during such taxable year, in which case such determination shall be made as of the time of such death;

(iii) For the purposes of this subparagraph an individual is blind only if either: his central visual acuity does not exceed 20/200 in the better eye with correcting lenses, or his visual acuity is greater than 20/200 but is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees;

(D) An exemption of $600 for each dependent whose gross income for the calendar year in which the taxable year of the taxpayer begins is less than $500, except that the exemption shall not be allowed in respect of a dependent who has made a joint return with his spouse under section 51 for the taxable year beginning in such calendar year.

(2) *Determination of status.* For the purposes of this subsection—

(A) the determination of whether an individual is married shall be made as of the close of his taxable year, unless his spouse dies during his taxable year, in which case such determination shall be made as of the time of such death; and

(B) an individual legally separated from his spouse under a decree of divorce or of separate maintenance shall not be considered as married.

SEC. 203. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1948, Title II.)

The amendments made by this title shall be applicable with respect to taxable years beginning after December 31, 1947. For treatment of taxable years beginning in 1947 and ending in 1948, see section 601.

PAR. 6. Section 405.205, as amended by Treasury Decision 5492 (26 CFR 405.205), is further amended as follows:

(A) By inserting immediately after the paragraph beginning with the words "The number of exemptions" the following: "With respect to wages paid on or after May 1, 1948, the number of exemptions to which an employee is entitled on any day depends also on his status as to old age and blindness."

(B) By inserting after the paragraph beginning with the words "A single person" the following: "With respect to wages paid on or after May 1, 1948, a single person may also be entitled to withholding exemptions for old age and blindness, as explained below."

(C) By inserting immediately after the paragraph beginning with the words "A married person" the following: "With respect to wages paid on or after May 1, 1948, a married person may also be entitled to withholding exemptions for himself and for his spouse because of old age or blindness, as explained below."

(D) By striking "For" from the first sentence of the paragraph beginning with the words "For the purpose of determining" and inserting in lieu thereof "With respect to wages paid before May 1, 1948, for".

(E) By inserting immediately preceding the paragraph beginning with the words "Subject to" the following paragraph:

With respect to wages paid on or after May 1, 1948, for the purpose of determining the number of withholding exemptions to which an employee is entitled for himself and his spouse on any day, the employee's status as a single person or a married person and, if married, whether a withholding exemption is claimed by his spouse shall be determined as of such day, but, in the case of a married person, the withholding exemption for his spouse may be claimed by him for that portion of the taxable year which occurs after the spouse's death. For example, a married employee on a calendar year basis having no dependents has in effect a withholding exemption certificate claiming one exemption for himself and one for his wife. On May 3, 1948, his wife dies. On May 4, 1948, the employee may continue to claim his wife's withholding exemption. Accordingly, he is not required to file a new withholding exemption certificate until December 1, 1948.

(F) By inserting at the end thereof the following:

If an employee will have attained 65 years before the end of the taxable year he may claim an additional withholding exemption on account of age with respect to wages paid on or after May 1, 1948. If the employee's spouse will have attained 65 years before the end of such employee's taxable year and such spouse has no withholding exemption certificate in effect claiming such exemption, the employee may also claim an additional withholding exemption on account of age with respect to wages paid on or after May 1, 1948.

If the employee is blind, he may claim an additional withholding exemption for blindness with respect to wages paid on or after May 1, 1948. If the employee's spouse is blind and has no withholding exemption certificate in effect claiming such exemption, the employee may also claim an additional withholding exemption for blindness with respect to wages paid on or after May 1, 1948. If both husband and wife are employees receiving wages subject to withholding and the wife is over the age of 65 and has in effect a withholding exemption certificate claiming only one exemption, then her husband may claim one exemption for her on his certificate.

For the purpose of claiming a withholding exemption for blindness, an individual shall be considered blind only if either his central visual acuity does not exceed 20/200 in the better eye with correcting lenses or his visual acuity is greater than 20/200 but is accompanied by a limitation in the fields of vision such that the widest diameter of the visual field subtends an angle no greater than 20 degrees.

PAR. 7. Section 405.206, as amended by Treasury Decision 5492 (26 CFR 405.206), is further amended by inserting immediately after "dies" in (a) "before January 1, 1948".

PAR. 8. Section 405.207 (26 CFR 405.207) is amended by inserting immediately after the sentence beginning with the words "For the purposes" the following: "The additional status determination date provided by the Revenue Act of 1948 for employees claiming the exemption for age or blindness coincides with a regular determination date, namely, July 1, 1948."

PAR. 9. Section 405.209, as amended by Treasury Decision 5492 (26 CFR 405.209), is further amended as follows:

(A) By inserting in the second sentence thereof immediately after "paid" the expression "before May 1, 1948".

(B) By inserting immediately after Example 4 in (a) the following:

With respect to wages paid on or after May 1, 1948, the rules for supplemental wages set forth above are also applicable, but if tax has been withheld from the employee's regular wages, an alternative method may be used. Under this method, the employer may determine the tax to be withheld from supplemental wages by using a flat rate of 15 percent without allowance for exemption and without reference to any regular payment of wages.

UNITED STATES STANDARDS FOR GRADES OF FROZEN PINEAPPLE[1]

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given pursuant to the authority contained in the Department of Agriculture Appropriation Act, 1949 (Pub. Law 712, 80th Cong., approved June 19, 1948), that the United States Department of Agriculture is considering the issuance, as herein proposed, of the United States Standards for grades of frozen pineapple. These standards, if made effective, will be the first issue by the Department for grades of frozen pineapple.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed standards shall file the same in quadruplicate with the Chief, Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than 30 days after publication of this notice in the FEDERAL REGISTER.

The proposed standards are as follows:

§ 52.568 *Frozen pineapple.* (a) Frozen pineapple is prepared from the properly ripened fruit of the pineapple plant (Ananas sativus or Ananas comosus); is peeled, cored, trimmed, and washed; may be packed with or without packing media; and is frozen and stored at temperatures necessary for the preservation of the product.

(b) *Styles of frozen pineapple*—(1) *Whole slices.* Frozen whole slices of pineapple consist of whole, practically unbroken slices of pineapple that have been cut, at a right angle to the longitudinal axis, into approximately equal units.

(2) *Half slices.* Frozen half slices of pineapple are such portions of whole slices of pineapple that are so matched in size and thickness that two portions are approximately equivalent to a slice.

(3) *Broken slices.* Frozen broken slices of pineapple consist of portions of slices of pineapple, if such portions are approximately of the same thickness and diameter.

(4) *Crushed* Frozen crushed pineapple is pineapple that has been cut, shredded, or crushed into fine pieces.

(5) *Tidbits.* Frozen tidbits of pineapple are small, wedge-shaped sections cut from slices or portions of slices of pineapple.

(6) *Chunks.* Frozen chunks of pineapple are pieces of pineapple which do not conform to any of the foregoing styles and which do not exceed 1½ inches in any dimension.

(c) *Grades of frozen pineapple.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of whole slices, crushed, tidbits, or chunks that possess a practically uniform, bright, characteristic yellow color in the applicable style; are practically uniform in size and symmetry in the applicable style; are practically free from defects in the applicable style; possess a good character in the applicable style; possess a normal flavor and odor; and score not less than 90 points when scored in accordance with the scoring system outlined in this section.

(2) "U. S. Grade B" or "U. S. Choice" is the quality of whole slices, crushed tidbits, or chunks that possess a reasonably uniform, good, characteristic yellow color in the applicable style; are reasonably uniform in size and symmetry in the applicable style; are reasonably free from defects in the applicable style; possess a reasonably uniform, reasonably good character in the applicable style; possess a normal flavor and odor; and score not less than 80 points when scored in accordance with the scoring system outlined in this section.

(3) "U. S. Grade C" or "U. S. Standard" is the quality of half slices and broken slices that are fairly uniform in size and symmetry; possess a fairly uniform, fairly good, characteristic yellow color; are fairly free from defects; possess a fairly good character; possess a normal flavor and odor; and score not less than 70 points when scored in accordance with the scoring system outlined in this section.

(4) "U. S. Grade D" or "Substandard" is (i) the quality of whole slices, crushed, tidbits, or chunks that fail to meet the requirements of "U. S. Grade B" or "U. S. Choice" grade; or (ii) the quality of half slices or broken slices that fail to meet the requirements of "U. S. Grade C" or "U. S. Standard."

(d) *Ascertaining the grade.* (1) The grade of frozen pineapple is determined immediately after thawing to the extent that the mass or units may be easily separated. The grade of frozen pineapple may be ascertained by considering, in addition to the requirements of the respective grade, the following factors: Color, uniformity of size and symmetry, absence of defects, and character.

(2) The relative importance of each factor is expressed numerically on the scale of 100. The maximum number of points that may be given for each factor is:

	Points
(i) Color	20
(ii) Uniformity of size and symmetry	20
(iii) Absence of defects	30
(iv) Character	30
Total score	100

(3) "Normal flavor and odor" means that the pineapple is free from objectionable flavors, off flavors, and objectionable odors of any kind.

(e) *Ascertaining the rating of each factor.* The essential variations within each factor are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor is inclusive (for example, "18 to 20 points" means 18, 19, or 20 points).

(1) *Color.* (i) Whole slices, crushed, tidbits, or chunks that possess a practically uniform, bright, characteristic yellow color, may be given a score of 18 to 20 points. "Practically uniform, bright, characteristic yellow color" means that the frozen pineapple has a yellow color typical of frozen pineapple and that there may be some variation of such color in the mass or of the units.

(ii) Whole slices, crushed, tidbits, or chunks that possess a reasonably uniform, good, characteristic yellow color, may be given a score of 16 or 17 points. Frozen pineapple that falls in this classification shall not be graded above "U. S. Grade B" or "U. S. Choice," regardless of the total score for the product (this is a limiting rule). "Reasonably uniform, good, characteristic yellow color" means that the frozen pineapple may have considerable variation of such color in the mass or of the units.

(iii) Half slices or broken slices that possess a fairly uniform, fairly good, characteristic yellow color may be given a score of 14 or 15 points. Frozen pineapple that falls in this classification shall not be graded above "U. S. Grade C" or "U. S. Standard," regardless of the total score for the product (this is a limiting rule). "Fairly uniform, fairly good, characteristic yellow color," means that the individual units of the frozen pineapple may vary markedly from a uniform, typical yellow color and may be slightly dull in color.

(iv) Frozen pineapple that possesses a greyish cast or is definitely dull or off-color for any reason, or that fails to meet the requirements of subdivisions (i), (ii), or (iii) of this subparagraph for the applicable style may be given a score of 0 to 13 points and shall not be graded above "U. S. Grade D" or "Substandard," regardless of the total score for the product (this is a limiting rule).

(2) *Uniformity of sizes and symmetry.* The factor of uniformity of size and symmetry shall not be scored when grading frozen crushed pineapple or frozen chunks of pineapple. The other three factors shall be scored and the total shall be multiplied by 100 and divided by 80, dropping any fractions, to determine the total score.

(i) If the frozen pineapple units are practically uniform in size and symmetry, a score of 18 to 20 points may be given. "Practically uniform in size and symmetry" has the following meaning with respect to, and applies only to, the following styles of frozen pineapple:

Whole slices and tidbits. All of the units within each style are the same apparent thickness, size, and shape, with not more than a slight deviation in actual dimensions.

(ii) If the frozen pineapple units are reasonably uniform in size and symmetry, a score of 16 or 17 points may be given. Frozen pineapple that falls into this classification shall not be graded above "U. S. Grade B" or "U. S. Choice," regardless of the total score for the product (this is a limiting rule). "Reasonably uniform in size and symmetry" has the following meaning with respect to, and applies only to, the following styles of frozen pineapple:

Whole slices and tidbits. The units within each style may vary in thickness, size, and shape with more than a slight deviation in actual dimensions.

(iii) If the frozen pineapple units consist of half slices or broken slices, a score of 14 or 15 points may be given. Frozen pineapple that falls into this classification shall not be graded above "U. S. Grade C" or "U. S. Standard," regardless of the total score for the product (this is a limiting rule).

(3) *Absence of defects.* The factor of absence of defects refers to the degree of freedom from blemished units; from excessively trimmed units; from broken units; and from crushed units. (See Table No. I of this section.)

(i) "Blemished units" are units of frozen pineapple with any fruit eye more than 1/32 inch in diameter, deep fruit eyes regardless of area, brown spots, peel, bruise, or other injury.

(ii) "Excessively trimmed units" means that the units have been so trimmed that they do not retain their apparent original conformation.

(iii) "Broken units" means that whole slices are definitely severed from core hole to perimeter.

(iv) "Crushed units," except for crushed style, means that the units have been crushed to the extent that they are not of normal shape.

(v) Frozen pineapple that is practically free from defects may be given a score of 27 to 30 points. "Practically free from defects" has the following meaning with respect to, and applies only to, the following styles of frozen pineapple:

Whole slices. No units are crushed; no units are excessively trimmed; not more than 5 percent, by count, may be blemished; and not more than 10 percent, by count, may be broken in one place only. One blemished unit and one broken unit are permitted if one unit exceeds the respective allowance of 5 percent and 10 percent by count.

Tidbits and chunks. Not more than 5 percent, by count, may be crushed and not more than 5 percent, by count, may be blemished.

Crushed. Not more than ½ percent, by weight, may be blemished units. In determining the weight of blemished material, the weight of the entire blemished piece is included and the percentage is based on the drained weight of the pineapple.

(vi) Frozen pineapple that is reasonably free from defects may be given a score of 24 to 26 points. Frozen pineapple that falls into this classification shall not be graded above "U. S. Grade B" or "U. S. Choice," regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" has the following meaning with respect to, and applies only to, the following styles of frozen pineapple:

Whole slices. Not more than 3 percent, by count, may be excessively trimmed; not more than 5 percent, by count, may be crushed; not more than 12½ percent, by count, may be blemished; and not more than 25 percent, by count, may be broken in one place only.

Tidbits and chunks. Not more than 5 percent, by count, may be crushed; and not more than 12½ percent, by count, may be blemished.

Crushed. Not more than 1 percent, by weight, may be blemished units. In determining the weight of blemished material, the weight of the entire piece is included and the percentage based on the drained weight of the frozen pineapple.

(vii) Frozen pineapple that is fairly free from defects may be given a score of 21 to 23 points. Frozen pineapple that falls into this classification shall not be graded above "U. S. Grade C" or "U. S. Standard," regardless of the total score for the product. "Fairly free from defects" has the following meaning with respect to, and applies only to, the following styles of frozen pineapple:

Half slices and broken slices. Not more than 5 percent, by count, may be crushed; and not more than 12½ percent, by count, may be blemished. Since half slices and broken slices of frozen pineapple are whole slices broken in more than one place, these styles are scored in this classification and shall not be graded above "U. S. Grade C" or "U. S. Standard," regardless of the total score for the product (this is a limiting rule).

(viii) Whole slices, crushed, tidbits, and chunks of pineapple that fail to meet subdivision (vi) of this subparagraph; half slices or broken slices of frozen pineapple that fail to meet the requirements of subdivision (vii) of this subparagraph may be given a score of 0 to 20 points and shall not be graded above "U. S. Grade D" or "Substandard," regardless of the total score for the product (this is a limiting rule).

(ix) The evaluation of the score for the factor of absence of defects may be determined from Table No. I of this section which indicates the maximum allowances for each type of defect for the score indicated.

[1] The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

	21						5	12½		
U. S. Grade D or Substandard.	20 or less	More than allowances permitted for 21 points					More than allowances permitted for 21 points		More than allowances permitted for 24 points	

(4) *Character.* The factor of character refers to the degree of ripeness and texture of the fruit.

(i) Frozen pineapple that possesses a good character may be given a score of 27 to 30 points. "Good character" has the following meaning with respect to, and applies only to, the following styles of frozen pineapple:

Whole slices, tidbits, and crushed. The fruit is uniformly ripe and there may be present not more than 2½ percent by weight, of core material or fibrous stock; and, in the case of whole slices and tidbits, the fruit is reasonably firm and the fruitlets appear as a compact structure, reasonably free from porosity.

Chunks. The fruit is of practically uniform ripeness and normally has had more of the fibrous portions around the core hole removed than is the case with other styles of pack; the fruit is reasonably firm and the fruitlets appear as a compact structure, reasonably free from porosity.

(ii) Frozen pineapple that possesses a reasonably good character may be given a score of 24 to 26 points. Frozen pineapple which falls into this classification shall not be graded above "U. S. Grade B" or "U. S. Choice;" regardless of the total score for the product (this is a limiting rule). "Reasonably good character" has the following meaning with respect to, and applies only to, the following styles of frozen pineapple:

Whole slices, tidbits, and crushed. The fruit is of reasonably uniform ripeness and there may be present not more than 5 percent, by weight, of core material or fibrous stock; and, in the case of whole slices and tidbits, the fruitlets are reasonably compact in structure, fairly free from porosity.

Chunks. The fruit is of reasonably uniform ripeness and normally has had more of the fibrous portions around the core hole removed than is the case with other styles of pack; and the fruitlets are reasonably compact in structure, fairly free from porosity.

(iii) If the frozen pineapple possesses a fairly good character, a score of 21 to 23 points may be given. Frozen pineapple that falls into this classification shall not be graded above "U. S. Grade C" or "U. S. Standard" regardless of the total score for the product (this is a limiting rule). "Fairly good character" has the following meaning with respect to, and applies only to, the following styles of frozen pineapple:

Half slices and broken slices. The texture may be variable and there may be present not more than 5 percent, by weight, of core material or fibrous stock and the fruitlets may be flaccid and loosely constructed.

(iv) Whole slices, crushed, tidbits, and chunks of pineapple that fail to meet subdivision (ii) of this subparagraph; and half slices and broken slices that fail to meet the requirements of subdivision (iii) of this subparagraph, may be given a score of 0 to 20 points and shall not be graded above "U. S. Grade D" or "Substandard" regardless of the total score for the product (this is a limiting rule).

(f) *Tolerances for certification of officially drawn samples.* (1) When certifying samples that have been officially drawn and which represent a specific lot of frozen pineapple, the grade for such lot will be determined by averaging the total scores of the containers comprising the sample, if:

(i) Not more than one-sixth of such containers fails to meet all the requirements of the grade indicated by the average of such total scores, and, with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, must be within the range for the grade indicated;

(ii) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

(iii) All containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given that the Secretary of Agriculture is considering the approval, pursuant to section 2 (s) (11) of the amended marketing agreement and § 936.2 (s) (11) of Order No. 36, as amended (7 CFR, Cum. Supp., 936.1 et seq.), of the resolution adopted by the Control Committee (established under the amended marketing agreement and order as the agency to administer the terms and provisions thereof) changing the representation of certain districts on the Bartlett Pear Commodity Committee, also established under said amended marketing agreement and order. These changes in representation would become effective pursuant to the applicable provisions of the aforesaid amended marketing agreement and order regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California. This is a regulatory program effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.).

Upon approval by the Secretary of the foregoing resolution of the Control Committee, the following changes in the representation or membership on the Bartlett Pear Commodity Committee will become effective on the date specified by the Secretary; and such changes will become a part of the rules and regulations

(7 CFR, 1947 Supp., 936.100 et seq.) currently in effect and be reflected by the addition of a new paragraph (d) to § 936.102 *Administrative bodies* of such rules and regulations:

(d) *Changes in the representation of certain districts on Bartlett Pear Commodity Committee.* The representation or membership on the Bartlett Pear Commodity Committee is changed to provide for:

(1) Three (3) members to represent the North Sacramento Valley District, Central Sacramento Valley District, Sacramento River District, and Stockton District;

(2) Two (2) members to represent the Placer District;

(3) One (1) member to represent the Solano District;

(4) One (1) member to represent the Contra Costa District, and Santa Clara District;

(5) One (1) member to represent the Lake District;

(6) One (1) member to represent the North Coast District and North Bay District;

(7) One (1) member to represent the Colfax District; and

(8) Two (2) members to represent the Eldorado District and all of the area not included in the North Sacramento Valley Dstrict, Central Sacramento Valley District, Colfax District, Placer District, Sacramento River District, Stockton District, Solano District, Contra Costa District, Santa Clara District, Lake District, North Coast District, and North Bay District.

All persons who desire to submit written data, views, or arguments for consideration in connection with the approval by the Secretary of the aforesaid proposals shall file the same in quadruplicate with the Director, Fruit and Vegetable Branch, Producton and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than fifteen days after publication of this notice in the FEDERAL REGISTER.

Done at Washington, D. C., this 1st day of October 1948.

[SEAL] A. J. LOVELAND,
Acting Secretary of Agriculture.

[29 CFR, Part 536]

AREA OF PRODUCTION

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the Administrative Procedure Act (60 Stat. 237; 5 U. S. C., Supp., 1001), that the Administrator of the Wage and Hour Division, United States Department of Labor, proposed to amend the regulations contained in this part in the manner hereinafter set forth.

The proposed amendments establish a uniform definition of the "area of production" with respect to leaf tobacco both in Puerto Rico and elsewhere in the United States. They are intended, among other things, to make it clear that in Puerto Rico, as elsewhere, bulking of leaf tobacco, which characteristically involves processing operations not mentioned in section 13 (a) (10) of the Fair Labor Standards Act, will not provide a basis for exemption under that section. Operations performed within the "area of production" as defined in this part will be regarded as operations to which the "area of production" exemptions provided by section 7 (c) or section 13 (a) (10) refer only if they are operations specifically described in the exempting language of the statute.

Prior to the final adoption of such amendments, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing to the Administrator of the Wage and Hour Division, United States Department of Labor, Washington 25, D. C., within 30 days from publication of this notice in the FEDERAL REGISTER. Four copies of all written material should be submitted. The proposed amendments are to be issued under the authority contained in sections 7 (c) and 13 (a) (10) of the Fair Labor Standards Act of 1938 (52 Stat. 1060; 29 U. S. C. 201). They are as follows:

1. Amend § 536.1 (a) and § 536.2 (a) (1) (iv) by deleting therefrom the parenthetical phrase "(other than Puerto Rican leaf tobacco)."

2. Amend § 536.2 further by deleting the word "or" at the end of paragraph (a) (1) (iv), changing the semicolon immediately preceding it to a period, and deleting paragraph (a) (2) and paragraph (c).

Signed at Washington, D. C., this 28th day of September 1948.

WM. R. MCCOMB,
Administrator, Wage and Hour Division, United States Department of Labor.

NATIONAL MILITARY ESTABLISHMENT

Secretary of Defense

[Transfer Order 23]

ORDER TRANSFERRING FUNCTIONS RELATING TO CORRECTION OF MILITARY RECORDS FROM DEPARTMENT OF THE ARMY TO DEPARTMENT OF THE AIR FORCE

Pursuant to the authority vested in me by the National Security Act of 1947 (Act of July 26, 1947; Public Law 253, 80th Congress) and in order to effect certain transfers authorized or directed therein, it is hereby ordered as follows:

1. There are hereby transferred to and vested in the Secretary of the Air Force and the Department of the Air Force all functions, powers and duties relating to the correction of military records insofar as they may pertain to the Department of the Air Force or the United States Air Force or their property or personnel, which are vested in the Secretary of the Army or the Department of the Army or any officer of that Department by the act of August 2, 1946, c. 753, Title II, Part I, Sec. 207 (60 Stat. 837; 5 U. S. C. 191a, 275, 456a).

2. The Secretary of the Army, the Secretary of the Air Force or their representatives are hereby authorized to issue such orders as may be necessary to effectuate the purposes of this Order. In this respect, the transfer of such related personnel, property, records, installations, agencies, activities and projects as the Secretaries of the Army and the Air Force shall from time to time jointly determine to be necessary, is authorized.

3. It is expressly determined that the functions herein transferred are necessary and desirable for the operations of the Department of the Air Force and the United States Air Force.

4. This order shall be effective as of 12:00 Noon, September 27, 1948.

JAMES FORRESTAL,
Secretary of Defense.

ORLAND IRRIGATION PROJECT, CALIFORNIA

PUBLIC NOTICE OF ANNUAL OPERATION AND MAINTENANCE CHARGES

SEPTEMBER 16, 1948.

1. *Operation and maintenance charges.* The minimum annual operation and maintenance charge for the irrigation season of 1949 and thereafter until further notice for all lands of the Orland Project, California, under public notice shall be $4.10 per irrigable acre, whether water is used or not, which charge will permit the delivery of not to exceed 3 acre-feet of water per irrigable acre per annum. Additional water, up to the amount of the surplus natural flow water, or operational spill from Stony Gorge Dam, used prior to the time it becomes necessary to draw upon the storage supply, will be furnished at the rate of $0.10 per acre-foot. Further additional water, if available, will be fur-

nished during the irrigation season at the following rates:

First acre-foot per acre, $1.00 per acre-foot.
Second acre-foot per acre, $1.25 per acre-foot.
Third and additional acre-feet per acre, $1.50 per acre-foot.

2. *Time of payment.* The minimum charge for the next irrigation season, together with charges for additional water used during the previous irrigation season, shall be payable on or before December 31 of each year.

3. *Penalties.* If payment of the charges, or any part thereof, is not made on or before the due date, there shall be added on the following day a penalty of one-half of one per cent of the amount unpaid, and a like penalty of one-half of one per cent of the amount unpaid on the first day of each calendar month thereafter so long as such default shall continue. No water shall be delivered until all charges and penalties have been paid in full.

4. *Place of payment.* All payments should be made to the Bureau of Reclamation, Orland, California.

ORLAND IRRIGATION PROJECT, CALIFORNIA

PUBLIC NOTICE OF ANNUAL WATER RENTAL CHARGES

SEPTEMBER 16, 1948.

1. Announcement is hereby made that, pending the cancellation of water rights on lands now delinquent in the payment of charges due the United States and the transfer of said water rights to other lands in private ownership that can be served from the constructed canal system, or minor extensions, on the Orland Project, California, water will be furnished during the irrigation season of 1949 and thereafter until further notice, upon approved applications for temporary water service for the irrigation of such other lands, upon a water rental basis, at the following rates and terms.

2. *Charges and terms of payment.* The minimum water rental charge for the lands to be irrigated under the provisions of this public notice shall be $4.10 per irrigable acre, which charge will permit the delivery of not to exceed 3 acre-feet of water per irrigable acre per annum. Additional water, if available, will be furnished at the following rates:

First acre-foot per acre, $1.00 per acre-foot.
Second acre-foot per acre, $1.25 per acre-foot.
Third and additional acre-feet per acre, $1.50 per acre-foot.

The minimum charge will be payable at the time that application for temporary water service is executed and no water will be delivered until the minimum charge has been paid in full. Charge for additional water at the rates above specified must be paid in advance of the delivery of additional water and no advance payments shall be accepted in sums of less than $10.00.

3. *Application for, and payment of service.* Applications for water service and the payments required by this notice will be received at the office of the Bureau of Reclamation, Orland, California.

[No. 4]

W. C. AUSTIN IRRIGATION PROJECT, OKLAHOMA

ANNOUNCEMENT OF ANNUAL WATER RENTAL CHARGES

JULY 27, 1948.

1. I have determined that it is not possible, because construction work is not sufficiently advanced, to promulgate during the year 1949 any of the notices of construction charges contemplated in article 7 of the contract between the United States and Lugert-Altus Irrigation District dated January 12, 1942.

2. *Water rental.* Pursuant to article 9 of the contract of January 12, 1942, irrigation water will be furnished, when available, upon a rental basis under approved applications for temporary water service, during the irrigation season of 1949 where the progress of construction will permit, to the irrigable lands in the Lugert-Altus Irrigation District described below:

(a) *Water to be furnished beginning on January 1, 1949.* Generally described as the area served from the Altus Canal, Altus Laterals 3.2 to 11.1, inclusive, City Pipeline, City Laterals, West Canal, West Laterals, Blair Lateral and Sublaterals, comprising such lands as are irrigable within the tracts of land described as follows:

Charges and terms of payment. Owners of irrigable lands in the above tracts, as designated on the attached list of irrigable acreages, shall pay a minimum water rental charge of $2.50 per irrigable acre, whether water is used or not, which will entitle said owner to one-half acre foot of water per irrigable acre. Additional water, if available, will be furnished during the irrigation season at the rate of $3.00 for each acre foot. Minimum charges shall be payable by the District to the United States on collection from the irrigable landowner as assessments against the irrigable lands of such landowner in pursuance of the laws of the State of Oklahoma governing the levy of assessments by Irrigation Districts contracting with the United States. In no event shall payment in full of all charges by the District to the United States extend beyond July 1, 1949. Charges for additional water shall be payable by the District to the United States in advance of the delivery of such water.

(b) *Water to be furnished beginning on or about January 1, 1949.* Generally described as the area served from the Ozark Canal, Ozark Canal Lateral, Ozark Canal Laterals 1.5 to 15.2, inclusive, and Altus Canal Laterals 13.2 to 21.7, inclusive, comprising such lands as are irrigable within the tracts of land described as follows:

No application for the initial delivery of less than five acre feet of water for each ownership will be received by the District. All charges shall be payable by the District to the United States in advance of the delivery of water.

3. Water will be delivered and measured by Government forces at the nearest available measuring device to the individual farm.

4. The District will request water delivery for, and certify to the United States as entitled to receive water, only such lands as are owned or are held under contract of purchase by persons duly qualified to receive water under the terms of the Reclamation Act of June 17, 1902 (32 Stat. 388), and acts of Congress supplementary thereto or amendatory thereof, and who have duly complied with the requirements of the contract of January 12, 1942, between the United States and the District, including:

(a) The Execution and delivery of the valid recordable contract, in the case of ownership of excess land, as provided for in articles 27 and 29 (b) of said contract.

5. Individual applications for water service and the payments required by this announcement will be received at the office of the Secretary, Lugert-Altus Irrigation District, Altus, Oklahoma. Requests by the District for water for such lands as are entitled to receive water and payment by the District to the United States will be received at the office of the Bureau of Reclamation, Altus, Oklahoma.

FEDERAL POWER COMMISSION

TRUNKLINE GAS SUPPLY CO.

[Docket No. G-882]

ORDER POSTPONING DATE OF RECONVENING HEARING

SEPTEMBER 30, 1948.

It appears to the Commission that:

(a) A public hearing was held on the application herein, as amended, on September 8 through September 16, 1948, at which time the direct presentation of the Applicant in support of its application, as amended, was concluded; the hearing was thereupon recessed to October 4, 1948.

(b) At the close of such direct presentation a motion to strike testimony offered by Applicant purporting to show the existence of a market for the natural gas proposed to be transported by the proposed facilities involved herein was sustained by the Presiding Examiner

and the exhibits offered in connection therewith were not admitted in evidence, as such testimony and exhibits were deemed irrelevant and immaterial. Applicant has appealed to the Commission on this ruling.

(c) At the conclusion of the hearing referred to in paragraph (a) above a motion to dismiss the amended application was made by the National Coal Association and Railway Labor Executives Association, interveners herein, whereupon September 23, 1948, was fixed by the Presiding Examiner as the date for filing of briefs in support of or in opposition to such motion to dismiss; September 29, 1948, was the date fixed for replies thereto.

The Applicant on September 29, 1948, filed a motion to postpone date of reconvening hearing until October 18, 1948, alleging that there are continuing negotiations concerning matters affecting the sale of gas to various potential customers; that Applicant is taking further action with regard thereto and with regard to related items; that Applicant intends to present additional testimony and evidence bearing thereon; and that a more efficient and expeditious presentation of such additional testimony will be accomplished if such postponement is granted.

The Commission, having considered the application, as amended, the record thereon with respect to the matters involved and the issues presented, the motion to dismiss, including briefs thereon, and the motion to postpone date of reconvening hearing, finds that: It is appropriate in the public interest to withhold decision with respect to the Presiding Examiner's ruling on the abovementioned motion to strike and the motion to dismiss pending the presentation of additional evidence in support of the application, as amended, and to postpone the date of reconvening hearing, as hereinafter ordered.

The Commission, therefore, orders that:

(A) The reconvening of this hearing now set for October 4, 1948, be and the same is hereby postponed to October 18, 1948, at 10:00 a. m. (e. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., for the purpose of receiving additional evidence to be presented in support of the amended application, and the record herein is remanded to the Presiding Examiner for such purposes.

(B) Upon the conclusion of the presentation of such evidence the record shall be forthwith certified to the Commission for the purpose of disposing of the motion to strike and the motion to dismiss and the hearing shall be recessed pending such disposition.

Date of issuance: October 1, 1948.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[File No. 812-567]

AMERICAN GENERAL CORP. ET AL.

NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission held at its offices in the city of Washington, D. C., on the 30th day of September A. D. 1948.

In the matter of American General Corporation, Morris Plan Corporation of America, Industrial Bank of Commerce of Albany, and Harry F. Burch, File No. 812-567.

Notice is hereby given that the Morris Plan Corporation of America (Morris Plan), 103 Park Avenue, New York, New York, has filed an application pursuant to section 17 (b) of the Investment Company Act of 1940 for an order exempting from the provisions of section 17 (a) (2) of the act the proposed purchase from Morris Plan by Harry F. Burch, of 50 shares of the capital stock of the Industrial Bank of Commerce of Albany (Bank), 50 State Street, Albany, New York, for the sum of $1,028.50 in cash. Harry F. Burch is a director of the Bank.

Section 17 (a) (2) of the act makes it unlawful for an affiliated person of an affiliated person of a registered investment company, acting as principal, knowingly to purchase from any company controlled by such registered investment company, any security or other property, except securities of which the seller is the issuer.

American General Corporation, 420 Lexington Avenue, New York, New York, is a closed-end, non-diversified management investment company registered under the act. American General Corporation owns approximately 61% of the common stock of Morris Plan, the only class of stock of Morris Plan entitled to vote. Morris Plan owns 19,382⅓ shares of the $10 par value capital stock of the bank out of 20,000 shares of such stock outstanding. Since Harry F. Burch is a director of the bank, the proposed purchase by him from Morris Plan of capital stock of the bank involves the purchase by an affiliated person of an affiliated person of a registered investment company, from a company controlled by such registered investment company, of a security of which the seller is not the issuer. The application therefore requests an order exempting the proposed transaction from the provisions of section 17 (a) (2) of the act.

For a more detailed statement of the matters of fact and law asserted, all persons are referred to said application which is on file in the offices of the Commission in Washington, D. C.

Notice is further given that an order granting the application, in whole or in part and upon such conditions as the Commission may deem necessary or appropriate, may be issued by the Commission at any time after October 22, 1948, unless prior thereto a hearing upon the application is ordered by the Commission, as provided in Rule N-5 of the rules and regulations promulgated under the act. Any interested person may, not later than October 20, 1948, at 5:30 p. m., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington, D. C., and should state briefly the nature of the interest of the person submitting such information or requesting a hearing, the reasons for such request, and issues of fact or law raised by the application which he desires to controvert.

BESSEMER AND LAKE ERIE RAILROAD CO.

FINDINGS AND ORDER DETERMINING CUMULATIVE PREFERRED STOCK NOT EQUIVALENT TO COMMON STOCK

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 30th day of September A. D. 1948.

The New York Curb Exchange has made application under Rule X-12F-2 (b) for a determination that the $1.50 Cumulative Preferred Stock, Par Value $50.00, of Bessemer and Lake Erie Railroad Company, a Pennsylvania corporation, is substantially equivalent to the $50.00 par value common stock of Pittsburg, Bessemer and Lake Erie Railroad Company, a corporation organized and existing under and by virtue of the laws of the Commonwealth of Pennsylvania and of the State of Ohio. The common stock, par value $50.00 of the Pittsburg, Bessemer and Lake Erie Railroad Company has been admitted to unlisted trading privileges on the New York Curb Exchange since January 22, 1926.

Section 12 (f) of the Securities Exchange Act of 1934 provides that a national securities exchange, upon application to and approval of such application by the Commission, * * * (1) may continue unlisted trading privileges to which a security had been admitted on such exchange prior to March 1, 1934; or (2) may extend unlisted trading privileges to any security duly listed and registered on any other national securities exchange * * *; or (3) may extend unlisted trading privileges to any security in respect of which there is available from a registration statement and periodic reports or other data filed * * * under the Securities Exchange Act of 1934, or the Securities Act of 1933, information substantially equivalent to that available in respect of a security duly listed and registered on a national securities exchange.

Since the Bessemer and Lake Erie Railroad Company has no securities listed or registered on any national securities exchange, and has never filed with the Commission a registration statement pursuant to the Securities Act of 1933, the New York Curb Exchange may not have unlisted trading privileges in the $1.50 Cumulative Preferred Stock, Par Value $50.00, of this company except in the event that this be deemed a security admitted to unlisted trading privileges on this exchange prior to March 1, 1934. Under section 12 (f) of the act the Commission has adopted Rule X-12F-2 which provides for an application by an exchange to the Commission for a determination whether a security admitted to unlisted trading privileges that has been changed by an issuer is thereafter substantially equivalent to the security theretofore admitted to unlisted trading privileges.[1] If the Commission determines that the security after such change is substantially equivalent to the security theretofore admitted to unlisted trading privileges, the rule provides that the security as changed shall be deemed to be the security theretofore admitted to unlisted trading privileges. This would permit the New York Curb Exchange to engage in unlisted trading in the $1.50 Cumulative Preferred Stock, Par Value $50.00, of Bessemer and Lake Erie Railroad Company.

A merger is being effected whereby the Pittsburg, Bessemer and Lake Erie Railroad Company, together with another corporation named Meadville, Conneaut Lake and Linesville Rail Road Company, is being merged into Bessemer and Lake Erie Railroad Company, which will be the surviving corporation. The properties of the two other corporations being merged into the Bessemer and Lake Erie Railroad Company have been operated by the latter company under long term leases. Prior to the merger becoming effective, the Pittsburg, Bessemer and Lake Erie Railroad Company had outstanding 40,000 shares of 6% Cumulative Preferred stock of a par value of $50.00 per share and 200,000 shares of common stock of a par value of $50.00 per share, in addition to $11,873,000 principal amount of First Mortgage 2¾% Bonds, Series A, due December 1, 1996. Prior to the effective date of the merger the capitalization of the Bessemer and Lake Erie Railroad Company consisted of 10,000 shares of common stock, par value $50.00, outstanding; and it had no issues of preferred stock outstanding. Under the terms of the reorganization and merger, the surviving corporation will issue one share of its own new $3.00 Cumulative Preferred Stock, Par Value $50.00, for each of the 40,000 shares of 6% Cumulative Preferred Stock, Par Value $50.00, of Pittsburg, Bessemer and Lake Erie Railroad Company, and will issue one share of its new $1.50 Cumulative Preferred Stock, Par Value $50.00, for each of the outstanding 200,000 shares of Common Stock, Par Value $50.00, of Pittsburg, Bessemer and Lake Erie Railroad Company.

There are sufficient differences between the $1.50 Cumulative Preferred Stock, Par Value $50.00, of Bessemer and Lake Erie Railroad Company and the Common Stock, Par Value $50.00, of Pittsburg, Bessemer and Lake Erie Railroad Company as to make it appear that these securities are not substantially equivalent to one another. Rule X-12F-2 (b) refers to "any change" effected in a security admitted to unlisted trading on a national securities exchange. In the instant case what is to be effected by the reorganization is more far-reaching than a change in a security admitted to unlisted trading privileges on the New York Curb Exchange prior to March 1, 1934. Not only is the successor security that of a different corporation from the corporation issuing the security that has been traded on the New York Curb Exchange since January 22, 1926, but it is an entirely new issue of preferred stock by a corporation which prior to the reorganization did not have preferred stock outstanding, but only common stock, and certain equipment trust certificates. Furthermore, the differences between common stock and preferred stock are not inconsiderable. The plan of reorganization expressly provides that the new $1.50 Cumulative Preferred Stock of the surviving corporation "shall have no voting powers or rights" and that the holders of the common stock of the corporation shall exclusively possess all voting powers for the election of directors and for all other purposes. Moreover, the plan of reorganization provides that the holders of the $1.50 Cumulative Preferred Stock shall be entitled to no more than $1.50 cumulative cash dividends per

[1] The full text of Rule X-12F-2, entitled "Changes in Securities Admitted to Unlisted Trading Privileges", is as follows:

(a) Any security admitted to unlisted trading privileges on a national securities exchange although changed in one or more of the following respects—

(1) Title of such security or the name of the issuer;

(2) The maturity, interest rate, and/or outstanding aggregate principal amount of an issue of bonds, debentures or notes;

(3) The par value, dividend rate, number of shares authorized and/or the outstanding number of shares of a stock;

shall, nevertheless, be deemed to be the security theretofore admitted to unlisted trading privileges on such exchange. Such exchange shall notify the Commission in writing of any such change promptly after learning thereof.

(b) Any security admitted to unlisted trading privileges on a national securities exchange in respect of which there is effected any change other than those specified in paragraph (a) of this rule, shall, nevertheless, be deemed to be the security theretofore admitted to unlisted trading privileges on such exchange, provided the Commission shall have determined, upon application by such exchange, that the security after such change is substantially equivalent to the security theretofore admitted to unlisted trading privileges.

Such application shall be filed in triplicate, shall be in the form prescribed for registration statements by Rule X-2 and shall contain the following information:

(1) Title of security.

(2) Name of issuer.

(3) A brief but comprehensive description of each change proposed to be effected in such security, together with a copy of all written matter submitted to security holders relating to each such change.

share per annum; whereas the common stock of the predecessor corporation would normally have been entitled to share in any net earnings available for distribution as dividends after the dividends on the 6% Cumulative Preferred Stock, Par Value $50.00, had been paid Also, in the event of liquidation of the Bessemer and Lake Erie Railroad Company, the new $1.50 Cumulative Preferred Stock, Par Value $50.00, will only be entitled to receive $50.00 per share; and the assets remaining after the payment of indebtedness and of the amounts to which the two new classes of preferred stock are entitled, will belong to the common stockholders. This is in contrast with the rights of the holders of the common stock of Pittsburg, Bessemer and Lake Erie Railroad Company who in the event of dissolution, liquidation or winding up of that corporation, would have been entitled to all the assets remaining after payment of indebtedness and payment of the value upon liquidation of the shares of 6% Cumulative Preferred Stock. In addition, the plan of reorganization expressly provides that the holders of the $1.50 Cumulative Preferred Stock to be issued by the surviving corporation shall have no pre-emptive rights to subscribe for or to purchase any part of any new or additional issue of any class of stock; and the plan of reorganization further expressly provides that the holders of the common stock of the surviving organization shall be entitled, as a matter of right, to subscribe for and to purchase all or any part of any new or additional issue of any class of stock of the corporation.

Accordingly it is ordered, Pursuant to sections 12 (f) and 23 (a) of the Securities Exchange Act of 1934 and Rule X-12F-2 (b) thereunder, that the $1.50 Cumulative Preferred Stock, Par Value $50.00, of Bessemer and Lake Erie Railroad Company is hereby determined not to be substantially equivalent to the Common Stock, Par Value $50.00, of Pittsburg, Bessemer and Lake Erie Railroad Company.

By the Commission.

PUBLIC SERVICE CO. OF INDIANA, INC., AND MIDDLE WEST CORP.

MEMORANDUM FINDINGS AND ORDER GRANTING APPLICATIONS AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 29th day of September A. D. 1948.

In the matter of Public Service Company of Indiana, Inc., File No. 70-1893; Middle West Corporation, File No. 70-1913.

The Middle West Corporation, ("Middle West"), a registered holding company and its subsidiary, Public Service Company of Indiana, Inc., ("Public Service"), have filed separate applications-declarations and amendments thereto pursuant to sections 6 (a) (2), 6 (b), 7 (e), 9, 10, 12 (e) and 12 (f) of the Public Utility Holding Company Act of 1935 ("act") and Rules U-43, U-62 and U-65 with respect to the following transactions:

Public Service proposes to issue additional shares of common stock, without par value, to the holders of its 1,118,687 shares of outstanding common stock as at June 30, 1948, on the basis of one additional share for each share held. In conection with such issuance Public Service proposes to amend its Articles of Consolidation, as amended, ("Charter") so as, among other things, to increase the number of shares of common stock authorized from 2,000,000 shares to 5,000,000 shares and to increase the number of shares reserved for conversion of the Fifteen Year 2¾% Convertible Debentures due May 1, 1962 from 266,035 shares to 532,070 shares as at June 30, 1948.

In connection with the above program, Public Service proposes to solicit proxies to be voted in favor of the adoption of the proposed Charter amendments from the holders of its presently outstanding common stock and 3½% Cumulative Preferred Stock. The company states that it may be necessary to employ solicitors to assist the management in the solicitation of proxies.

Middle West, the owner of 224,586 shares representing approximately 20% of the outstanding common stock of Public Service, proposes to acquire the additional 224,586 shares to which it will be entitled if and when such shares are issued.

A public hearing having been held after appropriate notice, and having examined the record we make the following findings:

The record indicates that Public Service proposes to hold a meeting of stockholders on October 29, 1948 for the purpose of authorizing the additional shares of common stock and the issuance of one share for each share now outstanding. If the requisite vote of the stockholders is obtained, it is the intention of the company to file the Charter amendments on November 1, 1948 which date automatically becomes the record date for the purpose of issuing the additional shares of common stock.

The proposed issuance of common stock by the company has been expressly authorized by the Public Service Commission of Indiana, the State commission of the state in which Public Service is organized and doing business.

The company indicates that it will be necessary to issue and sell, from time to time, additional shares of common stock to provide a portion of the capital for necessary construction purposes, and that the proposal to have outstanding a larger number of shares with a lower market price will facilitate the raising of common stock capital.

The increase in the number of outstanding common shares, having one vote per share, has the effect of altering the voting rights of the holders of 3½% Cumulative Preferred Stock, which will continue to have one vote per share. Any such alteration under the Charter requires the affirmative vote of two-thirds of the outstanding preferred stock as well as a majority vote of the common stock and, for this purpose, Public Service proposes to solicit both classes of stock.

We have examined the solicitation material proposed to be sent out to the stockholders in connection with the proposed transactions, which material sets forth the matters to be considered and voted on at the stockholders meeting. Depending on the response to its solicitations of proxies, Public Service may employ a firm of solicitors to aid in securing the requisite number of proxies. Inasmuch as Public Service can determine whether to employ solicitors only after the results of its own efforts have been determined, the company cannot now estimate the amount of any expenditures it may incur in this connection. We will, therefore, reserve jurisdiction over any such expenses.

The record indicates that other expenses to be incurred by Public Service in connection with the proposed transactions are estimated to be $80,000, including approximately $62,000 payable to the State of Indiana and approximately $12,000 payable to the stock transfer agent. We find that the expenses, as estimated, are not unreasonable.

The proposed acquisition of the additional shares by Middle West is subject to the requirements of section 10 of the act. We take notice of statements made in the public record in another proceeding involving Middle West to the effect that Middle West will distribute, among other things, its holdings of the common stock of Public Service in November 1948.[1]

In conclusion, we find that the issuance of the additional shares of common stock by Public Service is entitled to an exemption from the provisions of section 6 (a) of the act pursuant to the third sentence of section 6 (b) thereof, that the proposal to increase the authorized common stock by Public Service meets the requirements of sections 7 (e) and 7 (g) of the act, that the acquisition by Middle West of its share of the additional stock complies with the standards of Section 10 of the Act, and that it is not necessary or appropriate in the public interest or for the protection of investors or consumers to impose terms or conditions in respect of the proposed transactions.

It is hereby ordered, Subject to the terms and conditions prescribed in Rule U-24, that the said applications-declarations, as amended, be, and the same hereby are, granted and permitted to become effective forthwith.

It is further ordered, Pursuant to Rule U-65, that jurisdiction be, and the same hereby is, reserved to consider the reasonableness of expenditures other than ordinary expenditures as defined in said rule with respect to employment of solicitors.

By the Commission.

METROPOLITAN EDISON CO. AND GENERAL PUBLIC UTILITIES CORP.

SUPPLEMENTAL ORDER RELEASING JURISDICTION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 29th day of September 1948.

Metropolitan Edison Company ("Met Ed"), a subsidiary of General Public Utilities Corporation, a registered holding company, having filed an application, and amendments thereto, pursuant to the provisions of section 6 (b) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 promulgated thereunder wherein Met Ed proposed to issue and sell $3,500,000 principal amount of first mortgage bonds due 1978 and 40,000 shares of $100 par value cumulative preferred stock; and

The Commission having, by order dated September 3, 1948, approved said application, as amended, subject to the condition, among other things, that the proposed issue and sale of said bonds and preferred stock shall not be consummated until the results of the competitive bidding have been made a matter of record in this proceeding, and a further order shall have been entered by this Commission in the light of the record so completed, and the Commission having also reserved jurisdiction over the payment of fees and expenses of all counsel; and

Met Ed having on September 29, 1948, filed a further amendment to said application in which it is stated that it has offered such first mortgage bonds and cumulative preferred stock for sale pursuant to competitive bidding requirements of Rule U-50 and has received the following bids:

FOR THE BONDS

Bidder	Price to company	Interest rate or dividend rate	Cost to company
		Percent	*Percent*
Harriman Ripley & Co., Inc.	$101.193	3	2.9099
Halsey, Stuart & Co., Inc.	101.1099	3	2.944
Kidder, Peabody & Co	101.071	3	2.946
Salomon Bros. & Hutzler	100.966	3	2.9512
Union Securities Corp	100.833	3	2.9579
The First Boston Corp	100.7699	3	2.9611
Equitable Securities Corp	100.6975	3	2.9647

FOR THE PREFERRED STOCK

Smith, Barney & Co. and Goldman, Sachs & Co.	$100.18	4.35	4.3422
Kidder, Peabody & Co	100.7391	4.45	4.4165
Salomon Bros. & Hutzler	100.5491	4.5	4.4754
Drexel & Co	100.2771	4.5	4.4876

Said amendment stating that Met Ed has accepted the bid of Harriman Ripley & Co., Incorporated, for the first mortgage bonds and the bid of Smith, Barney & Co. and Goldman, Sachs & Co. for the cumulative preferred stock, as set out above, and that the first mortgage bonds will be offered for sale to the public at a price of 100.99% of the principal amount, resulting in a negative underwriters' spread of 0.203% of the principal amount, or an aggregate negative spread of $7105.00, and that the cumulative preferred stock will be offered to the public at a price of $102.25 per share, resulting in an underwriters' spread of $2.07 per share; and

The amendment further stating that the legal fees to be incurred in connection with the proposed transaction are as follows:

Harold J. Ryan, counsel for the Company	$10,000
Beekman & Bogue, counsel for Prospective Underwriters	7,500
Total	17,500

The Commission having examined said amendment and having considered the record herein and finding no basis for imposing terms and conditions with respect to the issue and sale of said first mortgage bonds and cumulative preferred stock, and the underwriters' spreads and their allocations; and

It appearing that the proposed fees and expenses of Harold J. Ryan and Beekman & Bogue are for necessary services and are not unreasonable:

It is hereby ordered, That the jurisdiction heretofore reserved in connection with the issue and sale of said first mortgage bonds and cumulative preferred stock be, and the same hereby is, released and the said application, as further amended, be, and the same hereby is, granted, subject, however, to the terms and conditions prescribed in Rule U-24.

It is further ordered, That the jurisdiction heretofore reserved over the payment of the fees and expenses of all counsel be, and the same hereby is, released.

By the Commission.

NIAGARA HUDSON POWER CORP.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 29th day of September, 1948.

Niagara Hudson Power Corporation ("Niagara Hudson"), a registered holding company, having filed an application-declaration pursuant to Sections 9, 10 and 12 of the Public Utility Holding Company Act of 1935 and Rule U-42 promulgated thereunder with respect to the transactions summarized below:

Niagara Hudson holds, as collateral security for the certain promissory notes of A. Augustus Low in the amount of $684,498, all of the outstanding capital stock, consisting of 6,300 shares of Old Forge Electric Corporation ("Old Forge"). The notes are collectible only through recourse to the collateral. Niagara Hudson proposes to acquire all of the outstanding capital stock of Old Forge in consideration for the cancellation of the promissory notes. The notes are carried by Niagara Hudson at $368,443, the book value of the stock of Old Forge at February 1, 1937. Subsequent to its acquisition of the Old Forge stock, Niagara Hudson proposes to forgive a demand note of Old Forge due to Niagara Hudson in the amount of $133,904, and interest receivable in the amount of $197,596, the total of such indebtedness being $331,500. Old Forge, which has been operated for some years as a unit of the Niagara Hudson system, will eventually be merged into Niagara Hudson's subsidiary, Central New York Power Corporation, although such merger is not a proposal under the present filing. The Public Service Commission of the State of New York, by order dated July 27, 1948, approved the acquisition of the stock of Old Forge by Niagara Hudson.

Said application-declaration having been filed on August 20, 1948, notice of such filing having been duly given in the manner prescribed by Rule U-23 promulgated pursuant to said act and the Commission not having received a request for a hearing with respect to said application-declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said application-declaration that the requirements of the applicable provisions of the act and rules thereunder are satisfied, and that no adverse findings are necessary and deeming it appropriate in the public interest and in the interests of investors and consumers that said application-declaration be granted and permitted to become effective:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of said act and subject to the terms and conditions prescribed in Rule U-24, that the aforesaid application-declaration be, and the same hereby is, granted and permitted to become effective.

By the Commission.

MIDDLE WEST CORP. AND KENTUCKY UTILITIES CO.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 29th day of September A. D. 1948.

The Middle West Corporation ("Middle West"), a registered holding company, and its subsidiary, Kentucky Utilities Company ("Kentucky"), a public utility company, having filed a joint application-declaration and an amendment thereto, pursuant to sections 6 (a), 6 (b), 9, 10 and 11 (b) (2) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-43 of the general rules and regulations promulgated thereunder regarding the following transactions:

Kentucky proposes to issue and sell 125,000 shares of its common stock of the par value of $10 per share to Middle West

for a consideration of $1,250,000 payable in cash. It is stated that the net proceeds of the sale of such common stock will be used by Kentucky for additions and extensions to its electric utility plant and system. The Public Service Commission of the State of Kentucky, the State in which Kentucky is organized and doing business, has expressly authorized the issuance and sale of the said common stock, by order dated September 22, 1948.

Middle West, owner of all the presently outstanding common stock of Kentucky, proposes to acquire the shares of common stock which Kentucky proposes to issue and sell. Middle West has stated that it intends to distribute such shares, together with the shares now owned, to its own stockholders pursuant to a resolution of stockholders to liquidate and dissolve the company, although such distribution is not a part of the instant filing.

The joint application-declaration having been filed on September 1, 1948 and an amendment thereto having been filed on September 23, 1948, and a notice of said filings having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said joint application-declaration, as amended, within the period specified or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said joint application-declaration, as amended, that the requirements of the applicable provisions of the act and rules thereunder are satisfied, that no adverse findings are necessary thereunder, and deeming it appropriate in the public interest and in the interest of investors and consumers that the said joint application-declaration, as amended, be granted and permitted to become effective:

It is hereby ordered, Pursuant to said Rule U-23 and the applicable provisions of said act and subject to the terms and conditions prescribed in Rule U-24, that said joint application-declaration, as amended, be, and the same hereby is, granted and permitted to become effective forthwith.

By the Commission.

TITLE 3—THE PRESIDENT

PROCLAMATION 2815

NAVY DAY, 1948

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS it is the purpose of the United States Navy to maintain sufficient strength on the sea and in the air to enable it, in conjunction with our other armed forces, to uphold our national policies and interests, to protect our commerce, to support our international obligations, and to guard our country and its overseas possessions and dependencies; and

WHEREAS, the Navy League and other patriotic organizations in 1922 selected October 27 for annual observance of Navy Day in commemoration of the founding of the United States Navy in October 1775, and of the birth on October 27, 1858, of Theodore Roosevelt, who as Assistant Secretary of the Navy and as President of the United States contributed markedly to the development of the United States Navy; and

WHEREAS it has become customary for our citizens to join hands across the Nation on October 27 of each year in rendering grateful tribute to our Navy and in according honor and recognition to the achievements of the men and women who compose its ranks:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby call upon the people of the United States to observe October 27, 1948, as Navy Day by displaying the flag of the United States at their homes or other suitable places, and I direct that the flag be displayed that day on all Government buildings. As Commander in Chief of the Armed Forces of the United States, I direct that all ships of the United States Navy dress ship and that all ships and stations of the United States Navy, where practicable, be open to visits of the public on Navy Day.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this 5th day of October in the year of our Lord nineteen hundred and forty-eight, and of the Independence of the United States of America the one hundred and seventy-third.

[SEAL]

HARRY S. TRUMAN

By the President:

ROBERT A. LOVETT,
Acting Secretary of State.

EXECUTIVE ORDER 10004

PRESCRIBING PROCEDURES FOR THE ADMINISTRATION OF THE RECIPROCAL TRADE-AGREEMENTS PROGRAM

By virtue of the authority vested in me by the Constitution and statutes, including section 332 of the Tariff Act of 1930 (46 Stat. 698), the Trade Agreements Act approved June 12, 1934, as amended (48 Stat. 943; 57 Stat. 125; 59 Stat. 410), and the Trade Agreements Extension Act of 1948 (Pub. Law 792, 80th Cong.), and in the interest of the foreign-affairs functions of the United States and in order that the interests of the various branches of American economy shall be effectively promoted and safeguarded through the administration of the trade-agreements program, it is hereby ordered as follows:

PART I—ORGANIZATION

1. There is hereby established the Interdepartmental Committee on Trade Agreements (hereinafter referred to as the Trade Agreements Committee), which shall act as the agency through which the President shall, in accordance with section 4 of the said Trade Agreements Act, as amended, seek information and advice before concluding a trade agreement. With a view to the conduct of the trade-agreements program in the general public interest through a coordination of the interests of American industry (including agriculture), of American commerce and labor, and of American military, financial, and foreign policy, the Trade Agreements Committee

shall consist of persons designated from their respective agencies by the Secretary of State, the Secretary of the Treasury, the Secretary of Defense, the Secretary of Agriculture, the Secretary of Commerce, the Secretary of Labor, and the Administrator for Economic Cooperation. The representative from the Department of State shall be the Chairman of the Trade Agreements Committee.

2. There is hereby established the Committee for Reciprocity Information, which shall act as the agency to which, in accordance with section 4 of the Trade Agreements Act, as amended, the views of interested persons with regard to any proposed trade agreement to be concluded under the said Act shall be presented. The Committee for Reciprocity Information shall consist of the same persons as the Trade Agreements Committee. The representative from the Department of Commerce shall be the Chairman of the Committee for Reciprocity Information.

3. The Trade Agreements Committee and the Committee for Reciprocity Information may invite the participation in their activities of other government agencies in any manner consistent with relevant legislation and this order. Each of the said committees may from time to time designate such subcomittees, and prescribe such procedures and rules and regulations, as it may deem necessary for the conduct of its functions.

PART II—CONCLUSION OF AGREEMENTS

4. Before entering into negotiations concerning any proposed trade agreement under the Trade Agreements Act, as amended, the Trade Agreements Committee shall submit to the President for his approval a list of all articles imported into the United States which it is proposed should be considered in such negotiations for possible modification of duties and other import restrictions, imposition of additional import restrictions, or specific continuance of existing customs or excise treatment. As soon as possible after the approval by the President of such list, as originally submitted or in amended form, and transmission thereof to the United States Tariff Commission, the Trade Agreements Committee shall cause notice of intention to negotiate such agreement, together with the said list of articles, to be published in the *Federal Register*. Such notice and list shall also be issued to the press, and sufficient copies thereof shall be supplied to the Tariff Commission and the Committee for Reciprocity Information for use in connection with such hearings as the Commission and the Committee may hold with respect thereto. Such notice, together with the list or a statement as to its availability, shall also be published in the *Department of State Bulletin*, the *Treasury Decisions*, and the *Foreign Commerce Weekly*.

5. Upon receipt by the Tariff Commission of the list specified in paragraph 4 hereof, the Commission shall make an investigation and as soon as possible, and not later than one hundred twenty days after such receipt, shall report to the President its findings as to each article specified in the list in accordance with the said Trade Agreements Extension Act of 1948. A copy of such report to the President shall at the same time be transmitted to the Trade Agreements Committee. Such report shall be kept confidential by the Tariff Commission and the Trade Agreements Committee except, in the case of a report a copy of which has been submitted to the Committee on Ways and Means of the House of Representatives and the Committee on Finance of the Senate pursuant to section 5 (b) of the Trade Agreements Extension Act of 1948, any portions thereof which have been made public by one or both such Committees. The procedure and rules and regulations for the investigations by the Tariff Commission, and for the hearings to be held in connection therewith, shall from time to time be prescribed by the Commission.

6. Any interested person desiring to present his views with respect to articles in the list specified in paragraph 4 hereof, or with respect to any other aspect of a proposed trade agreement, may present them to the Committee for Reciprocity Information, which shall accord reasonable opportunity for the presentation of such views.

7. The Tariff Commission shall furnish facts, statistics, and other information at its command in accordance with the provisions of this order or of the Trade Agreements Extension Act of 1948. With respect to each article imported into the United States which is considered by the Trade Agreements Committee for possible modification of duties and other import restrictions, imposition of additional import restrictions, or specific continuance of existing customs or excise treatment in a trade agreement, the Tariff Commission shall make an analysis of the facts relative to the production, trade, and consumption of the article involved, to the probable effect of granting a concession thereon, and to the competitive factors involved. Such analysis shall be submitted in digest form to the Trade Agreements Committee.

8. With respect to each article exported from the United States which is considered by the Trade Agreements Committee for possible inclusion in a trade agreement, the Department of Commerce shall make an analysis of the facts relative to the production, trade, and consumption of the article involved, to the probable effect of obtaining a concession thereon, and to the competitive factors involved. Such analysis shall be submitted in digest form to the Trade Agreements Committee.

9. After analysis and consideration of (a) the report by the Tariff Commission referred to in paragraph 5 hereof, (b) the studies and other information made available by the Tariff Commission under paragraph 7 hereof, (c) the studies of the Department of Commerce provided for in paragraph 8 hereof, (d) the views of interested persons presented to the Committee for Reciprocity Information pursuant to paragraph 6 hereof, and (e) any other information available to the Trade Agreements Committee, that Committee shall make such recommendations to the President relative to the conclusion of the trade agreement under consideration, and to the provisions to be included therein, as are considered appropriate to carry out the purposes set forth in the Trade Agreements Act, as amended. Should the report by the Tariff Commission referred to in paragraph 5 hereof not be received by the President within one hundred twenty days after the receipt by the Commission of the list referred to in paragraph 4 hereof, the Trade Agreements Committee may make such recommendations to the President notwithstanding the absence of such report. If such recommendations to the President with respect to the duties, import restrictions, or customs or excise treatment of any article imported into the United States fail to comply with any of the limits or minimum requirements set forth in the report of the Tariff Commission referred to in paragraph 5 hereof, the Trade Agreements Committee shall identify the article or articles with respect to which it recommends that such limits or minimum requirements shall not be complied with and shall state the reasons for its recommendations with respect to such article or articles. If there is dissent from any recommendation to the President with respect to a concession in any trade agreement, the

President shall be furnished a full report by the dissenting member or members of the Trade Agreements Committee, giving the reasons for his or their dissent.

10. There shall be applicable to each concession with respect to an article imported into the United States which is granted by the United States in any trade agreement hereafter entered into a clause providing in effect that if, as a result of unforeseen developments and of such concession, such article is being imported in such increased quantities and under such conditions as to cause or threaten serious injury to the domestic industry producing like or similar articles, the United States shall be free to withdraw the concession, in whole or in part, or to modify it, to the extent and for such time as may be necessary to prevent such injury.

11. There shall be obtained from every government or instrumentality thereof with which any trade agreement is hereafter entered into a most-favored-nation commitment securing for the exports of the United States the benefits of all tariff concessions and other tariff advantages accorded by the other party or parties to the agreement to any third country. This provision shall be subject to the minimum of necessary exceptions and shall be designed to obtain the greatest possible benefits for exports from the United States.

PART III—ADMINISTRATION OF AGREEMENTS

12. The Trade Agreements Committee shall at all times keep informed of the operation and effect of all trade agreements which are in force. It shall recommend to the President or to one or more of the agencies represented on the Committee such action as is considered required or appropriate to carry out any such trade agreement and any rectifications and amendments thereof not requiring compliance with the procedures set forth in paragraphs 4, 5, and 6 hereof. The Trade Agreements Committee shall, in particular, keep informed of discriminations by any country against the trade of the United States which cannot be removed by normal diplomatic representations, and, if it considers that the public interest will be served thereby, shall recommend to the President the withholding from such country of the benefit of concessions granted under the Trade Agreements Act, as amended.

13. The Tariff Commission, upon the request of the President, upon its own motion, or upon application of any interested party when in the judgment of the Tariff Commission there is good and sufficient reason therefor, shall make an investigation to determine whether, as a result of unforeseen developments and of the concession granted by the United States on any article to which a clause similar to that provided for in paragraph 10 hereof is applicable, such article is being imported in such increased quantities and under such conditions as to cause or threaten serious injury to the domestic industry producing like or similar articles. Should the Tariff Commission find, as a result of its investigation, that such injury is being caused or threatened, it shall recommend to the President, for his consideration in the light of the public interest, the withdrawal of the concession, in whole or in part, or the modification of the concession, to the extent and for such time as the Tariff Commission finds necessary to prevent such injury. In the course of any investigation under this paragraph, the Tariff Commission shall hold public hearings, giving reasonable public notice thereof, and shall afford reasonable opportunity for parties interested to be present, to produce evidence, and to be heard at such hearings. The procedure and rules and regulations for such investigations and hearings shall from time to time be prescribed by the Tariff Commission.

14. The Tariff Commission shall at all times keep informed concerning the operation and effect of provisions relating to duties or other import restrictions of the United States contained in trade agreements heretofore or hereafter entered into by the President under the authority of the Trade Agreements Act, as amended. The Tariff Commission, at least once a year, shall submit to the President and to the Congress a factual report on the operation of the trade-agreements program.

15. The Committee for Reciprocity Information shall accord reasonable opportunity to interested persons to present their views with respect to the operation and effect of trade agreements which are in force or to any aspect thereof.

PART IV—REVOCATIONS

16. Executive Order No. 6750 of June 27, 1934, prescribing regulations relating to the giving of public notice and the presentation of views in connection with foreign trade agreements, as amended by Executive Order No. 9647 of October 25, 1945, and Executive Order No. 9832 of February 25, 1947, prescribing procedures for the administration of the reciprocal trade-agreements program, are hereby revoked.

WHEREAS section 9 of the Organic Act of Puerto Rico, 39 Stat. 954 (48 U. S. C. 734), provides that "the statutory laws of the United States not locally inapplicable, except as hereinbefore or hereinafter otherwise provided, shall have the same force and effect in Puerto Rico as in the United States"; and

WHEREAS section 49b (3) of the said Act, which was added by section 6 of the act of August 5, 1947, 61 Stat. 772 (48 U. S. C. 793b), provides that "the President of the United States may, from time to time, after hearing, promulgate Executive orders expressly excepting Puerto Rico from the application of any Federal law, not expressly declared by Congress to be applicable to Puerto Rico, which as contemplated by section 9 of this act is inapplicable by reason of local conditions":

NOW, THEREFORE, by virtue of the authority vested in me by the said Organic Act of Puerto Rico, and as President of the United States, it is ordered as follows:

1. There is hereby created a commission to be known as the President's Advisory Commission on the Relation of Federal Laws to Puerto Rico, which shall be composed of nine members to be designated by the President and to serve without compensation.

2. The Commission shall from time to time make recommendations to the President concerning the exercise of his power under section 49b (3) of the Organic Act of Puerto Rico to exempt Puerto Rico from the application of Federal laws. To that end, the Commission is authorized to examine into, and to hold hearings on, the inapplicability of Federal laws to Puerto Rico by reason of local conditions.

3. All executive departments and agencies of the Federal Government are authorized and directed to cooperate with the Commission in its work and to furnish the Commission such information as the Commission may require in the performance of its duties.

4. The Commission shall continue to exist until the President terminates its existence by Executive order.

TITLE 7—AGRICULTURE

Chapter VIII—Production and Marketing Administration (Sugar Branch)

PART 802—SUGAR DETERMINATIONS

DETERMINATION OF SUGAR COMMERCIALLY RECOVERABLE IN MAINLAND CANE SUGAR AREA (REVISED)

Pursuant to the provisions of section 302 (a) of the Sugar Act of 1948, the following determination is hereby issued:

§ 802.21 *Sugar commercially recoverable from sugarcane in the Mainland cane sugar area.* The amount of sugar commercially recoverable from the sugarcane grown on a farm in the Mainland cane sugar area and marketed (or processed by the producer) for the extraction of sugar shall be obtained by multiplying the number of short tons (net weight) of such sugarcane by the hundredweight of sugar, raw value, specified for the average percentage of sucrose in the normal juice of such sugarcane (computed to the nearest one-tenth of one percent) as follows:

(a) *For farms in Louisiana:*

Percentage of sucrose in normal juice:	*Hundredweight of sugar* [1]
5.0	0.451
6.0	.582
7.0	.735
8.0	.896
9.0	1.062
10.0	1.258
11.0	1.434
12.0	1.589
13.0	1.747
14.0	1.908
15.0	2.071
16.0	2.237
17.0	2.404
18.0	2.574
19.0	2.745
20.0	2.918

[1] Sugar recoverable for the intervening tenths of 1 percent shall be calculated by straight interpolation.

(b) *For farms in Florida:*

Percentage of sucrose in normal juice:	*Hundredweight of sugar* [1]
5.0	0.502
6.0	.645
7.0	.810
8.0	.984
9.0	1.161
10.0	1.376

16.0	2.438
17.0	2.620
18.0	2.804
19.0	2.989
20.0	3.177

[1] Sugar recoverable for the intervening tenths of 1 percent shall be calculated by straight interpolation.

This determination supersedes, with respect to the 1948 and subsequent crops, the "Determination of Sugar Commercially Recoverable from Sugarcane in the Mainland Cane Sugar Area," issued January 31, 1939 (4 F. R. 483).

STATEMENT OF BASES AND CONSIDERATIONS

Sugar Act requirements. Determinations of sugar commercially recoverable from sugar beets and sugarcane are required under section 302 (a) of the Sugar Act of 1948 for the purpose of calculating amounts of sugar upon which payment may be made.

Historical background. Under the former determination for this area the amount of sugar commercially recoverable from sugarcane in Louisiana was based on the average actual recovery of sugar for the 1935 and 1936 crop seasons, adjusted for the lower recovery obtained from the 1937 crop. In Florida, recoverability was based on the actual recovery data of the U. S. Sugar Corporation (representing 95 percent of the total crop) for the same crop seasons, with a similar adjustment for the 1937 recovery. The customary basis of settlements between growers and processors for sugarcane was recognized by basing recoverability in Louisiana on the percentage of sucrose in the normal juice of the sugarcane and in Florida on the percentage of sucrose in the crusher juice.

Recovery trends. The following table shows the annual recoveries in pounds of sugar per ton (gross weight) of sugarcane in Louisiana and Florida for the crop years 1935 through 1947:

Crop	Pounds of sugar per ton of cane		Crop	Pounds of sugar per ton of cane	
	Louisiana	Florida		Louisiana	Florida
1935	169	173	1942	171	185
1936	161	182	1943	164	182
1937	154	179	1944	153	174
1938	169	209	1945	151	190
1939	173	195	1946	156	180
1940	162	208	1947	149	172
1941	165	203			

The average recovery for the base years 1935 and 1936 was 165 pounds in Louisiana and 178 pounds in Florida. The average recovery for the prewar period of 1937–41 was 165 pounds in Louisiana and 199 pounds in Florida. Thus, the average recovery in Louisiana during this period remained the same as during the base period, whereas in Florida the average recovery increased from 178 pounds to 199 pounds. The increase in Florida was due primarily to the development of higher yielding varieties of sugarcane and favorable growing and harvesting conditions. The 1942–47 average recovery was 157 pounds in Louisiana and 180 pounds in Florida. The significant decline in Louisiana from the base period was caused largely by the increased amount of trash delivered with the cane on account of mechanical cutting and loading. It is apparent, therefore, that the recovery rates established for Louisiana under the former determination are not indicative of current recoveries.

Normal Juice vs. Crusher Juice Basis. The following figures for Florida mills for the period 1942–47 show the relationship between actual recoveries, the recoveries based on crusher juice sucrose as computed under the former determination, and the recoveries when computed on normal juice sucrose.

Crop	Pounds of sugar recovered per ton of cane		
	Actual	Computed on basis of—	
		Crusher juice	Normal juice
1942	185	197	184
1943	182	194	182
1944	174	187	175
1945	190	198	187
1946	180	193	181
1947	172	188	175
Average	180	193	181

These data show that sugar recovery based on normal juice sucrose is almost identical to the actual recovery, whereas there is a wide variation between actual recovery and recovery based on crusher juice. Therefore, the foregoing determination provides for the use of the normal juice basis in Florida as well as in Louisiana.

Recovery rates in foregoing determination. The recovery rates at the various sucrose levels for both Louisiana and Florida are based on the average recovery during the crop years 1942–46 in each State. The average amount of sugar recovered per ton of cane during these crop years is deemed to be representative of the recovery which can be expected under present conditions. The 1947 crop is not included because subnormal rates of recovery were obtained in both States on this crop, which was grown and harvested under unfavorable weather conditions and in Louisiana was milled with abnormally high trash and moisture content. Since the actual yields of sugar per ton of cane in Louisiana are calculated by the processors on a gross weight basis, while both processor and Sugar Act payments are calculated on net weights (gross weight less weight of trash in excess of three percent), the recovery rates for Louisiana were adjusted to a net weight basis. No adjustment in the rates for Florida is necessary since Florida does not have a similar trash problem, primarily because of hand-cutting of cane.

The average actual yields of sugar for the 1942–46 period were 159.1 pounds per ton of cane (gross weight) in Louisiana and 182.5 pounds in Florida. The amounts recoverable for this period according to the former determination were 164.4 pounds in Louisiana and 193.7 pounds in Florida. If recoverability for this period is calculated under the foregoing determination, the differences between actual and calculated recoveries are largely eliminated.

Accordingly, I hereby find and conclude that the foregoing determination will effectuate the purposes of section 302 (a) of the Sugar Act of 1948.

PART 802—SUGAR DETERMINATIONS

FAIR AND REASONABLE PRICES FOR 1948 CROP OF LOUISIANA SUGARCANE

Pursuant to the provisions of section 301 (c) (2) of the Sugar Act of 1948, after investigation, and due consideration of the evidence obtained at the public hearing held in Thibodaux, Louisiana, on July 22, 1948, the following determination is hereby issued:

§ 802.22 *Fair and reasonable prices for the 1948 crop of Louisiana sugarcane*—(a) *Basic price.* When the price of 96° raw sugar, duty paid basis, is 3.50 cents per pound, the basic price for the 1948 crop of Louisiana sugarcane shall be not less than $1.00 per ton of standard sugarcane for each 1 cent of the average price per pound of raw sugar determined in accordance with whichever of the following options is agreed upon: (1) The average of the weekly quotations of 96° raw sugar, duty paid basis, on the Louisiana Sugar and Rice Exchange and the Cane Products Trade Association Exchange for the week in which such sugarcane is delivered; or (2) the simple average of the weekly quotations of 96° raw sugar, duty paid

basis, on the Louisiana Sugar and Rice Exchange and the Cane Products Trade Association Exchange for the weeks from Friday, October 8, 1948 (or the Friday within the first marketing week of actual trading), to January 31, 1949; except that if the Director of the Sugar Branch determines that for any week or weeks such weekly averages do not reflect the true market value of sugar, because of inadequate volume or other factors, the Director may designate the weekly and seasonal prices to be effective under this determination:

Provided however, (i) That for each decline of ¼ cent in the price of 1 pound of 96° raw sugar, duty paid basis, below 3.50 cents per pound, the price of standard sugarcane shall be reduced by not more than 3 percent, with intervening prices in proportion, unless the price of sugar falls below 2.75 cents per pound, in which case no further reduction shall be made; and

(ii) That for an advance of ¼ cent in the price of 1 pound of 96° raw sugar, duty paid basis, above 3.50 cents per pound, the price of standard sugarcane shall be increased by not less than 3 percent, with intervening prices in proportion, unless the price of raw sugar exceeds 3.75 cents per pound, in which case settlement shall be made on the basis of $1.03 for each 1 cent of the price.

(b) *Standard sugarcane.* Standard sugarcane shall be sugarcane containing no more sucrose in the normal juice than was defined as standard sugarcane by the processor in his sugarcane purchase contract or contracts, verbal or written, used for the 1947 crop:

Provided however, (i) That the net weight of a ton of sugarcane of the 1948 crop shall be not less than the gross weight thereof less the trash content of such sugarcane in excess of 3 percent;

(ii) That the premiums applicable to sugarcane of the 1948 crop containing more sucrose in the normal juice than standard sugarcane shall be not less than those applied to the 1947 crop; and

(iii) That the discounts applicable to sugarcane of the 1948 crop containing less sucrose in the normal juice than standard sugarcane shall be not greater than those applied to the 1947 crop.

(c) *Molasses bonus.* On each ton of Louisiana sugarcane there shall be paid a molasses bonus, such bonus to be computed by taking ½ of the excess, if any, of the average price per gallon of blackstrap molasses (as quoted by the Exchanges set out above for the period there specified except that if the Director of the Sugar Branch finds that for any such period the prices quoted by the Exchanges do not reflect the true market value of molasses because of inadequate volume or other factors, the Director may designate the price to be effective under this determination) over 8 cents, and multiplying the product by 6½ (the number of gallons of blackstrap molasses produced per ton of sugarcane as an average for the three-year period, 1938–1940).

(d) *General.* (1) Deductions based upon decreased boiling house efficiency may be made for frozen sugarcane accepted by the processor (it being understood that cane shall not be considered as frozen even after being subjected to freezing temperature unless and until there is evidence of damage having taken place because of the freeze) at a rate not in excess of 3.775 percent of the payment, computed without regard to the molasses bonus, for each 0.25 cc. of acidity above 2.25 cc. but not in excess of 4.50 cc. (analyzed in accordance with the established methods of the area, with intervening fractions computed to the nearest multiple of 0.05 cc.).

(2) Costs of hoisting and weighing sugarcane, which were absorbed by the processor in 1947, shall be absorbed by the processor in 1948; but nothing in this subparagraph shall be construed as prohibiting negotiations with respect to the level of such costs, subject to review by the Director of the Sugar Branch, upon appeal, in the event of changes alleged to be unfair to either the producer or the processor.

(3) Where the only available practicable means of transportation are rail facilities and the distance to the nearest factory is in excess of 50 miles, the cost of transportation may be shared by the processor and the producer, by mutual consent, subject to review by the Director of the Sugar Branch, upon appeal.

(4) The processor shall not reduce the returns from the 1948 crop of Louisiana sugarcane to the producer below those determined herein through any subterfuge or device whatsoever.

STATEMENT OF BASES AND CONSIDERATIONS

(a) *General.* The foregoing determination establishes the level of prices which must be paid for 1948 crop sugarcane purchased by producer-processors (i. e., producers who are also, directly or indirectly, processors of sugarcane) as one of the conditions for payment under the Sugar Act of 1948. In this statement the foregoing determination, as well as determinations for prior years, will be referred to as "price determination" identified by the crop year for which effective.

(b) *Requirements of the Sugar Act.* The Sugar Act requires that in determining fair and reasonable prices public hearings be held and investigations made. Accordingly, on July 22, 1948, a public hearing was held in Thibodaux, Louisiana, at which time interested parties presented testimony with respect to fair and reasonable prices for sugarcane of the 1948 crop. In determining fair and reasonable prices, consideration has been given to testimony presented at the public hearing and to data resulting from investigations of pertinent economic factors.

(c) *Background.* Determinations of fair and reasonable prices for sugarcane in Louisiana have been issued for each crop beginning with the 1937 crop. The 1937 price determination approved the basic pricing structure contained in sugarcane purchase contracts agreed upon between producers and processors. Since that time, price determinations have continued in effect without major modification such basic pricing structure because of joint producer-processor recommendations each year and because the pertinent economic factors considered at the time the basic pricing structure was approved have remained relatively stable in most of the years. During the war years, the producers' share of total proceeds was influenced by Commodity Credit Corporation incentive payments, resulting in higher returns to producers than they would have received had the market price of sugar determined their returns.

Sugarcane prices per ton have been related directly to the price of 96° raw sugar and have been calculated at a rate of $1.00 per ton of standard sugarcane for each 1 cent of the average price per pound of raw sugar when such price was 3½ cents per pound. Such prices were subject to upward adjustments to a maximum rate of $1.03 per 1 cent of price at and above 3¾ cents per pound and downward adjustments to a minimum of $0.91 per 1 cent of price at and below 2¾ cents (intervening rates in proportion).

In the 1941 price determination provision was made for producer participation in the proceeds from molasses. This action was taken after the price of molasses had risen to a point where it became a significant factor in the total income of the industry. Subsequent price determinations have continued the molasses sharing provision.

(d) *1948 price determination.* The only major change in the 1948 price determination from the 1947 price determination is that the definition of standard sugarcane has been revised to provide for weight deductions for trash in excess of 3 percent. This action formalizes the administrative authorizations which have been in effect since 1943; it provides a basis for uniform treatment of trash deductions throughout the industry; and it conforms to recommendations made by the industry at the fair price hearing.

At the public hearing the Grower-Processor Committee recommended that the historical pricing structure be retained. However, this Committee recommended that the basic price paid producers be reduced 1.75 percent in view of the abnormally low recoveries of sugar obtained in recent years at the various levels of sucrose content. Apparently the grower representatives of the Committee, after reviewing the facts as to costs, incomes and sugar recoveries, became concerned over the possible consequences of the general reduction in recoveries of sugar and the inordinately low recoveries obtained by some mills. The Committee recommendation for a reduction of 1.75 percent in payments to growers resulted from a compromise between a greater reduction urged by processor representatives and a smaller reduction urged by grower representatives. Although the Department recognizes the seriousness of large losses in sugar recoveries, it is also impressed by the fact that available information indicates that processors as a group have received a higher percentage of the total returns from sugar than the percentage of total costs borne by them. Under the adverse growing and harvesting conditions in 1947, growers as a group suffered losses, whereas processors as a group made moderate profits. In view of these facts the Department is unable to accept the recommendations of the Grower-Processor Committee for a downward adjustment in payments to growers. Accordingly, the historical pricing formula is continued for the 1948 crop at the same levels that prevailed for the 1947 and recent previous crops.

Accordingly, I find and conclude that the foregoing price determination for the 1948 crop of Louisiana sugarcane is fair and reasonable and that compliance therewith will effectuate the price provisions of the Sugar Act of 1948. (Secs. 301, 403, Pub. Law 388, 80th Cong.)

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders)

PART 959—IRISH POTATOES GROWN IN THE COUNTIES OF CROOK, DESCHUTES, AND KLAMATH IN OREGON, AND MODOC AND SISKIYOU IN CALIFORNIA

DETERMINATION RELATIVE TO BUDGET OF EXPENSES AND FIXING OF RATE OF ASSESSMENT FOR 1948–49 FISCAL PERIOD

The Administrative Committee, established under Marketing Order No. 59 (7 CFR Cum. Supp. 959.2 et seq., 7 F. R. 365) regulating the handling of Irish Potatoes grown in the counties of Crook, Deschutes, and Klamath in the State of Oregon, and Modoc and Siskiyou in the State of California, is the agency authorized to administer the terms thereof, among which the provisions of § 959.11 authorize said Committee to incur such expenses and collect such assessments as the Secretary finds may be necessary. Said Administrative Committee has presented a proposed budget of expenses and a proposed rate of assessment for the current fiscal period ending June 30, 1949. After considering all relevant matters, including the proposed budget of expenses and the proposed rate of assessment submitted by said committee, it is hereby found and determined that:

§ 959.201 *Budget of expenses and rate of assessment*—(a) *Budget.* The expenses necessary to be incurred by the Administrative Committee, established pursuant to the aforesaid marketing order, to enable such committee to perform its functions pursuant to provisions of the aforesaid marketing order and regulations duly issued thereunder during the fiscal period ending June 30, 1949, will amount to $10,050, and the budget providing therefor is hereby approved.

(b) *Assessment rate.* The rate of assessment to be paid by each handler who first handles potatoes shall be $1.00 per carload or truckload of potatoes weighing more than 20,000 pounds, and 50 cents per carload or truckload of potatoes weighing at least 2,000 pounds and not more than 20,000 pounds, of potatoes shipped by him as the first handler thereof during such fiscal period, except for shipments specifically exempt therefrom by § 959.11 of Order No. 59, and such rate of assessment is hereby fixed as each such handler's pro rata share of the aforesaid expenses.

It is hereby found that it is impracticable and contrary to the public interest to issue notice of rule making, engage in public rule making proceedings and postpone the effective date of this order until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C., 1001 et seq.) because:

(a) Harvesting and shipping of potatoes grown in the production area covered by Order No. 59 has already begun;

(b) Regulations limiting shipments from the production area have been recommended by the Administrative Committee;

(c) Itinerant truckers handle potatoes grown in the production area included under Marketing Order No. 59;

(d) In order for assessments to be collected, especially from those handlers, such as itinerant truckers, who do not have a definite or an established place of business within the production area, it is essential that the assessment rate be fixed immediately so as to enable the Administrative Committee to perform its duties and functions under said marketing order;

(e) Pursuant to the requirements of the aforesaid marketing order, the assessment rate is applicable to all potatoes handled by first handlers during the aforesaid fiscal period; and

(f) Compliance with the requirements of this section will not require any special preparation on the part of handlers.

Terms used in this section shall have the same meaning as is given to such terms in §§ 959.3 to 959.20, inclusive, in Order No. 59.

PART 503—SUBSTANTIVE RULES

LIMITATIONS ON REPRESENTATIVE ACTIVITIES BY FORMER EMPLOYEES

Part 503 is hereby amended by amendment of § 503.51, as set out below:

§ 503.51 *Limitations on representative activities by former employees.* (a) No person shall appear in a representative capacity before the Office of Alien Property in a particular matter if such person, or one associated with him in the particular matter, personally considered it or gained personal knowledge of the facts thereof while connected with the Office of Alien Property Custodian, or the Office of Alien Property, or with foreign funds control functions of the Treasury Department or any Federal Reserve Bank.

(b) No former officer, clerk, or employee of the Office of Alien Property, nor any former officer, clerk, or employee of the Treasury Department or any Federal Reserve Bank who performed duties in connection with Foreign Funds Control, may appear in a representative capacity before the Office of Alien Property within two years after the termination of his incumbency of such position unless he obtains the prior approval of the Director of the Office of Alien Property in each matter. To obtain such approval he must file an affidavit stating:

(1) His former connection with the Office of Alien Property, or with the Treasury Department, or with any Federal Reserve Bank;

(2) That while he was connected with the Office of Alien Property, or with the Treasury Department, or with any Federal Reserve Bank, the matter was not pending therein, or if it was so pending:

(i) That he gave no personal consideration to it and gained no personal knowledge of the facts thereof while so connected, and

(ii) That he is not, and will not be, associated in the particular matter with any person who has personally considered it or gained personal knowledge of the facts thereof while connected with the Office of Alien Property, or with the Treasury Department, or with any Federal Reserve Bank.

(3) That his employment in the matter is not prohibited by Rev. Stat. sec. 190 (5 U. S. C. 99), or by section 19 (e) of the Contract Settlement Act of 1944 (41 U. S. C. 119). PART 72—TEXAS (SPLENETIC) FEVER IN CATTLE

PREVENTION OF SPREAD OF SPLENETIC OR TICK FEVER IN CATTLE

On September 11, 1948, there was published in the FEDERAL REGISTER (13 F. R. 5314) a notice of intention to amend the regulations for the prevention of the spread of splenetic or tick fever in cattle so as to release the State of Florida from the Federal quarantine established on account of such disease. After considera-

tion of all relevant material presented pursuant to the notice, including the proposals stated therein, it is hereby ordered under the authority of sections 1 and 3 of the act of March 3, 1905, as amended (21 U. S. C. 1946 ed. 123 and 125) and section 6 of the act of May 29, 1884, as amended (21 U. S. C. 115) that the regulations in 9 CFR and 1946 Supp. Part 72 are amended as follows:

1. Section 72.2 is amended to read as follows:

§ 72.2 *Splenetic or tick fever in cattle in described territory in Texas and Puerto Rico; prohibitions on movement of cattle.* Notice is hereby given that the contagious and infectious disease known as splenetic or tick fever still exists in cattle in portions of the State of Texas and in the Territory of Puerto Rico. Therefore, in the portions of the State of Texas and in the Territory of Puerto Rico described in §§ 72.4 and 72.5, the quarantine heretofore established is continued, and the movement of cattle therefrom to any other State or Territory or the District of Columbia shall be made only in accordance with the provisions of this part and Part 71 of this chapter.

2. Section 72.3 is revoked.

(Sec. 3, 23 Stat. 32, as amended, sec. 1, 3, 33 Stat. 1264, 1265, as amended; 21 U. S. C. 114, 123, 125)

Effective date. The foregoing amendment shall become effective on October 1, 1948. Inasmuch as the amendment relieves restrictions, it comes within the exception of section 4 (c) of the Administrative Procedure Act (5 U. S. C. 1003 (c)) and may therefore be made effective less than 30 days after its publication.

TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of the Federal Reserve System

PART 222—CONSUMER INSTALMENT CREDIT

TRANSACTION INITIATED BEFORE EFFECTIVE DATE

The following interpretation under this part relating to consumer instalment credit has been issued by the Board of Governors of the Federal Reserve System:

§ 222.104 *Transaction initiated before effective date.* The Board has been asked about the application of this part to extensions of credit where arrangements of some kind for the instalment sale of an article subject to this part were made prior to September 20, 1948, the effective date of this part, but where the transaction was not actually completed in all respects until after that date.

This part by its terms applies to extensions of credit made on or after September 20. Accordingly, its applicability depends upon the date the extension of credit is made, not the date arrangements for the credit are made.

There are many circumstances in which the question can arise and the determination of the date of extension of credit would depend on the circumstances of the case. The most frequent inquiry has been in connection with instances in which all details of an instalment sale of an article subject to this part have been completed before September 20 except delivery of the article. In such a case where delivery is the only uncompleted detail, the credit would have been extended prior to September 20 if the seller, prior to that date had physical or constructive possession of the particular automobile, refrigerator, or other item, and had set it aside, or identified it on inventory records or otherwise, as the article involved in the deal in question. The postponement of delivery may have occurred for any of a number of reasons such as the customer's desire to have the article delivered later to a home which he did not then occupy or the time necessary for the seller to deliver the article from the warehouse on his regular delivery schedule.

Another type of inquiry related to instances in which a particular article in the seller's possession has been identified or set aside as the one involved in the transaction and all other details have been completed before September 20 except the down payment which the seller required under his own credit terms before he would go ahead with the deal and make delivery. In this case, the extension of credit would not have been made before September 20 and it would be subject to this part. (Sec. 5 (b), 40 Stat. 415, as amended, 12 U. S. C. 95 (a), 50 U. S. C. At a regular session of the Federal Trade Commission held at its office in the city of Washington, D. C. on the 27th day of August A. D. 1948.

In the Matter of Gerald A. Rice, Individually and Doing Business Under the Name and Style of Office of Civil Preparation

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, testimony and other evidence in support of and in opposition to the allegations of the complaint taken before a trial examiner of the Commission theretofore duly designated by it, the recommended decision of the trial examiner and a brief of counsel in support of the complaint (no brief having been filed by the respondent and oral argument not having been requested); and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent, Gerald A. Rice, and his agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of courses of study and instruction intended for preparing students thereof for examinations for Civil Service positions in the United States Government, or any similar courses of study, do forthwith cease and desist from:

1. Representing, directly or by implication, through the use of the terms "Public Service Institute", "Civil Extension Service", "Office of Civil Preparation", or any other term of similar import or meaning, as a trade name or as a part thereof, that the respondent has any connection with the United States Government or any branch or agency thereof.

2. Representing, directly or by implication, through the use of the terms "Director", "Assistant Director", "Chief Special Agent", or any other term of similar import or meaning, to designate or describe the respondent or any of his representatives or salesmen, that the respondent or any of his employees have any connection with the United States Government or any branch or agency thereof.

3. Representing, through the use of emblems or other picturizations resembling or simulating official United States Government seals or insignia that the respondent or his business is connected with the United States Government or any branch thereof.

4. Representing in any manner, either directly or by implication, that the respondent or his business has any connection with the Government of the United States or any branch or agency thereof, including the United States Civil Service Commission.

5. Representing, directly or by implication, that the respondent is authorized by the United States Civil Service Commission to qualify applicants for Government positions, or that positions in the United States Civil Service may or can be obtained through the respondent or by completing any of the respondent's courses of study.

6. Misrepresenting in any manner the positions and opportunities for employment in United States Civil Service positions of students completing the respondent's courses of study.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

[Docket Nos. 8975, 8736]

PART 1—ORGANIZATION, PRACTICE AND PROCEDURE

ACCEPTANCE OF APPLICATION

In the matter of amendment of § 1.371 of the Commission's rules and regulations.

During the hearing held by the Commission in the proceeding to consider proposed revisions of the Commission's table of television channel allocations (In the matter of amendment of § 3.606 of the Commission's rules and regulations), evidence was presented concerning (1) tropospheric interference to existing and proposed television stations, (2) the use of directional antennas, (3) the use of increased power, and (4) conflicting proposals for closer spacing and wider spacing between television stations than is presently provided for by the Commission.

In order to assure that the Commission's national television allocation plan should be based on the soundest engineering foundation, an Industry-Commission Conference was held on September 13 and 14, 1948. The issues for decision at the Conference were:

1. Whether the Commission should initiate proceedings to revise the television allocation rules and standards prior to final decision in Dockets 8975 and 8736.

2. If the standards are to be revised, what policy should be adopted with respect to applications now pending before the Commission.

3. What procedures should be adopted in order that the revised standards can be based on the best available engineering information.

At the conclusion of that Conference it was announced that the Commission would call an engineering conference to consider questions regarding revision of the Commission's rules, regulations and standards with respect to the technical phases of television allocations. The date, place, and agenda for that conference will be announced shortly. This report and order deals with the second issue before the Commission.

A national television allocation plan must be based on the Commission's rules, regulations and standards which, in turn, must reflect the best available engineering information. One of the purposes of the coming Conference is to obtain such information. It is evident to the Commission that until the discussions at the proposed engineering conference are studied, and appropriate conclusions reached, the promulgation or revision of an allocation table and assignments thereunder might constitute an unwarranted disregard of important factors which may seriously affect such table. Moreover, it is apparent that assignments cannot continue to be made under the present allocation table since the evidence presented at the hearing and conference raises the same serious questions concerning the validity of the bases upon which such table was constructed as in the case of the proposed table. Furthermore, additional assignments at the present time will make more difficult any revisions in the table which might be necessary as a result of any changes in the Standards which might result from the proceedings.

In view of the foregoing, the Commission has concluded that, pending further consideration of the issues in Dockets Nos. 8975 and 8736, requests for television authorizations on channels 2 through 13 will be considered in accordance with the following interim procedure:

1. Applications pending before the Commission and those hereafter filed for permits to construct television stations on channels 2 through 13 will not be acted upon by the Commission but will be placed in the pending files.

2. Applications pending before the Commission and those hereafter filed for modification of existing permits or licenses will be considered on a case-to-case basis and Commission action thereon will depend on the extent to which they are affected by the issues to be resolved in the proceedings bearing Docket Nos. 8975 and 8736.

3. No hearing dates will be scheduled with respect to applications for construction permits which have been designated for hearing, and in cases in which hearings have been commenced or completed but decisions have not been issued, no further action will be taken.

4. This procedure does not apply to construction permits or other television authorizations heretofore issued by the Commission.

The interim procedure set forth above relates to practice and procedure before the Commission and, therefore, proposed rule making in accordance with the provisions of section 4 of the Administrative Procedure Act is not required.

Accordingly, it is ordered, This 29th day of September 1948, that, effective immediately, § 1.371 of the Commission's rules and regulations is amended by adding footnote 8a to the heading thereto, reading as follows:

[8a] Pending further consideration of the issues in Dockets Nos. 8975 and 8736, requests for television authorizations on channels 2 through 13 will be considered in accordance with the following procedure:

(a) Applications pending before the Commission and those hereafter filed for permits to construct television stations on channels 2 through 13 will not be acted upon by the Commission but will be placed in the pending files.

(b) Applications pending before the Commission and those hereafter filed for modification of existing permits or licenses will be considered on a case-to-case basis and Commission action thereon will depend on the extent to which they are affected by the issues to be resolved in the proceedings bearing Dockets Nos. 8975 and 8736.

(c) No hearing dates will be scheduled with respect to applications for construction permits which have been designated for hearing, and in cases in which hearings have been commenced or completed but decisions have not been issued, no further action will be taken.

(d) This procedure does not apply to construction permits or other television authorizations heretofore issued by the Commission.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

Subchapter D—Freight Forwarders

[No. 29493]

PART 400—AGREEMENTS, FORWARDER-MOTOR COMMON CARRIERS

FREIGHT FORWARDERS

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 24th day of September A. D. 1948.

It appearing, that by order dated March 5, 1946, the Commission entered upon an investigation for the purpose of determining the just, reasonable, and equitable terms and conditions, including the terms and conditions governing the determination and fixing of the compensation to be paid or observed, under which freight forwarders subject to part IV of the Interstate Commerce Act may utilize the services and instrumentalities of common carriers by motor vehicle subject to part II of the act, under agreements between such forwarders and motor carriers:

It further appearing, that a full investigation of the matters and things involved has been made, and that the Commission on the date hereof has made its report containing its findings of fact and conclusions thereon, which said report is hereby referred to and made a part hereof: [1] It is ordered, that:

Sec.
400.1 Terms and conditions, and compensation to be paid by freight forwarders to motor common carriers for services.
400.2 Expiration date prescribed for section 409 of the Interstate Commerce Act.

§ 400.1 *Terms and conditions, and compensation to be paid by freight forwarders to motor common carriers for services.* The just, reasonable, and equitable terms and conditions in accordance with the directions in amended section 409 of the Interstate Commerce Act (49 U. S. C. 1009), including those governing the determination and fixing of the compensation to be paid or observed, for the utilization of the services and instrumentalities of common carriers by motor vehicle subject to part II of the act by freight forwarders subject to part IV of said act, under agreements between such freight forwarders and common carriers, shall be those set forth in the following paragraphs: *Provided,* That the said terms and conditions relating to compensation shall not apply to compensation to motor common carriers for handling terminal-to-terminal traffic which is lower than would be received under rates or charges established under part II of the act.

(a) Where an agreement has been entered into by a freight forwarder and a motor common carrier for the performance by the latter for the former of transportation service subject to part II of the act, the forwarder shall file with this Commission a schedule (which may be called a Schedule of Compensation Arrangements), which shall describe adequately and clearly the services to be performed by each motor carrier and the compensation to be paid therefor. Any change in the compensation to be paid or the services to be rendered shall be shown by a supplement to or reissue of the schedule, which shall also be filed with this Commission by the forwarder. Such schedule, supplements thereto and reissues thereof shall be signed by the forwarder and the motor carrier, or a separate concurring agreement, signed by the parties and signifying their concurrence in the schedule, supplements thereto and reissues thereof, shall be filed with this Commission by the forwarder.

(b) The schedule, supplements thereto and reissues thereof, shall show the date on which they are to become effective.

(c) Three copies of the documents described in paragraphs (a) and (b) of this section, including the signed originals, shall be filed with this Comission prior to the effective date of the schedule, supplement thereto or reissue thereof, as to those which are to become effective on the effective date of this part, and at least 10 days prior to the effective date with respect to those which are to become effective after the effective date of this part. One copy shall be available for public inspection in the offices of this Commission.

(d) The compensation stated in the effective schedule, supplements thereto or reissues thereof, on file with this Commission shall continue to be the lawful compensation to be paid by the forwarder to the motor common carrier for the services performed by the motor common carrier until that carrier or the forwarder revokes its participation therein, or until this Commission has modified or changed the compensation in an appropriate proceeding.

(e) Any party desiring to revoke its participation in the above-described arrangements shall file with this Commission three copies of a notice of revocation at least 30 days before the revocation is to become effective and at the same time shall forward by registered mail a copy to the other party to the arrangements. The notice of revocation shall show the date on which the revocation is to become effective and make reference to the schedule on file with this Commission, the participation in which is revoked.

(f) Except as otherwise specified in paragraphs (a) to (e) of this section, the regulations governing the construction and form of motor common carrier freight publications as contained in Tariff Circular MF No. 3, as amended, (§§ 187.21 to 187.47 of this chapter) shall generally be observed to the extent they are adaptable with respect to the above-described schedules, supplements thereto and reissues thereof, the concurring agreements, and revocation notices, unless special permission is granted to depart therefrom.

(g) The Commission reserves the right to add to, change or modify the above terms and conditions for good cause and it may, at any time, upon complaint or

[1] Filed as part of the original document.

upon its own initiative, consider the reasonableness of the compensation and other provisions contained in the above-described schedule and prescribe the just, reasonable, and equitable compensation, provisions and terms and conditions to be observed as a condition to the departure from the established tariffs of the motor carrier.

§ 400.2 *Expiration date prescribed for section 409 of the Interstate Commerce Act.* This part shall become effective on January 22, 1949, and on and after that date, subsection (b) of section 409 of the Interstate Commerce Act shall be effective no longer.

(60 Stat. 21; 49 U. S. C. 1009 (a) (2))

Notice of this order shall be given to the general public by depositing a copy hereof in the office of the Secretary of the Commission at Washington, D. C., and by filing with the Director of the Division of the Federal Register.

By the Commission.

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter C—National Wildlife Refuges; Individual Regulations

PART 24—WEST CENTRAL REGION NATIONAL WILDLIFE REFUGES

BOW AND ARROW DEER HUNTING IN MUD LAKE NATIONAL WILDLIFE REFUGE, MINNESOTA

Basis and purpose. On the basis of observations and reports of field representatives of the Fish and Wildlife Service and of the Minnesota Conservation Department it has been determined that there is a surplus of deer on and in the vicinity of the Mud Lake National Wildlife Refuge, which surplus can best be removed by public hunting with bow and arrow on a part of the Refuge.

The following is added:

§ 24.666 *Mud Lake National Wildlife Refuge, Minnesota; bow and arrow deer hunting.* Deer may be taken with bow and arrow only on the following described lands within the Mud Lake National Wildlife Refuge during the 1948 open season only, subject to the following provisions, conditions, restrictions, and requirements:

(a) *Areas open to hunting.* All of the lands of the United States within the following described subdivisions on the Mud Lake National Wildlife Refuge, Minnesota, shall be open to bow and arrow deer hunting:

FIFTH PRINCIPAL MERIDIAN

T. 156 N., R. 40 W.,
Secs. 4 to 9 incl., all;
Sec. 18, all.
T. 157 N., R. 40 W.,
Secs. 19, 30, and 31, all.
T. 156 N., R. 41 W.,
Secs. 1, 12, and 13 all;
Sec. 22, all south of secondary trail;
Secs. 23 to 27 incl., all;
Sec. 30, all south of County Road "E";
Secs. 31 to 36 incl., all.
T. 157 N., R. 41 W.,
Secs. 24, 25, and 36, all.
T. 155 N., R. 42 W.,
Secs. 1 to 3 incl., all.
T. 156 N., R. 42 W.,
Sec. 32, all south of County Road "E";
Sec. 33, all south of County Road "E";
Sec. 34, all south of County Road "E";
Sec. 36, all south of County Road "E".

(b) *Entry.* Entry on and use of the Refuge is governed by the regulations of the Secretary dated December 19, 1940, (5 F. R. 5284), as amended, and strict compliance therewith is required. Hunters must follow such routes of travel within the Refuge as are designated by posting.

(c) *State laws.* Strict compliance with all State laws and regulations is required, and any person who hunts on the Refuge must have in his possession and exhibit at the request of any authorized Federal or State officer a valid State hunting license and permit for the taking of deer if such is required by the State laws and regulations. The license and permit will serve as a Federal permit for entry on the Refuge for the purpose of hunting deer.

(d) *Cooperation.* State cooperation may be enlisted in the regulation, management, and operation of the public hunting area and the State may promulgate such special regulations as may be necessary for such regulation, management, and operation. In the event such State regulations are issued, compliance therewith shall be a requisite to lawful entry for the purpose of hunting. DEPARTMENT OF AGRICULTURE

Production and Marketing Administration

[7 CFR, Part 933]

ORANGES, GRAPEFRUIT AND TANGERINES GROWN IN FLORIDA

GENERAL NOTICE WITH RESPECT TO APPROVAL OF BUDGET OF EXPENSES AND FIXING OF RATE OF ASSESSMENT FOR 1948–1949 FISCAL PERIOD

Consideration is being given to the following proposals submitted by the Growers Administrative Committee, established under Marketing Agreement No. 84, as amended, and Order No. 33, as amended (7 CFR and Supps., 933.1 et seq.), regulating the handling of oranges, grapefruit, and tangerines grown in the State of Florida, as the agency to administer the terms and provisions thereof: (1) That the Secretary of Agriculture find that expenses not to exceed $108,000 will be necessarily incurred during the fiscal period August 1, 1948 to July 31, 1949, for the maintenance and functioning of the committees established under the aforesaid amended marketing agreement and order, and (2) that the Secretary of Agriculture fix, as each handler's share of such expenses, the rate of assessment, which each handler shall pay during the aforesaid fiscal period in accordance with the aforesaid amended marketing agreement and order, at $0.003 per standard packed box of fruit shipped by such handler during such fiscal period.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposals shall file the same with the Hearing Clerk, Room 1846, South Building, United States Department of Agriculture, Washington 25, D. C., not later than the close of business on the 10th day after the publication of this notice in the FEDERAL REGISTER. All documents should be filed in quadruplicate.

As used herein, "handler," "shipped," "fruit," "fiscal period," and "standard packed box" shall have the same meaning as is given to each such term in the said amended marketing agreement and order.

(48 Stat. 31, as amended; 7 U. S. C. 601 et seq.; 7 CFR and Supps., 933.1 et seq.)

Issued this 1st day of October 1948.

[7 CFR, Part 947]

HANDLING OF MILK IN FALL RIVER, MASS., MILK MARKETING AREA

DECISION WITH RESPECT TO A PROPOSED MARKETING AGREEMENT AND TO A PROPOSED AMENDMENT TO ORDER, AS AMENDED

Pursuant to Public Act No. 10, 73d Congress (May 12, 1933), as amended, and as reenacted and amended by the Agricultural Marketing Agreement Act of 1937, as amended (hereinafter referred to as the "act"), and the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR, Supps., 900.1 et seq.), a public hearing was held at Fall River, Massachusetts, June 21, 1948, pursuant to a notice published in the FEDERAL REGISTER (13 F. R. 3257) on June 16, 1948, upon a proposed amendment to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the Fall River, Massachusetts, marketing area.

A recommended decision, based on the record of such hearing, was issued by the Assistant Administrator, Production and Marketing Administration, on July 6, 1948. The notice of filing such recommended decision and opportunity to file written exceptions thereto was published in the FEDERAL REGISTER on July 10, 1948 (13 F. R. 3871). The time for filing exceptions has expired, and no exceptions were filed.

The only issue on the record of the hearing was the question of whether the Class I price for the Fall River market for the months of July through December 1948 should be increased by 22 cents per hundredweight over the prices which witnesses indicated would probably be established by the Class I formula pricing provisions of the order.

Findings and conclusions. The record indicates that during recent years receipts of milk from regular producers have been less than fluid milk sales in this market during all seasons of the year. Since Fall River is surrounded by other milk markets competing for the supply of milk in the same area, expansion of the Fall River milkshed in the nearby area could be accomplished only by securing new producers who are now supplying these other competing markets. In order to obtain a sufficient supply of milk for Class I use, Fall River handlers have been using large volumes of milk from other areas, and in recent months this supplementary milk has come principally from plants in Northern New England regulated under the Federal order for the Boston market. Since other milk markets near to Fall River also do not receive enough milk from their regular producers for fluid milk requirements, these markets seek other sources of milk supply, and a principal source of such supplementary supplies for these other markets similarly has been Northern New England plants operated under the Boston order.

The cost of supplementary milk supplies to other competing markets in this area is approximately the same as for Fall River handlers. If the price received by Fall River producers is less than the prices handlers in neighboring markets are paying for milk either from their own producers or from Northern New England sources, handlers in these other markets would find it to their advantage to offer Fall River producers a price higher than these producers receive in the Fall River market. In order to maintain the present supply of local milk for the Fall River market, it is therefore necessary under these conditions that prices received by Fall River producers be at a level comparable with prices paid in nearby markets for local supplies and for milk brought in from Northern New England plants.

The evidence in the record indicates that an increase of 22 cents per hundredweight in Fall River Class I milk prices over the prices indicated for July milk at the time of the hearing would raise Fall River prices to the level of those in competing markets.

Contrary to the results anticipated by witnesses who testified at the hearing, the normal operation of the Class I formula brought about an increase on August 1 of 22 cents over July prices. Thus, the Class I price for the months of September through December will also be at least 22 cents over the July prices inasmuch as the order prescribes that the Class I price for any of the months of September through December of each year shall not be lower than the Class I price for the immediately preceding delivery period. In view of such development, the evidence in the hearing record does not support a further price increase.

It is therefore decided that the amendment proposed in the recommended decision of July 6, 1948 is unwarranted, and that no amendment shall be issued on the basis of the record of said hearing.

Issued at Washington, D. C., this 1st day of October 1948.

[Docket No. 9159]

PROPOSED CITIZENS RADIO SERVICE

ADOPTION OF PROPOSED FORM

1. Notice is hereby given of proposed rule making in the above-entitled matter.

2. On August 12, 1948 the Commission adopted proposed rules with respect to the Citizens Radio Service. In order to implement this proposed service, it is proposed to adopt an application form, a copy of which is attached.[1] Additional copies of the proposed form will be available at the Commission's Office of Information, Room #7230, New Post Office Building, Washington 25, D. C.

3. This notice is issued pursuant to authority contained in sections 303 (r) and 308 (b) of the Communications Act, as amended.

4. Any interested person who is of the opinion that the proposed form should or should not be adopted, or should not be adopted in the form set forth, may file with the Commission on or before October 25, 1948 a written statement or brief setting forth his comments. The Commission will consider these written comments and if comments are submitted which appear to warrant the Commission's holding an oral argument, notice of time and place of such oral argument will be given.

5. An original and 4 copies of all statements, briefs or comments filed shall be furnished the Commission.

Adopted: September 29, 1948.

Released: September 30, 1948.

NOTICES

POST OFFICE DEPARTMENT

MAIL SERVICE FOR MEMBERS OF ARMED FORCES OVERSEAS

CHRISTMAS MAIL TO BE MAILED BETWEEN OCTOBER 15 AND NOVEMBER 15

Arrangements have been made by the Post Office Department in cooperation with the Department of the National Military Establishment for the acceptance of Christmas parcels for members of our armed forces serving outside the continental United States.

While requests for parcels from members of our armed forces are not required, many persons in this country will undoubtedly wish to send special Christmas parcels to their loved ones overseas, and these instructions are, therefore, issued with the view of assuring their delivery on time and in good condition. Patrons should indorse each such gift parcel "Christmas Parcel" and special effort will be made to effect delivery of all Christmas parcels mailed during the period stated below in time for Christmas.

Time of mailing. Christmas parcels for overseas personnel should be mailed during the period beginning October 15, 1948, and ending November 15, 1948, the earlier the better. Parcels destined for delivery in Japan, Korea, and the Islands in the Pacific should be mailed as early as possible during the period stated, preferably not later than November 1, in view of the distances involved.

It is suggested, however, that parcels for Navy and Marine Corps personnel serving in the most remote areas be mailed not later than October 15. Parcels for such personnel known to be in an area which would permit mailing subsequent to October 15, may be deposited for mailing at a date selected by the sender.

Christmas cards for Army and Air Force personnel overseas may be mailed at any time but patrons should mail such cards prior to November 15, 1948, if they are to have a reasonable expectation of delivery prior to Christmas.

The various services have pointed out that members of the armed forces are amply provided with food and clothing and the public is urged not to include such matter in gift parcels. The public can ascertain what articles their relatives and friends overseas can secure locally by correspondence with such person and should limit their gifts to articles not readily obtainable by the recipient.

The regulations in Part 29 Mail Service for members of armed forces overseas of Title 39 CFR are applicable to Christmas mail for such persons.

J. M. DONALDSON,
Postmaster General.

SEC. 2. *Limit of acreage for which entry may be made or water secured.* The public lands covered by this notice have been divided into farm units. Each of the farm units represents the acreage which, in the opinion of the Secretary of the Interior, may reasonably be required for the support of a family upon such land. The areas in the different units are fixed at the amounts shown upon the farm unit plats referred to in section 1 of this notice. The maximum acreage of land in private ownership for which application for delivery of water may be made is 160 acres of irrigable land for each landowner.

Preference Rights of Veterans of World War II

SEC. 3. *Nature of preference.* The law provides that when public lands are opened to entry, preference shall be given to applications which are made by veterans of World War II (and in some cases by their wives or husbands or guardians of minor children) and which are filed within 90 days after the opening of the lands. The five classes of persons who are entitled to this veterans' preference are set forth in section 4 of this notice.

Therefore, applications for farm units on lands covered by this notice which are made by persons coming within one of the five classes listed in section 4 of this notice will be given first consideration if submitted before December 30, 1948.

In order to be eligible to receive farm units, all applicants, whether or not entitled to veterans' preference, must possess the necessary qualifications as to industry, experience, character, capital and physical fitness (see section 8 of this notice) and (except for duly appointed guardians) must be qualified to make entry under the homestead laws.

SEC. 4. *Persons entitled to veterans' preference.* The classes of persons who are entitled to the veterans' preference described in section 3 of this notice are as follows:

(a) Persons, including those under 21 years of age, who have served in the Army, Navy, Marine Corps, or Coast Guard of the United States for a period of at least 90 days at any time on or after September 16, 1940, and prior to the termination of World War II, and have been honorably discharged.

(b) Persons, including those under 21 years of age, who have served in the Army, Navy, Marine Corps or Coast Guard during the period described in subsection (a) of this section, regardless of length of service, and who have been discharged on account of wounds received or disability incurred during such period in the line of duty, or, subsequent to a regular discharge, have been furnished hospitalization or awarded compensation by the government on account of such wounds or disability.

(c) The spouse of any person in either of the first two classes listed in this section, if the spouse has the consent of such person to exercise his or her preference right. (See section 11 of this notice regarding provision that a married woman must be head of a family.)

(d) The surviving spouse of any person in either of the first two classes listed in this section, or in the case of the death or marriage of such spouse, the minor child or children of such person, by a guardian duly appointed and officially accredited at the Department of the Interior.

(e) The surviving spouse of any person whose death has resulted from wounds received or disability incurred in line of duty while serving in the Army, Navy, Marine Corps or Coast Guard during the period described in subsection (a) of this section, or in the case of the death or marriage of such spouse, the minor child or children of such person, by a guardian duly appointed and officially accredited at the Department of the Interior.

SEC. 5. *Definition of honorable discharge.* An honorable discharge means:

(a) Separation from the service by means of an honorable discharge or a discharge under honorable conditions;

(b) Transfer with honorable service from such service to a reserve or retired status prior to the termination of the war; or

(c) Ending of the period of war service by reason of the termination of the war, even though the veteran remains in the military or naval service of the United States.

SEC. 6. *Submission of proof of veterans' status.* All applicants for farm units who claim veterans' preference must attach to their applications a photostatic, certified or authenticated complete copy (both sides) of an official document of the respective branch of the service which shows clearly an honorable discharge, as defined in section 5 of this notice, or constitutes evidence of other facts on which the claim for preference is based, and which clearly shows the period of service.

If the preference is claimed by a surviving spouse or on behalf of the minor child or children of a deceased veteran, proof of the relationship asserted and of the veteran's service and death must be attached to the application. If the preference is claimed by the spouse of a living veteran, proof of such relationship and of the veteran's service and written consent to the exercise of the preference right must be attached to the application.

QUALIFICATIONS REQUIRED BY THE RECLAMATION AND HOMESTEAD LAWS

SEC. 7. *Examining Board.* An examining board of four members, including the Superintendent of the Minidoka Project, who will act as secretary of the board, has been approved by the Commissioner of Reclamation to determine the qualifications and fitness of applicants to undertake the development and operation of a farm on the Minidoka Project. The board will make careful investigations to verify the statements made by applicants. Any false statement may constitute grounds for rejection of an application, cancelation of award or cancelation of an entry.

SEC. 8. *Minimum qualifications.* This section sets forth the minimum qualifications which are necessary to give reasonable assurance of success of an entryman or entrywoman on a reclamation farm unit. Applicants must, in the judgment of the examining board, meet these qualifications in order to be considered for entry. Failure to meet them in any single respect will be sufficient cause for rejection of an application. No credit will be given for qualifications in excess of the required minimum. The minimum qualifications are as follows:

(a) *Character and industry.* An applicant must be possessed of honesty, temperate habits, thrift, industry, seriousness of purpose, record of good moral conduct, and a bona fide intent to engage in farming as an occupation.

(b) *Farm experience.* Except, as otherwise provided in this subsection, an applicant must have had a minimum of two years (24 months) full-time farm experience, which shall consist of participation in actual farming operations, after attaining the age of 15 years. Time spent in agricultural courses in an accredited agricultural college or time spent in work closely associated with farming, such as teaching vocational agriculture, agricultural extension work, or field work in the production or marketing of farm products, which, in the opinion of the board, will be of value to an applicant in operating a farm, may be substituted for full-time farm experience. Such substitution shall be on the basis of one year (academic year of at least nine months) of agricultural college courses or one year (twelve months) of work closely associated with farming for six months of full-time farm experience. Not more than one year of full-time farm experience of this type will be allowed. A farm youth who actually resided and worked on a farm after attaining the age of 15 and while attending school may credit such experience as full-time experience.

Applicants who have acquired their experience on an irrigated farm will not be given preference over those whose experience was acquired on a non-irrigated farm, but all applicants must have had farm experience of such a nature as, in the judgment of the examining board, will qualify the applicant to undertake the development and operation of an irrigated farm by modern methods.

(c) *Health.* An applicant must be in such physical condition as will enable him to engage in normal farm labor. Any person who is physically handicapped or afflicted with any condition which makes such ability questionable must attach to his or her application the detailed statement of an examining physician which defines the limitation upon such ability and its causes.

(d) *Capital.* An applicant must possess at least $3,000, consisting of cash or assets readily convertible into cash, or assets such as livestock, farm machinery and equipment, which, in the opinion of the board, will be useful in the development and operation of a new, irrigated farm. In considering the practical value of property which will be useful in the development of a farm, the board will not value household goods at more than $500 or a passenger car at more than $500. If the applicant proposes to convert items into cash, total cash value should be shown with a full explanation.

An applicant shall furnish in section 10 of the farm application blank a financial statement listing all of his assets and all of his liabilities. Prior to the issuance of a certificate of qualification, and not later than at the time of the personal interview, the applicant will be required to corroborate his statement of net worth by the statement of an officer of a bank or other responsible and reputable credit agency or by other proof satisfactory to the examining board.

SEC. 9. *References.* (a) An applicant shall list in section 12 of the farm application blank the names, occupations, positions or titles and complete, current addresses of five persons who are qualified and willing to give their frank opinions as to the applicant's personal qualifications and farm experience. Persons named as references must be responsible citizens who are permanent residents in their communities.

At least one of these five persons must be an agricultural leader who now holds one or more of the following positions: County Agent; Farmers Home Administration County Supervisor; Production and Marketing Administration County Committeeman; Soil Conservationist; Vocational Agriculture Teacher; manager or agricultural representative of an agricultural marketing or processing association or institution; loan officer or agricultural representative of a credit agency or institution in an agricultural community, or an officer of any recognized farm organization.

The other four persons named as references may be successful farmers who own and operate their own farms and are well known in the community where the farm experience was acquired.

Persons in occupations other than those listed in this subsection and relatives of the applicant are not acceptable.

(b) The applicant shall also be responsible for furnishing to at least three of the five persons listed in section 12 of the farm application blank the reference forms provided with this notice and for the return by these persons to the board of three complete, signed statements. At least one of these three statements must be prepared and signed by one of the agricultural leaders listed in subsection (a) of this section.

SEC. 10. *Restriction on ownership of project lands.* Applicants for farm units must not hold or own, within any Federal reclamation project, irrigable land for which construction charges payable to the United States have not been fully paid, except that this restriction does not apply to small tracts used exclusively for residential purposes.

Prior to the issuance of a certificate of qualification and not later than the time of the personal interview, an applicant who owns lands in a Federal reclamation project must furnish satisfactory evidence that the total construction charges allocated against the land owned by the applicant have been paid in full.

SEC. 11. *Principal qualifications required by homestead laws.* All applicants (except guardians) must meet the requirements of the homestead laws. The homestead laws require that an entryman or entrywoman:

(a) Must be a citizen of the United States or have declared an intention to become a citizen of the United States;

(b) Must not have exhausted the right to make homestead entry on public land;

(c) Must not own more than 160 acres of land in the United States;

(d) Must, if a married woman, or a person under 21 years of age who is not eligible for veterans' preference, be the head of a family. The head of a family is ordinarily the husband, but a wife or a minor child who is obliged to assume major responsibility for the support of a family may be the head of the family. Any applicant who is required to be the head of a family must submit with the application evidence of such status which is satisfactory to the board. Complete information concerning qualifications for homesteading may be obtained from District Land Offices or from the Bureau of Land Management, Washington 25, D. C.

When, Where and How to Apply for a Farm Unit

SEC. 12. *Application blanks.* Any person desiring to enter any of the public land farm units described in this notice must fill out the attached farm application blank. Additional application blanks may be obtained from the Bureau of Reclamation, Burley, Idaho; the Regional Director, Bureau of Reclamation, Post Office Box 937, Boise, Idaho, or the Commissioner of Reclamation, Department of the Interior, Washington 25, D. C. Full and frank answers must be made to each question on the farm application blank.

SEC. 13. *The filing of application and supporting evidence.* An application for a certificate of qualification for a farm unit listed in this notice must be filed with the Project Land Use Specialist, Bureau of Reclamation, Route 3, Jerome, Idaho, in person or by mail. No advantage will accrue to an applicant who presents an application in person. Every application must be accompanied by:

(a) Proof of veteran's status if veteran's preference is claimed (see section 6 of this notice);

(b) Statement of examining physician, in case of disability (see subsection 8 (c) of this notice);

(c) Evidence of citizenship or of declared intention if applicant is not native-born (see subsection 11 (a) of this notice);

(d) Evidence of status as head of a family if applicant is a married woman or a non-veteran under the age of 21 (see subsection 11 (d) of this notice).

The applicant must also see that three of his references submit complete signed statements of his qualifications (see subsection 9 (b) of this notice).

SEC. 14. *Applications become Department records.* Each application submitted, including corroborating evidence, will become a part of the permanent records of the Department of the Interior and cannot be returned to the applicant. For this reason, original discharge or citizenship papers should not be submitted. In case an applicant is awarded a farm his discharge papers will be attached to his certificate of eligibility (see section 22 of this notice) for submission to the Bureau of Land Management.

SEC. 15. *Importance of complete applications.* It shall be the sole responsibility of an applicant to submit a complete application, including the corroborating evidence required by this notice. Failure of an applicant to provide complete answers to all questions in the farm application blank within the periods specified in this notice, or failure to provide all other information required by this notice, will subject an application to rejection.

Selection of Qualified Applicants

SEC. 16. *Priority of applications.* All applications will be classified for priority purposes and considered in the following order:

(a) *First priority group.* All complete applications filed prior to 2:00 p. m., December 30, 1948, which are accompanied by proof sufficient, in the opinion of the examining board, to establish eligibility for veterans' preference. All such applications will be treated as simultaneously filed.

(b) *Second priority group.* All complete applications filed prior to 2:00 p. m. December 30, 1948, from applicants without veterans' preference or which are not accompanied by proof sufficient, in the opinion of the examining board, to establish eligibility for veterans' preference. All such applications will be treated as simultaneously filed.

(c) *Final group.* All complete applications filed after 2:00 p. m., December 30, 1948, whether or not accompanied by proof of veterans' preference. Such applications will be considered in the order in which they are filed if any farm units are available for award to applicants within this group.

SEC. 17. *Preliminary examination to determine first priority group, right of appeal.* Each application will be examined for the purpose of ascertaining (a) that the application is complete; (b) that all of the corroborating evidence required by this notice to be submitted in advance of the drawing has been furnished; and (c) that the applicant's right to veteran's preference has been fully established. Any incomplete application or any application not accompanied by the required corroborating evidence will be rejected. Any applicant claiming veteran's preference but failing to establish proof of eligibility for such preference shall be placed in the second priority group.

In case of rejection or placement in the second priority group, the applicant shall be notified by the board by registered mail, with return receipt requested, of such rejection or placement; the reasons therefor, and of the right to appeal in writing to the Regional Director, Bureau of Reclamation. All appeals must be received in the office of the Superintendent of the Minidoka Project, Burley, Idaho, within 15 days of the applicant's receipt of such notice, or, in any event, within 30 days from the date when the notice is mailed to the last address furnished by the applicant. The Superintendent will forward the appeals promptly to the Regional Director. If an appeal is decided by the Regional Director in favor of the applicant, the application will be referred to the board for inclusion in the drawing. All decisions on appeals will be based exclusively on information obtained prior to rejection of the application or placement in the second priority group. The Regional Director's decision on all appeals shall be final.

SEC. 18. *Public drawing.* After the expiration of the appeal periods fixed by the above-mentioned notices and after decision on all appeals, the board will conduct a public drawing of the names of the applicants remaining in the First Priority Group as defined in subsection 16 (a) of this notice. Applicants need not be present at the drawing in order to participate therein. The names of a sufficient number of applicants (not less than three times the number of farm units to be awarded) shall be drawn and numbered consecutively in the order drawn for the purpose of establishing the order in which the applications drawn will be further examined by the board to determine whether the applicants meet the minimum qualifications prescribed in this notice, and to establish the priority of qualified applicants for the selection of farm units. After such drawing, the board shall notify each applicant of his respective standing as a result of the drawing.

SEC. 19. *Final examination.* The board shall examine, in the order drawn, a sufficient number of applications to determine the applicants to whom the farm units will be awarded. This examination will determine the sufficiency, authenticity and reliability of the information and evidence submitted by the applicants. If such examination indicates that an applicant is qualified, such applicant shall be so notified and shall be required to submit the statement of a credit agency corroborating his statement relative to his net worth, described in subsection 8 (d) of this notice, and if an applicant owns land on a Federal reclamation project, satisfactory evidence that all construction charges against such land have been paid as required in section 10 of this notice.

The applicant may be required to appear for a personal interview with the board for the purpose of: (a) Affording the board any additional information it may desire relative to his qualifications; (b) affording the applicant any information desired relative to conditions in the area and the problems and obligations relative to development of a farm unit; and (c) affording the applicant an opportunity to examine the farm units.

If the board finds that an applicant's qualifications fulfill the requirements prescribed in this notice, such applicant shall be notified, in person or by registered mail, that he is a successful applicant and shall be given an opportunity to select one of the farm units then available. If the board finds that an applicant's qualifications do not meet the requirements prescribed in this notice, or if he fails to supply the corroborating evidence, the applicant shall be disqualified and shall be notified by the board, by registered mail, of such disqualification and the reasons therefor and of the right to appeal to the Regional Director as prescribed in section 17 of this notice.

Selection of Farm Units

SEC. 20. *Order of selection.* The applicants who have been notified of their qualification for the award of a farm unit will successively exercise the right to select a farm unit in accordance with the priority established by the drawing. If a farm unit becomes available through failure of a successful applicant to exercise his right of selection or failure to complete his entry filing with the Bureau of Land Management, it will be offered to the next qualified applicant in accordance with the priority established by the drawing. An applicant who is considered to be disqualified as a result of the personal interview, will be permitted to exercise his right to select, notwithstanding his disqualification, unless he voluntarily surrenders this right in writing. If, on appeal, the action of the board in disqualifying an applicant as a result of the personal interview is reversed by the Regional Director, the applicant's selection shall be effective, but if such action of the board is upheld by the Regional Director, the farm unit selected by this applicant will become available for selection by successful applicants who have not exercised their right to select.

If any of the farm units listed in this notice remain unselected after all qualified applicants whose names were selected in the drawing have had an opportunity to select a farm unit, and if additional applicants remain in the First Priority Group, the board will follow the same procedure outlined in section 18 of this notice in the selection of additional applicants from this group.

If any of the farm units remain unselected after all qualified applicants in the First Priority Group have had an opportunity to select a farm unit, the board will follow the same procedure to select applicants from the Second Priority Group and they will be permitted to exercise their right to select a farm unit in the manner prescribed for the successful applicants from the First Priority Group.

Any farm units remaining unselected after all qualified applicants in the Second Priority Group have had an opportunity to select a farm unit will be offered to applicants in the Final Group in the order in which their applications were filed, subject to the determination of the board, made in accordance with the procedure prescribed herein, that such applicants meet the minimum qualifications prescribed in this notice.

SEC. 21. *Failure to select.* If any applicant refuses to select a farm unit or fails to do so within the time specified by the board, such applicant shall forfeit his position in his priority group and his name shall be placed last in that group.

SEC. 22. *Payment of charges and filing homestead applications.* After each successful applicant has advised the board of his selection of a farm unit he shall be notified by the board of the annual construction, water rental, or other charges, payment of which must be received at the office of the Project Superintendent, Bureau of Reclamation, Burley, Idaho, within 15 days of the receipt by the applicant of such notice. Upon receipt by the Project Superintendent of such payment from the applicant before the expiration of said 15-day period, the board shall furnish each applicant, by registered mail or by delivery in person, a certificate of eligibility stating that the applicant's qualifications to enter public lands have been examined and approved by the board. Such certificate must be attached by the applicant to the homestead application, which application must be filed at the District Land Office, Bureau of Land Management, Boise, Idaho. Such homestead application must be filed within 15 days from the date of the receipt by the applicant of such certificate. Failure to pay the annual construction, water rental or other charges required and to make application for homestead entry within the period specified herein will render the application subject to rejection.

General Provisions

SEC. 23. *Warning against unlawful settlement.* No person shall be permitted to gain or exercise any right under any settlement or occupation of any of the public lands covered by this notice except under the terms and conditions prescribed by this notice.

SEC. 24. *Charges payable by all water users; Incremental value contracts*—(a) *Charges against project lands.* The lands covered by this notice are included in American Falls Reservoir District No. 2 which has assumed, in the contract between said district and the United States, dated September 21, 1927, as amended, an obligation to pay to the United States the costs of constructing the project and of the operation and maintenance of certain irrigation works on the project referred to as reserved works. In said contract, as amended, the district has assumed the obligation of operating and maintaining the canal and lateral system which serves the lands described in this notice. A copy of the contract of September 21, 1927, and of the amendments and supplements are available for inspection in the project office of the Bureau of Reclamation at Hunt, Idaho. Further information regarding the district's assessment procedures and estimates of the amounts of the annual charges to be assessed by the district against the lands described in this notice may be obtained from the officers of the American Falls Reservoir District No. 2. The district office is located at Gooding, Idaho.

(b) *Individual contracts required.* Pursuant to the provision of Article 41 of the contract of September 21, 1927, applicants for entry of public land, and the owners of land held in private ownership for which water will be furnished pursuant to this notice, will be required to execute and deliver a recordable contract which is designed to prevent land speculation based upon increased value of the land resulting from irrigation. Such contract will provide that in case of the sale of the land a portion of the sale price which exceeds the appraised value of the land shall be applied upon the construction charges against the land. The owners of land held in private ownership for which water will be furnished pursuant to this notice will also be required to execute the recordable contract required under Article 40 of the

contract of September 21, 1927, which requires the sale of land in excess of 160 acres.

(c) *Water right charges*—(1) *Construction costs.* Pursuant to the provisions of Article 64 of the contract of September 21, 1927, as amended, between the United States and American Falls Reservoir District No. 2, the construction charges payable on the above-described farm units and the lands in private ownership will be due in forty (40) annual installments and will be based on the cost of the works and rights to be provided by the United States under said contract. In accordance with the provisions of the contract of September 21, 1927, the first five of such annual construction installments are hereby established as one dollar ($1.00) per irrigable acre, for the irrigable acreage as shown on the above list of lands. In the case of public lands, the first of said annual construction installments shall be paid for the year 1949 by the selected homestead applicants to the Project Superintendent before the issuance of the certificate of eligibility by the Project Superintendent. Subsequent installments of $1.00 per irrigable acre shall be due and payable to the district on December 31 of each of the four succeeding years, beginning with 1950. The amounts of further installments will be governed by the determination of the Secretary of the Interior of the actual cost of the works and rights to be furnished to the district under the said contract of September 21, 1927, and by the announcement of the amount of said installments. In the event that an applicant fails to complete his or her homestead entry, any money paid to the United States on account of construction charges as herein specified will be refunded to such applicant. The owners of private land to which water will be delivered under this notice will be required to make the same construction payments as entrymen on public lands. The initial payment of $1.00 per irrigable acre shall be paid by such landowners to American Falls Reservoir District No. 2 before the commencement of water deliveries in the irrigation season of 1949. All payments of construction charges, except the initial payment of $1.00 per irrigable acre as specified herein, shall be due and payable to the district in accordance with the provisions of the said contract of September 21, 1927. The current estimate of construction costs for new lands of the Gooding Division of the Minidoka Project is about $115.00 per irrigable acre. Earlier estimates of construction costs for new lands of the Gooding Division of the Minidoka Project were about $90 per irrigable acre. Changes in the plans for the Gooding Division have reduced the estimated total construction costs for the entire division somewhat, but the decision to limit the total area of new lands to 20,300 acres instead of the original estimate of 36,000 acres, has resulted in an increase in the estimated per irrigable acre construction cost.

(2) *Operation and maintenance charges.* Under the contract of September 21, 1927, as amended, American Falls Reservoir District No. 2 is obligated to pay the costs of the operation and maintenance of the reserved works and of the distribution of stored water therefrom by the United States, and the operation and maintenance of the canal and lateral system which serves the lands described in this notice. The district assessments against the lands described in this notice will eventually include all of these operation and maintenance costs, but for a period ending with the year 1952 these lands will be relieved of a part of this obligation. It is anticipated that the contract of September 21, 1927, will be amended further. If it is so amended, Article 47 of the contract, as amended, will require the United States to maintain the canal and lateral system which serves the lands described in this notice until such time as complete responsibility for operation and maintenance shall be transferred to American Falls Reservoir District No. 2. Pending such transfer and thereafter the district will make water deliveries. Operation and maintenance levies or charges against the lands described in this notice will be made by the district while the United States continues to maintain the canal and lateral system, whether water is used or not, and will be in the same amount that is charged to other district lands. Beginning with the year when the lateral system is turned over to the District for operation and maintenance and continuing through the year 1952, the district will be entitled under said contract, as amended, to collect an operation and maintenance charge not to exceed one dollar ($1.00) per irrigable acre whether water is used or not. Beginning with the irrigation season of 1953, these charges will be increased to the amount paid by other lands in the district which have a full water right from the Snake River. If the contract is not amended as anticipated, notice will be given of the operation and maintenance charges which must be paid.

SEC. 25. *Reservation of rights-of-way for public roads.* Rights-of-way are reserved for County, State, and Federal highways and access roads to the farm units shown on said plats along section lines and other lines shown in red on the farm plats.

SEC. 26. *Reservation of rights-of-way for publicly-owned utilities.* Rights-of-way are reserved for government-owned telephone, electric transmission, water and sewer lines, and water treating and pumping plants, as now constructed, and the Secretary of the Interior reserves the right to locate such other government-owned facilities over and across the farm units above described as hereafter, in his opinion, may be necessary for the proper construction, operation, and maintenance of the said project.

SEC. 27. *Reservation of rights to buildings and other property and their use and disposal.* All right, title and interest in certain buildings, wells and related equipment, sewer systems, power lines, roadways, and other property of the United States, located on certain farm units described in this notice as farm units A and C of Section 32; D, E, and F of Section 33, and F of Section 34, all in Township 8 South, Range 19 East, Boise Meridian; farm unit D of Section 3 in Township 9 South, Range 19 East, Boise Meridian, are reserved to the United States, together with the right to hold, use, dismantle or remove the same and rights of ingress and egress to accomplish these purposes, for a period of nine months from the date on which the public drawing is held.

SEC. 28. *Waiver of mineral rights.* All homestead entries for the above-described farm units will be subject to the laws of the United States governing mineral land, and all homestead applicants under this notice must waive the right to the mineral content of the land, if required to do so by the Bureau of Land Management; otherwise, the homestead applications will be rejected or the homestead entry or entries cancelled.

SEC. 29. *Effect of cancellation of entry by relinquishment.* In the event that any entry of public land made hereunder is cancelled by relinquishment at any time prior to full compliance with the homestead laws, the lands in the entry so relinquished shall become available to entry by the next numbered qualified applicant who will be treated as a standing applicant therefor under this notice. Such applicant shall be required to furnish such additional information as may be necessary to satisfy the board that he is still qualified under the terms of this notice.

SEC. 30. *Federal assistance in land development.* The Bureau of Reclamation, as an incident to the completion of the project, will assist entrymen, in appropriate cases and on a reimbursable basis, in the development of farm units, which assistance will include clearing and rough leveling the land, roughing in of farm irrigation and surface drainage systems beyond the farm turnouts.

MARTIN G. WHITE,
Acting Assistant Secretary of the Interior.

DEPARTMENT OF COMMERCE

Office of Industry Cooperation

VOLUNTARY PLAN UNDER PUBLIC LAW 395, 80TH CONGRESS, FOR ALLOCATION OF STEEL PRODUCTS FOR OIL TANKERS

The Secretary of Commerce, pursuant to the authority vested in him by Public Law 395, 80th Congress, and Executive Order 9919 (after consultation with representatives of the steel producing industry and of the Department of the Interior, the U. S. Maritime Commission, and the National Military Establishment, and after expression of the views of industry, labor and the public generally at an open public hearing held on August 31, 1948), has determined that the following plan of voluntary action is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395:

1. *What this plan does.* This plan is in furtherance of a proposed program for the construction and repair of tankers for oil transportation. It sets up the procedure under which steel producers (hereinafter called producers) agree voluntarily to make steel products available to builders and repairers of tankers who comply with the provisions of this plan (hereinafter called participating builders), for use in the construction or repair of tankers for the transportation of crude or refined petroleum products (hereinafter called oil tankers). This does not include provision for construction or repair of related yard, way, or dock facilities.

2. *Agreement by steel producers.* Beginning with the month of October 1948 and continuing during the period this plan remains in effect, producers will make available, out of their own production or that of their producing subsidiaries or affiliates, to participating builders a total of 40,380 net tons of steel products per month, distributed by types approximately as follows:

Type:	Net tons per month
Plates over ¾"	29,235
Plates ⅜" and less	3,340
Shapes	6,000
Hot rolled bars	400
Sheets	165
Pipe	1,190
Total net tons per month	40,380

3. *Determination of quantities to be furnished by respective producers.* Unless otherwise specified in its acceptance of this plan, the quantities to be made available by each producer, as its commitment under this plan, will be such as the Secretary of Commerce, after consulting the Steel Task Committee of the Office of Industry Cooperation of the Department of Commerce, determines to be fair and equitable. Each producer will, from time to time, however, upon request of the Secretary of Commerce, give consideration to making additional quantities available. Producers will take credit against their commitments under this plan only for quantities delivered to participating builders on orders certified in accordance with paragraph 9 below.

4. *Contractual arrangements.* Such products will be made available under such contractual arrangements as may be made by the respective producers, or their producing subsidiaries and affiliates, with the respective participating builders. No request or authorization will be made by the Department of Commerce relating to the allocation of orders or customers, the delivery of products, the allocation of business among participating builders, or any limitation or restriction on the production or marketing of any products. This plan does not authorize nor approve any fixing of prices, and participation in this plan does not affect the prices or terms and conditions on which any product is actually sold and delivered.

5. *Limitations as to types, sizes and quantities.* A producer need make available under this plan only those products which are within the type and size limitations of the mill or mills which it may select for the fulfillment of its commitment under this plan. The quantities which it may have undertaken to make available in any month may be reduced, or at its option their delivery may be postponed, in direct proportion to any production losses during the month due to causes beyond its control.

6. *Reports from steel producers.* Each producer will, if requested by the Office of Industry Cooperation of the Department of Commerce (subject to approval of the Bureau of the Budget under the Federal Reports Act of 1942), submit to that Office periodic reports of the total quantities, by types, of products shipped, and accepted for shipment, under the plan.

7. *Reports from participating builders.* Each participating builder will submit to the Secretary of Commerce monthly schedules and reports (subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942) on forms furnished by the Secretary of Commerce, showing the following, by plants: (1) The quantities and types of oil tankers for which construction or repair work is scheduled for the coming month; (2) the quantities of each type on which construction or repair work was performed during the month preceding the report; (3) the net tonnage of each size and kind of steel products this plan will require for construction and repair work scheduled for the coming month; (4) the total quantities and kinds of such products received from all sources during the month preceding the report; and (5) other relevant information. After receiving such schedules and reports, the Secretary of Commerce will relate the estimated requirements to the over-all program and determine the quantities of products to be made available under this plan to each individual participating builder.

8. *Obligations of participating builders.* By participation in this plan, each participating builder shall be obligated as follows: to use all products obtained under this plan solely for and in the construction or repair of oil tankers; not to resell or transfer any products so obtained under this plan in the form received by the participating builder, except to such subsidiary, affiliate, subcontractor or fabricator as may be designated for the manufacture or fabrication of any products needed for such construction or repair; and not to build up, beyond current needs, any inventories of products obtained, or end products manufactured, under this plan. If a participating builder becomes unable to use, for the purposes of this plan, any products obtained under the plan, he shall be further obligated to hold them subject to such other use or disposition (including re-allocation to other consumers or return to the producer from whom purchased) as shall be authorized by the Office of Industry Cooperation of the Department of Commerce.

9. *Procedure for placing orders under this plan.* Purchase orders under this plan are to be placed with participating producers, or their producing subsidiaries or affiliates. Each such purchase order shall bear the following certification by the participating builder:

The undersigned certifies to the seller and to the Department of Commerce that the products specified in this order will be used solely for and in the construction or repair of oil tankers, and that this order is placed under, and in strict compliance with, Department of Commerce Voluntary Plan, under Public Law 395, 80th Congress, for Allocation of Steel Products for Oil Tankers, with which the undersigned is familiar and in which the undersigned is a participant.

10. *Procedure for, and effect of, becoming a participant.* After approval of this plan by the Attorney General and by the Secretary of Commerce, and after requests for compliance with it have been made of steel producers and builders and repairers of oil tankers by the Secretary of Commerce, any such producer, builder or repairer may become a participant in this plan by advising the Secretary of Commerce, in writing, of its acceptance of such request. Such requests for compliance will be effective for the purpose of granting certain immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in section 2 (c) of Public Law 395, only with respect to such producers, builders and repairers as notify the Secretary of Commerce in writing that they will comply with such requests.

11. *Effective date and duration.* This plan shall become effective upon the date of its final approval by the Secretary of Commerce and, shall cease to be effective at the close of business on February 28, 1949, or on such earlier date as may be determined by the Secretary of Commerce, upon not less than 60 days notice by letter, telegram, or publication in the FEDERAL REGISTER.

12. *Withdrawal from plan.* Any producer or participating builder may withdraw from this plan by giving not less than 60 days written notice to the Secretary of Commerce.

13. *Clarifying interpretations.* Any interpretation issued by the Secretary of Commerce (after consultation with the Attorney General), in writing, to clarify the meaning of any terms or provisions in this plan shall be binding upon all participants notified of such interpretation.

Approved: September 21, 1948.

CHARLES SAWYER,
Secretary of Commerce.

Approved: September 17, 1948.

TOM C. CLARK,
Attorney General.

SEPTEMBER 21, 1948.

GENTLEMEN: A Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Products for Oil Tankers, has been approved by the Attorney General. Acting by delegation from the President under Executive Order 9919, I have determined that the Plan is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395, and have approved the Plan. A copy of the Plan is enclosed.

In accordance with the provision of paragraph 2 of the Plan, an initial determination has been made by me with respect to the monthly quantities of each type of steel product which should be made available by each steel producer who is expected to become a participant in the Plan.

By virtue of the terms of Public Law 395 and Executive Order 9919, I hereby request compliance by you with the Plan. For your

convenience I am enclosing a suggested form for your use in evidencing your acceptance of this request for compliance by you with the Plan. The enclosed form specifies the monthly quantities of each type of steel product which it has been initially determined by me with the advice of the Industry Task Committee, in accordance with paragraph 2 of the Plan, should be made available by you during the period this Plan shall remain in effect.

Similar requests are being directed to all other steel producers who are expected to become participants in the Plan.

This request will not be effective for the purpose of granting immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in section 2 (c) of Public Law 395, unless you promptly agree in writing to comply with the Plan.

I trust that your favorable response to this request will be promptly communicated to me.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

SEPTEMBER 21, 1948.

A Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Products for Oil Tanker Builders and Repairers has been approved by the Attorney General. Acting by delegation from the President under Executive Order 9919, I have determined that the Plan is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395, and have approved the Plan. A copy of the Plan is enclosed.

By virtue of the terms of Public Law 395 and Executive Order 9919, I hereby request compliance by you with the Plan. For your convenience, I am enclosing a suggested form for your use in evidencing your acceptance of this request for compliance by you with the Plan.

Similar requests are being sent to other members of your industry.

This request will not be effective for the purpose of granting immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in section 2 (c) of Public Law 395, 80th Congress, unless you agree in writing to comply with the Plan.

In accordance with paragraph 3 (a) of the Plan, the Secretary of Commerce will determine your allocation of steel products under the Plan.

It is essential, in carrying out the proposed Plan, that I know as promptly as possible how many oil tanker builders and repairers desire to participate in the Plan. I trust, therefore, that I may receive your favorable response on or before September 25, 1948. If I do not receive your acceptance by that date, I shall assume that you do not wish to participate.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

NOTE: The above requests for compliance with Department of Commerce Voluntary Plan for Allocation of Steel Products for Oil Tankers was sent to steel companies and oil tanker builders and repairers listed on attachments filed with the original document.

VOLUNTARY PLAN UNDER PUBLIC LAW 395, 80TH CONGRESS FOR ALLOCATION OF STEEL PRODUCTS FOR REQUIREMENTS OF THE NATIONAL ADVISORY COMMITTEE FOR AERONAUTICS

The Secretary of Commerce, pursuant to the authority vested in him by Public Law 395, 80th Congress, and Executive Order 9919 (after consultation with representatives of the steel producing industry and of the National Advisory Committee for Aeronautics, a statutory governmental aeronautical research agency, and after giving opportunity for the expression of the views of industry, labor and the public generally at an open public hearing held on August 31, 1948), has determined that the following plan of voluntary action is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395:

1. *What this plan does.* This plan sets up the procedure under which steel producers participating in this plan (hereinafter called Producers) agree voluntarily to make steel products available for the construction, repair, maintenance, and operation of aeronautical research facilities of the National Advisory Committee for Aeronautics (hereinafter called the NACA), such products to be made available either directly to the NACA or to persons who need them to fill contracts for the NACA and who comply with the provisions of this plan. Such persons (hereinafter collectively called participating NACA Contractors) include prime contractors for the NACA, their subcontractors, and steel fabricators supplying, or under contract to supply, steel products to such prime contractors or their subcontractors.

2. *Agreement by steel producers.* Beginning with the month of October 1948 and continuing during the period this plan remains in effect, producers will, out of their own production or that of their producing subsidiaries or affiliates, make available to the NACA and to participating NACA Contractors a total of 1,926 net tons of steel products per month, distributed by types approximately as follows:

Type:	Net tons per month
Hot rolled bars	10
Reinforcing bars	530
Structural shapes	600
Plates	575
Sheets	88
Rails	11
Seamless pipe and tubing	80
Rigid conduit	34
Total net tons per month	1,926

3. *Determination of quantities to be furnished by respective producers.* Unless otherwise specified in its acceptance of this plan, the quantities to be made available by each producer, as its commitment under this plan, will be such as the Secretary of Commerce, after consulting the Steel Task Committee of the Office of Industry Cooperation of the Department of Commerce, determines to be fair and equitable. Each producer will from time to time, however, upon request of the Secretary of Commerce, give consideration to making additional quantities available. Producers will take credit against their commitments under this plan only for deliveries to the NACA and to participating NACA Contractors on orders certified in accordance with paragraph 9 below.

4. *Contractual arrangements.* Such products will be made available under such contractual arrangements as may be made by the respective producers, or their producing subsidiaries and affiliates, with the NACA and the respective participating NACA Contractors. No request or authorization will be made by the Department of Commerce relating to the allocation of orders or customers, the delivery of products, the allocation of business among participating NACA Contractors, or any limitation or restriction on the production or marketing of any products. This plan does not authorize nor approve any fixing of prices, and participation in this plan does not affect the prices or terms and conditions on which any product is actually sold and delivered.

5. *Limitations as to types, sizes and quantities.* A producer need make available under this plan only those products which are within the type and size limitations of the mill or mills which it may select for the fulfillment of its commitment under this plan. The quantities which it may have undertaken to make available in any month may be reduced, or at its option their delivery may be postponed, in direct proportion to any production losses during the month due to causes beyond its control.

6. *Reports from steel producers.* Each producer will, if requested by the Office of Industry Cooperation of the Department of Commerce (subject to approval of the Bureau of the Budget under the Federal Reports Act of 1942), submit to that Office periodic reports of the total quantities, by types, of products shipped, and accepted for shipment, under this plan.

7. *Reports from participating NACA contractors.* The Office of Industry Cooperation of the Department of Commerce (subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942) may require any participating NACA Contractor to furnish reports with respect to steel products on hand and under arrangements, or any other information pertinent to any orders placed under this plan.

8. *Obligations of participating NACA contractors.* By participation in this plan, each participating NACA contractor shall be obligated as follows: to use all products obtained under this plan solely for filling contracts with or for the NACA; not to resell or transfer any such products in the form received by the participating NACA contractor, except to such subsidiary, affiliate, subcontractor or fabricator as may be designated for the manufacture or fabrication of products needed for delivery to the NACA or for incorporation into products for delivery to the NACA; and not to build up, beyond current needs, any inventories of products obtained or end products manufactured, under this plan. If a participating NACA contractor becomes unable to use, for the purposes of this plan, any products obtained under the plan, he shall be further obligated to hold them subject to such other use or disposition (including re-allocation to other consumers or return to the producer from whom purchased) as shall be authorized by the Office of Industry Cooperation of the Department of Commerce.

9. *Procedure for placing orders under this plan.* Purchase orders placed under this plan for steel products are to be placed with participating producers or their producing subsidiaries or affiliates. Each purchase order or contract placed by the NACA, with producers or with participating NACA Contractors, under this plan will be specifically identified as being so placed. Each purchase order placed by a participating NACA Contractor under this plan shall be placed in accordance with instructions issued by the NACA, after consultation with the Office of Industry Cooperation of the Department of Commerce, and shall bear the following certification by the participating NACA Contractor:

The undersigned certifies to the seller and to the Department of Commerce that the products specified in this order will be used solely to fill the undersigned's requirements under NACA Contract No. -------- [insert number of contract], which has been designated by the NACA as having been placed under Department of Commerce Voluntary Plan under Public Law 395, 80th Congress, for Allocation of Steel Products for Requirements of the NACA, with which Plan the undersigned is familiar.

10. *Procedure for, and effect of, becoming a participant.* After approval of this plan by the Attorney General and by the Secretary of Commerce, and after requests for compliance with it have been made of steel producers by the Secretary of Commerce, any such steel producer may become a participant in this plan by advising the Secretary of Commerce, in writing, of its acceptance of such request. Such requests for compliance will be effective for the purpose of granting certain immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in section 2 (c) of Public Law 395, only with respect to such producers as notify the Secretary of Commerce in writing that they will comply with such requests.

11. *Effective date and duration.* This plan shall become effective upon the date of its final approval by the Secretary of Commerce and shall cease to be effective at the close of business on February 28, 1949, or on such earlier date as may be determined by the Secretary of Commerce, upon not less than 60 days notice by letter, telegram, or publication in the FEDERAL REGISTER.

12. *Withdrawal from plan.* Any producer may withdraw from this plan by giving not less than 60 days written notice to the Secretary of Commerce.

13. *Clarifying interpretations.* Any interpretation issued by the Secretary of Commerce (after consultation with the Attorney General), in writing, to clarify the meaning of any terms or provisions in this plan, shall be binding upon all participants notified of such interpretation.

Dr. JEROME C. HUNSAKER, *Chairman,*
National Advisory Committee for Aeronautics,
1724 F Street NW., Washington, D. C.

DEAR MR. HUNSAKER: Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Products for Requirements of the National Advisory Committee for Aeronautics, has been approved by the Attorney General. Acting by delegation from the President under Executive Order 9919, I have determined that the Plan is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395, and have approved the Plan. A copy of the Plan is enclosed.

I have requested the principal steel producers to comply with the Plan and expect to receive their acceptances in due course.

I am confident that, with the cooperation of the steel producers in carrying out their part of the Plan together with the cooperation of your Committee in carrying out its part of the program, the Plan will be of substantial benefit in meeting the requirements of your Committee.

If at any time you should have any suggestions as to ways in which the Plan or operations under it could be improved, please let me know.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

SEPTEMBER 21, 1948.

GENTLEMEN: A Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Products for the requirements of the National Advisory Committee for Aeronautics, has been approved by the Attorney General. Acting by delegation from the President under Executive Order 9919, I have determined that the Plan is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395, and have approved the Plan. A copy of the Plan is enclosed.

In accordance with the provision of paragraph 2 of the Plan, an initial determination had been made by me with respect to the monthly quantities of each type of steel product which should be made available by each steel producer who is expected to become a participant in the Plan.

By virtue of the terms of Public Law 395 and Executive Order 9919, I hereby request compliance by you with the Plan. For your convenience I am enclosing a suggested form for your use in evidencing your acceptance of this request for compliance by you with the Plan. The enclosed form specifies the monthly quantities of each type of steel product which it has been initially determined by me with the advice of the Industry Task Committee, in accordance with paragraph 2 of the Plan, should be made available by you during the period this Plan shall remain in effect.

Similar requests are being directed to all other steel producers who are expected to become participants in the Plan.

This request will not be effective for the purpose of granting immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in section 2 (c) of Public Law 395, unless you promptly agree in writing to comply with the Plan.

I trust that your favorable response to this request will be promptly communicated to me.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

NOTE: The above request for compliance with Department of Commerce Voluntary Plan for Allocation of Steel Products for requirements of the National Advisory Committee for Aeronautics was sent to steel companies listed in an attachment filed with the original document.

FEDERAL POWER COMMISSION

[Docket No. G-1102]

COLORADO-WYOMING GAS CO.

ORDER FIXING DATE OF HEARING

SEPTEMBER 30, 1948.

Upon consideration of the application filed August 16, 1948, and supplementary data filed September 7, 1948, by Colorado-Wyoming Gas Company (Applicant), a Delaware corporation with its principal office in Denver, Colorado, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas facilities, subject to the jurisdiction of the Commission, as fully described in such application on file with the Commission and open to public inspection;

It appears to the Commission that:

This proceeding is a proper one for disposition under the provisions of § 1.32 (b) of the Commission's rules of practice and procedure, Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on September 8, 1948 (13 F. R. 5219).

The Commission, therefore, orders that:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on October 12, 1948, at 9:45 a. m. (e. s. t.) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue, N. W., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the said rules of practice and procedure.

Date of issuance: October 1, 1948.

By the Commission.

[Docket No. G–1131]

NORTHERN NATURAL GAS CO.

NOTICE OF APPLICATION

OCTOBER 1, 1948.

Notice is hereby given that on September 24, 1948, Northern Natural Gas Company (Applicant), a Delaware corporation having its principal office at Omaha, Nebraska, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing Applicant to construct and operate certain natural-gas facilities subject to the jurisdiction of the Commission, described as follows:

A measuring and regulating station, together with appurtenances thereto, to be located in the Southwest Quarter (SW¼) of Section 26, Township 28 North, Range 22 West, Dakota County, City of South Saint Paul, Minnesota, to serve Soil Builders, Inc., as a direct main line customer of Applicant.

Applicant states the service proposed is a direct main line industrial sale of natural gas for use at the sewage-sludge dehydration plant of Soil Builders, Inc., of South Saint Paul, Minnesota, on an interruptible basis, with an estimated maximum daily demand of 180 Mcf, of which for curtailment purposes 50 Mcf will be classified under Step 6, and remaining volumes will be classified under Step 1 of Paragraph (9) of Applicant's FPC Gas Schedules, Volume No. 2; that the 50 Mcf of Step 6 gas will be served within Applicant's authorized summer demand as defined in Paragraph (10) of Applicant's FPC Gas Schedules, Volume No. 2. Annual Sales are estimated at 17,900 Mcf.

The estimated over-all capital cost of the proposed facilities will be $1,300.00, which will be financed out of Applicant's general funds.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of § 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request. The application of Northern Natural Gas Company is on file with the Commission and is open to public inspection.

Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of §§ 1.8 and 1.10, whichever is applicable, of the Commission's rules of practice and procedure (as amended on June 16, 1947)

SECURITIES AND EXCHANGE COMMISSION

[File Nos. 54–54, 59–50, 70–559]

NORTHERN STATES POWER CO. (DEL.) ET AL.

SECOND SUPPLEMENTAL OPINION AND ORDER GRANTING AND PERMITTING APPLICATION-DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 30th day of September A. D. 1948.

In the matter of Northern States Power Company (Delaware), File No. 54–54; Northern States Power Company (Minnesota), File No. 70–559; Northern States Power Company (Delaware) and each of its subsidiaries, File No. 59–50.

On January 30, 1948, we issued our supplemental findings, opinion and order in which we granted and permitted to become effective the application-declaration of Northern States Power Company, a Minnesota corporation ("The Minnesota Company") in the above styled matter. Said application-declaration was filed for the purpose of obtaining our approval of certain steps required to be taken by the Minnesota Company in connection with the liquidation and dissolution of its parent company, Northern States Power Company, a Delaware corporation ("The Delaware Company") pursuant to a section 11 (e) plan, which was approved by us in these consolidated proceedings: Among such steps so approved were the increase in the number of authorized common shares, without par value, of the Minnesota Company to 12,500,000 shares, the reclassification of the outstanding common stock of the Minnesota Company to increase the number of shares outstanding from 3,518,889 to 9,527,623 shares, and the allocation of such reclassified shares among the stockholders of the Delaware Company; also the increase in the voting power of the Minnesota Company's Cumulative Preferred Stock, $3.60 Series from one to three votes per share, to avoid any dilution of its present voting rights by reason of the increase in the number of common shares.

Since the issuance of our order aforesaid and prior to the effectuation of the approved plan for the liquidation and dissolution of the Delaware Company, the Minnesota Company has issued a new series of preferred stock, known as its Cumulative Preferred Stock, $4.80 Series, pursuant to our order of August 11, 1948, *In the Matter of Northern States Power Company (Minnesota)*, File No. 70–1860.

The Minnesota Company subsequently, on September 22, 1948, filed its Amendment No. 9 to its application-declaration, wherein it submitted the text of the formal amendments to its Articles of Incorporation for the purpose of effectuating the amendments proposed in its application-declaration which was granted and permitted to become effective by our order of January 30, 1948, including the increase of the authorized number of shares of its common stock, without par value, to 12,500,000 shares, the change and reclassification of its outstanding common shares from 3,518,889 shares to 9,527,623 shares, and provision for limited preemptive rights to the holders of its common stock and cumulative voting rights for all of its shareholders. Said Amendment No. 9 further proposes to increase the voting rights of its Cumulative Preferred Stock, $4.80 Series, issued in August, 1948 from one vote per share to three votes per share. Said increase in the voting power of Cumulative Preferred Stock, $4.80 Series, which was issued subsequent to our approval of the section 11 (e) plan of the Delaware Company, but prior to the adoption of the amendments to the Articles of Incorporation set forth in Amendment No. 9, was contemplated at the time of its issuance.

It therefore appears to the Commission that it is appropriate in the public interest and in the interest of investors and consumers to permit the aforesaid Amendment No. 9 to become effective. It should be understood, however, that we are not here passing upon or approving the voting or other provisions of any future series of preferred stock.

It is ordered, That Amendment No. 9 to said application-declaration, subject to the terms and conditions prescribed by Rule U-24, and subject to the various reservations of jurisdiction (to the extent now applicable) contained in the Commission's order of January 30, 1948, be and the same hereby is granted and permitted to become effective.

By the Commission.

INTERSTATE POWER CO.

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 30th day of September A. D. 1948.

Interstate Power Company ("Interstate"), a registered holding company, having filed with this Commission a declaration pursuant to the Public Utility Holding Company Act of 1935 and certain rules and regulations promulgated thereunder regarding the following transactions:

The issuance and sale by Interstate, pursuant to the competitive bidding requirements of Rule U-50, of $5,000,000 principal amount of First Mortgage Bonds due 1978; the use of the proceeds from the sale of said bonds for: (a) The repayment of presently outstanding indebtedness in the amount of $2,400,000; (b) the deposit of $376,000 with the trustee under the indenture securing Interstate's bonds, which cash is to be available for withdrawal by Interstate on the basis of property additions; and (c) the reimbursement of the treasury of Interstate for working capital, to discharge obligations for construction, and to pay balances due on property leased with an option to purchase;

Notice of the filing of this declaration having been duly given in the form and manner prescribed by Rule U-23, promulgated pursuant to the Act, and the Commission not having received a request for a hearing with respect thereto and not having ordered a hearing thereon;

The Commission finding with respect to this declaration that there is no basis for any adverse findings, deeming it appropriate in the public interest and in the interest of investors and consumers that said declaration be permitted to become effective;

It is hereby ordered, Pursuant to said Rule U-23, and the applicable provisions of the act, that this declaration be, and the same hereby is, permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24 and to the following terms and conditions:

1. That the proposed issuance and sale of the $5,000,000 aggregate amount of First Mortgage Bonds by Interstate shall not be consummated until the results of the competitive bidding held with respect thereto have been made a matter of record in this proceeding and a further order shall have been entered by this Commission in the light of the record so completed, which order shall contain such further terms and conditions, if any, as may then be deemed appropriate, jurisdiction being reserved for the imposition thereof in connection with the proposed transactions; and

2. That jurisdiction be reserved with respect to the payment of any and all fees and expenses incurred, or to be incurred, in connection with the consummation of the proposed transactions.

By the Commission.

NORTHERN STATES POWER CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 30th day of September 1948.

Northern States Power Company ("Northern States"), a Minnesota corporation, a registered holding company and an operating utility company and a subsidiary of Northern States Power Company, a Delaware corporation, also a registered holding company, having filed an application pursuant to sections 9 (a) and 10 of the Public Utility Holding Company Act of 1935, with respect to the following transaction:

Northern States proposes to acquire from the City of Grand Forks, North Dakota, for a cash consideration $18,000 the existing municipally owned overhead street lighting system of said city. Northern States supplies electric service within the city and has heretofore supplied to the city electric energy for the operation of said street lighting system. Upon acquisition, the company proposes to integrate said system with its existing distribution facilities and to enlarge and modernize said street lighting system in accordance with contractual agreements heretofore agreed upon with the city.

The application states that the estimated original cost of the properties, including materials and supplies, is $38,297, and that the estimated depreciation on a straight line basis is $20,158. The company proposes to use these figures in recording the acquisition on its books, and to credit the small electric plant acquisition adjustment of $139 to its reserve for depreciation of electric plant. No fees or commissions will be paid in connection with the transaction, and it is estimated that miscellaneous expenses will not exceed $500.

Such application having been duly filed, and notice of its filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect thereto within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

It appearing to the Commission that there is no state commission having jurisdiction over the proposed transaction, and that it is appropriate in the public interest and in the interests of investors and consumers to grant applicant's request to consummate without delay the proposed transaction;

It is therefore ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed by Rule U-24, that the application be and the same hereby is granted, and that the proposed transaction may be consummated forthwith.

By the Commission.

PART 30—FOREIGN TRADE STATISTICS

PRO FORMA DECLARATIONS REINSTATED FOR DELAYED FILING OF EXPORT DECLARATIONS FOR SHIPMENTS BY RAIL TO CANADA

Pursuant to section 4 of the Administrative Procedure Act, approved June 11, 1946 (Public Law 404, 79th Cong., 2d Sess.), the Foreign Commerce Statistical Decision indicated below is of such a nature that preliminary notice and hearing are deemed unnecessary. This decision is therefore made effective immediately:

1. Section 30.33a (b) is amended to read as follows:

§ 30.33a *Declarations for exports by railways, ferryboats, and vehicles.* * * *

(b) The collector shall not permit any car or other vehicle laden with merchandise intended for exportation to any foreign country to depart from the United States until a declaration specifying the kinds, quantities, and values of the merchandise has been delivered to him by the shipper or his agent. However, if declarations for rail shipments to Canada are not delivered to the Collector of Customs prior to departure of such shipments from the United States, immediate exportation may be permitted upon the filing of pro forma declaration therefor and the execution of a bond on Customs Form 7303 to produce the missing declarations not later than 15 calendar days after the date of exportation.

2. Section 30.38 (b) is amended to read as follows:

§ 30.38 *Car manifests; Shipper's Export Declarations.* * * *

(b) Under provisions of the act of March 3, 1893, no railway car containing commodities for export will be permitted to leave the United States until the car manifest and Shipper's Export Declarations have been delivered to the Collector of Customs; but if any declarations are missing for rail shipments to Canada, immediate exportation may be permitted upon the filing of pro forma declarations therefor and the execution of a bond on Customs Form 7303 to produce the missing declarations no later than 15 calendar days after the date of exportation.

3. Section 30.40 is amended to read as follows:

§ 30.40 *Penalty for failure to file Shipper's Export Declarations for exports by rail.* The agent or employee of any railway or transportation company who shall transport any commodities into a foreign country by rail before delivering to the Collectors of Customs the Shipper's Export Declarations covering the commodities transported as required by law shall be liable to a penalty of $50 for each offense. Such liability shall not apply in those cases where pro forma declarations have been filed and a bond executed on Customs Form 7303 to produce the missing declarations not later than the 15th calendar day after the date of exportation.

(R. S. 161, 335, 336, 337, sec. 1, 18 Stat. 352, sec. 1, 27 Stat. 197, 32 Stat. 172, sec. 4, 5, 32 Stat. 826, 827, sec. 7, 44 Stat. 572, sec. 1, 52 Stat. 8; 5 U. S. C. 22, 601, 15 U. S. C. 173, 174, 175, 176, 176a, 177, 178, 46 U. S. C. 95, 49 U. S. C. 177 (c))

This decision is effective immediately.

Establishments (§§ 825.81 to 825.92) is amended in the following respects:

1. Schedule A, item 80a, is amended to describe the counties in the Defense-Rental Area as follows: "Ada County, and in Elmore County the Cities of Mountain Home and Glenns Ferry."

2. Schedule A, item 367, is amended to describe the counties in the Defense-Rental Area as follows: "In Door County the City of Sturgeon Bay."

(Sec. 204 (c), Pub. Law 129, 80th Cong., as amended by Pub. Laws 422, 464, 80th Cong.; 50 U. S. C. App. Sup. 1894 (c))

This amendment shall become effective October 8, 1948.

Issued this 5th day of October 1948.

J. WALTER WHITE,
Acting Housing Expediter.

Statement of Reasons for Amendment 42 to the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments

It is the judgment of the Housing Expediter that the need for continuing maximum rents in that portion of Elmore County, State of Idaho, Boise Defense-Rental Area, which is outside the Cities of Mountain Home and Glenns Ferry, no longer exists due to the fact that the demand for rental housing accommodations has been reasonably met.

It is likewise the judgment of the Housing Expediter that the need for continuing maximum rents in that portion of Door County, State of Wisconsin, Sturgeon Bay Defense-Rental Area, which is outside the City of Sturgeon Bay, no longer exists due to the fact that the demand for rental housing has been reasonably met.

This amendment is therefore being issued to decontrol said portions of said counties in accordance with section 204 (c) of the Housing and Rent Act of 1947, as amended.

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

CONTROLLED HOUSING RENT REGULATION

The Controlled Housing Rent Regulation (§§ 825.1 to 825.12) is amended in the following respects:

1. Schedule A, Item 80a, is amended to describe the counties in the Defense-Rental Area as follows: "Ada County, and in Elmore County the Cities of Mountain Home and Glenns Ferry."

2. Schedule A, Item 367, is amended to describe the counties in the Defense-Rental Area as follows: "In Door County the City of Sturgeon Bay."

(Sec. 204 (c), Pub. Law 129 as amended by Pub. Laws 422, 464, 80th Cong.; 50 U. S. C. App. Sup. 1894 (c))

This amendment shall become effective October 8, 1948.

Issued this 5th day of October 1948.

J. WALTER WHITE,
Acting Housing Expediter.

Statement To Accompany Amendment 42 to the Controlled Housing Rent Regulation

It is the judgment of the Housing Expediter that the need for continuing maximum rents in that portion of Elmore County, State of Idaho, Boise Defense-Rental Area, which is outside the Cities of Mountain Home and Glenns Ferry, no longer exists due to the fact that the demand for rental housing accommodations has been reasonably met.

It is likewise the judgment of the Housing Expediter that the need for continuing maximum rents in that portion of Door County, State of Wisconsin, Sturgeon Bay Defense-Rental Area, which is outside the City of Sturgeon Bay, no longer exists due to the fact that the demand for rental housing has been reasonably met.

This amendment is therefore being issued to decontrol said portions of said counties in accordance with section 204 (c) of the Housing and Rent Act of 1947, as amended.

[T. D. 5657]

PART 19—INCOME TAX UNDER THE INTERNAL REVENUE CODE; TAXABLE YEARS ENDING DECEMBER 31, 1941

PART 29—INCOME TAX; TAXABLE YEARS BEGINNING AFTER DECEMBER 31, 1941

TIME FOR CLAIMING REFUND WITH RESPECT TO WAR LOSSES

In order to conform Regulations 103 (26 CFR, Part 19) and Regulations 111 (26 CFR, Part 29) to Public Law 828, 80th Congress, approved June 29, 1948, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately preceding § 19.322–1, Regulations 103, and immediately preceding § 29.322–1, Regulations 111, the following:

PUBLIC LAW 828 (80TH CONGRESS), APPROVED JUNE 29, 1948

EXTENSION OF TIME FOR CLAIMING CREDIT OR REFUND WITH RESPECT TO WAR LOSSES

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That if a claim for credit or refund under the internal-revenue laws relates to an overpayment on account of the deductibility by the taxpayer of a loss in respect of property considered destroyed or seized under section 127 (a) of the Internal Revenue Code, relating to war losses, for a taxable year beginning in 1941 or 1942, the three-year period of limitation prescribed in section 322 (b) (1) of the Internal Revenue Code shall in no event expire prior to December 31, 1949. In the case of such a claim filed on or before December 31, 1949, the amount of the credit or refund may exceed the portion of the tax paid within the period provided in section 322 (b) (2) or (3) of the Internal Revenue Code, whichever is applicable, to the extent of the amount of the overpayment attributable to the deductibility of the loss described in this section.

PAR. 2. Section 19.322–7, Regulations 103, as amended by Treasury Decision 5645, approved July 20, 1948, and § 29.322–7, Regulations 111, as amended by said Treasury Decision 5645, are further amended by striking out in the last sentence of paragraph (a) of each such section the following: "Public Law 356 (80th Congress), approved August 4, 1947, extending to December 31, 1948," and by inserting in lieu thereof the following: "Public Law 828 (80th Congress), approved June 29, 1948, extending to December 31, 1949,".

(53 Stat. 32; 26 U. S. C. 62)

Because the amendments made by this Treasury decision merely change the date, from that specified by prior law to that now specified by Public Law 828 (80th Congress), approved June 29, 1948, on which the extension of time for filing certain claims for credit or refund with respect to war losses expires, it is hereby found that it is unnecessary to issue this Treasury decision with notice of public procedure thereon under section 4 (a) of the Administrative Procedure Act, ap-

proved June 11, 1946, or subject to the effective date limitation of section 4 (c) of said act.

Subchapter B—Estate and Gift Taxes

[T. D. 5658]

PART 81—REGULATIONS RELATING TO ESTATE TAX

POWERS OF APPOINTMENT

In order to conform Regulations 105 (26 CFR, Part 81) to sections 1 and 2 of Public Law 635 (80th Congress, 2d Sess.), approved June 12, 1948, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately following Public Law 112 (80th Congress, 1st Sess.), which was inserted in such regulations by Treasury Decision 5577, approved September 30, 1947, and before section 302 (f) of the Revenue Act of 1926 (as originally enacted) as set forth preceding § 81.24, the following:

PUBLIC LAW 635 (80TH CONGRESS, 2D SESSION), APPROVED JUNE 12, 1948

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That section 403 (d) (3) of the Revenue Act of 1942 (relating to the release of certain powers of appointment) is hereby amended by striking out "July 1, 1948" wherever it appears and inserting in lieu thereof "July 1, 1949" • • •.

SEC. 2. For the purposes of sections 403 • • • of the Revenue Act of 1942, a power to appoint created by a will executed on or before October 21, 1942, shall be considered a power created on or before such date if the person executing such will dies before July 1, 1949, without having republished such will, by codicil or otherwise, after October 21, 1942.

PAR. 2. Section 81.24 (b), added by Treasury Decision 5239, approved March 10, 1943, as amended by Treasury Decision 5577, approved September 30, 1947, is further amended as follows:

(A) By striking out "June 30, 1948", wherever it appears and inserting thereof "June 30, 1949".

(B) By striking from the first sentence of subparagraph (3) "(as amended by Public Law 112 (80th Congress), approved June 25, 1947)" and inserting in lieu thereof the following: "(as amended by Public Law 635 (80th Congress), approved June 12, 1948)".

(C) By striking out "July 1, 1948" wherever it appears and inserting in lieu thereof "July 1, 1949".

(D) By inserting in paragraph (b) (3) immediately preceding the second paragraph beginning with the words "In the case of a power created on or before October 21, 1942" the following:

Section 2 of Public Law 635, approved June 12, 1948, provides that for the purpose of section 403 of the Revenue Act of 1942, a power to appoint created by a will executed on or before October 21, 1942, shall be considered a power created on or before such date if the person executing such will dies before July 1, 1949, without having republished such will, by codicil or otherwise, after October 21, 1942. This provision applies as if made effective by section 403 of the Revenue Act of 1942, and the application of the tax with respect to a power to appoint so created is therefore subject to the exceptions stated in section 403 (d) of such act.

Because the purpose of this Treasury decision is merely to conform the regulations to the provisions of sections 1 and 2 of Public Law 635 (80th Congress, 2d Session), which afford relief to persons possessed of powers of appointment created on or before October 21, 1942 (including powers created by a will executed on or before such date and not republished thereafter), it is found that it is unnecessary to issue this Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946 or subject to the effective date limitation of section 4 (c) of said act.

This Treasury decision shall be effective upon its filing for publication in the FEDERAL REGISTER.

PART 86—GIFT TAX UNDER CHAPTER 4 OF THE INTERNAL REVENUE CODE, AS AMENDED

POWERS OF APPOINTMENT

In order to conform Regulations 108 (26 CFR, Part 86) to sections 1 and 2 of Public Law 635 (80th Congress, 2d Sess.), approved June 12, 1948, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately following Public Law 112 (80th Congress, 1st Sess.), which was inserted by Treasury Decision 5606, approved March 4, 1948, and immediately preceding § 86.1, the following:

PUBLIC LAW 635 (80TH CONGRESS, 2D SESSION), APPROVED JUNE 12, 1948

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That • • • section 452 (c) of the Revenue Act of 1942 is hereby amended to read as follows:

"(c) *Release before July 1, 1949.* (1) A release of a power to appoint before July 1, 1949, shall not be deemed a transfer of property by the individual possessing such power.

"(2) This subsection shall apply to all calendar years prior to 1949 and to that part of the calendar year 1949 prior to July 1, 1949."

SEC. 2. For the purposes of sections • • • 452 of the Revenue Act of 1942, a power to appoint created by a will executed on or before October 21, 1942, shall be considered a power created on or before such date if the person executing such will dies before July 1, 1949, without having republished such will, by codicil or otherwise, after October 21, 1942.

PAR. 2. Section 86.1, as amended by Treasury Decision 5606, approved March 4, 1948, is further amended by striking from the second sentence "July 1, 1948" and inserting in lieu thereof "July 1, 1949".

Par. 3. Section 86.2 (b), as amended by Treasury Decision 5606, is further amended as follows:

(A) By striking out "July 1, 1948" wherever it appears and inserting in lieu thereof "July 1, 1949".

(B) By striking out "as amended by Public Law 112 (80th Congress), approved June 25, 1947" wherever it appears and inserting in lieu thereof the following: "as amended by Public Law 635 (80th Congress), approved June 12, 1948".

(C) By inserting immediately following the second sentence of the first paragraph thereof the following: "Section 2 of Public Law 635, approved June 12, 1948, provides that for the purpose of section 452 of the Revenue Act of 1942, a power to appoint created by a will executed on or before October 21, 1942, shall be considered a power created on or before such date if the person executing such will dies before July 1, 1949, without having republished such will, by codicil or otherwise, after October 21, 1942. This provision applies as if made effective by section 452 of the Revenue Act of 1942, and the application of the tax with respect to a power to appoint so created is therefore subject to the exceptions stated in section 452 (b) and (c) of such act."

Because the purpose of this Treasury decision is merely to conform the regulations to the provisions of sections 1 and 2 of Public Law 635 (80th Congress, 2d Sess.), which afford relief to persons possessed of powers of appointment created on or before October 21, 1942 (including powers created by a will executed on or before such date and not republished thereafter), it is found that it is unnecessary to issue this Treasury decision with notice and public procedure thereon under section 4 (a) of the Administrative Procedure Act, approved June 11, 1946 or subject to the effective date limitation of section 4 (c) of said act.

This Treasury decision shall be effective upon its filing for publication in the FEDERAL REGISTER.

TITLE 31—MONEY AND FINANCE: TREASURY

Chapter I—Monetary Offices, Department of the Treasury

[1948 Dept. Circ. No. 1]

PART 129—VALUES OF FOREIGN MONEYS

QUARTER BEGINNING OCT. 1, 1948

§ 129.11 *Calendar year 1948.* • • •

(d) *Quarter beginning October 1, 1948.* Pursuant to section 522, Title IV, of the Tariff Act of 1930, reenacting section 25 of the act of August 27, 1894, as amended, the following estimates by the Director of the Mint of the values of foreign monetary units are hereby proclaimed to be the values of such units in terms of the money of account of the United States that are to be followed in estimating the value of all foreign merchandise exported to the United States during the quarter beginning October 1, 1948, expressed in any such foreign monetary units: *Provided, however,* That if no such value has been proclaimed, or if the value so proclaimed varies by 5 per centum or more from a value measured by the buying rate in the New York market at noon on the day of exportation, conversion shall be made at a value measured by such buying rate as determined and certified by the Federal Reserve Bank of New York and published by the Secretary of the Treasury pursuant to the provisions of section 522, Title IV, of the Tariff Act of 1930.

The value of foreign monetary units, as shown below in terms of United States money, is the ratio between the legal gold content of the foreign unit and the legal gold content of the United States dollar. It should be noted that this value, with respect to most countries, varies widely from the present exchange rates. Countries not having a legally defined gold monetary unit, or those for which current information is not available, are omitted.

70.18 Misconduct.

AUTHORITY: §§ 70.1 to 70.18 issued under sec. 4 (b), Pub. Law 759, 80th Cong.

SUBPART A—PHYSICAL AND MENTAL

§ 70.1 *Physical profile serial determining for discharge.* No person, whether enlisted or inducted, will be discharged for medical reasons by any military department, during the life of the Selective Service Act, if his reclassified physical profile serial is at the minimum or higher than the minimum profile serial acceptable for induction under Army Regulations 40-115—"Physical standards and physical profiling for enlistment and induction". No list of specific injuries, diseases or other medical conditions will be established "as cause of discharge for physical disability" and the medical evaluation (physical profile serial) of the person's physical capacity will be determining for discharge in the same manner as for induction.

§ 70.2 *Policy governing discharge for medical reasons.* The following joint statement of policy will govern: to wit, an individual shall be discharged from

the Armed Services for medical reasons only:

(a) When in the judgment and opinion of competent medical personnel he has become functionally incapable of performing useful duty during the remainder of his services with due consideration given to whether his scaled-down physical profile serial is consistent with any assignment wherein he could perform useful work within the military department in which he is serving.

(b) Or when he has a medical condition of such nature that, in the opinion of competent medical personnel, to retain him for further active duty would aggravate such condition to the detriment of his future health and well-being.

(c) Or when his retention would, in the opinion of competent medical personnel, jeopardize the health or safety of his service associates.

SUBPART B—OTHER THAN PHYSICAL AND MENTAL

TYPES OF DISCHARGE

§ 70.3 *Honorable.* (a) An enlisted or an inducted person discharged for any one of the following reasons may be entitled to an Honorable Discharge:

(1) Expiration of enlistment,
(2) Convenience of the government,
(3) Dependency-hardship,
(4) Minority,
(5) Disability, provided he has rendered excellent service and further fulfills certain other conditions herein stated. Excellent service is defined as proficient in rating or grade, industrious and possessing a good conduct record.

(b) In determining excellent service the following criteria will be used:

(1) Army and Air Force—all character ratings as a soldier of at least "very good" and all efficiency ratings as a soldier of at least "excellent";

(2) Navy—a minimum final average of 2.75 in proficiency and 3.25 in conduct;

(3) Marine Corps—a minimum final average of 3.44 in proficiency and 4.0 in conduct;

(4) Coast Guard—same as Navy.

(c) In addition to the foregoing requirement, ordinarily, an Honorable Discharge will not be issued an individual, by any of the Armed Services, if the person concerned has been convicted of an offense by General Court-Martial or has been convicted by more than one Summary Court-Martial (Navy, Marine Corps and Coast Guard) or Special Court Martial (Army and Air Force) in his current enlistment, period of induction or any extensions thereof. However, regardless of an individual's previous record a man who has received a decoration or award of a Commendation ribbon or higher, including a life-saving medal, is entitled to an Honorable Discharge provided his record, subsequent to the act for which he was decorated, awarded, or commended would so entitle him. Also, an individual discharged as a result of a disability incurred in line of duty and resulting from action against an enemy, shall normally be given an Honorable Discharge regardless of his previous record.

§ 70.4 *General.* This type of discharge is a separation from the Service "under honorable conditions." It is given for the same reasons as an Honorable Discharge and is issued to an individual whose conduct and performance of duty have been satisfactory but not sufficiently deserving or meritorious to warrant an Honorable Discharge. It is also given for the additional reasons of inaptitude and unsuitability.

§ 70.5 *Undesirable.* This type of discharge is a separation from the Service under conditions other than honorable. It is given for the following reasons: (a) Unfitness, (b) misconduct.

§ 70.6 *Bad conduct.* This type of discharge is a separation from the Service under conditions other than honorable. Bad Conduct Discharges may be given only by approved sentences of General Courts-Martial or Summary Courts-Martial (Navy, Marine Corps and Coast Guard), or Special Courts-Martial (Army and Air Force) and are appropriate for offenses that warrant separation as included punishment but are not of a sufficiently grave nature to warrant dishonorable separation.

NOTE: For Army and Air Forces the issuance of the Bad Conduct Discharge will not become effective until February 1, 1949. (See Title II, sec. 244 of Public Law 759.)

§ 70.7 *Dishonorable.* This type of discharge by its own connotation denotes that it is a separation from the Service under dishonorable conditions. Dishonorable discharges may be given only by approved sentences of General Courts-Martial and are appropriate for serious offenses warranting dishonorable separation as included punishment.

REASONS FOR HONORABLE OR GENERAL DISCHARGE

§ 70.8 *Expiration of enlistment or required service.* Service must be excellent for Honorable Discharge or satisfactory for General Discharge. (See §§ 70.3 and 70.4 for general requirements.)

§ 70.9 *Convenience of the Government.* Service must be excellent for Honorable Discharge or satisfactory for General Discharge. (See §§ 70.3 and 70.4.)

(a) *Purposes.* (1) General demobilization or reduction in authorized strength;

(2) To accept a commission or appointment in any branch of the armed services—for active duty only;

(3) To accept appointment and entrance in either the Military, Naval or Coast Guard Academy;

(4) National health, safety or interest only when recommended by a Government agency authorized to make such recommendation and determination;

(5) Immediate reenlistment in the regular branch of the service in which serving, provided reenlistment is for a term of service more than required to serve under his existing obligation;

(6) Erroneous induction when so stated by the Office of the Director of the Selective Service System;

(7) Other good and sufficient reason when determined by the Secretary of the service concerned.

§ 70.10 *Dependency, hardship.* Service must be excellent for Honorable Discharge or satisfactory for General Discharge. Discharge may be directed when it is considered that undue and genuine dependency or hardship exists, that the hardship or dependency is not of a temporary nature, and that the conditions have arisen or been aggravated to an excessive degree since entry into the Service and the man has made every reasonable effort by means of application for Family Allowance and voluntary contributions which have proven inadequate; that the discharge of the individual will result in the elimination of, or will materially alleviate the condition and that there are no means of alleviation readily available other than by such discharge.

§ 70.11 *Minority.* Service must be excellent for Honorable Discharge or satisfactory for General Discharge.

(a) *Enlistee.* Persons between the ages of eighteen and nineteen years of age accepted for one year enlistment or persons between the ages of nineteen and twenty-six enlisted in the regular Army (sec. 4 (c), Pub. Law 759—80th Cong.).

(1) If under seventeen years of age when verified—discharge.

(2) If having passed his seventeenth birthday but not his eighteenth birthday when verified—discharge—upon application of parent or legal guardian.

(3) If he has passed his eighteenth birthday when verified—retain if otherwise qualified.

(b) *Inductees.* (1) If under seventeen years of age when verified—discharge.

(2) If having passed his seventeenth birthday but not his eighteenth birthday when verified—discharge—upon application of parent or legal guardian.

(3) If he has passed his eighteenth birthday when verified—retain if otherwise qualified.

(4) If over twenty-six years of age when inducted, and the Selective Service Agency does not report the induction as erroneous—retain if otherwise qualified for service until so reported by the Selective Service Agency.

(5) If Selective Service reports an induction as erroneous the individual concerned shall be discharged for the convenience of the government.

§ 70.12 *Disability.* Service must be excellent for Honorable Discharge or satisfactory for General Discharge. (See §§ 70.3 and 70.4.) Standards for discharge because of disability are being studied by a sub-committee of the Munitions Board.

ADDITIONAL REASONS FOR GENERAL DISCHARGE

§ 70.13 *Unsuitability.* Service must be satisfactory. Discharge for this reason will be effected to rid the services of persons considered unsuitable because of:

(a) Psychiatric or neurological handicaps, enuresis, personality defects and disorders subject to the physical and mental standards established by the Munitions Board and approved by the Secretary of Defense;

(b) Other good and sufficient reason when determined by administrative process.

§ 70.14 *Inaptitude.* Service must be satisfactory. Discharge for this reason will be effected when it it determined the person does not possess the required degree of adaptability to service life after reasonable attempts have been made to reclassify and reassign him in keeping with his abilities and qualifications. This category includes persons whose inaptness may be due to lack of general fitness, want of readiness or skill or unhandiness.

§ 70.15 *Discharge for unsuitability or inaptitude not to be recommended in lieu of punishment.* Individuals shall not be recommended for discharge for unsuitability or inaptitude in lieu of punishment. If doubt exists as to the existence of a mental or physical disability as a cause of unsuitability or inaptitude the man shall be brought before a Board of Medical Examiners. Before making or recommending a discharge for unsuitability or inaptitude, the commanding officer shall investigate the case after giving the man concerned an opportunity to make any statement in his own behalf that he may desire.

REASONS FOR UNDESIRABLE DISCHARGE

§ 70.16 *Unfitness.* A person may be discharged for unfitness only after he has already demonstrated that he is totally unfit for further retention. In this category are persons who:

(a) Given evidence of habits or traits of character manifested by anti-social or amoral trends, chronic alcoholism, criminalism, drug addiction, pathological lying, sexual perversion, homosexuality, or misconduct;

(b) Are of unclean habits, including repeated venereal infections;

(c) Repeatedly commit petty offenses not necessitating trial by court-martial;

(d) Are habitual shirkers;

(e) Who are recommended for discharge by a Board of Medical Examiners, not because of a physical or mental disability but rather because they possess personality disorders or defects or are classified as having "no disease" by the Board and their records of service reveal that they have been frequently in a disciplinary status because of infractions of regulations and commission of offenses, and/or it is clearly evident their complaints are unfounded and are made with the intent of avoiding service.

§ 70.17 *Discharge for unfitness not to be recommended in lieu of punishment.* A man shall not be discharged for unfitness in lieu of punishment. Before recommending such a discharge each case shall be thoroughly investigated. The man concerned shall be informed of the contemplated actions and the reasons therefor, and shall be given an opportunity to appear and present any fact or make any statement in his own behalf he may desire. If any doubt exists as to the existence of a mental or physical disability as the cause of unfitness, the man shall be brought before a Board of Medical Examiners.

§ 70.18 *Misconduct.* (a) A person may be discharged for misconduct for any of the following reasons:

(1) An individual who has deserted or has been AWOL and where trial is barred by the Statute of Limitations;

(2) An individual who has deserted or been AWOL and whose trial is not barred by the Statute of Limitations, but who upon examination is found not physically or mentally competent to stand trial where evidence indicates competence at time of desertion;

(3) An individual convicted by civil authorities of a criminal offense where the offense which he has been convicted may be punished by death, or by imprisonment for a term exceeding one year;

(4) An individual who has perpetrated a fraudulent enlistment; this includes persons who conceal (i) prior police records, (ii) previous service in any branch of the Armed Services and separation therefrom was under other than honorable conditions. In cases of persons who have been inducted and such records would not have precluded their induction had they been known by Selective Service, at the time of induction, they may be retained if otherwise qualified; (iii) physical defect, if it is established or evident that such concealment was the purpose of defrauding the government, that is, obtaining certain veterans' preferences or hospitalization or position to which he would not otherwise be entitled.

(b) The enlistment of a minor with false representations as to age, or without consent, will not alone be considered a fraudulent enlistment.

PART 71—ORGANIZED UNIT AND SATISFACTORY PARTICIPATION THEREIN-DEFINED

Sec.
71.1 Organized unit.
71.2 Satisfactory participation in an organized unit.

§ 71.1 *Organized unit.* For purposes of the definition of an "organized unit" of a reserve component under section 16 (h) of the Selective Service Act of 1948, thirty-five (35) scheduled drills, or training periods, or days of active Federal service, or any combination thereof, per year, are hereby prescribed as a minimum requirement. (Secs. 6 (c) (1), 16 (h), Pub. Law 759, 80th Cong.)

§ 71.2 *Satisfactory participation in an organized unit.* The Secretary of the Department concerned shall determine for the respective reserve components of that Department what constitutes satisfactory participation in such organized units in accordance with existing law: *Provided however,* That for purposes of satisfactory attendance in an organized unit within the meaning of section 6 (c) (1) of the Selective Service Act of 1948, not more than ten (10) percent absence per year from scheduled drills or training periods, or periods of equivalent instruction, shall be permitted by any Department. PROPOSED RULE MAKING

DEPARTMENT OF THE TREASURY

Bureau of Internal Revenue

[26 CFR, Part 35]

EXTENSION OF TIME FOR ASSESSMENT OF DEFERRED EXCESS PROFITS TAX

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given, pursuant to the Administrative Procedure Act, approved June 11, 1946, that the regulations set forth in tentative form below are proposed to be prescribed by the Commissioner of Internal Revenue, with the approval of the Secretary of the Treasury. Prior to the final adoption of such regulations, consideration will be given to any data, views, or arguments pertaining thereto which are submitted in writing in duplicate to the Commissioner of Internal Revenue, Washington 25, D. C., within the period of 30 days from the date of publication of this notice in the FEDERAL REGISTER. The proposed regulations are to be issued under the authority of section 62 of the Internal Revenue Code (53 Stat. 32; 26 U. S. C., 62), as made applicable by section 729 (a) of the Internal Revenue Code (54 Stat. 989; 26 U. S. C., 729 (a)).

[SEAL] GEO. J. SCHOENEMAN,
Commissioner of Internal Revenue.

In order to conform Regulations 112 (26 CFR, Part 35) to section 3 of Public Law 635 (80th Congress), approved June 12, 1948, such regulations are amended as follows:

PARAGRAPH 1. There is inserted immediately before § 35.710-1 the following:

SEC. 3. EXTENSION OF TIME FOR ASSESSMENT OF DEFERRED EXCESS PROFITS TAX. (Public Law 635 (80th Congress), approved June 12, 1948.)

(a) Section 710 (a) (5) of the Internal Revenue Code is hereby amended by adding at the end thereof the following: "Notwithstanding any other provision of law or rule of law, to the extent that any amount of tax remaining unpaid pursuant to this paragraph is in excess of the reduction in tax finally determined under section 722, such excess may be assessed at any time before the expiration of one year after such final determination."

(b) The amendment made by this section shall be effective as if made by section 222 (b) of the Revenue Act of 1942.

SEC. 201. TAXABLE YEARS TO WHICH AMENDMENTS APPLICABLE. (Revenue Act of 1942, Title II—applicable to section 222 (b); Revenue Act of 1942.)

Except as otherwise expressly provided, the amendments made by this title shall be applicable only with respect to taxable years beginning after December 31, 1941.

PAR. 2. Section 35.710-5, as amended by Treasury Decision 5490, approved January 24, 1946, is further amended by adding at the end thereof the following new paragraph:

If the taxpayer defers under section 710 (a) (5) payment of an amount in excess of the reduction in tax finally determined under section 722, such excess may be assessed at any time before the expiration of one year after such final determination. Such assessment may be made regardless of whether the assessment of a deficiency for such taxable year is otherwise barred by the running of any period of limitations, by the decision of any court, including The Tax Court, or by any other provision (such as section 272 (f)) or rule of law. The reduction in tax under section 722 is finally determined, in cases in which the Commissioner's action is subject to review by The Tax Court under section 732, upon the expiration of the period for filing petition for review with The Tax Court or, if such petition is filed, upon the decision of The Tax Court becoming final, and in all other cases upon the Commissioner's sending notice by registered mail to the taxpayer of his final action on the application for relief under section 722. If the Commissioner should, at the request of the taxpayer, agree because of unusual circumstances to reconsider his action on an application, the immediately preceding sentence shall be applied with respect to the Commissioner's second determination.

PAR. 3. Section 35.729-2 is amended by adding at the end thereof the following new sentence: "For special rules with respect to cases in which the payment of excess profits tax is deferred under section 710 (a) (5), see § 35.710-5."

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR, Part 3]

[Docket No. 9154]

STANDARDS OF GOOD ENGINEERING PRACTICE CONCERNING STANDARD BROADCAST STATIONS

NOTICE OF PROPOSED RULE MAKING

1. Notice is hereby given of proposed rule making in the above entitled matter.

2. On the basis of studies that have been made, it is proposed to revise that portion of the Standards of Good Engineering Practice concerning Standard Broadcast Stations which deals with the method of computing groundwave field intensity contours where the radiated signal from a transmitter traverses a path having more than one ground conductivity. It is proposed to change the title of Annex 1 to "Groundwave Signals" and to delete paragraph 4 of Annex 1 of the Standards of Good Engineering Practice concerning Standard Broadcast Stations (Page 8), and to substitute the text set out in paragraph 4 below.

3. It is believed that the use of the method described below in making groundwave field intensity calculations gives results more in keeping with the facts as determined by actual field measurements than either the so called "two-thirds rule" or the "decibel" method described in the present Standards, and in addition, it is sufficiently simple for practical application. This method (commonly referred to as the Kirke Method) was described in an unpublished report by H. L. Kirke of the British Broadcasting Corporation in 1943. The report, based on measurement and observation, sets forth in detail the manner of calculation. The Kirke method is presently used by the B. B. C. in predicting groundwave propagation.

4. The proposed text would read as follows:

Where a signal traverses a path over which different conductivities are shown to exist or are given by the map, the distance to a particular groundwave field intensity contour shall be determined by the use of the Kirke method.[14] According to this method a wave is considered to be propagated across a given conductivity according to the curve for a homogeneous earth of that conductivity. When the wave crosses from a region of one conductivity into a region of a second conductivity the equivalent distance of the receiving point from the transmitter changes abruptly but the field intensity does not. From a point just inside the second region the transmitter appears to be at that distance where on the curve for a homogeneous earth of the second conductivity the field intensity equals the value that occurred just across the boundary in the first region. Thus the equivalent distance from the receiving point to the transmitter may be either greater or less than the actual distance. An imaginary transmitter is considered to exist at that equivalent distance.

As an example of the use of the Kirke [14] method suppose on a frequency of 1000 kc an unattenuated field of 100 mv/m at one mile is radiated and that over a path having a conductivity of 10×10^{-14} e. m. u. for a distance 15 miles, 5×10^{-14} e. m. u. for the next 20 miles and 15×10^{-14} e. m. u. thereafter, it is desired to determine the distance to the 0.5 mv/m and 0.025 mv/m contours. By the use of the appropriate curves in Figure 4 it is seen that at a distance of 15 miles on the curve labeled 10×10^{-14} e. m. u. the field is 3.45 mv/m. The equivalent distance to this field intensity for a conductivity of 5×10^{-14} e. m. u. is 11 miles. Continuing on the propagation curve for the second conductivity the 0.5 mv/m contour is encountered at a distance of 27.9 miles from the imaginary transmitter. Since the imaginary transmitter was 4 miles nearer (15—11 miles) to the 0.5 mv/m contour, the distance from the contour to the actual transmitter is 31.9 miles (27.9+4 miles. The distance to the 0.025 mv/m contour is determined by continuing on the propagation curve for the second conductivity to a distance of 31 miles (11+20 miles) at which point the field is read to be 0.39 mv/m. At this point the conductivity changes to 15×10^{-14} e. m. u. and from this curve the equivalent distance is determined to be 58 miles which is 27 miles more distant than would obtain had a conductivity of 5×10^{-14} e. m. u. prevailed. Using now the curve representing the conductivity of 15×10^{-14} e. m. u. the 0.025 mv/m contour is determined to be at an equivalent distance of 172 miles. Since the imaginary transmitter was considered to be 4 miles closer at the first boundary and 27 miles farther at the second boundary the net effect is to consider the imaginary transmitter 23 miles (27—4 miles) more distant than the actual transmitter so that the actual distance to the 0.025 mv/m contour is determined to be 149 miles (172—23 miles).

5. The proposed amendment to the Standards of Good Engineering Practice is issued under the authority of 303 (b), (c), (e), (f), (g), and (r) of the Commissions Act of 1934, as amended.

6. Any interested party who is of the opinion that the proposed rules should not be adopted, or should not be adopted in the manner set forth herein, may file with the Commission on or before November 10, 1948 a statement or brief setting forth his comments. At the same time persons favoring the rules as proposed may file statements in support thereof. The Commission will consider all such comments that are presented before taking action in the matter, and if any comments are submitted which appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

7. In accordance with the provisions of § 1.784 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs or comments filed shall be furnished the Commission.

Adopted: September 30, 1948.

Released: October 1, 1948.

HOME LOAN BANK BOARD

Federal Savings and Loan System

[24 CFR, Part 203]

[No. 1093]

OPERATION

LOANS AND INVESTMENTS

OCTOBER 4, 1948.

Resolved that, pursuant to paragraph (c) of § 201.2 of the rules and regulations for the Federal Savings and Loan System (25 CFR, 201.2 (c)), notice is hereby given of a proposed amendment of Part 203 of said regulations (24 CFR, Part 203) by deleting therefrom the provisions of §§ 203.4, 203.10, 203.11, 203.12, 203.13 (b), 203.20, and 203.21 (24 CFR, 203.10, 203.11, 203.12, 203.13 (b), 203.20, 203.21) and inserting therein the following:

§ 203.10 *Real estate loans*—(a) *Definitions.* As used in this section:

(1) The term "loans on the security of first liens" on improved real estate means loans on the security of any instrument (whether a mortgage, deed of trust, or land contract) which makes the interest in the real estate described therein (whether in fee or in a leasehold extending or renewable automatically for a period of at least 50 years) specific security for the payment of the obligation secured by such instrument: *Provided,* The instrument is of such nature that, in the event of default, the real estate described in such instrument could be subjugated to the satisfaction of such obligation with the same priority as a first mortgage or a first deed of trust in the jurisdiction where the real estate is located.

(2) The term "home" means real estate upon which there is located a dwelling or dwellings for not more than four families.

(3) The term "combination of home and business property" means real property which is used in part for business purposes and in part for residence purposes for not more than four families, provided the use as a residence is of a bona fide character.

(4) The term "other improved real estate" means real estate other than a home or combination home and business property which, because of its state of improvement, produces sufficient income to maintain the property and retire the loan in accordance with the terms thereof.

(5) The term "improved real estate" means real estate which is, or which from the proceeds of the loan will become, a home, combination of home and business property, or other improved real estate.

(6) The term "installment loan" means any loan repayable in regular periodic payments, equal or unequal, sufficient to retire the debt, interest and principal, within the contract period: *Provided, however,* That the loan contract shall not require any subsequent periodic payment to be greater than any previous periodic payment.

(7) The term "insured loan" means a loan that is insured, or as to which the mortgagee is insured, or as to which a commitment for any such insurance has been made under the provisions of either the National Housing Act or the Servicemen's Readjustment Act of 1944, as now or hereafter amended.

(8) The term "guaranteed loan" means a loan that is guaranteed or as to which a commitment to guarantee has been made under the provisions of the Servicemen's Readjustment Act of 1944, as now or hereafter amended.

(b) *Lending powers under sections 13 and 14 of Chapter K.* Any Federal association which has Charter K may, under sections 13 and 14 thereof, make the following types of loans on the security of first liens on improved real estate and the use by such an association of loan plans, practices, and procedures which comply with the applicable provisions of this Section are hereby approved by the Board:

(1) *Homes or combination of homes and business property*—(i) *Monthly installment loans.* Installment loans may be made on homes or combination of homes and business property for an amount not in excess of 75 percent of the value thereof, repayable monthly within 20 years or, if an insured or guaranteed loan, within the period acceptable to the insuring or guaranteeing agency: *Provided*, That, when the members of such an association have authorized loans to be made for an amount exceeding 75 percent of the value, such loans may be made up to the percentage of value authorized by the members but not in excess of:

(*a*) 80 percent of the value, if the loan is not an insured or guaranteed loan;

(*b*) The maximum percentage of the value acceptable to the insuring agency, if an insured loan;

(*c*) 80 percent of the value, plus the amount guaranteed if a guaranteed loan.

(ii) *Other installment loans.* Loans of any type that such an association may make on a monthly installment basis may also be made with interest payable at least semi-annually and with regular periodic principal installments payable at least annually in an amount sufficient to retire the debt, interest and principal, within 5 years, or, subject to the limitations of paragraph (h) of this section (for which purpose all such loans as are not fully repayable within 5 years shall be deemed "Non-installment Loans"), within 15 years: *Provided*, That insured or guaranteed loans may be repayable upon such terms as are acceptable to the insuring or guaranteeing agency.

(iii) *Loans without full amortization.* Loans of any type that such an association may make on a monthly installment basis may also be made without full amortization of principal: *Provided*, That, except for insured or guaranteed loans, interest shall be payable at least semi-annually and any such loan may be made for an amount not in excess of 50 percent of the value and for a term of not more than 5 years: *And provided further*, That, if the members have authorized loans to be made without full amortization up to such higher percentage, such loans may be made for an amount not in excess of 60 percent of the value and for a term of not more than 3 years.

(2) *Other improved real estate*—(i) *Monthly installment loans.* Installment loans may be made on other improved real estate for an amount not in excess of 50 percent of the value thereof, repayable monthly within 20 years or, if an insured or guaranteed loan, within the period acceptable to the insuring or guaranteeing agency: *Provided*, That, when the members of such an association have authorized loans to be made upon such security for an amount exceeding 50 percent of the value, such loans may be made up to the percentage of value authorized by the members but not in excess of:

(*a*) The maximum percentage acceptable to the insuring agency, if an insured loan;

(*b*) 75 percent of the value of five-family or six-family residential property;

(*c*) 60 percent of the value of residential property for more than six families but for not more than twelve families;

(*d*) 66⅔ percent of the value of property used primarily for residential purposes: *Provided*, That the loan is an installment loan repayable monthly within a period of 15 years;

(*e*) 60 percent of the value of real estate which is improved by an income-producing structure thereon: *Provided*, That the loan is an installment loan repayable monthly within a period of 15 years;

(*f*) The percentage of value that such an association may otherwise lend under this subparagraph plus the amount guaranteed, if a guaranteed loan: *Provided*, That any percentage of value may be loaned if at least 20 percent of the loan is guaranteed.

(ii) *Other loans.* Loans of any type that such an association may make on a monthly installment basis may also be made upon any other plan of repayment: *Provided*, That, except for insured or guaranteed loans, interest shall be payable at least semi-annually and any such loan may be made for an amount not in excess of 50 percent of the value and for a term of not more than 5 years: *And provided further*, That, if the members have authorized loans to be made without full amortization up to such higher percentage of the value of other improved real estate used primarily for residential purposes, such loans may be made for an amount not in excess of 60 percent of the value thereof and for a term of not more than 3 years.

(c) *Lending powers under sections 11 and 12 of Charter E.* Any Federal association which has Charter E may, under sections 11 and 12 thereof, make monthly installment loans, repayable in not less than 5 nor more than 20 years, on the security of first liens on homes or combination of homes and business property for an amount not in excess of 75 percent of the value thereof, and on other improved real estate for an amount not in excess of 50 percent of the value thereof.

(d) *Lending powers under other charter provisions.* Any Federal association that has amended Charter K by the addition thereto of § 14.1 of this title, as set out in these rules and regulations and any Federal association which has a charter in any other form not inconsistent with the provisions of this section may, upon authorization by its board of directors and without further action by its members, make the following types of loans and the use by any such association of the applicable loan plans, practices, procedures, and maximum lending percentages is hereby approved by the Board:

(1) Any loan that a Federal association which has Charter K may make under paragraph (b) of this section;

(2) Any guaranteed loan on the security of a lien, other than a first lien, on real estate: *Provided*, At least 20 percent of the loan is guaranteed.

(e) *Participation loans.* Any Federal association may participate with other lenders in making loans of any type that such an association may otherwise make: *Provided*, That:

(1) The real estate security is located within such association's regular lending area;

(2) Each of the lenders is either an instrumentality of the United States Government or is insured by the Federal Savings and Loan Insurance Corporation or by the Federal Deposit Insurance Corporation.

(f) *Purchase of loans.* Any Federal association may purchase loans of any type that it may make: *Provided*, That no loan may be purchased from an affiliated institution without the prior approval of the Board, or from a director, officer, or employee of such association, or from any person or firm regularly serving such association in the capacity of attorney-at-law; *And provided further*, That if such an association increases its share accounts as a part of any such purchase it shall obtain such approval as is required by § 301.17 of the rules and regulations for insurance of accounts.

(g) *Lending area.* The regular lending area of a Federal association consists of the area within a radius of fifty miles from such association's home office and, in the case of a Federal association which is converted from a State-chartered institution, that territory beyond fifty miles from its home office in which such association made loans while operating under State charter. Any Federal association may make loans in its regular lending area and, within the 15-percent-of-assets limitation as defined in paragraph (h) of this section, in other territory: *Provided*, That such association shall comply with § 301.11 of the rules and regulations for insurance of accounts. Each converted association that desires to continue to make loans beyond fifty miles from its home office in territory in which it made loans while operating under State charter shall file with the Board a map showing the territory within which such association made loans while operating under State charter. For the purpose of this paragraph a county is the unit of "territory" in which a converted association made loans beyond a radius of fifty miles from its home office while operating under State charter.

(h) *Real estate loans and investments subject to 15-percent-of assets limitation.* Any Federal association may make loans of the types enumerated in subparagraphs (1) through (4) of this paragraph on the security of first liens on improved real estate only when the resulting aggregate amount of the following investments does not exceed 15 percent of the association's assets:

(1) Loans in excess of $20,000, after deducting each part of any such loan, if secured by a blanket mortgage, which is apportionable in an amount not exceeding $20,000 to each home or combination of home and business property which is a part of the security.

(2) Loans on other improved real estate.

(3) Loans on improved real estate located beyond the association's regular lending area.

(4) Non-installment loans.

(5) Real estate owned, except:

(i) Property owned and occupied by the association as its office;

(ii) Homes or combination of homes and business property which are located within the regular lending area and which have a book value of not more than $20,000 each;

Provided, That any guaranteed loan, at least 20 percent of which is guaranteed, made by any Federal association that has amended Charter K by the addition thereto of § 14.1 of this title, as set out in these rules and regulations or any Federal association which has a charter in any other form not inconsistent with the provisions of this section, is exempt from the limitations of this paragraph.

(i) *Loans to directors, officers, or employees.* A Federal association may not make any real estate loans to a director, officer, or employee of the association, or to any person or firm regularly serving the association in the capacity of attorney-at-law, except loans on the security of a first lien on the home or combination of home and business property owned and occupied by such borrowing director, officer, employee, attorney or firm.

(j) *Appraisals.* No loan shall be made by any Federal association until at least two qualified persons designated by its board of directors shall have submitted a signed appraisal of the real estate security; or, if an insured or guaranteed loan, until two qualified persons designated by the board of directors (one of whom may be the appraiser accepted by the insuring or guaranteeing agency) shall have concurred in or approved, in writing, the valuation assigned to the real estate security by the appraiser accepted by the insuring or guaranteeing agency; *Provided*, That any Federal association which has amended its Charter by the addition thereto of § 14.1 of this title, as set out in these rules and regulations and any Federal association which has a charter in any other form not inconsistent with the provisions of this section may, when authorized by its board of directors, make any insured or guaranteed loan on the basis of an appraisal of the real estate security made by the appraiser accepted by the insuring or guaranteeing agency.

(k) *Initial loan charges.* No director, officer, or employee of a Federal association, and no person or firm regularly serving such association in the capacity of attorney-at-law, may receive from the association or from any other source any fee or other compensation of any kind in connection with the procuring of any particular loan from or by such association. Borrowers may be required to pay the necessary initial charges in connection with the making of a loan, including the actual costs of title examination, appraisal, credit report, survey, drawing of papers, closing of the loan, and other necessary incidental services and costs in such reasonable amounts as may be fixed by the board of directors; such necessary initial charges may be collected by the association from the borrower and paid to any person, including any such director, officer, employee, attorney or firm rendering such services. Upon the closing of the loan, the association shall furnish the borrower a loan settlement statement showing in detail the charges or fees the borrower has paid or obligated himself to pay to the association or to any other person in connection with such loan; and a copy of such loan settlement statement shall be retained in the records of the association.

(l) *Loan contract.* Each loan shall be evidenced by note, bond, or other instrument and shall be secured by such security instrument as is in keeping with sound lending practices in the locality. The loan contract shall provide for full protection to the Federal association and shall be recorded; it shall provide specifically for full protection with respect to insurance, taxes, assessments, other governmental levies, maintenance, and repairs, and it may provide for an assignment of rents and for such other protection as may be lawful or appropriate. Such Federal association may pay taxes, assessments, insurance premiums, and other similar charges for the protection of its interest in the property on which it has loans; all such payments may, when lawful, be added to the unpaid balance of the loan. A Federal association may require life insurance to be assigned to it by its borrowers as additional collateral for loans on the security of real estate; such association may advance premiums on any such life insurance and, when lawful, may add the premium so advanced to the unpaid balance of the loan. A Federal association may require that the equivalent of one-twelfth of the estimated annual taxes, assessments, insurance premiums, and other charges on real estate security, or any of them, be paid in advance to such association in addition to interest and principal payments on its loans, to enable the association to pay such charges as they become due from the funds so received. A Federal association shall keep a record of the status of taxes, assessments, insurance premiums, and other charges on all real estate on which such association has loans or which is owned by it. All loan instruments shall comply with applicable provisions of law, governmental regulations, and the Federal association's charter.

(m) *Loan payments.* Payments on the principal indebtedness of all loans on real estate security shall be applied direct to the reduction of such indebtedness. Payments on all monthly installment loans, other than construction loans, insured loans, and guaranteed loans, shall begin not later than sixty days after the advance of the loan; insured loans and guaranteed loans may be repayable upon terms acceptable to the insuring or guaranteeing agency and the Board hereby approves for use by any Federal association a loan plan wherein payments on any construction loans that such association may otherwise make under this section shall begin not later than 6 months after the date of the first advance. The Board hereby approves for use by any Federal association (except Federal associations that have Charter E) a loan plan wherein the association may require the payment of not more than six months' advance interest on the amount of any prepayment on a loan when the aggregate amount of such prepayments in any one year equals or exceeds twenty percent of the original principal amount of the loan: *Provided*, That the loan contract makes express provision therefor.

(n) *Reserve for uncollected interest.* A "reserve for uncollected interest" shall be maintained equivalent to all interest in default more than 90 days.

§ 203.11 *Loans on savings accounts.* Any Federal association may make loans on the security of its savings accounts, whether or not the borrower is the owner of such account; *Provided*, That the association obtains a lien upon, or a pledge of, such savings account as security therefor. No such loan may exceed the withdrawal amount of the savings account securing the loan or the maximum percentage thereof which the association is authorized by its charter to lend upon such security, whichever is less, and no such loan may be made when the association has any application for withdrawal which has been on file more than 30 days and not reached for payment.

§ 203.12 *Unsecured loans.* Any Federal association that has amended Charter K by the addition thereto of § 14.1 of this title, as set out in these rules and regulations and any Federal association which has a charter in any other form not inconsistent with the provisions of this section may, upon adoption of such a loan plan by its board of directors, make or purchase:

(a) Any unsecured loan at least 20 percent of which is guaranteed under the provisions of the Servicemen's Readjustment Act of 1944, as now or hereafter amended;

(b) Simple-interest, discount, or gross-charge loans for property alteration, repair, or improvement (except business loans provided by section 503 of the Servicemen's Readjustment Act of 1944, as now or hereafter amended, and not secured by lien on real estate) without the security of a lien upon such property: *Provided*, That:

(1) The net proceeds of any such loan do not exceed $1,500;

(2) The property is located in such association's regular lending area as defined in § 203.10 (g);

(3) Each such loan is evidenced by one or more negotiable notes, bonds, or other written evidences of debt;

(4) The resulting aggregate amount of all such loans does not exceed an amount equal to 15 percent of such association's assets;

(5) Each such loan is repayable in regular monthly installments within a period of 5 years;

And provided further, That any such loan for property alterations, repair, or improvement that is accepted for insurance under the provisions of the National Housing Act, as now or hereafter amended, or for insurance or guarantee under the provisions of the Servicemen's Readjustment Act of 1944, as now or hereafter amended, may be repayable upon such terms and within such period as are acceptable to the insuring or guaranteeing agency and in an amount not exceeding $2,500: *Provided,* That no Federal association may make any unsecured loan to a director, officer, or employee of the association, or to any person or firm regularly serving the association in the capacity of attorney-at-law, except for the alteration, repair, or improvement of the home or combination of home and business property owned and occupied by such borrowing director, officer, employee, attorney or firm.

IDAHO BROADCASTING AND TELEVISION CO. (KGEM)

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Idaho Broadcasting and Television Company (KGEM), Boise, Idaho, for modification of construction permit; Docket No. 9152, File No. BMP-3543.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 30th day of September 1948;

The Commission having under consideration the above-entitled application of Idaho Broadcasting and Television Company requesting that its construction permit to operate on 1140 kc, with 10 kw power, DA-N, U at Boise, Idaho, be modified so as to effect a change in directional antenna day and night, directional antenna pattern and for approval of transmitter site.

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application be, and it is hereby, designated for hearing at a time and place to be designated by subsequent order of the Commission upon the following issues:

1. To determine the technical and other qualifications of the applicant corporation, its officers, directors and stockholders to construct and operate station KGEM as proposed.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of station KGEM as proposed and the character of other broadcast service available to those areas and populations.

3. To determine whether the operation of station KGEM as proposed would involve objectionable interference with stations WRVA, Richmond, Virginia and KGDM, Stockton, California or with any other existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

4. To determine whether the operation of station KGEM as proposed would involve interference with stations XENT, Neuvo, Laredo, Mexico and CJCJ, Calgary, Alberta as defined in the North American Regional Broadcasting Agreement and, if so, the nature and extent thereof.

5. To determine whether the operation of station KGEM as proposed would involve objectionable interference with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of station KGEM as proposed would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations, particularly with reference to the population situated within the blanket area.

It is further ordered, That, Larus and Bro. Company, Incorporated, licensee of station WRVA, Richmond, Virginia and E. F. Peffer, licensee of station KGDM, Stockton, California be, and they are hereby, made parties to this proceeding.

GLENN WEST

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Glenn West, Portland, Indiana, Docket No. 9151, File No. BP-6785; for construction permit.

At a session of the Federal Communications Commission, held at its offices in Washington, D. C., on the 30th day of September 1948;

The Commission having under consideration the above-entitled application of Glenn West for a construction permit for a new standard broadcast station to operate on 1440 kc, 250 w power, daytime only, at Portland, Indiana.

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application be, and it is hereby, designated for hearing at a time and place to be designated by subsequent order of the Commission, upon the following issues:

1. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

2. To determine whether the operation of the proposed station would involve objectionable interference with stations WIRE, Indianapolis, Indiana, WANE, Fort Wayne, Indiana, or with any other existing broadcast stations and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

3. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

4. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations, and particularly with respect to the assignment of a Class IV station on a regional channel.

It is further ordered, That Indianapolis Broadcasting, Inc., licensee of station WIRE and Radio Fort Wayne, Inc., licensee of station WANE, be, and they are hereby, made parties to this proceeding.

TRANS-CONTINENTAL GAS PIPE LINE CO., INC.

ORDER FIXING DATE OF HEARING ON PETITION TO AMEND ORDER ISSUING CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY

OCTOBER 4, 1948.

It appearing to the Commission that:

(a) On September 23, 1948, Trans-Continental Gas Pipe Line Company, Inc. (Trans-Continental) filed a petition to amend the Commission's order of May 29, 1948, issuing a certificate of public convenience and necessity to the aforementioned company;

(b) In such petition to amend, Trans-Continental stated that:

(i) It proposed to substitute 1,210 miles of 30-inch pipe in lieu of the 26-inch pipe and to make certain changes in compressor stations and compressor horsepower as heretofore authorized;

(ii) It has recently entered into contracts for the purchase and delivery of sufficient steel and steel pipe to meet its entire steel requirements with respect to its proposed project;

(iii) The cost of the project as now proposed is estimated to be $189,810,154 and it has been assured that the project can be financed;

(iv) The price of gas to the market customers will remain approximately thirty-one cents per Mcf;

(v) The project as now proposed is economically feasible.

The Commission, upon consideration of the petition to amend its order of May 29, 1948, in this matter, finds that: It is in the public interest to hold hearings on the petition to amend said prior order of May 29, 1948, issuing certificate of public convenience and necessity for the purpose of receiving additional evidence on the matters set forth in paragraph (b) above, and such other evidence as may bear upon the matters set forth in the petition to amend, filed September 23, 1948. The Commission, therefore, orders that:

(A) The public hearing in the above-entitled matter to be resumed at 10:00 a. m. (e. s. t.) on October 15, 1948, in the Hearing Room of the Federal Power Commission, Hurley-Wright Building, 1800 Pennsylvania Avenue NW., Washington, D. C., limited to the receipt of evidence with respect to Trans-Continental's petition filed September 23, 1948, to amend the Commission's order of May 29, 1948, issuing a certificate of public convenience and necessity to that company.

(B) Nothing contained in this order shall be construed as in any manner changing, affecting, or staying the Commission's order adopted May 29, 1948, issuing a certificate of public convenience and necessity to Trans-Continental Gas Pipe Line Company, Inc.

(C) All interveners in this proceeding may participate in such further hearing in accordance with leave heretofore granted by the Commission.

(D) Interested State Commissions May participate as provided by §§ 1.8 and 1.37 (f) of the said rules of practice and procedure.

Date of issuance: October 4, 1948.

By the Commission.

[Docket No. G-1119]

CENTRAL KENTUCKY NATURAL GAS CO.

NOTICE OF APPLICATION

OCTOBER 4, 1948.

Notice is hereby given that on September 8, 1948, Central Kentucky Natural Gas Company (Applicant), a Kentucky corporation having its principal place of business at Charleston, West Virginia, filed an application for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of a 1760 hp. compressor station consisting of two (2) 880 hp. gas engine driven compressing units, complete with auxiliary equipment and piping, and compressor building, auxiliary building, dwelling and warehouse. Such station will be located on Applicant's natural-gas transmission pipe line designated as Line E running from North Means, Kentucky, to Foster, Kentucky, at a point approximately three miles north of the connection of said Line E with the 26-inch pipe line of Tennessee Gas Transmission Company at North Means, Kentucky.

Applicant proposes, by the installation of the proposed facilities, to increase the capacity of its said Line E from 79,300 Mcf to 100,500 Mcf daily so that Applicant will be able to utilize effectively full deliveries of 109,000 Mcf of natural gas per day available to Applicant from Tennessee Gas Transmission Company at Applicant's North Means delivery point.

It is stated in the application that construction of the proposed facilities is necessary in order for Applicant to maintain and provide adequate service to its present markets and to permit withdrawal of storage gas during winter periods. Applicant states that it does not intend to serve additional markets through the proposed facilities.

The estimated total overall capital cost of the proposed facilities stated in the application is $484,000, to be financed from funds to be provided by the issuance of 3¼% notes to Applicant's parent company, the Columbia Gas System, Inc. Applicant states that it has received authorization from the Securities and Exchange Commission to issue said notes.

Any interested State commission is requested to notify the Federal Power Commission whether the application should be considered under the cooperative provisions of § 1.37 of the Commission's rules of practice and procedure and, if so, to advise the Federal Power Commission as to the nature of its interest in the matter and whether it desires a conference, the creation of a board, or a joint or concurrent hearing, together with reasons for such request.

The application of Central Kentucky Natural Gas Company is on file with the Commission and is open to public inspection. Any person desiring to be heard or to make any protest with reference to the application shall file with the Federal Power Commission, Washington 25, D. C., not later than 15 days from the date of publication of this notice in the FEDERAL REGISTER, a petition to intervene or protest. Such petition or protest shall conform to the requirements of §§ 1.8 or 1.10, whichever is applicable, of the rules of practice and procedure (as amended on June 16, 1947).

SECURITIES AND EXCHANGE COMMISSION

[File No. 54-81]

MIDDLE WEST CORP. ET AL.

MEMORANDUM FINDINGS, OPINION AND ORDER OF COMMISSION

In the matter of The Middle West Corporation, Central and South West Utilities Company and American Public Service Company; File No. 54-81.

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 1st day of October A. D. 1948.

The Commission, by Order dated April 30, 1946, approved a plan filed pursuant to the provisions of section 11 (e) of the Public Utility Holding Company Act of 1935 ("act") relating to the merger and reorganization of American Public Service Company ("American") and Central and South West Utilities Company ("South West"), both registered holding company subsidiaries of The Middle West Corporation ("Middle West"), also a registered holding company, the surviving corporation being known as Central and South West Corporation ("Central"), also a registered holding company.[1]

The Commission, in its order approving the plan, reserved jurisdiction with respect to the reasonableness and appropriate allocation of all fees and expenses and other remunerations incurred and to be incurred in connection with the plan and the transactions incident thereto. Applications have been filed requesting allowances of fees and expenses

[1] In addition to the applications listed in the table, an application for an allowance was filed by Albert S. Turner, and for the reasons hereinafter set forth, this request has been disallowed.

[2] The application of this firm originally requested an allowance of fees in the amount of $125,000, of which $11,000 was allocated to Middle West and the balance to Central, covering services performed in connection with the section 11 (b) (2) proceedings involving Central and Middle West and for services rendered in the Section 11 (e) proceedings.

[3] The Common Stockholders Committee originally requested fees and expenses as follows: McLaughlin & Stern, Counsel, $175,000; John D. Butt, $7,500; and Lester J. Dickinson, $5,000 plus $374.15 expenses, and expenses in the amount of $11,541.60 which included charges for the three financial advisers in the aggregate amount of $7,899.

[4] Holland originally requested an allowance of $5,000 and reimbursement for expenses amounting to $660.46.

[5] The Commission, by order dated November 12, 1947, released jurisdiction as to expenses incurred with respect to solicitation of exchanges of stock. These expenses were as follows: Lehman Bros., Managers, $10,714.58, and Isham, Lincoln & Beale, Attorneys for the Managers, $8,000 for and $1,333.85 expenses. See "The Middle West Corporation, et al.", Holding Company Act Release No. 7838.

Central and Middle West have indicated that they have no objection to the allocation and payment of certain of the fees and expenses. We turn now to consider whether the requests for allowances are reasonable, appropriately allocated, and compensable out of the estate.

In determining the reasonableness of fees and expenses in section 11 (e) cases the Commission has held that compensation may be paid out of the estate only for such services as have contributed to the formulation of a plan finally adopted or the defeat of a plan found to be unsatisfactory, or which have otherwise been beneficial to the estate.[2]

The plan was designed to effectuate compliance with the requirements of section 11 (b) of the act and with our order of June 4, 1942, issued thereunder, which directed the termination of the corporate existence of either South West or American and required that the capitalization of the surviving company be limited to a single class of stock, namely, common stock.[3] Briefly, the plan provided for the merger of American into Central, the latter being recapitalized so as to have outstanding 6,600,000 shares of new common stock, and for the sale at competitive bidding of a sufficient amount of the new common stock to retire the preference stocks of American and South West at their call prices, subject to the right of the holders of such preference stocks to elect to exchange their shares at the public offering price for the common stock of the new company. It was further provided that the remainder of such common stock was to be issued in exchange for the common stocks of South West and American. Under this provision public holders of the outstanding common stock of South West and American received approximately 39% of such remaining shares. In addition, the public common stockholders received, by way of settlement of all of the claims against Middle West, approximately 285,000 shares of the common stock of the new company. For its holdings of preference and common stocks, Middle West received approximately 51% of the new common stock of Central.

Central and Middle West have filed applications for release of jurisdiction with respect to proposed payments of legal fees and expenses, as indicated in the table above, in the amount of $59,321.38 and $34,943.28, respectively. Winthrop, Stimson, Putnam & Roberts, who appeared as counsel for Central, originally filed a request for an allowance of fees in the amount of $125,000 covering services rendered by the firm in connection with these proceedings on the plan and for services in connection with the section 11 (b) (2) proceedings instituted by the Commission, which preceded the submission of the plan. Of the allowance originally requested, $11,000 was allocated to Middle West and the balance to Central. Subsequently, this firm amended its request for an allowance to cover only its services in connection with the section 11 (e) proceedings [4] and reduced the amount of the requested allowance to $75,000, allocating $50,000 and $25,000 to Central and Middle West, respectively. It is clear from the record that the services of this firm benefited Middle West as well as Central and recognizing the difficulty of precisely determining a proper allocation of the fee, we find no basis for disagreement with the proposal. In the light of the complexities of the problems and the work involved, the size of the estate and the benefits conferred, we find that the requested allowance for fees in the amount of $75,000 and the reimbursement for expenses in the amount of $5,305.76 is reasonably commensurate with the benefits conferred and we shall authorize the payment thereof.

As indicated above, Central has requested authority to pay $2,500 as a fee for services to the firm of Richards, Layton and Finger. The record indicates that this firm was retained by South West on matters of Delaware law arising in connection with the merger and also in connection with certain appellate proceedings on the plan. Middle West has also requested authority to pay Swiren, Heineman and Antonow $8,500 as a fee for services and $1,443.28 as reimbursement for expenses. This firm was retained by Middle West in connection with appellate proceedings on the plan and the firm acted on behalf of Middle West in the enforcement proceedings in the United States District Court for the District of Delaware. This firm also represented Central in the hearings on the various fee applications, and Central has requested authority to pay $1,500 for these services. We find that these proposed payments are for necessary services and reasonable in amount, and we shall authorize their payment.

A Common Stockholders Committee represented by McLaughlin & Stern, as Counsel, entered an appearance during the course of these proceedings and actively participated on behalf of the public common stockholders of South West. The record indicates that McLaughlin & Stern originally appeared as counsel for certain of the common stockholders of South West in September 1945 at an oral argument before the Commission and opposed the approval of a then pending plan, and were instrumental in having the hearings on that plan reconvened for the purpose of taking additional evidence. In the interval required for further hearings on this plan, improvements in general market levels made feasible the modification of this plan with the result that a greater participation was accorded to the public common stockholders of South West. Counsel for the Committee participated

[4] Cf. "The United Gas Improvement Co. et al.", — S. E. C. — (1945), Holding Company Act Release No. 5570. We are informed that an agreement has been reached between Central, Middle West and Winthrop, Stimson, Putnam & Roberts for the payment by Central of $35,000 and by Middle West of $15,000 for the services of the firm in connection with the section 11 (b) (2) proceedings.

in negotiations resulting in these changes. Under the plan, as approved and consummated, the public common stockholders of South West received approximately 0.81 share of new common stock for each share of South West common stock as compared with the proposed allocation of one-half share under the earlier plan. Moreover, the participation by the Committee and its counsel in the compromise of the complex claims asserted for the subordination of the interest of Middle West provided independent representation of the publicly held common stock. In the light of the services of the Committee and its counsel in connection with the abandonment of the earlier plan and the formulation of the plan finally approved, we find that the participation by the Committee and its counsel were of benefit to the estate and that an allowance for fees in the amount of $52,800 and expenses in the amount of $4,074.15, as indicated above, is reasonably commensurate with the benefits conferred. It should be pointed out that while the application by the Committee does not include a request for an allowance for William J. McEnery, Chairman of the Committee, McEnery has filed a declaration of intention to request an allowance for his services in the reorganization. In order to conclude these matters, our order will provide a time limit for the prosecution of this asserted claim.

Benjamin Mahler appeared for himself and his wife as the holders of the junior preferred stock of South West and has requested an allowance of $35,000. He participated in the proceedings relating to the reorganization from the commencement of the action in 1940 by the Commission pursuant to section 11 (b) (2) of the act through the conclusion of the matter under section 11 (e) of the act, and until relatively late in the proceedings was the only representative of publicly-held securities participating in the proceedings. Early in the proceedings Mahler urged that the interests of Middle West be subordinated to those of the public stockholders of American and South West, and opposed the approval of the plan as originally filed, which gave no recognition to the asserted claims for subordination. As heretofore indicated, the plan, in the form approved, incorporated a compromise of these asserted claims. While Mahler's participation extended over the full course of these extended proceedings and assured that the claims of the preferred stockholders were persistently reiterated, the nature of his services was not extensive in either the detailed presentation of evidence or the presentation of novel contentions. On the other hand, he was the only advocate of the preferred stockholders' position in this regard and while his services can not be characterized as having influenced the precise terms of the plan or to have contributed substantially to the record upon which the special equities of the preferred stockholders were asserted, they did contribute to the general development of the plan. Under all the circumstances, we find that an allowance of $10,000 is reasonably commensurate with the services rendered and we shall approve the payment thereof.

Jesse J. Holland appeared as counsel for certain common stockholders of Central and Middle West and urged that the Board of Directors of Central be increased and be made more representative. He also urged the cancellation of the long-standing contract between Central and Middle West Service Corporation for management and supervisory services. Largely as the result of his efforts the Board of Directors was increased from seven to eleven members and the additional directorships were filled by persons who, at the time of their election, were not affiliated with Central or the Middle West system. The service contract was also canceled and the Board undertook an independent study of the question of whether the operating companies in the Central System require specialized services from Middle West Service Corporation. While Holland did not appear in the proceedings until after the plan had been approved by the Commission and enforced by the United States District Court for the District of Delaware, his services were of benefit to the estate. We find that an allowance of $2,500 plus expenses in the amount of $600.46 is reasonably commensurate with the benefits his services conferred upon the estate and we shall approve the payment thereof.

Albert S. Turner filed a request for an allowance of $3,700 for services to the prior lien stockholders of South West and certain preferred stockholders of American. This request for allowance was later increased to $20,609. Turner is in the brokerage business and employed by the brokerage firm of Auchincloss, Parker & Redpath in Philadelphia, Pennsylvania, and stated that he appeared on behalf of certain customers of the firm and others. We regard Turner's position as one who sold securities as a phase of his employment and who sought as an incidence of such employment to protect those securities in reorganization of the issuer as a part of the process of the retention of the good will of his employer's customers. Under such circumstances, he cannot look to the estate for compensation.[5] Apart from the foregoing, we are unable to find any rendition of service which on the merits would entitle Turner to compensation from the estate. He was, as stated in the record, "outraged at the fact that we were going to get common stock" and therefore opposed the plan which so provided. The fact that the plan, as finally approved, did embody a provision permitting cash retirements of preferred stock at the option of the holder was not something to which Turner can point as a contribution. It was only possible because of the general market rise which made possible the sale of common stock in an amount sufficient to generate cash required to retire preferred shares where the holders had so elected. The circumstance of market rise was entirely fortuitous and not to have taken it into account would have been to ignore the realities of the situation and, in this connection, Turner's contentions did not in any way influence the formulation of the final plan or aid us in approving it. After carefully considering the record made by Turner at the hearings on the plan and at the hearing in connection with his application for fees, we are of the opinion that Turner performed no services which may be compensated for out of the estate. Accordingly, his request for an allowance of fees in the amount of $20,609 is denied, and our order will so provide.

It is therefore ordered, That Central and South West Corporation and The Middle West Corporation pay the fees and expenses of counsel retained by each, as itemized herein, in the amounts of $59,321.38 and $34,943.28, respectively.

It is further ordered, That Central and South West Corporation pay the fees and disbursements of the Common Stockholders' Committee and its Counsel, as itemized herein, in the aggregate amount of $56,874.15; the fees and expenses of Benjamin Mahler in the amount of $10,000; and the fees and expenses of Jesse J. Holland in the amount of $3,100.46.

It is further ordered, That the jurisdiction heretofore reserved in our Order dated April 30, 1946, with respect to the reasonableness and appropriate allocation of all other fees and expenses and other remunerations in connection with the plan and the transactions incident thereto be, and the same is, hereby released, except for the limited purpose of determining whether any allowance shall be made to William J. McEnery, Chairman of Common Stockholders' Committee, who has heretofore filed a notice of intention to file an application requesting compensation for his services.

It is further ordered, That any application for fees and allowances by William J. McEnery be filed not later than October 29, 1948.

It is further ordered, That the request of Albert S. Turner for an allowance be, and the same hereby is, denied.

By the Commission (Commissioners McConnaughey, McEntire, McDonald, and Rowen), Chairman Hanrahan being absent and not participating.

LANCASTER COUNTY GAS CO. AND UNITED GAS IMPROVEMENT CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 1st day of October 1948.

Notice is hereby given that The United Gas Improvement Company ("UGI"), a registered holding company, and its subsidiary, Lancaster County Gas Company ("Lancaster"), have filed a joint application-declaration, and amendments thereto, pursuant to the Public Utility Holding Company Act of 1935 ("act").

Applicants-declarants have designated sections 6 (b), 9, 10, and 12 of the act and Rule U-43 promulgated thereunder as applicable to the proposed transactions.

All interested persons are referred to said joint application-declaration, as amended, which is on file in the offices of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

UGI has entered into an agreement with Pennsylvania Power & Light Company ("Pennsylvania"), a non-affiliated company, providing for the sale by the latter and the purchase by Lancaster (a corporation organized and financed by UGI) of all the properties of Pennsylvania relating to the business of the manufacture, transmission, distribution, and sale of gas in Lancaster County, Pennsylvania, for a base purchase price of $1,450,000 in cash, plus the cost of (a) all gross capital additions to the gas properties made between January 1, 1948, and the date of closing, and (b) certain materials and supplies.

In order to provide Lancaster with sufficient funds to finance the acquisition of such properties and to provide Lancaster with necessary working capital, UGI proposes to purchase 50,000 shares of the $50 par value capital stock to be issued and sold by Lancaster for the sum of $2,500,000 in cash.

Applicants-declarants state that the acquisition by Lancaster of the gas properties to be acquired and the issue and sale by Lancaster of the 50,000 shares of its capital stock are subject to the jurisdiction of the Pennsylvania Public Utility Commission.

Notice is further given that any interested person may, not later than October 25, 1948, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request, the nature of his interest and the issues of fact or law raised by said joint application-declaration, as amended, which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 25, 1948, said joint application-declaration, as filed or as further amended, may be permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

By the Commission.

NEW ENGLAND PUBLIC SERVICE CO.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 1st day of October A. D. 1948.

Notice is hereby given that a declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935, by New England Public Service Company ("NEPSCO"), a registered holding company. Declarant designates section 12 (d) of the act and Rule U-50 promulgated thereunder as applicable to the proposed transactions.

All interested persons are referred to said declaration which is on file in the offices of the Commission for statement of the transactions therein proposed, which are summarized as follows:

NEPSCO owns 493,856.8 shares of the common stock, $10 par value, of Public Service Company of New Hampshire ("New Hampshire"), representing 58.9% of the presently outstanding common stock. NEPSCO now proposes to sell, at competitive bidding under Rule U-50, 200,000 shares of its holdings of the common stock of New Hampshire. The price which NEPSCO will receive for the common stock, the price at which it will be offered to the public, the names of the purchaser or purchasers and the number of shares subscribed for respectively, will be supplied by amendment. All of said shares of common stock of New Hampshire owned by NEPSCO have been pledged by it under a Bank Loan Agreement between NEPSCO and certain banks and trust companies, dated as of July 24, 1947, securing promissory notes of NEPSCO dated October 9, 1947, the balance of which is presently outstanding in the aggregate amount of $12,300,000. The net proceeds from the sale of New Hampshire's common stock will be applied toward the reduction of said promissory notes, the issuance of which were approved by orders of the Commission dated June 27, 1947, and September 12, 1947, as a part of the amended plan of NEPSCO for the retirement of its Prior Lien Preferred stock. This plan provided, inter alia, for a one year bank loan by NEPSCO from the First National Bank of Boston and four other banks and trust companies in an amount not in excess of $16,000,000. It further provided that, in the event of the loan, NEPSCO would, within one year after the date of the loan, sell, at competitive bidding pursuant to Rule U-50, or in such manner as the Commission may approve, sufficient of its holdings to repay the loan in full unless the Commission granted one or more extensions. On October 9, 1947, NEPSCO borrowed an aggregate amount of $13,500,000 to effect the retirement of its Prior Lien Preferred stock, which amount has now been reduced to $12,300,000. Under the Bank Loan Agreement, NEPSCO has the right to two successive renewals of one year each, provided the Commission approves such renewals. NEPSCO has now filed an application with the Commission proposing to renew its said bank notes for the period of one year from October 9, 1948, and requesting a one year extension to October 9, 1949 of the time within which NEPSCO must sell sufficient of its holdings of utility stocks to repay in full its said bank loan. The Commission has ordered a hearing with respect to said application on October 5, 1948.

Declarant states that no State Commission has jurisdiction over the proposed transactions.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said declaration and that said declaration should not be permitted to become effective except pursuant to further order of this Commission;

It is hereby ordered, Pursuant to the applicable provisions of the act and the rules and regulations thereunder, that a hearing with respect to said declaration be held on October 19, 1948, at 10:00 a. m., e. s. t., at the offices of the Commission, 425 Second Street NW., Washington 25, D. C. On such date the hearing room clerk in Room 101 will advise as to the room in which such hearing will be held. Any persons desiring to be heard or otherwise wishing to participate in this proceeding shall file with the Secretary of the Commission on or before October 18, 1948, his request or application therefor as provided in Rule XVII of the Commission's rules of practice.

It is further ordered, That James G. Ewell, or any other officer or officers of this Commission designated by it for that purpose shall preside at such hearing and is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the declaration and that, upon the basis thereof, the following matters and questions are presented for consideration without prejudice to its specifying additional matters or questions upon further examination:

1. Whether the proposed sale by New England Public Service Company of the common stock of Public Service Company of New Hampshire meets the requirements of section 12 (d) of the act and the rules and regulations promulgated thereunder.

2. Whether the fees or other remuneration to be paid in connection with the proposed transactions are reasonable.

3. Whether the accounting entries proposed to be made by New England Public Service Company in connection with the proposed transactions are consistent with sound accounting principles and conform to the standards of the act and the rules promulgated thereunder.

4. Whether the proposed transactions as submitted, or as may be hereinafter modified, are consistent with the provisions of the amended plan of New England Public Service Company for the retirement of its Prior Lien Preferred stock, approved by orders of the Commission, dated June 27, 1947 and September 12, 1947.

5. Generally, whether the proposed transactions comply with all the requirements of the applicable provisions of the act and the rules and regulations promulgated thereunder, and whether, it is necessary or appropriate in the public interest or for the protection of investors and consumers to impose terms and conditions in connection with the proposed transactions.

It is further ordered, That particular attention be directed at said hearing to the foregoing matters and questions.

It is further ordered, That the Secretary of this Commission shall serve a copy of this order by registered mail on New England Public Service Company, Public Service Company of New Hampshire, the Federal Power Commission, and on all other persons heretofore granted participation in the proceeding with respect to the retirement of Prior Lien Preferred stock of New England Public Service Company (File No. 59-15); and that notice of said hearing shall be given to all other persons by publication of this notice and order in the FEDERAL REGISTER and by general release of this Commission distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935.

By the Commission.

NEW ORLEANS PUBLIC SERVICE, INC.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 1st day of October A. D. 1948.

Notice is hereby given that New Orleans Public Service, Inc. ("New Orleans"), a utility subsidiary of Electric Power & Light Corporation ("Electric"), a registered holding company subsidiary of Electric Bond and Share Company, also a registered holding company, has filed an application pursuant to the Public Utility Holding Company Act of 1935, and has designated sections 6 (b) and 7 of the act and Rule U-50 of the rules and regulations promulgated thereunder as applicable to the proposed transactions which are summarized as follows:

New Orleans proposes to issue and sell pursuant to the competitive bidding requirements of Rule U-50 $10,000,000 principal amount of its First Mortgage Bonds, ----------% Series, due 1978, to be issued under and secured by the Company's presently existing mortgage and deed of trust, dated as of July 1, 1944, as supplemented by a first supplemental indenture to be dated as of October 1, 1948. The application states that the proceeds from the sale of bonds will be used to carry forward the company's construction program and for other corporate purposes.

The application states that the proposed transaction has been expressly authorized by the City Council of the City of New Orleans, the State Commission of the State in which the company is organized and doing business.

Applicant requests that the Commission's order herein be issued as promptly as may be practicable and that it become effective forthwith upon the issuance thereof.

Notice is further given that any interested person may not later than October 13, 1948, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 13, 1948, said application as filed or as amended may be granted as provided in Rule U-23 of the rules and regulations promulgated under said act or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof. All interested persons are referred to said application which is on file with this Commission for a statement of the transactions therein proposed.

CENTRAL AND SOUTH WEST CORP. AND PUBLIC SERVICE COMPANY OF OKLAHOMA

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 4th day of October A. D. 1948.

Notice is hereby given that a joint application-declaration has been filed with this Commission pursuant to the provisions of the Public Utility Holding Company Act of 1935 ("act") by Central and South West Corporation ("Central"), a registered holding company and its subsidiary, Public Service Company of Oklahoma, ("Public Service"). Applicants-declarants have designated sections 6, 7, 9 (a), 10 and 12 (f) of the act and Rule U-43 promulgated thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than October 18, 1948, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reason for such request and the issues, if any, of fact or law raised by said joint application-declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 18, 1948, said joint application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said joint application-declaration which is on file in the office of the Commission for a statement of the transactions therein proposed, which may be summarized as follows:

The authorized capital stock of Public Service consists of 203,500 shares of $100 par value 4% preferred stock, of which 98,500 shares are issued and outstanding, and 140,000 shares of $100 par value common stock, of which all of the issued and outstanding shares (111,167) are owned by Central.

Public Service proposes to amend its Articles of Incorporation so as to provide for the issuance of shares of $10 par value common stock to the holder of its 111,167 shares of outstanding $100 par value common stock, on the basis of ten shares of new common stock for each share of $100 par value common stock held, without otherwise changing the relative rights, preferences or privileges thereof. The proposed amendment will also provide for an increase in the total authorized number of shares of common stock to 2,000,000 shares of $10 par value and, in order to maintain the relative voting rights of the preferred and common stock, will provide for an increase from one vote per share to ten votes per share of preferred stock, in all cases where said stock is entitled to vote.

Public Service proposes to issue and Central proposes to acquire 1,111,670 shares of the new $10 par value common stock upon the surrender and cancellation by Central of its holdings of the outstanding 111,167 shares of the $100 par value common stock.

Public Service further proposes to issue as a common stock dividend, and Central proposes to acquire, 538,330 additional shares of the new $10 par value common stock of Public Service and in connection therewith Public Service proposes to transfer $5,383,300 from its Earned Surplus Account to its Common Stock Capital Account.

The Corporation Commission of the State of Oklahoma has issued an order authorizing the transactions proposed by Public Service.

Applicants-Declarants request that the Commission's order herein be issued as soon as practicable and that it become effective forthwith.

By the Commission.

UNITED CORP.

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 1st day of October 1948.

Notice is hereby given that an application-declaration has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by The United Corporation ("United"), a registered holding company. Applicant-declarant has designated sections 10 (a) (1) and 12 (d) of the act as applicable to the proposed transaction.

Notice is further given that any interested person may, not later than October 11, 1948, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application-declaration proposed to be controverted, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 11, 1948, said application-declaration, as filed or as amended, may be granted and permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said application-declaration which is on file in the office of this Commission for a statement of the transaction therein proposed, which is summarized as follows:

The Columbia Gas System, Inc. ("Columbia"), a subsidiary of United, has pending before the Commission a declaration with respect to the issue and sale to the holders of its common stock of 1,223,000 additional shares of such stock (File No. 70-1945, Holding Company Act Release No. 8533). Columbia proposes to offer such shares of common stock by distribution to its common stockholders in accordance with their preemptive rights, of transferable warrants evidencing rights to subscribe for one full share of such stock for each ten shares held and the privilege (referred to as the Additional Subscription Privilege in the declaration filed by Columbia) of subscribing for such of the additional shares of common stock as have not been subscribed for pursuant to such rights to subscribe, the offering price per share of such stock to be set by Columbia at a later date.

United, as the owner of 1,919 856 shares of the common stock of Columbia, proposes to subscribe for up to 191,985 shares of common stock of Columbia in accordance with its rights to subscribe, and up to 50,000 additional shares of such stock in accordance with the Additional Subscription Privilege, or to sell up to 1,919,856 rights to subscribe.

It is requested that the Commission's action upon this application-declaration be accelerated so as to insure that the corporation will have ample opportunity either to subscribe for the additional shares in question or to sell up to 1,919,856 rights to subscribe in an orderly manner in advance of the expiration date of the subscription offer.

By the Commission.

MICHIGAN-WISCONSIN PIPE LINE CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 1st day of October A. D. 1948.

Notice is hereby given that an application has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 ("act"), by Michigan-Wisconsin Pipe Line Company ("Michigan-Wisconsin"), a non-utility subsidiary of American Light & Traction Company ("American Light"), a registered holding company. Applicant designates section 6 (b) of the act and Rule U-50 promulgated thereunder as applicable to the proposed transactions.

All interested persons are referred to said application on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized as follows:

Michigan-Wisconsin proposes to issue and sell $66,000,000 principal amount of 3⅝%, First Mortgage Bonds, due 1968, of which $59,400,000 would be sold to Metropolitan Life Insurance Company ("Metropolitan") and $6,600,000 principal amount would be sold to the Mutual Life Insurance Company of New York ("Mutual"). The bonds are to be issued under and secured by a Mortgage and Deed of Trust in favor of City Bank Farmers Trust Company, as corporate trustee. The bonds will be subject to a sinking fund which will retire the entire issue by the maturity date and provisions are made whereby the sinking fund may be accelerated under certain circumstances. Applicant proposes to issue and sell an aggregate of $12,000,000 principal amount of the bonds as promptly as possible during the year 1948 of which $10,800,000 principal amount will be sold to Metropolitan and $1,200,000 principal amount to Mutual. The balance of $54,000,000 principal amount of said bonds will be sold in the same proportion to Metropolitan and to Mutual during the year 1949, from time to time, as funds are needed, in not more than four lots of which no lot shall be less than $10,000,000 principal amount. A commitment fee computed at the rate of 1% per annum from October 1, 1948, will be paid on the $54,000,000 principal amount of bonds to be sold in the year 1949.

Applicant states that the net proceeds to be derived from the issuance and sale of the said bonds will be used to provide a portion of the funds required for the construction of the initial portion of a natural gas pipeline which will extend from the Hugoton Gas Field in the States of Texas and Oklahoma to the State of Wisconsin and to Austin Field (an underground storage field) in west central Michigan. It is stated that said initial portion of the pipeline will be capable of delivering approximately 75,000,000,000 cu. ft. of gas annually and will consist of approximately 800 miles of 24-inch line from the Hugoton Gas Field to a point near Joliet, Illinois, known as Wisconsin Junction together with a 22-inch line from Wisconsin Junction into the State of Wisconsin, a 22-inch line from Wisconsin Junction to Austin Field and an installed compressor capacity of approximately 48,000 horse power. It is also stated that the present estimated cost of such construction, including a reasonable allowance for working capital, will be approximately $88,000,000 of which $22,000,000 has already been made available through the issuance and sale to American Light of a like par amount of common stock.

Applicant requests an exemption from the requirements of section 6 (a) and 7 of the act pursuant to the last clause of the third sentence of section 6 (b) thereof. Applicant also requests an exemption from the competitive bidding requirements of Rule U-50.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said application and that the application shall not be granted except pursuant to further order of the Commission.

It is ordered, That a hearing, with respect to said application, pursuant to applicable provisions of the act and the rules and regulations promulgated thereunder, be held on October 12, 1948 at 10:00 a. m., e. s. t., at the office of the Commission, 425 Second Street NW., Washington 25, D. C., in such room as the hearing room clerk in Room 101 shall on such date designate.

Any persons desiring to be heard or otherwise wishing to participate in the proceeding shall file with the Secretary of this Commission on or before October 11, 1948, a written request to be heard or otherwise participate as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That Edward C. Johnson, or an officer or officers of this Commission designated by it for that purpose, shall preside at such hearing and that the hearing officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to this Commission under section 18 (c) of the act, and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the application and that, upon the basis thereof, the following matters and questions are presented for consideration without prejudice to the specification of additional matters or questions upon further examination:

(1) Whether the terms and conditions of the issue and sale of the bonds are appropriate in the public interest and in the interest of investors and consumers.

(2) Whether the Indenture securing the proposed bonds contains adequate protective provisions.

(3) Whether it is appropriate in the public interest and in the interest of investors and consumers to grant the request for an exemption from the provisions of Rule U-50.

(4) Whether the fees, commissions, and other remunerations to be paid in connection with the proposed transactions are for necessary services and are reasonable in amount.

(5) Whether the accounting entries to record the proposed transactions on the books of the company are proper and conform with sound accounting principles and meet the requirements of the act.

(6) What terms or conditions, if any, with respect to the proposed transactions should be prescribed in the public interest or for the protection of investors or consumers.

It is further ordered, That the Secretary of the Commission shall serve a copy of this order by registered mail on the applicant, the Federal Power Commission, the Michigan Public Service Commission, and the Wisconsin Public Service Commission, and that further notice of said hearing shall be given to all other persons by publication of this notice and order in the FEDERAL REGISTER and that a general release of this notice and order shall be distributed to the press.

By the Commission.

TITLE 6—AGRICULTURAL CREDIT

Chapter II—Production and Marketing Administration (Commodity Credit)

[1948 C. C. C. Corn Bulletin 1, Amdt. 1]

PART 248—CORN LOANS AND PURCHASE AGREEMENTS

1948 CORN PRICE SUPPORT BULLETIN

The regulations issued by Commodity Credit Corporation and the Production and Marketing Administration, published in 13 F. R. 5417, governing the making of loans and containing the requirements of the purchase agreement program on corn produced in 1948, is amended as follows:

1. Section 248.202, *Availability of loans and purchase agreements*, paragraph (b), *Time*, subparagraph (2), *Purchase agreements*, is amended to read as follows:

(2) *Purchase agreements.* Purchase agreements will be available to producers from time of harvest through June 30, 1949, in all States and counties where loans are available, except in areas determined to be angoumois moth infestation areas, by State PMA committees. In angoumois moth infestation loan areas and in other States and counties for which rates are established by the Manager, CCC, for the purchase agreement program only, purchase agreements will be available from time of harvest through March 31, 1949. Purchase agreements must be signed by the producer and delivered or mailed to the county committee not later than such dates.

2. The first paragraph under § 248.219, *Maturity and satisfaction*, paragraph (b), *Purchase agreements*, is amended to read as follows:

(b) *Purchase agreements.* The producer who signs a purchase agreement (Commodity Purchase 1) will not be obligated to deliver any corn to CCC. However, the number of bushels he specifies in the purchase agreement will be the maximum quantity he may deliver to CCC. A producer who signs a purchase agreement will have a 30-day period during which he may exercise his option to sell corn to CCC. In areas where loans are available this period will extend for 30 days from September 1, 1949, the maturity date for corn loans, or from such earlier date as demand may be made by CCC for payment of corn loans. In areas where loans are not available and where rates have been established for the purchase agreement program only this period will extend for 30 days from June 1, 1949, or from such earlier date as may be determined by the Manager, CCC. Within the 30-day period allowed the producer for exercising his option to sell corn to CCC, he shall submit warehouse receipts representing eligible corn stored in eligible warehouse storage to the county committee for the quantity of corn he elects to sell to CCC, but not in excess of the number of bushels shown on Commodity Purchase 1, or, in the case of corn stored in other than eligible warehouse storage, he shall notify the county committee of his intention to sell and request delivery instructions. The producer must then complete delivery within a 15-day period immediately following the date the county committee issues delivery instructions, unless the county committee determines more time is needed for delivery. Corn stored in other than eligible warehouse storage will be purchased on delivery at points designated by CCC. When delivery is completed payment shall be made by a sight draft drawn on CCC by the State PMA office on the basis of approved Commodity Purchase 4. The producer shall direct on such form to whom payment of the purchase price shall be made.

Subchapter G—Farm Ownership

PART 364—REGULATIONS

GENERAL REGULATIONS

Section 364.1, *General regulations*, in Title 6, Code of Federal Regulations (6 CFR, 1947 Supp., 364.1), is amended to read as follows:

§ 364.1 *General regulations*—(a) *General.* (1) The word "farm" as used in procedure relating to Farm Ownership loans includes the land, buildings, fences, water appurtenances, and other improvement items generally considered a part of the real estate. Funds for such items, as needed, should be provided in Farm Ownership loans. In some States, certain improvement items or appurtenances which ordinarily would be considered a part of the real estate may, by agreement between the owner of the land and the person furnishing or using such appurtenances, remain personal property. Such an agreement would be binding on a Farm Ownership borrower who purchases the land. In all cases where funds are included in a Farm Ownership loan to purchase such improvements or appurtenances, the County Supervisor, with the advice of the representative of the Office of the Solicitor, will ascertain that such appurtenances are free from any liens or encumbrances and are covered adequately by the first mortgage (deed of trust) to be taken on the real property.

(2) When a Farm Ownership applicant has funds of his own to apply toward the purchase, enlargement, or development of a farm, such funds will be deposited in a supervised bank account as soon as possible but not later than the time the Farm Ownership loan funds are deposited. Such funds will not be held back for making additional and unapproved expenditures.

(3) Any existing liens on a farm which is to be enlarged or developed will be paid off with the proceeds of a Farm Enlargement or Farm Development loan, so that there will be no liens on the farm other than the first mortgage (deed of trust) securing the loan.

(4) Except as otherwise authorized by the Administrator, arrangements will not be made with sellers to construct new or repair old buildings in order to comply with the anticipated needs of Farm Ownership applicants. Construction work will be financed with the proceeds of Farm Ownership loans and will be subject to established Farm Ownership regulations.

(5) Each Farm Ownership applicant will be advised that, if at any time it shall appear that he is able to refinance his loan with a responsible cooperative or private credit source at a rate of interest not in excess of five percent (5%) per annum, and on terms for loans for similar periods of time and purposes prevailing in the area in which the loan is to be made, he must, upon request of the Government, apply for and accept such refinancing.

(6) There may be included in each Farm Ownership loan a service fee in an amount sufficient to pay for (i) recordation of the deed and mortgage (deed of trust), (ii) any portion of the expense of title examination and title insurance chargeable to the borrower, (iii) bank charges for handling deposits in connection with the loan, (iv) an appraisal fee of twenty dollars ($20) for an insured loan borrower, and (v) other expenses necessary in connection with the acquisition of the land and the closing of the loan. A sum of five dollars ($5) will be added to the sum of these charges to cover possible underestimates.

(7) Promptly after completion of the planned expenditures, any remaining balance of a Farm Ownership loan will be applied on the borrower's Farm Ownership loan account as a refund.

(8) No Farm Ownership loan will be made unless it has been determined, after representation by the applicant on Form FHA–5, "Loan Voucher," for a direct loan, or on Form FHA–359, "Borrower-Insurer-Lender Triple Agreement," for an insured loan, and certification to such effect by the County Committee on Form FHA–491, "County Committee Certification," that credit sufficient in amount to finance the actual needs of the applicant is not available to him, at a rate of interest not exceeding five percent (5%) per annum and on terms prevailing in the community, in or near which the applicant resides for loans of similar size and character from commercial banks, cooperative lending agencies, or from any other responsible source.

(b) *Restrictions on loans.* Farm Ownership loans will not be made to:

(1) Any corporation, partnership, or cooperative association.

(2) Carry on any operations in collective farming or cooperative farming.

(3) Carry on any Government land-purchase or land-leasing program, or to organize, promote, or manage homestead associations, land-purchasing associations, or cooperative land-purchasing for colonies of rehabilitants and tenant purchasers.

(4) Purchase or refinance indebtedness against machinery, tools, equipment, livestock, and similar items legally not considered real property. A Production and Subsistence loan will not be made to pay the principal or interest or a mortgage insurance charge on a Farm Ownership loan.

(5) Finance any farm development not located on the property covered by the mortgage (deed of trust).

(6) Pay real property insurance premiums.

(7) Pay mortgage insurance charges on insured loans.

(8) Purchase a building located on an outside tract to be moved to a Farm Ownership farm, unless an exception is made in a particular case by the State Director. Such an exception will be granted by the State Director only upon condition that the building purchased is, in the opinion of the representative of the Office of the Solicitor, released properly from any liens or mortgages outstanding against the property on which it is located, and the further condition that it definitely is more advantageous to the borrower to purchase and move a building to a Farm Ownership farm than it is to construct or repair a building on the Farm Ownership farm.

(c) *Disabled veterans.* No Farm Ownership loan will be made to a disabled veteran with a pensionable disability to enable him to acquire, enlarge, or improve a farm which is less than an efficient family-type farm unless the unit as acquired, enlarged, or improved is of sufficient size and character to meet the farming capabilities of such a veteran and will afford him an income which, together with his pension, will enable him to meet his living and operating expenses and repay the loan.

(d) *Additional limitations for farm enlargement and farm development loans.* (1) No farm enlargement or farm development loan will be made if the indebtedness to be refinanced plus the costs incident to such refinancing exceeds the determination by the County Committee of the value less planned improvements of the applicant's unit.

(2) With the exception of Farm Development loans to disabled veterans as provided in paragraph (c) of this section, no Farm Development loan will be made except for improving a farm of such size that it can be developed into an efficient family-type farm and for refinancing such indebtedness as is necessary against such a farm.

(e) *Terms of loans*—(1) *Amortization period.* Farm Ownership loans will be amortized over a period not to exceed forty years.

(2) *Interest rates.* (i) For direct Farm Ownership loans, the interest rates per annum on the unpaid principal are as follows:

(*a*) Three percent (3%) on loans approved prior to November 1, 1946.

(*b*) Three and one-half percent (3½%) on loans approved subsequent to October 31, 1946, and prior to June 19, 1948.

(*c*) Four percent (4%) on loans approved subsequent to June 18, 1948.

(ii) For insured Farm Ownership loans, the interest rates per annum on the unpaid principal are as follows:

(*a*) Two and one-half percent (2½%) on loans approved prior to June 19, 1948.

(*b*) Three percent (3%) on loans approved subsequent to June 18, 1948.

(3) *Mortgage insurance charge.* Each insured loan borrower must pay a mortgage insurance charge in addition to

principal and interest payments on his loan.

(i) Each insured loan borrower whose loan was approved subsequent to June 18, 1948, must pay on the date of loan closing an initial mortgage insurance charge, computed at the rate of one percent (1%) of the principal obligation of the mortgage, covering the period from the date of loan closing to the next March 31.

(ii) Each insured loan borrower whose loan was approved subsequent to June 18, 1948, or who executed Form FHA–362, "Supplementary Agreement," (for loans approved prior to June 19, 1948), must pay an annual mortgage insurance charge of one percent (1%) of the actual principal obligation remaining unpaid as of March 31 each year. The first annual mortgage insurance charge will be computed on the basis of the principal obligation remaining unpaid as of the March 31 on which the first installment on the note is due, and must be paid on or before the following March 31. Each succeeding annual mortgage insurance charge will be computed on the basis of the principal obligation remaining unpaid as of March 31 each year thereafter, and must be paid on or before the following March 31. Annual mortgage insurance charges shall continue until the mortgage is paid in full or the mortgaged property is acquired by the Government, or until the contract of insurance is otherwise terminated.

(iii) Prior to the first April 1 following the date of loan closing, each insured loan borrower whose loan was approved prior to June 19, 1948, and who has not executed Form FHA–362, must pay a mortgage insurance charge covering the period from the first anniversary date of his note to the date on which the second installment on his note becomes due. The charge for this proportionate part of a year will be computed on the basis of one percent (1%) of the entire principal obligation less any amount of principal required to be paid on or before the first installment date.

(iv) Prior to each April 1 thereafter during the life of the loan, each insured loan borrower whose loan was approved prior to June 19, 1948, and who has not executed Form FHA–362, must pay a mortgage insurance charge covering the succeeding twelve (12) month period. This annual charge will be equal to one percent (1%) of the principal obligation of his mortgage that would remain unpaid on the next installment date if the borrower should pay exactly in accordance with the installment payments specified in his note.

(4) *Security instrument.* Farm Ownership loans will be secured by a first mortgage (deed of trust) on the farm. The mortgage (deed of trust) securing the debt will specify the terms and conditions under which the funds were advanced to the borrower. In addition to the repayment period and the interest rate, as indicated in subparagraphs (1) and (2) of this paragraph, such instruments will provide, among other conditions, that:

(i) The borrower will repay the unpaid balance of the loan, with interest, in installments based upon prescribed amortization schedules.

(ii) The borrower will keep the property insured against loss by fire or other casualty, and will pay taxes, assessments, and other charges against the farm to the proper taxing authorities.

(iii) The borrower personally and continuously will use the property as a farm and for no other purpose.

(iv) The farm will be maintained in good condition; waste and exhaustion of the property will be prevented; required repairs will be made; and farming conservation practices as prescribed by the Secretary of Agriculture will be carried out.

(v) Final payment on the loan will not be accepted in less than five (5) years, without written consent of the Farmers Home Administration. If an insured loan is paid in full in less than five (5) years, the borrower may be required to pay an additional charge equal to the annual mortgage insurance charge for the year in which the loan is repaid in full.

(vi) The entire amount due on the loan, for violation of certain agreements, may be declared immediately due and payable. The Secretary of Agriculture may require assignment to the Government of the insured mortgage of a borrower who violates certain agreements.

(vii) The borrower will apply for and accept a refinancing loan from a responsible cooperative or private credit source, if at any time it shall appear to the Secretary of Agriculture that the borrower is able to obtain such a loan at a rate of interest not in excess of five percent (5%) per annum and on terms for loans for similar periods of time and purposes prevailing in the area in which the loan is made.

(viii) Each insured loan borrower will pay to the Farmers Home Administration, as collection agent for the Mortgagee, amounts payable to the Mortgagee under the mortgage.

(ix) The holder of an insured mortgage will accept the benefits of the insurance furnished by the Government in lieu of any right of foreclosure which the Mortgagee may have against the mortgaged property and any right to a deficiency judgment against the Mortgagee on account of the mortgage.

(5) *Sale of nondelinquent insured mortgages to the Government.* Any holder of an insured mortgage approved subsequent to June 18, 1948, and any previously approved mortgage for which Form FHA–362 has been executed, may, at his option, within a period of one year beginning after the expiration of seven (7) years from the date of the mortgage, have the mortgage purchased by the Government even though the mortgage is not then in default. If the holder exercises such option, the Government will purchase the mortgage and pay the holder in cash an amount equal to the value of the mortgage. For such purpose, the value of the mortgage will be determined by adding to the then outstanding unpaid principal, the amount of any unpaid interest and the unpaid amount of any advances made by a holder for property insurance premiums, taxes, assessments, water charges, and other payments in discharge of liens which are prior to the mortgage. If the holder of the mortgage does not exercise the above-mentioned option, he may accept any new agreement which may be offered by the Government to purchase the mortgage, or the holder may retain the mortgage until it is paid in full, refinanced, or assigned to another lender.

CONSERVATION PRACTICES AND RATES OF PAYMENT

Paragraph (b), *Continuation of faces on trees of proper size,* § 706.902, as amended, is hereby further amended as follows:

Amend the "Performance" provision of this paragraph (b) to read as follows:

Performance: With the exception of back faces on trees having a worked-out face, the only faces that may be continued as working faces are those on trees which are at least 9 inches d. b. h., and not more than one face may be continued on any tree which is less than 14 inches d. b. h.: *Provided, however,* That faces installed during or after the 1945 season which do not meet the above requirements, but were approved for payment under a previous program, will be accepted under this practice if such faces are still being worked in 1948. If faces have been installed contrary to the requirements, the cups and tins on such faces shall be removed within 30 days after being discovered unless a longer period of time for their removal is approved by the Forest Service. The first streak of any new faces installed on round trees shall not exceed a height of 18 inches from the ground. When this requirement is not met, no payment will be made for the faces in the tract or drift.

Chapter VIII—Production and Marketing Administration (Sugar Branch)

[General Sugar Regs., Series 3, No. 2, Amdt. 4]

PART 801—GENERAL SUGAR REGULATIONS

ADMINISTRATION OF SUGAR QUOTAS AND HEARING PROCEDURE

By virtue of the authority vested in the Secretary of Agriculture by the Sugar Act of 1948 (61 Stat. 922; 7 U. S. C. 1100) and the Administrative Procedure Act (60 Stat. 237), General Sugar Regulations, Series 3, No. 2, as amended (13 F. R. 127, 1076, 2063, 4590) are hereby amended as hereinafter set forth.

Basis and purpose. This amendment is issued pursuant to the Sugar Act of 1948 and establishes the practice and procedure applicable to the holding of public hearings in connection with the determination of fair prices and fair wages and in connection with recommendations issued under section 409 of the act.

General Sugar Regulations, Series 3, No. 2, as amended are hereby further amended to add a new Subpart G as follows:

SUBPART G—PRACTICE AND PROCEDURE APPLICABLE TO PRICE AND WAGE PROCEEDINGS AND TO PROCEEDINGS UNDER SECTION 409 OF THE SUGAR ACT OF 1948

Sec.
801.101 Definitions.
801.102 When hearing held.
801.103 Notice of hearing.
801.104 Docket number.
801.105 Conduct of hearing.
801.106 Preparation and issuance of determination.
801.107 Revision or amendment of determination.
801.108 Procedure governing proceedings under section 409.
801.109 Preparation and issuance of recommendations under section 409.

AUTHORITY: §§ 801.101 to 801.109 issued under Pub. Law 388, 80th Cong.; 61 Stat. 922.

§ 801.101 *Definitions.* (a) The term "act" means the Sugar Act of 1948 (61 Stat. 922, 7 U. S. C. Supp. 1, 1100–1160);

(b) The term "Department" means the United States Department of Agriculture;

(c) The term "Secretary" means the Secretary of Agriculture or any officer or employee of the Department to whom the Secretary delegates authority to act in his stead;

(d) The term "FEDERAL REGISTER" means the publication provided for by the act of July 26, 1935 (49 Stat. 500), and the acts supplementary thereto and amendatory thereof;

(e) The term "price and wage proceeding" means a proceeding arising under section 301 of the act;

(f) The term "Hearing Clerk" means the Hearing Clerk, United States Department of Agriculture, Washington, D. C.; and

(g) The term "presiding officer" means any employee of the Department designated by the Secretary to conduct hearings under sections 301 and 409 of the act.

§ 801.102 *When hearing held.* The Secretary shall annually hold or cause to be held, pursuant to section 301 of the act, one or more hearings for the purpose of receiving evidence which may be of assistance to him in determining (a) fair and reasonable prices for sugar beets and sugarcane, and (b) fair and reasonable wage rates for persons employed in the production, cultivation, or harvesting of sugar beets or sugarcane. Due notice and opportunity for hearing shall be given to persons employed in the production, cultivation, or harvesting of sugar beets or sugarcane, and to the producers and processors of sugar beets and sugarcane.

§ 801.103 *Notice of hearing*—(a) *Filing and giving notice.* (1) Upon his decision to hold a hearing for the purpose stated in § 801.102, the Secretary shall issue a notice of hearing, which shall be filed with the Hearing Clerk, who promptly shall mail a true copy thereof to grower and labor groups or organizations known to be interested in the proceeding. The Hearing Clerk shall give or cause to be given further notice of the hearing in the following manner:

(i) By publication of such notice in the FEDERAL REGISTER; and

(ii) By issuing a press release containing the complete text or a summary of the contents of such notice.

(2) Legal notice of the hearing shall be deemed to be given if notice is given in the manner provided in subparagraph (1) (i) of this paragraph, and failure to give notice in the manner otherwise provided in subparagraph (1) of this paragraph shall not affect the legality of this notice.

(b) *Proof of mailing or of giving notice.* Proof of the mailing of the notice of the hearing and of other means of giving notice shall be by affidavit or certificate of the person making or giving the same. Such affidavits or certificates shall be filed with the Hearing Clerk and the filing thereof shall be noted on the docket of the proceeding.

(c) *Contents.* The notice of hearing shall contain a statement of the purpose of the hearing, including the complete text, or a summary thereof, of any determination that is to be proposed by the Department at the hearing, and a statement of the time and place for the hearing. The time of the hearing shall not be less than 10 days after the date of publication of the notice in the FEDERAL REGISTER, unless the Secretary shall determine that an emergency exists which requires a shorter period of notice, in which case the period of notice shall be that which the Secretary may determine to be reasonable in the circumstances.

§ 801.104 *Docket number.* Each proceeding, immediately following the filing of the notice of hearing, shall be assigned a docket number by the Hearing Clerk, and thereafter the proceeding shall be referred to by such number.

§ 801.105 *Conduct of hearing*—(a) *Presiding officer.* Each such hearing shall be presided over by such employee or employees of the Department as the Secretary may designate for the purpose. The hearing shall be conducted in such a way as to afford to interested persons a reasonable opportunity to be heard on matters relevant to the issues involved and so as to obtain a clear and orderly record.

(b) *Continuance of hearing.* Each such hearing shall be held at the time and place set forth in the notice of hearing, but may at such time and place be continued by the presiding officer from day to day or adjourned to a later date or to a different place without notice other than the announcement thereof at the hearing.

(c) *Order of procedure.* At the commencement of the hearing, the presiding officer shall file as an exhibit for the record a copy of the FEDERAL REGISTER containing the notice of the hearing, and shall then outline briefly the procedure to be followed. Evidence shall then be received with respect to the matters specified in the notice of hearing in such order as the presiding officer shall prescribe.

(d) *Submission of evidence.* All interested persons appearing at the hearing shall be given reasonable opportunity to offer evidence with respect to the matters specified in the notice of hearing. Every witness shall, before proceeding to testify, be sworn, after which he shall state his name, address, and whom he represents at the hearing, and shall give such other information respecting his appearance as the presiding officer may request. The presiding officer shall confine the evidence to the questions before the hearing but shall not apply the technical rules of evidence. Affidavits as to relevant facts may be admitted in evidence at the hearing. Every witness shall be subject to questioning by the presiding officer or by any other representative of the Department, but cross-examination by other persons shall not be allowed, except in the discretion of the presiding officer.

(e) *Transcript of the evidence.* Testimony given at the hearing shall be reported verbatim. All supporting written statements, charts, tabulations, or similar data offered in evidence at the hearing, and which are deemed by the presiding officer to be authentic and relevant, shall be numbered as exhibits and received in evidence and made a part of the record. Unless the presiding officer finds that the furnishing of copies is impracticable, four copies of the exhibits shall be submitted and in typewritten, printed, or mimeographed form. If sufficient copies are not available, the presiding officer may have any exhibit read in evidence or may require additional copies to be furnished within a specified time.

(f) *Written arguments.* The presiding officer shall announce at the hearing a reasonable period within which interested persons may file with the hearing clerk written arguments based on the evidence received at the hearing. Written arguments will not be accepted unless an original and three copies are filed. The period for filing written arguments may be extended by the presiding officer for good cause.

(g) *Copies of the transcript.* Any person desiring a copy of the transcript of testimony shall be entitled thereto

upon written application filed with the reporter, and upon payment of fees at the rate provided in the contract between the reporter and the Secretary.

§ 801.106 *Preparation and issuance of determination*—(a) *Preparation of proposed determination.* Within a reasonable time after the expiration of the period allowed for the filing of written arguments, the presiding officer, or such employees of the Department as may be assigned for the purpose, shall prepare such proposed determination as is appropriate and practicable.

(b) *Submission of proposed determination to the Secretary.* Immediately upon completion of its preparation, the proposed determination shall be submitted to the Secretary for approval and issuance. The proposed determination shall contain a statement of the bases and considerations upon which such determination was made and shall be accompanied by a memorandum containing a summary of the evidence contained in the record and of any other factual data to which consideration shall have been given in the formulation of the proposed determination.

(c) *Publication of the determination.* Whenever any determination of the Secretary in any price and wage proceeding is issued, a duplicate thereof shall be filed with the Hearing Clerk for public inspection, and the full text of such determination shall be promptly published in the FEDERAL REGISTER. Upon application to the Hearing Clerk, any person shall be entitled to a copy of such determination.

§ 801.107 *Revision or amendment of determination.* Any determination issued in a price and wage proceeding may be revised or amended without the holding of a new hearing.

§ 801.108 *Procedure governing proceedings under section 409.* Whenever, upon request of persons constituting or representing a substantial proportion of the persons affected in any one of the domestic sugar-producing areas, the Secretary shall determine to hold a public hearing under the authority of section 409 of the act, the procedure governing such hearing shall be that provided by §§ 801.103 to 801.105.

§ 801.109 *Preparation and issuance of recommendations under section 409.* The provisions of § 801.106 shall be applicable to any recommendations made by the Secretary with respect to (a) the terms and conditions of contracts between producers and processors of sugar beets and sugarcane, and (b) the terms and conditions of contracts between laborers and producers of sugar beets and sugarcane.

Rescission of prior regulations. Sections 801.101 to 801.109 shall supersede the rules of practice issued October 1, 1946 (7 CFR Cum. Supp. 801.101–801.111).

Issued this 5th day of October 1948.

PART 802—SUGAR DETERMINATIONS

DETERMINATION OF FAIR AND REASONABLE PRICES FOR THE 1948 CROP OF SUGAR BEETS

Pursuant to the provisions of section 301 (c) (2) of the Sugar Act of 1948, after investigation, and due consideration of the evidence obtained at the several public hearings held during October 1947 (for California), and January 1948 (for States other than California), the following determination is hereby issued:

§ 802.12 *Fair and reasonable prices for the 1948 crop of sugar beets.* A producer-processor of sugar beets who, as a producer, applies for a payment under the Sugar Act of 1948, shall be deemed to have complied with the provisions of section 301 (c) (2) of said act with respect to the 1948 crop of sugar beets if such producer-processor shall have paid or contracted to pay prices not less than those provided for in the 1948 crop purchase contract for sugar beets purchased from a producer and processed by said producer-processor.

STATEMENT OF BASES AND CONSIDERATIONS

(a) *General.* The foregoing determination establishes the level of prices which must be paid for the 1948 crop of sugar beets purchased by producer-processors (i. e., producers who also are, directly or indirectly, processors of sugar beets) as one of the conditions for payment under the Sugar Act of 1948. In this Statement the foregoing determination, as well as determinations for prior years, will be referred to as "price determination," identified by the crop year for which effective.

(b) *Requirements of the Sugar Act and Standards employed.* In determining fair and reasonable prices, the Sugar Act requires that public hearings be held and investigations made. Accordingly, the following public hearings were held: Berkeley, California, October 29, 1947; Detroit, Michigan, January 5, 1948; St. Paul, Minnesota, January 7, 1948; Billings, Montana, January 9, 1948; Salt Lake City, Utah, January 12, 1948; and Denver, Colorado, January 14, 1948. At these hearings interested parties presented testimony with respect to fair and reasonable prices for sugar beets of the 1948 crop. In determining fair and reasonable prices to be paid for sugar beets, consideration has been given to testimony presented at the public hearings and to information resulting from investigations of the general economic structure of the industry. However, data presented at the hearings by producers and processors, together with data otherwise available, have not been sufficient to make an exhaustive study of the 1948 beet purchase contracts. At present further study is being given this matter and it is expected that the results of such study will be available for consideration in connection with fair price matters in subsequent years.

(c) *Background.* Contracts covering the terms and conditions of growing and purchase of the sugar beet crop have been in use for many years. These contracts have been developed through negotiations between representatives of the producers and producer-processors. Many changes have been effected in the contracts throughout the years as a result of changes in conditions.

Contracts used in the beet area are of two types, generally known as (1) percentage sharing contracts and (2) scale type contracts. The former, used largely in the Great Lakes area and in a few other factory districts, provides, with some variations, that producers and processors shall share equally in the net proceeds derived from the sale of sugar, beet pulp and molasses actually recovered from the beets. The second and more widely used type of contract provides a scale under which the effective price for sugar beets is determined from (1) the net proceeds derived from the sale of the sugar produced and (2) the percentage of sugar in the sugar beets. Under the scale type contracts, prices for sugar beets are customarily expressed in terms of fixed prices per ton and are calculated on the basis of assumed recoveries of sugar from sugar beets. The actual recovery of sugar is not used as a basis for payment. The producer's share ranges from about 50 to 60 percent of total net sugar proceeds per ton of beets delivered, depending upon the level of net return.

Determinations of fair and reasonable prices for sugar beets have been issued each year since 1937. Except for the 1940 and 1941 crops in areas using scale type contracts, the prices payable in purchase contracts agreed upon between the producer-processor and the producer have been determined to be fair and reasonable in the price determinations in each of these years. The 1940 and 1941 price determinations established specific prices per ton of sugar beets at various levels of net returns and percentages of sugar in the beets, eliminated the clause contained in some contracts under which provision was made for an accelerating rate of reduction in payments to producers when net proceeds from sugar fell below $3.25 per hundredweight; and eliminated the method of calculating average net returns for purposes of settlement with growers on the basis of net proceeds realized from the sale of sugar by other producer-processors. In recent years price determinations have approved purchase contracts which reflected prices payable as provided in price support agreements between Commodity Credit Corporation and producer-processors.

During the years 1943 to 1947, the 1942 contract price scale was used as the basis for the support price under the Commodity Credit Corporation price support programs. The result of these support programs was to increase the producers' returns over what they would have been had the actual net proceeds determined their returns.

(d) *General discussion of 1948 crop contract.* The 1948 crop purchase contracts contain a number of significant changes in the prices for sugar beets. In the scale type contracts, the prices for sugar beets are generally more favorable to producers at levels of net returns from sugar of 6 cents or more per pound than those in previous contracts, except for the special pricing features designed to carry out the price support programs of Commodity Credit Corporation during the war years. Conversely, the prices for sugar beets are generally less favorable at levels of net returns below 6 cents. At decreasing levels of net returns under 6 cents the rate of decline in prices for sugar beets is greater than in previous contracts, while at increasing levels of net returns of 6 cents or more the rate of increase in the price of sugar beets is greater. In the percentage sharing contracts used in the Great Lakes area, producers will receive 15 percent more than their customary share at levels of net returns from sugar between 6.7 and 9 cents per pound. Adjustments in favor of producers were also made in other percentage sharing contracts.

At the present level of sugar prices (7.75 cents per pound, seaboard basis for refined cane sugar), producers will receive under most of the 1948 scale type contracts a higher price for sugar beets than they would have received at such level of sugar prices under previous contracts. Under the 1948 percentage type contracts, producers will receive as much or slightly more at present sugar prices than they would have received at such sugar prices in previous years.

There appears to be general grower satisfaction with the provisions of the 1948 crop contracts applicable to net returns of 6 cents per pound and above. Objections have been expressed by certain growers, however, concerning prices for sugar beets at lower levels of net returns. Cost information now being collected will show the relative profitability of growing and processing sugar beets and this may indicate which part of the industry would be better prepared to absorb price reductions, if any occur. These studies have not yet proceeded far enough to enable the Department to draw specific conclusions as to the fairness of the contracts in the lower price ranges. Moreover, major declines in prices are usually accompanied by cost reductions in at least some of the growing or processing operations. The nature and degree of such cost reductions cannot be anticipated fully at this time. Therefore, it would be without purpose to undertake to evaluate the terms of the contracts applicable to materially lower prices than now exist. Accordingly, this determination does not constitute an evaluation of those provisions of the contracts applicable to materially lower prices of sugar.

(e) *1948 price determination.* The 1948 price determination provides that a producer-processor shall be deemed to have complied with section 301 (c) (2) of the Sugar Act if he pays or contracts to pay prices provided for in the purchase contract between such producer-processor and the producer from whom beets are purchased.

In view of the foregoing, I hereby find and conclude that the determination made herein for the 1948 crop of sugar beets is fair and reasonable and that compliance therewith will effectuate the purposes of section 301 (c) (2) of the Sugar Act of 1948.

PART 941—MILK IN THE CHICAGO, ILL., MARKETING AREA

PART 967—MILK IN THE SOUTH BEND-LA PORTE, IND., MARKETING AREA

PART 969—MILK IN THE SUBURBAN CHICAGO, ILL., MARKETING AREA

ORDER SUSPENDING CERTAIN PROVISIONS

Pursuant to notice published in the FEDERAL REGISTER (13 F. R. 4836), and actual notice given to interested parties, consideration has been given to the suspension of:

1. The proviso ": *Provided*, That the basic formula price effective for July shall not be less than that effective for June, and that the basic formula price effective for December shall not be higher than that effective for November", appearing in § 941.5 (a) of order No. 41, as amended, regulating the handling of milk in the Chicago, Illinois, milk marketing area;

2. The proviso ": *Provided*, That the basic formula price effective for July shall not be less than that effective for the preceding month, and that such price effective for December shall not be higher than for the preceding month", appearing in § 969.5 (a) of order No. 69, as amended, regulating the handling of milk in the Suburban Chicago, Illinois, milk marketing area; and

3. The proviso ": *Provided*, That such price effective for July shall not be less than that effective for the previous month, and such price effective for January shall not be more than that effective for the previous month", appearing in § 967.5 (a) (5) of order No. 67, as amended, regulating the handling of milk in the South Bend-La Porte, Indiana, milk marketing area.

Pursuant to the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, (7 U. S. C., 601 et seq.), hereinafter referred to as the "act" and to the aforesaid orders, and after having considered all relevant information including the written data, views, and arguments, which were filed with the Hearing Clerk pursuant to the notice above referred to, it is hereby found and determined that each of the above quoted provisions of the aforesaid orders does not tend to effectuate the declared policy of the act. *It is therefore ordered*, That:

1. The proviso ": *Provided*, That the basic formula price effective for July shall not be less than that effective for June, and that the basic formula price effective for December shall not be higher than that effective for November", appearing in § 941.5 (a) of order No. 41, as amended, regulating the handling of milk in the Chicago, Illinois, milk marketing area be and hereby is suspended for an indefinite period with respect to all milk subject to the provisions of the order after the effective date hereof;

2. The proviso ": *Provided*, That the basic formula price effective for July shall not be less than that effective for the preceding month, and that such price effective for December shall not be higher than that for the preceding month", appearing in § 969.5 (a) of order No. 69, as amended, regulating the handling of milk in the Suburban Chicago, Illinois, milk marketing area be and hereby is suspended for an indefinite period with respect to all milk subject to the provisions of the order after the effective date hereof; and

3. The proviso: "*Provided*, That such price effective for July shall not be less than that effective for the previous month, and such price effective for January shall not be more than that effective for the previous month", appearing in § 967.5 (a) (5) of order No. 67, as amended, regulating the handling of milk in the South Bend-LaPorte, Indiana, milk marketing area be and hereby is suspended for an indefinite period with respect to all milk subject to the provisions of the order after the effective date hereof.

[Tokay Grape Order 2, Amdt. 1]

PART 951—TOKAY GRAPES GROWN IN CALIFORNIA

LIMITATION OF DAILY SHIPMENTS

Findings. (1) Pursuant to the marketing agreement, as amended, and Order No. 51, as amended (7 CFR, Cum. Supp., 951.1 et seq.), regulating the handling of Tokay grapes grown in the State of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendations of the Industry Committee, established under the aforesaid amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of daily shipments of Tokay grapes, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) In the instance of deciduous fruits, determination as to the need for, and the extent of, regulation must be deferred awaiting the development of the particular crop. Recommendation for this reg-

ulation was made at a meeting of the said Industry Committee on September 30, 1948, after consideration of all available information relative to supply and demand conditions for Tokay grapes, and the recommendations of the Shippers' Advisory Committee, established under said amended marketing agreement and order. It is hereby further found, therefore, that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date hereof until 30 days after publication in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) in that the time intervening between the date when information upon which this regulation is based and the time when this regulation must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date.

Order, as amended. Tokay Grape Order 2 (§ 951.303; 13 F. R. 5485) is hereby amended by deleting from § 951.303 (b) (1) the date "October 10, 1948" and inserting, in lieu thereof, the date "October 26, 1948."

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

LIMITATION OF SHIPMENTS

§ 953.402 *Lemon Regulation 295*—(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR, Cum. Supp., 953.1 et seq.; 13 F. R. 766), regulating the handling of lemons grown in the State of California or in the State of Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended, and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of the quantity of such lemons which may be handled, as hereinafter provided, will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule making procedure, and postpone the effective date of this regulation until 30 days after publication thereof in the FEDERAL REGISTER (60 Stat. 237; 5 U. S. C. 1001 et seq.) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the Agricultural Marketing Agreement Act of 1937, as amended, is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective date.

(b) *Order.* (1) The quantity of lemons grown in the State of California or in the State of Arizona which may be handled during the period beginning at 12:01 a. m., P. s. t., October 10, 1948, and ending at 12:01 a. m., P. s. t., October 17, 1948, is hereby fixed as follows:

(i) District 1: 250 carloads;

(ii) District 2: unlimited movement.

(2) The prorate base of each handler who has made application therefor, as provided in the said amended marketing agreement and order, is hereby fixed in accordance with the prorate base schedule which is attached hereto and made a part hereof by this reference.

(3) As used in this section, "handled," "handler," "carloads," "prorate base," "District 1," and "District 2" shall have the same meaning as is given to each such term in the said amended marketing agreement and order.

TITLE 14—CIVIL AVIATION

Chapter I—Civil Aeronautics Board

[Regs., Serial No. SR-328]

PART 41—CERTIFICATION AND OPERATION RULES FOR SCHEDULED AIR CARRIER OPERATIONS OUTSIDE CONTINENTAL LIMITS OF THE UNITED STATES

PART 42—NONSCHEDULED AIR CARRIER CERTIFICATION AND OPERATION RULES

TEMPORARY AUTHORITY TO CONDUCT SCHEDULED AIR TRANSPORTATION BETWEEN ALASKAN POINTS AND SEATTLE, WASH.

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 5th day of October 1948.

In Orders Serial Numbers E-2012 and E-2013, the Board has temporarily exempted certain air carriers from the requirements of Title IV of the Civil Aeronautics Act of 1938, as amended, and certain regulations issued thereunder so far as such requirements would restrict the air carriers from engaging in air transportation of persons and property between Seattle, Washington and points in Alaska.

Operations between such points conducted on other than an irregular basis, are subject to the provisions of Part 41 of the Civil Air Regulations which require an air carrier to meet certain airport, route, and other qualifications which, if now required, would greatly delay the inauguration of the service authorized by the orders above referred to. Since the Secretary of the Interior and the Governor of Alaska have informed the Board that this service is essential for the public welfare, the Board finds that it is necessary to relieve the air carriers from the requirements of Part 41. The Board believes that the necessary service can be rendered at an adequate level of safety under the provisions of Part 42 of the Civil Air Regulations.

For the reasons stated above, the Board finds that notice and public procedures hereon, are impractical and contrary to the public interest, and that good cause exists for making this regulation effective without prior notice.

In consideration of the foregoing the Civil Aeronautics Board hereby makes and promulgates the following Special Civil Air Regulation, effective immediately:

An air carrier authorized to conduct air transportation between Seattle, Washington and points in Alaska under the provisions of Orders Serial Numbers E-2012 or E-2013, may conduct such transportation under the provisions of Part 42 of the Civil Air Regulations, as heretofore or hereafter amended.[1]

This regulation shall terminate when both Orders Serial Numbers E-2012 and E-2013 terminate, unless sooner amended or revoked.

(Secs. 205 (a), 601, 604, 52 Stat. 984, 1007, 1010, 49 U. S. C. 425 (a), 551, 554)

By the Civil Aeronautics Board.

[Civil Air Regs., Amdt. 41-1]

PART 41—CERTIFICATION AND OPERATION RULES FOR SCHEDULED AIR CARRIER OPERATIONS OUTSIDE CONTINENTAL LIMITS OF THE UNITED STATES

MISCELLANEOUS AMENDMENTS

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 5th day of October 1948.

On April 14, 1948, the Board, after public notice of rule-making and public hearing thereon, adopted Civil Air Regulations Amendment 41-19 and Civil Air Regulations Amendment 61-17, both effective May 19, 1948. Sections 41.320 and 61.56 of the Civil Air Regulations as thus amended required in substance, among other things, that after December 1, 1948, an airman holding a flight engineer certificate should be required on all aircraft certificated for more than 80,000 pounds maximum take-off weight when such aircraft were used in scheduled air transportation.

Subsequently, there was published a notice of proposed rule-making dated June 9th, 1948 (13 F. R. 3097), proposing, among other things, to modify §§ 41.320 and 61.56 to make the requirement regarding an airman holding a flight engineer's certificate applicable only to four-engine aircraft within the weight class rather than to all aircraft, and to clarify certain questions concerning the performance of multiple functions by an airman. Such notice provided for the submission of written comments thereon within thirty days after its date.

On July 15, 1948, American Airlines, Inc. filed a petition for relief from the aforementioned provisions in the Board's regulations relating to flight engineers, particularly with respect to the applicability of such provisions to the DC-6 aircraft. American's petition for relief stated that it was a petition for reconsideration of amendments 41-19 and 61-17 insofar as they amended §§ 41.320 and 61.56 of the Civil Air Regulations, a petition under section 4 (d) of the Administrative Procedure Act for amendment and repeal of the aforesaid §§ 41.320 and 61.56, and a petition in connection with the proposed amendment to these sections. American sought to have the Board conduct scientific studies alleged to be essential to the solution of the problem of requiring flight engineers on large aircraft and then hold a hearing affording an opportunity to comment on such studies, meanwhile revoking or suspending §§ 41.320 and 61.56 as to the DC-6 aircraft.

A number of other petitions requesting similar relief and generally supporting the petition of American Airlines were also filed by the Air Transport Association, National Airlines, Inc., Braniff Airways, Inc. and Delta Airlines, Inc. (the latter as to Amendment 61-17 only). In addition to the foregoing, comments were received from Eastern Airlines, Inc., Colonial Airlines, Inc., Pan American-Grace Airways, Inc., and Chicago and Southern Airlines, Inc., which generally supported American's petition although not formally petitioning for similar relief. This is in response to all said petitions and comments to the extent that they sought relief from requirements of § 41.320 either as originally enacted or as proposed to be amended. (Simultaneously herewith, like action is being taken with respect to § 61.56 by Civil Air Regulations Amendment 61-3.)

The Board has given the most careful consideration to the data and views presented in the aforementioned petitions and comments. It has also reviewed all of the information and data available to it through the medium of the public hearing held in relation to this matter, written comments received prior and subsequent to the promulgation of §§ 41.320 and 61.56 and proposed amendments thereto, and relevant material available in its files. On the basis thereof, and taking into consideration the duty resting upon air carriers to perform their services with the highest possible degree of safety in the public interest, the Board has concluded that the crew of all four-engine aircraft now being produced which are certificated for a maximum take-off weight of more than 80,000 pounds should include an airman holding a flight engineer certificate when such aircraft are used in scheduled air transportation. The Board finds that this requirement is necessary to provide adequately for and assure safety in air transportation and constitutes a necessary and reasonable minimum safety standard for the operation of air carriers.

The Board's reasons and grounds for its conclusion are as set forth hereafter. There are only three aircraft types now being produced, or expected to be produced in the foreseeable future, which are in the class of four-engine aircraft certificated for maximum take-off weight in excess of 80,000 pounds. These are the Lockheed Constellation, the Douglas DC-6, and the Boeing 377. Despite the automatic devices which are available and installed in such aircraft, they have so many items calling for the pilots' attention and are so complex in operation that the pilots' ability to accomplish all duties imposed upon them may at times be exceeded, if provision is not made for a flight engineer. The flight engineer will contribute substantially to reduction of pilot fatigue and resultant accident-provoking sequences. In particular, the flight engineer can relieve the pilots of burdensome mechanical duties, if required to be performed when the aircraft is being flown on instruments, when there are difficult navigational problems, when radio communications are erratic, or when the pilots are attempting to follow complicated traffic control procedures, and accomplish instrument approaches, would be exceptionally onerous. The flight engineer is able to perform important duties and add to safety of flight, even when riding in the jump seat of a plane in which no flight engineer station has been provided.

In addition to the foregoing, the flight engineer with a specialized engineer training will be useful in case of fire or other malfunctioning, both in overcoming the difficulty and restoring normal functioning, and in relieving the pilots of various mechanical duties, particularly those which would require one of them to leave his pilot's station, while they concentrate on flying the aircraft during any period of emergency. The flight engineer will also contribute to the level of safety by assuming responsibility for proper completion of ground maintenance for the correction of any malfunctioning which has been discovered in flight.

The duties which the flight engineer can assume and efficiently perform are numerous but the Board does not believe it is desirable to specify in regulations the exact duties to be performed by any airman any more than it believes it desirable to dictate other air carrier operating procedures which may vary from company to company without any adverse effect on safety.

The Board believes that the introduction of a flight engineer into the crew complement does not create a serious crew coordination problem, and that the benefits to be derived by the inclusion of a flight engineer clearly outweigh any difficulties of coordination that may be presented.

On the basis of experience to date, all four-engine aircraft in excess of 80,000 pounds maximum take-off weight are, and in the foreseeable future will be, of such complexity as to require the utilization of a flight engineer in the interest of achieving the necessary level of safety. If, at any time, there should hereafter be such advances as would enable the production of an aircraft in this class of such simplified design that it does not present the operational problems of today's aircraft in this class, the Board will then modify its regulations accordingly.

The Board at this time is modifying § 41.320 as originally adopted for the purpose of making it applicable only to four-engine aircraft, whereas heretofore it has been applicable to all aircraft within the weight class. The Board is also amending §§ 41.320, 41.310, 41.330, and 41.309 to indicate more clearly that the Board in requiring a crew member for the performance of a specified function intended to limit such a crew member to that function for the period of time during which it is required, but that the Board did not intend to restrict the crew member from performing other duties at other times. It is intended, for example, that a flight engineer, when required, shall not be assigned other duties at the same time for which an airman certificate is necessary. On the other hand an individual could relieve a pilot for a part of a trip, and at a subsequent time relieve the flight engineer provided he held the appropriate certificates. There is also included, for greater clarity and uniformity in administration, a definition of "route segment."

Interested persons have been afforded an opportunity to participate in the making of this amendment, and due consideration has been given to all relevant matter presented. Since this amendment is merely interpretative in nature and imposes no additional burden on any person, it may be made effective immediately.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 41 of the Civil Air Regulations effective immediately as follows:

1. By amending § 41.309 to read as follows:

§ 41.309 *Composition of flight crew.* (a) No air carrier shall operate an aircraft with less than the minimum flight crew required for the type of operation and the make and model aircraft as determined by the Administrator in accordance with the standards hereinafter prescribed and specified in the air carrier operating certificate for each route or route segment.

(b) Where the provisions of this part require for a particular route, route segment or aircraft the performance of two or more functions for which an airman certificate is necessary, such requirement shall not be satisfied by the performance of multiple functions at the same time by any airman over such route or route segment.

2. By amending § 41.310 to read as follows:

§ 41.310 *Flight radio operator; when required.* An airman holding a flight radio operator certificate shall be required for flight over any area, route, or route segment over which the Administrator has determined that radiotelegraphy is necessary for communication with ground stations during flight.

3. By amending § 41.320 to read as follows:

§ 41.320 *Flight engineer; when required.* After December 1, 1948, an airman holding a flight engineer certificate shall be required on all four-engine aircraft certificated for more than 80,000 pounds maximum take-off weight, and on all other four-engine aircraft certificated for more than 30,000 pounds maximum take-off weight where the Administrator finds that the design of the aircraft used or the type of operation is such as to require a flight engineer for the safe operation of the aircraft.

4. By amending § 41.330 to read as follows:

§ 41.330 *Flight navigator; when required.* An airman holding a flight navigator certificate shall be required for flight over any area, route, or route segment when the Administrator has determined either that celestial navigation is necessary or that other specialized means of navigation necessary for the safe conduct of flight cannot be adequately accomplished from the pilot station.

5. By adding a new paragraph (q) to § 41.99 to read as follows:

§ 41.99 *Definitions.* • • •

(q) *Route segment.* A route segment is a portion of a route, the boundaries of which are identified by:

(1) A continental or insular geographic location;

(2) A point at which some specialized aid to air navigation is located; or

(3) A point at which a definite radio fix is located.

(Secs. 205 (a), 601, 604, 52 Stat. 984, 1007, 1010; 49 U. S. C. 425 (a) 551, 554)

PART 61—SCHEDULED AIR CARRIER RULES

ADDITIONAL CREW COMPLEMENT REQUIREMENTS; FLIGHT ENGINEER

Adopted by the Civil Aeronautics Board at its office in Washington, D. C., on the 5th day of October 1948.

The Board hereby incorporates by reference the statement preceding Civil Air Regulations Amendment 41-1, adopted this day, which denied petitions for relief from § 41.320, and for the same rea-

[1] Orders Serial Numbers E-2012 or E-2013 terminate November 1, 1948, unless revoked or extended by the Board prior to that date.

sons, the Board hereby denies such petitions insofar as they request relief from the provisions of § 61.56.

The Board, at this time, is modifying § 61.56 as originally adopted for the purpose of making it applicable only to four-engine aircraft, whereas heretofore, it has been applicable to all aircraft within the weight class.

The Board is also adding a new paragraph to § 61.56 to indicate more clearly that the Board, in requiring the performance of the flight engineer function, did not intend to permit the performance of this function by an individual performing other airman functions at the same time.

Since this amendment is interpretative in nature and imposes no additional burden on any person, notice and public procedure hereon are unnecessary, and the amendment may be made effective without prior notice.

In consideration of the foregoing, the Civil Aeronautics Board hereby amends Part 61 of the Civil Air Regulations effective immediately as follows:

By amending § 61.56 to read as follows:

§ 61.56 *Flight engineer; when required.* (a) After December 1, 1948, an airman holding a flight engineer certificate shall be required on all four-engine aircraft certificated for more than 80,000 pounds maximum take-off weight, and on all other four-engine aircraft certificated for more than 30,000 pounds maximum take-off weight where the Administrator finds that the design of the aircraft used or the type of operation is such as to require a flight engineer for the safe operation of the aircraft.

(b) The requirement of paragraph (a) of this section shall not be satisfied by the performance of multiple functions at the same time by any airman. (Secs. 205 (a), 601, 604, 52 Stat. 984, 1007, 1010; 49 U. S. C. 425 (a), 551, 554)

By the Civil Aeronautics Board. Lee, member, dissented.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U. S. C., sec. 45b) [Cease and desist order, Gold-Tone Studios, Inc. et al., Docket 4779, September 2, 1948]

At a regular session of the Federal Trade Commission, held at its office in the city of Washington, D. C., on the 2d day of September A. D. 1948.

In the matter of Gold-Tone Studios, Inc., a corporation, also trading as Camera Art Company; Irving A. Stern, individually and as President and a Director of Gold-Tone Studios, Inc., and a copartner in the firm trading as Camera Art Company; Paul A. McGuire, individually and as Vice President and a Director of Gold-Tone Studios, Inc., and a copartner in the firm trading as Camera Art Company; Berthold Eidlin, individually and as Secretary-Treasurer of Gold-Tone Studios, Inc., and a copartner in the firm trading as Camera Art Company; and Marion Stern, Doris McGuire, Emanuel Eidlin, and Ephraim Eidlin, individuals and members of the firm trading as Camera Art Company.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answers of the respondents, testimony and other evidence introduced before a trial examiner of the Commission theretofore duly designated by it, report of the trial examiner, and briefs and oral argument in support of and in opposition to the complaint; and the Commission having made its findings as to the facts and conclusion that the respondents have violated the provisions of the Federal Trade Commission Act:

It is ordered, That the respondent Gold-Tone Studios, Inc., a corporation, also trading as Camera Art Company, its officers, representatives, agents, and employees, and respondents Irving A. Stern, Paul A. McGuire, Berthold Eidlin, Marion Stern, Doris McGuire, Emanuel Eidlin, and Ephraim Eidlin, individually or as copartners trading as Camera Art Company or under any other name or names, their agents, representatives, and employees, directly or through any corporate or other device in connection with the offering for sale, sale, and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of pictures or photographs, do forthwith cease and desist from directly or indirectly:

1. Using the words "oil painted portrait," "oil painted," or any other word or words of similar import or meaning, either alone or in combination with any other word or words, as a designation for, as descriptive of, or in connection with a tinted or colored photograph or picture made from a photographic base.

2. Using the words "oil colored portrait," "colored in oils," or any other word or words of similar import or meaning, either alone or in combination with any other word or words, as a designation for, as descriptive of, or in connection with a tinted photograph or picture made from a photographic base.

3. Using the words "Gold-Tone" or any other word or words of similar import or meaning, either alone or in combination with any other word or words, to designate, describe, or refer to a photographic reproduction which is not a product resulting from a finishing process involving the use of a toning or developing bath employing salts or chloride of gold.

4. Using the words "Gold-Tone" or any other word or words of similar import or meaning, either alone or in combination with any other word or words, as a corporate or trade name or otherwise, to designate, describe, or refer to a photographic business not substantially engaged in finishing photographic reproductions by a process involving the use of a toning or developing bath employing salts or chloride of gold.

5. Representing that the customary or usual price for any kind or type of photograph or picture is a special advertising offer or other special offer; that an offer of said photographs or pictures is limited in point of time when such offer is not in fact so limited; or that said photographs or pictures offered are of a value in excess of the usual or customary price.

It is further ordered, That the respondents shall within sixty (60) days after service upon them of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which they have complied with it.

By the Commission.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter II—Corps of Engineers, Department of the Army

PART 204—DANGER ZONE REGULATIONS

NANTUCKET SOUND, MASSACHUSETTS

Pursuant to the provisions of section 7 of the River and Harbor Act of August 8, 1917 (40 Stat. 266; 33 U. S. C. 1), § 204.6 is hereby prescribed to govern the use and navigation of waters of Nantucket Sound in the vicinity of Horseshoe Shoal, about seven miles south of Osterville, Massachusetts, comprising a bombing target area of the Naval Air Bases, First Naval District, Quonset Point, Rhode Island, as follows:

§ 204.6 *Nantucket Sound in vicinity of Horseshoe Shoal; Naval bombing target area—*(a) *The danger zone.* (1) An area one mile square located on Horseshoe Shoal, bounded on the north by latitude 41°31'12", on the east by longitude 70°21'38", on the south by latitude 41°-30'12", and on the west by longitude 70°22'58". The center of the area, at latitude 41°30'42", longitude 70°22'18", bears approximately 176° true, 11,900 yards, from West Bay Entrance Light at Osterville, Massachusetts.

(2) Vessels used as targets within this area, whether anchored or grounded, will be properly secured and marked.

(b) *The regulations.* (1) During the period November 1 to June 1, inclusive, no vessel shall enter or remain in the danger zone unless authorized to do so by the enforcing agency.

(2) This section shall be enforced by the Commander, Naval Air Bases, First Naval District, Quonset Point, Rhode Island, and such agencies as he may designate.

PART 5—ADJUDICATION: DEPENDENTS' CLAIMS

MISCELLANEOUS AMENDMENTS

1. In § 5.2502, the introductory paragraph and paragraphs (b) (1) and (c) (2) are amended to read as follows:

DEFINITIONS OF RELATIONSHIP

§ 5.2502 *General law.* For the purposes of the general law the following definitions of relationship shall govern in the adjudication of claims for death compensation.

• • • • • • •

(b) *Child.* (1) The term "child" shall mean a legitimate child under the age of sixteen. Children born before the marriage of their parents, if acknowledged by the father before or after the marriage, shall be deemed legitimate (section 4704 R. S.). State laws as to legitimacy are not applicable. The payment of compensation may be further continued after the age of 16 to or for a child who was insane, idiotic or otherwise physically or mentally helpless at the date of attaining the age of 16 years and the helpless condition exists at the date of filing claim. Payments of compensation continue during the period of helplessness. Marriage is not a bar to the payment of compensation to a child under the age of 16 years, or to a helpless child under an award approved prior to April 1, 1944. As to awards approved on or after April 1, 1944, compensation may not be paid to a helpless child who has married (Pub. Law 280, 78th Cong.) (See § 5.2584.)

(2) No change.

(c) *Mother—Father.* • • •

(2) For the purposes of the general law as reenacted by Public No. 269, 74th Congress, the term "mother" or "father" shall mean the same as in subparagraph (1) of this paragraph, including a mother or father as defined in § 5.2514 (d): *Provided*, That payment of compensation to or for a parent entitled solely as a result of the definition contained in § 5.2514 (d) may not be made for any period prior to July 13, 1943 (Pub. Law 144, 78th Cong.).

2. A new section, § 5.2503, is added to Part 5 to read as follows:

§ 5.2503 *Peacetime service subsequent to April 20, 1898.* For the purposes of adjudicating claims for death compensation under Public No. 2, 73d Congress (act of March 20, 1933), as amended, the following definitions of relationship shall govern:

(a) *Widow.* The term "widow" shall mean a person who was married to the veteran prior to the expiration of ten years subsequent to his discharge from the enlistment during which the injury or disease, on account of which claim is being filed, was incurred (Veterans' Regulation No. 10 (b), par. 1, (38 U. S. C. Ch. 12)), and, as to awards approved on or after October 1, 1948, who lived continuously with him from the date of marriage to the date of his death, as provided in § 5.2516.

(b) *Child.* The term "child" shall mean the same as defined in § 5.2514 (c). (Pub. Law 144, 78th Cong.)

(c) *Parent; father; mother.* The term "parent", "father" and "mother" shall mean the same as defined in § 5.2514 (d). (Pub. Law 144, 78th Cong.) (Sec. 4, 43 Stat. 9, secs. 1, 7, 8, 57 Stat. 554, 555, 556, secs. 2, 4, 58 Stat. 107, 797; 38 U. S. C. 364a, 364h, 704, 727, Ch. 12 note, Pub. Law 762, 80th Cong.)

3. In § 5.2504, paragraphs (a) (1) and (2) (iii) are amended to read as follows:

§ 5.2504 *Indian wars.* • • •

(a) *Widow.* (1) The term "widow" shall mean a person who was married to the veteran prior to March 4, 1917. However, the $60 rate provided for in the act of March 3, 1944, as amended, is payable only when the unremarried widow was the wife of the veteran during his Indian war service (Public Law 245, 78th Congress and Public Law 398, 80th Congress). (See § 5.2580.) Continuous cohabitation to date of death of the veteran is required in marriages entered into subsequent to March 2, 1899. (30 Stat. 1380.) (See § 5.2516.) (Pub. Law 398, 80th Cong.)

• • • • • •

(2) • • •

(iii) Is 60 years of age or over;

• • • • • •

4. In § 5.2506, paragraphs (a) (1) and (b) (1) and (2) are amended, (b) (3) is canceled, and (b) (4) is renumbered (b) (3).

§ 5.2506 *Civil War.* • • •

(a) *Widow.* (1) The term "widow" shall mean a person who was married

to the veteran prior to June 27, 1905. However, the $60 rate provided for in the act of July 3, 1926, as amended by the act of July 30, 1947, is payable only when the widow was the wife of the veteran during his Civil War service. Continuous cohabitation to date of death of the veteran is required in marriages entered into subsequent to March 2, 1899. (30 Stat. 1380.) (See § 5.2516.)

• • • • •

(b) *Remarried widow.* (1) For the purposes of the act of May 1, 1920 (Public No. 190, 66th Congress), as amended, the term "remarried widow" shall mean a person who married the veteran prior to June 27, 1905, and who otherwise meets the requirements of paragraph (a) (1), of this section, and whose subsequent or successive marriage or marriages has or have been dissolved either by the death of the husband or husbands, or by divorce on any ground except adultery on her part. (Pub. No. 323, 71st Cong., act of June 9, 1930.)

(2) For the purposes of the act of July 3, 1926 (Public No. 454, 69th Congress), the term "remarried widow" shall mean a person who was the wife of the veteran during the period of his service in the Civil War and whose subsequent or successive marriage or marriages has or have been dissolved either by the death of the husband or husbands, or by divorce.

(3) A remarried widow has no title under the provisions of Public Law 471, 78th Congress (Act of December 8, 1944). (Pub. Law 270, 80th Cong.)

• • • • •

5. In § 5.2508, the introductory paragraph is amended, paragraph (a) is amended in its entirety, and there is no change in paragraphs (b) and (c).

§ 5.2508 *Spanish - American War, Boxer Rebellion and Philippine Insurrection; Public No. 2, 73d Congress, as amended.* For the purposes of Public No. 2, 73d Congress (act of March 20, 1933), as amended, the following definitions of relationship shall govern in the adjudication of claims for death compensation or pension:

(a) *Widow.* The term "widow" of a veteran of the Spanish-American War, Boxer Rebellion, or Philippine Insurrection, shall mean a person who was married to the veteran prior to September 1, 1922, provided that as to awards approved on or after March 1, 1944, continuous cohabitation as described in § 5.2516 must be established (Veterans Regulation No. 10 (b), par. 1, (38 U. S. C. Ch. 12), and Public Law 242, 78th Congress, act of March 1, 1944). (Pub. Law 270, 80th Cong.)

• • • • •

6. In § 5.2512 the introductory paragraph and paragraphs (a) and (b) are amended to read as follows:

§ 5.2512 *Spanish - American War, Boxer Rebellion and Philippine Insurrection; service acts as reenacted by Public No. 269, 74th Congress, and as amended.* For the purposes of Public No. 166, 69th Congress (act of May 1, 1926) as reenacted by Public No. 269, 74th Congress (act of August 13, 1935), and amended by Public Law 144, 78th Congress (act of July 13, 1943), Public Law 242, 78th Congress (act of March 1, 1944), and Public Law 762, 80th Congress (act of June 24, 1948), the following definitions of relationship shall govern in the adjudication of claims for death pension:

(a) *Widow.* (1) The term "widow" of a veteran of the Spanish-American War, Boxer Rebellion, or Philippine Insurrection, shall mean a person who was married to the veteran prior to January 1, 1938. As to awards approved on or after March 1, 1944, and increases in pension under section 3, Public Law 242, 78th Congress, continuous cohabitation as described in § 5.2516 must be established: *Provided*, That where the widow is entitled solely by virtue of the provisions of section 2, Public Law 242, 78th Congress, pension shall not be paid for any period prior to April 1, 1944. However, the $60 rate is payable only when the widow was the wife of the veteran during his war service as defined in §§ 4.2000 (b), 4.2001 (b), or 4.2002 (b), of this chapter. (Pub. Law 242, 78th Cong., act of March 1, 1944.) (See § 5.2617.)

(2) As to claims under Public Law 762, 80th Congress which precludes payments for any period prior to June 24, 1948, the term "widow" shall mean a person who:

(i) Was married to the veteran ten or more years prior to the date of his death;

(ii) Lived with the veteran continuously from the date of marriage to the date of his death, as provided in § 5.2516;

(iii) Is 60 years of age or over;

(iv) Has not remarried;

(v) Is in dependent circumstances. In determining dependency, the criteria outlined in § 2.1057, of this chapter, for determining the dependency of a parent shall be applied. (Pub. Law 762, 80th Cong.)

(b) *Remarried widow.* The term "remarried widow" of a veteran of the Spanish-American War, Boxer Rebellion or Philippine Insurrection shall mean a person who married the veteran prior to January 1, 1938 (Pub. Law 24., 78th Cong., act of March 1, 1944), and who otherwise meets the requirements of paragraph (a) (1), of this section, and whose subsequent or successive marriage or marriages has or have been dissolved either by the death of the husband or husbands, or by divorce on any ground except adultery on the part of the wife. (Pub. Law 166, 69th Cong., act of May 1, 1926). A remarried widow has no title under the provisions of Public Law 762, 80th Congress (act of June 24, 1948). (Pub. Law 762, 80th Cong.)

• • • • •

7. In § 5.2514 paragraphs (a), (b), (c) and (d) are amended to read as follows:

§ 5.2514 *World War I.* • • •

(a) *Widow.* • • •

(2) Must have lived continuously with the person who served from the date of marriage to the date of his death (this requirement was originally contained in section 4, Pub. Law 304, 75th Cong.), as provided in § 5.2516, and

(3) Must not have remarried since the death of the person who served. (Sec. 3, Pub. Law 514, 75th Cong.)

(b) *Widow.* For periods on or after December 14, 1944, the term "widow" of a World War I veteran shall mean a woman who was married to the person who served:

• • • • •

(5) *Provided*, That where the widow has been legally married to the veteran more than once, the date of original marriage will be used in determining whether the statutory requirement as to date of marriage, as outlined in subparagraphs (1) and (2) of this paragraph, has been met. (Sec. 3, Pub. Law 483, 78th Cong.)

(c) *Child.* For the purposes of Public No. 2, 73d Congress, section 28, Public No. 141, 73d Congress, Public No. 484, 73d Congress, and amendments thereto, the term "child" shall mean a person unmarried and under the age of eighteen years, unless prior to reaching the age of eighteen the child becomes or has become permanently incapable of self-support by reason of mental or physical defect, who is a legitimate child, a child legally adopted, a stepchild if a member of the man's household at the time of his death, an illegitimate child, but as to the father, only (1) if acknowledged in writing signed by him or (2) if he has been judicially ordered or decreed to contribute to such child's support, or (3) if he has been prior to date of death of the veteran, judicially decreed to be the putative father of such child, or (4) if he is otherwise shown by evidence satisfactory to the Administrator of Veterans' Affairs to be the putative father of such child; as to mother proof of birth is all that is required: *Provided*, That the payment of pension or compensation shall be continued after the age of eighteen years and until completion of education or training (but not after such child reaches the age of twenty-one years), to any child who is or may hereafter be pursuing a course of instruction at a school, college, academy, seminary, technical institute, or university particularly designated by him and approved by the Administrator, which shall have agreed to report to the Administrator the termination of attendance of such child, and if any such institution of learning fails to make such report promptly the approval shall be withdrawn. (Secs. 1 and 7, Pub. Law 144, 78th Cong.)

(d) *Parent; father; mother.* For the purposes of Public No. 2, 73d Congress, and Public No. 141, 73d Congress, as amended, the terms "parent," "father," and "mother" include a father, mother, father through adoption, mother through adoption, and persons who have stood in loco parentis to a member of the military or naval forces at any time prior to entry into active service for a period of not less than one year: *Provided*, That in claims based upon foster relationship, such relationship must have commenced prior to the veterans' majority: *Provided further*, That not more than one father and one mother, as defined, shall be recognized in any case, and preference shall be given to such father or mother who actually exercised parental relationship

at the time of or most nearly prior to the date of entry into active service by the person who served. (Sections 1 and 8, Pub. Law 144, 78th Cong.) If the person who last occupied the relationship of parent does not establish entitlement, a person who had previously occupied such relationship is not thereby made eligible to pension or compensation benefits. Public Law 144, 78th Congress, does not affect awards to persons who were on the rolls July 13, 1943. (Pub. Law 762, 80th Cong.)

8. In § 5.2515 the introductory paragraph and paragraph (a) are amended to read as follows:

§ 5.2515 *World War II.* For the purpose of adjudicating claims for death compensation or pension predicated on service rendered during World War II in an enlistment entered into prior to or on December 31, 1946, the following definitions of relationship shall govern:

• • • • •

(a) (1) Prior to or on December 31, 1956; and

(2) Must have lived continuously with the person who served from the date of marriage to the date of his death as provided in § 5.2516 (this requirement is applicable to awards approved on or after February 1, 1945), and (Pub. Law 762, 80th Cong.)

• • • • •

9. Sections 5.2547 and 5.2577 are amended to read as follows:

§ 5.2547 *Act of May 1, 1926 (Public No. 166, 69th Cong.) as amended by the act of June 11, 1940 (Public No. 594, 76th Cong.); act of March 1, 1944 (Pub. Law 242, 78th Cong.); act of June 24, 1948 (Pub. Law 762, 80th Cong.).* For the purposes of these acts, the widow, remarried widow, child, or children of a veteran who served 90 days or more during the Spanish-American War, Boxer Rebellion or Philippine Insurrection, between April 21, 1898, and July 4, 1902, inclusive, service to be computed from date of enlistment to date of discharge, including all leaves of absence and furloughs under General Orders numbered 130, August 29, 1898, War Department; or, regardless of the length of service, if the veteran was discharged for or died in service of a disability incurred in the service in line of duty shall be entitled to receive pension at the monthly rates specified in § 5.2634, when § 4.2007 of this chapter as to persons included, § 4.2018 of this chapter as to service, and § 4.2040 of this chapter as to character of discharge, are met.

(a) When a pension has been granted under the act of May 1, 1926, as amended by the acts of June 11, 1940, and March 1, 1944, to an insane, idiotic, or otherwise helpless child, or to a child or children under the age of 16 years, a widow or remarried widow shall not be entitled to a pension until the pension to such child or children terminates, unless such child or children be a member or members of her family and cared for by her; and, upon the granting of pension to such widow or remarried widow, payment of pension to such child or children shall cease: *Provided*, That where an unremarried widow becomes entitled to pension by reason of section 2, Public Law 242, 78th Congress (act of March 1, 1944), the pension payable to such widow and child or children not in her care and custody may be apportioned as prescribed in § 5.2591 effective from the date of commencement of the award to the widow.

(b) If pension has been granted to a child or children of the veteran, the widow shall not be entitled to the pension authorized by section 1, Public Law 762, 80th Congress, until the pension to the child or children terminates, unless such child or children be a member or members of her family and cared for by her; and when these conditions are fulfilled and the pension is granted to the widow, payment of pension to such child or children shall cease; except that in the event the amount being paid by such child or children is less than the amount authorized to the widow, then the difference between said amounts shall be paid to the widow. (Sec. 2, 44 Stat. 382, 54 Stat. 301, secs. 2, 3, 4, 58 Stat. 107; 38 U. S. C. 351a, 364a, 364g, 364h, Pub. Law 762, 80th Cong.)

§ 5.2577 *Death pension or compensation payable solely by virtue of certain amendatory laws—(a) Public Law 144, 78th Congress.* The date of commencement of original awards of death pension or compensation, payable solely as a result of the provisions of Public Law 144, 78th Congress, shall be the day following the date of death of the veteran or July 13, 1943, whichever is the later, if application is filed within one year from date of death; otherwise from date of filing application. In no event, however, shall the rates of pension or compensation authorized by section 14 of the act be payable for any period prior to August 1, 1943.

(b) *Public Law 242, 78th Congress.* The date of commencement of original awards of death pension payable solely as a result of the provisions of Public Law 242, 78th Congress, shall be the day following the date of death of the veteran or April 1, 1944, whichever is the later, if application is filed within one year from date of death; otherwise from date of filing application, but in no event prior to April 1, 1944. A claim pending on March 1, 1944, shall be considered a claim under this law.

(c) *Death pension payable solely by virtue of Public Law 762, 80th Congress.* The date of commencement of original awards of death pension payable solely as a result of the provisions of Public Law 762, 80th Congress, shall be the day following the date of death of the veteran or June 24, 1948, whichever is the later, if application is filed within one year from date of death; otherwise from date of filing application, but in no event prior to June 24, 1948. A claim pending on June 24, 1948 shall be considered a claim under this law. (Sec. 16, 57 Stat. 559, 58 Stat. 107, 38 U. S. C. 364a, 364g, 364h, 365, 370, 731 note)

10. In § 5.2584 the opening paragraph and paragraph (a) are amended to read as follows:

§ 5.2584 *General law and service acts.* Awards of compensation or pension shall be reduced or discontinued as follows under:

General law (sections 4702 and 4707, Revised Statutes, as amended);

Service acts, relating to the Civil War, act of May 1, 1920 (41 Stat. 585); act of July 3, 1926 (44 Stat. 806); act of June 9, 1930 (46 Stat. 529); and act of December 8, 1944 (Pub. Law 471, 78th Cong.);

Indian wars, act of March 3, 1927 (44 Stat. 1361); and act of March 3, 1944 (Pub. Law 245, 78th Cong.);

War with Spain, Boxer Rebellion, and Philippine Insurrection, act of May 1, 1926 (44 Stat. 382), as reenacted by Public No. 269, 74th Congress (act of August 13, 1935); Public Law 242, 78th Congress (act of March 1, 1944); Public Law 762, 80th Congress (act of June 24, 1948);

Act of July 13, 1943, Public Law 144, 78th Congress; and

Act of April 1, 1944, Public Law 280, 78th Congress.

(a) *Termination by limitation—(1) Widows and remarried widows.* (i) Death compensation or pension payable to a widow or remarried widow shall terminate the day of death or the day preceding remarriage. If the widow is receiving additional compensation or pension for a child or children based on service rendered prior to April 21, 1898, the date of termination of such additional compensation or pension shall be the date of death of the child or the day preceding the child's sixteenth birthday. If the widow is receiving additional compensation or pension for a child or children based on service rendered on and after April 21, 1898, the date of termination of such additional compensation or pension shall be the date of death, or the day preceding the child's eighteenth birthday, or the day preceding marriage in those cases in which the additional compensation or pension is payable solely by reason of the definition of the term "child" contained in section 7, Public Law 144, 78th Congress: *Provided*, That the discontinuance of additional compensation or pension for a child or children because of school attendance shall be effective as provided in § 5.2598 (g). Additional death compensation or pension being paid on behalf of any child by reason of permanent incapacity for self-support shall be discontinued effective the date of last payment when a determination has been made that such condition no longer exists. Additional compensation or pension for a helpless child who marries shall be discontinued as of the date preceding the marriage, except that where the award was approved under the general law or a service act prior to April 1, 1944, based on a finding that the child was helpless prior to attaining the age of 16 years the presumption that helplessness ceases on marriage may be overcome by positive proof of continuing helplessness.

• • • • •

(2) *Children.* • • •

(iv) *Marriage of helpless child.* Payments to or for a helpless child who marries shall be discontinued as of the date preceding the marriage, except that where compensation or pension has been allowed on the basis of a finding that the child was helpless prior to attaining the

age of 16 years and the award was approved prior to April 1, 1944, the presumption that the helpless condition has ceased may be overcome by positive proof of continuing helplessness. (Pub. Law 762, 80th Cong.)

* * * * *

11. Section 5.2590 is amended to read as follows:

§ 5.2590 *Readjustment after contingency. Public No. 166, 69th Congress (act of May 1, 1926), as reenacted by Public No. 269, 74th Congress (act of August 13, 1935), and as amended, Public No. 2, 73d Congress (act of March 20, 1933), as amended, sections 28 and 31, Public No. 141, 73d Congress (act of March 28, 1934), as amended, and Public No. 484, 73d Congress (act of June 28, 1934), as amended.* (a) In any claim under the above cited acts in which death pension or compensation is being paid the widow and other dependents of a person who served and an adjustment in the rates payable becomes necessary because of the death, remarriage, or forfeiture of title of one or more of the beneficiaries, readjustment will be made without the filing of a formal application. The rates for the remaining beneficiary or beneficiaries shall be the amount which would have been payable if they had been the sole original beneficiaries and will become effective the day following the date of discontinuance of payments under the prior award, provided the evidence necessary to effect an adjustment or resumption of payments is received in the Veterans' Administration within 1 year from the date of request therefor; if the evidence is not received within 1 year from the date of request therefor, payments will be authorized from the date of receipt of the evidence. (See § 3.1286 of this chapter.)

(b) (1) If a widow with a child or children has been paid compensation or pension subsequent to her remarriage at a rate in excess of that to which the child or children were entitled in their own right, an amended award will be made to the widow authorizing payment to her in her own right of the amount to which she was entitled for herself and child or children until the date next preceding the date of her remarriage and the amount to which the child or children would have been entitled if an award had been made to them from that date to the date of last payment to the widow. Thereafter, if in order, an award will be made to or in behalf of the child or children.

(2) If the rate payable for children in their own right is in excess of that paid to the widow, her award will be discontinued effective date of last payment and the award to the children will be made to commence the date of the widow's remarriage. The rate payable will be the difference between the amount paid to the widow and the amount payable for children in their own right, the available balance being proportionately divided. The full rate to which each child is entitled will be awarded commencing the day following the date of last payment to the widow. (Secs. 4, 9, 48 Stat. 9, 10; 38 U. S. C. 704, 709)

12. In § 5.2591 paragraph (c) is amended to read as follows:

APPORTIONMENT OF DEATH PENSION OR COMPENSATION

§ 5.2591 *Apportionment.* * * *

(c) *Rates payable*—(1) *General*—(i) *Compensation.* For periods on and after September 1, 1948, in awards of death compensation at the rates provided by Public Law 868, 80th Congress, the rate payable for the widow shall be $60 monthly where the death of the veteran was due to wartime service or $48 monthly where the death of the veteran was due to peacetime service, and the remainder of the amount which would be payable to the widow if all children were in her custody will be equally divided among the children. The amount payable on behalf of any child or children in the widow's custody will be added to the widow's share. For periods prior to September 1, 1948, and where compensation is payable at a protected rate under section 20, Public No. 78, 73d Congress or section 28, Public No. 141, 73d Congress, the rule outlined in subdivision (ii) of this subparagraph shall apply.

(ii) *Pension.* Public No. 484, 73d Congress as amended and Veterans Regulation No. 1 (a), Part III (38 U. S. C. Ch. 12). Apportionment of death shall be computed as follows: The share for all children for whom claim is filed will be that amount to which they would be entitled if there were no widow. The widow's share will be the difference between the children's share and the total amount payable on account of the widow and all children for whom claim is filed. In all instances, the amount payable to or for the children will be divided equally among the children. The share for any children in the widow's custody will be added to the widow's share. If, in the application of this rule, the widow's share would be increased to an amount greater than the amount to which she would be entitled if there were no children, then her share will be the amount to which she would be entitled if there were no children, and the difference between the amount of such widow's share and the entire amount payable for the widow and children will be the children's share. If, however, in the application of this rule, the widow's share would be reduced to an amount lower than 50 percent of that to which she would be entitled if there were no children, then her share will be 50 percent of the amount to which she would be entitled if there were no children, and the difference between the amount of such widow's share and the entire amount payable for the widow and children will be the children's share.

* * * * *

(v) *Spanish-American War (Including Boxer Rebellion and Philippine Insurrection) Pension: Service act, reenacted by Public No. 269, 74th Congress and amended.* When pension is payable under Public No. 166, 69th Congress (act of May 1, 1926), as reenacted by Public No. 269, 74th Congress, and as amended, including Public Law 270, 80th Congress (act of July 30, 1947), the apportioned monthly rates shall be as follows:

	On and after Oct. 17, 1940	On and after Sept. 1, 1940	On and after Sept. 1, 1947
Widow	$21.00	$28.00	$33.60
Child	15.00	18.00	21.60
Each additional child	6.00	6.00	7.20

Total amount for children equally divided.

The additional monthly payment of $10 provided by the act of March 1, 1944 (Pub. Law 242, 78th Cong.), because of attained age of a widow which applies only for the period from April 1, 1944, through August 31, 1946, shall be added to the widow's share. (Sec. 3, 48 Stat. 1281; 38 U. S. C. 505; Pub. Law 868, 80th Cong.)

13. Paragraphs (a) and (b) of § 5.2622 are amended to read as follows:

RATES OF DEATH PENSION AND COMPENSATION

Rates of Compensation for Death Due to Service

§ 5.2622 *Death due to peacetime service*—(a) *Peacetime rate.* (1) Where death resulted from active military or naval service rendered subsequent to March 4, 1861, during time of peace (except as to those instances falling within the purview of paragraph (b) of this section), the following rates are payable:

The statement of persons entitled and rates payable is cancelled and superseded by the following:

	Per month	
	Aug. 1, 1943, to Aug. 31, 1948	On and after Sept. 1, 1948
Widow	$38.00	$60.00
Widow with 1 child	49.00	80.00
Each additional child	10.00	12.00
Children where there is no widow, total payable equally divided:		
1 child	19.00	46.40
2 children	28.00	65.60
3 children	36.00	81.80
Each additional child	8.00	16.00
Dependent mother or father	30.00	48.00
(Or both), each	20.00	28.00

(2) As to the widow, child or children, the total payable under subparagraph (1) of this paragraph shall not exceed $75.00 for periods prior to August 8, 1946. No limitation as to the amount payable is applicable for periods on and after that date. (Pub. Law 673, 79th Cong.)

(3) The foregoing rates for the period prior to September 1, 1948 are contained in Public Law 690, 77th Congress and section 14 (b), Public Law 144, 78th Congress. The rates on and after September 1, 1948 are authorized by Veterans' Regulation No. 1 (a), Part II, par. III, (38 U. S. C. ch. 12), as amended by section 3, Public Law 868, 80th Congress.

(b) *Wartime rate.* Where death resulted from active military or naval service rendered subsequent to March 4, 1861, during time of peace and from an injury or disease received in line of duty (a) as a direct result of armed conflict or (b) while engaged in extra hazardous service, including such service under

conditions simulating war, the rates outlined in § 5.2624 are payable. (Veterans' Regulation No. 1 (a), Part II, par. I (c), (38 U. S. C. ch. 12), as amended by Pub. Law 359, 77th Cong. and Pub. Law 868, 80th Cong.)

* * * * *

14. In § 5.2624 the introductory paragraph and paragraph (a) are combined and amended to read as follows:

§ 5.2624 *Death due to wartime service.* (a) (1) Where death resulted from active military or naval service rendered during the Civil War, the Indian wars, the Spanish-American War, including the Boxer Rebellion and Philippine Insurrection, World War I, or World War II, the following rates are payable:

	Per month		
	Aug. 1, 1943, to Aug. 31, 1946	Sept. 1, 1946, to Aug. 31, 1948	On and after Sept. 1, 1948
Widow	$50.00	$60.00	$75.00
Widow with one child	65.00	78.00	100.00
Each additional child	13.00	15.60	15.00
Children where there is no widow, total payable equally divided			
1 child	25.00	30.00	58.00
2 children	38.00	45.60	82.00
3 children	48.00	57.60	106.00
Each additional child	10.00	12.00	20.00
Dependent mother or father	45.00	54.00	60.00
(Or both), each	25.00	30.00	35.00

(2) As to the widow, child or children, the total payable under subparagraph (1) of this paragraph shall not exceed $100 for periods prior to August 8, 1946. No limitation as to the amount payable is applicable for periods on and after that date. (Pub. Law 673, 79th Cong.)

(3) The foregoing rates for periods prior to September 1, 1948 are contained in section 5, Public No. 198, 76th Congress, as amended by section 10, Public Law 667, 77th Congress; section 14 (a), Public Law 144, 78th Congress; and section 2, Public Law 662, 79th Congress. The rates in section 5, Public No. 198, 76th Congress, originally applied only to World War I cases but were specifically made applicable to cases pertaining to the Spanish-American War, including the Boxer Rebellion and Philippine Insurrection, under the terms of Public Law 242, 77th Congress, and became applicable to cases pertaining to the other wars by reason of the provisions of Veterans' Regulations No. 1 (a), Part II, par. 1 (c) (38 U. S. C. ch. 12), as amended by Public Law 359, 77th Congress. The rates on and after September 1, 1948, as to cases pertaining to Spanish-American War, Boxer Rebellion and Philippine Insurrection, World War I and World War II are contained in Veterans' Regulation No. 1 (a), Part I, par. IV (38 U. S. C. ch. 12), by section 1, Public Law 868, 80th Congress, and are applicable to cases pertaining to other wars by virtue of the provisions of section 2, Public Law 868, 80th Congress. (Pub. Law 868, 80th Cong.)

15. Paragraph (a) of § 5.2626 is amended to read as follows:

§ 5.2626 *Death due to Veterans' Administration hospital treatment, etc.*—(a) *Rates under section 31, Title III, Public No. 141, 73d Congress, or section 12, Public No. 866, 76th Congress.* Where death occurred under the conditions set forth in section 31, Title III, Public No. 141, 73d Congress, or section 12, Public No. 866, 76th Congress, the rates payable (1) where the veteran served in a war are those authorized in paragraph (1), Veterans' Regulation 1 (g), (38 U. S. C. ch. 12), subject for periods on and after September 1, 1946, to the increases provided by section 2, Public Law 662, 79th Congress, or (2) where the veteran served during peacetime are those authorized in paragraph 2, Veterans' Regulation 1 (g); *Provided*, That for periods on and after September 1, 1948 the rates outlined in §§ 5.2622 or 5.2624, whichever is applicable, shall be payable. Nothing contained herein shall prevent the payment of a higher rate under a service or other act where authorized. (Pub. Law 868, 80th Cong.)

PART 5—ADJUDICATION: DEPENDENTS' CLAIMS (APPENDIX)

NOTICE OF ACTION TAKEN ON CLAIMS INVOLVING PAYMENT OF SURVIVORS' INSURANCE BY FEDERAL SECURITY AGENCY

Paragraphs 5 and 6 of Veterans' Administration Instruction 1, Public Law 719, 79th Congress appearing in 38 CFR, 1946 Supp., Appendix, are amended to read as follows:

5. *Federal Security Agency procedure on initial claims for survivors' insurance.* In general the Federal Security Agency will conform to a procedure as follows: A claimant will be requested to inform that agency as to whether compensation or pension has been awarded by the Veterans' Administration. If the claimant satisfies that agency that an award has been made, the case will be closed insofar as that agency is concerned, and the Veterans' Administration will not be informed. In other cases, FSA Form OA-C650 will be sent to the Veterans' Administration to ascertain whether death compensation or pension has been awarded. The upper half of the form will be executed by Federal Security Agency, and two copies of the form will be sent to the appropriate Veterans' Administration branch office or to the Director, Dependents and Beneficiaries Claims Service, Washington 25, D. C. Action on the claim for survivors' will be deferred for a period of 60 days. If no reply is received from the Veterans' Administration within that period or the reply states that no claim has been filed, that a claim is pending, or that all claims filed have been disallowed, an award of survivors' insurance may be certified for payment. No follow-up on the form will be made prior to certification of the payment.

6. *Veterans' Administration disposition of FSA Form OA-C650*—(a) *Central office cases.* Upon receipt of FSA Form OA-C650 (5-48), there will be recorded on the lower half of the form, in duplicate, the status of any claim for death compensation or pension which may have been filed (pending, approved, or disallowed), or a statement under remarks showing that no such claim has been filed. In the event benefits have been awarded, the name, address; and relationship of the payee will be entered on the form. It will not be necessary to show that payments have been awarded to more than one person. The form will be signed by an attorney reviewer for the Director, Dependents and Beneficiaries Claims Service. The original will be forwarded to the Social Security Administration field office from which it originated and the duplicate placed in the XC folder. If upon receipt of FSA Form OA-C650 it is ascertained that the XC folder is in the custody of a branch office, the form will be referred to that office for disposition.

(b) *Branch office cases.* The procedure outlined in the preceding subparagraph will be observed in cases under the jurisdiction of a branch office. The form will be signed by an attorney reviewer for the Director, Claims Service. Where the form is received in a branch office which does not have jurisdiction over the XC folder, the form will be referred to the Director, Dependents and Beneficiaries Claims Service, Central Office.

[Docket No. 8887]

ROCK RIVER VALLEY BROADCASTING CO. AND WATERTOWN RADIO, INC.

MEMORANDUM OPINION AND ORDER REDESIGNATING APPLICATION FOR HEARING

In re applications of Rock River Valley Broadcasting Company, Watertown, Wisconsin, Docket No. 8887, File No. BP–6538; Watertown Radio, Inc., Watertown, Wisconsin, File No. BP–6426, for construction permits.

By the Commission: Commissioner Webster not participating; Commissioners Hyde and Jones dissenting.

The Commission has before it a petition filed August 30, 1948, by Watertown Radio, Inc., Watertown, Wisconsin, requesting reconsideration of the action of Motions Commissioner Webster on August 20, 1948, in granting a petition filed August 13, 1948, by Rock River Valley Broadcasting Company, Watertown, Wisconsin. The Rock River petition requested leave to amend its application for construction permit (File No. BP–6538, Docket No. 8887) which then specified 920 kc, 500 w power, daytime only, so as to specify 1580 kc, 250 w power, daytime only. On September 10, 1948, Rock River filed an opposition to Watertown's petition of August 30, 1948.

To more fully understand what is involved here, it is necessary that a brief history of the applications of Watertown Radio, Inc. and Rock River Valley Broadcasting Company be given. In November, 1947, Watertown Radio, Inc. filed an application for the use of the frequency 1580 kc with 250 w power, daytime only, at Watertown, Wisconsin (File No. BP–6426). In January, 1948, Rock River Valley Broadcasting Company filed an application for the use of the frequency 920 kc with 250 w power, daytime only, also at Watertown. On April 1, 1948, the Commission designated the Rock River application for hearing with the mutually exclusive application of Metropolitan Broadcasting Company, Whitefish Bay, Wisconsin (File No. BP–5755, Docket No. 8202). On August 20, 1948, the Motions Commissioner granted Rock River's amendment to change frequency to 1580 kc and removed the application, as amended, from the hearing docket, thereby making Rock River's application mutually exclusive with the still pending application of Watertown Radio, Inc. for 1580 kc. Petitioner argued against the grant of the Rock River amendment at the Motions Docket hearing on August 20, 1948, and thereafter filed the instant petition for reconsideration which, as aforesaid, was opposed by Rock River.

The petition of Watertown for reconsideration was largely predicated upon the contention that Rock River failed to meet the requirements of § 1.365 (a)[1] of the Commission's rules in that it did not show good cause why the amendment to the frequency sought should be granted.

The opposition of Rock River to Watertown's petition is based upon three principal contentions, viz. that Watertown has no standing to urge the present petition, that good cause has been shown by it, and that there was no abuse of discretion on the part of the Motions Commissioner in permitting the amendment.

To support its contention that good cause was not shown, Watertown argues that no cause was shown justifying a grant of the amendment; that numerous prior precedents relative to granting similar amendments are not relevant since there was no argument in those cases about good cause; that to hold that good cause is not a condition precedent to allowing an amendment would leave the Commission's rules wholly without meaning, since applicants, whether designated for hearing or not, could amend as a matter of right, and the discretion vested in the Motions Commissioner to weigh the showing of good cause would cease to exist. Petitioner argues that it was even impossible to spell out from the petition to amend or the accompanying amendment any unstated good cause that would justify a grant of the amendment; that at the oral argument before the Motions Commissioner, Rock River made an allegation that all but one of its parties were local residents, but that this is not a sufficient reason to justify a change to the inferior 1580 kc frequency; that as a matter of law the petition to amend should have been denied since it failed to state any facts establishing good cause as required by the Commission's rules; that a grant of the amendment encourages "frequency-hopping" whereas, in the absence of good cause, applicants should be required to stand by their original proposals; and that it is contrary to orderly administration to allow the Rock River amendment in the instant circumstances.

The opposition filed by Rock River Valley Broadcasting Company asserts that petitioner has no standing to urge the present petition since it is not an "interested party" within the meaning of § 1.745 of the rules relative to the filing of a petition for review of the action of the Motions Commissioner. Rock River states that petitioner is not a party to the consolidated proceeding in which the Rock River petition for leave to amend is a pleading; that petitioner's ultimate expectancy of harm resulting from the action of the Motions Commissioner does not clothe it with an interest sufficient to raise the instant appeal; and that accordingly petitioner has no standing to prosecute the instant appeal from the action of the Motions Commissioner. Relative to the good cause argument, Rock River asserts that § 1.365 (a) of the rules does not require good cause to be shown in the petition, but only that the Motions Commissioner grant the petition for good cause shown; that it is apparent that the Motions Commissioner considered the question of good cause in his determination; that petitioner's chief concern is the fact that its application will be consolidated for hearing with Rock River's application; that petitioner is utilizing the instant petition as a sounding board in order to determine why its application has not been granted heretofore by the Commission in view of the fact that other applications bearing higher file numbers have been granted; that this reason does not justify a departure from precedent in acting upon a petition for leave to amend; that insofar as petitioner requests oral argument before the Commission that is merely an attempt to provide an opportunity to emphasize the abuse which it has allegely received from the Commission; and that accordingly the petition for reconsideration and oral argument should be denied.

The important issues raised by the instant petition and the opposition thereto are twofold, namely whether in the absence of a showing of "good cause" a Motions Commissioner is bound as a matter of law to deny a petition to amend; and secondly whether a party, who is not a party of record in a proceeding, can prosecute an appeal from an action of the Motions Commissioner in a pleading relative to that proceeding.

We are of the opinion that Watertown had standing to oppose the amendment of Rock River and has standing to file the present petition. Section 1.745 relating to adverse rulings by the Motions Commissioner and appeals therefrom provides that "Within two days[2] from the date of any ruling on a petition, motion, or other matter by the presiding officer of the motions docket, any interested party may petition for a review of such ruling by a quorum of the Commission." It should be noted that the language used is "any interested party" and not "any party to the proceeding". The first phrase is patently broader than the second, and in this light the contention of Rock River that Watertown has no standing as a party to protest loses whatever force it might otherwise have. It is unrealistic to suppose that in a case of this type there would be objection of the other party to the proceeding out of which Rock River was attempting to amend, and, if that other party were the only one who could object, the rule would be practically meaningless. Certainly Watertown would be affected by a request to change to the same frequency specified by it thus necessitating comparative consideration of two applications for the same facilities in the same town. It thus is "an interested party" within the meaning of the rule.

Since Watertown has, as we have held, status to object to the proposed amendment of Rock River, it is vitally interested in whether compliance is had with that provision of § 1.365 (a) requiring that good cause be shown. While in cases where there is no opposition to an amendment, the Commission may at its own discretion overlook the showing of good cause, yet when the question of whether a petitioner has shown good cause is raised, it must be met, and to hold otherwise would be reading language out of the rule and necessitate the conclusion that anyone could amend as a matter of right. The determination of this matter does not hinge on whether the Motions Commissioner exercised discretion and found that good cause was shown, although it is quite apparent that good cause was not shown. The Motions Commissioner stated that without regard to the merits of petitioner's case he felt himself bound to follow precedents cited by Commission Counsel—that prior decisions of Motions Commissioners had granted leave to amend even though the

[1] Section 1.365 (a) provides in part that "Any application may be amended as a matter of right prior to the designation of such application for hearing merely by filing the appropriate number of copies of the amendment in question duly executed. Requests to amend an application after it has been designated for hearing will be considered only upon written petition properly served upon the parties of record, and will be granted only for good cause shown . . .".

[2] The Motions Commissioner, after granting the petition to amend and noting Watertown's exception, granted Watertown's oral motion for an extension to August 30, 1948, for the filing of the instant petition.

amendment proposed was mutually exclusive with pending applications not yet heard.

For the foregoing reasons, it is therefore ordered this 30th day of September, 1948, that the petition for reconsideration filed by Watertown Radio, Inc., on August 30, 1948, be, and it is hereby, granted; that the action of the Motions Commissioner granting the petition filed August 13, 1948, by Rock River Valley Broadcasting Company requesting leave to amend be, and it is hereby reversed; and that the aforesaid application of Rock River Valley Broadcasting Company be, and it is hereby, restored to the hearing docket.

Released: October 1, 1948.

FEDERAL POWER COMMISSION

[Docket No. G-1091]

COLORADO INTERSTATE GAS CO.

ORDER FIXING DATE OF HEARING

Upon consideration of the application filed July 23, 1948, as supplemented on September 7, 1948, by Colorado Interstate Gas Company (Applicant), a Delaware corporation having its principal place of business at Colorado Springs, Colorado, for a certificate of public convenience and necessity, pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas facilities subject to the jurisdiction of the Commission, as more fully described in such application on file with the Commission and open to public inspection;

It appears to the Commission that:

This proceeding is a proper one for disposition under the provisions of § 1.32 (b) of the Commission's rules of practice and procedure, Applicant having requested that its application be heard under the shortened procedure provided by the aforesaid rule for non-contested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on August 13, 1948 (13 F. R. 4701).

The Commission, therefore, orders that:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing be held on October 20, 1948, at 9:30 a. m. (e. s. t.), in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application: *Provided, however,* That the Commission may, after a non-contested hearing, forthwith dispose of the proceeding pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the said rules of practice and procedure.

Date of issuance: October 5, 1948.

SECURITIES AND EXCHANGE COMMISSION

[File No. 70-1945]

COLUMBIA GAS SYSTEM, INC.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 5th day of October A. D. 1948.

The Columbia Gas System, Inc. ("Columbia"), a registered holding company, having filed an application-declaration pursuant to sections 6, 7 and 12 of the Public Utility Holding Company Act of 1935 and Rule U-42 promulgated thereunder, with respect to the following transactions:

Columbia has presently outstanding 12,229,874 shares of common stock, without par value. Columbia proposes to offer to its common stockholders, at the price of $10.00 per share, an additional 1,223,000 shares of common stock. Rights to Subscribe will be issued to the common stockholders on the basis of one share of new common stock for each ten shares of common stock held by them. The proceeds from the sale of the new common stock will be used by Columbia to finance in part its 1949 construction program.

Common stockholders will also have the privilege of subscribing to such of the new common stock not subscribed for through the exercise of Rights to Subscribe, subject to pro rata allotment. The Rights to Subscribe together with the additional subscription privilege will be evidenced by transferable warrants. No fractional shares of common stock will be issued, but rights in excess of those necessary to subscribe for a full share may be sold or additional rights may be purchased to entitle the holder of the warrant to subscribe to one or more full shares of common stock.

The declaration further states that while the offer to the stockholders will not be underwritten, Columbia proposes to arrange for the payment of fees to members of the National Association of Security Dealers for subscriptions for new common stock solicited. In addition to the other estimated fees and expenses to be incurred by it in connection with the financing, Columbia proposes to pay participating dealers a fee of 25¢ for each share of additional common stock issued pursuant to the subscription offer in those cases where the names of such participating dealers appear on the exercised warrants.

Columbia proposes to stabilize the price of its common stock and/or the rights to subscribe to the additional common stock for the purpose of facilitating the distribution and offering of the additional common stock. In connection therewith, Columbia may, after the making of its subscription offer and prior to the expiration thereof, purchase shares of common stock and Rights to Subscribe on the New York Stock Exchange and/or The Pittsburgh Stock Exchange through brokers with the payment of the regular stock exchange commission. Any rights which are purchased by Columbia may be retained, or may be sold by it on the exchanges at the current price and with payment of the regular stock exchange commission, or may be sold on the over-the-counter markets at prices not to exceed the current price of rights as quoted on the New York Stock Exchange and with payment of commissions not in excess of the regular New York Stock Exchange Commission on such transaction. Columbia states that it will at no time acquire a net long position of shares of common stock (including for this purpose the equivalent shares represented by rights acquired) in excess of 10% of the additional common stock to be offered. Prior to selling shares of common stock purchased in connection with the stabilization program, Columbia will file a post-effective amendment to its declaration, setting forth the terms and conditions upon which it will sell or dispose of such shares.

Said application-declaration, having been duly filed, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said application-declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the applicable requirements of the act are satisfied, and deeming it appropriate in the public interest and in the interest of investors and consumers that said applica-

tion-declaration be granted and be permitted to become effective:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that the application-declaration be, and the same hereby is, granted, and permitted to become effective forthwith.

It is further ordered, That jurisdiction be, and hereby is, reserved with respect to the reasonableness of the fees and expenses to be paid by Columbia in connection with the transactions proposed herein, excepting, however, the payment of 25¢ per share to participating dealers for subscriptions for new common stock solicited, which payment is hereby permitted.

By the Commission.

NORTH AMERICAN CO.

ORDER GRANTING APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 5th day of October 1948.

The North American Company ("North American"), a registered holding company, has filed an application pursuant to sections 9 and 10 of the Public Utility Holding Company Act of 1935 ("Act") relating to the transactions summarized below:

North American proposes to purchase on the New York Stock Exchange, the San Francisco Stock Exchange and the Los Angeles Stock Exchange such number of shares of Common Stock of Pacific Gas and Electric Company as it may deem necessary or appropriate for the purpose of stabilizing the market price of such stock on the respective exchanges during the period commencing at 10:00 a. m., e. s. t. on the day fixed for the opening by North American of bids for the purchase of 75,000 shares of Common Stock of Pacific Gas and Electric Company, to be sold by North American, and ending at the time of acceptance of a bid or the rejection of all bids. It is proposed that any shares which North American may purchase pursuant to the stabilizing program will be sold on the New York Stock Exchange as soon as practicable after the consummation of the sale of the said 75,000 shares.

Appropriate notice pursuant to Rule U-44 (c) with respect to the proposed sale of the 75,000 shares of Common Stock of Pacific Gas and Electric Company, and the sale of any shares acquired as the result of stabilization, has been given to the Commission by North American and no filing has been required by the Commission with respect to such sales.

North American states that it will report by amendment the results of its request for competitive bids and at that time will request the entry of a supplemental order, conforming to the requirements of Supplement R and section 1808 (f) of the Internal Revenue Code, before consummating the sale of the said 75,000 shares to the successful bidder.

The application having been filed on September 17, 1948, notice of said filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for a hearing with respect to said application within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding, with respect to the proposal to acquire shares of Common Stock of Pacific Gas and Electric Company for the purpose of stabilizing the market price of said stock, that the requirements of the applicable provisions of the act and the rules and regulations promulgated thereunder are satisfied, and that it is not necessary to impose any terms and conditions other than those set forth below, and the Commission deeming it appropriate in the public interest and in the interest of investors and consumers that the said application with respect to said proposed acquisition of Common Stock of Pacific Gas and Electric Company be granted:

It is ordered, Pursuant to said Rule U-23 and the applicable provisions of said act that said application be, and the same hereby is, granted, effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

It is further ordered, That the Commission's order of April 14, 1942, requiring, among other things, that The North American Company sever its relationship with Pacific Gas and Electric Company by disposing of or causing the disposition of, in any appropriate manner not in contravention of the applicable provisions of the act or of the rules and regulations promulgated thereunder, its direct and indirect ownership, control and holding of securities issued and properties owned, controlled or operated by Pacific Gas and Electric Company, shall be deemed to require the disposition of any shares of Common Stock of Pacific Gas and Electric Company acquired by The North American Company as a result of stabilizing the market price of such stock, as authorized herein, with the same force and effect as if said shares had been held by The North American Company as of the date of the said order.

By the Commission.

SIOUX CITY GAS AND ELECTRIC CO. AND IOWA PUBLIC SERVICE CO.

NOTICE OF FILING OF APPLICATIONS-DECLARATIONS

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 4th day of October 1948.

In the matter of Sioux City Gas and Electric Company and Iowa Public Service Company, File No. 70-1956; Sioux City Gas and Electric Company, File No. 70-1953.

Notice is hereby given that applications-declarations have been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 (the "Act"), by Sioux City Gas and Electric Company ("Sioux City"), a registered holding company and a public utility company, and its public utility subsidiary, Iowa Public Service Company ("Iowa"), also a registered holding company, with respect to the financing of Sioux City and Iowa. Applicants-declarants have designated sections 6 (a), 7, 9, 10 and 12 (f) of the act and Rules U-43 and U-50 thereunder as applicable to the proposed transactions.

Notice is further given that any interested person may, not later than October 18, 1948, at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matters, stating the reasons for such request, the nature of his interest and the issues, if any, of fact or law raised by said filings which he desires to controvert, or may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 18, 1948 said applications-declarations, as filed or as amended, may be granted or permitted to become effective as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transactions as provided in Rule U-20 (a) and Rule U-100 thereof.

All interested persons are referred to said applications-declarations which are on file in the offices of this Commission for a statement of the proposed transactions which are summarized as follows:

1. *Proposed financing of Iowa.* Iowa proposes to issue and sell at competitive bidding, pursuant to the requirements of Rule U-50, $3,000,000 principal amount of its First Mortgage Bonds to be dated as of November 1, 1948, and to mature in 1978. The bonds are to be issued pursuant to and secured by Iowa's present indenture dated as of June 1, 1946, as supplemented by indentures dated as of September 1, 1947, and to be dated as of November 1, 1948.

Iowa also proposes to issue and sell, at a price subsequently to be determined and presently estimated by the company at about $15 per share, 109,866 additional shares of its authorized but unissued $15 par value common stock. The shares of common stock are to be offered to the holders of the presently outstanding common stock of the company for subscription in the ratio of 1/6 of a share of additional common stock for each one share of common stock held. The right to subscribe for said shares of common stock is proposed to be evidenced by Full Share and Fractional Share Subscription Warrants in transferable form. As fractional shares of common stock will not be issued, fractional share subscription warrants will be exercisable only when combined with other warrants evidencing the right to subscribe for one or more full shares.

Sioux City, which is the holder of 403,545 shares of the issued and outstanding common stock of Iowa, proposes to subscribe for and purchase the 67,257 shares to which it will be entitled to subscribe. If any of the remaining 42,609 shares are not subscribed for by the public holders of warrants, Sioux City proposes to purchase such shares so that the entire proposed issue of common stock of Iowa of 109,866 shares will be fully subscribed.

The filing states that the net proceeds from the sale of the bonds and common stock of Iowa will be used, together with funds derived from operations, to provide a portion of the funds required for the construction or acquisition of permanent improvements, extensions and additions to the company's property or to reimburse its treasury in part for expenditures made for such purposes. The company contemplates expenditures for property additions during the years 1948 through 1951 in a total amount estimated at $25,147,777. The company states that as additional funds are required, they may be provided from cash resources, from borrowings and/or from the proceeds of the sale of additional securities.

2. *Proposed financing of Sioux City.* Sioux City proposes to issue and sell $1,000,000 principal amount of its First Mortgage and Collateral Trust Bonds, 3% Series due 1978. The bonds are to be issued pursuant to and secured by Sioux City's present indenture dated as of December 1, 1945, as supplemented by an indenture to be dated as of October 1, 1948. The bonds are to be sold for cash at private sale to the New York Life Insurance Company at 99½% of the principal amount and accrued interest to the date of delivery.

Sioux City also proposes to issue and sell, at a price subsequently to be determined and presently estimated by the company at about $26 per share, 71,362 shares of its authorized but unissued $12.50 par value common stock. The shares of common stock are to be offered to the holders of the presently outstanding common stock of the company for subscription in the ratio of ⅓ of a share of additional common stock for each one share of common stock held. The right to subscribe for said shares of common stock is proposed to be evidenced by Full Share and Fractional Share Subscription Warrants, which are to be issued in transferable form. As fractional shares of common stock will not be issued, fractional share subscription warrants will be exercisable only when combined with other warrants evidencing the right to subscribe for one or more full shares. Each holder of subscription warrants will be entitled to purchase from Sioux City any shares covered by outstanding warrants which are not exercised, which right will, however, be subject to allotment.

The filing indicates that the net proceeds from the sale of bonds will be used to reimburse the company's treasury in part for capital expenditures heretofore incurred, while the net proceeds from the sale of the stock will be added to the general funds of the company and will be used, together with other funds of the company, to make the proposed additional investment in the common stock of Iowa above described and to pay in full or reduce Sioux City's 1¾% note to Bankers Trust Company in the principal amount of $1,800,000 due October 6, 1949.

With respect to the above proposed financings of Sioux City and Iowa the filings state as follows:

It is the present intention of the management of Sioux City Gas and Electric Company and of Iowa Public Service Company to initiate, upon completion of present financing programs, proceedings to effect a consolidation of the properties of Sioux City Gas and Electric Company and of Iowa Public Service Company, by the filing with the Securities and Exchange Commission of a plan pursuant to Section 11 (e) of the Public Utility Holding Company Act of 1935 providing for a merger of Iowa Public Service Company into Sioux City Gas and Electric Company pursuant to the provisions of the Iowa and Delaware statutes, or by such other means as may be approved by the Securities and Exchange Commission. The proposed merger will probably involve the assumption by Sioux City Gas and Electric Company of the bonds of and of all other debts of Iowa Public Service Company, the issuance, on a share for share basis, of preferred stock of Sioux City Gas and Electric Company having the same dividend rate and redemption prices as the outstanding preferred stock of Iowa Public Service Company, for the latter preferred stock, the issuance of common stock of Sioux City Gas and Electric Company for the common stock of Iowa Public Service Company outstanding in the hands of the public on a basis not yet determined, and, as a part of such merger or subsequent thereto, the issuance of additional securities of Sioux City Gas and Electric Company to secure new money for construction and/or other corporate requirements of the combined properties. Attention is directed to the fact that plans under the provisions of Section 11 of the Act may, upon approval by the Securities and Exchange Commission and a United States Court, involve mandatory exchanges of securities, in certain cases without regard to any vote of security holders or to any appraisal rights which might otherwise vest in security holders by virtue of the provisions of state statutes, charters or by-laws.

The filings state that the need for funds to finance the construction program of Iowa is urgent and cannot await the completion of the contemplated merger of Iowa and Sioux City.

The applicants-declarants have requested that the Commission's order in File No. 70-1953 be issued not later than October 21, 1948, and that its order in File No. 70-1956 be issued not later than October 28, 1948, and that both of said orders be made effective forthwith upon issuance.

By the Commission.

[File No. 70-1960]

NORTH AMERICAN CO. AND UNION ELECTRIC CO. OF MISSOURI

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 4th day of October 1948.

Notice is hereby given that The North American Company ("North American"), a registered holding company, and its subsidiary, Union Electric Company of Missouri ("Union Electric"), a registered holding company and an electric utility company, have filed a joint application-declaration pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 ("Act") and the rules and regulations promulgated thereunder. Applicants-declarants have designated sections 6 (a), 7, 9 (a) (1) and 10 of the act and rules U-23, U-43 and U-50 thereunder as applicable to the proposed transactions.

All interested persons are referred to said application-declaration which is on file in the office of this Commission for a statement of the transactions therein proposed, which are summarized below:

Union Electric proposes to amend its Articles of Incorporation in order to change each of the 3,300,000 shares of its authorized common stock, without par value, into 3½ shares of common stock, without par value, so that the aggregate number of authorized shares of common stock will be 11,550,000 shares. Union Electric proposes to issue and North American proposes to acquire 9,782,500 shares of the new common stock in exchange for 2,795,000 shares representing the presently outstanding common stock of Union Electric, all of which stock is owned by North American. No change in the present aggregate stated value of the issued and outstanding common stock will be made.

It is also proposed, as incidental to the foregoing proposal, that the Articles of Incorporation be further amended to increase the authorized common stock of Union Electric from 11,550,000 to 12,000,000 shares.

Union Electric also has 750,000 authorized shares of preferred stock of which 383,597 shares are outstanding. North American owns 152 shares of such preferred stock which, together with its holdings of 2,795,000 shares of Union Electric common stock, represent 87.94% of the voting power of all the outstanding capital stock of Union Electric.

Applicants-declarants state that the proposed transactions would increase the voting power of North American to 96.2% and that as a result thereof consolidated Federal income tax returns could be filed by North American, which could include Union Electric and its subsidiaries. It is asserted that a substantial reduction in Federal income taxes would result from filing a consolidated tax return.

The application-declaration states that the Missouri Public Service Commission has jurisdiction over the proposed transactions.

Applicants-declarants request that an order be issued by this Commission at the earliest practicable date so that the transactions may be completed as soon as possible.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the matters set forth in said application-declaration and that said applica-

tion-declaration should not be granted or permitted to become effective except pursuant to further order of this Commission.

It is ordered, That a hearing on said application-declaration pursuant to the applicable provisions of the act and the rules and regulations thereunder be held on October 15, 1948, at 10:00 a. m., e. s. t., at the office of this Commission, 425 Second Street NW., Washington 25, D. C. On such date the hearing room clerk in Room 101 will advise as to the room in which such hearing shall be held. Any person desiring to be heard or otherwise wishing to participate in these proceedings shall file with the Secretary of this Commission, on or before October 14, 1948, a written request relative thereto as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That Allen MacCullen, or any other hearing officer or officers of this Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the application-declaration and that, upon the basis thereof, the following matters and questions are presented for consideration without prejudice to its specifying additional matters or questions upon further examination:

1. Whether the proposed issuance of new common stock by Union Electric satisfies the requirements of sections 6 (a) and 7 of the act.

2. Whether the proposed acquisition by North American from Union Electric of the new shares of common stock satisfies the requirements of section 10 of the act and, specifically, whether such proposed acquisition is detrimental to the carrying out of the provisions of section 11 of the act and the Commission's order, dated April 14, 1942.

3. Whether the terms and conditions of the proposed issuance of the new common stock by Union Electric are detrimental to the public interest or to the interest of investors or consumers.

4. Whether the proposed issuance of common stock by Union Electric will result in an unfair or inequitable distribution of voting power among the holders of outstanding securities of Union Electric, or is otherwise detrimental to the public interest or the interest of investors or consumers.

5. Whether the fees or other remuneration to be paid in connection with the proposed transactions are for necessary services and are reasonable in amount.

6. Whether terms and conditions, if any, with respect to the proposed transactions should be prescribed in the public interest or for the protection of investors or consumers, and, if so, what such terms and conditions should be.

It is further ordered, That at said hearing evidence shall be adduced with respect to the foregoing matters and questions.

It is further ordered, That the Secretary of the Commission shall serve a copy of this notice and order by registered mail on The North American Company, Union Electric Company of Missouri, the Missouri Public Service Commission, the Federal Power Commission, and the City of St. Louis, Missouri, that notice be given to all other persons by publication of a copy of this notice and order in the FEDERAL REGISTER and by general release of the Commission distributed to the press and mailed to the mailing list for releases under the Public Utility Holding Company Act of 1935.

By the Commission.

NORTH AMERICAN LIGHT & POWER CO. ET AL.

NOTICE OF FILING AND NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 4th day of October 1948.

In the matter of North American Light & Power Company, the Kansas Power and Light Company, Missouri Power and Light Company, File No. 70-1963.

Notice is hereby given that North American Light & Power Company ("Light & Power"), a registered holding company and a subsidiary of The North American Company, also a registered holding company, and The Kansas Power and Light Company ("Kansas") and Missouri Power & Light Company ("Missouri"), public utility subsidiaries of Light & Power, have filed a joint application and declaration pursuant to the applicable provisions of the Public Utility Holding Company Act of 1935 ("Act") and the rules and regulations promulgated thereunder. The applicants-declarants designate sections 6 (a), 7, 9 (a), 10 and 12 (f) of the act and Rules U-20, U-22 and U-23 of the general rules and regulations promulgated thereunder as applicable to the proposed transactions.

All interested persons are referred to said application-declaration which is on file in the office of this Commission, for a statement of the transactions therein proposed, which are summarized below:

Light & Power presently owns all of the outstanding common stock of Kansas and of Missouri. Kansas proposes to amend its Articles of Incorporation so as to reduce the par value of its common stock from $10 per share to $5 per share and to increase the number of outstanding shares from 1,550,000 to 3,100,000 or in a ratio of 2 shares of new common stock for each share presently outstanding, and by such amendment to change the total authorized amount of its common stock from 2,000,000 shares of a par value of $10 per share to 4,000,000 shares of a par value of $5 per share. Light & Power proposes to acquire the 3,100,000 shares of new common stock in exchange for the 1,550,000 shares of common stock which it holds.

Missouri proposes to amend its Articles of Incorporation so as to reduce the par value of its common stock from $20 per share to $5 per share and to increase the number of outstanding shares from 265,000 to 1,060,000 by issuing 4 shares of new common stock for each share presently outstanding. Missouri, by such amendment, would change the total amount of its authorized common stock from 375,000 shares of a par value of $20 per share to 1,500,000 shares of a par value of $5 per share. Light & Power proposes to acquire the 1,060,000 shares of new common stock in exchange for 265,000 shares of the common stock which it now holds.

The applicants-declarants state that the purpose of the proposed transactions is to increase Light & Power's percentage of total voting power held in Kansas, which has voting preferred stock outstanding, from 91.79% to 95.72% and in Missouri, which has voting preferred stock outstanding, from 86.89% to 96.36%. It is asserted that the increase in the voting power will enable Light & Power, Kansas and Missouri to file consolidated tax returns and that substantial tax savings to each of the companies would result therefrom.

The application-declaration states that the State Corporation Commission of the State of Kansas has jurisdiction over the transactions proposed by Kansas, and that the Public Service Commission of the State of Missouri has jurisdiction over the transactions proposed by Missouri.

Applicants-declarants request that an order be issued at the earliest practicable date approving the proposed transactions so that they may be completed as soon as possible.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to the matters set forth in said application-declaration and that said application-declaration should not be granted or permitted to become effective except pursuant to further order of this Commission:

It is ordered, That a hearing on said application-declaration pursuant to the applicable provisions of the act and the rules and regulations thereunder be held on October 14, 1948, at 10:00 a. m., e. s. t., at the office of this Commission, 425 Second Street NW., Washington 25, D C. On such date the hearing-room clerk in Room 101 will advise as to the room in which such hearing shall be held. Any person desiring to be heard or otherwise wishing to participate in these proceedings shall file with the Secretary of this Commission, on or before October 13, 1948, a written request relative thereto as provided by Rule XVII of the Commission's rules of practice.

It is further ordered, That Allen MacCullen, or any other hearing officer or officers of this Commission designated by it for that purpose shall preside at such hearing. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 13 (c)

of the act and to a hearing officer under the Commission's rules of practice.

The Division of Public Utilities of the Commission having advised the Commission that it has made a preliminary examination of the application-declaration and that upon the basis thereof the following matters and questions are presented for consideration without prejudice to its specifying additional matters or questions upon further examination:

1. Whether the proposed issuance of new common stock by Kansas and Missouri satisfies the requirements of sections 6 (a) and 7 of the act.

2. Whether the proposed acquisition by Light & Power from Kansas and Missouri of the new shares of common stock satisfies the requirements of section 10 of the act and, specifically, whether such proposed acquisition is detrimental to the carrying out of the provisions of section 11 of the act, the Commission's order, dated December 30, 1941, and the provisions of Amended Plan I, approved by this Commission on June 25, 1947, and by the District Court of the United States, for the District of Delaware, on November 6, 1947.

3. Whether the terms and conditions of the proposed issuance of the new common stock by Kansas and Missouri are detrimental to the public interest or to the interest of investors or consumers.

4. Whether the proposed issuances of common stock by Kansas and Missouri will result in an unfair or inequitable distribution of voting power among the holders of outstanding securities of Kansas and Missouri; or are otherwise detrimental to the public interest or the interest of investors or consumers.

5. Whether the fees or other remuneration to be paid in connection with the proposed transactions are for necessary services and are reasonable in amount.

6. Whether terms and conditions, if any, with respect to the proposed transactions should be prescribed in the public interest or for the protection of investors or consumers and, if so, what such terms and conditions should be.

It is further ordered, That at said hearing evidence shall be adduced with respect to the foregoing matters and questions.

It is further ordered, That the Secretary of the Commission shall serve a copy of this notice and order by registered mail on North American Light & Power Company, Missouri Power and Light Company. The Kansas Power and Light Company, the Missouri Public Service Commission, the State Corporation Commission of the State of Kansas and the Federal Power Commission, that notice be given to all other persons by publication of a copy of this notice and order in the FEDERAL REGISTER and by general release of the Commission distributed to the press and mailed to the mailing list for releases under the Public Utility Holding Company Act of 1935.

By the Commission.

FORESIGHT FOUNDATION, INC.

NOTICE OF APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 5th day of October A. D. 1948.

Notice is hereby given that Foresight Foundation, Inc. (Applicant), a registered closed-end, non-diversified, management investment company, with its principal place of business at 100 West Tenth Street, Wilmington 99, Delaware, has filed an application pursuant to section 8 (f) of the Investment Company Act of 1940 for an order declaring that it has ceased to be an investment company or, in the event that the Commission deems it inappropriate at this time to find that it has ceased to be an investment company, for an order exempting the applicant from the provisions of section 30 (a), (b) and (d) of the act and Rules N-30A-1, N-30BI-1 and N-30D-1 insofar as said section and rules require applicant to file annual and quarterly reports with the Commission and to transmit reports at least semi-annually to stockholders.

The application discloses that the applicant, a Delaware corporation, has liquidated its portfolio and as of June 30, 1948 its sole asset consisted of cash in the amount of $41,042.69. A special meeting of stockholders of the applicant was held on July 22, 1948 at which stockholders authorized: (1) The applicant to cease doing business as an investment company, (2) The dissolution of the applicant, (3) The filing of certificates of dissolution with the proper authorities, and, (4) applicant's officers to do all things necessary to marshal applicant's assets, satisfy or provide for its obligations and liabilities, distribute its assets and wind up the affairs of the company. A certificate of dissolution of applicant was filed with the Secretary of the State of Delaware on August 13, 1948.

Applicant's outstanding capital stock as of June 30, 1948 consisted of 8,136 shares of Class A stock, $1.00 par value, without voting rights, and 35,279 shares of Class B stock, $.01 par value, with voting rights. The net asset value of the Class A stock as of June 30, 1948 was $3.73 per share. The certificate of incorporation of the applicant provides that the holders of the Class A stock on any liquidation, whether voluntary or involuntary, shall be entitled to receive a sum equal to $25 per share plus a dividend at the rate of $1.25 per share per annum for the then current fiscal year apportioned to the date of such payment and no more before any distribution may be made to the holders of the Class B stock. Since the net assets of the applicant are insufficient to satisfy in full the liquidation preference of the Class A stock, no distributions will be made to the holders of the Class B stock.

The application further discloses that in the period from June 30 to September 9, 1948, applicant made disbursements aggregating $30,694.85, consisting of $895.20 expended between June 30 and July 21, 1948, in retiring 240 shares of Class A stock at the net asset value of $3.73 per share, $9,763.20 in payment of a special dividend of $1.20 per share declared on the Class A stock prior to June 30, 1948, $19,740 deposited in trust with The Pennsylvania Company for Banking and Trusts as a liquidating dividend of $2.50 per share on the Class A stock, and $296.45 for sundry taxes and expenses. Applicant's officers have no knowledge of any outstanding claims against it, except for possible federal income taxes which may be determined to be due. Applicant's assets as of September 9, 1948 consisted of cash in the amount of $10,347.84. It is estimated that $650 of this amount will be required for payment of additional liquidation expenses and the balance of $9,697.84 will be retained pending final determination of its income tax liability. After payment of any federal income taxes determined to be due, the balance of the funds then remaining are to be deposited in trust with The Pennsylvania Company for Banking and Trusts for distribution to the holders of the Class A stock.

All interested persons are referred to said application which is on file at the Washington, D. C. office of this Commission for a more detailed statement of the matters of fact and law therein asserted.

Notice is further given that an order granting the application, upon such conditions as the Commission may deem necessary or appropriate, may be issued by the Commission at any time after October 20, 1948, unless prior thereto a hearing upon the application is ordered by the Commission, as provided in Rule N-5 of the rules and regulations promulgated under the act.

Any interested person may, not later than October 18, 1948, at 5:30 p. m., submit to the Commission in writing his views or any additional facts bearing upon this application or the desirability of a hearing thereon, or request the Commission in writing that a hearing be held thereon. Any such communication or request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., and should state briefly the nature of the interest of the person submitting such information, or requesting a hearing, the reasons for such request, and the issues of fact or law raised by the application which he desires to controvert.

By the Commission.

COSTS AND EXPENSES INCURRED IN CERTAIN ACTIONS OR PROCEEDINGS IN CERTAIN OHIO, ILLINOIS, AND NEW YORK COURTS

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it having been found:

1. That each of the persons named in Column 1 of Exhibit A, attached hereto and by reference made a part hereof, was a person within the designated enemy country or the enemy-occupied territory identified in Column 2 of said Exhibit A opposite such person's name;

2. That it was in the interest of the United States to take measures in connection with representing each of said persons in the court or administrative action or proceeding identified in Column 3 of said Exhibit A opposite such person's name, and such measures having been taken;

3. That as a result of such action or proceeding each of said persons obtained or was determined to have the property particularly described in Column 4 of said Exhibit A opposite such person's name;

4. That such property is in the possession or custody of, or under the control of, the person described in Column 5 of said Exhibit A opposite such property;

5. That, in taking such measures in each of such actions or proceedings, costs and expenses have been incurred in the amount stated in Column 6 of said Exhibit A opposite such action or proceeding;

Now, therefore, there is hereby vested in the Attorney General of the United States, to be used or otherwise dealt with in the interest of and for the benefit of the United States, interests in the property in the possession or custody of, or under the control of, the persons described in Column 5 of said Exhibit A in amounts equal to the sums stated in Column 6 of said Exhibit A.

The term "designated enemy country" as used herein shall have the meaning prescribed in section 10 of Executive Order 9193, as amended. The term "enemy-occupied territory" as used herein shall have the meaning prescribed in Rules of Procedure, Office of Alien Property, § 501.6 (8 CFR, Cum. Supp., 503.6).

Executed at Washington, D. C., on October 4, 1948.

For the Attorney General.

[SEAL] DAVID L. BAZELON,
Assistant Attorney General,
Director, Office of Alien Property.

TITLE 3—THE PRESIDENT

PROCLAMATION 2816

EXTENSION OF TIME FOR RENEWING TRADE-MARK REGISTRATIONS: AUSTRIA

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS by the act of Congress approved July 17, 1946, 60 Stat. 568, the President is authorized, under the conditions prescribed in that act, to grant an extension of time for the fulfillment of the conditions and formalities for the renewal of trade-mark registrations prescribed by section 12 of the act authorizing the registration of trade-marks used in commerce with foreign nations or among the several States or with Indian tribes, and to protect the same, approved February 20, 1905, as amended (15 U. S. C. 92), by nationals of countries which accord substantially equal treatment in this respect to citizens of the United States of America:

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, under and by virtue of the authority vested in me by the aforesaid act of July 17, 1946, do find and proclaim that with respect to trade-marks of nationals of Austria registered in the United States Patent Office which have been subject to renewal on or after September 3, 1939, there has existed during several years since that date, because of conditions growing out of World War II, such disruption or suspension of facilities essential to compliance with the conditions and formalities prescribed with respect to renewal of such registrations by section 12 of the aforesaid act of February 20, 1905, as amended, as to bring such registrations within the terms of the aforesaid act of July 17, 1946; that Austria accords substantially equal treatment in this respect to trade-mark proprietors who are citizens of the United States; and that accordingly the time within which compliance with conditions and formalities prescribed with respect to renewal of registrations under section 12 of the aforesaid act of February 20, 1905, as amended, may take place is hereby extended with respect to such registrations which expired after September 3, 1939, and before June 30, 1947, until and including February 28, 1949.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington, this 9th day of October, in the year of our Lord nineteen hundred and [SEAL] forty-eight and of the Independence of the United States of America the one hundred and seventy-third.

HARRY S. TRUMAN

By the President:

ROBERT A. LOVETT,
Acting Secretary of State.

(e) Descriptions of tracts of land shall conform, so far as practicable, to the most recent edition of the "Specifications for Descriptions of Tracts of Land for Use in Executive Orders and Proclamations," published by, or under the direction of, the Director of the Bureau of the Budget.

(f) Proposed Executive orders and proclamations shall be typewritten on paper approximately 8 x 12½ inches, shall have a left-hand margin of approximately 1½ inches and a right-hand margin of approximately 1 inch, and shall be double-spaced, except that quotations, tabulations, and descriptions of land may be single-spaced.

§ 1.92 *Routing and approval of drafts.* A proposed Executive order or proclamation shall first be submitted, with seven copies thereof, to the Director of the Bureau of the Budget. If the Director of the Bureau of the Budget approves it, he shall transmit it to the Attorney General for his consideration as to both form and legality. If the Attorney General approves it, he shall transmit it to the Director of the Division of the Federal Register, the National Archives. After determining that it conforms to the requirements of § 1.91 and is free from typographical or clerical error, the Director of the Division of the Federal Register shall transmit it and three copies thereof to the President. If it is disapproved by the Director of the Bureau of the Budget or by the Attorney General, it shall not thereafter be presented to the President unless it is accompanied by a statement of the reasons for such disapproval.

§ 1.93 *Routing of originals and copies; seal.* If the order or proclamation is signed by the President, the original and two copies thereof shall be forwarded to the Director of the Division of the Federal Register for appropriate action in conformity with the provisions of the Federal Register Act: *Provided*, that the seal of the United States shall be affixed, pursuant to direction of the President, to the originals of all proclamations prior to such forwarding.

§ 1.94 *Numbering and certification.* The Division of the Federal Register shall number chronologically all Executive orders and proclamations and shall cause to be placed upon the copies thereof the following notation, to be signed by the Director or by some person authorized by him: "Certified to be a true copy of the original".

§ 1.95 *Disposition of originals.* The Division of the Federal Register from time to time shall file in the National Archives the originals of all Executive orders and proclamations.

§ 1.96 *Publication and distribution.* The Division of the Federal Register shall publish currently in the FEDERAL REGISTER all Executive orders and proclamations and shall supervise the promulgation and distribution thereof.

§ 1.97 *Proclamations of treaties excluded.* Consonant with the provisions of section 12 of the Federal Register Act (49 Stat. 503; 44 U. S. C. 312), nothing in this chapter shall be construed to apply to treaties, conventions, protocols, or other international agreements, or proclamations thereof by the President.

2. This order shall become effective upon publication in the FEDERAL REGISTER, and shall thereupon supersede Executive Order No. 7298 of February 18, 1936, entitled "Regulations Governing the Preparation, Presentation, Filing, and Distribution of Executive Orders and Proclamations".

SUBPART A—DEFINITIONS

§ 1.1 *Meaning of terms.* As used in this chapter, unless the context otherwise requires, terms shall have the meanings ascribed in this subpart.

§ 1.2 *Act.* "Act" means the Federal Register Act, approved July 26, 1935, as amended by the act of June 19, 1937, the act of December 10, 1942, and Joint Resolution of July 25, 1947 (49 Stat. 500, 50 Stat. 304, sec. 202, 53 Stat. 1435, 56 Stat. 1045, 61 Stat. 451; 44 U. S. C. and Sup., Chapter 8B).

§ 1.3 *Administrative Committee.* "Administrative Committee" means the Administrative Committee of the Federal Register established under section 6 of the act.

§ 1.4 *Administrative Procedure Act.* "Administrative Procedure Act" means the Administrative Procedure Act, approved June 11, 1946 (60 Stat. 237; 5 U. S. C. 1001 et seq.).

§ 1.5 *Agency.* "Agency" means each authority, whether or not within or subject to review by another agency, of the Government of the United States other than Congress, the courts, or the governments of the possessions, Territories, or the District of Columbia.

§ 1.6 *Code.* "Code" means the Code of Federal Regulations of the United States of America prepared and published by the Division pursuant to section 11 of the act, as amended.

§ 1.7 *Director.* "Director" means the Director of the Division of the Federal Register, the National Archives.

§ 1.8 *Division.* "Division" means the Division of the Federal Register, the National Archives.

§ 1.9 *Document.* "Document" means any Presidential proclamation or Executive order, and any rule, regulation, order, certificate, code of fair competition, license, notice, or similar instrument issued, prescribed, or promulgated by an agency.

§ 1.10 *Document subject to codification.* "Document subject to codification" means any regulatory document which has general applicability and legal effect and which is in force and effect and relied upon by the issuing agency as authority for, or invoked or used in the discharge of, any of its functions or activities.

§ 1.11 *Federal Register.* "Federal Register" means the daily issue of the Federal Register.

§ 1.12 *Person.* "Person" means any individual, partnership, association, or corporation.

§ 1.13 *Publication day.* "Publication day" means the day designated by the date line of the Federal Register in which a document is published. The Federal Register is published Tuesday through Saturday of each week, excepting any day which immediately follows an official Federal holiday.

§ 1.14 *Working day.* "Working day" means 8:45 a. m. to 5:15 p. m., Monday through Friday of each week, excepting official Federal holidays.

SUBPART B—AGENCY REPRESENTATIVES

§ 1.21 *Designation.* Every agency shall designate the following responsible representatives:

(a) *Liaison Officer.* Liaison officer, and an alternate, to act as the representative of the agency in all matters concerning the submission of documents required to be filed in the office of the Director and to see that the regulations in this chapter are understood and complied with.

(b) *Certifying Officer.* Certifying officer, and an alternate, to certify the copies of all documents required to be filed in the office of the Director.

(c) *Authorizing Officer.* Authorizing officer, and an alternate, to authorize the placement of the names of individuals and offices on the mailing list to receive, for official use only, the Federal Register, the Code of Federal Regulations, and the United States Government Organization Manual.

§ 1.22 *Notification of designation.* Every agency shall notify the Director in writing of the name, title, address, and telephone extension of the agency representatives designated. Whenever a change of representatives is made by an agency, prompt notification thereof shall be given in writing to the Director.

SUBPART C—DOCUMENTS REQUIRED OR AUTHORIZED TO BE FILED AND PUBLISHED

§ 1.31 *Proclamations and Executive orders.* All Presidential proclamations and Executive orders in the numbered series, and all other documents which the President submits for publication or orders to be published, shall be filed in the office of the Director and published in the Federal Register. (Applies sec. 5 (b), 49 Stat. 501; 44 U. S. C. 305 (b))

§ 1.32 *Documents having general applicability and legal effect.* Every document, issued under proper authority, prescribing a penalty or a course of conduct, conferring a right, privilege, authority or immunity, or imposing an obligation, and relevant or applicable to the general public, the members of a class or the persons of a locality, as distinguished from named individuals or organizations, is hereby determined to have general applicability and legal effect. Such documents shall be filed in the office of the Director and published in the Federal Register. (Applies sec. 5 (a) (2), 49 Stat. 501; 44 U. S. C. 305 (a) (2))

§ 1.33 *Classes created by act of Congress.* Such documents or classes of documents as are required so to be published by act of Congress shall be filed in the office of the Director and published in the Federal Register.

§ 1.34 *Notification of expiration of codified material.* Whenever a document subject to codification expires after a specified period by its own terms or by operation of law, notification by document of such expiration shall be filed in the office of the Director and published in the Federal Register.

§ 1.35 *Documents of public interest.* Other documents which in the opinion of the Director are of sufficient public interest to warrant such publication may be filed in the office of the Director and published in the Federal Register. (Applies sec. 5 (b), 49 Stat. 501; 44 U. S. C. 305 (b))

SUBPART D—ORDER OF PUBLICATION IN THE FEDERAL REGISTER

§ 1.41 *General.* Documents published in the Federal Register shall be arranged under four principal headings in the following order:

The President.
Rules and Regulations.
Proposed Rule Making.
Notices.

§ 1.42 *The President.* There shall be published under this heading all Executive orders and Proclamations in the numbered series, and all other Presidential documents which the President submits for publication or orders to be published.

§ 1.43 *Rules and Regulations.* There shall be published under this heading all documents subject to codification.

§ 1.44 *Proposed Rule Making.* There shall be published under this heading all general notices of proposed rule making submitted pursuant to section 4 (a) of the Administrative Procedure Act.

§ 1.45 *Notices.* There shall be published under this heading all documents not falling within the provisions of §§ 1.42 to 1.44. These documents include:

(a) Under section 3 (a) (1) of the Administrative Procedure Act, current amendments to the separate descriptions of agency organization including delegations by the agency of final authority and the established places at which, and methods whereby, the public may secure information or make submittals or requests.

(b) Notices of hearings not submitted under section 4 (a) of the Administrative Procedure Act.

(c) Documents which in the opinion of the Director are of sufficient public interest to warrant publication. (See § 1.35).

(d) Miscellaneous documents not subject to codification.

SUBPART E—CITATION OF FEDERAL REGISTER AND CODE

§ 1.51 *Federal Register.* Without prejudice to any other mode of citation, the contents of the Federal Register may be cited by volume and page number. The approved short form is "F. R." Thus "13 F. R. 1248" refers to material beginning on page 1248 of volume 13 of the daily issues.

§ 1.52 *Code of Federal Regulations, 1949 Edition.* The 1949 edition of the Code shall be cited "CFR." Thus the citation "1 CFR 1.1" refers to § 1.1 of Title 1.

§ 1.53 *Code of Federal Regulations, 1938 edition and supplements.* Reference shall be made to the 1938 edition of the Code and supplements thereto only when the material to which reference is made is not included in the 1949 edition. Such references shall be in the following forms:

1 CFR, 1938 ed., 1.1.
1 CFR, 1943 Cum. Supp., 2.1.
1 CFR, 1946 Supp., 2.1.

SUBPART F—PROVISIONS APPLICABLE TO ALL DOCUMENTS

ORIGINAL AND COPIES

§ 1.61 *Original and three certified copies required.* An original and three certified copies of all documents required or authorized to be filed and published shall be transmitted to the office of the Director for purposes of filing and publication in the Federal Register: *Provided*, that, in the case of documents issued outside the District of Columbia, a confirmed copy may be filed in lieu of the original. One receipted copy shall be returned to the issuing agency.

§ 1.62 *Letter form.* No documents in the form of letters, except those issued by the President, shall be accepted by the Division.

§ 1.63 *Typewritten originals.* All documents shall be typewritten on white bond paper approximately 8 by 12½ inches, shall have a left-hand margin of approximately 1½ inches, and a right-hand margin of approximately 1 inch, and shall be double-spaced.

§ 1.64 *Printed originals.* Where it is the practice of an agency to cause the originals of its documents to be put in print before they are signed, such printed originals and duplicates thereof may be submitted if the style and form have been approved by the Director.

§ 1.65 *Mimeographed or otherwise reproduced originals.* When it is desired to submit mimeographs or other reproductions as original documents, written approval shall first be obtained from the Director. Such mimeographs or other reproductions shall be on white bond paper and shall be completely legible. The Director may refuse to accept unsatisfactory reproductions. Under no circumstances shall photostatic copies be accepted as original documents.

§ 1.66 *Certified copies.* The three certified copies required under § 1.61 shall be attached to the original of all documents. All copies shall be entirely clear and legible. Copies of typewritten originals shall consist of either positive photostats on paper of a matte surface, or the first three carbon copies of the ribbon original. Where a printed, mimeographed or otherwise reproduced original is used, copies shall be as clear and legible in all respects as the original. The time of filing and publication shall be governed by the time when clear and legible copies are submitted.

§ 1.67 *Form of certification.* The copies of all documents required to be filed in the office of the Director, except documents issued by the President, shall be certified substantially as follows: "Certified to be a true copy of the original". Each such certification shall be signed by the certifying officer designated pursuant to § 1.21 (b).

§ 1.68 *Signature.* All documents shall be signed in ink. Initials and impressed signatures shall not be acceptable. The name and title of the official signing the document shall be typed beneath his signature.

§ 1.69 *Seal.* There shall be affixed to the original and certified copies of all documents submitted for filing in the office of the Director, the seal, if any, of the agency issuing the documents.

STYLE

§ 1.71 *Punctuation, capitalization, orthography.* Punctuation, capitalization, orthography, and other matters of style shall conform in general to the most recent edition of the Style Manual of the United States Government Printing Office.

§ 1.72 *Geographic names.* The spelling of geographic names shall conform to the most recent official decisions of the Board on Geographic Names established pursuant to the act of July 25, 1947 (61 Stat. 456; 43 U. S. C. 364 et seq.).

§ 1.73 *Descriptions of tracts of land.* Descriptions of tracts of land shall conform, so far as practicable, with the most recent edition of the "Specifications for Descriptions of Tracts of Land for Use in Executive Orders and Proclamations," published under the supervision of the Director of the Bureau of the Budget.

ILLUSTRATIONS, TABULAR MATERIAL, AND FORMS

§ 1.81 *Illustrations and tabular material.* Whenever possible documents should be so drafted as to make the inclusion of illustrations and tabular material unnecessary. If their inclusion cannot be avoided the following provisions shall apply:

(a) *Illustrations.* The original drawings of all maps, charts, graphs, or other illustrations shall be submitted to the Division at least six working days before the date on which publication is desired. A legible reproduction of the original drawing, reduced to a size not greater than 8 by 12½ inches, shall appear as

part of the original document and the three certified copies.

(b) *Tabular material.* Tabular material comprising more than two legal size typewritten pages must be forwarded to the Division at least six working days before the date on which publication is desired.

§ 1.82 *Forms.* Tabulated blank forms for application, registration, reports, contracts, and the like, and the instructions for preparing such forms shall not be published in full. In lieu thereof there shall be submitted for publication a simple statement of the function of the form and as to where copies may be obtained.

SUBPART G—PREPARATION, PRESENTATION, FILING, AND PUBLICATION OF EXECUTIVE ORDERS AND PROCLAMATIONS

NOTE: The text of §§ 1.91 to 1.97 is reprinted from E. O. 10006, *supra*.

§ 1.91 *Form.* Proposed Executive orders and proclamations shall be prepared in accordance with the following requirements:

(a) The order or proclamation shall be given a suitable title.

(b) The authority under which the order or proclamation is issued shall be cited in the body thereof.

(c) Punctuation, capitalization, orthography, and other matters of style shall, in general, conform to the most recent edition of the Style Manual of the United States Government Printing Office.

(d) The spelling of geographic names shall conform to the most recent official decisions of the Board on Geographic Names established pursuant to the act of July 25, 1947, 61 Stat. 456 (43 U. S. C. 364 et seq.).

(e) Descriptions of tracts of land shall conform, so far as practicable, to the most recent edition of the "Specifications for Descriptions of Tracts of Land for Use in Executive Orders and Proclamations", published by, or under the direction of, the Director of the Bureau of the Budget.

(f) Proposed Executive orders and proclamations shall be typewritten on paper approximately 8 by 12½ inches, shall have a left-hand margin of approximately 1½ inches and a right-hand margin of approximately 1 inch, and shall be double-spaced, except that quotations, tabulations, and descriptions of land may be single-spaced.

§ 1.92 *Routing and approval of drafts.* A proposed Executive order or proclamation shall first be submitted, with seven copies thereof, to the Director of the Bureau of the Budget. If the Director of the Bureau of the Budget approves it, he shall transmit it to the Attorney General for his consideration as to both form and legality. If the Attorney General approves it, he shall transmit it to the Director of the Division of the Federal Register, the National Archives. After determining that it conforms to the requirements of § 1.91, and is free from typographical or clerical error, the Director of the Division of the Federal Register shall transmit it and three copies thereof to the President. If it is disapproved by the Director of the Bureau of the Budget or by the Attorney General, it shall not thereafter be presented to the President unless it is accompanied by a statement of the reasons for such disapproval.

§ 1.93 *Routing of originals and copies; seal.* If the order or proclamation is signed by the President, the original and two copies thereof shall be forwarded to the Director of the Division of the Federal Register for appropriate action in conformity with the provisions of the Federal Register Act: *Provided*, that the seal of the United States shall be affixed, pursuant to direction of the President, to the originals of all proclamations prior to such forwarding.

§ 1.94 *Numbering and certification.* The Division of the Federal Register shall number chronologically all Executive orders and proclamations and shall cause to be placed upon the copies thereof the following notation, to be signed by the Director or by some person authorized by him: "Certified to be a true copy of the original."

§ 1.95 *Disposition of originals.* The Division of the Federal Register from time to time shall file in the National Archives the originals of all Executive orders and proclamations.

§ 1.96 *Publication and distribution.* The Division of the Federal Register shall publish currently in the Federal Register all Executive orders and proclamations and shall supervise the promulgation and distribution thereof.

§ 1.97 *Proclamations of treaties excluded.* Consonant with the provisions of section 12 of the Federal Register Act (49 Stat. 503; 44 U. S. C. 312), nothing in this chapter shall be construed to apply to treaties, conventions, protocols, or other international agreements, or proclamations thereof by the President.

SUBPART H—PREPARATION OF DOCUMENTS SUBJECT TO CODIFICATION

§ 1.101 *General provisions.* All documents subject to codification, except Presidential documents, shall be prepared in accordance with the provisions of this subpart and of Subparts F and I before submission to the Division.

CODE STRUCTURE

§ 1.102 *Titles.* The major divisions of the code are 50 functional titles.

§ 1.103 *Chapters.* The normal divisions of titles are chapters, which are assigned to the various agencies within titles descriptive of the subject matter covered by the agencies' rules and regulations.

§ 1.104 *Parts.* The normal divisions of chapters are parts. A part should consist of a unified body of rules or regulations applying to a specific function of the issuing agency or devoted to specific subject matter under control of the issuing agency. Parts are normally assigned to chapters as follows: Chapter I, Parts 1 to 199; Chapter II, Parts 200 to 299; Chapter III, Parts 300 to 399; etc.

§ 1.105 *Sections.* The normal divisions of parts are sections. The section is the basic unit of the code. It should consist of a short, simple presentation of one principal thought. The sections in a properly drafted rule usually do not require further subdivision.

§ 1.106 *Subtitles.* Subtitles may be used to distinguish between material emanating from an over-all office or agency and the material issued by its various components. Subtitles may also be used to otherwise group chapters within a title.

§ 1.107 *Subchapters.* Subchapters may be used to group related parts within a chapter.

§ 1.108 *Subparts and undesignated center heads.* Subparts or undesignated center heads may be used to group related sections within a part. Undesignated center heads may also be used to group sections within a subpart.

NORMAL NUMBERING

§ 1.111 *Titles.* Titles are numbered consecutively in Arabic throughout the Code.

§ 1.112 *Chapters.* Chapters are numbered consecutively in Roman capitals throughout each title.

§ 1.113 *Parts.* Parts are numbered in Arabic throughout each title.

§ 1.114 *Sections.* Sections are numbered in Arabic throughout each part. A section number shall include the number of the part set off by a decimal point. Thus, the section number to be given section 15 within Part 30 would be § 30.15.

§ 1.115 *Subdivisions of sections.* Properly drafted sections should be brief and usually should not require internal divisions. Where internal divisions are unavoidable, sections shall be subdivided into paragraphs, paragraphs into subparagraphs, and subparagraphs into subdivisions designated as follows:

Terminology:	*Illustrative symbol*
Paragraph	(a)
Subparagraph	(1)
Subdivision	(i)

§ 1.116 *Subtitles, subchapters, and subparts.* Subtitles and subchapters are lettered consecutively in capitals throughout the title and the chapter respectively. Subparts may be lettered in capitals or may be undesignated.

§ 1.117 *Reservation of numbers.* Where related parts or related sections are grouped under a head as provided for in §§ 1.107 and 1.108, unused numbers shall be reserved at the end of each group.

SPECIAL NUMBERING PROBLEMS

§ 1.121 *Addition of new units between existing units.* If it becomes necessary to introduce a new part or section between existing parts or sections the new part or section shall be designated by the addition of a lower-case letter to the preceding part or section number. Thus, a part introduced between Parts 31 and 32 would be numbered Part 31a, and a section introduced between § 31.1 and § 31.2 would be numbered § 31.1a. If it becomes necessary to introduce a unit smaller than a section between existing units, the entire section should be revised.

§ 1.122 *Vacated numbers.* When a number is vacated by a revocation, the remaining elements in the over-all unit should retain their old numbers until the over-all unit is completely revised.

§ 1.123 *Keying to agency numbering systems.* The keying of the serial numbers following the decimal point to make them correspond to particular numbering systems in use by the agency shall be permitted only when, in the opinion of the Director, the keying will be of benefit both to the agency and to the public. In all cases written approval for the use of keying systems shall be obtained from the Director.

§ 1.124 *Statements of general policy; interpretations.* Where a statement of general policy or interpretation, submitted pursuant to section 3 (a) (3) of the Administrative Procedure Act, applies to an entire part it should be included in, or appended to, that part. Similarly, where a statement of policy or interpretation applies to a specific section it should be appended to that section. Statements of policy and interpretations of broader scope should be assigned to a part or group of parts within the chapter affected. All statements and interpretations should be numbered in a manner conducive to facility of citation and amendment.

HEADINGS

§ 1.131 *Required code headnotes.* The proper title, chapter, and part designation, in that order, shall be set forth in full on separate lines at the beginning of each document. Subtitle, subchapter and subpart designations shall also be set forth if used. Agencies using regulation numbers or other identifying symbols shall place them in brackets centered immediately above the part designation.

§ 1.132 *Additional caption.* For the purpose of publication in the daily Federal Register, a brief caption more specifically setting forth the scope of a document constituting a partial amendment of the material within a part shall be provided immediately below the part headnote.

§ 1.133 *Tables of contents.* Tables of contents shall be used when a new part is introduced or an existing part is completely revised and when a group of sections is revised or added and set forth as a subpart or otherwise separately grouped under a centerhead. These tables shall be set forth preceding the text of the rules or regulations and shall list the headnotes for the sections to which they are applicable.

§ 1.134 *Composition of part headnotes.* A part headnote should indicate briefly the general subject matter of the material appearing in the part. The use of phrases such as "Regulations under the act of July 26, 1935" or other expressions which are not descriptive of the subject matter should be avoided. Part headnotes should not be introduced by such expressions as "Regulations governing" or "Rules applicable to". The following are examples of appropriate part headnotes:

PART 1—PRACTICE BEFORE THE COMMISSION

PART 256—RIGHTS-OF-WAY OVER INDIAN LANDS

PART 301—INSURANCE OF ACCOUNTS

§ 1.135 *Composition of section headnotes.* All sections shall be given headnotes. Each section headnote shall briefly describe the contents of the section.

AMENDMENTS

§ 1.139 *General requirements.* There shall be included in all amendatory documents a statement particularizing the nature and extent of the changes made, and the full text of the code unit as amended. Where the document amends more than one section, each statement of particulars shall be separate and shall be numbered serially in Arabic.

REFERENCES

§ 1.141 *General requirements.* All references to the Code shall be in terms of the specific titles, parts, and sections involved. Ambiguous references such as "herein", "above", "below", "these regulations" and the like shall not be used. All documents which contain reference to material published in the Code or in the Federal Register shall include, following such reference, the Code and Federal Register citation where both are available.

§ 1.142 *References to Federal Register.* The contents of the Federal Register should be referred to by volume and page number. Thus material beginning on page 1248 of volume 13 should be cited: 13 F. R. 1248.

§ 1.143 *References between titles of 1949 edition of Code.* When referring to material codified in the 1949 Edition of the Code under a title other than that in which the reference is made, the short form of citation shall be used. Thus a reference made within Title 3 to § 1.1 of Title 1 shall be in the following form: 1 CFR 1.1.

§ 1.144 *References within a title of 1949 edition of Code.* When reference is made to material codified in the same title the following forms shall be used:

Chapter II of this title.
Part 30 of this title.
§ 30.19 of this title.

When reference is to material codified in the same chapter the following forms shall be used;

Part 30 of this chapter.
§ 30.19 of this chapter.

However, references to units within the same part should not include the phrase "of this part."

§ 1.145 *Parallel citation of Federal Register and 1949 edition of Code.* When reference is made to a document amending the 1949 edition of the Code, the Code and the Federal Register citation shall be provided in the following form:

1 CFR 1.1 (14 F. R. 2001)
or
§ 30.19 of this chapter (14 F. R. 431).

§ 1.146 *References to 1938 edition of Code and supplements.* Reference shall be made to the 1938 edition of the Code and supplements thereto only when the material to which reference is made is not included in the 1949 edition of the Code. Such references shall be in the following forms:

1 CFR., 1938 ed., 1.1.
1 CFR, 1943 Cum. Supp., 2.1.
1 CFR, 1946 Supp., 2.1.

SUBPART I—CITATIONS OF AUTHORITY

§ 1.151 *General requirements.* There shall be cited for all rules and regulations the specific rule-making authority, statutory or otherwise, under which they are issued. These citations shall be carried at the end of completed sections or as a blanket citation. Together with the citation of authority, there shall be cited specific statutory provisions which are interpreted or applied.

FORM OF STATUTORY CITATIONS

§ 1.156 *Statutes at Large.* In a citation to the Statutes at Large the exact page on which the language referred to begins shall be given. The number of the section in which the language appears also shall be given. The popular name, title, or short title of the act shall not be included. Thus a typical citation would read:

Sec. 6, 49 Stat. 501.

§ 1.157 *Public Laws.* Acts of Congress shall not be cited by public law number after such acts have been published in the Statutes at Large. When citation by Public Law number is necessary, it shall be made in the following form:

Sec. 104 (f), Pub. Law 472, 80th Cong.

§ 1.158 *United States Code.* The statutory citation shall be followed by the parallel United States Code citation wherever possible. In citing the United States Code, citations of titles and sections shall be as follows:

44 U. S. C. 306.

Thus a typical full citation would read:

Sec. 6, 49 Stat. 501; 44 U. S. C. 306.

FORM OF NON-STATUTORY CITATIONS

§ 1.161 *Proclamations and Executive orders.* Where the specific rule-making authority for the issuance of rules or regulations is contained in a Presidential proclamation or Executive order, citations to the Presidential documents shall be in the following form:

Executive orders	E. O. 9830, Feb. 24, 1947, 12 F. R. 1259; 3 CFR, 1947 Supp.
Proclamations	Proc. 2523, Nov. 14, 1941, 6 F. R. 5821; 3 CFR, 1943 Cum. Supp.

In cases in which a statutory authority is coupled with authority other than statutory, the statutory authority shall always take precedence, for example:

Sec. 3, 40 Stat. 432; 5 U. S. C. 643. E. O. 9017, Jan. 12, 1942, 7 F. R. 237; 3 CFR, 1943 Cum. Supp.

STATUTES INTERPRETED OR APPLIED

§ 1.166 *Required citation.* Whenever in addition to the statutory authority delegating specific rule-making power, it is possible to cite specific sections of statutes interpreted or applied by the rules and regulations, such citation shall be included.

§ 1.167 *Form of combined citation.* The citation of statutes interpreted or applied shall immediately follow the citation of rule-making authority. The form of such combined citations is as follows:

Sec. 2[illegible] 38 Stat. 892; 8 U. S. C. 102. Applies sec. 18, 39 Stat. 887; 8 U. S. C. 154.

PLACEMENT

§ 1.171 *Individual citations.* The citation of specific rule-making authority shall be carried in parentheses at the end of each completed section in the forms prescribed in §§ 1.156 to 1.167.

§ 1.172 *Blanket citations.* Blanket citations shall be used for groups of three or more complete consecutive sections issued under identical specific rule-making authority. Such citations shall be inserted immediately preceding the first section in the group which the citation covers, and shall be in the following form:

AUTHORITY: §§ —— to —— issued under sec. 6, 49 Stat. 501; 44 U. S. C. 306.

AUTHORITY: §§ —— to —— issued under sec. 6, 49 Stat. 501; 44 U. S. C. 306. Statutes applied are cited to text in parentheses

AUTHORITY: §§ —— to —— issued under sec. 6, 49 Stat. 501; 44 U. S. C. 306. Statutes interpreted or applied and statutes giving special authority are cited to text in parentheses.

SUBPART J—PREPARATION OF DOCUMENTS NOT SUBJECT TO CODIFICATION

NOTICES IN GENERAL

§ 1.181 *General requirements.* Documents not subject to codification shall, after conformation with the provisions of Subpart F, be further prepared in accordance with the provisions of this subpart.

§ 1.182 *Name of issuing agency.* The name of the issuing agency shall be carried at the beginning of the document.

§ 1.183 *Name of agency subdivision.* Whenever a document is issued by or for a specific bureau or similar unit within a Department or over-all agency, the name of such bureau or similar unit shall be carried on a separate line immediately below the name of the issuing agency.

§ 1.184 *Agency document designation.* Agencies using file numbers, docket numbers, or similar identifying symbols, shall place them in brackets on a separate line immediately following the headings required by §§ 1.182 and 1.183.

§ 1.185 *Short title and additional headnote.* A suitable short title shall be provided beginning on a separate line immediately following the other required heading or headings. In addition to the short title, the submitting agency shall include, wherever practicable, a brief headnote or similar indicia of contents, briefly summarizing or otherwise setting forth the scope of the document.

§ 1.186 *Authority citation.* The specific authority under which the document is issued should be cited in the body thereof. Reference to statutes constituting the authority for a document should not be carried in the short title or in the headnote. For form of citations in general, see §§ 1.156 to 1.161.

NOTICES OF PROPOSED RULE MAKING

§ 1.191 *General requirements.* Notices of proposed rule making required by section 4 (a) of the Administrative Procedure Act shall include a statement of the time, place, and nature of public rule-making proceedings; reference to the authority under which the rule is proposed; and either the terms or substance of the proposed rule or a description of the subjects and issues involved. Such notices shall conform to the provisions of Subpart F and of this subpart.

§ 1.192 *Code designation.* If the notice of proposed rule making contemplates the adoption of a document subject to codification, the code title and part involved shall be carried in brackets immediately below the name of the issuing agency.

§ 1.193 *Codification.* Any portion of a proposed rule making document which consists of the full text of a proposed rule shall conform to the provisions of Subparts H and I.

SUBPART K—TRANSMITTAL OF DOCUMENTS

§ 1.201 *Letter of transmittal.* Accompanying each document submitted there shall be a letter of transmittal addressed to the Director. There shall be set forth in this letter the specific identification of the document, the desired publication date, and the category in which the document is considered to fall.

§ 1.202 *Categories.* For purposes of transmittal to the Division, documents should be placed in one of the following categories:

Category 1—Document subject to codification (See § 1.10).

Category 2—Notice of proposed rule making (See § 1.44).

Category 3—Description of agency organization (See § 1.45 (a)).

Category 4—Notices (See § 1.45 (b), (c), (d)).

SUBPART L—TIME REQUIREMENTS FOR PUBLICATION

§ 1.211 *Submission.* All documents authorized or required to be filed in the office of the Director and published in the Federal Register, except documents issued by the President, documents submitted under special preprint agreements, and certain documents containing illustrations or tabular material, shall be submitted three working days before the date on which publication is desired.

CROSS REFERENCE: For additional time requirements governing submission of illustrations and tabular material, see § 1.81. See also § 1.66 with respect to delay occasioned by illegible copies.

§ 1.212 *Receipt.* Documents shall be received only during a working day.

§ 1.213 *Filing.* All documents submitted in accordance with § 1.211 shall be held for confidential processing, including typesetting, for one full working day after submission, and shall then be filed by the Division for public inspection at or before noon of the working day immediately preceding the publication day thereof. Immediately upon filing there shall be placed upon the original and certified copies of all documents the day and hour on which they are made available for public inspection. (Applies sec. 3, 49 Stat. 500; 44 U. S. C. 303)

§ 1.214 *Publication.* The Federal Register shall be published daily, Tuesday through Saturday of each week, excepting any day which immediately follows an official Federal holiday. The normal schedule of publication shall be as follows:

Submitted	*Filed*	*Published*
Monday-------	Wednesday-----	Thursday.
Tuesday-------	Thursday------	Friday.
Wednesday----	Friday---------	Saturday.
Thursday------	Monday--------	Tuesday.
Friday--------	Tuesday-------	Wednesday.

SUBPART M—INDEXES

§ 1.221 *Indexes.* The contents of the Federal Register shall be separately indexed as follows: monthly for the months of January, February, April, May, July, August, October, November, and December; quarterly for the quarters ending in March, June, and September; and annually for the calendar year.

§ 1.222 *Codification Guide.* A numerical list of the sections of the Code affected by the contents of the Federal Register shall be published in a Codification Guide which shall be distributed with the monthly, quarterly, and annual indexes.

SUBPART N—DISTRIBUTION OF FEDERAL REGISTER

§ 1.231 *General distribution.* The Government Printing Office shall make distribution of the Federal Register by delivery or by deposit at a post office at or before 9:00 a. m. of the publication day. (Applies sec. 3, 49 Stat. 500; 44 U. S. C. 303)

§ 1.232 *Distribution to the Congress.* Members of Congress shall be entitled to a maximum of 5 copies daily.

§ 1.233 *Distribution to Federal agencies.* The Federal Register shall be furnished without charge to officers and employees of the United States in such numbers as are needed for official use: *Provided*, That requests for placement upon the Federal Register mailing list shall be made in writing to the Director, and signed by the person in each department or agency who is authorized under § 1.21 (c) to state that the Federal Register is needed for official use.

§ 1.234 *Extra copies.* All requests for extra copies of particular issues of the Federal Register for official use shall be addressed to the Superintendent of Documents, Government Printing Office, Washington 25, D. C. Extra copies shall be paid for by the agency or official requesting them.

§ 1.235 *Subscriptions and sale.* The daily issues of the Federal Register shall be furnished to subscribers on a monthly or an annual basis, at a price to be determined by the Administrative Committee; the subscription price to be payable in advance to the Superintendent of Documents, Government Printing Office, Washington 25, D. C. Individual copies shall be obtainable from the Superintendent of Documents at a price determined by him. (Applies sec. 3, 49 Stat. 500; 44 U. S. C. 303)

NOTE: Current prices of the Federal Register are: $1.50 a month; $15.00 a year; individual copies fifteen cents or more depending upon the size of the issue.

PART 2—CODE OF FEDERAL REGULATIONS, 1949 EDITION

Sec.
2.1 Editing and publication.
2.2 Scope.
2.3 Format.
2.4 Agency cooperation.
2.5 Distribution to Federal agencies.
2.6 Sale to public.

AUTHORITY: §§ 2.1 to 2.6 issued under sec. 11 (d), 50 Stat. 305; 44 U. S. C. 311 (d). §§ 2.1 to 2.4 apply E. O. 9930, Feb. 4, 1948, 13 F. R. 519.

§ 2.1 *Editing and publication.* The Division shall review the codifications of documents on file with the Administrative Committee on December 31, 1948, and shall revise and coordinate the form, style, and arrangement thereof so as to present a compact and practical code. The Division shall supervise the publication of this code in a special edition of the Federal Register dated January 1, 1949 and designated "Code of Federal Regulations, 1949 Edition."

§ 2.2 *Scope.* The 1949 Edition, among other things, shall contain the following:

(a) Under Title 2, a tabulation of citations of specific rule-making authority and citations of statutory provisions interpreted or applied, with parallel citations to the rules or regulations issued pursuant thereto and published in the 1949 Edition.

(b) Under Title 3, the full text of Presidential proclamations and Executive orders in the numbered series issued during the calendar year 1948, and a tabulation of all Presidential documents which are cited in the 1949 Edition.

(c) Under the appropriate titles, codifications of documents which have been fully promulgated on or before December 31, 1948, and which are in effect as to facts arising on or after January 1, 1949.

(d) Appropriate indexes and ancillaries.

§ 2.3 *Format.* The 1949 Edition shall be printed and bound in permanent form. As far as practicable, each title shall constitute a separate book. Each book shall include an index thereto, and a pocket for cumulative inserts covering documents promulgated on or after January 1, 1949. A general index to the entire edition shall be separately printed and bound and shall be provided with a pocket.

§ 2.4 *Agency cooperation.* Each agency shall cooperate with the Division in expediting work on the 1949 Edition by maintaining its codification on a current basis and by prompt compliance with publication deadlines set by the Division and the Government Printing Office.

§ 2.5 *Distribution to Federal agencies.* The 1949 Edition shall be furnished without charge to officers and employees of the United States in such numbers as are needed for official use: *Provided*, that requests for placement on the appropriate mailing list shall be made in writing to the Director, and signed by the person in each department or agency who is authorized under § 1.21 (c) to state that the Code is needed for official use.

§ 2.6 *Sale to public.* The 1949 Edition shall be placed on sale to the public by the Superintendent of Documents, Government Printing Office, at a price to be determined by the Administrative Committee.

PUBLICATION AND FORMAT

§ 3.1 *Publication required.* There shall be published, annually or at such times as may be determined by the Administrative Committee, a special edition of the Federal Register designated "United States Government Organization Manual."

§ 3.2 *Format and indexes.* The Manual shall be separately published in handbook form, with appropriate indexes and ancillaries.

SCOPE

§ 3.6 *Executive agencies.* The separate descriptions of agency organization required under section 3 (a) (1) of the Administrative Procedure Act to be published in the Federal Register shall be published in the Manual in digest form.

§ 3.7 *Congress and the courts.* Brief descriptions of the organization of Congress and of agencies of the legislative and judicial branches shall be published in the Manual.

§ 3.8 *Supplementary material.* Brief descriptions of the organization of quasi-official agencies and similar supplementary information may be included in the Manual if, in the opinion of the Director, the material is of sufficient public interest to warrant such inclusion.

LIAISON OFFICERS

§ 3.11 *Designation of special officers.* The Director shall request the agencies of the legislative and judicial branches and the quasi-official agencies represented in the Manual to designate special officers for the purpose of maintaining liaison with the Division.

§ 3.12 *Duties of regular officers.* Each liaison officer regularly designated under § 1.21 (a) of this chapter shall review for accuracy the digest of agency organization submitted pursuant to § 3.17, and shall cause to be supplied any supplementary information concerning his agency which is to be included pursuant to § 3.8.

MANNER OF COMPILATION

§ 3.16 *Preparation of digests.* The Division shall prepare an official digest of each separate statement of agency organization, including amendments thereto, which has been published in the Federal Register pursuant to section 3 (a) (1) of the Administrative Procedure Act.

§ 3.17 *Agency review of digests.* Each such official digest, together with related supplementary material, shall be submitted to the appropriate liaison officer for review as to accuracy. Changes in the official digest shall not be made unless they are based on a document published in the Federal Register before the cut-off date of the edition of the Manual in process.

§ 3.18 *Other organization statements.* Brief descriptions of the organization of agencies of the legislative and judicial branches and of quasi-official agencies shall be prepared and submitted to such agencies with a request that they be reviewed for accuracy.

§ 3.19 *Apportionment of space.* The Director shall determine the apportionment of space in the Manual with a view to maintaining balance and uniformity of presentation.

FREE DISTRIBUTION

§ 3.21 *Distribution to Members of Congress.* Each Member of Congress shall be entitled to two free copies of the Manual.

§ 3.22 *Distribution to Congressional committees.* Each Congressional committee shall be entitled to receive copies of the Manual without charge in such numbers as are needed for official use: *Provided*, that requests for placement on the Manual mailing list shall be made in writing to the Director and signed by the clerk of the committee.

§ 3.23 *Executive branch.* The head of each agency in the executive branch and each liaison officer designated under §§ 1.21 and 3.11 of this chapter shall be entitled to one free copy of the Manual.

§ 3.24 *Judicial branch.* The Supreme Court of the United States shall be entitled to 12 copies of the Manual without charge. The lower constitutional and legislative courts of the United States shall be entitled to one copy each of the Manual without charge upon application therefor in writing to the Director.

PAID DISTRIBUTION

§ 3.26 *Agency requisitions.* Each agency shall be entitled to obtain at cost copies of the Manual for official use upon the timely submission to the Government Printing Office of a proper printing and binding requisition.

§ 3.27 *Extra copies.* All requests for extra copies of the Manual shall be addressed to the Superintendent of Documents, Government Printing Office, Washington 25, D. C., and shall be paid for by the agency or official requesting them.

§ 3.28 *Sale to public.* The Manual shall be placed upon sale to the public by the Superintendent of Documents at a price to be determined by the Administrative Committee.

TITLE 5—ADMINISTRATIVE PERSONNEL

Chapter I—Civil Service Commission

PART 24—FORMAL EDUCATION REQUIREMENTS FOR APPOINTMENT TO CERTAIN SCIENTIFIC, TECHNICAL, AND PROFESSIONAL POSITIONS

DIETITIAN

Section 24.10 is amended to read as follows:

§ 24.10 *Dietitian,* P-625-0, all grades—(a) *Educational requirement.* Applicants must have successfully completed at least 36 semester hours of study in an accredited college or university. This study must have included 12 semester hours in chemistry (to include general, organic, and biochemistry); 6 semester hours in biology (to include human physiology and bacteriology); 6 semester hours in foods (to include food preparation and meal planning); 6 semester hours in nutrition and diet in disease; 6 semester hours in institution management (to include quantity cookery and organization and management). Successful completion of a standard 4-year course leading to a bachelor's degree in an accredited college or university with major study in dietetics or institutional management will be accepted as meeting the educational requirement for these positions.

(b) *Duties.* The position of dietitian includes the following and related duties: Planning and supervising the preparation and serving of therapeutic diets; charting components and measurements for conformance with type of diet prescribed by the doctors; instructing patients in the composition and preparation of discharge diets as required; making annual budget estimates of food and allotments; and determining the kind and amount of food to be procured. The degree of responsibility will vary with the grade of the position.

(c) *Knowledge and training requisite for performance of duties.* The duties of dietitian cannot be performed successfully without a knowledge of the physiology and digestive processes of the human body, the nutritional requirements of individuals of varying ages and occupations, the special diet requirements of persons suffering from a variety of diseases, bacteriological principles as applied to food spoilage and sanitation, and the organization and administration of a hospital dietary department. This knowledge can be gained only through a directed course of study in an accredited college or university with well-equipped chemistry, physiology, bacteriology, foods, and nutrition laboratories and thoroughly trained instructors, where progress is competently evaluated. PART 94—RINDERPEST AND FOOT-AND-MOUTH DISEASE; PROHIBITED AND RESTRICTED IMPORTATION

NOTICE OF DETERMINATION OF NONEXISTENCE OF RINDERPEST AND FOOT-AND-MOUTH DISEASE IN IRELAND (EIRE) AND NORTHERN IRELAND, AND PROHIBITIONS AND RESTRICTIONS ON IMPORTATION OF LIVESTOCK ON ACCOUNT OF SUCH DISEASES

On August 28, 1948, a notice of rule-making was published in the FEDERAL REGISTER (13 F. R. 5025) concerning the proposed determination of the nonexistence of rinderpest and foot-and-mouth disease in certain foreign countries and the proposed amendment of § 94.1 of the regulations (9 CFR Cum. and 1947 Supps., 94.1) under section 306 of the Tariff Act of 1930 (19 U. S. C. 1946 ed. 1306) relating to prohibitions and restrictions on importation of livestock on account of such diseases. After consideration of all relevant matters presented, including the proposals set forth in the notice, the Secretary of Agriculture pursuant to section 306 of the Tariff Act of 1930 has determined and notified the Secretary of the Treasury that rinderpest and foot-and-mouth disease do not now exist in Ireland (Eire) and Northern Ireland, and hereby amends § 94.1 of the regulations by striking therefrom the words "Ireland (Eire)" and "Northern Ireland."

Inasmuch as the foregoing amendment relieves restrictions heretofore imposed, it is within the exception in section 4 (c) of the Administrative Procedure Act and may properly be made effective less than 30 days after its publication in the FEDERAL REGISTER. Consequently it shall become effective upon publication in the FEDERAL REGISTER.

The purpose of the determination and notification of the Secretary of the Treasury and the public and of the foregoing amendment of the regulations under section 306 of the Tariff Act of 1930 is to remove the prohibition heretofore effective under said section upon importation into the United States of cattle, sheep, other domestic ruminants, and swine, and of fresh chilled or frozen beef, veal, mutton, lamb, or pork from Ireland (Eire) and Northern Ireland and to render the commodities specified in Part 94, Subchapter D, Chapter I, Title 9 of the Code of Federal Regulations (B. A. I. Order No. 373), and originating in said countries no longer subject to the provisions of that part.

[B. A. I. Order 365, Amdt. 21]

PART 151—RECOGNITION OF BREEDS AND PUREBRED ANIMALS

RECOGNITION OF BREEDS AND BOOKS OF RECORD OF PUREBRED HORSES

On September 2, 1948, there was published in the FEDERAL REGISTER (13 F. R. 5123) a notice of a proposed amendment of § 151.6 (a) of the regulations relating to recognition of breeds and books of record of purebred animals under paragraph 1606 of section 201 of the Tariff Act of 1930 (19 U. S. C. 1946 ed. sec. 1201, par. 1606) to recognize the Criolla breed of horses in Argentina and the Stud Book Argentino para la Baza Criolla.

After due consideration of all relevant material presented pursuant to the notice, including the proposals set forth therein, and under the authority vested in the Secretary of Agriculture by paragraph 1606 of section 201 of the Tariff Act of 1930 (19 U. S. C. 1946 ed., sec. 1201, par. 1606), § 151.6 (a), Chapter I, Title 9, Code of Federal Regulations (paragraph 1, section 2, regulation 2, D. A. I. Order 365), as amended, is amended by adding to the subdivision of said paragraph relating to horses, the following breed and book of record:

HORSES

Name of breed	Book of record	By whom published
Criolla....	"Registro Definitivo" section of the Stud Book Argentino para la Baza Criolla.[1]	Sociedad Rural Argentina, José A. Martinez de Hoz, President, Florida 460, Buenos Aires, Argentina.

[1] *Provided:* That no horse registered in this book shall be certified as purebred unless a certificate giving three generations of complete and recorded purebred ancestry, issued by the organization named, is submitted for each horse.

(Sec. 201, 46 Stat. 672; 19 U. S. C. 1201, par. 1606 (a))

Effective date. The foregoing amendment shall become effective thirty days after publication hereof in the FEDERAL REGISTER.

The purpose of the amendment is to permit the duty-free entry into the United States of purebred Criolla horses registered in the specified section of the Stud Book Argentino para la Raza Criolla as provided in the regulations in this part, as amended.

Done at Washington, D. C., this 7th day of October 1948. Witness my hand and the seal of the United States Department of Agriculture.

Statement To Accompany Amendment 43 to the Controlled Housing Rent Regulation

It is the judgment of the Housing Expediter that the need for continuing maximum rents in that portion of Box Butte County, State of Nebraska, Alliance Defense-Rental Area, which is outside the City of Alliance and its environs, no longer exists due to the fact that the demand for rental housing accommodations has been reasonably met.

This amendment is therefore being issued to decontrol said portions of said county in accordance with section 204 (c) of the Housing and Rent Act of 1947, as amended.

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

CONTROLLED HOUSING RENT REGULATION

The Controlled Housing Rent Regulation (§§ 825.1 to 825.12) is amended in the following respect:

Schedule B is amended by incorporating Item 34 as follows:

34. Provisions relating to Oklahoma County, a portion of the Oklahoma City Defense-Rental Area, State of Oklahoma:

Increase in maximum rents based upon the recommendation of the Local Advisory Board. Pursuant to the provisions of and subject to the limitations contained in the Housing and Rent Act of 1947, as amended, the maximum rents are increased, effective October 15, 1948, in the amount of 15 percent for all housing accommodations in Oklahoma County, Oklahoma, a portion of the Oklahoma City Defense-Rental Area, for which the maximum rents were determined under sections 4 (a) and 4 (b) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, or which have been fixed by an order entered under section 5 of said regulation or under § 825.5 of this regulation in

cases in which said section of the applicable regulation provides that the maximum rent should be determined on the basis of the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date: *Provided, however,* That where the 15 percent increase hereby authorized is applied to housing accommodations for which the maximum rent has been adjusted under section 5 (a) (12) of the aforesaid Rent Regulation for Housing, or under § 825.5 (a) (12) or § 825.5 (a) (16) of this regulation, the amount of such adjustment shall be excluded in determining the increased maximum rent.

Any maximum rent which is substantially lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations on March 1, 1942 plus 15 percent shall be eligible for adjustment on the basis of such generally prevailing rent plus 15 percent, on the filing of an individual petition for adjustment under § 825.5 (a) (11) of this regulation.

All provisions of this regulation insofar as they are applicable to the Oklahoma City Defense-Rental Area are hereby amended to the extent necessary to carry these provisions into effect.

(Sec. 204 (e), 61 Stat. 197, Pub. Law 129, 80th Cong.; as amended by 62 Stat. 37, Pub. Law 422, 80th Cong.; and as amended by 62 Stat. 94, Pub. Law 464, 80th Cong.; 50 U. S. C. App. 1894 (e).)

This amendment shall become effective October 15, 1948.

Issued this 11th day of October 1948.

TIGHE E. WOODS,
Housing Expediter.

Statement To Accompany Amendment 44 to the Controlled Housing Rent Regulation

The Local Advisory Board for Oklahoma County, a portion of the Oklahoma City Defense-Rental Area, State of Oklahoma, has, in accordance with section 204 (e) (1) (B) of the Housing and Rent Act of 1947, as amended, recommended an increase in the general rent level in Oklahoma County, Oklahoma, a part of the Oklahoma City Defense-Rental Area, with special provisions for cases in which the maximum rents have heretofore been adjusted on certain grounds.

The Housing Expediter has found that this recommendation is appropriately substantiated and is in accordance with applicable law and regulations to the extent of 15 percent, with special provisions for cases in which the maximum rents have heretofore been adjusted under section 5 (a) (12) of the Rent Regulation for Housing, issued pursuant to the Emergency Price Control Act of 1942, as amended, or under §§ 825.5 (a) (12) or 825.5 (a) (16) of this regulation. The Housing Expediter is therefore issuing this amendment to effectuate such portion of the recommendation.

PART 825—RENT REGULATIONS UNDER THE HOUSING AND RENT ACT OF 1947, AS AMENDED

RENT REGULATION FOR CONTROLLED ROOMS IN ROOMING HOUSES AND OTHER ESTABLISHMENTS

The Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments (§§ 825.81 to 825.92) is amended in the following respect:

Schedule B is amended by incorporating Item 35 as follows:

35. Provisions relating to Oklahoma County, a portion of the Oklahoma City Defense-Rental Area, State of Oklahoma:

Increase in maximum rents based upon the recommendation of the Local Advisory Board. Pursuant to the provisions of and subject to the limitations contained in the Housing and Rent Act of 1947, as amended, the maximum rents are increased, effective October 15, 1948, in the amount of 15 percent for all housing accommodations in Oklahoma County, Oklahoma, a portion of the Oklahoma City Defense-Rental Area, for which the maximum rents were determined under section 4 (a) of the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, issued pursuant to the Emergency Price Control Act of 1942, as amended, or which have been fixed by an order entered under section 5 of said regulation or under § 825.85 of this regulation in cases in which said section of the applicable regulation provides that the maximum rent should be determined on the basis of the rent generally prevailing in the defense-rental area for comparable housing accommodations on the maximum rent date; *Provided, however,* That where the 15 percent increase hereby authorized is applied to housing accommodations for which the maximum rent has been adjusted under section 5 (a) (9) of the aforesaid Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, or under § 825.85 (a) (9) of this regulation, the amount of such adjustment shall be excluded in determining the increased maximum rent.

Any maximum rent which is substantially lower than the rent generally prevailing in the defense-rental area for comparable housing accommodations on March 1, 1942 plus 15 percent shall be eligible for adjustment on the basis of such generally prevailing rent plus 15 percent, on the filing of an individual petition for adjustment under § 825.85 (a) (8) of this regulation.

All provisions of this regulation insofar as they are applicable to the Oklahoma City Defense-Rental Area are hereby amended to the extent necessary to carry these provisions into effect.

(Sec. 204 (e), 61 Stat. 197, Pub. Law 129, 80th Cong.; as amended by 62 Stat. 37, Pub. Law 422, 80th Cong.; and as amended by 62 Stat. 94, Pub. Law 464, 80th Cong.; 50 U. S. C. App. 1894 (e).)

This amendment shall become effective October 15, 1948.

Issued this 11th day of October 1948.

TIGHE E. WOODS,
Housing Expediter.

Statement To Accompany Amendment 44 to the Rent Regulation for Controlled Rooms in Rooming Houses and Other Establishments

The Local Advisory Board for Oklahoma County, a portion of the Oklahoma City Defense-Rental Area, State of Oklahoma, has, in accordance with section 204 (e) (1) (B) of the Housing and Rent Act of 1947, as amended, recommended an increase in the general rent level in Oklahoma County, Oklahoma, a part of the Oklahoma City Defense-Rental Area, with special provisions for cases in which the maximum rents have heretofore been adjusted on certain grounds.

The Housing Expediter has found that this recommendation is appropriately substantiated and is in accordance with applicable law and regulations to the extent of 15 percent, with special provisions for cases in which the maximum rents have heretofore been adjusted under section 5 (a) (9) of the Rent Regulation for Transient Hotels, Residential Hotels, Rooming Houses and Motor Courts, issued pursuant to the Emergency Price Control Act of 1942, as amended, or under § 825.85 (a) (9) of this regulation. The Housing Expediter is therefore issuing this amendment to effectuate such portion of the recommendation.

AUTHORITY: §§ 542.1 to 542.13 issued under 41 Stat. 780; 10 U. S. C. 1180, 1181.
DERIVATION: AR 350-3300, Dec. 22, 1938.

§ 542.1 *Military authority*—(a) *Secretary of the Army.* All matters pertaining to the coordination and supervision of military instruction at institutions conducting military training under the provisions of section 55c of the Act of June 3, 1916, as amended by Act of June 4, 1920 (41 Stat. 780; 10 U. S. C. 1180, 1181) are vested in the Secretary of the Army, who is specifically charged with the supervision of all matters relating to policy, instruction, training, and inspection of such institutions. He will determine the eligibility of any institution to establish military training under the provisions of the Act of Congress cited above.

(b) *Army area commander.* The army area commander is the representative within his army area of the Department of the Army. He should assign one or more officers of his staff to the duty of thoroughly familiarizing themselves with the history of military training in civil educational institutions and the past and present policy of the Department of the Army with reference to such training. It will be his duty to coordinate the military instruction and training at all civil educational institutions operating under regulations prescribed by the Department of the Army within his army area and to see that the policy, with reference to same is carried into effect. He will have supervision over all Army personnel on duty at all civil educational institutions within his army area. He will ascertain the number of officers and noncommissioned officers needed for duty at each institution within his army area and will recommend the detail or relief of such officers and noncommissioned officers to the Department of the Army. He will see that the officers and noncommissioned officers on such duty properly perform their duties. He will see that all institutions within his army area are equipped properly to carry on the instruction and training prescribed by the Department of the Army. He will not be responsible, however, for the supply of such equipment. He or his representatives will spend as much time as practicable visiting the institutions within his corps area, becoming personally acquainted with the officials of the institutions and the Army officers on duty and give advice and assistance whenever it seems necessary. He will refrain from interfering with schedules in operation or with local affairs except where there is a failure to carry out approved policies or where wrong methods are in operation. He will permit latitude and freedom as to methods on the part of the professors of military science and tactics and hold them responsible for results. Copies of instructions from the Department of the Army will be furnished the army area commander, and all routine matters pertaining to institutions conducting military training under the provisions of the Act of Congress cited in paragraph (a) of this section should be handled by him, unless action by the Department of the Army is necessary. His office will not become burdened with administrative functions nor should he demand unnecessary and burdensome reports and data from the institutions. An officer representing him should accompany the Department of the Army inspector during the annual inspection of institutions within his army area.

§ 542.2 *Schools and colleges concerned.* (a) The schools and colleges referred to in the Act of Congress cited in § 542.1 include all those educational institutions, public or private, which do not maintain units of the Reserve Officers' Training Corps.

(b) In order to avail themselves of the privileges prescribed by the regulations in this part the institutions concerned must agree to the following:

(1) To maintain under the prescribed course of military training not less than 100 physically fit male students above the age of 14 years.

(2) That any student who enters upon the prescribed course of military training will be required to continue the training for the remainder of that academic year, as prerequisite for graduation or promotion from that year's course, unless excused therefrom for physical disability or on the recommendation of the professor of military science and tactics.

(3) To allot and require an average of not less than 3 hours a week per school year to the prescribed course of military training.

§ 542.3 *Application to receive Government aid.* (a) When any educational institution which has not received Government aid under the provisions of the Act of Congress cited in § 542.1 desires to receive such aid, the authorities of the institution will submit an application in accordance with the following form:

(Place)

(Date)

Subject: Government aid under section 55c, National Defense Act, as amended.
To: The Adjutant General.

1. The ---
(Governing body)
of ---
(Name of institution)
located at ---, desires to participate in the Government aid authorized under section 55c, National Defense Act, as amended by the act of Congress approved June 4, 1920.

2. Number of physically fit male students above the age of 14 years enrolled at the institution, ---.

3. Number of such students who agree, or will be required to participate in the prescribed military training, ---.

4. The authorities of the institution agree to allot and require an average of not less than three hours a week per school year to the course of military training prescribed by the Secretary of the Army.

5. They further agree that when any student enters upon such course of military training it shall, as regards such student, be prerequisite for graduation or promotion for that academic year unless such student is excused for physical disability or on recommendation of the professor of military science and tactics.

6. The authorities of the institution (do not) desire one or more officers and noncommissioned officers of the Army as instructors, if any are available for this duty.

7. In case no officer or noncommissioned officer of the Army is detailed for duty as professor of military science and tactics at

the institution, the authorities of the institution are prepared to provide an instructor qualified to teach the course of military training prescribed by the Secretary of the Army.

8. The authorities of the institution will provide suitable storage facilities for all Government property issued to the institution and will take such measures as are necessary properly to care for the same; they will cause to be executed on blank form to be furnished by the Department of the Army a bond in the value of the Government property (plus 15 per cent) to be issued, for the care and safekeeping thereof and for its return in good condition when required; they further agree to keep such Government property insured against loss by fire for the benefit of the United States.

(Head of institution)

(b) The application will be mailed to The Adjutant General, accompanied by a statement showing the name and military qualifications of the person selected to be professor of military science and tactics as provided in § 542.5 (c).

(c) Upon receipt of the application The Adjutant General will issue the necessary orders to cause the corps area commander or a representative to make an inspection and report upon the institution on W. D., A. G. O. Form No. 0722 (Educational Institutions — Report of Initial Inspection of). If the inspection indicates that the institution is entitled to the benefits of section 55c, National Defense Act, as amended, and if the application has been approved by the Secretary of the Army, requisitions will be made at the institution on W. D., Q. M. C. Form No. 400 (Requisition). Signed requisitions will then be forwarded to the army area commander. After the value of all property that will be issued to the institution has been decided upon, a bond in the sum of not less than 15 percent in excess of the invoice value of all Government property to be issued will be furnished by the institution to the Secretary of the Army. (See § 542.11.) Upon approval by the army area commander, shipments will be made of the property, including the annual allowance of spare parts, etc., referred to in § 542.12 (c). Such shipments will be made on the regular form of Government bill of lading at the expense of the United States. Such blank forms will be furnished to the institution as are necessary properly to care for and account for Government property.

§ 542.4 *Inspections and reports.* (a) The military department of all schools and colleges having a course of military training prescribed by the Secretary of the Army pursuant to the provisions of the Act of Congress cited in § 542.1 will be subject to inspection under the authority of the President of the United States. Army area commanders or their representatives will make a formal inspection of the military department of each such institution within their respective army areas annually. No formal rating will be awarded as a result of these inspections.

(b) In addition to the formal inspection prescribed in paragraph (a) of this section army area commanders or their representatives will make such visits of observation as they may consider necessary to acquaint themselves with conditions at institutions, and to establish contact with the interested institutional authorities. Such visits will not include a formal inspection of units.

(c) During the visits to educational institutions inspecting officers will satisfy themselves as to the correctness of numbers and ages of students enrolled in the military departments; the state and condition of equipment; the adequacy and suitability of means provided by the institution for caring for Government property issued to the institution; suitability and adequacy of instructor personnel of the military department; status of the military department as to organization, efficiency, and cooperation of the authorities of the institution; and they will make written report to the army area commander of any deficiencies in these matters which they are unable to correct on the spot. Report in writing will be made to the army area commander of any violation of regulations for which the authorities of the institution are responsible or any matter affecting the desirability of the institution for the purposes of military education.

§ 542.5 *Military instructors*—(a) *Detail.* Insofar as the exigencies of the service permit, active or retired officers, warrant officers, and enlisted men of the Regular Army will be detailed under the provisions of the Act of Congress cited in § 542.1, as follows:

(1) Officers, active or retired; one to each institution, and where the institution has more than 500 students under military instruction, one additional officer for each 500 students or major fraction thereof.

(2) Noncommissioned officers, active or retired; one to each institution, and where the institution has more than 500 students under military instruction, one additional noncommissioned officer for each additional 500 students or major fraction thereof.

(3) Warrant officers, active or retired; one (in lieu of one noncommissioned officer) to institutions to which the detail of more than one noncommissioned officer is authorized.

(b) *Duties.* The duties of persons detailed as provided in paragraph (a) of this section are solely those of instructors in the course of military training prescribed by the Secretary of the Army, except that a Regular Army officer may perform the duties of commandant of cadets. Officers or noncommissioned officers will not conduct any courses of instruction in the institution other than those prescribed by the Department of the Army, or pursue any course of instruction conducted by the institution without the permission of the Secretary of the Army. Clerical labor connected with the issue, care, and accountability of Government property and manual labor connected with the care and repair of such property must be provided by the authorities of the institution.

(c) *Professor of military science and tactics.* (1) When one or more officers are detailed by the Department of the Army to an educational institution, the senior line officer will be the professor of military science and tactics. Where officers of the services only are detailed to an educational institution, the senior officer thereof will be the professor of military science and tactics. For the purpose of the regulations in this part, officers retired from arms will be regarded as line officers. All other officers detailed by the Department of the Army to the institution will be directly under his orders and control in all matters pertaining to their military duties at the institution. On arriving at the institution for duty the senior officer will report in person to the head of the institution and by letter to the army area commander. Thereafter his status and relations with the institution will be the same as are those of the head of any other department of the institution.

(2) When no officer is detailed by the Department of the Army to the institution, a suitable person will be designated by the authorities of the institution to be professor of military science and tactics, whose status and relations with the institution will be the same as are those of the head of any other department of the institution. In such cases the Department of the Army must be satisfied that the professor of military science and tactics designated by the authorities of the institution is qualified for his duties.

(d) *Noncommissioned officers.* Noncommissioned officers detailed by the Department of the Army to an institution will report to and be under the supervision of the professor of military science and tactics.

§ 542.6 *Military training and instruction*—(a) *Prescribed course.* The instruction given to those students taking the first year's course of military training must include the following subjects as a minimum:

(1) Physical training, first aid to the injured, and elementary hygiene and sanitation.

(2) Nomenclature and care of the rifle and equipment.

(3) Training publications. Infantry drill, close and extended order, to include the schools of the soldier, squad, and company.

(4) Instruction in firing the rifle, to include gallery practice.

(b) *Additional instruction.* Every effort will be made to offer to those students, who have satisfactorily completed training set forth in paragraph (a) of this section, a further and progressive course of military instruction which will follow, as nearly as the facilities of the institution permit, the program of instruction prescribed for Junior Division, ROTC units (CS), copies of which may be obtained from The Adjutant General. This program will be carefully studied and the policy and method of training outlined therein should be used as a guide and carefully adhered to as far as practicable. In institutions which offer more than 3 years of military instruction the program may be expanded by the allotment of additional time to subjects in this program at the discretion of the officials of the institutions concerned.

(c) *Records of training.* Such records as will show specifically the following information will be kept in the department of military science and tactics of the institution.

(1) Date and duration of each drill or instruction period.

(2) Kind of drill or subjects of instruction covered at each drill or instruction period.

(3) Name of instructor at each drill or instruction period.

(4) Number of students present at each drill or instruction period for the entire period.

(5) Names of absentees and the reason for absences.

(6) When range practice is held, the score of each student will be kept.

(7) Record of all Government property issued to the institution.

(8) Lists of all Government property issued to each student by the institution.

§ 542.7 *Organization, discipline, and government of military students*—(a) *Organization.* Students under military training will be organized into companies, battalions, and regiments of Infantry, the organization, drill, and administration of which will conform as far as practicable to that prescribed for similar units of the Regular Army.

(b) *Discipline.* Discipline will be maintained at all times when the students are undergoing military training.

(c) *Rules and orders.* All rules and orders relating to the organization, discipline, and government of the military students, the appointment, promotion, and change of officers, and all orders affecting the department of military science and tactics, except those relating to routine duty, will be made and promulgated by the professor of military science and tactics, after being approved by the chief administrative officer of the institution.

(d) *Supervision and control.* Institutions conducting military training under the provisions of the Act of Congress cited in § 542.1 will retain the ordinary powers of supervision and control of the student personnel.

(e) *Report from the professor of military science and tactics.* The professor of military science and tactics will render to the army area commander a special report covering in full any serious case of breach of military discipline in which adequate action has not been taken by the authorities of the institution within reasonable time.

§ 542.8 *Certificate to student.* When any student severs his connection with the institution, a certificate stating what military training he has satisfactorily completed should be given to him.

§ 542.9 *Records, orders, and communications.* The office of The Adjutant General is the office of record and issuance of orders relating to these institutions. All comunications, therefore, with reference to the military department of a school or college where military instruction is conducted under regulations prescribed by the Department of the Army will be, except where otherwise prescribed, forwarded through the army area commander to The Adjutant General.

§ 542.10 *Property*—(a) *Requisitions.* Requisitions for Government property for an educational institution operating under the provisions of the regulations in this part will be submitted to the army area commander.

(b) *Transportation.* Shipment of Government property authorized under the provisions of the Act of Congress cited in § 542.1 from depots, arsenals, or armories to institutions, and return shipment from institutions to depots, arsenals, or armories, will be made on the regular Government bill of lading at the expense of the United States. This transportation cost, together with the cost of packing and handling at the arsenal or depot, will be paid from funds allocated to the army area commander.

Professors of military science and tactics may employ the necessary drayage for hauling Government equipment from the local railroad receiving point when institution and from the institution to the local railroad receiving point when no Government transportation is available or when the institution has no transportation. Just accounts will be submitted to the army area commander for approval and payment. However, when under the provision of § 542.5 (c) (2) no officer of the Army has been detailed to the institution as professor of military science and tactics, the official of the institution designated by the head of the institution under the provisions of paragraph (c) (2) of this section will perform the duties indicated in this paragraph.

(c) *Accounting.* (1) Government property issued to educational institutions under the provisions of the Act of Congress cited in § 542.1 must be accounted for on blank forms furnished by the Department of the Army for this purpose.

(2) The president or other authority of the institution will be requested to designate an official of the institution as authorized to sign all property papers for the institution and account for the property in the name of and for the institution. This authority in the form of a certificate will be transmitted to the army area commander.

(d) *Lost, destroyed or damaged.* (1) Government property which becomes unserviceable through fair wear and tear incident to the proper and authorized use of such property will be replaced or repaired at the expense of the United States. Such property may be dropped from the institution's accountability on an approved W. D., A. G. O. Form No. 15 (Report of Survey) or W. D., I. G. D. Form No. 1 (Inventory and Inspection Report). Should the approved W. D., A. G. O. Form No. 15 or W. D., I. G. D. Form No. 1 involve the shipment of the unserviceable property to a depot or arsenal for salvage or repair, such property will be dropped from accountability only on the receipted W. D., Q. M. C. Form No. 434 (Shipping Ticket), on which it is shipped to the depot or arsenal, to which the W. D., A. G. O. Form No. 15 or W. D., I. G. D. Form No. 1 authorizing the shipment will be attached.

(2) Government property lost, destroyed, or damaged by fire, flood, theft, tornado, or other similar causes, without fault or neglect on the part of the institution, its servants, or employees, or any member of its student body receiving military training, will be replaced at the expense of the United States. To determine whether such loss, destruction, or damage was without fault or neglect on the part of the institution, its servants or employees, or members of its student body receiving military training, a survey will be made as provided in paragraphs 6 and 8, AR 35–6640.[1] The surveying officer will be appointed by the army area commander.

(3) All other loss, destruction, damage, or deterioration of Government property for which an institution is accountable will be made good by the institution, and army area commanders will take the necessary action to cause reimbursement to the United States for such loss, destruction, damage, or deterioration.

(4) Whenever Government property for which an institution is accountable is lost, whatever the cause, or becomes unserviceable to the extent of requiring replacement, or repair which cannot be made at the institution, the institution authorities will immediately notify the army area commander. In case arms are lost, the army area commander and The Adjutant General will be notified immediately by wire and the authorities of the institution will also notify the proper civil authorities, with a view of seizing the arms, if found, and of prosecuting all persons concerned in the illegal possession thereof.

(e) *Inventories*—(1) *By whom and when made.* (i) Inventories of all Government property at each institution will be made at least once each year by the official of the institution authorized to account for the property in accordance with AR 35–6520.[2] This annual inventory will be made during the period between the close of the spring term of one academic year and the opening of the fall term of the following academic year. A Regular Army officer, assigned to duty at the school, will assist at the inventory, and will verify the entry of inventory balances on the stock record cards as required by paragraph 19c, AR 35–6520.[2] If an officer of the Regular Army is not available to assist in taking the inventory, the accountable school official will notify the corps area commander and await the designation of suitable military personnel to be present at the inventory.

(ii) In the case of arms and other items bearing numbers, the serial number of each weapon or similar item will be checked. The provisions of paragraph 19d (1), AR 35–6520,[2] will not apply. The contents of packages containing such items will, upon receipt thereof, be examined and verified as to quantity

[1] Administrative regulations of the Department of the Army relative to lost, destroyed, damaged, or unserviceable property.

[2] Administrative regulations of the Department of the Army relative to property accountability and responsibility.

and serial numbers, after which the containers should be closed, resealed, and marked to show date of such examination and verification. The same procedure will be followed when accountability for property is transferred, and at each subsequent annual inventory. During the interim between inventories, the seals should be inspected at frequent intervals.

(iii) The result of such inventory and also the balances appearing on the stock record account will be entered, segregated according to supply arms or services, on the form prescribed in subparagraph (2) of this paragraph (in duplicate), the original of which will be certified as correct and forwarded to the army area commander. The duplicate copy will be retained by the institution authorities.

(2) *Form.* The report of inventory and stock record balances will be prepared by the official of the institution authorized to account for the property in the following form, supported by a list of the serial numbers of all firearms, which will be attached to each copy of the inventory:

(Place and Date)

Subject: Certified report of inventory and balances on stock record of public property at (Designation of institution)

To: Commanding General, Army.

Articles	Stock record balances	Inventory balances	Overages	Shortages

I certify that the above report is correct.

(Signature)

(Accountable officer)

(f) *Overages to be taken up on stock record account.* Any overages disclosed by the inventory will be taken up on the stock record account of the institution on W. D., Q. M. C. Form No. 445 (Over, Short, and Damaged Report) as "Found at school." Report of survey will be initiated to cover all shortages disclosed by the inventory unless the authorities of the institution acknowledge liability for the loss and make payment therefor as contemplated in paragraph (d) (3) of this section.

§ 542.11 *Bonds.* (a) A bond, in the value of all Government property issued for the care, safekeeping thereof, and for its return when required, will be furnished to the Secretary of the Army and will be filed by the army area commander after approval by him.

(b) Government property to an amount in excess of that covered by the bond will not be issued. Educational institutions will execute bonds in a sum of not less than 15 percent in excess of their immediate needs in order that any reasonable expansion may be met by the supply departments without entailing the necessity for the execution of a new bond. (See § 542.3 (c).) Blank forms for bonds and instructions for their preparation will be obtained from the army area commander.

(c) Institutions which belong to one of the three following classes may be their own surety:

(1) Institutions operating under State charter.

(2) Institutions directly under control of municipalities.

(3) Institutions which are corporations.

(d) The high schools in the District of Columbia are not required to furnish bond, as contemplated in paragraphs (a) and (b) above, on account of military supplies and equipment issued by the Department of the Army for military instruction and practice by the students therein. (See Act of March 3, 1925 (43 Stat. 1232).)

§ 542.12 *Arms, equipment, and spare parts*—(a) *Arms and equipment.* The following arms and equipment are designated for issue to educational institutions under the provisions of the Act of Congress cited in § 542.1, the model depending upon the available supply:

(1) For each student undergoing military training:

1 rifle (complete), to include 1 oiler and thong case and 1 brush and thong, 1 gun sling.

(2) For every 25 students participating in gallery practice:

1 gallery practice rifle, caliber .22, M1922, M1, and necessary appendages.

(3) Miscellaneous.

For each 2 rifles, 1 screw driver.

For each 8 rifles, 1 barrack cleaning rod.

For each 10 rifles, 1 chest, arms.

(b) *Ammunition, targets, and target supplies.* (As prescribed in allowance tables.)

(c) *Spare parts and cleaning materials.* Institution to which Government property is issued are required under their bond to keep said property in good and serviceable condition. For this purpose the Government will issue to the institutions on proper approved requisition such spare parts, implements, appendages, and cleaning materials as are necessary. If the spare parts, implements, appendages, etc., are to replace similar articles which have become unserviceable through fair wear and tear incident to proper and authorized use, packing and handling charges, transportation charges, and the cost, if any, of the articles will be paid from funds allocated to the army area commander. If the articles are requested for any other cause, all charges will be borne by the institution.

(d) *Care and safekeeping of arms, equipment, etc.* The authorities of institutions are responsible for the care and safekeeping of arms, ammunition, and equipment which have been issued to them, and for seeing that proper precautions are taken to prevent arms, ammunition, and equipment from being improperly used and from falling into the hands of irresponsible persons.

(e) *Reports of accidents and malfunctions of ordnance matériel.* (1) At institutions where an officer of the Ordnance Department is included in the staff of military instructors, the professor of military science and tactics will require this officer to act as the local ordnance officer in investigating and reporting accidents and malfunctions of ordnance matériel.

(2) At other institutions the professor of military science and tactics will perform the functions of the local ordnance officer insofar as these investigations and reports are concerned.

(3) At institutions where no officer of the Regular Army is stationed, the senior Regular Army representative will function as the ordnance officer in the performance of the duties prescribed in subparagraph (1) of this paragraph.

§ 542.13 *Camps.* Camps conducted under the provisions of the Act of Congress cited in § 542.1 will conform to such regulations as may be prescribed by the Department of the Army.

§ 542.14 *United States Military Academy, West Point, New York.* (See Part 575, Subchapter F of this Chapter.)

AUTHORITY: §§ 543.1 to 543.6 issued under 38 Stat. 370, 39 Stat. 191, 211, 643, 41 Stat. 776, 780, 43 Stat. 510, 45 Stat. 786, 49 Stat. 1202, 54 Stat. 726; 10 U. S. C. 381, 1180, 1181, 1185, 32 U. S. C. 181, 181b, 186.

DERIVATION: AR 850-100, Nov. 18, 1947; AR 850-90, May 12, 1928; AR 850-110, Jan. 3, 1946; T/A 23, Oct. 15, 1946.

§ 543.1 *Issues of rifles, ammunition, etc., to schools*—(a) *Requirements to receive benefits of Acts*—(1) *General.* Schools to receive the benefits of the Act of April 27, 1914 (38 Stat. 370; 10 U. S. C. 1185), and Act of August 29, 1916 (39 Stat. 643), under the regulations in this part, must meet the requirements specified in those Acts. These schools include those to which issues of rifles and ammunition are not authorized under the provisions of other existing laws (sec. 40 or sec. 55c, National Defense Act, as amended by the Act of June 4, 1920 (41 Stat. 776 and 780; 10 U. S. C. 381, 1180, 1181)).

(2) *Number of cadets necessary.* A school to draw rifles and ammunition under the provisions of the Act must maintain during the entire school year a uniformed corps of cadets, at least 40 in number, above the age of 14 years, who receive military instruction and who must engage in target practice.

(b) *Kinds of equipment to be issued.* (1) The arms to be issued and the accessories, appendages, and pertaining equipment are as follows:

[2] To fit model of .22 caliber rifle issued.

(2) School will submit requisition to the Director of Civilian Marksmanship for required quantities of items authorized in subparagraph (1) of this paragraph. Requisition will accompany formal application, accomplished bond, and related papers submitted by school in accordance with the regulations in paragraph (e) (2) (i) of this section.

(3) Only articles listed in this section will be issued. Arms will be issued only for the use of cadets who are receiving adequate military training determined as the result of an inspection made under direction of the adjutant general of the State, Territory, or District of Columbia, and who will engage in target practice in accordance with the regulations prescribed by the National Board for the Promotion of Rifle Practice by firing one of the courses as prescribed in FM 23-10. The cadets qualifying in rifle marksmanship will receive appropriate badges when the qualifications are submitted to the Director of Civilian Marksmanship. Forms for making the report of qualifications will be furnished upon request.

(c) *Applications, to whom submitted.* Each application for arms under the provisions of the Acts cited in paragraph (a) of this section must be submitted to the Director of Civilian Marksmanship, Department of the Army, Washington, D. C., by the president or principal of the school through the adjutant general of the State, Territory, or District of Columbia, who will specify the actual number of uniformed cadets above the age of 14 years who receive military instruction and who will engage in target practice. This application must have the approval of the adjutant general of the State, Territory, or District of Columbia, and that of the superintendent of schools of the city, town, or district, or chairman of the board of trustees or other governing body of the school applying for the arms. Each application must indicate that a suitable instructor in small arms firing is available to the cadets.

(d) *Bonds, care of property, fire insurance, and lost property surveys*—(1) *Bonds to be filed.* As a condition precedent to the issue of any Government property under this section, each school will be required to file with the Director of Civilian Marksmanship, on a form to be provided by him, a properly executed bond with good and sufficient surety in a penal sum of $5,000 (or in such larger sum as he may determine necessary for the protection of the Government) providing that the school will take good care of, safely keep, and account for such arms and equipment as may be issued to said school and will, when required, duly return the same within 30 days in good order and condition, to such officer or person as the Secretary of the Army may designate to receive them, reasonable wear excepted. A list of companies approved by the Treasury Department as acceptable sureties on Federal bonds will be furnished by the Director of Civilian Marksmanship. Such bonds will be submitted to The Judge Advocate General for approval as to legal sufficiency. A school may select any one of the following procedures in executing bonds:

(i) An incorporated school may act as corporate principal on bond. Such bonds must be accompanied by a copy of articles of incorporation authenticated by Secretary of State or other officer having authority in State. Bond must be signed on behalf of corporate principal by a member of school's governing body, and there will be attached to bond a certified copy of so much of the record of the proceedings of the governing body as will give the resolution authorizing the individual, designated by name and title, to obligate the school.

(ii) In the case of a public school organized pursuant to State statutes, a certificate signed by the proper State or county official that the school is duly organized under such statutes will be accepted in lieu of articles of incorporation, as evidence of its legal entity.

(iii) A legally organized public school district which is incorporated, or organized pursuant to State statutes without articles of incorporation, may act as principal upon the bond of an unincorporated school which is a part of the school system of that district. In such cases a certificate executed by proper State or county official of that district is duly organized pursuant to state statutes, and that school concerned is part of said district, will be accepted, in lieu of articles of incorporation, as evidence of legal entity of school district. Bond must be signed on behalf of school district, as corporate principal, by a member of governing body of district, and there will be attached to bond, a certified copy of so much of the record of the proceedings of the district governing body as will give the resolution authorizing the individual, designated by name and title, to obligate the school district.

(iv) If district is incorporated, and properly authenticated copy of articles of incorporation can be furnished, the district may execute bond as prescribed in subdivision (i) of this subparagraph, for incorporated school.

(v) Bond may be executed by an individual as principal. Such individual will be one having a directory control over the school such as president, superintendent, trustee, etc. Bond must be accompanied by certificate evidencing his directory control at time bond is executed. This certificate must be signed by some school official other than the individual named as individual principal on the bond. Signature of individual principal must be witnessed. No articles of incorporation are required in case individual acts as principal on bond.

(2) *Care and safekeeping of arms, equipment, etc.* The officials of institutions are responsible for the care and safekeeping of arms, ammunition, and equipment which have been issued to them and for seeing that proper precautions are taken to prevent these Government issues from being improperly used and from falling into the hands of irresponsible persons. Government property will not be removed from the premises of the school to which issued without prior approval of the Director of Civilian Marksmanship.

(3) *Fire insurance.* A school is not required to carry fire insurance. Whether or not the school carries insurance on its Government property will not modify its pecuniary obligations for losses by fire which may result from neglect or loss through the fault of the school. (See § 542.10)

(4) *Lost property surveys.* Government property lost, destroyed, or damaged by fire, flood, theft, tornado, or other similar causes, without fault or neglect on the part of the school, its servants, or employees, or any member of its student body receiving military training, will be replaced at the expense of the United States. To determine whether such loss, destruction, or damage was without fault or neglect on the part of the school, its servants, or employees, or members of its student body receiving military training, a report of survey will be made according to the provisions of §§ 623.111–115a.

(e) *Ammunition and supplies*—(1) *Annual issues.* To each school, so far as appropriations will permit, not more than the following:

Articles	Remarks. See § 543.2 (c) (4)
Cartridge, ball, cal. .30	To be issued to nearest full case on basis of 120 rounds per cadet above 14 years of age firing, but not to exceed 12,000 rounds per school.
Cartridge, ball, cal. .22 long rifle	To be issued to nearest full case on basis of 200 rounds per cadet firing, but not to exceed 20,000 rounds per school.

Articles—Continued	*Remarks. See § 543.2 (c) (4)*
Cloth, target, 72 inches wide	15 yards per school.
Disk, target, spotter, 3-inch	20 per school.
Disk, target, spotter, 5-inch	10 per school.
Spindles, target, spotter	30 per school.
Pasters, target, buff or black	20,000 per school.
Targets, paper, outdoor Centers, repair, target Targets, small-bore, qualification	As authorized by the Director of Civilian Marksmanship on basis of course of fire.
Targets, gallery, 50 feet	1,000 per school.
Cleaner, rifle bore, 1 qt. can	2 qts. per 20 rifles, cal. .30.
Compound, rust preventive, light	10 lbs. per school.
Oil, lubricating, preservative, Spl	1 qt. per 20 rifles.
Patches, cut, canton flannel	100 patches per rifle.

(2) *Requisitions.* (i) Initial requisition will be submitted by school at time formal application, accomplished bond, and related papers are forwarded to the Director of Civilian Marksmanship. Regardless of date submitted, initial requisition will specify full quantities of items, authorized above, that are required by school. Adjustment in unexpended balance is made on annual requisitions.

(ii) Annual requisitions: (*a*) Annual allowances are based upon a fiscal or school year from July 1st of one year to June 30th of succeeding year. These allowances are not cumulative.

(*b*) Requisitions for items authorized by annual allowances and required by school for succeeding year will be based upon pertinent records as to termination of current school year in instant 30th June or thereabouts. These requisitions will show balances on hand, and in "required" column will show the desired quantities, of authorized items required by school, in amounts which, when added to quantities on hand, will not exceed total authorized in inferior subdivision (*a*) of this subdivision.

(*c*) Annual requisitions will be dispatched by school so as to reach the Director of Civilian Marksmanship on or before July 31.

(iii) A supplementary requisition may be submitted during year, if necessary, to meet conditions that differ from projection upon which original requisition was based.

(iv) The number of uniformed cadets over 14 years of age receiving military instruction and participating in target practice must be stated on all requisitions.

(3) *Transportation.* The transportation of ammunition and equipment from the Government arsenals to schools and back to Government arsenals will be without expense to the United States.

(*f*) *Rifles, appendages, and equipment*—(1) *Care.* The schools to which issues of ordnance stores are made will be required to keep said property in like good and serviceable condition as when issued by the Government, and the spare parts and appendages necessary for this purpose will be sold to them at cost price. Application will be made to the Director of Civilian Marksmanship by the proper official of the school desiring the articles for the maintenance of the arms issued to the school, and he will state that these articles are needed for this purpose. The sales of spare parts and of the appendages necessary for the proper maintenance of the equipment listed in paragraph (b) of this section will be made by the Ordnance Department.

(2) *Transportation.* The transportation of rifles, spare parts, appendages, and other supplies from the Government arsenals to such schools and back to the Government arsenals will be without expense to the United States.

(3) *Inspection.* Rifles, appendages, and equipment therefor which become unfit for use for any cause will be reported to the Director of Civilian Marksmanship. Upon the receipt of such report, the Director of Civilian Marksmanship will issue shipping instructions to the responsible party for the return of the unserviceable arms, appendages, or equipment, to a designated arsenal, shipment to be made without expense to the Government. Upon reaching an arsenal they will be inspected by an officer of the Ordnance Department, and if their condition is found to be due to the ordinary incidents of service they may be replaced with serviceable stores of like character; but if their condition is found to be due to carelessness or other than legitimate causes, the extent of damage or value of missing stores will be determined by the receiving officer and reported to the Director of Civilian Marksmanship, who will require payment by the school or the responsible party under the bond before any new issue of rifles or appendages is made.

(g) *Annual reports.* (1) Reports listed below will each cover the period July 1 of one year to June 30 of succeeding year. Reports will be so submitted as to reach the office of the Director of Civilian Marksmanship by July 31 of each year. Forms for these reports will be furnished by the Director of Civilian Marksmanship.

(2) Each school will submit an annual report of firing and report of target practice, through the adjutant general of the State, showing the full name of each student firing and his total score for course fired for record.

(3) An annual inventory of property, issued by the Government to the school, will be submitted by the official accountable for Government property held by school.

(4) Report of inspection made under direction of the adjutant general of State, Territory or District of Columbia, covering qualifications of school to remain eligible for Government assistance, will be forwarded through the adjutant general of State, Territory, or District of Columbia.

(5) Appropriate badges will be issued to cadets qualifying in rifle marksmanship upon application to the Director of Civilian Marksmanship.

(6) Requisition, to be used when requesting annual issues.

(h) *Failure to comply with instructions*—(1) *In pursuing annual course of rifle practice.* Failure on the part of any school to pursue each year the prescribed course of rifle practice or to comply with the regulations in this part or with any others that may be prescribed by the Director of Civilian Marksmanship, with the approval of the Secretary of the Army, for the use, care, preservation, or accountability of any rifles or appendages, or ammunition therefor, issued to it by the United States, will be considered sufficient cause for the prompt withdrawal by the Secretary of the Army of the Government property in its possession.

(2) *Failure to return property.* Whenever a school fails to return the Government property in its charge within 30 days after demand made by the Secretary of the Army, or within such time as may be designated by him, claim will be made against the bonding company.

§ 543.2 *Issues of rifles, ammunition, etc., to civilian rifle clubs*—(a) *Rules for organizing clubs.* Rifle clubs may be organized under the rules of the National Board for the Promotion of Rifle Practice, in accordance with the following regulations:

(1) (i) Ten or more physically fit male citizens above the age of 18 years, residing in any locality may organize a senior civilian rifle club.

(ii) Ten or more physically fit male citizens of the United States above 12 years and under 18 years of age (junior club membership is restricted to these ages), residing in any locality, may organize a junior civilian rifle club provided such junior rifle club is recommended by a responsible male citizen above the age of 21 years who will be bonded for all Government property issued to the club and who will serve as club supervisor and instructor in rifle marksmanship. This supervisor and instructor will have previously satisfied the Director of Civilian Marksmanship as to his ability to act in this capacity.

(iii) Ten or more physically fit male citizens above 12 years and under 18 years of age, residing in any locality, may be organized as a junior rifle division of a senior civilian rifle club and may receive the same issues and privileges as a junior rifle club, provided such sponsoring senior rifle club will be responsible and accountable for all property issued, such property to be secured by the senior club's bond. The senior club will appoint a responsible male citizen above the age of 21 years who will serve as junior division supervisor and instructor in rifle marksmanship. This supervisor and instructor will satisfy the Director of Civilian Marksmanship as to his ability to act in this capacity.

(2) The name of a club should be if practicable the same as the city or town and State in which it is organized, as the Auburn (N. Y.) Rifle Club, except where this would conflict with an existing club of the same name.

(3) Bylaws to insure proper administration of the club must be adopted.

(4) Provision must be made for safe storage and use of arms, ammunition, and equipment.

(5) After organization, the club must affiliate with the National Rifle Association of America, in conformity with a resolution of the National Board for the Promotion of Rifle Practice and approved by the Secretary of War, March 23, 1904.

(6) All clubs organized under the rules of the National Board for the Promotion of Rifle Practice will carry on small-arms target practice in accordance with the regulations prescribed by the National Board for the Promotion of Rifle Practice and make annual reports of such practice to the Director of Civilian Marksmanship.

(7) (i) All eligible members of affiliated senior rifle clubs are authorized to fire for qualification as expert, sharpshooter, or marksman, with both the caliber .22 rifle and the caliber .30 rifle. The courses authorized to be fired will be the same as those currently prescribed for the U. S. Army, except as hereinafter specified. The qualifications when reported to the Director of Civilian Marksmanship, on the forms furnished by him, will be recorded and appropriate badges issued.

(ii) All eligible members of affiliated junior rifle clubs are authorized to fire for qualification as expert, sharpshooter, or marksman, the record junior smallbore course as prescribed by the Director of Civilian Marksmanship. The qualifications, when reported to the Director of Civilian Marksmanship on the forms furnished by him, will be recorded and appropriate badges issued.

(iii) The president of a senior civilian rifle club will designate which caliber .22 and/or caliber .30 courses will be fired for record by the members of his club.

(iv) The course or courses so designated may be fired as many times and whenever during the target season as the club president directs, but only the highest complete aggregate score of each individual for each course (caliber .22 and/or caliber .30 rifle) will be reported.

(v) The annual allowance of ammunition will not be increased on account of any rifle club firing the record courses more than once.

(vi) The record practice of a club will be conducted in accordance with the procedure governing record practice as currently prescribed for the U. S. Army, except that any rifle, caliber .22 or caliber .30 having metallic sights and a trigger pull of not less than 3 pounds may be used in firing record practice. The aperture front sight will not be used.

(b) *Issues*—(1) *Arms, ammunition, and appendages.* Arms, ammunition, and appendages will be issued only to such senior rifle clubs as are organized and conduct target practice under the rules of the National Board for the Promotion of Rifle Practice; to such junior clubs as are organized under the rules of the National Board for the Promotion of Rifle Practice and who conduct firing with the caliber .22 rifle; and to organizations sponsoring rifle and pistol tournaments, deemed eligible for such aid by the National Board for the Promotion of Rifle Practice.

(2) *Senior clubs.* To each senior rifle club, so far as appropriations will permit, will be issued not more than the following:

(i) *Initial issue.*

Articles	*Remarks. See § 543.2 (c) (4)*
Rifle, U. S., cal. .30, M1, with accessories, or rifle, U. S., cal. .30, M1903 or M1903A1.	4 per club.[1]

Oil, lubricating, preservative, spl	1 qt. per club.
Patches, cut, canton flannel	2,000 per club.

(4) *Issues to rifle clubs at schools.* Issues to rifle clubs at schools will be made only upon request of the principal or president of the school.

(5) *Issue of additional equipment.* When considered by the Director of Civilian Marksmanship to be essential, issue of additional equipment may be made to

member schools and clubs, for use in tournaments conducted within the intent and scope of the regulations governing the promotion of small arms among civilian citizens. Additional issues also may be made of ammunition, target materials, and range supplies in types and quantities warranted by activities and approved by the Director of Civilian Marksmanship.

(c) *Requisitions*—(1) *Annual issues.* All annual issues will be made upon requisition to the Director of Civilian Marksmanship.

(2) *Ammunition.* Allowances not drawn in one year cannot be drawn in the succeeding year. In submitting requisitions for ammunition, the number of members in the rifle club participating in target practice must be stated.

(3) *Arms, appendages, and target material.* Issues of arms, target carriers, and other target material will be made upon requisition to the Director of Civilian Marksmanship, submitted by an officer of a club. Such requisitions must state the number of members of the club in good standing and, if an initial issue, must be accompanied by a description of the tract available for an outdoor range, including location and protection afforded nearby residents; whether owned or leased by club, and if leased the number of years covered by same. A similar report must be submitted as to an indoor range when requisition is made for material for such.

(4) *Appropriation by Congress of necessary funds.* The issues herein authorized are dependent upon the appropriation by Congress of the necessary funds to cover the procurement and issue thereof.

(d) *Bonds.* No issues of the above equipment will be made to any rifle club until an approved and accepted bond on form provided by the Director of Civilian Marksmanship has been filed, providing that the club will take good care of, safely keep, and account for the property and will, when required by the Secretary of War, duly return the property within 30 days in good order, to the Chief of Ordnance, or to such other officer or person as the Secretary of the Army may designate. Bond filed by a junior club will be in the penal sum of $500, and hereafter bond filed by a senior club will be in the penal sum of $1,000. The bond submitted as security for issues to an unincorporated rifle club will be executed by an individual as principal. The bond submitted as security for issues to a rifle club duly organized as a corporation under laws of a State or Territory may be executed by an individual as principal, or by the corporation as principal, the corporation's name thereto to be signed by its president, or other officer so authorized to act, attested by its secretary or other club official and the corporate seal duly affixed, pursuant to a resolution duly passed by the corporation's board of directors or other governing body. Whenever a rifle club is sponsored by a parent organization, e. g., an athletic club or fraternal organization, which sponsoring organization is incorporated, the sponsor may execute the bond under the same conditions as set forth above for an incorporated rifle club. If the school, club, or corporate principal has no seal, a statement to that effect must be made on the lower left corner of page 2 of the bond form. A copy of so much of the record of the proceedings of such board of directors or other governing body showing such resolution and its adoption, duly certified by the secretary, and a copy of the articles of incorporation of the club duly certified by the Secretary of the State of incorporation or other comparable officer having custody of the original of such instruments, will accompany such bond. The value of the bond not only will be large enough to cover the value of the initial issue but also such issues as may be made at a later date. Issue of ammunition, paper targets, and other expendable material listed in paragraph (b) (2) (ii) and (b) (3) (ii) of this section will be made without bond.

(e) *Property*—(1) *Transportation.* The transportation of rifles, spare parts, appendages, and other supplies from the Government arsenals to clubs and back to the Government arsenals will be without expense to the United States.

(2) *Upkeep.* The rifle clubs to which issues of material are made will be required to keep said property not expended in target practice in like good and serviceable condition as when issued by the Government, and for this purpose the spare parts, implements, and appendages necessary for the purpose will be sold to them at cost price. The sales authorized above of spare parts and appendages for small arms will be made by the commanding officer of the Rock Island Arsenal, Rock Island, Ill., or of the Springfield Armory, Springfield, Mass. Applications will be made for the purchase of the necessary spare parts and appendages to the Director of Civilian Marksmanship by the proper official of the rifle club desiring the articles for the maintenance of the arms issued to the club, and he will state that these articles are needed for this purpose.

(3) *Unserviceable.* (See § 543.1 (f) (3).)

(4) *Return.* Whenever any club fails to return the arms and appendages therefor in its charge within 30 days after demand made by the Secretary of the Army, or within such time as may be designated by him, claim will be made against the bonding company.

(f) *Annual reports.* Clubs will submit annually, as directed by the Director of Civilian Marksmanship, an inventory of U. S. property and a report of firing. These reports will be rendered by the officer accountable for property of each rifle club, on forms supplied by the Director of Civilian Marksmanship. If no U. S. property has been received by the club, statement to that effect will be entered on inventory report form. If no firing has been conducted, information to that effect will be entered on report of firing form. Where issues are made to schools, the accountable officer will be the president or principal thereof.

(g) *Range facilities.* A description of range facilities will be submitted by each club and school when applying for enrollment and any change of such range facilities will be reported.

(h) *Failure to comply with regulations.* Failure on the part of any rifle club to comply with the foregoing regulations, or with any others that may be prescribed by the Director of Civilian Marksmanship, with the approval of the Secretary of the Army, for the use, care, preservation, or accountability of any equipment issued to it by the United States, will be considered sufficient cause for the prompt withdrawal by the Secretary of the Army of the Government property in its possession and removal of the club from the active rolls.

§ 543.3 *Use of rifle ranges for rifle practice by civilians*—(a) *General provisions.* All rifle ranges at posts of the United States Army, and all rifle ranges which have been constructed in whole or in part with funds provided by Congress, will be open for use by rifle clubs, schools, colleges, and other responsible organizations. Rifle ranges will be open for use by such organizations only at such times as they are not actually required for the use of the Army. For the purpose of the regulations in this part, rifle ranges are divided into two classes—those at which there is stationed personnel of the Regular Army and those at which there is no such personnel.

(b) *Applications for use of rifle ranges.* Application for the use of a rifle range at which there is stationed personnel of the Regular Army should be addressed to the Director of Civilian Marksmanship, Department of the Army, Washington, D. C., by the president, secretary, or executive head of the organization desiring the use of the rifle range. The Director of Civilian Marksmanship, when satisfied as to the responsibility of the organization, will furnish the president, secretary, or executive head thereof with a letter addressed to the commanding officer of the post at which the rifle range is located, approving the application, subject to such local regulations as the commanding officer may prescribe. The president, secretary, or executive head of the organization should then address a letter to the commanding officer of the post, inclosing the approval of the Director of Civilian Marksmanship, and setting forth the date or dates on which the organization desires to use the rifle range, the particular ranges at which it is desired to fire, what kind of targets are desired at each range, whether instructors are desired, and whether or not the organization will furnish its own arms and ammunition. The commanding officer will reply, stating whether or not the rifle range will be available on the dates requested or, if not, the dates on which it will be available; which, if any, of the facilities requested can be furnished; and to whom the organization should report on arrival at the rifle range. Subsequent applications for the use of the rifle range by the same organization may be conducted in a less formal manner as agreed to by the range authorities and the organization.

(c) *Personnel and target materials.* Commanding officers at all posts provided with rifle ranges will detail an officer in charge of civilian rifle practice, with such assistants as may be necessary. The officer in charge will be responsible for the proper use and preservation of all Government property involved, that the local regulations are observed, and that the proper precautions for safety are observed by all civilians using the rifle range. When the personnel of the Regular Army present will permit of such assistance, the commanding officer, on request, will detail instructors in marksmanship. Details for marking the targets will not be furnished. Organizations will make the necessary arrangements for the manual labor incident to the operation of the rifle range. The necessary and regular target material will be provided unless the organization elects to provide its own target material. Special target material, such as special targets, field glasses, telescopes, score books, etc., must be provided by the organization. Organizations may desire to use arms, ammunition, methods of firing, and target arrangements at variance with those prescribed for the Regular Army. To this there is no objection, provided the precautions for safety are observed and no expense to the United States is involved, and provided that the normal target arrangement is reestablished by the organizations at such times as may be indicated by the range authorities.

(d) *Issue and care of arms.* (1) Commanding officers, when necessary, will make requisition for U. S. rifles, caliber .30, M1903, and appurtenances for civilian target practice on the basis of four rifles for each target available on the range, but not to exceed 50 rifles for any one post. Such rifles will be issued daily to members of organizations who apply for the use of the same. Civilians using these rifles will be required to complete their daily practice at such time as will permit of their properly cleaning the rifle before leaving the rifle range, and such care and preservation of the arm by the individual using the same will be considered as a necessary part of his instruction and will be required.

(2) Issues of arms and target material at posts authorized in this section may be made by commanding officers without inquiring as to the availability of funds, as any cost adjustments necessary will be made within the Department of the Army.

(3) For use of authorized civilian participants in major competitions approved by the army commander, suitable arms will be made available under conditions to be prescribed by the army commander.

(e) *Ammunition.* Organizations using such rifle ranges must furnish their own ammunition or ammunition furnished by the Director of Civilian Marksmanship as provided in §§ 543.1 (e) and 543.2 (b). More than one allowance of ammunition will not be issued to an individual or organization by the Government.

(f) *Record practice for qualification.* When necessity therefor arises, the commanding officer may designate a day or days when members of organizations may participate in record practice for qualification as prescribed in Field Manuals. The necessary personnel to supervise and record the firing at the butts and firing point will be provided. Certified scores will be forwarded to the Director of Civilian Marksmanship, who will issue the badges for qualification.

(g) *Denial of privileges in certain cases.* Commanding officers will deny the privileges of the range and post to any civilian who willfully disobeys any of the rules and regulations prescribed for the use of the rifle range, or whose conduct on the rifle range or post is such as to warrant such action. Commanding officers are also authorized to refuse the use of the rifle range to any individual whose knowledge of the basic principles of rifle shooting is so lacking that range practice will be of no value to him or unsafe to himself or others; but in such cases will offer the individual the services of an instructor in basic principles necessary as a preparation for range firing.

(h) *Additional rules to be prescribed.* Commanding officers are authorized to prescribe such additional and necessary rules and regulations as may be necessary, keeping in mind that it is the intention of Congress that, so far as is consistent with the proper training of troops, the range facilities and personnel of the Army shall be available for the instruction in rifle practice of all able-bodied male citizens capable of bearing arms. Whether or not rifle ranges shall be open for practice by civilian organizations on Sundays and holidays is left to the commanding officer.

(i) *Use of ranges where no Regular Army personnel is present.* Organizations who desire to use rifle ranges located at posts, camps, stations, or other places at which there is no personnel of the Regular Army present will make application for the necessary authority to the Director of Civilian Marksmanship. The Director of Civilian Marksmanship will make the necessary arrangements with The Adjutant General, or other authorities, and will communicate to the applicant the rules and details under which the said rifle range may be used. Organizations using such rifle ranges must provide their own arms, ammunition, and target materials, or arms, ammunition, and target materials obtained through the Director of Civilian Marksmanship, as provided by law.

§ 543.4 *National Board for the Promotion of Rifle Practice*—(a) *Composition.* The National Board for the Promotion of Rifle Practice will consist of not more than 21 members, to be appointed by the Secretary of the Army from time to time from representatives of the Army and Navy Departments, the Army, Navy, Marine Corps, National Guard, Organized Reserves, National Rifle Association, and the country at large.

(b) *President.* The Assistant Secretary of the Army (Act of March 5, 1890, 26 Stat. 17; 5 U. S. C. 182) will be president of the board.

(c) *Executive committee.* An executive committee consisting of three members of the board will be appointed by the president of the board at each of the annual meetings of the board to serve until the next annual meeting. The committee will, during such times as the board is not in session, act for the board on all matters referred to it by the president of the board, and its action when approved by the president of the board will become binding on the board.

(d) *Executive officer.* The executive officer will be selected by the president of the board from among the members of the board. He will be recorder of the board, and under the direction of the president of the board, will conduct its detailed business, make all contracts and agreements covering the expenditures of public funds, in accordance with law and regulations, and be responsible for the preparation of the annual report of the Secretary of the Army to Congress concerning the operations of the board.

(e) *Members to serve without compensation.* Members of the board will serve without compensation as such, other than reimbursement of necessary authorized expenses.

(f) *Expenditure projects.* Expenditures of funds pertaining to the board will be made only in accordance with expenditure projects prepared by the executive officer in accordance with law and regulations and approved by the president of the board.

(g) *Duties.* Subject to approval by the Secretary of the Army, the board is authorized, within the limits of available appropriations, to (1) Construct, equip, maintain, and operate indoor and outdoor rifle ranges and their accessories and appliances, provided that each project shall have the prior approval of the Secretary of the Army. (2) Provide for the instruction of able-bodied citizens of the United States in marksmanship, and in connection therewith to employ the necessary instructors. (3) Provide for the promotion of practice in the use of small arms by maintaining and managing matches or competitions in the use of such arms, issuing in connection therewith the necessary arms, ammunition, targets, and other necessary supplies and appliances, and awarding to competitors, trophies, prizes, badges, and other insignia, and assisting recognized associations, organized for such purposes, in the conduct of their matches or competitions by the use of the employees, materials, medals, badges, and insignia of the National Board for the Promotion of Rifle Practice. (4) Sell to members of the National Rifle Association at cost to the Government, subject to the approval of the Director of Civilian Marksmanship, and to issue to clubs organized for practice with small arms, under the direction of the National Board for the Promotion of Rifle Practice, and in accordance with Department of the Army regulations, rams, spare parts, ammunition, targets, and other supplies and appliances necessary in target practice. (5) Provide for the maintenance of the National Board for the Promotion of Rifle Practice, including provisions for the necessary expenses thereof and of its members. (6) Procure such necessary materials, supplies, appliances, trophies, prizes, badges, and other insignia, clerical and other services, and labor as the Secretary of the Army may authorize from time to time for the promotion of rifle practice. (7) Provide for the transportation of employees, instructors, and civilians to give or undergo instruction or to assist or engage in practice in the use of small arms, and for the transportation and sub-

sistence, or commutation in lieu of subsistence, of members of teams especially authorized by the Secretary of the Army to participate in matches or competitions in the use of small arms.

§ 543.5 *Rifle and pistol competitions in schools and colleges*—(a) *General.* Educational institutions maintaining units of the Reserve Officers' Training Corps and other schools and colleges conducting military training under the supervision of the Department of the Army will conduct instruction with the rifle and the pistol in accordance with the respective programs of training prescribed by the Secretary of the Army.

(b) *Rifle clubs and local matches.* It is desirable that Reserve Officers' Training Corps units and the cadet corps of other schools and colleges should form rifle clubs and affiliate with the National Rifle Association and enter its competitions. Competitive rifle and pistol matches will be arranged so as to inspire a wholesome spirit of rivalry between individuals, organizations, units, and institutions. Local matches should be frequent and so organized as to give them the same standing and recognition accorded athletic competitions. The allowances of ammunition for schools and colleges are prescribed in tables of allowances. No extra ammunition will be allowed for competitions.

(c) *Annual indoor rifle matches*—(1) *Indoor rifle matches.* A series of indoor rifle matches will be conducted each year so far as may be practicable among those institutions conducting military training under the supervision of the Department of the Army which have the proper facilities and where conditions are otherwise favorable. For this purpose the institutions will be grouped as follows:

(i) Senior units in universities and colleges (classes CC, MC, and JCMI).

(ii) Junior units in essentially military schools (classes MS and MI).

(iii) All other junior units (class CS) and those schools and colleges organized under section 55c, National Defense Act, and section 1225, Revised Statutes. The institutions located in the areas of the United States Armies, Alaska and Pacific, will compete with those of the Sixth Army Area and the institutions located in the area of the United States Army, Caribbean, will compete with those of the Third Army Area.

(2) *Intramural matches.* From October 1 to December 31, annually, the institutions will conduct intramural matches to determine the relative standing of individual students, of organizations, of units, or of other groups, etc., as the officer in charge may deem advisable. The regulations for the matches, the awarding of prizes, etc., will be arranged by the officer in charge. It is suggested that approximately the first two-thirds of the period be devoted to individual instruction and competitions and that the last one-third be devoted to team matches.

(3) *Army area intercollegiate and interscholastic matches.* From December 1 to March 1, annually, institutions in each group listed in subparagraph (1) of this paragraph will fire matches with the other institutions of their group in the same army area under such regulations as the army commander may prescribe, the object being to rate the relative marksmanship of the institutions. The institutions should be encouraged to enter as many competitors and teams as may be practicable. The marking targets, announcing scores, awarding prizes, etc., will be arranged and prescribed by the army commander. During this period, institutions will be encouraged to fire separate intercollegiate matches within the army area under such conditions as they may agree upon. The National Board for the Promotion of Rifle Practice will award badges for army area ROTC rifle championship matches. The course of fire, composition of competing teams, and other conditions will be as prescribed in subparagraph (4) of this paragraph for the national ROTC matches. At the conclusion of the army area ROTC matches, the results will be reported to the National Board for the Promotion of Rifle Practice, which will then forward to the army commanders 10 medals for the winning team in each group in which at least 3 teams complete the match under the conditions prescribed.

(4) *National ROTC intercollegiate and interscholastic matches*—(i) *When fired and report of entries.* Between March 1 and March 31, annually, the national intercollegiate team matches will be conducted under the supervision of the National Board for the Promotion of Rifle Practice for each of the groups listed under paragraph (a) of this section. Entries for these matches will be reported by service commanders to the executive officer, National Board for the Promotion of Rifle Practice, Department of the Army, Washington 25, D. C., as soon after the completion of the service command matches as practical. In any case they will be forwarded by March 1.

(ii) *Composition of teams.* Each team will consist of a minimum of 10 and a maximum of 15 members who are students regularly enrolled in the ROTC of the institution which they represent, and students pursuing the ROTC course under the provisions of § 562.17 of this chapter. The 10 high scores in each stage will constitute the team score for that stage. For this competition, each army commander will designate for each group in his army area the high one-third of the number of teams which competed in that group in the Army area ROTC matches. More than one team may be selected from an institution, in which case they will be designated and named accordingly. A student will fire as a member of one team only. The members of a team will be designated prior to record firing and no substitutions will be made for any member after a team has started record firing. Disqualification of a team member automatically disqualifies the entire team.

(iii) *Stage of competitions.* The competition will consist of 4 stages, each stage consisting of 2 series of 10 record shots each. One stage will be fired each week until the four stages have been completed. If it is found that the firing of one stage each week is impracticable, the army commander, on application made to him, is authorized to make such changes in the time of firing each stage as will be most appropriate and equitable in each particular case: *Provided*, That no two stages will be fired in any one day and that all four stages of any competition are fired between March 1, and March 31, of any one year. Each competitor will use 1 target for each series of 10 shots, firing 1 shot for record on each of the 10 bull's-eyes. Before a competitor starts firing a record target, it will be announced that this firing will constitute a record score for the match. Once commenced, the record score on a target must be completed on the same target. Under no circumstances may it be repeated. The stages are as follows:

(*a*) *First stage.* Ten shots for record, slow fire, prone; 10 shots for record, slow fire, sitting.

(*b*) *Second stage.* Ten shots for record, slow fire, prone; 10 shots for record, slow fire, kneeling.

(*c*) *Third stage.* Ten shots for record, slow fire, prone; 10 shots for record, slow fire, standing.

(*d*) *Fourth stage.* Ten shots for record, slow fire, kneeling; 10 shots for record, slow fire, standing.

(iv) *Range.* Fifty feet from firing point to the face of the target when hung in their customary position in front of the backstop the muzzle of the rifle should not extend in front of the firing line.

(v) *Sighting shots.* Sighting shots may be fired prior to each record target. However the target used for sighting in firing will be removed from the frame or covered before any of the record shots are fired.

(vi) *Position.* In all positions the butt of the rifle must be placed against the shoulder on the outside of the coat. A firm flat pad (gymnasium mat) may be placed on the floor, platform, or shooting bench. All references to "the ground" in the following position rules are to be construed as applying to such shooting mats, platforms, or benches. Those portions of the shooter's body supporting his weight must be entirely on the mat (both feet in the standing position—left foot and right knee and foot or right foot and left knee and foot in the kneeling position—both feet and buttocks in the sitting position—both elbows, chest and pelvic bones in the prone position).

(*a*) *Standing.* Erect on both feet. No other portion of the body receiving artificial support. The rifle will be supported by both hands and one shoulder only. The forward hand will be extended so that the arm will be entirely free from touching or resting against the body.

(*b*) *Kneeling.* Weight of the body supported on right knee and foot and left foot, or left knee and foot and right foot; no other part of the body to touch the ground. Sitting on the side of the foot instead of the heel will be permitted. The rifle will be supported by both hands and one shoulder only. The elbow supporting the piece will be approximately on, in front of, or just inside the knee. The elbow of the trigger arm will be free from all support.

(*c*) *Sitting.* Weight of the body supported on buttocks and feet. No other portion of the body to touch the ground.

Rifle to be supported by both hands and one shoulder only. The left hand (or in the case of a left-handed shooter, the right hand) must not rest on leg or knee. Elbows resting approximately on, or just inside the knee. Legs to be apart or crossed at the option of the firer.

(*d*) *Prone.* Body extends on the ground, head toward the target, rifle supported by both hands and one shoulder only, both elbows on the ground. No portion of the arms below the elbows will rest upon the ground or any artificial support nor may any portion of the rifle or body rest against any artificial support. All parts of the rifle must be so positioned that the range officer can pass his hand from the rear of the gun between the lowest part of the rifle and the ground or ground cloth without touching the rifle.

(vii) *Targets.* Official targets for these matches will be furnished by the National Board for the Promotion of Rifle Practice to each service commander. Immediately after January 1, annually, each army commander will submit to the executive officer, National Board for the Promotion of Rifle Practice, Washington 25, D. C., a requisition for the sets of targets required by his teams competing in the national intercollegiate matches. The requisition will be for one-third the number of entries from each group participating in his army area matches. On receipt of the requisition, the sets will be forwarded to each army commander for distribution to the teams which will represent them in the national intercollegiate team matches.

(viii) *Rifles.* Any rifle using a rimfire cartridge and lead or alloy bullet not larger than .23" in diameter, not less than 3-pound trigger pull, barrel not greater than 30 inches, without Schuetzen type butt plate or palm rest.

NOTE: A Schuetzen butt plate is any butt or butt plate designed with a curved surface against the shoulder of the shooter (or with a knob or knobs or prong or prongs giving the effect of a curved surface), in which the depth of the curve when measured from a straight line drawn from the top to the bottom of the butt plate exceeds ½ inch; or any butt or butt plate having a hook or stud engaging in a hold or receptacle in the shoulder of the shooting coat or shirt.

A palm rest is any attachment or extension below the fore end which aids the normal hand grip and support of the piece by the left hand and arm (or in the case of the left-handed shooter by the right hand and arm).

(ix) *Sights.* Metallic; any sight (including tube sights) not containing a lens or system of lenses; except a single lens may be attached to the rear sight by a substitute for prescribed spectacles.

(x) *Trigger pull.* Not less than 3 pounds. To test trigger pull the gun will be held with barrel perpendicular to the horizontal surface on which the test weight is supported. The rod or hook of the test weight will rest on the lowest point of the curve in curved triggers or on a point approximately one-quarter of an inch from the lower end of straight triggers. To pass the weight test a gun will lift the weight from the horizontal surface on which it is resting, until the weight hangs free.

(xi) *Sling.* The sling may be used in all positions in connection with one arm only.

(xii) *Ammunition.* Any .22-caliber rim fire.

(xiii) *Time.* The time will be computed on the basis of 1 minute for each shot multiplied by the number of shots prescribed on a target. Once a student has started records firing on a target, the firing on this target must be completed within the limit of 10 minutes.

(xiv) *Rest or supports.* No rests or artificial supports will be used.

(xv) *Witnesses and certificates.* The firing of every record score must be witnessed by an Army officer on the faculty of the institution, if available. If no Army officer is available, and the head of the institution so certifies, the record firing may be witnessed by another member of the faculty who will be named by the head of the institution. The witness will verify the range, and satisfy himself that the competitor's rifle, ammunition, and position meet the requirements of this part and that all other conditions of the record firing have been complied with. The witness will also cause the triggers to be tested prior to each record firing. The competitor must sign each record target that he fires on and the witness must certify on it that all conditions of record firing have been complied with.

(xvi) *Disposition of targets.* After completion of the firing of each stage of the national ROTC team match, the targets will be signed by the officer supervising the firing, and returned to army headquarters for official scoring. Only targets issued and marked by the National Board for the Promotion of Rifle Practice will be used for record firing in this match. The same number of targets received must be returned to army headquarters. Failure to return the same number of targets as received, whether used or not, will be grounds for disqualification of the team.

(xvii) *Marking and scoring.* The maximum possible score on each target is 100. In scoring a shot hole the leaded edge of which comes in contact with the outside of the bull's-eye or scoring rings of a target is given the higher value. For close shots a scoring gauge will be used. The diameter of the scoring flange on the scoring gauge will be within the limits of 0.220"–0.224" respectively. Only those hits which are visible will be scored. Hits outside the scoring rings are scored as misses.

(xviii) *Report of firing by army.* At the conclusion of the matches the results of each stage of firing of competing teams will be reported by each army area to National Board for the Promotion of Rifle Practice, which will consolidate all reports received and announce the winners in each group.

(xix) *Prizes.* Based on the total number of points made by each team in the four stages, a team trophy will be awarded to the winner in each of the three groups and a medal to 10 firing members of the teams to the number of one-tenth of the total number of teams in each group completing the competition.

(xx) *Other conditions.* Where conditions arise that are not covered by the above rules and regulations the latest small bore rifle rules of the National Rifle Association, Washington, D. C., will apply.

(5) *Other matches.* During the period that the national intercollegiate matches are being held, institutions will be encouraged to fire separate matches with institutions in other sections of the country.

(d) *Annual outdoor matches.* Outdoor rifle and pistol firing will be conducted at favorable seasons of the year, so far as may be practicable, in accordance with the prescribed regulations of the Department of the Army. Army area commanders will arrange matches for those institutions having suitable range facilities. These matches should seek to develop teams to represent the institutions in the intercollegiate matches held in the Reserve Officers' Training Corps camp preliminary to the annual national matches conducted by the National Board for the Promotion of Rifle Practice. The institutions should be encouraged to place such competitions on an equality with athletic competitions.

§ 543.6 *Targets and target equipment*—(a) *National Guard, Organized Reserve Corps, Reserve Officers' Training Corps, and schools operating under section 55c, National Defense Act*—(1) *General provisions.* (i) The types of target matériel authorized for the Regular Army are also prescribed for use in target practice by the National Guard, Organized Reserve Corps, Reserve Officers' Training Corps, and schools operating under section 55c, National Defense Act: *Provided*, That no issues or expenditures of target matériel for these purposes will be made until the officer immediately responsible for such issues and expenditures has satisfied himself that funds are available for the payment in full for all items designated as reimbursable in Ordnance Department Field Service Bulletins or in similar Air Force instructions, for any expenses incident to the issue of target matériel, and for the repair of any damage to Regular Army target matériel incident to its use by these components and auxiliaries.

(ii) Funds to provide target matériel for the National Guard, Organized Reserve Corps, Reserve Officers' Training Corps, and schools operating under section 55c, National Defense Act, are allotted to commanding generals of army areas and commanders of exempted stations. If definite instructions have not been received by the officer immediately responsible for the issue, expenditure, or use of target matériel from the proper commander to whom funds have been alotted, such responsible officer will apply to such commander before actually authorizing the issue, expenditure, or use of target matériel by these components and auxiliaries.

(iii) When requisitioning for target matériel, separate requisitions should be prepared and submitted for each component and auxiliary coming under the provisions of this paragraph to facilitate compliance therewith.

(2) *Allowances.* The maximum allowances of target matériel authorized for use for the National Guard, Organ-

ized Reserve Corps, Reserve Officers' Training Corps, and schools operating under section 55c, National Defense Act, are as follows and will not be exceeded without the authority of the Department of the Army.

(i) *Reserve Officers' Training Corps.* Subject to the provisions of subparagraph (1) of this paragraph, commanders of army areas and exempted stations are authorized to issue for use by Reserve Officers' Training Corps units and camps such articles of target matériel as are appropriate for the practice to be conducted. The matériel issued unless otherwise prescribed should not exceed the maximum authorized for use in a corresponding amount of similar practice by the Regular Army.

Subject to the provisions of subparagraph (1) of this paragraph, targets, landscape, sets, are authorized at not to exceed one set to each 200 student members or fraction thereof of senior division units of Infantry, Cavalry, and Corps of Engineers, but not more than three sets will be issued to any one unit.

(ii) *National Guard and Organized Reserve Corps.* Subject to the provisions of subparagraph (2) of this paragraph, such parts of the corresponding maximum authorizations for the Regular Army as are required are authorized.

(iii) *Schools operating under section 55c, National Defense Act.* Such allowances of target matériel of types authorized for the Regular Army as may be approved by commanding generals of army areas may be issued: *Provided*, that such issues will be made only in lieu of a corresponding monetary reduction of the ammunition allowances for the institution desiring the target matériel.

(b) *Civilian rifle clubs and miscellaneous schools and organizations*—(1) *Types and allowances authorized*—(i) *Schools operating under the Act of April 27, 1914 (38 Stat. 370; 10 U. S. C., 1185).* (See § 543.1.)

(ii) *Civilian rifle clubs.* (See § 543.2.)

(iii) *Civilians using rifle ranges.* (See § 543.3.)

(iv) *Rifle and pistol competitions in schools and colleges.* The types of targets authorized for small bore matches and competitions are the National Rifle Association gallery targets for 50 and 75 feet. These targets are obtained through the executive officer, National Board for the Promotion of Rifle Practice.

Target and target equipment for outdoor rifle and pistol firing are the same as are provided for the Regular Army for rifle and pistol marksmanship courses and competitions.

(2) *Storage and issue of special targets and target equipment.* Special targets and target equipment procured by the National Board for the Promotion of Rifle Practice and issued or sold by that board, or under the direction of the Director of Civilian Markmanship, may be stored and issued by the Ordnance Department when requested by proper authority: *Provided*, That in the opinion of the Chief of Ordnance such storage is practicable and that the Ordnance Department is reimbursed in full by the National Board for the Promotion of Rifle Practice for all expenses incident to the handling of the equipment.

(3) *State soldiers' and sailors' orphans' homes and State and Territorial educational institutions.* No issue of targets and target equipment is authorized.

§ 543.7 *Awards.* (See Part 578, Subchapter F of this chapter.)

TITLE 50—WILDLIFE

Chapter I—Fish and Wildlife Service, Department of the Interior

Subchapter C—National Wildlife Refuges; Individual Regulations

PART 30—ALASKA REGION NATIONAL WILDLIFE REFUGES

ALEUTIAN ISLANDS NATIONAL WILDLIFE REFUGE, ALASKA

Basis and purposes. On the basis of observations, reports, and recommendations from local residents and representatives of the Alaska Game Commission and the Fish and Wildlife Service, it is considered to be in the best interests of Government to eliminate both the fee of $1.00 now required to be paid for each fox removed from the Aleutian Islands National Wildlife Refuge and the requirement that all fox skins be sealed with a metal seal. At the same time it is considered advisable to modify and clarify certain requirements relating to corporate structure and to appeals. Accordingly, § 30.10 is amended to read:

§ 30.10. *Aleutian Islands National Wildlife Refuge, Alaska*—(a) *Temporary use.* Any person may, without a permit, go upon any of the islands of the refuge (1) for temporary use for camp site purposes and for shelter in cases of emergency; (2) for recreational purposes including the taking of photographs, nature study, scientific study, and fishing; (3) and for any other temporary or transient uses not inconsistent with the purposes for which the refuge was established and not in conflict with the provisions of this section or other applicable laws and regulations.

(b) *Economic uses.* The Regional Director may grant permits authorizing the use of lands or other special privileges within the refuge, when in his opinion the operations thereunder will not endanger the object for which the refuge was established, for such duration and under such conditions as he may determine to be commensurate with the value of the privilege granted, having due regard to prevailing market prices: *Provided*, That no permit issued by the Regional Director shall be considered as a waiver of any of the requirements of the Alaska Game Laws: *And provided further*, That any permit which authorizes grazing shall require that no sheep or other livestock shall be introduced within the refuge under such permit unless such stock is free of external parasites, including lice, scab mites, true ticks, and sheep ticks: *And provided further*, That no permit to engage in stock raising or fur farming will be granted to an alien individual or to a corporation or company more than 50 percent of which is owned directly or beneficially by an alien or aliens, and the acquisition by any alien or group of aliens of more than 50 per cent of the beneficial interest in any permit, or the transfer of any stock or other evidence of ownership in a corporation or company holding a permit which results in the direct or beneficial ownership by an alien or aliens of more than 50 per cent of the interest in such corporation or company, shall automatically cancel such permit subject to the right of the Federal Government to recover all fees due and to have all other outstanding obligations of the permittee performed, and subject to the right of the permittee to remove its property pursuant to the provisions of paragraph (i) of this section.

(c) *Protection of animals and birds.* It shall be unlawful, without a duly issued permit, to (1) hunt, take, capture, kill, or wilfully disturb, at any time or in any manner, any wild animal or bird within the refuge; (2) utilize lands within the refuge for fur farming or stock grazing; (3) erect a building or permanent structure on Unimak Island; (4) own, possess, maintain, or harbor a dog on Unimak Island, or allow any dog owned, possessed, maintained, or harbored, to run loose within the refuge at a distance of more than one mile from the center of any village therein: *Provided, however,* That land fur-bearing animals may be trapped on Unimak Island, in accordance with the Alaska Game Law, without other permit.

(d) *Exemption.* No permit will be required of native residents within the refuge to take or capture game animals, game birds, or land fur-bearing animals in the refuge in accordance with the Alaska Game Law, except that such natives other than a permittee may not take such animals or birds on islands held by any person under valid permit for fur farming; and nothing herein shall be deemed to prevent a permittee who is raising sheep within the refuge from using dogs for herding, or a person who is legally on the refuge from using dogs as pack animals or for pulling sleds; but no person shall own, possess, maintain, or harbor a dog for any purpose on Unimak Island except under permit as herein provided.

(e) *Applications for permits; fees.* Application for permits should be addressed to the Regional Director, Fish and Wildlife Service, Juneau, Alaska, and should contain the name (legibly written or printed), the post-office address, and the citizenship of the applicant, together with references as to his character, reliability, and resources; and if applicant is a corporation or company, the home address and the place and date of incorporation or organization, together with the names and addresses of its principal officers, and a sworn statement by a responsible officer of the percentage of alien ownership; and

If wild animals or birds are to be taken, the number of each species desired and whether for scientific, propagation, exhibition, or other purposes; or,

If it is desired to possess or maintain a dog or dogs, on Unimak Island, the number, sex, name, and distinguishing characters or marks, if any, of each and the use to be made of such animal or animals; or

If it is desired to construct a building, shed, or other structure on Unimak Island, information regarding the nature of the operations to be conducted; or,

If it is desired to use or occupy any island or part thereof within the refuge for fur farming or livestock grazing, the name of the island, its location by approximate latitude and longitude, a description of its character, whether there are any native or aboriginal improvements on the island or part thereof applied for and, if so, to whom they belong and when last used; and the applicant should include also any information he has concerning the suitability of the island, or part thereof, for the purpose intended, stating his source of information and whether he has personally examined it, and should state the number of animals he proposes to place thereon and the date he expects or is prepared to begin operations; and,

Any other details or information necessary to give a clear understanding of the privileges the applicant desires to obtain.

For each permit to use an island in the refuge for fur-farming purposes, a fee of $25 per annum is prescribed, and within the discretion of the regional director, fees commensurate with the value of the concession will be charged for stock grazing on any island in the refuge, or for trapping, use, or occupancy of areas on Unimak Island.

(f) *Remittance of fees.* Any fees accruing to the Department by virtue of uses under the regulations in this part or from outstanding permits under previous regulations affecting the refuge shall be remitted to the Regional Director, Juneau, Alaska, by postal money order or bank draft made payable to the Treasurer of the United States. Remittance hereunder in form other than by postal money order or bank draft may be accepted by the said regional director at his discretion and upon his own responsibility, except that remittance in cash must not be accepted unless no other form of remittance is practicable.

(g) *Transfer of permits.* No permit issued under the authority of the Department of the Interior or of the regulations in this part for any area, use, purpose, or privilege in or concerning the refuge, or any island, or part thereof, shall be sold, bartered, exchanged, or transferred by the permittee to another, and no agreement to do so shall be entered into by the permittee, without first furnishing the said Regional Director with the full details of any such proposed transaction and obtaining his consent thereto, and no such arrangement shall become effective until the old permit has been surrendered for cancelation and a new permit subject to such conditions as he shall prescribe has been issued.

Nothing in the regulations in this part and no permit issued hereunder shall be construed to forbid or interfere with official operations within the refuge or on any island covered by a permit hereunder by employees or agents of the Fish and Wildlife Service, the Department of the Interior, or any other department, bureau, or agency of the Federal Government, or of the Territory of Alaska, and no charge, rental, fee, or compensation for such governmental activities or claim for damages shall lie or be made, or allowed any permittee hereunder, for or on account of such governmental use or activity.

(h) *Cancelation of permits.* Any permit issued or reissued hereunder is subject at all times to discretionary revocation and termination by the Director of the Fish and Wildlife Service. The Regional Director may, by written notice to the permittee, mailed to the address as shown on his application, cancel any outstanding permit issued by or under authority of the Department of the Interior for any use or privilege concerning the refuge, (1) upon the request of or under mutual agreement with, the permittee; (2) for failure of the permittee to report as required by the permit, failure to stock an island under fur-farming permit with the number of foxes or other animals as required by or within the terms of the permit, or for violation of any other term or condition of the permit; (3) for abandonment of the area, purpose, use, or privilege covered by such permit; (4) for the molesting of native burial grounds or improvements, or for interfering with natives cultivating accustomed lands; (5) for violating any law or regulation applicable to the refuge including the Alaska Game Laws; or (6) for any other good and sufficient reason in the public interest. Immediately upon cancelation, all rights of the permittee shall cease, and upon appeal shall remain in suspension pending final determination upon the appeal.

Any person aggrieved at any administrative action taken on the above authority may file with the Regional Director a written request for reconsideration thereof, and may file an appeal to an adverse decision thereon with the Director, Fish and Wildlife Service, Washington, D. C., whose decision in the matter may be reviewed by the Secretary of the Interior. However, the decision on reconsideration by the Regional Director shall be final unless an appeal therefrom is taken within 60 days of the date of such decision. In cases where delay would be prejudicial and upon a proper showing of such fact a direct appeal from any such administrative action may be made to the Director, Fish and Wildlife Service, but in such event a copy of the appeal and accompanying documents must be concurrently furnished the Regional Director.

Unless the appeal contains an acceptable reason for allowing a longer time for the preparation of the case, the appellant shall file immediately a statement or brief setting forth in detail the particulars in which the action or decision from which appeal is taken is contrary to, or in conflict with, the law or the regulations of the Secretary of the Interior, or the Director, Fish and Wildlife Service. Upon receipt of a copy of such statement or brief from the complainant, the Regional Director shall prepare a statement or brief reviewing the case and presenting the findings of fact and conclusions upon which his action or decision was based. This statement or brief shall then be transmitted to the Director, Fish and Wildlife Service, Washington, D. C., who will thereupon review the case and advise both the appellant and the subordinate officer of the decision.

(i) *Removal of property.* Upon the termination of any permit affecting the refuge by expiration or by forfeiture or cancelation thereof, pursuant to paragraph (h) of this section, in the absence

of an agreement to the contrary, if all fees due the Federal Government have been paid, the permittee may, within 90 days, following such termination, remove all property, including foxes or fur-bearing animals, belonging to him, together with any buildings or improvements of any kind that may have been erected by him: *Provided*, That the Regional Director may, in his discretion, allow additional time necessary to complete any removal operation, but if not removed within 90 days or within the additional period specified by the Regional Director, such animals, buildings, and/or improvements shall become the property of the United States. (Sec. 10, 45 Stat. 1224, sec. 401, 49 Stat. 383, sec. 84, 35 Stat. 1104, as amended. 57 Stat. 301; 16 U. S. C. 715 (i) (s), 18 U. S. C. 145, 48 U. S. C. 192–311; Reorg. Plan No. II of 1939, 4 F. [19 CFR, Part 6]

[192.31]

SKY HARBOR SEAPLANE BASE, DULUTH, MINN., AND C. A. A. FIELD, JUNEAU, ALASKA

NOTICE OF PROPOSED REDESIGNATION AS AIRPORTS OF ENTRY WITHOUT TIME LIMIT

Notice is hereby given that, pursuant to authority contained in section 7 (b) of the Air Commerce Act of 1926, as amended (49 U. S. C., Sup., 177 (b)), it is proposed to redesignate effective November 1, 1948, the Sky Harbor Seaplane Base, Duluth, Minnesota, and the C. A. A. Field, Juneau, Alaska, as airports of entry for civil aircraft and for merchandise carried thereon arriving from places outside the United States, as defined in section 9 (b) of the said act (49 U. S. C. 179 (b)) without time limit; and it is further proposed to amend the list of airports of entry in § 6.12, Customs Regulations of 1943 (19 CFR, Cum. Supp., 6.12), to include the locations and names of these airports, and to amend the list of temporary airports of entry in § 6.13, Customs Regulations of 1943 (19 CFR, Cum. Supp., 6.13), as amended, by deleting the locations, names, and dates and periods of designations of the airports involved.

This notice is published pursuant to section 4 of the Administrative Procedure Act (5 U. S. C. 1003). Data, views, or arguments with respect to the proposed redesignations of the above-mentioned airports as airports of entry may be addressed to the Commissioner of Customs, Bureau of Customs, Washington 25, D. C., in writing. To assure consideration of such communications, they must be received in the Bureau of Customs not later than 20 days from the date of publication of this notice in the FEDERAL REGISTER.

UINTAH INDIAN IRRIGATION PROJECT, UTAH

ORDER FILING OPERATION AND MAINTENANCE CHARGES

OCTOBER 6, 1948.

Pursuant to section 4 (a) of the Administrative Procedure Act approved June 11, 1946 (60 Stat. 237), the acts of Congress approved June 21, 1906 (34 Stat. 375), and March 7, 1928 (45 Stat. 210; 25 U. S. C. 387), and by virtue of authority delegated by the Secretary of the Interior to the Commissioner of Indian Affairs September 14, 1946 (11 F. R. 10297), notice is hereby given of intention to amend § 130.77 of Title 25, Code of Federal Regulations, effective for the irrigation season 1949, and thereafter until further notice, as follows: (1) by increasing the annual per acre rate from $1.35 to $1.75; (2) by eliminating the annual billing charge of $3.00. As so amended § 130.77 will read as follows:

§ 130.77 *Basic water charges.* Pursuant to the provisions of the acts of June 21, 1906 (34 Stat. 375) and March 7, 1928 (45 Stat. 210, 25 U. S. C. 387), the reimbursable costs expended in the operation and maintenance of the Uintah Indian irrigation project, Utah, are apportioned on a per acre basis against the irrigable lands of all units of the project and for the calendar year 1949, and each succeeding year until further order, there shall be collected for each acre of irrigable land to which water can be delivered from the constructed works, a uniform basic charge of $1.75 per acre per annum, where not otherwise established by contract. No bill shall be rendered for less than $4.00.

Interested persons are hereby given opportunity to participate in preparing the proposed amendment by submitting their views and data or arguments in writing to the Commissioner of Indian Affairs, Department of Interior, Washington 25, D. C., within 30 days from the date of the publication of this notice of intention in the daily issue of the FEDERAL REGISTER

WILLIAM ZIMMERMAN, JR.,
Acting Commissioner.

SECTION D

Buying Service Charges

D–1 When feeder live stock bought by the purchaser himself is paid for, billed out, or any assistance rendered by a member of The Chicago Live Stock Exchange, or his employee or employees, the transaction shall be deemed a service rendered and a charge equivalent to 50% of the regular buying charge assessed.

D–2 When slaughter live stock bought by purchaser himself is paid for, billed out, or any assistance rendered by a member of the Chicago Live Stock Exchange, or his employee or employees, the transaction shall be deemed a service rendered and the regular buying charge assessed.

SECTION E

Extra Service Charges

The following extra service charges are applicable to each consignment, bought or sold, and are in addition to the charges provided in Sections B, C, and F for selling or buying:

For each additional weight draft over 3 on account of sales or purchase classification (brought about by sorting and weighing for the best interests of the shipper): 25 cents.

For each additional check (except checks to truckers in payment for hauling charges), each additional account of sales, each proceeds deposit or bank credit over 1: 5 cents.

SECTION F

Resales (A)

On live stock purchased on this market by registered traders or registered market agencies, and without having been removed from this market, resold for account of such purchaser, the commission shall be the same as the rates shown in Section B for selling the same live stock.

SECTION G

International Live Stock Exposition and Chicago Feeder Cattle Show

In addition to the regular charges, the following service charges shall be made on all carlot entries of live stock exhibited in the International Live Stock Exposition or in the Chicago Feeder Cattle Show:

For each carlot, entered and exhibited of:	Per head
Fat cattle	$25.00
Stocker and feeder cattle	10.00
Hogs	10.00
Sheep	10.00

In addition there will be collected and paid to auctioneers for auctioning live stock in either of said shows the following:

	Per head
Each carlot entry	$3.00
Other than carlot entries:	
Cattle	$1.00
Sheep	.50
Hogs	.50

(A carlot entry is a lot of not less than 15 fat cattle, or 20 feeder cattle, or 25 hogs, or 50 sheep.)

SECTION H

Local Sales for Account of Other Agencies

On live stock arriving at this market for sale, members of this Exchange may sell the same for one-half of the foregoing rates of commission when sold for account of members suspended by The Chicago Live Stock Exchange who otherwise would be engaged in selling live stock for nonresidents on commission; or for the account of other members of this Exchange in good standing, who are similarly engaged, provided that the foregoing shall not apply to, nor prevent members of this Exchange in good standing from entering into agreements with each other for the purpose of clearing each other's business transactions, or for the purpose of regularly selling each other's live stock, provided that in all instances, full rates are charged to the owner of such livestock.

SECTION I

Reactors and Suspect Cattle

A charge of 15 cents per head will be made on all cattle tagged by the State of Illinois as Bang Reactors, or cattle tagged and sold subject to post mortem inspection.

SECTION J

Fire Insurance

To defray cost of fire insurance under Hartford Fire Insurance Company Policy No. 5628 the following charge will be made:

Single truck loads or odd lot consignments:

½ cent per head on cattle.
⅕ cent per head on calves.
1/10 cent per head on hogs.
1/16 cent per head on sheep.

Minimum charge of 1 cent and maximum charge of 7 cents per owner in any truck load.

Truck shipments of live stock as shown on the Stockyards Company records may disclose several truck loads of single ownership as one consignment. In such consignments of single ownership, 30 cattle, 75 calves, 75 hogs, or 300 sheep shall constitute a carload and shall take a maximum of 7 cents per carload.

Excess number of head above carloads in such consignments shall pay additional premium at the above odd lot rate per head.

A consignment arriving by truck containing 2 or more of the above classes of live stock shall be subject to a maximum deduction of 7 cents for each total weight of 20,000 pounds.

Carload consignments------ 7 cents per car.

The rates petitioned for, if authorized, will provide additional revenue for the respondents so that it appears that public notice of the filing of the petition should be given in order that all interested persons may have an opportunity to be heard in the matter.

Now, therefore, notice is hereby given to the public and to all interested persons of the filing of the petition for increases in the temporary rates currently in effect.

All interested persons who desire to be heard in the matter shall notify the Hearing Clerk, United States Department of Agriculture, Washington 25, D. C., within 15 days from the date of publication of this notice.

Done at Washington, D. C., this 8th day of October 1948.

[SEAL] H. E. REED,
Director, Livestock Branch, Production and Marketing Administration.

NOTICES

DEPARTMENT OF THE INTERIOR

Alaska Road Commission

ESTABLISHMENT AND ORGANIZATION

1. *Creation.* The Alaska Road Commission was established in the Department of the Interior in 1932 to administer the functions vested in the Secretary of the Interior by the act of June 30, 1932 (47 Stat. 446; 48 U. S. C., 1946 ed., secs. 321a-327), relating to the construction and maintenance of roads, trails and other works in Alaska.

2. *Purpose.* The Alaska Road Commission is responsible for the location, design, construction, repair, and maintenance of roads, bridges, ferries, trails and other works in the Territory of Alaska, except areas within national forest reserves.

3. *General description.* The Alaska Road Commission, headed by the Commissioner of Roads for Alaska, is composed of a headquarters staff located at Juneau, Alaska, and four district offices located at Anchorage, Fairbanks, Valdez, and Nome.

HEADQUARTERS ORGANIZATION

4. *Commissioner of Roads for Alaska.* All functions of the Alaska Road Commission are administered by the Commissioner of Roads for Alaska. The Commissioner is responsible for the formulation of policies and programs and for the over-all direction of the work. He is responsible directly to the Secretary of the Interior, reporting through the Director of the Division of Territories and Island Possessions.

5. *Chief Engineer.* The Commissioner of Roads for Alaska is assisted by the Chief Engineer, who is responsible under his general supervision for the conduct of operations and represents him in his absence.

The Commissioner of Roads for Alaska may exercise the authority conferred upon the Secretary of the Interior by the act of June 30, 1932, with respect to the functions to be performed by the Alaska Road Commission. The Commissioner of Roads for Alaska, the Chief Engineer and the Equipment Engineer of the Alaska Road Commisison, and the Director of the Division of Territories and Island Possessions, are authorized, on behalf of the Department of the Interior, to make necessary certifications that equipment, materials, supplies, and buildings, surplus to the needs of the Departments of the Army, Navy or Air Force, or any other agency of the United States Government having title thereto, are essential for the construction, improvement, and maintenance of the Alaska road system.

6. *Administrative Division.* The Administrative Division is responsible for the conduct of all phases of administrative management, including budget, finance, personnel, administrative reports, office services, and supply and property management. It exercises staff supervision over the conduct of such administrative work as is performed in the several district offices.

7. *Engineering Division.* The Engineering Division is responsible for the conduct of engineering investigations and the preparation of engineering reports, for the preparation and review of designs, plans, and specifications, and for the collection, evaluation, and utilization of engineering cost data. It exercises staff supervision over the conduct of district office surveys.

8. *Contracts Division.* The Contracts Division is responsible for supervision of all engineering construction by contract. In conjunction with the Engineering Division, it prepares the engineering features of such contracts, reviews contracts prepared by the Public Roads Administration, architectural and engineering firms or others, and prepares alterations, additions, supplemental agreements and change orders. It also handles contract inspection and priorities, expediting, etc.

9. *Construction Division.* The Construction Division is generally responsible for all engineering construction and maintenance by force account, utilizing the district organization of the Alaska Road Commission for actual operations. It exercises staff supervision over road and bridge construction, maintenance, and operation of road building equipment, and supply, as well as mess operations. It advises and makes recommendations to the Administrative Division on the types of road building equipment to be purchased. It is also responsible for staff supervision of all maintenance by force account of roads, bridges and other structures constructed or administered by the Alaska Road Commission.

FIELD ORGANIZATION

10. *Supervision.* The headquarters organization of the Alaska Road Commission, in addition to formulating policies and programs, and establishing technical guides concerning the construction of roads in Alaska, has immediate supervision over the work of four district offices and one sub-district office.

11. *Districts.* District offices are maintained in Valdez, Anchorage, Fairbanks, and Nome, Alaska. A sub-district office is maintained in Haines, Alaska. These offices include the entire Territory of Alaska, except areas within national forest reserves. The District Superintendents are responsible to the Commissioner of Roads for Alaska for the development and execution of road and related administrative work in their respective districts in accordance with predetermined policies and programs and under the technical guidance of the headquarters staff. Their work includes supervision of survey parties, contract inspectors, force-account supervisors, repair shops, accounts, messes, and all other activities connected with the construction of roads in their respective districts.

OCTOBER 4, 1948.

PROPOSED VOLUNTARY PLAN UNDER PUBLIC LAW 395, 80TH CONGRESS, FOR ALLOCATION OF STEEL PRODUCTS FOR CONSTRUCTION, RECONVERSION AND REPAIR OF MERCHANT VESSELS

NOTICE OF PUBLIC HEARING

In order to carry out the requirements of Executive Order 9919 (13 F. R. 59), and acting under the authority vested in me by said Executive order,

Notice is hereby given that a public hearing will be held on Thursday, the 21st day of October, 1948, at 10:00 a. m., e. s. t., in the Auditorium on the street floor of the Department of Commerce Building, 14th Street, between E Street and Constitution Avenue, in the City of Washington, D. C., for the purpose of affording to industry, labor and the public generally an opportunity to present their views with respect to the proposed voluntary plan, under Public Law 395, 80th Congress, for the allocation of steel products for construction, reconversion and repair of merchant vessels, of which

plan a draft is set forth in Appendix A hereto (subject to further revisions at and subsequent to the public hearing).

The proposed plan has been formulated after consulting with representatives of the various industries involved and of the United States Maritime Commission and the National Military Establishment.

Any person desiring to participate in said public hearing should file a written notice of appearance with the Director of the Office of Industry Cooperation, Room 5847, Department of Commerce Building, Washington 25, D. C., not later than 5 p. m., e. s. t., on Tuesday, the 19th day of October 1948. Persons desiring to present written statements or memoranda should submit them, in triplicate, at the hearing.

[SEAL] CHARLES SAWYER,
Secretary of Commerce.

APPENDIX A

Proposed voluntary plan for allocation of steel products for construction, reconversion and repair of merchant vessels.

1. *What this plan does.* This plan is in furtherance of a proposed program of the United States Maritime Commission for the construction, reconversion, and repair of merchant vessels. It sets up the procedure under which steel producers (hereinafter called producers) agree voluntarily to make steel products available to builders, reconverters and repairers of merchant vessels who comply with the provisions of this plan (hereinafter called participating builders), for use in the construction, reconversion, or repair of certain merchant vessels. For the purpose of this plan, the term "Merchant Vessels" means commercial steel self-propelled passenger, dry cargo, and passenger-cargo ships (other than tankers) which are (a) of 1000 DWT or larger, (b) designed for, or employed in, ocean-going, coastal or Great Lakes use, (c) of U. S. registry, and (d) in the case of vessels to be constructed or substantially altered, specifically designated by the U. S. Maritime Commission as being within the scope of this plan. The plan does not include provision for construction or repair of yard, way, or dock facilities.

2. *Agreement by steel producers.* Beginning with the month of January 1948 and continuing during the period this plan remains in effect, producers will make available, out of their own production or that of their producing subsidiaries or affiliates, to participating builders a total of 10,190 net tons of steel products per month, distributed by types approximately as follows: [1]

Type:	Net tons per month
Plates	8,372
Shapes	1,818
Total net tons per month	10,190

Producers will, from time to time, however, upon request of the Secretary of Commerce, give consideration to making additional quantities available.

3. *Determination of quantities to be furnished by respective producers.* Unless otherwise specified in its acceptance of this plan, the quantities to be made available by each producer, as its commitment under this plan, will be such as the Secretary of Commerce, after consulting the Steel Task Committee of the Office of Industry Cooperation of the Department of Commerce, determines to be fair and equitable. Producers will take credit against their commitments under this plan only for quantities delivered to participating builders on orders certified in accordance with paragraph 9 below.

4. *Contractual arrangements.* Such products will be made available under such contractual arrangements as may be made by the respective producers, or their producing subsidiaries and affiliates, with the respective participating builders. No request or authorization will be made by the Department of Commerce relating to the allocation of orders or customers, the delivery of steel products, the allocation of business among participating builders, or any limitation or restriction on the production or marketing of any steel products. This plan does not authorize nor approve any fixing of prices, and participation in this plan does not affect the prices or terms and conditions on which any steel products are actually sold and delivered.

5. *Limitations as to types, sizes and quantities.* A producer need make available under this plan only those products which are within the type and size limitations of the mill or mills which it may select for the fulfillment of its commitment under this plan. The quantities which it may have undertaken to make available in any month may be reduced, or at its option their delivery may be postponed, in direct proportion to any production losses during the month due to causes beyond its control.

6. *Reports from steel producers.* Each producer will, if requested by the Office of Industry Corporation of the Department of Commerce (subject to approval of the Bureau of the Budget under the Federal Reports Act of 1942), submit to that office periodic reports of the total quantities, by types, of products shipped, and accepted for shipment, under the plan.

7. *Reports from participating builders.* Each participating builder will submit the following to the Secretary of Commerce:

(a) *Requirements report.* A report showing the quantities and types of (i) Merchant Vessels (as defined in paragraph 1 above) scheduled for construction, reconversion, or repair during each month under this plan, and (ii) steel products required therefor. The quantities and types of steel products to be made available monthly under the plan to individual participating builders will be determined by the Secretary of Commerce after consultation with the Merchant Vessel Industry Task Committee, subject to such revision, if any, from time to time, as may be deemed necessary by the Secretary of Commerce after consultation with that Committee.

(b) *Monthly steel consumption report.* A monthly report showing the total quantities and types of steel products (i) received by the participating builder from all sources during the preceding month for the construction, reconversion, or repair of Merchant Vessels and (ii) consumed by it during that preceding month for that purpose. Such a report should accompany the requirements report explained in paragraph 7 (a) above and, in addition, should subsequently be submitted within ten days after the end of each month during which the participating builder obtains steel products under this plan.

(c) *Other reports.* Such other relevant reports as may be requested from time to time by the Secretary of Commerce (subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942).

8. *Obligations of participating builders.* By participation in this plan, each participating builder shall be obligated as follows: To use all products obtained under this plan solely for and in the construction, reconversion, or repair of Merchant Vessels (as defined in paragraph 1 above); not to resell or transfer any products so obtained under this plan in the form received by the participating builder, except to such subsidiary, affiliate, subcontractor or fabricator as may be designated for the manufacture or fabrication of any products needed for such construction, reconversion, or repair; and not to build up, beyond current needs, any inventories of products obtained, or end products manufactured, under this plan. If a participating builder becomes unable to use, for the purposes of this plan, any products obtained under the plan, he shall be further obligated to hold them subject to such other use or disposition (including re-allocation to other consumers or return to the producer from whom purchased) as shall be authorized by the Office of Industry Cooperation of the Department of Commerce.

9. *Procedure for placing orders under this plan.* Purchase orders under this plan are to be placed with participating producers, or their producing subsidiaries or affiliates. Each such purchase order shall bear the following certification by the participating builder:

DEPARTMENT OF COMMERCE VOLUNTARY PLAN, UNDER PUBLIC LAW 395, 80TH CONGRESS FOR ALLOCATION OF STEEL PRODUCTS FOR CONSTRUCTION, RECONVERSION AND REPAIR OF MERCHANT VESSELS

The undersigned certifies to the seller and to the Department of Commerce that the products specified in this order will be used solely for and in the construction, reconversion or repair of Merchant Vessels, and that this order is placed under, and in strict compliance with, the above Voluntary Plan, with which the undersigned is familiar and in which the undersigned is a participant.

By ---
(Title of duly authorized officer)

(Date)

10. *Procedure for, and effect of, becoming a participant.* After approval of this plan by the Attorney General and by the Secretary of Commerce, and after requests for compliance with it have been made of steel producers and of builders, reconverters, and repairers of Merchant Vessels by the Secretary of Commerce, any such producer, builder, reconverter, or repairer may become a participant in this plan by advising the Secretary of Commerce, in writing, of its acceptance of such request. Such requests for compliance will be effective for the purpose of granting certain immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in section 2 (c) of Public Law 395, only with respect to such producers, builders, reconverters, and repairers as notify the Secretary of Commerce in writing that they will comply with such requests.

11. *Effective date and duration.* This plan shall become effective upon the date of its final approval by the Secretary of Commerce. It shall cease to be effective at the close of business on February 28, 1949, unless the time limitation of March 1, 1949, now specified in section 2 (b) of Public Law 395, 80th Congress, is extended or otherwise changed by legislative action in a form which permits continuation of this plan, in which event this plan shall thereupon automatically continue in effect through September 30, 1949 (or through the date specified in such legislative action if a date earlier than September 30, 1949 is so specified). However, the plan may be terminated on such earlier date as may be determined by the Secretary of Commerce, upon not less than 60 days notice by letter, telegram, or publication in the FEDERAL REGISTER.

12. *Withdrawal from plan.* Any producer or participating builder may withdraw from this plan by giving not less than 60 days written notice to the Secretary of Commerce.

[1] This distribution by types, within the 10,190 ton total, may be changed before final approval of the plan, on the basis of further analysis of the types required.

13. *Clarifying interpretations.* Any interpretation issued by the Secretary of Commerce (after consultation with the Attorney General), in writing, to clarify the meaning of any terms of provisions in this plan shall be binding upon all participants notified of such interpretation.

FEDERAL POWER COMMISSION

[Docket No. G-1058]

PANHANDLE EASTERN PIPE LINE CO.

ORDER FIXING DATE OF HEARING

OCTOBER 5, 1948.

Upon consideration of the application filed June 24, 1948, by Panhandle Eastern Pipe Line Company (Applicant), a Delaware corporation with its principal office at Kansas City, Missouri, for a certificate of public convenience and necessity pursuant to section 7 of the Natural Gas Act, as amended, authorizing the construction and operation of certain natural-gas facilities, subject to the jurisdiction of the Commission, as fully described in such application on file with the Commission and open to public inspection, public notice thereof having been given including publication in the FEDERAL REGISTER on July 14, 1948 (13 F. R. 3982);

It appears to the Commission that:

(a) Applicant herein requests a certificate authorizing the construction and operation of facilities for the direct sale of natural gas to the A. P. Green Fire Brick Company at Mexico, Missouri, pursuant to an agreement which provides, among other things, that Applicant shall, on a firm basis and without interruption for a period of 180 consecutive days each year, commencing on April 1, transport through and deliver at the terminus of such facilities the natural-gas requirements of A. P. Green Fire Brick Company. The A. P. Green Fire Brick Company has been heretofore served on a fully interruptible basis by the Missouri Power and Light Company with natural gas purchased from Applicant.

(b) Among the issues involved in the application and other pleadings herein are the following:

(i) Whether the operation of the subject facilities and the delivery of natural gas therefrom, both as herein proposed, will, if permitted, result in the granting by Applicant of an undue preference and advantage to A. P. Green Fire Brick Company and thereby subject Applicant's other customers to undue prejudice and disadvantage.

(ii) Whether the operation of the subject facilities and the delivery of natural gas therefrom, both as herein proposed, will, if permitted, enable Applicant to maintain an unreasonable difference in service as between localities and between customers.

(iii) Whether the operation of the subject facilities and the delivery of natural gas therefrom, both as herein proposed, will, if permitted, impair the ability of Applicant's system to render adequate service to and to meet the requirements of customers not subject to interruption.

(iv) Whether the operation of the subject facilities and the delivery of natural gas therefrom, both as herein proposed, would be otherwise unreasonable, unduly discriminatory, or unlawful.

(v) Whether, if the transportation and delivery of natural gas as herein proposed is unduly discriminatory, preferential, or otherwise unlawful, it would be appropriate in the public interest to authorize such transportation and delivery on the condition that interruptible service only should be rendered.

The Commission, therefore, orders that:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, as amended, and the Commission's rules of practice and procedure, a hearing to be held on October 26, 1948, at 9:45 a. m. (e. s. t) in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue NW., Washington, D. C., concerning the matters involved and the issues presented by such application.

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) of the said rules of practice and procedure.

Date of issuance: October 6, 1948.

By the Commission.

INTERSTATE COMMERCE COMMISSION

[Ex Parte 168]

INCREASED FREIGHT RATES, 1948

At a general session of the Interstate Commerce Commission, held at its office in Washington, D. C., on the 4th day of October A. D. 1948.

Upon consideration of the petition in the above-entitled proceeding filed on October 1, 1948, by common carriers by railroad named therein, comprising all the Class I railroads in the United States, and many railroads of other classifications, requesting the Commission to institute an investigation into the level of railway freight rates and charges, and to authorize the petitioners to increase their freight rates and charges 8 percent, with certain exceptions, as set forth in detail in Appendix II to the petition, with permission to make such increased rates and charges effective at the earliest possible date, upon less than statutory notice, and for a general order modifying all outstanding orders of the Commission to the extent necessary to enable the petitioners to make the proposed increased rates and charges effective, and for entry of appropriate orders under sections 4 and 6 of the Interstate Commerce Act, and for other and further relief:

It is ordered, That an investigation is hereby instituted into and concerning the reasonableness and lawfulness of further increases in freight rates and charges of petitioning carriers and intervening petitioners and that the investigation and the petition be, and they are hereby, assigned for hearing at Washington, D. C., before Division Two, on November 30, 1948, at the Departmental Auditorium, at 10 a. m. United States standard time;

And it is further ordered, That the proceedings be governed by the special rules of practice hereto appended, in addition to the general rules of practice before the Commission.

By the Commission.

[SEAL] W. P. BARTEL, *Secretary.*

APPENDIX—SPECIAL RULES OF PRACTICE APPLICABLE IN PROCEEDING IN DOCKET EX PARTE NO. 168.

Interventions. Petitions of intervention by carriers, other than the petitioners, seeking similar relief should comply with the General Rules of Practice, Rule 72 (49 C. F. R., Cum. Supp. 1.72). Persons appearing in opposition to the petition herein, or in opposition to similar petitions of carriers other than those filing the original petition, will be considered as protestants, and may be heard without the filing of petitions of intervention.

Simplification of presentations. In order to conserve time and avoid expense, it is strongly urged that persons finding themselves with common interests in the proceeding shall, to the greatest extent possible, endeavor to consolidate their presentation of testimony, and arrange for cross-examination by as few counsel as possible. The same course should be followed upon oral argument.

Evidence offered should be carefully prepared with a view to conciseness and clarity,

and so as to avoid extraneous, immaterial, and irrelevant matter, and undue cumulation of testimony or of witnesses upon any point. It should be factual in character, and argument should be reserved for the oral argument stage, and not be incorporated in the testimony.

Basic data, when of a voluminous character, should not be included if it is possible to make it available for inspection by other parties by temporarily lodging it with the Commission.

Exhibits. In the preparation of exhibits, Rules of Practice 81 to 84, inclusive (49 CFR, Cum. Supp. 1.81–1.84), should be followed. If possible, all documents submitted by a witness should be embraced in a single exhibit, with pages consecutively numbered, suitably bound together. In order to supply the State Commissioners, members of this Commission, and counsel in the proceeding, at least 150 copies of each exhibit should be prepared. So far as possible exhibits should be made self-explanatory in order to minimize the amount of time required for explanation by oral testimony.

Use of portions of record made in other proceedings. Parties desiring to present for the record a portion of the record in any other proceeding before the Commission should comply with Rule 82 (49 CFR, Cum. Supp., 1.82) of the general rules of practice. For convenient reference, a copy of the rule accompanies these special rules. Inasmuch as the Commission has recently received a great deal of evidence and exhibits in Ex Parte Docket No. 166, the suggestion is made that use be made of Rule 82 (49 CFR, Cum. Supp., 1.82) to avoid duplication of matter already put before the Commission, and to save time and expense. Supplemental statements and exhibits may be supplied for the record.

Prepared statements. Witnesses who expect in the course of their testimony to read from a written statement should comply with Rule 77 (49 CFR, Cum. Supp., 1.77) of the Rules of Practice. They should have sufficient copies thereof to supply opposing counsel, the presiding officers and the official reporter. Such written statements should be furnished counsel a reasonable time before the appearance of the witness on the stand. However, in the interest of conservation of time, it is suggested that such statements be prepared and offered in the manner indicated in the paragraph below, relating to verified statements, instead of being submitted orally by a witness on the stand.

Witnesses who will use prepared statements should remember that extensive tabular matter should be submitted separately, as an exhibit, and thus avoid the necessity for copying tabular matter into the transcript of oral testimony.

Hearings. The initial hearing shall be primarily for the purpose of receiving testimony on behalf of (a) the petitioners, (b) interveners, and (c) protestants who are prepared and desire to be heard. Such additional hearings will be provided as the progress of the proceeding indicates to be necessary or desirable.

Submission of evidence in chief in written form. The evidence in chief to be produced on behalf of the petitioners and any intervening petitioners who may come into the proceeding, shall be submitted in written form, as prepared statements by the respective witnesses, with their accompanying exhibits. Such documents should be made available to the Commission by filing 25 copies on or before November 9, 1948, and a copy should be transmitted by petitioners and intervening petitioners to the regulatory authority of each State having jurisdiction with respect to the intrastate rates and charges of petitioners and intervening petitioners, and also to each person who shall give timely notice to the Commission and counsel for petitioners of their intention to appear as protestants. Such notification to petitioners should be made on or before November 3, 1948, in writing, addressed to Jacob Aronson, 466 Lexington Avenue, New York 17, New York.

Verified statements (affidavits). Evidence in the form of verified statements (affidavits) without personal appearance of the affiant as a witness will also be received in the absence of objection, as hereinafter specified. Parties desiring to offer such statements should make available as early as possible during the hearing 150 copies for the Commission and other parties, including the petitioners. Notice of any objection to the receipt of any such statement in evidence should be given to the Commission and to the party submitting the statement promptly following the receipt of such statement. If no such notice is given promptly it will be considered that objection to the receipt of the statement in evidence is waived, but objection to the weight to be accorded the statement of facts is reserved. Such statements should conform to the rules of practice in respect of style, mimeographing or printing, etc. They should be limited strictly to statements of fact and contain no argument, and if not so limited may be excluded. The Commission on its own motion or on objection may exclude a verified statement or any portion thereof which (a) is not material or relevant to the questions presented in this proceeding, (b) is obviously incompetent, or (c) is argumentative in character. In the absence of objection to introduction of the verified statement it will be unnecessary for the affiant to appear personally at the hearing. All verified statements received in evidence will be part of the record in the proceeding, upon which the Commission will base its decision.

Notice of intention to produce testimony. Persons who desire to be heard will facilitate necessary arrangements by sending notice of their intention by letter or telegram to the Commission at Washington, so as to reach the Commission before November 24, 1948, which shall state the number of witnesses, and the approximate amount of time considered necessary for presentation of direct testimony.

Correspondence. Correspondence relative to this matter should be addressed to the Commission at Washington 25, D. C., with a reference to the docket number, ex Parte No. 168.

GENERAL RULES OF PRACTICE

§ 1.82 *Evidence; records in other Commission proceedings.* If any portion of the record before the Commission in any proceeding other than the one on hearing is offered in evidence, a true copy of such portion shall be presented for the record in the form of an exhibit unless:

(a) The party offering the same agrees to supply such copy later at his own expense, if and when required by the Commission; and

(b) The portion is specified with particularity in such manner as to be readily identified; and

(c) The parties represented at the hearing stipulate upon the record that such portion may be incorporated by reference, and that any other portion offered by any other party may be incorporated by like reference subject to paragraph (a) and (b) of this section; and

(d) The officer directs such incorporation. Any such portion so offered, whether in the form of an exhibit or by reference, shall be subject to objection.

INTERNATIONAL HYDRO-ELECTRIC SYSTEM

NOTICE OF FILING OF APPLICATION FOR APPROVAL OF MAXIMUM INTERIM COMPENSATION

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 6th day of October A. D. 1948.

Notice is hereby given that Oliver R. Waite of Brickley, Sears and Cole, 1 Federal Street, Boston, Massachusetts, has filed with this Commission an application and an amendment thereto pursuant to Rule U-63 promulgated under section 11 (f) of the Public Utility Holding Company Act of 1935 ("the act"), for approval of $10,000 as the maximum amount for which application may be made to the District Court of the United States for the District of Massachusetts for an interim allowance for his services rendered as counsel to Bartholomew A.

Brickley, Trustee of International Hydro-Electric System, a registered holding company, for the period from May 19, 1947 to July 31, 1948 inclusive.

All interested persons are referred to said application, on file in the offices of the Commission, for a statement of the services rendered, which are summarized as follows:

On August 12, 1943 this Commission filed an application in the aforesaid Court, Civil Action No. 2430, to enforce compliance with an order of the Commission entered on July 21, 1942 under section 11 (b) of the Act that International Hydro-Electric System liquidate and dissolve. On November 13, 1944 the Court appointed Bartholomew A. Brickley as Trustee of said System; and on July 29, 1947 the Court authorized the said Trustee to employ the Applicant as counsel to assist him in connection with the preparation, filing, approval and consummation of a plan for the liquidation and dissolution of said System. Applicant states that he has been continuously so employed since May 19, 1947; that up to July 31, 1948 he devoted 859 hours to the work, plus a considerable period of time in office conferences with said Trustee, estimated at an additional 100 hours. Applicant's detailed statement of recorded time indicates work in drafting plan and amendment thereof, numerous conferences with respect thereto, examination of law, preparation for and attendance upon hearings on the plan, and the preparation of numerous court papers, letters and other documents. The application states that the amount requested is the maximum amount to be paid to applicant for all legal services performed by him in the period covered by it.

Notice is further given that any interested person may, not later than October 20, 1948 at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request and the issues, if any, of fact or law raised by said application which he proposes to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington, D. C. At any time after October 20, 1948 said application, as amended, may be granted without public hearing, unless good reason therefor shall in the meantime be made to appear; or the Commission may exempt such transaction as provided in Rules U-20 and U-100 thereof.

By the Commission.

NEW YORK STATE ELECTRIC & GAS CORP. AND GENERAL PUBLIC UTILITIES CORP.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the city of Washington, D. C., on the 1st day of October 1948.

General Public Utilities Corporation ("GPU"), a registered holding company, and its subsidiary, New York State Electric & Gas Corporation ("New York State"), having filed a joint application-declaration, and an amendment thereto, pursuant to sections 9 (a), 10, and 12 (f) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-43 promulgated thereunder, with respect to the following transaction:

GPU proposes to purchase from New York State 2,725 shares of the non-cumulative no par value (voting) preferred stock of Staten Island Edison Corporation, a subsidiary of New York State, for a net cash price of $272,500; and

Applicants - declarants having requested that the Commission find, in accordance with the meaning and requirements of the Internal Revenue Code, as amended, including sections 373 (a) and 1808 (f) thereof, that the sale, transfer, and delivery by New York State to GPU of the 2,725 shares of the preferred stock of Staten Island Edison Corporation are necessary or appropriate to the simplification of the GPU holding company system and are necessary or appropriate to effectuate the provisions of section 11 (b) of the act; and

Such joint application-declaration, as amended, having been duly filed, and notice of said filing having been duly given in the form and manner prescribed by Rule U-23 promulgated pursuant to said act, and the Commission not having received a request for hearing with respect to said joint application-declaration, as amended, within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding that the requirements of the applicable provisions of the act are satisfied, and deeming it appropriate in the public interest and in the interest of investors and consumers that said joint application-declaration, as amended, be granted and permitted to become effective, and deeming it appropriate to grant a request of applicants-declarants that the order become effective at the earliest date possible, and deeming it appropriate to grant the request of applicants-declarants with respect to the suggested recitals in accordance with the provisions of the Internal Revenue Code, as amended:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act, and subject to the terms and conditions prescribed in Rule U-24, that the joint application-declaration, as amended, be, and the same hereby is, granted and permitted to become effective and the proposed transactions may be consummated forthwith.

It is further ordered, That the sale, transfer and delivery by New York State to GPU of 2,725 shares of the no par value (voting) preferred stock of Staten Island Edison Corporation are necessary or appropriate to the simplification of the GPU System, of which GPU, New York State and Staten Island Edison Corporation are a part, and are necessary or appropriate to effectuate the provisions of section 11 (b) of the Public Utility Holding Company Act of 1935.

PUBLIC SERVICE COMPANY OF INDIANA, INC.

ORDER GRANTING APPLICATION AND PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 5th day of October A. D. 1948.

Public Service Company of Indiana, Inc. ("Public Service"), a public utility subsidiary of The Middle West Corporation, a registered holding company, having filed a declaration pursuant to section 12 (c) of the Public Utility Holding Company Act of 1935 and Rule U-42 promulgated thereunder with respect to the following transactions:

Public Service proposes to call for redemption $2,000,000 principal amount of its Convertible Debentures. The call will be made by lot pursuant to the terms of the indenture which provides for the redemption thirty days after the initial notice of call, which the company expects to publish on October 5, 1948, at a price of 103% of principal amount of all such Convertible Debentures which have not been converted into Common Stock of the company up to the date designated for redemption.

Public Service further proposes to pay to each holder of its Convertible Debentures (both those included in the call and those not so included) who surrender their certificates for conversion into Common Stock of the company during the portion of the call period expiring prior to the close of business on October 31, 1948, an amount equal to the full amount of interest that would be payable for the six-month period ending October 31, 1948.

The declaration having been filed on September 20, 1948, and the last amendment thereto having been filed on October 4, 1948, notice of such filing having been given in the form and manner prescribed by Rule U-23 promulgated pursuant to the act, and the Commission not having received a request for hearing with respect to said declaration within the period specified in said notice or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said declaration that the requirements of the applicable provisions of the act and rules thereunder are satisfied, and deeming it appropriate in the public interest and in the interest of the investors and consumers to permit the said declaration to become effective and to grant declarant's request that the order herein become effective forthwith upon the issuance thereof:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act and subject to the terms and conditions of Rule U-24, that the declaration be, and the same hereby is, permitted to become effective forthwith.

MIDDLE WEST CORP. AND CONSOLIDATED ELECTRIC AND GAS CO.

NOTICE OF FILING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C. on the 1st day of October A. D. 1948.

Notice is hereby given that a joint declaration has been filed with this Commission, pursuant to the Public Utility Holding Company Act of 1935 (the "act"), by The Middle West Corporation ("Middle West"), a registered holding company, and by Consolidated Electric and Gas Company ("Consolidated"), a registered holding company and a non-affiliate of Middle West.

Notice is further given that any interested person may, not later than October 14, 1948 at 5:30 p. m., e. s. t., request the Commission in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues, if any, of fact or law proposed to be controverted; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C. At any time after October 14, 1948 said application may be granted as provided in Rule U-23 of the rules and regulations promulgated under the act, or the Commission may exempt such transaction as provided in Rules U-20 (a) and U-100 thereof.

All interested persons are referred to said joint declaration, which is on file in the offices of this Commission, for a statement of the transactions therein proposed, which are summarized as follows:

Consolidated and Middle West own 120,000 shares (60%) and 34,000 shares (17%), respectively, of the 200,000 shares of $9 par value outstanding common stock of Upper Peninsula Power Company ("Upper Peninsula"). Such shares were acquired at the time of the organization of Upper Peninsula and such acquisitions were made pursuant to the order of this Commission (Holding Company Act Release No. 7407) dated May 14, 1947. At the same time Copper Range Company, primarily a mining company which the Commission has heretofore determined to be exempted from all the provisions of the act which would require it to register thereunder, and certain individuals acquired 34,800 shares and 11,200 shares of said stock, respectively.

Consolidated and Middle West propose, in accordance with Rule U-50 promulgated under the act, publicly to invite, by newspaper publications, sealed written bids for the purchase of said stock of Upper Peninsula owned by them. Such invitations will also cover the stock owned by Copper Range Company and so many of the remaining 11,200 shares as the several individual owners thereof may elect to offer for sale.

The shares of common stock owned by Consolidated are pledged under a loan agreement dated as of August 25, 1948 between Consolidated and Central Hanover Bank and Trust Company and Continental Illinois National Bank and Trust Company of Chicago. In accordance with the provisions of such agreement, Consolidated will apply the proceeds of sale to the partial payment of $5,000,000 aggregate principal amount of notes dated September 20, 1948 and maturing September 20, 1949, issued under and secured by such agreement.

The filing designates section 12 (d) of the act, and Rules U-44 and U-50 thereunder as being applicable to the transactions embraced in the instant joint declaration.

By the Commission.

MISS ROSA GERBETH AND MRS. ROSA GERBETH

In re: Debts owing to Miss Rosa Gerbeth and Mrs. Rosa Gerbeth. F-28-25734-D-1, F-28-25735-D-1.

Under the authority of the Trading With the Enemy Act, as amended, Executive Order 9193, as amended, and Executive Order 9788, and pursuant to law, after investigation, it is hereby found:

1. That Miss Rosa Gerbeth and Mrs. Rosa Gerbeth, whose last known address is Wurzback Thueringen, Germany, are residents of Germany and nationals of a designated enemy country (Germany);

2. That the property described as follows: That certain debt or other obligation owing to Miss Rosa Gerbeth by Homestake Mining Company, 300 Montgomery St., Room 950, San Francisco, California, a corporation organized under the laws of the State of California, in the amount of $135.00, as of December 31, 1945, representing unpaid dividends on capital stock of said Homestake Mining Company, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Miss Rosa Gerbeth, the aforesaid national of a designated enemy country (Germany);

3. That the property described as follows: That certain debt or other obligation owing to Mrs. Rosa Gerbeth, by Homestake Mining Company, 300 Montgomery St., Room 950, San Francisco, California, a corporation organized under the laws of the State of California, in the amount of $135.00, as of December 31, 1945, representing unpaid dividends on capital stock of said Homestake Mining Company, together with any and all accruals thereto, and any and all rights to demand, enforce and collect the same,

is property within the United States owned or controlled by, payable or deliverable to, held on behalf of or on account of, or owing to, or which is evidence of ownership or control by Mrs. Rosa Gerbeth, the aforesaid national of a designated enemy country (Germany);

and it is hereby determined:

4. That to the extent that the persons named in subparagraph 1 hereof are not within a designated enemy country, the national interest of the United States requires that such persons be treated as nationals of a designated enemy country (Germany).

All determinations and all action required by law, including appropriate consultation and certification, having been made and taken, and, it being deemed necessary in the national interest,

There is hereby vested in the Attorney General of the United States the property described above, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

THE NATIONAL ARCHIVES — LITTERA SCRIPTA MANET — 1934 — OF THE UNITED STATES

FEDERAL REGISTER

VOLUME 13 NUMBER 200

Washington, Wednesday, October 13, 1948

TITLE 7—AGRICULTURE

Chapter VIII—Production and Marketing Administration (Sugar Branch)

PART 801—GENERAL SUGAR REGULATIONS

ENTRY OF SUGAR INTO CONTINENTAL UNITED STATES

Basis and purpose. This determination is issued pursuant to the regulations in this part and deals with the entry of sugar into the continental United States. Section 801.52 of General Sugar Regulations, Series 3, No. 2, as amended, states that certification to the Collector of Customs by the Secretary that the sugar or liquid sugar to be entered is within the applicable quota or allotment established by the Secretary for the area in which such sugar was produced, except as otherwise specified therein, shall not be required as to any quota or portions thereof until the Director of the Sugar Branch determines that such quota or portion thereof is filled to the extent that certification is required to maintain effective quota control. That section also provides that upon publication of such determination in the FEDERAL REGISTER certification by the Secretary shall be required for the remainder of the applicable calender year.

The 1948 sugar quota for Puerto Rico is 982,436 short tons of sugar, raw value. As of October 4, 1948, approximately 792,436 short tons, raw value of sugar for further processing and direct-consumption purposes have been brought into the continental United States from Puerto Rico, hence only approximately 190,000 short tons, raw value, may be entered during the remainder of the calendar year 1948. In order to assure an orderly and adequate flow of sugar, prevent disorderly marketing, and to maintain an effective quota system, it is necessary that the certification prescribed by regulations be required for raw sugar for further processing hereafter brought in from Puerto Rico.

It is presently estimated that current production of Puerto Rican sugar will exceed the 1948 quotas for marketing in the continental United States and locally by some 26,000 tons. Consequently, each producer appears to be moving sugar into trade channels as rapidly as possible so as to reduce to a minimum the amount of carryover he will be compelled to retain at the end of the year. During the month of September alone approximately 163,000 tons were shipped to the continental United States. In view of the foregoing, it is hereby determined and found that compliance with the notice, procedure, and effective date requirements of the Administrative Procedure Act is impracticable and contrary to the public interest and consequently this determination shall become effective when published in the FEDERAL REGISTER.

Pursuant to the authority contained in § 801.52 of General Sugar Regulations, Series 3, No. 2, as amended (13 F. R. 127, 1076, 2063, 4590), it is hereby determined that the 1948 sugar quota for Puerto Rico, amounting to 982,436 short tons of sugar, raw value, has been filled to the extent that certification is required to maintain effective quota control. Accordingly, for the remainder of the calendar year 1948, Collectors of Customs shall not permit the entry into continental United States from Puerto Rico of any raw sugar for further processing, unless or until certification described in § 801.52 (a) of General Sugar Regulations is issued.

(Pub. Law 388, 80th Cong.; 61 Stat. 922; 7 U. S. C., Supp. 1100)

Issued this 7th day of October 1948.

Director, Sugar Branch, Production and Marketing Administration.

Subchapter B—Claims and Accounts

REVISION OF REGULATIONS

The regulations contained in 10 CFR, Subtitle B, Chapter III, are hereby revised and transferred to Title 34, Chapter V, Subchapter B, Code of Federal Regulations, as follows:

Part
531 Bonds of accountable officers.
533 Gratuity upon death.
534 Military court fees.
535 Payment of bills and accounts.
536 Claims against the United States.
537 Claims on behalf of the United States.
538 Allotments of pay.

PART 531—BONDS OF ACCOUNTABLE OFFICERS

Sec.
531.1 Individuals as sureties.
531.2 Release of sureties.

AUTHORITY: §§ 531.1 and 531.2 issued under R. S. 161; 5 U. S. C. 22.

DERIVATION: AR 35-220, Dec. 31, 1946.

CROSS REFERENCE: Issue of duplicate checks of the United States: See Money and Finance: Treasury, 31 CFR Part 204.

§ 531.1 *Individuals as sureties*—(a) *Liability.* Sureties to bonds given by disbursing officers, if individuals, will be bound jointly and severally for the whole amount expressed therein, and must satisfy the Secretary of the Army that they are worth, jointly, double such amount, each surety making affidavit that he is worth that sum over and above his debts and liabilities, and stating in the affidavit his place of residence.

(b) *Affidavit to be submitted every two years.* Where the sureties are individuals, an affidavit of surety, on the prescribed Treasury Department form,[1] must be submitted at the end of two years.

(c) *Government contractor may not be surety.* The Secretary of the Army may not approve as surety on the bond of a disbursing officer the name of a person appearing as a Government contractor in the district in which that officer is on duty.

§ 531.2 *Release of sureties*—(a) *Secretary of the Army may not release by cancellation of bonds.* While the Secretary of the Army may, if he deems the security insufficient, require further security, he may not without authority of Congress release security which has been accepted by the cancellation of a bond once accepted.

(b) *New bond does not release sureties on old bond.* Where under the act of March 2, 1895, which provides that "every officer whose duty it is to take and approve official bonds shall cause all such bonds to be renewed every four years after their dates", an officer renews his bond by giving a bond during the same term of office, the new bond does not operate to release the sureties on the first bond from liability for future transactions, but the sureties on the old and new bonds are jointly and severally liable therefor. (See 5 Comp. Dec. 918.)

PART 533—GRATUITY UPON DEATH

Sec.
533.1 Computation of amount of death gratuity.
533.2 Six months' death gratuity exempt from indebtedness.
533.3 Payment.
533.4 Classes of beneficiaries.
533.5 Will not a designation.
533.6 Settlement of accounts.
533.7 Letters testamentary or letters of administration.

AUTHORITY: §§ 533.1 to 533.7 issued under 41 Stat. 367, 766, 42 Stat. 24, 1385, 55 Stat. 796, 57 Stat. 599; 10 U. S. C. 456, 903, 31 U. S. C. 71.

DERIVATION: AR 35-1540, Apr. 19, 1945; AR 600-600, Apr. 12, 1944; AR 35-1545, Dec. 9, 1947.

§ 533.1 *Computation of amount of death gratuity.* The amount of the death gratuity due the beneficiary of an officer or enlisted person includes the compensation of every kind and character received by such officer or enlisted person at the date of his death and is distinguished from allowances.

§ 533.2 *Six months' death gratuity exempt from indebtedness.* The amount of the six months' pay cannot be used for the debts of the officer or enlisted man, not even for overpayments.

§ 533.3 *Payment*—(a) *Beneficiaries.* (1) Payments of the six months' gratuity pay may be made to beneficiaries in the order indicated below:

(i) If there be a widow (widower), payment will be made to such person only.

(ii) If there be no widow (widower), payment will be made to the child or children, if there are any entitled to payment.

(iii) If there be no widow (widower) or child, payment will be made to the dependent relative previously designated by the deceased as his beneficiary to whom the gratuity is to be paid. The classes or relatives who may properly be designated as beneficiaries are stated in § 533.4.

(2) Payment of six months' gratuity pay may not be made to:

(i) Any married child or unmarried child over twenty-one years of age of a deceased officer or enlisted man who is not actually a dependent of such deceased officer or enlisted man. Payment may not be made to any married child, notwithstanding the allegation of dependency on the deceased officer or enlisted man.

(ii) A person who takes the life of another, whether or not the act be punished by the State or other civil authority concerned.

(3) If the deceased person had designated two beneficiaries to receive the six months' death gratuity payment and the claim of the first designated beneficiary has been disapproved because the evidence submitted did not clearly establish dependency upon him for support, or otherwise an insurable interest in him, the claim of the second designated beneficiary may not be considered unless the first beneficiary—who may desire to submit additional evidence tending to show dependency—has relinquished the right to claim the gratuity payment.

(4) If there be no widow (widower), child, or previously designated beneficiary, the Director, Office of Special Settlement Accounts, 27 Pine Street, New York 5, New York, will determine dependency in accordance with approved policies and regulations.

(b) *Evidence.* (1) The evidence required to establish the right, under the law, of any person to receive payment of the six months' gratuity is set forth for the different classes of beneficiaries in figure 1.

(2) No affirmative showing of dependency is required in making payments of six months' death gratuity pay authorized by the act of December 17, 1919, as amended, to fathers, mothers, brothers, or sisters, designated as beneficiaries of deceased Army personnel, who had an insurable interest in the life of the deceased by reason of relationship alone, but as to more distant relatives evidence of insurable interest is required.

[1] A waiver by the lawful widow (widower) of a deceased person of her (his) statutory right to the six months' death gratuity pay authorized by the act of 17 December 1919, as amended, is without force or effect, and does not operate to entitle the mother of the deceased, his designated beneficiary, to payment of the gratuity.

[2] The fact, if it be a fact, that the widow (widower) or child (children), as the case may be, was designated as beneficiary, will in itself be regarded ordinarily as sufficient to establish the identity of the payee.

[3] Where a payment is to be made to a widow (widower) not previously designated as beneficiary, affidavits from two disinterested persons, not related by blood, attesting to the following facts will be obtained and filed with the voucher: The length of time they have known the widow (widower), that they have known her (him) to be the lawful wife (husband) of the deceased person at the time of his (her) death and that to the best of their knowledge and belief no divorce has been granted.

[4] Where payment is to be made to a child (children) not previously designated, affidavits from two disinterested persons, not related by blood, attesting to the following facts will be obtained and filed with the voucher: That they know the deceased person, knew the mother (father) and know that the child (children) is (are) the legitimate child (children) of the deceased person, and know that the deceased person was not survived by a lawful widow (widower) at the time of his (her) death and that the child (children) is (are) the only living child (children) of the deceased person.

(c) *By whom payment made*—(1) *Beneficiaries residing within the continental limits of United States, exclusive of Alaska.* Payments of the six months' gratuity pay to beneficiaries residing within the continental limits of the United States exclusive of Alaska, will be made by the disbursing officer at Office of Special Settlement Accounts, 27 Pine Street, New York 5, New York.

§ 533.4 *Classes of beneficiaries*—(a) *Preferred beneficiaries.* Under the law, preferred beneficiaries in the order named, are first, the widow or widower, and second, the child or children, and are so referred to in these regulations. Under the law as now construed payment may not be made to a married child in any case, or to an unmarried child over 21 years of age unless actually de-

pendent on the deceased. An unmarried child over 21 years of age will be required to furnish proof of actual dependency to establish eligibility for the gratuity.

(b) *Designated dependent relative.* (1) A designated dependent relative means a relative other than a preferred beneficiary, with an insurable interest, and who has been designated by the deceased member of the Army of the United States as the person to whom the 6 months' gratuity should be paid in the event there is no preferred beneficiary eligible at the time of decease to receive such gratuity. A designated dependent relative may include any person who is related to the member of the Army of the United States either by consanguinity (that is, by blood) or by affinity (that is, by marriage) and who has an insurable interest (see subparagraph (2) of this paragraph) in the person making the designation. Only those designated relatives found to have an insurable interest are eligible as beneficiaries. A husband is related by affinity to all persons related to his wife by consanguinity, and the wife is related by affinity to all persons related to her husband by consanguinity. Neither is related by affinity to any person related to the other by affinity, and blood relations of the husband and blood relations of the wife are not related to each other by affinity. A friend is not eligible for designation as a beneficiary.

(2) (i) A father, mother, brother, or sister of a member of the Army of the United States is deemed to have an insurable interest in such member by relationship alone, without affirmative proof of dependency.

(ii) Insurable interest in a member of the Army of the United States on the part of other relatives must be demonstrated affirmatively for payment. The term "insurable interest" is dependent upon the facts in each individual case at the time of death, but as an aid to a determination as to what constitutes an insurable interest the following should be considered, and will ordinarily meet the requirements of the law: Evidence tending to show that such relative stood in place of parent to such member of the Army of the United States; contributions from one to the other for support, education, etc., or a debtor-creditor relationship between the member of the Army and the relative; other conditions and circumstances resulting in the reasonable expectation of some benefit or advantage from the continuance of the life of such member of the Army of the United States.

(iii) The test of insurable interest has no application in the determination of the rights of preferred beneficiaries.

(c) *Undesignated dependent relative.* In the absence of an eligible preferred or designated beneficiary at the time of death, undesignated grandchildren, parents, brothers or sisters, and grandparents may, under conditions set forth in this paragraph, be beneficiaries eligible to receive the death gratuity.

(1) If there is no widow, widower, child, or eligible previously designated dependent relative the gratuity is payable to any grandchild, parent, brother or sister, or grandparent shown to have been dependent upon the officer or enlisted person prior to his death. This provision of law is effective from August 27, 1940.

(2) "Dependent prior to death" is construed to define a class of dependents of the relationship specified and having an insurable interest in the life of the deceased person. All determinations relative thereto are made within the Department of the Army as directed by the Secretary of the Army.

(3) Insurable interest is established by relationship without requirement for affirmative evidence in the cases of parents and brothers or sisters. In the cases of grandchildren and grandparents it is to be determined from the circumstances in each case, due consideration being given to factors stated in paragraph (b) (2) (ii) of this section.

(4) The order of succession for these payments is:

(i) Grandchildren,
(ii) Parents,
(iii) Brothers or sisters,
(iv) Grandparents,

each constituting a group all the eligible members of which having an insurable interest share equally in the amount of gratuity payable.

§ 533.5 *Will not a designation.* A will is not a designation within the meaning of the act providing the six months' gratuity pay, as that gratuity is not a debt or money due the officer or enlisted person and cannot become a part of his estate.

§ 533.6 *Settlement of accounts.* Claims for settlement of arrears of pay of deceased Army personnel, except in the case of Regular Army retired personnel not on active duty on date of death, will be processed through the St. Louis Finance Office, U. S. Army, Army Finance Center, Office, Chief of Finance, Building 205, St. Louis 20, Missouri, to the Claims Division of the General Accounting Office, Washington 25, D. C., the latter office having jurisdiction in the settlement of such accounts under the provisions of the act of June 10, 1921 (42 Stat. 24). Claims for settlement of arrears of pay of deceased Regular Army retired personnel not on active duty on date of death will be processed through the Washington Finance Office, U. S. Army, Washington 25, D. C., or in appropriate cases through the designated disbursing officer of the oversea command to the Claims Division of the General Accounting Office, Washington 25, D. C.

§ 533.7 *Letters testamentary or letters of administration.* When claim is filed by an executor or administrator of the estate, letters testamentary or letters of administration will accompany the claim for settlement of arrears of pay due deceased personnel.

PART 534—MILITARY COURT FEES

Sec.
534.1 Use of term "court".
534.2 Reporters.
534.3 Witnesses.
534.4 Interpreters.
534.5 Service of subpoena.
534.6 Taking of depositions.
534.7 Furnishing copies of official records or documents.
534.8 Compensation for attendance upon civil courts.

AUTHORITY: §§ 534.1 to 534.8 issued under R. S. 161, 41 Stat. 791, 44 Stat. 323, 324; 5 U. S. C. 22, 10 U. S. C. 1494, 28 U. S. C. 600a, 600c.

DERIVATION: AR 35-4120, July 30, 1943.

CROSS REFERENCE: General Accounting Office: See Accounts, 4 CFR Chapter I.

§ 534.1 *Use of term "court".* The term "court" as used in the regulations in this part will be understood to mean court martial, court of inquiry, military commission, or retiring board. "Military commission" shall be deemed to include any tribunal, by whatever name described, convened in the exercise of military government having jurisdiction over felonies and other serious offenses and consisting solely of officers of the United States Army.

§ 534.2 *Reporters—(a) General.* Reporters appointed under the provisions of the one hundred and fifteenth article of war (act of June 4, 1920 (41 Stat. 810; 10 U. S. C. 1587) including reporters properly appointed for retiring boards, are entitled for their services in such capacity to payment at the rates specified in paragraph (b) to (g) of this section, or at such lower rates as may be stated in the appointing instrument.

(b) *Per diem pay.* For each day in attendance at court, a reporter is entitled to a per diem payment of not to exceed $5. In computing such per diem pay, the calendar day ending at midnight is the unit, and a fraction of such day will be considered a whole day. Only one per diem of not to exceed $5 for any one day is authorized, even if the reporter attends two or more courts.

(c) *Hourly pay.* In addition to the per diem payment prescribed in paragraph (b) of this section, a reporter is entitled to an hourly payment of not to exceed 50 cents for each hour actually spent in court during the trial or hearing. In computing time spent in court for purposes of determining the hourly payment, the time will be reckoned for each day separately if only one court is attended in such day; time in attendance at each court will be reckoned separately, if more than one court is attended in one day; a fractional part of an hour, equal to or greater than one-half hour, at the end of a day's attendance or attendance before a court will be considered a whole hour; a fractional part of an hour, less than one-half hour, will be disregarded, except that if the total time in attendance in one day or at one court in one day is less than one hour such time will be considered as a whole hour.

(d) *Piece-work pay—(1) Rates.* In addition to the per diem and hourly pay prescribed in paragraphs (b) and (c) of this section, a reporter will be paid at not to exceed the following rates:

(i) For transcribing notes and for making that portion of the original record which is required to be typewritten, 25 cents for each 100 words; but no allowance will be made for original papers which are appended as exhibits.

(ii) For the first and each additional carbon copy of the record when authorized by the convening authority, 10 cents for each 100 words.

(iii) For copying papers material to the inquiry, 15 cents for each 100 words.

(iv) For each carbon copy of the papers referred to in subdivision (iii) of this subparagraph, when ordered by the court for its use, 2 cents for each 100 words.

(2) *Payment for second original.* Where an original copy is lost and no carbon copies are available from which a second original may be made, payment may be made for the preparation of a second original transcript from the stenographer's notes at the rate prescribed in subparagraph (1) (i) of this paragraph for original transcripts. (See MS. Comp. Gen., B-11667, August 15, 1940.)

(3) *Words, how counted.* In determining the amounts due under the provisions of subparagraph (1) of this paragraph the following rules for counting words will govern:

(i) The abbreviations "Q." standing for the word "question", and "A", standing for the word "answer", and all dates, as "25th" and "1942", will each be counted as one word.

(ii) Punctuation marks will not be counted as words.

(iii) The certifying officer may determine the total number of words by counting the words on a sufficient number of pages to arrive at a fair average of words per page and multiplying such average by the total number of pages.

(iv) The number of pages, as well as the number of words, in each respective transcript for which compensation for copying is claimed will be shown on vouchers covering payments to reporters at piece-work rates. (See MS. Comp. Gen., A-44019, January 4, 1937.)

(e) *Mileage.* Except for such portion of the journey as is covered by transportation furnished in kind, a reporter is entitled to mileage for traveling from his home or usual place of employment to the court and for his return journey at rates prescribed in § 534.3 (a) (2) for civilian witnesses not in Government employ. If the reporter returns each night to his home he does not thereby become entitled to additional mileage unless the sessions of the court are held on nonconsecutive days. The fact that a reporter may serve two or more courts in the same day does not warrant a duplication of his mileage allowance.

(f) *Allowance in lieu of subsistence.* When the official of the court having control in such matters keeps the reporter at his own expense away from his usual place of employment for 24 hours or more on public business referred to the court, a per diem allowance of not to exceed $4 in lieu of subsistence will be paid to the reporter for himself. A like allowance when ordered by the court will be paid to the reporter for each necessary assistant.

The time for which the per diem allowance for expenses is to be paid will be computed in the manner prescribed in § 534.3 (a) (2) in the case of a civilian witness not in Government employ. The fact that a reporter returns each night to his home does not preclude the view that he is kept away from his usual place of employment for 24 hours.

Service as reporter before two or more courts in the same day does not warrant duplication of the per diem allowance in lieu of subsistence.

(g) *Constructive attendance.* A reporter duly employed, but who after arrival at court performs no service owing to adjournment, is entitled to mileage, to a day's pay, as prescribed in paragraph (b) of this section, for constructive attendance, and also to the per diem allowance prescribed in paragraph (f) of this section if kept away from his usual place of employment for 24 hours.

§ 534.3 *Witnesses—(a) Civilians.* (1) (i) Persons not subject to military law when called as witnesses are entitled to the fees and mileage allowed to witnesses attending courts of the United States.

(ii) When the court is sitting in a foreign country the commander of the theater of operations, defense command, department, base, service command, or task force within whose command the court is convened shall fix fees and allowances to be paid to witnesses, not in excess of the maximum rates permitted to witnesses attending the courts of the United States or the courts of the foreign country, whichever rates may be the higher. (MS Comp. Gen. B 28803, September 15, 1942, October 21, 1942.)

(2) (i) Witnesses (other than witnesses who are salaried employees of the Government, and detained witnesses) in the United States courts, who attend, shall be entitled to a per diem for each day of actual attendance and for each day necessarily occupied in traveling to attend court, and return home, and, in addition, mileage as hereinafter provided.

(ii) (*a*) Witnesses attending in such courts, shall receive for each day's attendance and for the time necessarily occupied in going to and returning from the same, $2 (but see subdivision (*b*) of this subdivision), and 5 cents per mile for going from his or her place of residence to the place of trial or hearing and 5 cents per mile for returning: *Provided*, That witnesses (other than witnesses who are salaried employees of the Government and detained witnesses) in the United States courts, who attend court at points so far removed from their respective residence as to prohibit return thereto from day to day, shall be entitled, in addition to the compensation provided by existing law, as modified by this act, to a per diem of $3 for expenses of subsistence for each day of actual attendance and for each day necessarily occupied in traveling to attend court and return home. In cases in which the United States is a party, witnesses on behalf of the United States shall be entitled to the payments provided by this section.

(b) The act of July 2, 1942 (56 Stat. 468) and other Department of Justice appropriation acts provided that no part of the sums therein appropriated shall be used to pay any witness more than one attendance fee for any one calendar day, which fee shall not exceed $1.50 except in the District of Alaska.

(iii) In Alaska such witnesses are entitled to the witness fees and mileage prescribed for witnesses before the United States district court in the judicial division in which the trial or hearing is held. In the Canal Zone such witnesses are entitled to the same witness fees and mileage as are prescribed for witnesses before the United States court in the Canal Zone.

(iv) In computing the mileage prescribed in subdivision (ii) of this subparagraph, travel must be estimated over the shortest usually traveled route (by established lines of railroad, stage, or steamer). Where, however, a witness by using his own automobile so reduces the time required for the round trip as to effect a definite saving in the matter of fees, he may be allowed mileage for the distance actually traveled by automobile provided the excess mileage does not exceed the saving in fees. (See 11 Comp. Gen. 60.) A civilian witness not in Government employ, when furnished transportation in kind by the Government, is entitled to 5 cents per mile less the cost of transportation furnished. A civilian witness residing within the jurisdiction of the court, who is subpoenaed and attends the trial in obedience to such subpoena, is entitled to mileage actually traveled by the shortest usually traveled route between his residence and the place of trial, regardless of whether both are in the same city. (See MS. Comp. Gen. A-28041, July 30, 1929.)

(v) In computing the per diem of $1.50 for travel and actual attendance and the per diem of $3 for expenses of subsistence, the calendar day beginning at midnight is the unit, and the per diems accrue from the time it is necessary for the witness to leave his home in order to arrive at the place of trial at the appointed time until the time he could arrive at his home by the first available transportation after his discharge from attendance, any fractional part of a day under such computation to be regarded as a day for per diem purposes. (See 5 Comp. Gen. 1028, as modified by 6 Comp. Gen. 480.)

(vi) A person attending as a witness in more than one case on the same day under a general subpoena to appear and testify is entitled to only one per diem of $1.50 for each day's attendance, but if separate subpoenas are issued in each case, the defendants being different, the witness is entitled to a separate per diem for actual attendance in each case. (See 3 Comp. Gen. 531, 7 Comp. Gen. 455, MS. Comp. Gen. A-31598, May 7, 1930.) The duplication of fees on account of attendance as witness in more than one case on the same day does not apply to the 5-cent mileage allowance nor to the per diem of $3 in lieu of subsistence.

(b) *Attendance before an officer taking a deposition.* A witness who is required to appear before an officer (civil or military) empowered to take depositions and there to give testimony under oath to be used before a court, is entitled for such service and for the necessary travel incident thereto, including return travel, to the allowances prescribed in paragraph (a) of this section the same as though his appearance were before a court. (See 8 Comp. Gen. 18.)

(c) *Attendance before military courts or boards of limited jurisdiction.* A subpoena or other compulsory process addressed to a civilian by a military court or board which has not express statutory

authority to issue such process, such as a board of officers convened to investigate and report upon the facts connected with the death of an enlisted man while on detached duty, is void and civilian witnesses who appear before such a board in response to such void process must be regarded as having done so voluntarily and are not entitled to witness fees, in the absence of a specific appropriation therefor. (See 8 Comp. Gen. 64.)

(d) *Tender of fees.* (1) The fees of such witness and his mileage, at the rates allowed to witnesses attending the courts of the United States (including fee for 1 day's actual attendance and mileage for the journey to and from the place where the witness is to appear under the subpoena) shall be duly paid or tendered said witness.

(2) The officer serving the subpoena for the appearance of a civilian witness before a general court martial, when ordered by proper authority, is entitled to reimbursement for fees and mileage necessarily advanced to the witness from personal funds at the time of the service, and there is no requirement that such advances be only by a disbursing officer, but the orders should be in writing, issued in advance of the payment directed and not confirmatory of the action previously taken, and a certified copy should be filed in support of the reimbursement voucher, as well as the cash receipt, evidencing actual payment. (See 18 Comp. Gen. 352.)

(e) *Expert.* (1) An expert witness employed in strict accordance with paragraph 99, Manual for Courts-Martial, 1928, may be paid compensation at the rate prescribed in advance by the official empowered to authorize his employment. If any defect exists in the manner of employment, payment of fees in excess of those prescribed in paragraphs (a) and (b) of this section will not be made by a disbursing officer.

(2) An expert while employed on behalf of the Government is an officer or employee of the United States within the laws affecting traveling and subsistence expenses of officers and employees of the Government generally. His traveling allowances are therefore subject to the limitations prescribed in the Subsistence Expense Act of 1926 and the Standardized Government Travel Regulations. (See 6 Comp. Gen. 712.)

(3) There is no authority for payment by the Government of fees to an expert, who was employed by an officer or employee of the Government to aid in the performance of his duties, other than an expert witness who actually appears as such. (See MS. Comp. Gen., A–34039, November 14, 1930.)

(f) *Essentials to payment of witness fees.* (1) A person who, although not subpoenaed, is present at a trial or hearing before a court or other body authorized to compel the attendance of witnesses by compulsory process, and who is compelled or required to testify at such hearing, is entitled to fees and mileage allowable to witnesses. (MS. Comp. Gen. A–49634, July 13, 1933.)

(2) A person who was neither subpoenaed nor requested to appear as a witness, but who voluntarily requested and was granted permission to testify to certain matters considered pertinent to an inquiry being conducted, is not entitled to mileage and witness fees. (See 9 Comp. Gen. 255.)

§ 534.4 *Interpreters.* An interpreter appointed under the provisions of the one hundred and fifteenth article of war (41 Stat. 810; 10 U. S. C. 1587) is entitled for his services as such to the allowances prescribed for witnesses.

§ 534.5 *Service of subpoena.* There being no fee or compensation prescribed by the laws of the United States for the service of a subpoena by a civilian, the fees and mileage allowed by the local law for similar services may be paid. If no specific fee or mileage is fixed by local law, reasonable allowances may be paid.

§ 534.6 *Taking of depositions.* (a) A civil officer before whom a deposition is taken may be paid the fees allowed by the law of the place where the deposition is taken (or a reasonable fee if no specific fee is fixed by local laws), but no mileage or other allowance for travel of the civil officer to the witness is provided for or authorized by law. (See 2 Comp. Gen. 65.)

(b) If the witness and the civil officer before whom the deposition is to be taken do not reside at the same place, the witness should be required to perform the necessary travel, and he is entitled to mileage or other travel allowance therefor as prescribed in § 534.3 (b).

(c) Where the service of one of the officers designated in the one hundred and fourteenth article of war (act of June 4, 1920, 41 Stat. 810; 10 U. S. C. 1586) is not available, fees may be paid to civil officers for administering oaths in matters relating to military administration, subject to the conditions indicated in paragraph (a) of this section.

§ 534.7 *Furnishing copies of official records or documents.* The fees provided by the local laws may be paid to the proper officials for furnishing such certified copies of public records or documents and expenses in connection with the procurement of photostatic copies, photographs, and negatives as are required by the court.

§ 534.8 *Compensation for attendance upon civil courts.* Compensation to civilians in or out of Government employ for attendance upon civil courts is not payable by Army disbursing officers.

VOUCHERS PERTAINING TO MONEY ACCOUNTS

§ 535.1 *Certification; general—*(a) *By creditor.* A voucher for funds disbursed will be made out in full before being certified by a public creditor. The original voucher must be signed and certified to in the space provided in the voucher form by the creditor or by his duly authorized agent, except that if a payee submits for payment an invoice or bill on which is shown the required certificate or certificates duly signed (see paragraph (b) of this section), such invoice or bill may be accepted if it constitutes a valid claim against the Government, and will be fastened securely to the voucher in lieu of stating the invoice or bill in detail on the voucher form and securing the payee's certificate thereon.

(b) *Vendor's certificate.* (1) The following certificate will be furnished by the vendor:

I certify that the above bill is correct and just; that payment therefor has not been received; that all statutory requirements as to American production and labor standards and all conditions of purchase applicable to the transactions have been complied with; and that State or local sales taxes are not included in the amounts billed.

(See MS. Comp. Gen. A–51607, A–49009, August 15, 1941, and MS. Comp. Gen. A–49009, December 12, 1941.)

(2) Where a contract for supplies is awarded on the basis of including State and local sales taxes in the purchase price without the deduction of an amount representing such taxes, the general certificate for vouchers and invoices prescribed in subparagraph (1) of this paragraph may be modified by eliminating therefrom the phrase "and that State or local sales taxes are not included in the amounts billed": *Provided*, That, in all cases where the legal incidence of such taxes is upon the vendee, appropriate steps are taken to obtain appropriate tax exemption certificates from the dealers. (See MS. Comp. Gen. B–22885, January 30, 1942.)

(3) The following procedure is prescribed for the certification of invoices and vouchers of contractors and their subcontractors under contract with the United States on a cost-plus-a-fixed-fee basis:

(i) The general certificate prescribed in subparagraph (1) of this paragraph will be used on "cost-plus-a-fixed-fee" contractors' and subcontractors' invoices and vouchers covering material or equipment which is exempt from taxation by the laws of States or ordinances of municipalities in which the material or equipment was procured.

(ii) For "cost-plus-a-fixed-fee" contractors' and subcontractors' invoices or vouchers covering transactions in States or municipalities which do not exempt the United States from taxation, the general certificate prescribed in subparagraph (1) of this paragraph will be used with the deletion, or noninclusion, of the statement "that State or local sales taxes are not included in the amounts billed." (See MS. Comp. Gen. A–51607, A–49009, February 9, 1942.)

(c) *Form in which vendor's certificate will be furnished.* The prescribed certificate may be printed, stamped, typed, or written on vendor's bill of sale or invoice and must be signed (in original only) by the vendor or its duly authorized representative. (See MS. Comp. Gen. A–51607, August 26, 1937, and A–51607, A–49009, August 15, 1941.) In cases where it is physically impossible to include the additional certificate on the face of the voucher or invoice, the certificate will be placed on the reverse of the voucher or invoice. Additional (separate) sheets for, duplicates, or copies of certifications only will not be accepted by the General Accounting Office. (See MS. Comp. Gen. A–51607, A–49009, April 2, 1938.) Under no conditions should the certificate on Government vouchers or on invoice forms to be attached to such vouchers be signed in blank or at any time prior to the submission of the voucher or invoice but only after delivery or performance by the claimant. To do so may result in the submission of a false claim against the Government for which the person signing the certificate may be held liable under the law. (See MS. Comp. Gen. A–51607, A–49009, April 2, 1938, June 2, 1938, and August 15, 1941.)

NOTE: The Comptroller General of the United States in his letter, A–51607, A–49009, August 15, 1941, stated that in order to avoid unnecessary delay and confusion in the payment of vouchers otherwise properly prepared it appeared desirable that until such time as vendors and contractors have had ample opportunity to become acquainted with the above-prescribed certificate, the various Government agencies and the General Accounting Office accept certifications that have heretofore been approved.

(d) *Zones to be stated on vouchers covering payments for gasoline under TPS contracts.* The zone in which delivery was made will be stated on vouchers covering payments for gasoline under TPS contracts, where such zone deliveries are specified in such contracts and noted on purchase orders or other procuring instruments.

§ 535.2 *Certification when payment made by check.* If payment is made by check to the order of any company (incorporated or unincorporated) or firm or individual by name, and the fact that the check has been so drawn is stated on the voucher, giving its number, date, amount, and United States depositary on which drawn, the certificate to the voucher may be signed by an officer, attorney, or agent of the company, or by an attorney or agent of the firm or individual, stating the capacity in which he signs, without filing with the voucher evidence of his authority to sign. In all such cases the disbursing officer will deliver the check to such person only who, to his satisfaction and by positive identification, is authorized by the principal to certify to the voucher and receive the check.

§ 535.3 *Certification and receipt when payment made in currency—*(a) *General.* Payment in currency will not be made to the holder of a power of attorney or to a holder of an instrument operating as a transfer or an assignment.

(b) *Payments to companies—*(1) *General.* If payment in currency is made to an incorporated or unincorporated company, the money will be delivered to and the voucher certified to and receipted by a duly authorized officer or agent of the company, the certificate and receipt to be signed with the company name, followed by the autograph signature of the officer, with his title, or of the agent to whom the money was delivered, and except as prescribed in subparagraph (2) of this paragraph the receipted voucher will be accompanied by evidence showing his authority. This evidence will consist of extracts from the articles of incorporation or association, the by-laws, or the minutes of the board of directors duly certified by the cutodian of such records (under the company seal, if there is one), showing that the signer is properly vested with authority to receive and receipt for money due the company.

(2) *Payments of small sums to corporations.* Receipts for small sums paid in currency to a corporation, such as a railroad, telegraph, turnpike, transfer, express, steamboat, hotel, newspaper, or ice company, for an occasional service rendered may be signed and the vouchers certified by the local agent in charge of the business of the company at the place where the service is rendered or where it begins or terminates. The certificate of the officer who made the payment that the person to whom payment was thus made was then the local agent of the company in charge of its business at the place designated will be sufficient evidence of the agent's authority to certify to the vouchers and to receipt for the money paid.

(c) *Payments to individuals or copartnerships doing business under company titles.* If payment in currency is made to an individual or to a copartnership doing business under a company title, the certificate and receipt will be signed with the company name, followed by the autograph signature of the individual proprietor or of one of the members of the firm with the words "proprietor" or "one of the proprietors" affixed thereto.

(d) *Payments to copartnerships doing business as such.* If payment in currency is made to a copartnership doing business as such, the certificate and receipt will be signed with the firm's usual signature by one of the members of the firm, who will be required to affix his own signature as "one of the firm."

(e) *Payments to individuals.* If payment in currency is made to an individual creditor, the certificate and receipt will be signed by him in person.

§ 535.4 *Signatures—*(a) *General.* The form of the signature to the certificate, and to the receipt when required, and the name of the person or business firm as entered at the head of an account must be literally alike.

(b) *When signed by "X".* When a signature is not written by the hand of the party, due to inability to write, and such signature is signed by mark "X", it must be witnessed by a disinterested party with his address. Such witness will be a commissioned officer when practicable.

(c) *In case of physical disability of person signing.* Where there is a mere physical inability to write on the part of a claimant and he causes his amanuensis to sign his name in his presence, such signature is regarded as a signing by the claimant. (See vol. II, Digest of Decisions, Second Comptroller of the Treasury, 1869–1884, par. 1109.) A physician's certificate as to the affliction should be filed with the first voucher. The signature of the amanuensis must be certified to by two witnesses.

(d) *In case of mental disability.* If a claimant is afflicted with a mental disability that disqualifies him from signing his name, the law requires the appointment of a committee or guardian. (See vol. II, Digest of Decisions, Second Comptroller of the Treasury, 1869–1884, par. 1109.)

(e) *Certified copies of court papers in cases of guardianship.* Certified copies of court papers appointing a guardian should be filed with the first voucher, and in future payments reference to such voucher, by number, should be made. If the payee is in an asylum, the superintendent's certificate that the payee was alive at the time payment was due should be filed with each voucher. The guardian should sign the name of the payee, followed by his own signature as guardian.

PAYMENTS UNDER CONTRACTS FORMAL AND INFORMAL

§ 535.5 *To whom payment may be made—*(a) *Other than lowest bidder.* Payment may be made to other than the lowest bidder where the award was made in accordance with current procurement procedures set forth in Subchapter G of this chapter.

(b) *Other than original contractor.* Payment may be made to other than the

original contractor when the rights under the contract have been validly assigned or transferred. See Subchapter G of this chapter. (Also see R. S. 3477; 31 U. S. C. 203; R. S. 3737; 41 U. S. C. 15; M. L. 1039, Sup. III, sec. 739; act of Oct. 9, 1940, 54 Stat. 1029; 31 U. S. C. 203; 41 U. S. C. 15)

§ 535.6 *When payment may be made*—(a) *Advances of public money prohibited.* Section 3648, Revised Statutes (31 U. S. C. 529), as amended by act of August 2, 1946 (60 Stat. 809) prohibits payments in advance of the delivery of supplies or rendition of service unless authorized by the appropriation concerned or other law. Purchases of coupon books for gasoline and oil are within the prohibition, and payment may not be made until the supplies are actually furnished. (See 8 Comp. Gen. 454.) For authorized exceptions to the general prohibition contained in section 3648, Revised Statutes, as amended see section 1 (c), act of July 2, 1940 (54 Stat. 712); as amended by section 103, act of September 9, 1940 (54 Stat. 875; 50 U. S. C. App. Sup. V, 1171); sec. 201, Title II, First War Powers Act December 18, 1941 (55 Stat. 839; 50 U. S. C. App., Sup. V, 611); Title I, Executive Order 9001, December 27, 1941, 3 CFR, Cum. Supp.

(b) *Procedure for making advance payments.* The procedure for effecting advance payments to contractors under the statutes and Executive order set forth in paragraph (a) of this section is set forth in Subchapter G of this chapter.

§ 535.7 *What payment is authorized*—(a) *Payments under contracts for indefinite quantities and unlimited amounts.* It has been stated that contracts for indefinite quantities are invalid. This is merely the statement of the general legal principle that the undertakings of the parties to a contract must be sufficiently definite to be capable of enforcement. Thus in 14 Comp. Gen. 446, it was stated that one of the first and most important requisites of a valid contract is that the terms thereof shall be certain definite, and specific and that, while it may not be possible to determine definitely the quantities which may be required under certain conditions, there appears no reason why there should not be an estimated quantity specified with a variance of 10, 20, or 25 percent. It has also been stated that contracts purporting to obligate the Government to pay unlimited amounts are not authorized. This statement reflects the principle that, with certain exceptions, no contract or purchase on behalf of the United States shall be made unless the same is authorized by law or is under an appropriation adequate to its fulfillment (R. S. 3732; 41 U. S. C. 11); whereas an obligation involving payment of an unlimited amount might exceed the appropriation. 15 Comp. Dec. 405, 407; 5 Comp. Gen. 450, 454. These principles do not invalidate the so-called "indefinite quantity contract" under which the contractor undertakes to furnish all of the actual requirements of a Government agency for a particular item and the Government agency in turn agrees to purchase from the contractor all of its requirements of that item during the specified period. See 19 Comp. Gen. 599. Likewise, these principles do not affect the validity of cost-plus-a-fixed-fee contracts expressly authorized by statute (sec. 2, act June 28, 1940 (54 Stat. 676; 50 U. S. C., App., 633); sec. 1, act July 2, 1940 (54 Stat. 712)), pursuant to which a contractor agrees to deliver a specified quantity of items or to perform a specified service, and the Government agrees to pay an undetermined amount to be computed by adding to the fixed fee the actual cost incurred.

(b) *Rates effective "until further notice".* In the absence of competition there is no objection to entering into agreements for public utilities service at stipulated rates "until further notice," without necessity for new agreements or annual renewals except to cover changes in rates or service, unless the interests of the Government require otherwise in a particular case, the original agreements and all changes to be filed in the General Accounting Office, and the vouchers to cite the agreement involved and bear a statement by a responsible officer of the public utility concerned as to the rates charged. Payment may not be made for service in an amount stipulated in a substitute agreement which is in excess of the rate stated in the original contract, effective "until further notice," prior to the date of actual receipt of the substitute agreement by the proper administrative representative of the Government. (See 15 Comp. Gen. 920; MS. Comp. Gen. A–65231, December 15, 1936.)

(c) *Customs duties on foreign purchases*—(1) *Duty free purchase.* The act approved June 30, 1914 (38 Stat. 399; 34 U. S. C. 568) authorized the Secretary of the Navy to make emergency purchases of war material abroad and provided that the same shall be admitted free of duty. By Executive Order 9177, dated May 30, 1942, this authority was extended to the Secretary of War and others.

(2) *Payment of customs duties.* Where the importation is not duty free the amount of the customs duty is properly chargeable to the same appropriation as the purchase, notwithstanding the fact that the importation and the purchase are in different fiscal years; the customs duty is not chargeable to the appropriation for the fiscal year in which the importation occurs (26 Comp. Dec. 610). Checks issued in payment of customs duties will be drawn payable to and forwarded to the Collector or Deputy Collector of Customs at the port where entry was made.

(3) *Philippine export tax.* No export tax shall be imposed or collected by the Philippines on articles exported to the United States. (See sec. 322, act of April 30, 1946, 60 Stat. 141.)

(d) *Taxes—Federal, State and local.* See Subchapter G of this chapter.

§ 535.8 *Adjustments*—(a) *Mistakes in contract price.* Where a contractor claims payment in addition to the contract price on the ground that a mistake was made in the contract price, consideration may be given to whether the contract should be amended in accordance with current procurement procedures set forth in Subchapter G of this chapter. In the event that the contract is amended in accordance therewith, payment will be made in accordance with the contract as amended. Otherwise, only the price specified in the contract will be paid and the contractor will be advised to present to the General Accounting Office any protests he may have in connection with the settlement as made.

(b) *Contract provisions for price adjustment.* The contract may contain provision for price adjustment. Payment will be made in accordance therewith.

(c) *Transportation costs*—(1) *Shipment from point nearer than f. o. b. point.* Shipment to the designated destination from a point nearer than the f. o. b. point does not entitle the contractor to the savings in freight charges over what the Government would have had to pay had shipment been from the f. o. b. point, even though the supplies cost the contractor more at the shipping point than they would have cost at the f. o. b. point. (See 3 Comp. Gen. 56.)

(2) *Land-grant deductions.* Effective October 1, 1946, land-grant deductions were discontinued except where transportation was specifically contracted for prior to such effective date.

(3) *Adjustments by General Accounting Office.* Where a contract requires the contractor to deliver at a point f. o. b. and provides that the Government may direct delivery to be made at other points, with an adjustment in the contract price corresponding to the resulting increase or decrease in the amount of the freight, a disbursing officer will not attempt to adjust the matter if the contractor refuses to accept payment on the usual basis and contends that he has paid transportation expenses which the Government was obligated to pay or that the deduction from the contract price sought to be made on account of freight paid by the Government is excessive. Such cases will be transmitted to the General Accounting Office for direct settlement as claims. (See 8 Comp. Gen. 500.)

(d) *Inferior goods.* Varying contract provisions are found dealing with goods that do not conform to specifications but are nevertheless retained and used by the Government. For instance, certain quartermaster contracts dealing with canned foods provide for deduction from the contract price and for cash reimbursement, in lieu of the right to reject and require replacement of defective cans. Other contracts provide that, if public necessity requires use of rejected goods not conforming to specifications, payment therefor shall be made at a proper reduction in price. Payment for rejected goods so retained and used has usually been on the basis of their reasonable value as distinguished from the contract price. (See Barry v. United States, 229 U. S. 47; Cor & Sons v. United States, 55 Ct. Cl. 7; 5 Comp. Gen. 993.) Where contract terms provide for payment of a lesser amount in the event that inferior goods are accepted under proper authority, payment may be made by disbursing officers on the basis of the determination of the contracting officer without reference to the Office of the Chief of Finance; *Provided*, there is received by the disbursing officer an invoice certified by the contractor in the reduced amount covering the inferior goods. In all cases where inferior goods are accepted at reduced prices, and the covering contract does not provide for such acceptance, the disbursing officer will submit the voucher for such reduced payment to the Office of the Chief of Finance for consideration.

(e) *Set-off.* The Government always has the right to set off against an amount due a claimant any sum the claimant owes the Government, either under the same or other contracts or obligations. See Barry v. United States, 229 U. S. 47; 37 Op. Atty. Gen. 215; 7 Comp. Gen. 186; 18 id. 524. The right of set-off does not apply to unliquidated demands, but the Government has the equitable right to withhold payment of moneys due under one contract to a contractor who is in default under another contract until his indebtedness thereunder can be liquidated. (See 7 Comp. Dec. 213.) Where a contract so provides, payment to an assignee shall not be subject to reduction or set-off for any indebtedness of the assignor arising independently of the assigned contract. See act October 9, 1940 (54 Stat. 1029; 31 U. S. C. 203; 41 U. S. C. 15)

(f) *Delay in performance*—(1) *When no damages provided for in contract.* (i) Where no specific provision is made in a contract for either liquidated or actual damages, the contractor is, upon failure to complete the contract within the specified time, chargeable with actual damages caused the Government by the delay, unless the delay is excusable under the provisions of the contract or under statutory provisions. Act May 31, 1941 (55 Stat. 236); sec. 301, act March 27, 1942 (56 Stat. 177; 50 U. S. C. App. 633).

(ii) Where there has been delay in performance under a contract which does not contain a provision for damages, the contracting officer will determine whether or not the delay resulted in actual damage to the Government.

(iii) In cases where the contracting officer has determined that the delay resulted in actual damage to the Government, the contracting officer will furnish for file with the voucher a statement of the damage resulting from the delay.

(iv) In cases where the contracting officer has determined that the delay did not result in actual damage, the contracting officer will not be required to furnish a certificate to that effect, except as hereinafter provided. In all cases where the voucher is not accompanied by a statement as to damages, it will be assumed that the contracting officer has determined that no actual damages resulted or that the contractor was not responsible for the delay, and the disbursing officer will make full payment of the voucher, if otherwise correct. If in any such case the General Accounting Office should, after payment of the voucher, request a certificate, the contracting officer will prepare and furnish a certificate that the delay did not result in any actual damage to the Government.

(2) *When actual damages provided for in contract.* Whenever under a contract containing provisions for actual damages the contracting officer determines that the failure to complete the contract within the specified time did not result in any actual damage to the Government, the provisions of subparagraph (1) (iv) of this paragraph will apply.

(3) *When liquidated damages provided for in contract*—(i) Whenever under a contract containing a liquidated damages clause, the contractor fails to perform within the stipulated period and the time is not extended or the liquidated damages waived, the disbursing officer will deduct the maximum amount of liquidated damages for which the contractor may be liable and claim credit for the net amount only, crediting the amount so deducted to the open allotment and project account for the reserve for settlement of claims subject to a determination whether all or part of the amount of liquidated damages withheld is due to the contractor and, if appropriate, the taking of repayment action. Except in such instances where repayments are made, amounts withheld on account of liquidated damages will not again become available for obligation or for payment by disbursing officers, and any protests made by the contractor against the deduction of liquidated damages will be forwarded, together with a statement of all payments made, citations to all vouchers, and a detailed statement from the contracting officer, through the Chief of Finance. Attention: Receipts and Disbursements Division, The Pentagon, Washington 25, D. C., to the General Accounting Office. (See 16 Comp. Gen. 374.)

(ii) Where a contract contains a liquidated damages clause based on the contract price and also contains an offer of discount for prompt payment, the liquidated damages should be deducted on the basis of the gross contract price and without regard to the discount. The discount is likewise to be computed on the gross contract price without regard to the amount of the liquidated damages.

(iii) Where a contract contains a liquidated damages clause based on the contract price, which price is subsequently modified, and also contains an offer of discount for prompt payment, the liquidated damages and the discount should each be computed on the basis of the modified contract price.

(iv) Where a contract contains a liquidated damages clause based on the contract price and also contains clauses providing for price reduction and for penalties, the liquidated damages should be computed on the price as revised but without regard to any penalties that may be assessed. (See 18 Comp. Gen. 784.)

(v) In the event that liquidated damages are credited to the open allotment account established for the reserve for settlement of claims, and subsequently it is determined that such amounts were withheld erroneously or are otherwise found to be due to the contractor, by reason of changes in the contract terms or by reason of any other procedures approved by appropriate authority providing for repayments of amounts so withheld, the amounts so determined to be payable may be certified on a payment voucher and charged to the open allotment account established for the reserve for settlement of claims under the applicable appropriation.

(g) *Disposition of amounts collected by reason of contractor's default.* Amounts collected on account of actual damages or excess costs charged to defaulting contractors should be credited to Miscellaneous Receipts (see MS. Comp. Gen. A 26073, March 20, 1929, August 8, 1929; 10 Comp. Gen. 510), but amounts refunded because of the rejection of unsatisfactory supplies may be credited to the appropriation from which the original payments were made. (See 8 Comp. Gen. 103.)

(h) *Violations of 8-hour law*—(1) *Disposition of amounts collected.* Amounts withheld from a contractor as a penalty for violation of the 8-hour law of June 19, 1912 (37 Stat. 137; 40 U. S. C. 324), are moneys collected for the use of the United States as specifically provided in said law, and, accordingly, are for depositing and covering into the Treasury as miscellaneous receipts as provided by sections 3617 and 3618, Revised Statutes. Such amounts, however, may be permitted to remain to the credit of the appropriation involved until such time as the right of appeal to the head of the department, as provided in the act of June 19, 1912, has expired (6 months), or until final action on such appeal in case same is duly filed. (See 10 Comp. Gen. 504.)

(2) *Suspension of law.* Because of the national emergency, Congress provided in section 5b, act of June 28, 1940 (54 Stat. 679), that the provisions of the 8-hour law should be suspended for work covered by Army, Navy, and Coast Guard contracts. This act was superseded by section 303, act September 9, 1940 (54 Stat. 884; 40 U. S. C. 325a), by the terms of which work in excess of 8 hours a day is now permitted upon compensation for all hours worked in excess of 8 hours per day at not less than one and one-half times the basic rate of pay. The effect of this latest statute is to reinstate the provisions of the act of 1912, and to provide a statutory waiver thereof where time and one-half is paid. Hence, if the contractor fails to pay such extra compensation, he still violates the 1912 statute and is subject to its penalties. (See 20 Comp. Gen. 233; id. 890; 21 id. 1110.)

(i) *Partial payments in doubtful cases.* Where a disbursing officer is in doubt as to the legality of a portion of the amount covered by a voucher which is before him for payment, only the amount in doubt will be withheld for submission to The Comptroller General or transmission to the General Accounting Office, and payment will be made to the contractor of such portion of the voucher as is not in question. Disbursing officers will consider such vouchers with a view to paying the maximum amount consistent with protection of the interests of the Government.

§ 535.9 *Payment where there is no valid contract*—(a) *Lost contract.* Where all executed copies of a contract have been lost, its contents may be proved by the production of the original proposal, a certified copy of its accept-

ance, and an unsigned copy of the contract, so as to authorize payment at the contract rates for supplies which have been actually delivered. (See 4 Comp. Dec. 82.)

(b) *Completed transactions.* When payment has been made and accepted under an agreement shown to be reasonable, but informally executed, the transaction is complete and both parties are bound thereby. (See 24 Comp. Dec. 226.)

(c) *Quantum meruit.* (1) Accounts covering supplies furnished or services rendered before the making of a contract, without a valid contract, or where otherwise settlement is on a quantum meruit basis, should be transmitted through the Chief of Finance to the General Accounting Office. (See MS. Comp. Dec. A. D. 4997, August 6, 1920.) For exception, see (3) below.

(2) The agreed price, if any, is prima facie but not conclusive evidence as to the amount of liability. (See 8 Comp. Dec. 526; 20 id. 437.)

(3) Notwithstanding the provisions of subparagraph (1) of this paragraph, a cost-plus-a-fixed-fee contractor may be reimbursed for proper expenses which were not included in the fixed fee and which were incurred in connection with expediting performance of work under the contract prior to its formal execution, but after verbal notification that the contract would be awarded. (See 21 Comp. Gen. 462.)

(4) Where a military order commandeered labor and property upon the terms and with compensation as set forth therein, and the parties to whom the order was directed could not have refused to obey it, the Government is liable on an implied contract to pay them on a quantum meruit basis the value of the labor, material, supplies and equipment furnished thereunder. Such an agreement may not be considered a contract within the meaning of that word, as used in statutes prohibiting the procurement of supplies or labor under contracts on a cost-plus-a-percentage-of-cost basis. However, in support of reimbursement vouchers, there should be furnished such evidence as will satisfactorily establish that the labor and materials involved were actually furnished pursuant to orders, and, where reimbursement is to be made for the actual cost thereof, evidence that the amounts claimed have actually been paid. (See MS. Comp. Gen. B 36873, October 16, 1943.)

PAYMENT UNDER LEASES

§ 535.10 *Who entitled to rental.* (a) The United States, having occupied land under a lease, can not avoid the payment of rent therefor by reason of any defect in the title of the lessor at the time the lease was made. (See 9 Comp. Dec. 593.)

(b) The United States, having occupied land owned by several tenants in common under an agreement with one of them, and without objection by the others, such tenant in common is entitled to receive the rent therefor. (See 9 Comp. Dec. 593.)

(c) When property leased to the United States is sold on one day and the deed of conveyance is executed on another day, the grantee is entitled to receive rental from said property only from and after the date of execution of the deed. (See 15 Comp. Dec. 195.)

(d) Where leased premises, under the lease of which the annual rental was payable in quarterly installments on the first days of October, January, April, and July, were sold under a mortgage foreclosure and the new owner took title November 23, the new owner is entitled to the rent for the whole quarter under the well-settled common-law rule that in such cases, the apportionment of rent is not allowable, as the rent does not accrue from day to day, but only accrues at the time it becomes due under the terms of the lease and is indivisible. (See Musselman v. U. S., 52 Ct. Cls. 436.)

§ 535.11 *Written agreement required.* A disbursing officer who charges in his accounts a payment for rent, unsupported by evidence of a contract fixing the rent to be paid, is not entitled to a credit therefor (5 Comp. Dec. 701). The General Accounting Office will refuse credit for vouchers paid for rent unless supported by a written agreement signed by both parties.

§ 535.12 *Computation of rent.* The provision in the act of April 28, 1904 (33 Stat. 513), for computing payments of annual or monthly compensation of officers, agents, and employees of the United States, has no application to contracts for the payment of monthly rental for leased premises, and payments for fractional parts of a month should be on the basis of the actual number of days in the month. In computing the time between two specified dates the general rule is to exclude the first and include the last date. (See 11 Comp. Dec. 494.)

§ 535.13 *Payment of rent in advance.* Payment of rent in advance, by the month, year or quarter, for naked lands leased to the Government, of which it has been placed in possession by the lessor, is in violation of R. S. 3648 (31 U. S. C. 529), and will not be recognized by the General Accounting Office. (See 23 Comp. Dec. 653.)

§ 535.14 *Payment of rent under improperly executed lease.* Where a writing in the form of a lease purporting to be entered into between the lessor and an officer of the Army on behalf of the Government, as lessee, was not signed on behalf of the Government or deposited in the General Accounting Office, as provided by R. S. 3743, 3744, and 3745 (41 U. S. C. 20, 16, 17), a stipulation therein contained that liquidated damages should be paid for all claims, costs of labor and materials, etc., reconstructing the premises as they were at the commencement of the tenancy, imposed no valid obligation upon the Government, and payment of the amount stipulated is not authorized. (See 26 Comp. Dec. 232.)

§ 535.15 *Payment for cost of improvement of rented premises.* The laying of conduits and wires in premises occupied by the United States under a lease from the owner is an improvement of the premises, and unless provision has been made in the lease for the making of such an improvement by the United States as a consideration in whole or in part for the use thereof, payment of the cost of such an improvement is not authorized. (See 6 Comp. Dec. 943.)

§ 535.16 *Payment of taxes on property.* Although taxes are not payable by the Federal Government as the owner of real property, they are properly payable as part of the rent when specifically included in the terms of the lease. (See 24 Comp. Dec. 705.)

§ 535.17 *Payment of rent in connection with termination of lease.* Under a lease for a year, where the rent was payable monthly, which provided that the tenancy might be terminated by giving 30 days' notice, a notice given on the 10th of a month does not become operative until the end of the ensuing month. (See 9 Comp. Dec. 366.)

PAYMENTS FOR TELEPHONE, TELEGRAPH AND TELETYPEWRITER SERVICE

§ 535.18 *Telephone service*—(a) *Rates, general.* Where a contract for the furnishing of telephone service to the Government provides for payment at legally established rates, payment for services currently rendered is authorized at the increased rates established by city ordinance after court determination of insufficiency or prior rates. (See 15 Comp. Gen. 896.)

(b) *Flash calls made by ground observers.* Flash calls made by ground observers in connections with Aircraft Warning Service may be billed as a group from a given point to a filter center, if such calls do not consume more than the minimum talking period. Where such calls consume more than the minimum talking period, they will be listed separately. (See MS. Comp. Gen., B 25280, April 28, 1942.)

(c) *Private residences.* Payment is unauthorized from public funds for the installation or rent of a telephone installed in a private residence irrespective of its use for official business, but long-distance tolls for messages received or transmitted over such telephone, strictly for the public business, may be so paid. (See also 15 Comp. Gen. 885.)

§ 535.19 *Telegraph service, rates*—(a) *Official messages.* The rates for communications by telegraph between the several departments of the Government and their officers and agents in their transmission over the lines of any telegraph company to which has been given the right-of-way, timber, or station lands from the public domain are fixed annually by the Federal Communications Commission pursuant to the provisions of section 5266, Revised Statutes, as amended.

(b) *Personal messages.* Administrative offices may increase amounts claimed for telegraph services by the difference between the Government rate billed and the commercial rate for messages of a personal nature where collection at the commercial rate, plus tax, has been made from the individual for whose benefit the services were rendered, and deposited in special deposit funds, provided the voucher shows the full cost of the telegrams at commercial rates is

being charged to the special deposit funds. (See 17 Comp. Gen. 873.)

§ 535.20 *Bills paid monthly*—(a) *General.* In general, all official telegrams will be charged to and paid for at the sending office on monthly bills, which will be submitted by the local telegraph office directly to the local commanding officer.

(b) *Supporting evidence.* (1) Telegraph bills will be supported by proofs of service which, except "Government collect" messages or telegrams of a confidential nature, will be original telegrams bearing the operator's original pencil notations or indorsement of transmission showing actual performance. (See 14 Comp. Gen. 825, 16 id. 217.) As to what constitutes an original within this rule, the basic reason for the requirement that the original be filed is to insure that the charges for transmission were correctly computed for the services actually rendered and to prevent duplicating payment of such charges. This is best accomplished by accompanying the voucher with the copies of the telegrams used for transmission, showing thereon the company notations with respect to the time filed, the number of words paid for, etc., such copies being commonly referred to as transmission or wire copy. It is immaterial for audit purposes whether the transmission or wire copies be written in long hand or consist of carbon copies; on the other hand, a ribbon copy not showing the transmission data would be of little, if any, use in auditing the charges. (See 21 Comp. Gen. 364.)

(2) If charges are included in monthly bills for messages received "Government collect," carbon copies will be accepted in support of the charges. (See MS. Comp. Gen. A-13067, December 18, 1935.)

(3) Vouchers for telegraph services furnished by a foreign government in transmitting alleged confidential messages in code may not be passed by the General Accounting Office upon a blanket certification that they were confidential, but copies of the telegrams in code and untranslated will be submitted in support of the account. (See 4 Comp. Gen. 860.)

(4) While the general rule is that claims for telegraphic services not of a confidential nature must be supported by the originals of the outgoing messages when presented for payment (subparagraph (1) of this paragraph, where the messages originate in a foreign country in which the transmitting company is not permitted by its regulations to surrender the originals, copies of the originals will be accepted in support of vouchers, provided appropriate steps are taken by the administrative office to prevent a duplicate payment for the same services. (See 21 Comp. Gen. 94.)

(5) (i) Bills for multiple-address telegram transmission services will be supported by evidence that the official message required to be sent was the message actually transmitted, that the message was in fact transmitted, and that the class of service rendered and charged for was that requested by the sender. Therefore a self-serving statement by a telegraph company official that the services were performed as requested cannot be accepted in lieu of the required data.

(ii) Where transmission of a multiple-address telegram is from the originally filed copy of the message, the voucher covering payment for the transmission services will be supported by such original and the list of addresses with appropriate data placed thereon at the time of transmission, but where transmission is from copies of such original, the copies containing the necessary data for a proper audit are required to be filed with the voucher. (See MS. Comp. Gen., B 28733, October 24, 1942.)

(6) (i) Where telegraph or cable service is rendered outside the continental United States under conditions which make it impossible for the contractor or the contracting officer to secure the original telegrams or cablegrams, vouchers may be supported by copies of the original telegrams or cablegrams, together with a certificate executed by the contractor and approved by the contracting officer, setting forth the circumstances in the case and the reason that the originals of the messages required by subparagraph (1) of this paragraph cannot be obtained.

(ii) Where the cost of a telegram or cablegram has been paid by a bank or similar agency and the expenditure is otherwise correct, a debit note, statement, or other similar document from the bank or similar agency may be accepted in support of the voucher if the contractor certifies that the amount is not in excess of the minimum cost for similar services, that the telegram or a copy thereof cannot be secured and the reason therefor and if the certificate is approved by the contracting officer.

(c) *Bills to be paid within 5 days.* Disbursing officers to whom bills are submitted for payment will settle such accounts within 5 days after receipt, making payment to the local telegraph office rendering the account. This will not be construed as authorizing payment when papers necessary to support the voucher are not in the possession of the disbursing officer.

(d) *Payment to initial company.* In settling accounts for telegrams which pass over the lines of more than one company (bond-aided excepted), payment may be made on the original telegram to the initial company for the entire service.

§ 535.21 *Teletypewriter service*—(a) *Certificate.* The general certificate prescribed in § 535.1 (b) is required.

(b) *Copies of teletypewriter messages not required.* Accounts for teletypewriter service need not be supported by the originals or copies of messages prescribed in § 535.20 (b) for official telegrams.

PAYMENT OF TRANSPORTATION ACCOUNTS

§ 535.22 *By whom paid*—(a) *Within continental limits of United States.* All transportation accounts pertaining to Department of the Army bills of lading and transportation requests issued for service to and from and within the continental limits of the United States and Alaska (except those payable from appropriations for civil functions of the Corps of Engineers) will be paid by the Finance Officer, U. S. Army, Transportation Division, Washington 25, D. C.

(b) *Outside continental limits of United States.* Transportation accounts pertaining to Department of the Army bills of lading and transportation requests issued for service within the Panama Canal, Hawaiian, Philippine, or Antilles Departments, and in foreign countries will be paid by a disbursing officer in the department or area concerned.

(c) *Officers of the Army detailed to the Navy, Marine Corps, or Coast Guard and officers of those services detailed to the Army for duty.* Payment of transportation accounts for packing, crating, drayage, unpacking, uncrating, and shipment of authorized baggage (household goods), or reimbursement therefor, for officers of the Army detailed to the Navy, Marine Corps, or Coast Guard and officers of those services detailed to the Army for duty, will be made by the designated disbursing officer or agent of the service issuing the orders. (For example: Upon initial detail of a Navy officer (under Navy orders) to the Army, payment of transportation accounts will be made by the Navy. Upon future movements of this detailed Navy officer, including relief from duty with the Army (under Army orders), payment of transportation accounts will be made by the designated Army disbursing officer.) The amount will be chargeable to the appropriation of the service issuing the orders and no transfer of funds is necessary.

(d) *Civil functions of the Corps of Engineers.* Accounts covering transportation payable from appropriations for civil functions of the Corps of Engineers will be paid by district officers of the Corps of Engineers specially designated to settle the accounts for the specific project.

§ 535.23 *To whom paid; responsibility and action in case of loss, destruction, or damage.* (a) Payment for transportation for freight or express will be made to the last carrier, unless otherwise provided in the bill of lading, and only for the quantity of property delivered at destination, except that in case of loss of weight by natural shrinkage en route the weight shipped as shown in the bill of lading will be paid for, provided the packages are delivered intact.

(b) The carrier will be held responsible for loss, destruction, or damage to property while in transit in accordance with discrepancy notations on bills of lading, unless the cancellation of any such notation is authorized by the consignee who made it or the carrier is relieved of such responsibility by a report of survey. Reports of survey submitted and approved pursuant to AR 35-6640[1] are the final authority under which common carriers are held responsible or relieved from responsibility.

(c) Loss, destruction, or damage for which the carrier is held responsible will be deducted in making settlement for services.

[1] Administrative regulations of the Department of the Army relative to lose, destroyed, damaged, or unserviceable property.

§ 535.25 *Action when transportation appears to have been furnished improperly.* If it appears to the paying officer that transportation has been improperly furnished by the issuing officer, he will make payment to the carrier for the service actually rendered, and will call upon the issuing officer for the authority upon which such transportation was furnished.

§ 535.26 *Payment when personal transportation lost or destroyed—(a) Lost or destroyed request.* Payment of transportation charges, where the original transportation request has been lost or destroyed may be made only when the provisions of Army Regulations pertaining to transportation requests have been accomplished.

(b) *Lost or destroyed ticket.* Where the passenger has lost or destroyed the ticket issued on a transportation request no refund can be secured from the carrier, nor can a new transportation request be issued for the same journey except as provided in Army Regulations pertaining to transportation requests.

§ 535.27 *Payment on bills of lading—(a) On original only.* Payment of transportation charges will ordinarily be made on the original accomplished Government bill of lading and never on memorandum copies or shipping orders.

(b) *When original lost.* Payment of transportation charges where the original bill of lading has been lost will be made on Standard Forms 1108 and 1108a (Certificate in Lieu of Lost U. S. Government Bill of Lading).

PROMPT PAYMENT OF BILLS AND ACCOUNTS

§ 535.28 *General.* Disbursing officers will not pay an account until it is due, but payments will be made promptly of all accounts as they become due and payable. Whenever a bill or a communication with reference to a bill is received, and it is not possible to make prompt payment, an acknowledgment will be sent to the firm or individual, advising of the status of the account. A form letter or a post card may be used for this purpose.

§ 535.29 *Cash discounts.* (a) In all cases of bills for the payment of which on or before a certain date or within a certain time a cash discount is offered, advantage will be taken of the offer of such discount and payment made on or prior to the date on which the discount feature expires, if possible to do so.

(b) In cases in which there is involved any question, as between the Government and the payee, of the right to deduct the discount, in the interest of making prompt payments, and to save the right of the Government to the discount if it subsequently should be determined to have been properly deductible at the time of payment, the discount should be deducted and payment of the balance tendered the payee, who, if not satisfied, may accept the payment under protest and file claim in the General Accounting Office, either directly or through military channels, for a refund of the amount deducted. (See 7 Comp. Gen. 537.)

(c) Where a contract for furnishing water provided for payment therefor at certain specified meter rates, with discount for prompt payment, the contractor is entitled to the full specified meter rates upon failure of the Government to make payment within the time specified for the allowance of discount. (See 12 Comp. Dec. 274, 16 Comp. Dec. 151.)

§ 535.30 *Partial payments.* Partial payments are authorized under a contract for construction of a number of airplanes and spare parts which provides for such payments as the work progresses and contains a provision that title to all property for which any partial payments are made prior to completion of the contract shall vest in the Government in its condition at the time the partial payments are made, notwithstanding a provision in the contract giving the Government the right to reject upon final inspection, such a provision not operating to divest the title acquired by the Government to the materials and supplies on which partial payments have been made. (See 1 Comp. Gen. 143.)

DERIVATION: AR 25–20, June 30, 1948.

GENERAL PROVISIONS

§ 536.1 *Definition.* The word "claims" as used in the regulations in this part refers to those demands for payment in money submitted in writing by individuals, partnerships, associations, or corporations, including countries, and states, territories, and other political subdivisions of such countries, but excluding the Federal Government of the United States and its instrumentalities, other than such demands for payments as arise under ordinary obligations incurred by the Army in the procurement of services or supplies. As to claims in favor of the United States, see §§ 537.3 to 537.5 inclusive.

§ 536.3 *Basic regulations to govern.* The general provisions of the regulations in this part so far as applicable, govern and will be followed in the investigation, processing, and disposition of all claims. However with respect to marine casualties, see § 536.44.

§ 536.4 *Statutory authority of the Department of the Army and the Army.* Authority to settle claims has by statute been granted to the Department of the Army and the Army, as shown in the following chart which will be used as a guide in determining which sections in this subchapter have application to any claim:

DEPARTMENT OF THE ARMY CHART

Sections	Statute	Provision	Coverage	Amount	Method of settlement	Personal injury	Personal property	Real property	Subrogation	Time limit	Remarks
536.12–536.23	Sec. 1, act 3 July 1943 (57 Stat. 372; 31 U. S. C. 223b), as amended by act 29 May 1945 (59 Stat. 225); act 28 June, 1946 (60 Stat. 332); act 26 July 1947 (61 Stat. 501); and as repealed in part by the Federal Tort Claims Act (60 Stat. 842; 28 U. S. C. 921).	Military claims provision.	Damage to or loss or destruction of property, or personal injury or death, caused by military personnel or civilian employees, or otherwise incident to noncombat activities of the Department of the Army, or of the Army, settlement of which under these provisions is not precluded by the Federal Tort Claims Act, infra.	$1,000 maximum, claims in excess of the maximum may be reported to Congress.	Approved by designee of Secretary of the Army, with appeal to the Secretary of the Army. Payment by local disbursing officer on certification by any authorized officer. § 536.6 *Action by claimant*—(a) *Claimant*—(1) *Claims for property damage, loss, or destruction.* Claims for damage to or loss or destruction of property may be presented by the owner of the property or his duly authorized agent or legal representative. The word "owner", as so used, includes bailees, lessees, mortgagors, and conditional vendees, but does not include mortgagees, conditional vendors, and others, having title for purposes of security only or subrogees. The claim, if filed by an agent or legal representative, should show the title or capacity of the person signing and be accompanied by evidence of the appointment of such person as agent, executor, administrator, guardian, or other fiduciary. The claim, if filed by a corporation, should show the title or capacity of the officer signing and be accompanied by evidence of his authority to act.

(2) *Claims for personal injury or death.* Claims for personal injury or death may be presented by the injured person or his duly authorized agent or legal representative. Claims for medical, hospital, and burial expenses, not presented by the injured person or his duly authorized agent or legal representative, may if it appears that no legal representative has been appointed be presented by any person who, by reason of family relationship, has in fact incurred the expenses for which claim is made.

(b) *Form of claim.* Claims should be submitted by presenting in triplicate a dated statement in writing stating the claimant's address and setting forth the definite amount of the claim and, so far as possible, the detailed facts and circumstances surrounding the accident or incident, indicating the date and place, the property and persons involved, the nature and extent of the damage, loss, destruction, or injury, and the agency which was the cause or occasion thereof, whether or not a suit has been filed in a United States District Court on the subject matter of the claim and if so, the outcome or status of such suit. Department of the Army forms will be used whenever practicable.

(c) *Evidence to be submitted by claimant*—(1) *General.* The amount claimed for damage to or loss or destruction of property, or for personal injury or death, must be substantiated by competent evidence.

(2) *Property damage.* In support of claims for damage to personal property which has been or can be economically repaired, the claimant should submit in triplicate an itemized signed statement or estimate of the cost of repairs; if not economically reparable, or if the property is lost or destroyed, the value thereof, both before and after the accident, should be stated. In support of claims for damage to land, trees, buildings, fences, and other improvements, and similar property, the claimant should submit an itemized signed statement or estimate of the cost of repairs; if not economically reparable, the value both before and after the accident, of the land damaged, or of the improvement or other property if it can be readily and fairly valued apart from the land, should be stated. In support of claims for damage to crops, the statement should show the number of acres, or other unit measure, of the crops damaged, the normal yield per unit, the gross amount which would have been realized from such normal yield, and an estimate of the further costs of cultivation, harvesting, and marketing; if the crop is one which need not be planted each year, the diminution in value of the land beyond the damage to the current year's crop should also be stated. All such statements or estimates should, if possible, be by disinterested competent witnesses, preferably reputable dealers of the type of property damaged. Such statements and estimates should be certified as just and correct; if payment has been made, itemized receipts evidencing payment should be included. In the case of claims for damage to or loss or destruction of registered or insured mail, the claimant should in addition submit, where possible, the registration or insurance receipt, or an attested copy thereof, showing the amount of fee and postage paid.

(3) *Personal injury.* In support of claims for personal injury or death, the claimant should submit in triplicate a written report by attending physician, showing the nature and extent of injury, the nature and extent of treatment, the degree of permanent disability, if any, the prognosis, and the period of hospitalization or incapacitation, attaching itemized bills for medical, hospital or burial expenses actually incurred, and, if claim is made for loss of earnings, a written report in triplicate by claimant's employer showing claimant's age, occupation, wage or salary, time lost from work, whether or not a full time employee, and actual period of employment by dates.

(d) *Signatures.* The claim and all other papers requiring the signature of the claimant should be signed by the claimant personally or by a duly authorized agent, and should show the given name, middle initial, if any, and surname. The signature of such claimant or agent should be identical throughout.

(e) *Place of filing.* The claim will be submitted to the commanding officer of the unit involved if known, otherwise to the commanding officer of any installation or other military establishment, if practicable the one within which or nearest to which the accident or incident occurred. If in a foreign country where no military forces are stationed, the claim may be submitted to the United States military attaché or United States air attaché.

§ 536.7 *Duties of claims officer*—(a) *Procedure.* In proceeding with the investigation and making his report the claims officer will:

(1) Consider all information and evidence obtained as the result of any previous inquiry or investigation of any aspect of the accident or incident.

(2) Conduct further independent investigation of the matter in a fair and impartial manner.

(3) Secure and consider testimony of all competent witnesses on pertinent facts.

(4) Claims against the United States will not be solicited. In the event inquiry is made as to the procedure whereby a claim may be filed, the person making the inquiry will be informed of the provisions of § 536.6 (d) and furnished appropriate forms and advised as to where they may be filed; furnishing the claimant forms bearing on the reverse a substantial copy of such provisions will constitute compliance with such requirement.

(5) Reduce to writing and prepare in triplicate all pertinent testimony and all other evidence taken or considered by the claims officer.

(6) Make certain that repair bills or estimates are certified, by the persons rendering them, as just and correct. If the bills have been paid, the payees should so certify.

(b) *Consolidation of claims in a single report.* When several claims are presented as the result of a single accident or incident, they should normally be incorporated in a single report. Any claims presented subsequently may be processed with reference to the report already filed.

(c) *Ascertainment of amount of damage*—(1) *Property damage, loss, or destruction.* (i) If the property has been or can be economically repaired, the measure of damage is the net cost, or estimated cost, as defined in subdivision (iii) of this subparagraph, of repairs necessary to restore the property to substantially the condition in which the property was immediately prior to the accident or incident, but not to exceed the value of the property immediately prior to the accident or incident less the value thereof immediately after the accident or incident.

(ii) If the property cannot be economically repaired, the measure of damage is the value of the property immediately prior to the accident or incident less the value thereof immediately after the accident or incident.

(iii) To determine the net cost, or estimated cost, of repairs under subdivision (i) of this subparagraph there should be deducted from the gross cost (actual or estimated) the value of any salvaged parts or materials, and the amount of any appreciation in value thereby effected; and there should be added to such gross cost the amount of any depreciation resulting; *Provided,* such deductions or additions are sufficiently substantial in amount to warrant consideration.

(iv) All such statements and estimates should if possible be by one or more disinterested competent witnesses, preferably reputable dealers of the type of property damaged, lost, or destroyed.

(v) Loss of use of damaged business, agricultural, or residential property which is economically reparable may, if claimed, be included as an additional item of damage to the extent of the reasonable expense actually incurred for appropriate substitute property but only for such period as is reasonably necessary for repairs and provided that idle substitute property of the claimant was not employed. When substitute property is not obtainable from others, other competent evidence such as rental value, if not speculative or remote, may be considered. When substitute property is reasonably available but is not obtained and used by the claimant, loss of use is not normally payable.

(vi) The measure of damage, in cases of total loss or destruction of registered or insured mail, is the value thereof immediately prior to the accident or incident plus, if claimed, the amount of any registration or insurance fee or other special fees and the amount of postage prepaid. In cases of damage only, or partial loss or destruction, the measure of damage is the value thereof immediately prior to the accident or incident less any salvage except that, if economically reparable, the measure of damage is the estimated or actual cost of repairs; no fees or prepaid postage are payable if actual delivery of the parcel or letter is made to the correct addressee.

(vii) The measure of damage in cases cognizable under the Federal Tort Claims Act is determined by the law of the place where the act or omission, out of which such damage arises, occurred. (See § 536.29.)

(2) *Personal injury or death.* (i) The measure of damage is as provided in the specific regulations under which the claim is payable.

(ii) All statements and estimates of medical, hospital, and burial expenses should be substantiated by the originals or copies of any bills rendered.

(3) *Excluded items.* Interest, cost of preparation of claims and securing supporting evidence, inconvenience, and similar items may not be included as elements of damage.

(4) *Recoveries from joint tort-feasors.* If the claimant has elected to proceed against a third party as a joint tort-feaser, any amount so collected in respect of items of damage which otherwise may property be included in the claim against the Government will be deducted from the amount which would otherwise be approved for payment.

(d) *Acceptance of amount recommended and advice to claimant.* The claims officer will not advise the claimant as to the action taken on his claim unless approval thereof in an amount less than the amount claimed is recommended, in which event the claimant will be advised that such recommendation is subject to approval or disapproval by higher authority and will be requested to execute an amended claim form in the amount recommended. If in such a case claimant is unwilling to execute the amended claim form, his reasons therefor stated in writing will be obtained, if possible. If not obtained, then the claims officer will include in his report a statement of the action taken by him and the results thereof. In no case will the claims officer advise the claimant that his claim has been or will be disapproved.

§ 536.8 *Claims not provided for under any law.* All claims the settlement of which is not provided for by any specific law or appropriation will be referred to a claims officer for investigation and report in a manner similar to that prescribed in § 536.7 with such modification thereof as the features of the particular case may warrant. Such claims, with related files and recommendations, will be forwarded promptly in triplicate, retaining only a card record thereof, by or through the commanding general of the army areas or air material area, or the command claims service, to The Judge Advocate General, Washington 25, D. C., for appropriate administrative action.

§ 536.9 *Transfers and assignments of claims.* All transfers and assignments made of any claim upon the United States, or of any part or share thereof, or interest therein, whether absolute or conditional, and all powers of attorney, orders, or other authorities for receiving any payment of any such claim, or of any part or share thereof, are (see R. S. 3477 (31 U. S. C. 203), as amended by the act of October 9, 1940 (54 Stat. 1029)) absolutely null and void, unless made after the issuing of a warrant for the payment thereof. The provisions of the statute, as amended, do not apply to assignments of claims by operation of law, as when a receiver or trustee in bankruptcy is appointed for an individual, firm or corporation, or an administrator for the estate of a deceased person; nor do they apply in any case in

which the moneys due from the United States or from any agency or department thereof, under a contract providing for payments aggregating $1,000 or more, are assigned to a bank, trust company, or other financing institution, including any Federal lending agency, under the conditions set forth in the act of October 9, 1940. (See §§ 535.5–535.9.)

§ 536.10 *Disclosure of information.* Except in the proper discharge of his official duties, no person in the military service or employed by the United States Army or the United States Air Forces, will furnish copies of official papers or give any information which can be used as the basis of a claim against the United States. Without prior approval of the office of The Judge Advocate General, claimants or their authorized representatives shall not be permitted to examine any part of the evidence of record except that submitted by such claimants.

CLAIMS FOR DAMAGE TO OR LOSS OR DESTRUCTION OF PROPERTY, OR FOR PERSONAL INJURY OR DEATH, INCIDENT TO NONCOMBAT ACTIVITIES OF DEPARTMENT OF THE ARMY OR OF THE ARMY

AUTHORITY: §§ 536.12 to 536.23 and §§ 536.25 to 536.29 issued under 41 Stat. 808, 55 Stat. 880, 57 Stat. 372; 10 U. S. C. 1577, 31 U. S. C. 223b, 224d.

DERIVATION: AR 25–25, Aug. 2, 1946; AR 25–80, May 29, 1945; AR 25–90, July 31, 1945; AR 25–100, May 29, 1945; AR 25–70, Jan. 1, 1947.

§ 536.12 *Claims for damage to or loss or destruction of property or for personal injury or death, caused by military personnel or civilian employees, or otherwise incident to noncombat activities of the Army, except those cognizable under the Federal Tort Claims Act*—(a) *General.* Claims, arising on or after May 27, 1941, except claims arising from negligent or wrongful acts or omissions accruing on or after January 1, 1945 and cognizable under Part 2, Federal Tort Claims Act (Title 4, 60 Stat. 842) for damage to or loss or destruction of real or personal property, or for reasonable medical, hospital, or burial expenses actually incurred on account of personal injury or death, caused by military personnel or civilian employees of the Army while acting within the scope of their employment, or otherwise incident to noncombat activities of the Army, including claims for damage to or loss or destruction or registered or insured mail while in the possession of the military authorities even though resulting from criminal acts, claims for damage to or loss or destruction of personal property bailed to the Government, and claims for damage to real property incident to the use and occupancy thereof under a lease, express or implied, or otherwise, and including claims of the foregoing categories arising out of civil works, are payable under the military claims provision provided they do not exceed $1,000.

(b) *Claims payable under prior regulations payable hereunder.* Any claim, not cognizable under Part 2, Federal Tort Claims Act, arising on or after May 27, 1941, formerly payable under provisions of law and regulations now superseded is payable under provisions of §§ 536.12–536.23, see, however, § 536.22 for special provisions as to subrogees.

(c) *Application to pending claims.* The provisions of §§ 536.12–536.23 apply to all claims otherwise within the scope thereof, not heretofore paid, arising out of accident or incidents occurring on or after May 27, 1941; see, however, § 536.22 (c) as to claims presented prior to July 3, 1943, if subrogation is involved. Claims arising out of accidents or incidents occurring prior to May 27, 1941, but otherwise within the scope of §§ 536.12–536.23, will be forwarded with related files and recommendations in triplicate, retaining only a card record thereof, by or through the commanding general of the army or air matériel area within the United States, its territories, and possessions, in which the accident or incident resulting in the claim occurred, or if within a theater of operations outside the continental limits of the United States by or through the command claims service, to The Judge Advocate General, Washington 25, D. C., for appropriate administrative action.

§ 536.13 *Acts or omissions*—(a) *Military personnel and civilian employees.* Military personnel and civilian employees whose acts or omissions may give rise to claims within the scope of these regulations include all military personnel and civilian employees of the Army, prisoners of war and interned enemy aliens engaged in labor for pay, and volunteer workers, and others, serving as employees of the Army even though without compensation.

(b) *Scope of employment.* Acts or omissions of military personnel and civilian employees may give rise to claims payable under the provisions of §§ 536.12–536.23 only if such acts or omissions occur while such military personnel or civilian employees are acting within the scope of their employment.

(c) *Proximate cause.* Claims for damage to or loss or destruction of property or for personal injury or death, proximately caused by willful, negligent, wrongful or otherwise tortious acts or omissions of military personnel or civilian employees acting within the scope of their employment, except those claims accruing on and after January 1, 1945 and cognizable under Part 2, Federal Tort Claims Act, are payable under the provisions of this section. Acts or omissions involving a lack of reasonable care are the usual basis of claims so payable. If the proximate cause of the accident or incident is the act or omission of persons other than military personnel or civilian employees, as defined in paragraph (a) of this section, the claim is not payable. If the proximate cause of the accident or incident is the joint, or concurrent tortious act or omission of military personnel or civilian employees and of one or more persons other than the claimant, his agent, or employee, the claim is payable except to the extent, if any, already paid by or on behalf of such other person or persons.

§ 536.14 *Claims*—(a) *Registered and insured mail.* Claims for damages to or loss or destruction of registered or insured mail while in the possession of the military authorities are within the scope of §§ 536.12–536.23 if caused by military personnel or civilian employees of the Army, even though resulting from criminal acts, or if otherwise incident to noncombat activities of the Army. Claims for damage, loss, or destruction occurring prior to delivery by the Post Office Department (for distribution to the addressee) to authorized military personnel or civilian employees of the Army (e. g., unit, battalion, or regimental mail clerks, and postal officers), but excluding military personnel serving and bonded to the Post Office Department, are not payable under the provisions of §§ 536.12–536.23; nor are claims arising after resumption of possession by the Post Office Department (e. g., for the purpose of forwarding to the addressee at a different address) and prior to redelivery to authorized military personnel or civilian employees of the Army charged with distribution to the addressee. "Minimum fee" insured mail carrying no insurance number and not requiring hand-to-hand receipts is not within the scope of this section.

(b) *Bailed personal property.* Claims for damages to or loss or destruction of personal property loaned, rented, or otherwise bailed to the Government under an agreement, express or implied, except those cognizable under Part 2, Federal Tort Claims Act, are payable under the provisions of §§ 536.12–536.23 even though legally enforceable against the Government as contract claims, unless by express agreement the bailor has assumed the risk of damage, loss, or destruction.

(c) *Use and occupancy of real property.* Claims for damage to real property incident to the use and occupancy thereof by the Government under a lease, express or implied, or otherwise, except those cognizable under Part 2, Federal Tort Claims Act, are payable under the provisions of §§ 536.12–536.23 even though legally enforceable against the Government as contract claims. Claims for rent of real property are not payable under §§ 536.12–536.23.

(d) *Contract claims.* Claims for damage to or loss or destruction of property founded in contract, express or implied, except those under paragraphs (b) and (c) of this section, are normally not payable under the provisions of the regulations in §§ 536.12–536.23. Any claim which is apparently within the provisions of the statute but appears to be founded in contract, express or implied, except claims under paragraphs (b) and (c) of this section, will be forwarded with related files and recommendations in triplicate, retaining only a card record thereof, by or through the commanding general of the army or matériel area or command claims service to The Judge Advocate General for appropriate administrative action.

(e) *Other noncombat activities.* Claims for damage to or loss or destruction of property, or for personal injury or death, not caused by negligent or wrongful acts or omissions of military personnel or civilian employees of the Army, are payable under the provisions of this paragraph if otherwise incident to the noncombat activities of the Army. Claims within the above category include claims for damage or injury arising out of, and which are natural or probable results or incidents of, maneuvers and special field exercises, practice firing of heavy guns, practice bombing, operation of aircraft and antiaircraft, use of barrage balloons, escape of horses, use of instrumentalities having latent mechanical defects not traceable to negligent acts or omissions, movement of combat vehicles or other vehicles designed especially for military use, and use and occupancy of real estate.

§ 536.15 *Contributory negligence.* Contributory negligence or wrongful act of the claimant, or of his agent or employee, acting within the scope of his employment, in whole or in part the proximate cause, bars a claim. Although the doctrine of comparative negligence is not applied, the law of the jurisdiction in which the accident or incident occurred will normally be followed in determining whether contributory negligence is present.

§ 536.16 *Claims under Foreign Claims Act.* Claims for damage to or loss or destruction of property, or for personal injury or death, arising out of accidents or incidents occuring in foreign countries which are cognizable under the provisions of the Foreign Claims Act (see § 536.26 and AR 25–90) are not within the provisions of §§ 536.12–536.23; claims within the scope of that act and which but for the existence thereof would be within the provisions of §§ 536.12–536.23, will be settled under that act, which has preemptive application. Subject, however, to the foregoing provision, there are no geographical limitations on the scope of application of §§ 536.12–536.23, for example, a claim arising in a foreign country which is not cognizable under the Foreign Claims Act because the claimant is not an inhabitant of the foreign country in which the accident or incident occurs may, if the claim is otherwise within the provisions of §§ 536.12–536.23, be paid hereunder. Claims, arising in foreign countries, of nationals of a country at war with the United States, or of any ally of such an enemy country, who are inhabitants of foreign countries may not be paid under the provisions of §§ 536.12–536.23, except as the approving authority or the local military commander determines that the claimants are friendly to the United States. (Sec. 1, 57 Stat. 372 as amended by sec. 4, 59 Stat. 225, 60 Stat. 332, 812; 31 U. S. C. Sup. 223b)

§ 536.17 *Claims of or pertaining to military personnel or civilian employees*—(a) *Property.* Claims for damage to or loss or destruction of personal property of military personnel or civilian employees of the Army occurring incident to their service will first be considered under the provisions of § 536.27, which, if applicable, take precedence over the provisions of §§ 536.12–536.23. Such claims found not to be payable under the provisions of § 536.27 may then be considered under the provisions of §§ 536.12–536.23 except those cognizable under Part 2, Federal Tort Claims Act. Claims of such personnel and employees for damage to or loss or destruction of property not incident to their service are payable under the provisions of §§ 536.12–536.23 on the same basis as are claims of persons not military personnel or civilian employees of the Army, except that claims of military personnel for clothing being worn at the time when damaged, lost, or destroyed, and claims by such persons for souvenirs, ornamental jewelry, or articles acquired to be disposed of as gifts are not payable under the provisions of §§ 536.12–536.23; and such claims of civilian employees are also not payable under the provisions of §§ 536.12–536.23 unless the claimant was, at the time of the occurrence, off duty and also at such time not subject to military law.

(b) *Injury or death of military personnel or civilian employees.* Claims for medical, hospital, and burial expenses on account of injury or death of military personnel or civilian employees of the Army will first be considered under the provisions of §§ 577.1–577.9 (Medical Attendance — General Provisions), §§ 577.40–577.46 (Dental Attendance), or §§ 536.50–536.53 (Burial Expenses); those of civilian employees, not within those regulations, may be within the jurisdiction of the United States Employees Compensation Commission under the provisions of the act of September 7, 1916 (39 Stat. 742; 5 U. S. C. 751), as amended. Claims of such personnel and employees for medical, hospital, and burial expenses not within the scope of the above-mentioned regulations or statute are payable under the provisions of §§ 536.12–536.23 on the same basis as are claims of persons not military personnel or civilian employees of the Army.

§ 536.18 *Depredation.* Claims for damage to or loss or destruction of property, by persons subject to military law, caused by riotous, violent, or disorderly conduct, or acts of depredation, willful misconduct, or such reckless disregard of property rights as to carry an implication of guilty intent, and payable under the provisions of Article of War 105, as set forth in § 536.25, are not payable under the provisions of §§ 536.12–536.23.

§ 536.19 *Combat activities.* Claims for damage to or loss or destruction of property, or for personal injury or death, resulting from action by the enemy, or resulting directly or indirectly from any act by armed forces engaged in combat, are not payable under the provisions of §§ 536.12–536.23.

§ 536.20 *Expenses; medical, hospital, or burial*—(a) *Medical expenses*—(1) *Included.* Items properly allowable include, if reasonably necessary and reasonable in amount and actually incurred:

(i) Transportation, by ambulance or otherwise, from the scene of the accident or incident to a physician or hospital, and to and from residence to physicians or hospitals, for examination or treatment.

(ii) Services performed by physicians, surgeons, dentists, laboratory technicians, anesthetists, masseurs, and registered and practical nurses.

(iii) Physiotherapy.

(iv) X-ray and roentgenological examination and treatment.

(v) Laboratory tests.

(vi) Medicines.

(vii) Other reasonably necessary medical expenses.

(2) *Excluded.* No amount may be allowed, as an item of the claim, for medical services furnished at the expense of the United States.

(b) *Hospital expenses*—(1) *Included.* Items properly allowable include, if reasonably necessary and reasonable in amount and actually incurred:

(i) Use of emergency and surgical rooms.

(ii) Room and board.

(iii) Anesthetics, medicines, laboratory feed, and dressings.

(iv) Payments to blood donors.

(v) Other reasonably necessary hospital expenses.

(2) *Excluded.* No amount may be allowed, as an item of the claim, for hospital services furnished at the expense of the United States.

(c) *Burial expenses*—(1) *Included.* Items properly allowable include, if reasonable in amount and actually incurred:

(i) Undertaker's services.

(ii) Casket.

(iii) Transportation.

(iv) Cemetery lot.

(v) Services of a minister, priest, or rabbi.

(vi) Interment or cremation.

(vii) Other reasonably necessary burial and funeral expenses.

(2) *Excluded.* No amount may be allowed, as an item of the claim, for any portion of the expense of burial otherwise paid by the United States.

§ 536.21 *Statute of limitations.* Claims must be presented in writing within 1 year after the occurrence of the accident or incident out of which the claim arises, except that if the accident or incident occurs in time of war, or if war intervenes within 1 year after its occurrence, a claim may, if good cause for the delay is shown, be presented within 1 year after peace is established.

§ 536.22 *Claims of subrogees*—(a) *Included.* Settlement will be made solely with the insured, rather than with the insurer or with both the insured and insurer, in cases of damage, loss, destruction, injury, or death covered by insurance. No inquiry will be made into, nor determination made of, the relative interests as between insured and insurer. The entire claim, including any portion thereof insured against, will be filed by or on behalf of the insured and payment of the entire amount approved will be made in the name of the insured. Evidence of authority to file a claim on behalf of the insured may be established by a power of attorney, insurance policy provision, or other documentary evidence satisfactory to the approving authority. The foregoing provisions will be equally applicable in cases of subrogation based other than on insurance.

(b) *Not included.* Claims by subrogees in their own right are not within

the scope of §§ 536.12–536.23 and will not be considered.

(c) *Claims presented prior to July 3, 1943.* The provisions of paragraphs (a) and (b) of this section will, however, be inapplicable to claims filed prior to July 3, 1943.

(d) In those claims cognizable under Part 2, Federal Tort Claims Act, the rights of subrogees are determined in accordance with the law of the place where the act or omission, out of which the claim arises, occurred.

§ 536.23 *Procedure*—(a) *Sections 536.1–536.10 applicable.* So far as applicable, the procedure set forth in §§ 536.1–536.10 will be followed as to claims within the provisions of AR 25–25.

(b) *Conditions of payment.* Prior to payment of any claim within the provisions of AR 25–25, each of the following conditions must be fulfilled:

(1) The amount of the damage, loss, or destruction, or the amount payable on account of personal injury or death, must be determined.

(2) The payment must not exceed $1,000, but claims in excess of that amount may be reported to Congress for consideration.

(3) Claims by subrogees will not be recognized except as an element of the subrogor's claim.

(4) The claim must normally be presented within 1 year after the occurrence of the accident or incident out of which the claim arises.

(5) Negligence or wrongful act of the claimant, in whole or in part the proximate cause, bars a claim.

(6) The claim must be approved in accordance with prescribed procedures or, on appeal, by the Secretary of the Army.

(7) The claimant must accept, in full satisfaction and final settlement, the amount approved if less than the full amount claimed.

(8) Claims payable under the provisions of Article of War 105 are not payable under the provisions of §§ 536.12–536.23.

(9) Foreign claims payable under the provisions of AR 25–90 are not payable under the provisions of §§ 536.12–536.23.

(10) Personnel claims payable under the provisions of § 536.27 are not payable under the provisions of §§ 536.12–536.23.

(11) Claims of military personnel or civilian employees for personal injury or death incident to their service are not payable under the provisions of §§ 536.12–536.23.

(12) Claims payable under the provisions of the Federal Tort Claims Act are not payable under the provisions of §§ 536.12–536.23.

(c) *Superseded provisions.* The act of July 3, 1943 (57 Stat. 372; 31 U. S. C., Sup., 223b), and the regulations in §§ 536.12–536.23 supersede several provisions of law and regulations but, any claim, arising on or after May 27, 1941, formerly payable under the superseded provisions is within the scope of §§ 536.12–536.23; see, however, the regulations of this section for special provisions as to subrogees.

§ 536.25 *Claims under the one hundred and fifth article of war*—(a) *Scope.* Claims for damage to or loss or destruction of property by persons subject to military law are subject to the limitations of paragraph (b) of this section, within the provisions of AW 105 (Sec. 1, Ch. II, act June 4, 1920, 41 Stat. 808; 10 U. S. C. 1577): *Provided*, Such damage, loss, or destruction is caused by riotous, violent, or disorderly conduct, or acts of depredation, willful misconduct, or such reckless disregard of property rights as to carry an implication of guilty intent.

(b) *Limitations of application*—(1) *Claims payable under other regulations.* Claims for damage to or loss or destruction of property which are payable under the provisions of regulations in §§ 536.12–536.23 and 536.26 are not payable under the provisions of the regulations in this section, and no stoppage of pay will be made under the provisions of this section to reimburse the Government for payments made under such other regulations.

(2) *Claims resulting from negligence.* Claims for damage to or loss or destruction of property resulting from simple negligence, whether or not within the scope of employment, are not payable under the provisions of this section.

(3) *Claims of subrogees.* Claims of subrogees are not within the provisions of the regulations in this section. Any portion of the claim covered by insurance will be disallowed.

(4) *Claims for personal injury or death.* Claims for personal injury or death are not payable under the provisions of the regulations in this section.

(5) *Acts or omissions within scope of employment.* Claims for damage to or loss or destruction of property resulting from acts or omissions while the offender is acting within the scope of his employment, even though otherwise within the scope of AW 105, are not payable under the provisions of the regulations in this section. (See §§ 536.12–536.23.)

(6) *Absence of riotous, violent, and disorderly conduct.* Claims arising from larceny, forgery, deceit, embezzlement, fraud, misappropriation, and misapplication, where the wrongful taking is accomplished under conditions of stealth, deception, trickery, or device, unaccompanied by riotous, violent, or disorderly conduct, are not payable under the provisions of the regulations in this section.

(7) *Government property.* Reimbursement for damage to or loss or destruction of property of the United States may not be required under the provisions of the regulations in this section.

(c) *Procedure*—(1) *Sections 536.1–536.10 applicable.* So far as applicable, the procedure set forth in §§ 536.1–536.10 will be followed as to claims within the provisions of the regulations in this section. The claims officer appointed under §§ 536.1–536.10 will constitute the board of officers under Article of War 105.

(d) *Conditions of payment.* Prior to payment of any claim within the provisions of the regulations in this section each of the following conditions must be fulfilled:

(1) Amount of the damage, loss, or destruction must be determined.

(2) Claim must relate to property only, not including property of the Government.

(3) Claims resulting from simple negligence will not be recognized.

(4) Riotous, violent, or disorderly conduct, or acts of depredation, willful misconduct, or reckless disregard of property rights, must be a proximate cause.

(5) Subrogation claims will not be recognized.

(6) Payment must be recommended in the claims officer's report and approved personally by the offender's commanding officer.

(7) Commanding officer personally must have ordered a stoppage of pay.

(8) Claims payable under the provisions of §§ 536.12–536.23 are not payable under the provisions of the regulations in this section.

(9) Foreign claims payable under the provisions of § 536.26 are not payable under the provisions of the regulations in this section.

(10) Personnel claims payable under the provisions of AR 25–100 (Claims of military personnel and civilian employees for property damaged, lost, destroyed, captured, or abandoned in the service) are not payable under the provisions of the regulations in this section. (41 Stat. 808; 10 U. S. C. 1577)

§ 536.26 *Claims for damage to or loss or destruction of property or for personal injury or death caused by Army forces in foreign countries*—(a) *Scope.* Claims for damage to or loss or destruction of real or personal property, and for personal injury or death, caused by Army forces, or individual members (whether military personnel or civilian employees) thereof, or otherwise incident to noncombat activities of such forces, in a foreign country to public property located therein or to the privately owned property, or to the persons, of inhabitants of such country are within the foreign claims provisions of the act of January 2, 1942 (55 Stat. 880), as amended by act of April 22, 1943 (57 Stat. 66; 31 U. S. C., Sup., 224d). The word "claims" as used in this section refers to those demands for payment submitted by individuals, partnerships, associations, or corporations, including foreign countries, and states, territories, and other political subdivisions of such countries, other than such demands for payment as arise under ordinary obligations incurred by the Army in the procurement of services or supplies.

(b) *Preemptive of other claims provisions.* Claims within the scope of the foreign claims provision and which but for the existence of that provision would be within the provision of §§ 536.12 to 536.23 or § 536.25 will be settled under the provisions of this section, which are preemptive of such other claims provisions.

(c) *Territorial application.* The provisions of the regulations in this section are applicable to claims arising out of accidents or incidents occurring in foreign countries, including territorial waters thereof. Claims arising at a place, within a foreign country, under the temporary or permanent jurisdiction of the United States may be approved hereunder if the claims are otherwise within the provisions of the regulations in this section.

(d) *Bailed personal property.* Claims for damage to or loss or destruction of personal property loaned, rented, or otherwise bailed to the Government under an agreement, express or implied, are payable under the provisions of the regulations of this section even though legally enforceable against the Government as contract claims, unless by express agreement the bailor has assumed the risk of damage, loss, or destruction; except as payment may be barred by the provisions of paragraph (k) of this section, the cause of loss is immaterial. Claims payable under this paragraph may, if deemed preferable as in the best interests of the Government, be processed as contract claims. Claims for rent of personal property are not payable under this section.

(e) *Use and occupancy of real property.* Claims for damage to real property incident to the use and occupancy thereof by the Government under a lease, express or implied, or otherwise, are payable under the provisions of the regulations of this section even though legally enforceable against the Government, as contract claims; payment may, however, be precluded by the provisions of paragraph (k) of this section. Claims payable under this paragraph may, if deemed preferable as in the best interests of the Government, be processed as contract claims. Claims for rent of real property are not payable under this section.

(f) *Other noncombat activities.* Claims for damage to or loss or destruction of property, or for personal injury or death, though not caused by acts or omissions of military personnel or civilian employees of the Army, are payable under the provisions of this paragraph if otherwise incident to the noncombat activities of the Army. In general the claims within the above category are those arising out of authorized activities which are peculiarly Army activities having little parallel in civilian pursuits and to situations which historically have been considered as furnishing a proper basis for the payment of claims. Included are claims where no particular act or omission on the part of military personnel or civilian employees is present or if present and though occurring within the scope of their employment is at least less obvious or less personal but where, because of the peculiar nature of the activity or of the resulting damage or injury, the burden of the loss should be borne rather by the Government than by the particular individual on whom the loss initially fell. Included also are claims arising out of activities such as those involving the use of explosives, whether or not involving negligent acts or omissions, of which damage or injury is a natural consequence. For example, included are claims for damage or injury arising out of, and which are natural or probable results or incidents of, maneuvers and special field exercises, practice firing of heavy guns, practice bombing, operation of aircraft and antiaircraft, use of barrage balloons, escape of horses, use of instrumentalities having latent mechanical defects not traceable to negligent acts or omissions, movement of combat vehicles or other vehicles, designed especially for military use, and use and occupancy of real estate.

(g) *Elements of damage in case of personal injury and death.* Actual and reasonable medical and hospital expenses, reasonable compensation for physical pain and suffering, and loss of earning capacity may be paid in cases of personal injury. If death results, actual and reasonable burial expenses and reasonable compensation for loss of prospective support may also be allowed. In computing damages in cases of personal injury or death, local standards will be taken into consideration. In case of death, only one claim arises; the amount awarded therefor will be apportioned among the beneficiaries, and in the proportions, prescribed by the law or custom of the place in which the claim arises.

(h) *Persons excluded as claimants.* The following classes of claimants are among those excluded:

(1) Persons not inhabitants of the country in which the claim arises. The word "inhabitant" as used in this section refers only to those who dwell or reside in the country in which the claim arises. Citizenship of, or legal domicile in, such country is not required; transients having no abode or dwelling place in such country are not included. An inhabitant of any dominion, state, province, colony, territory, or possession constituting a part of a foreign country will be deemed an inhabitant of such foreign country within the meaning of this section as to a claim arising in any part of such country. The status of the decedent will control in cases of claims based on death.

(2) Military personnel of the United States.

(3) Nationals of a country at war with the United States, or of any ally of such enemy country, except as the foreign claims commission considering the claim, or the local military commander shall determine that the claimant is friendly to the United States.

(4) United States citizens not inhabitants of the country in which the claim arises.

(i) *Claims excluded.* The following classes of claims are excluded: Claims purely contractual in character; private contractual and domestic obligations of individual military personnel or civilian employees; claims based solely on compassionate grounds; bastardy claims; claims for patent infringement; claims arising in the Philippine Islands out of acts or omissions outside the scope of employment of personnel of the Philippine Army called into the service of the armed forces of the United States or other Philippine personnel; and workmen's compensation claims. If the claim is within the scope of any provision made for the payment of workmen's compensation claims (United States Employees' Compensation Act of September 7, 1916, as amended, or Longshoremen's and Harbor Workers' Compensation Act of March 4, 1927, as amended, or local law or custom), such specific remedy is exclusive; if, however, there is no compensation provision, or if the claim is not within the scope of any such provision, such claim may be considered under this section.

(j) *Contributory negligence.* No claim will be allowed where the damage, loss, destruction, injury or death is proximately caused in whole or in part by negligence or wrongful act on the part of the claimant, his agent, or employee, unless under the law or custom of the place where the claim arises such negligence or wrongful act is not recognized generally as a bar to recovery on tort claims, in which case such local law or custom will be applied so far as practicable in determining the effect of such negligence or wrongful act. Such local law or custom will normally be followed in determining whether contributory negligence, if pertinent, is present.

(k) *Combat activities.* Claims for damage to or loss or destruction of property, or for personal injury or death, resulting from action by the enemy, or resulting directly or indirectly from any act by armed forces engaged in combat, are not payable under the Foreign Claims Act.

(l) *Claims of subrogees.* Settlement will be made solely with the insured, rather than with the insurer or with both the insured and the insurer, in cases of damage, loss, destruction, injury, or death covered by insurance. No inquiry will be made into, nor determination made of, the relative interests as between insured and insurer. The entire claim, including any portion thereof insured against, will be filed by or on behalf of the insured and payment of the entire amount allowed will be made in the name of the insured. Evidence of authority to file a claim on behalf of the insured may be established by a power of attorney, insurance policy provision, or other documentary evidence satisfactory to the Foreign Claims Commission. The foregoing provisions will be equally applicable in cases of subrogation based other than on insurance. Claims by subrogees in their own right are not within the scope of this section and will not be considered.

(m) *Claims within provisions of other regulations.* Claims for damage to or loss or destruction of property, or for personal injury or death, arising out of accidents or incidents occurring in foreign countries but not within the provisions of the regulations of this section for the reason that the claimant is not an inhabitant of the country in which the accident or incident occurred or for any other reason may be processed under the military claims provision (§§ 536.12 to 536.23), Article of War 105 (§ 536.25) or the personnel claims provision (§ 536.27) if applicable. Claims for damage to or loss or destruction of personal property of military personnel or civilian employees of the Army occurring incident to their service will first be considered under the provisions of § 536.27 even though the claimant is an inhabitant of the country in which the accident occurred; the provisions of § 536.27, if applicable, take precedence over the provisions of the regulations in this section. Such claims of civilian employees, but not of military personnel, found not to be payable under the provisions of § 536.27 may then be considered under the provisions of the regulations in this section. Claims of such employees for

damage to or loss or destruction of property not incident to their service are payable under the provisions of this section on the same basis as are claims of persons not civilian employees of the Army, except that claims of civilian employees for clothing being worn at the time when damaged, lost, or destroyed, and claims by such persons for souvenirs, ornamental jewelry, or articles acquired to be disposed of as gifts are not payable under the provisions of this section unless the claimant was, at the time of the occurrence, off duty and also at such time not subject to military law.

(n) *Statute of limitations.* No claim may be paid under the Foreign Claims Act unless presented within 1 year after the occurrence of the accident or incident out of which such claim arises except that claims arising out of accidents or incidents occurring after December 6, 1941, but prior to May 1, 1943, may be presented at any time prior to May 1, 1944. Any claim not in excess of $1,000 arising out of an accident or incident occurring on or after May 27, 1941, and prior to December 7, 1941, is barred unless it was presented within 1 year after the date of such accident or incident. Claims, regardless of amount, arising out of accidents or incidents occurring subsequent to December 6, 1941, but prior to May 1, 1943, may be presented at any time prior to May 1, 1944.

(o) *Foreign claims commissions.* It is the policy of the Department of the Army to provide one or more foreign claims commissions for each foreign theater of operations, base, or comparable command in which claims against the Government within the provisions of this section may arise. A sufficient number of commissions will be appointed to permit the prompt and final settlement of claims within practicable contact with the points where the claims originate. Commissions will be appointed by the Secretary of the Army or may be appointed by the Commanding General of any foreign theater.

(p) *Procedure*—(1) *Sections 536.1 to 536.10 generaly applicable.* So far as not inconsistent with the provisions of this section, the procedure set forth in §§ 536.1–536.10 will be followed as to claims within the provisions of this section. Investigation of claims arising out of accidents or incidents occurring in foreign countries, and of accidents and incidents occurring in foreign countries which may give rise to claims, whether within the foreign claims provision, or apparently within the provisions of other regulations (see §§ 536.12 to 536.23, 536.25, and 536.27) or the payment of which is not provided for by any statute or regulation, will be conducted in a manner similar to that prescribed in §§ 536.1–536.10, and will be of the scope, completeness, and character directed therein to the extent that the exigencies of the service will permit. Direct correspondence within the command claims service, and between officers of the command claims service and other personnel within the command, is authorized. Any claim will be considered if it states substantially the material facts with such definiteness as to give reasonable notice of the time, place, and nature of the accident or incident out of which the claim arose and an estimate or statement of the damage, loss, or destruction, and the amount claimed on account of personal injury or death, resulting. The claim should, before approval, be signed by or on behalf of the claimant and should, if practicable, be under oath.

(q) *Conditions of payment.* Prior to payment of any claim within the foreign claims provision each of the following conditions must be fulfilled:

(1) The amount of the damage, loss, or destruction, or the amount payable on account of the injury or death, must be determined.

(2) The payment must not exceed $5,000, but claims in excess of that amount may be reported to Congress for consideration.

(3) The claim must be presented within 1 year after the occurrence of the accident or incident out of which the claim arises.

(4) Claims by subrogees will not be recognized except as an element of the subrogor's claim.

(5) Negligence or wrongful act of the claimant, in whole or in part the proximate cause, bars a claim unless not a bar to recovery on tort claims under local law or custom.

(6) The damage, loss, destruction, injury, or death must not have resulted from action by the enemy or directly or indirectly from any act by armed forces engaged in combat.

(7) The property lost, damaged, or destroyed must belong to an inhabitant of the foreign country in which the accident or incident occurred, or belong to the country itself or a political subdivision thereof.

(8) The injury or death must be to an inhabitant of the foreign country where the accident or incident occurred.

(9) If the claimant is a national of a country at war with the United States, or of any ally of such enemy country, there must be a determination by the foreign claims commission or by the local military commander that the claimant is friendly to the United States.

(10) The claim must be approved by a foreign claims commission and, if in excess of $2,500, must be approved by the theater, base, or comparable commander or The Judge Advocate General.

(11) The claimant must accept, in full satisfaction and final settlement, the amount approved if less than the full amount claimed. (55 Stat. 880, as amended; 31 U. S. C. Sup., 224d)

§ 536.27 *Claims of military personnel and civilian employees for property damaged, lost, destroyed, captured, or abandoned in the service*—(a) *Scope.* Claims of military personnel and of civilian employees of the Army for damage to or loss, destruction, capture, or abandonment of personal property, reasonable, useful, necessary, or proper under the attendant circumstances, occurring incident to their service. Claims within the scope of the Military Personnel Claims Act of 1945 and this section and which would otherwise be within the provisions of §§ 536.12–536.23, 536.25 and 536.32 will be settled under the provisions of this section.

(b) *Classes of claims payable.* Claims are payable under the provisions of this section when damage, loss, destruction, capture, or abandonment of personal property occurs under any of the following circumstances:

(1) *Saving Government property or human life.* Where property is damaged, lost, destroyed, or abandoned in consequence of the claimant having given his attention to the saving of property belonging to the United States or to the saving of human life of another: *Provided*, such Government property or such human life was in danger at the same time and under similar circumstances and the situation was such that the claimant could have saved all or part of the property in relation to which claim is made if he had elected to do so.

(2) *Being engaged in military duties in connection with the disaster.* Where property is damaged, lost, destroyed, or abandoned while the claimant was engaged in the performance of authorized military duties in connection with the disaster in which such damage, loss, destruction, or abandonment occurred, provided the situation was such that the claimant could have saved all or part of the property in relation to which claim is made if he had not been engaged in the performance of such military duties.

(3) *Property endangered by efforts to save Government property or human life.* Where property becomes endangered in consequence of the claimant giving his attention to the saving of property belonging to the United States or to the saving of human life of another and as a result thereof is damaged, lost, destroyed, or abandoned.

(4) *Performing military duties in connection with civil disturbance, public disaster, or disorders.* Where property is damaged, lost, destroyed, or abandoned in consequence of the claimant performing military duties in connection with civil disturbance, with public disaster, or with disorders involving persons subject to military law.

(5) *Property subjected to extraordinary risks.* Where property is damaged, lost, destroyed, or abandoned as a direct result of extraordinary risks to which it has been necessarily subjected in consequence of the performance by the claimant of noncombat military duties.

(6) *Marine disaster.* Where property is damaged, lost, destroyed, or abandoned incident to the service of the claimant in consequence of shipwreck, fire on board, collision, sinking, capsizing, or stranding of a vessel, or perils of the sea.

(7) *Aircraft disaster.* Where property is damaged, lost, destroyed, or abandoned incident to the service of the claimant in consequence of hazards in connection with aircraft.

(8) *Property furnished to others.* Where property is damaged, or lost to the claimant, in consequence of the claimant having furnished it, at the direction or request of superior authority or by reason of military necessity, to others in immediate and urgent need thereof.

(9) *Property used for benefit of Government.* Where property is damaged, lost, destroyed, or abandoned while being used, or held for use, for the benefit of the Government at the direction or request of superior authority or by reason of military necessity.

(10) *Property located at quarters or other authorized places.* Where property is damaged or destroyed by fire, flood, hurricane, or other serious occurrence, while located at:

(i) Quarters wherever situated, occupied by the claimant, which were assigned to him, or otherwise provided in kind, by the Government; or

(ii) Quarters not within continental United States, occupied by the claimant, but not assigned to him, or otherwise provided in kind, by the Government (for the purposes hereof Alaska is deemed to be not within continental United States), except where the claimant, if a civilian employee, is a local inhabitant or not a national of the United States; or

(iii) Any warehouse, office, hospital, baggage dump, or other place (except quarters, but see subdivisions (i) and (ii) of this subparagraph), designated by superior authority for the reception of the property.

(11) *Transportation losses.* Where property, including baggage checked or in personal custody, is damaged, lost or destroyed incident to transportation by a carrier, an agent or agency of the Government, or private conveyance:

(i) When shipped under order; or

(ii) In connection with travel under orders irrespective of the purpose of such travel; or

(iii) In connection with travel in performance of military duty with or without troops.

Such claims may be approved only to the extent of the weight limit of the claimant's regulation allowance of baggage permitted to be shipped at Government expense.

(12) *Negligence of the Government.* Where property is damaged, lost, destroyed, or abandoned incident to the service of the claimant and a proximate cause of such damage, loss, destruction, or abandonment was the negligent act or omission of agents or employees of the Government acting within the scope of their employment; *Provided*, Claims which are cognizable under the Federal Tort Claims Act of August 2, 1946 (60 Stat. 812) are not payable under these regulations for the reason that the remedy provided by the Federal Tort Claims Act is exclusive with respect to claims within its purview. See §§ 536.12–536.23 and 536.26, in cases where the provisions of this part are not applicable.

(13) *Abandonment or destruction.* Where property is abandoned or destroyed:

(i) By order of superior authority, or

(ii) By reason of military emergency requiring such abandonment or destruction: *Provided*, if the claimant is a civilian employee not subject to military law, the abandonment or destruction occurred incident to the service of the claimant.

(14) *Enemy action.* Where property is damaged, destroyed, or captured by the enemy or is destroyed to prevent its falling into the hands of the enemy: *Provided*, if the claimant is a civilian employee not subject to military law, the damage, destruction, or capture occurred incident to the service of the claimant.

(15) *Lost in the field during campaign.* Where property is damaged, lost, destroyed, captured, or abandoned in the field incident to combat or to movement which is part of a combat mission: *Provided*, if the claimant is a civilian employee not subject to military law, the damage, loss, destruction, capture, or abandonment occurred incident to the service of the claimant.

(16) *Belligerent activities.* Where property is damaged, lost, destroyed, captured, or abandoned by reason of hostile or belligerent activities in the course of warfare to which the United States is not a party, confiscation, guerilla activity, or organized brigandage, in a foreign country in which the claimant is present by reason of the performance of his duties for the Government of the United States: *Provided*, if the claimant is a civilian employee not subject to military law, the damage, loss, destruction, capture, or abandonment occurred incident to the service of the claimant.

NOTE: Any particular claim may be within one or more of the above classes. Civilian employees subject to military law are for the purposes of this section considered as military personnel. Claims of military personnel, and civilian employees subject to military law, based on subparagraphs (1) to (5), (8) to (11), or (13) to (16) of this paragraph are always incident to service. Claims of all personnel based on subparagraphs (6), (7), or (12) of this paragraph are payable only if the damage, loss, destruction, capture or abandonment occurred incident to the service of the claimant. Claims of civilian employees not subject to military law based on subparagraphs (1) or (3) or (6) to (16) of this paragraph are payable only if the damage, loss, destruction, capture, or abandonment occurred incident to the service of the claimant. Subparagraphs (2), (4), and (5) of this paragraph are not applicable to claims of civilian employees not subject to military law.

(c) *Claims not payable.* Claims otherwise within the scope of paragraph (b) are nevertheless not payable under the provisions of this section (but see §§ 536.12–536.23, 536.25 and 536.26) when the damage, loss, destruction, capture, or abandonment involves any of the following classes of property or when losses occur under any of the following circumstances:

(1) *Clothing being worn.* Clothing being worn at the time when damaged, lost, or destroyed.

(2) *Unserviceable property.* Worn-out or unserviceable property.

(3) *Souvenirs, etc.* Souvenirs, ornamental jewelry, and articles acquired to be disposed of as gifts.

(4) *Intangible property.* Chooses-in-action, or evidences thereof, such as bank books, checks, promissory notes, stock certificates, bonds, bills of lading, warehouse receipts, baggage checks, insurance policies, money orders, and travelers' checks.

(5) *Government property.* Property owned by the United States, except such property for which the claimant is responsible to an agency of the Government other than the Army.

(6) *Non-personal items.* Property not personal to the use of the claimant, such as wearing apparel of other members of the claimant's household.

(7) *Motor vehicles.* Motor vehicles, of any type, except in cases where the damage, loss, destruction, capture, or abandonment occurred prior to July 1, 1942.

(8) *Enemy property.* Property of civilian employees who are nationals of a country at war with the United States, or of any ally of such enemy country, except as it is determined that the claimant is friendly to the United States; property of prisoners of war or interned enemy aliens; and property of civilian employees of questionable loyalty to the United States or who have collaborated with an enemy, or with an ally of an enemy, of the United States.

(9) *Losses of subrogees.* Losses of insurers and other subrogees.

(10) *Losses recoverable from insurer.* Losses, or any portion thereof, which have been recovered or are recoverable from an insurer. See paragraphs (k) and (l) of this section.

(11) *Losses recoverable from carrier.* Losses, or any portions thereof, which have been recovered or are recoverable from a carrier. See paragraphs (h) to (m) of this section.

(12) *Losses in quarters.* Where damage, loss, destruction, capture, or abandonment occurs at quarters occupied by the claimant within continental United States (excluding Alaska) which are not assigned to him, or otherwise provided in kind, by the Government.

(13) *Losses of seamen.* Losses of merchant seamen, and of Army seamen, to any part of which marine or war risk insurance issued by War Shipping Administration is applicable.

(14) *Contractual coverage.* Losses, or any portions thereof, which have been recovered or are recoverable pursuant to contract.

(15) *Negligence of claimant.* Where the damage, loss, destruction, capture, or abandonment was caused in whole or in part by any negligence or wrongful act on the part of the claimant, or of his agent or employee acting within the scope of his employment.

(16) *Losses concurrent with or after death.* Property damaged, lost, destroyed, captured, or abandoned concurrently with or subsequent to death.

(17) *Federal Tort Claims Act.* Claims cognizable under the provisions of the Federal Tort Claims Act of 2 August 1946 (60 Stat. 812). (See § 536.29.)

NOTE: Property, or the circumstances under which damage, loss, destruction, capture, or abandonment occurs, may be within one or more of the above categories.

(d) *Type and quantity of property.* Claims are payable under this section only for the damage, loss, destruction, capture, or abandonment of such types of tangible personal property including money, and such quantities or amounts thereof, as shall be determined by the approving authority to be reasonable, useful, necessary, or proper under the attendant circumstances. Among such items of personal property as by law or regulations is required

to be possessed or used by military personnel or civilian employees of the Army incident to their service. Claims which are otherwise within this section will not be disapproved for the sole reason that the property was not in the possession of the claimant at the time of the damage, loss, destruction, capture, or abandonment, or for the sole reason that the claimant was not the legal owner of the property in relation to which the claim is made; for example, property reasonable, useful, necessary, or proper to the claimant may be the subject of a claim even though borrowed from others.

(e) *Expensive articles.* Allowance for expensive articles, or for items purchased at unreasonably high prices, will be based upon fair and reasonable prices for substitute articles appropriate for the claimant under the particular circumstances of this service.

(f) *Statute of limitations.* No claim may be paid under this section unless presented in writing within 1 year after the occurrence of the accident or incident out of which the claim arises; *Provided*, that if the accident or incident occurs in time of war, or if war intervenes within 2 years after its occurrence, a claim may, if good cause for delay is shown, be presented within 1 year after peace is established. See § 536.29 for statute of limitations applicable to cases cognizable under the Federal Tort Claims Act of August 2, 1946 (60 Stat. 812).

(g) *Application to pending claims.* This section applies to all claims otherwise within the scope hereof, not heretofore paid, arising out of accidents or incidents occurring on or after December 7, 1939, including claims, or portions thereof, heretofore presented and disapproved as not within the scope of the then applicable laws and regulations.

(h) *Demand on carrier.* Whenever property is damaged, lost, or destroyed while being transported by a carrier, the claimant should make demand in writing upon the last carrier known or believed to have handled the shipment for reimbursement for such damage, loss, or destruction. If more than one bill of lading or contract was issued, a separate demand should be made upon the last carrier under each bill of lading or contract. Such demand should be made prior to the filing of a claim against the Government under this section and within the period provided by statute, by regulations of the Interstate Commerce Commission, or by other applicable limitation and, in any event, within 9 months subsequent to the date of delivery of the shipment or, if no portion of the shipment is delivered, within 9 months subsequent to the date when delivery would in the normal course have been made. The liability of the carrier is governed by the terms of the bill of lading or contract. The liability of a rail carrier with respect to property shipped on a Government bill of lading is normally limited to 10 cents per pound for each article damaged, lost, or destroyed; the liability is normally limited to 30 cents per pound if shipped by motor carrier. As the portion of any loss which is recovered or recoverable from a carrier must be deducted from the amount otherwise payable by the Government under this section (see paragraph (c) (11) of this section), it is important that the claimant accept from the carrier any payment correctly determined in satisfaction of the carrier's limited liability as above outlined. Copies of such demand and of any subsequent demands and related correspondence, as well as the originals of any replies, should be retained by the claimant for presentation with any claim subsequently filed against the Government under the provisions of these regulations. In the event the carrier denies liability it will be presumed that no amount is recoverable, and if the carrier fails to reply to the claimant's demand within a reasonable time it will be presumed that the carrier denies liability.

(i) *Form of demand on carrier.* It is suggested that demands on carriers (see paragraph (h) of this section) be made by letter in substantially the following form:

DEMAND ON CARRIER

_____ (Date)

_____ (Name of carrier)

_____ (Address)

GENTLEMEN: Claim is presented by the undersigned for _____ in connection with the following (Loss or damage)
shipment:

from _____ (Consignor) _____ (City, town or station)

to _____ (Consignee) _____ (City, town or station)

In connection with _____ (Bill of lading, contract, or baggage check)
No. _____, dated _____, covering shipment of _____ (Household goods, footlocker, flight bag, etc.)
described as follows:

Description of container (or of article if uncrated)	Approximate weight (lbs.)	Nature and extent of damage	Amount claimed
			$
Total amount of claim			

Detailed description of property lost or damaged, including identifying marks on containers:

Remarks:

Yours very truly,

_____ (Name)

_____ (Address)

(j) *Failure to make demand on carrier.* In cases where, under this section (see paragraph (h) of this section), demand on a carrier is required and the claimant fails to make such demand seasonably or fails to make reasonable efforts to collect the amount recoverable from the carrier, the amount otherwise payable under this section will be reduced by the maximum amount recoverable from the carrier if claim therefor had been filed seasonably with the carrier: *Provided*, that the circumstances of the claimant's service were not such as to preclude seasonable filing of such claim with the carrier: *And provided further*, that it shall not be found that a demand in any event was impracticable or would have been unavailing.

(k) *Demand on insurer.* Whenever property damaged, lost, destroyed, captured, or abandoned was insured in whole or in part (see paragraph (c) (10) of this section), the claimant should make demand in writing upon the insurer for reimbursement under the terms and conditions of the insurance coverage. Such demand should be made prior to the filing of claim against the Government under this section and within the time limit provided in the policy. Copies of such demand and of any subsequent demands and related correspondence, as well as the originals of any replies, should be retained by the claimant for presentation with any claim subsequently filed against the Government under this section. In the event the insurer denies liability it will be presumed that no amount is recoverable, and if the insurer fails to reply to the claimant's demand within a reasonable time it will be presumed that the insurer denies liability.

(l) *Failure to make demand on insurer.* In cases where, under this section (see paragraph (k) of this section), demand on an insurer is required and the claimant fails to make such demand seasonably or fails to make reasonable efforts to collect the amount recoverable from the insurer, the amount otherwise payable under this section will be reduced by the maximum amount recoverable from the insurer if claim therefor had been filed seasonably with the insurer: *Provided*, that the circumstances of the claimant's service were not such as to preclude seasonable filing of such claim with the insurer: *And provided further*, that it shall not be found that a demand in any event was impracticable or would have been unavailing.

(m) *Transfer of rights against carrier or insurer.* Whenever a carrier or insurer denies liability or fails to satisfy such liability and a claim for the property in relation to which the claim is made is approved under this section, without deduction of the amount for which the carrier or insurer is deemed liable, the claimant by the acceptance of payment of such claim under this section will be deemed to have assigned to the United States, to the extent of the deductions not so made, his right, title, and interest in and to any claim he may have against the carrier or insurer and to have agreed that he will, upon request, execute and deliver to the United States a written assignment thereof together with the original or a copy of the bill of lading or contract, insurance policy, and all other papers which may be required to enable the United States to press the claim against the carrier or insurer.

(n) *Proration of recovery from carrier or insurer.* When the amount recovered or recoverable by the claimant from a carrier or insurer is less than the total loss, the amount so recovered or recoverable will be prorated between:

(1) The amount approved; and

(2) The sum of:

(i) The amount disapproved for items not reasonable, useful, necessary, or proper,

(ii) The amount disapproved for items not personal to the claimant's use;

(iii) The disapproved portion of the actual value of expensive articles and of items purchased at unreasonably high prices; and

(iv) The amount disapproved as the portion of damage allocated to excess baggage (see paragraph o of this section).

(o) *Proration in event of excess baggage.* Where claim is made under paragraph (b) (11) of this section for damage, loss, or destruction of property comprising a shipment the total weight of which is in excess of the regulation allowance of baggage permitted to be shipped at Government expense, there may be approved for payment only that proportionate part of the total damage, loss, or destruction which the regulation allowance on the basis of weight bears to the total weight shipped. When two or more shipments are made under or in connection with the same orders and the regulation allowance is exhausted or exceeded by the first or by the first and succeeding shipments, all further shipments will be deemed to be not within this section.

(p) *Claims within provisions of other regulations.* Claims within the scope of this section and which but for the existence of the Military Personnel Claims Act of 1945 and this section would be within the provisions of §§ 536.12–536.23, 536.25 and 536.26 will be settled under the provisions of this section which are preemptive of other claims provisions. Claims for damage, loss, destruction, capture, or abandonment not within the provisions of this section should be processed under the military claims provision (§§ 536.12–536.23), or under Article of War 105, or under the foreign claims provision (§ 536.26) if applicable.

(q) *Sections 536.1 to 536.10 applicable.* So far as not inconsistent with this section, the procedure set forth in §§ 536.1 to 536.10 will be followed as to claims within the provisions of this section.

(r) *Claimants.* Claims may be presented by the military personnel or civilian employee (or his duly authorized agent or legal representative) incident to whose service the property was damaged, lost, captured, destroyed, or abandoned. The claim, if filed by an agent or legal representative, should show the title or capacity of the person signing and be accompanied by evidence of the appointment of such person as agent, executor, administrator, or other fiduciary. In the event of the death of the military personnel or civilian employee subsequent to the accident or incident out of which the claim arose and prior to his filing a claim in person (or by a duly authorized agent), the claim may be presented by any of the following:

(1) A duly appointed executor or administrator;

(2) The widow or widower of the decedent;

(3) Any child or other descendant of the decedent;

(4) The father or mother of the decedent; or

(5) Any brother or sister, or any descendant of any brother or sister, of the decedent.

(s) *Form of claim.* Claim will be submitted by presenting a detailed statement in triplicate, signed by or on behalf of the claimant, on WD Form 30B. Attention is directed to the provisions of paragraph (t) of this section outlining specific types of evidence required in particular classes of claims; careful compliance with such requirements is essential to avoid delays resulting from the necessity of returning the claim for amplification.

(t) *Evidence in support of claim.* The claim should be supported by the data required by the claim form (WD Form 30B) and, when and to the extent applicable and feasible, supplemental data and exhibits as follows:

(1) Sworn statements, by the claimant's commanding officer if possible, or by others having personal knowledge of the facts to corroborate the claimant's statement of facts, in the claim form and other evidence submitted in support of the claim. The claimant should so far as practicable, and prior to filing the claim, obtain such evidence by personal correspondence or otherwise.

(2) Statement of property recovered or replaced in kind.

(3) Statement regarding insurance, if any such statement should include:

(i) Type and amount of insurance.

(ii) Insurance policy, or copy thereof, or explanation as to inability to furnish same.

(iii) Certificate in substantially the following form:

CERTIFICATE OF DEMAND ON INSURER

_____ (Date)

I, the undersigned, hereby certify that on _____ (Date) I made written demand on _____ (Insurer) in accordance with the terms and conditions of insurance coverage by properly mailing to such insurer a letter, a copy of which, together with the originals or copies of the policy and other agreements evidencing such coverage, is attached to this certificate. I further certify that there are also attached to this certificate originals of all replies (if any) received from, and copies of all further correspondence (if any) sent to, said insurer.

_____ (Signature of claimant)

(4) Itemized bill for repairs, if damaged property has been repaired; or written estimates, by at least one competent disinterested witness, of the probable cost of repairs, if the property is reparable and has not been repaired.

(5) In any case where the military personnel or civilian employee is deceased, or if for any other reason the claim is submitted by an agent or legal representative, an attested copy of the power of attorney or a certificate of appointment of the executor or administrator or other fiduciary or, if no such appointment has been made, a statement as to the relationship which the person presenting the claim bears to the deceased.

(6) If claim is asserted under paragraph (b) (1) of this section (saving Government property or human life), or under paragraph (b) (2) of this section (being engaged in military duties in connection with the disaster):

(i) A statement in detail as to the claimant's location, acts, and conduct immediately before, during, and immediately after the disaster, and stating facts (not mere conclusions) from which it can be determined whether (if under paragraph (b) (1) of this section) the claimant gave his attention to saving Government property or human life of another instead of property in relation to which claim is made, or whether (if under paragraph (b) (2) of this section) performance of authorized military duties in connection with the disaster prevented the claimant from saving property in relation to which claim is made; and

(ii) A statement in detail of the actual facts and circumstances surrounding the damage, loss, destruction, or abandonment from which it can be determined whether the situation was such that the claimant could have saved property in relation to which claim is made if (under paragraph (b) (1) of this section) he had not elected to save Government property or human life of another, or if (under paragraph (b) (2) of this section) he had not been engaged in the performance of authorized military duties in connection with the disaster.

(7) If claim is asserted under paragraph (b) (3) of this section (property endangered by efforts to save Government property or human life):

A statement in detail of the actual facts and circumstances surrounding the damage, loss, destruction, or abandonment, and as to the claimant's location, acts, and conduct immediately before, during, and immediately after the disaster, stating facts (not mere conclusions) from which it can be determined whether the property in relation to which claim is made was previously in a position of safety but was endangered, and was subsequently damaged, lost, destroyed, or abandoned, as a consequence of the claimant having given his attention to saving Government property or human life of another.

(8) If claim is asserted under paragraph (b) (4) of this section (performing military duties in connection with civil disturbance, public disaster, or disorders), or under paragraph (b) (5) of this section (property subjected to extraordinary risks), or under paragraph (b) (6) of this section (marine disaster), or under paragraph (b) (7) of this section (aircraft disaster):

A statement in detail of the actual facts and circumstances surrounding the damage, loss, destruction, or abandonment.

(9) If claim is asserted under paragraph (b) (8) of this section (property furnished to others), or under paragraph (b) (9 of this section (property used for benefit of Government):

A statement in detail including the date and occasion of furnishing the property, the name and designation of the superior authority directing or requesting such action, and the names of the persons to whom the property was delivered.

(10) If claim is asserted under paragraph (b) (10) of this section (property located at quarters or other authorized places):

A statement in detail including, if the property was located at quarters, the geographical location thereof, whether such quarters were assigned or otherwise provided in kind by the Government, and whether the quarters were at the time regularly occupied by the claimant, and including, if the property was located at other authorized places, the geographical location thereof, the name and designation of the authority designating such place as a proper place for such property to be left or located, and, including also, whether located at quarters or other authorized place, the actual facts and circumstances surrounding the damage or destruction.

(11) If claim is asserted under paragraph (b) (11) of this section (transportation losses):

(i) Copy of orders authorizing the travel, transportation, or shipment. If such copies are not obtainable, there should be included in lieu thereof a certificate, corroborated if possible by a sworn statement by at least one person explaining the absence of such orders or copies thereof, stating the substance thereof and setting forth sufficient facts to establish the travel, if any, by the claimant and the transportation or shipment of the property.

(ii) Statement specifying the weight limit of claimant's regulation allowance of baggage under the attendant circumstances and total weight of the shipment.

(iii) Statement, in cases where the weight of shipment is in excess of the regulation allowance, showing whether such shipment included any articles not personal to the use of the claimant (such as wearing apparel belonging to members of the claimant's household) and, if so, a list thereof showing the approximate weight of each article.

(iv) In cases of missing baggage or effects, a statement as to the steps taken by the claimant in an effort to locate the property, attaching all correspondence, including replies, with former organizations, hospitals, and other installations.

(v) Statement, in cases where property was turned over to a quartermaster, transportation officer, supply officer, or contract packer, setting forth the following:

(*a*) Name (or designation) and address of quartermaster, transportation officer, supply officer, or contract packer.

(*b*) Date property was turned over.

(*c*) Condition when property was turned over.

(*d*) When and where property was packed.

(*e*) Methods of packing and crating.

(*f*) Date when property was shipped and reshipped.

(*g*) Copies of all manifests, bills of lading, and contracts.

(*h*) Date and place of delivery of property to claimant.

(*i*) Date property was unpacked.

(*j*) Statement by quartermaster, transportation officer, or supply officer as to condition of property when received and delivered, as to handling and storage, as to reasons for and conditions of storage, whether property was handled by local carrier, and whether damage occurred during such handling.

(*k*) Whether negligence on the part of any Government employee acting within the scope of his employment caused the damage, loss, or destruction.

(*l*) Whether last common carrier was given a clear receipt.

(*m*) Whether local civilian carrier was given a clear receipt.

(vi) Certificate, if a carrier is involved, in substantially the following form:

CERTIFICATE OF DEMAND ON CARRIER

(Date)

I, the undersigned, hereby certify that on ---------- I made written demand
(Date)

on ----------, by properly mailing
(Carrier)

to such carrier a letter, a copy of which is attached to this certificate. I further certify that there are also attached to this certificate originals of all replies (if any) received from, and copies of all further correspondence (if any) sent to, said carrier.

(Signature of claimant)

(12) If claim is asserted under paragraph (b) (12) of this section (negligence of the Government):

A statement in detail setting forth the actual facts and circumstances surrounding the damage, loss, destrication, or abandonment, including the names and addresses of the Government agents or employees whose negligent acts or omissions caused the damage, loss, destruction, or abandonment, and specifying the acts or omissions claimed to have been negligent and the facts relied upon to establish that such agents or employees were acting within the scope of their employment.

(13) If claim is asserted under paragraph (b) (13) of this section (abandonment or destruction):

A statement in detail by claimant, corroborated if possible by statement from claimant's commanding officer or others having personal knowledge of the facts, stating facts (not mere conclusions) from which it can be determined that the property was abandoned or destroyed by order of superior authority or by reason of military emergency requiring such abandonment or destruction.

(14) If claim is asserted under paragraph (b) (14) of this section (enemy action), or under paragraph (b) (15) of this section (lost in the field during campaign), or under paragraph (b) (16) of this section (belligerent activities):

(i) Copy of orders, or other available evidence, to establish claimant's entry into the area or location involved.

(ii) Any additional evidence (including original receipts, if any, by whomever issued) to establish (if under paragraph (b) (14) of this section) that the property was damaged, destroyed, or captured by the enemy or was destroyed to prevent its falling into the hands of the enemy, or (if under paragraph (b) (15) of this section) that the property was damaged, lost, destroyed, captured, or abandoned in the field incident to combat or to movement which was part of a combat mission, or (if under paragraph (b) (16) of this section) that the property was damaged, lost, destroyed, captured, or abandoned by reason of hostile or belligerent activities in the course of warfare to which the United States was not a party, confiscation, guerilla activity, or organized brigandage, in a foreign country in which the claimant was present by reason of the performance of his duties for the Government of the United States.

(u) *Filing of claim.* All claims within the provisions of this section will be submitted to the commanding officer of the organization to which the claimant belongs or with which he is serving if practicable, otherwise to the commanding officer of any post, camp, station, or other military establishment, if practicable the one nearest to the point where investigation of the facts and circumstances can most conveniently be made. Claims may also be submitted to the commanding general of any army or air matériel area within the United States, its territories, and possessions, or to any office of the command claims service in any theater of operations or other command outside the continental limits of the United States. In any case where submission under the foregoing provisions is impracticable, claims may be submitted direct to The Judge Advocate General, Washington 25, D. C. Acceptance of a claim for filing will not be refused even though the claim appears not to be within the provisions of this section.

(v) *Approval and payment approving authorities.* (1) Claims submitted under the provisions of this section will be considered, ascertained, adjusted, determined, settled and, when substantiated as within the provisions of this section, will be approved or disapproved, by any officer or officers designated by The Judge Advocate General from his staff for that purpose, or (subject to such jurisdictional limits as to amount as may be from time to time fixed) by any foreign claims commission designated by him for that purpose. The Judge Advocate General has designated the Chief of the Claims Division, Office of the Judge Advocate General, to approve or disapprove such claims.

(2) *Notice to claimant.* Upon disapproval of a claim by the approving authority, the claimant will be notified in writing of the action taken and the reason therefor.

(3) *Effect of action.* The action of the approving authority in approving or disapproving a claim in whole or in part will be final and conclusive for all purposes.

(4) *Acceptance agreement.* No acceptance agreement by the claimant is necessary, and no such acceptance agreement will be required or included in the file, at any stage in the processing of the claim.

(5) *Payment.* Upon approval of a claim in whole or in part, the claim, with related file, will be transmitted by the approving authority to the appropriate disbursing officer for payment. (41 Stat. 1436; 31 U. S. C. 218–222, as amended by 59 Stat. 225)

§ 536.29 *Claims cognizable under the Federal Tort Claims Act for damage to or loss of property or on account of personal injury or death caused by the negligent or wrongful act or omission of military personnel or civilian employees of the Army while acting within the scope of their office or employment*—(a) *Scope.* Subject to exclusions set forth in paragraph (c) of this section, the act and this section provide the exclusive authorization and procedure whereby the Secretary of the Army, or his designee, may consider, ascertain, adjust, determine and settle claims for $1,000 or less, accruing on or after January 1, 1945, on account of damage to or loss of property, or on account of personal injury or death, caused in the United States or its territorial possessions by the negligent or wrongful act or omission of military personnel or civilian employees of the Army while acting within the scope of their employment.

(1) Nothing contained in the act or the regulations set forth in this section, abridges the existing legal authority of the Secretary of the Army to consider, ascertain, adjust, determine, settle, or pay any claim on account of damage to or loss of property or on account of personal injury or death, in cases where such damage, loss, injury, or death was not caused by any negligent or wrongful act or omission of an employee of the Government while acting within the scope of his office or employment, or any other claim not cognizable under the act and this section.

(2) The provisions of the act do not apply to:

(i) Any claim based upon an act or omission of an employee of the Government, exercising due care, in the execution of a statute or regulation, whether or not such statute or regulation be valid; or based upon the exercise or performance, or the failure to exercise or perform, a discretionary function or duty on the part of a Federal agency or an employee of the Government, whether or not the discretion involved be abused.

(ii) Any claim arising out of the loss, miscarriage, or negligent transmission of letters or postal matter.

(iii) Any claim arising in respect of the assessment or collection of any tax or customs duty, or the detention of any goods or merchandise by any officer of customs or excise or any other law-enforcement officer.

(iv) Any claim for which a remedy is provided by the act of March 9, 1920 (46 U. S. C. 741–752, inclusive) or the act of March 3, 1925 (46 U. S. C. 781–790, inclusive), relating to claims or suits in admiralty against the United States.

(v) Any claim arising out of an act or omission of any employee of the Government in administering the provisions of the Trading with the Enemy Act, as amended.

(vi) Any claim for damages caused by the imposition or establishment of a quarantine by the United States.

(vii) Any claim arising from injury to vessels, or to the cargo, crew, or passengers of vessels, while passing through the locks of the Panama Canal or while in Canal Zone waters.

(viii) Any claim arising out of assault, battery, false imprisonment, false arrest, malicious prosecution, abuse or process, libel, slander, misrepresentation, deceit, or interference with contract rights.

(ix) Any claim for damages caused by the fiscal operations of the Treasury or by the regulation of the monetary system.

(x) Any claim arising out of the combatant activities of the military forces during the time of war.

(xi) Any claim arising in a foreign country.

(xii) Any claim arising from the activities of the Tennessee Valley Authority.

(b) *Claims in excess of $1,000.* The Department of the Army does not have legal authorization to consider administratively claims in excess of $1,000 which are otherwise cognizable under the act. The claimant's remedy, if any, in such cases is by suit in the United States District Court for the district wherein the claimant is resident or wherein the act or omission complained of occurred, including the United States District Courts for the Territories and possessions of the United States.

(c) *Acts or omissions*—(1) *Military personnel and civilian employees.* Military personnel and civilian employees whose acts or omissions may give rise to claims within the scope of the act and the regulations set forth in this section, include members of the military forces of the United States and persons acting on behalf of the Department of the Army in an official capacity, temporarily or permanently in the service of the United States whether with or without compensation.

(2) *Scope of employment.* Acts or omissions of military personnel and civilian employees may give rise to claims payable under the provisions of the regulations set forth in this section, only if such acts or omissions occur while such military personnel or civilian employees are acting within the scope of their employment. Activities of military personnel and civilian employees in the course of which such acts or omissions may occur are ordinarily within the scope of employment if the performance thereof is directed, or if of a kind the performance of which is expressly or impliedly authorized, or if the purpose is, at least in part, to serve the Government.

(3) *Proximate cause.* Claims against the Department of the Army for $1,000 or less, on account of damage to or loss of property or on account of personal injury or death caused by the negligent or wrongful act or omission of military personnel or civilian employees while acting within the scope of their employment, are payable according to this section only where the circumstances are such that the United States, if a private person, would be liable to the claimant under the law of negligence of the place where the act or omission occurred. Acts or omissions involving a lack of reasonable care will be the basis of claims payable under the local law of most jurisdictions. If the proximate cause of the accident or incident is the act or omission of persons other than military personnel or civilian employees, as defined in subparagraph (1) of this paragraph, the claim will not be payable, as a general rule, under local law. If the proximate cause of the accident or incident is the joint or concurrent tortious act or omission of military personnel or civilian employees and of one or more persons other than the claimant, his agent, or employee, the claim will be considered, and determined necessarily, under the local law pertaining to joint tort-feasors. Acts or omissions constituting a mere condition without the existence of which the accident or incident could not have occurred, and which are not the proximate cause thereof, will not constitute a proper basis for finding of liability under the applicable local law as a general rule. For example, the mere violation of certain statutory laws or ordinances providing standards of safety may be declared to be negligence (per se), but such violations will not constitute the basis of liability under local laws generally unless the unlawful acts or omissions are deemed a proximate cause of the accident or incident in that jurisdiction.

(d) *Contributory negligence.* The law of the place where the act or omission occurred will be followed in determining whether contributory negligence is present under the facts of the accident or incident, and also in ascertaining the effect of contributory negligence as a bar to the claim under consideration. Contributory negligence will constitute an absolute bar to a claim under applicable local law in practically all jurisdictions. The doctrine of comparative negligence is recognized in few places.

(e) *Claims of subrogees.* (1) Settlement of claims not exceeding $1,000 will be made solely with the insured rather than with the insurer or with both the insured and insurer, in cases of damage, loss, destruction, injury, or death, covered by insurance. No inquiry will be made into the relative interests between insured and insurer. The entire claim, including any portion thereof insured against, will be filed by or on behalf of the insured and payment of the entire amount approved will be made in the name of and to the insured. Evidence of authority to file a claim on behalf of the insured may be established by a power of attorney, insurance policy provisions, or other satisfactory documentary evidence.

(2) The principles set forth in subparagraph (1) of this paragraph, with respect to subrogation arising from insurance contracts, are applicable to all cases of subrogation.

(3) Although a claim filed in the name of a subrogee may not be considered by the Department of the Army under this section pertaining to the settlement of claims for $1,000 or less, the substantive rights of the subrogee will be determined when properly presented in accordance with the law of the place where the negligent or wrongful act or omission of the Government employee, while acting within the scope of his office or employment, occurred.

(f) *Statute of limitations.* (1) Claims for $1,000 or less, against the United States, cognizable under the act and the regulations set forth in this section, must be presented in writing to the Department of the Army within 1 year after such claim accrued or within 1 year after August 2, 1946, the date of enactment of the act, whichever is later.

(2) A suit may be filed pursuant to the act if brought within 1 year after such claim accrued or within 1 year after the date of enactment of this act, whichever is later. In the event that a claim for a sum not exceeding $1,000 is presented to the Department of the Army, the time to institute a suit under the act shall be extended for a period of 6 months from the date of mailing of notice to the claimant by the Department of the Army with respect to the final disposition of the claim, or for a period of 6 months from the date of withdrawal of the claim from the Department of the Army.

(g) *Acceptance of award.* (1) The acceptance by the claimant of any award, compromise, or settlement made pursuant to the act and this section shall be final and conclusive on the claimant, and shall constitute a complete release by the claimant of any claim against the United States and against the employees of the Department of the Army whose act or omission gave rise to the claim.

(2) An acceptance agreement and general release will be required of and signed by the claimant, or claimants, as a condition precedent to payment under the act and this section in all cases except where the claim is for property damage only, and is approved in the amount claimed, and the report of claims officer shows affirmatively that no persons were injured or killed in the accident or incident giving rise to the claim for property damage.

(h) *Attorneys' fees.* (1) The Secretary of the Army or his designee, making an award pursuant to the act and this section, may, as a part of the award, determine and allow reasonable attorneys' fees, which, if the amount awarded is $500 or more, shall not exceed 10 per centum of the sum approved, and shall be paid to the attorney representing the claimant, out of, but not in addition to, the amount of the award. The limitation of 10 per centum will not apply when the award is less than $500.

(2) Attorneys' fees may be fixed under subparagraph (1) of this paragraph, only on written request of either the claimant or his attorney.

(i) *Injury or death of military personnel or civilian employees.* (1) Claims on account of personal injury or death of military personnel of the Department of the Army incurred in line of duty will not be considered administratively under the provisions of this section.

(2) Claims on account of personal injury or death of civilian employees of the Department of the Army, to whom the Federal Employees' Compensation Act of September 7, 1916 (39 Stat. 742; 5 U. S. C. 751), as amended, is applicable, will not be considered administratively under the provisions of this action.

(3) Claims for medical, hospital and burial expenses, on account of injury or death of military personnel or civilian employees of the Army, will be first considered under the provisions of §§ 577.1–577.9 of this chapter and AR 40–505 (Medical Attendance—General Provisions), §§ 577.40–577.46 and AR 40–510 (Dental Attendance), or §§ 536.50–536.53 and AR 30–1830 (Burial Expenses); claims of civilian employees not within the provisions of AR 40–505, 40–510, or 30–1830, may be within the jurisdiction of the United States Employees' Compensation Commission under the provisions of the act of September 7, 1916 (39 Stat. 742; 5 U. S. C. 751), as amended (§ 536.17 (b) and AR 25–25).

(j) *Approval or disapproval of claims.* Subject to appeal to the Secretary of the Army, claims under the provisions of this section may be approved or disapproved, in whole or in part, by the Chief, Claims and Litigation Group, Office of The Judge Advocate General, Washington 25, D. C.

(k) *Appeal.* (1) Upon disapproval of a claim in whole or in part by the approving authority, the claimant will be notified in writing of the action taken and the reason therefor; and he will in such notice be advised of his right to appeal, stating in such appeal the grounds relied on, to the Secretary of the Army, through the authority disapproving the claim, within 30 days after the receipt by the claimant of such notification. An appeal will be considered as having been taken seasonably if mailed or delivered within 30 days after the receipt by the claimant of such notification. No notice of the right to appeal is necessary if the full amount claimed is approved for payment.

(2) The action of the approving authority in approving or disapproving a claim in whole or in part will be final and conclusive for all administrative purposes unless the claimant appeals in writing to the Secretary of the Army as herein provided.

(l) *Conditions of payment.* Prior to payment by the Department of the Army of any claim within the provisions of the act and this section, each of the following conditions must be fulfilled:

(1) The amount of the damage, loss, or destruction, or the amount payable on account of personal injury or death, must be determined in accordance with the law of the place where the negligent act or omission occurred.

(2) The payment must not exceed $1,000.

(3) Claims by subrogees will not be recognized except as an element of the subrogor's claim.

(4) The claim must be presented within 1 year after the occurrence of the accident or incident out of which the claim arises or within 1 year after August 2, 1946, the date of enactment of the act, whichever is later.

(5) Negligence or wrongful act of the claimant, constituting a proximate cause, bars a claim in most jurisdictions. However, the effect of contributory negligence on the part of the claimant as a bar to his claim must be determined in each instance in accordance with the law of the place where the act or omission occurred.

(6) The claim must be approved as provided in paragraph (j) of this section, or, on appeal, by the Secretary of the Army.

(7) The claimant must accept, in writing, in full satisfaction and final settlement:

(i) The amount approved for personal injury or wrongful death, even though equal to amount claimed.

(ii) The amount approved for property damage or loss if less than the amount claimed.

(iii) The amount approved for property damage or loss equal to amount claimed when personal injury or death resulted also from the accident or incident giving rise to the claim for property damage, even though no claim is filed on account of the personal injury or death.

(8) Claims payable under the provisions of Article of War 105 are not payable under the provisions of this section.

(9) Claims payable under the provisions of §§ 536.12 to 536.21 are not payable under the provisions of this section.

(10) Foreign claims payable under the provisions of § 536.26 are not payable under the provisions of this section.

(11) Personnel claims payable under the provisions of § 536.27 are not payable under the provisions of this section.

(12) Claims for personal injury or death of military personnel or civilian employees incident to their service are not payable under the provisions of this section.

(m) *Superseded provisions.* With respect to claims for $1,000 or less, and otherwise cognizable under the act and this section, the Federal Tort Claims Act (60 Stat. 812) repeals all provisions of law, and this section supersedes other regulations, authorizing the Department of the Army to consider, ascertain, adjust, determine, settle, or pay such claims on account of damage to or loss of property, or on account of personal injury or death, caused by the negligent or wrongful act or omission of any military personnel or civilian employee of the Department of the Army while acting within the scope of his office or employment. The act and this section provide the exclusive procedure whereby these claims for $1,000 or less, predicated on negligence, may be processed. See paragraph (a) of this section. (Title IV, 60 Stat. 812.)

ENLISTED MEN ABSENT WITHOUT LEAVE, DESERTERS, AND ESCAPED MILITARY PRISONERS

AUTHORITY: §§ 536.30 to 536.34 and 536.40 issued under R. S. 161, 47 Stat. 1575, 54 Stat. 357, 57 Stat. 372; 5 U. S. C. 22, 10 U. S. C. 1431, 1460, 31 U. S. C. 223b.

DERIVATION: AR 615–300, Mar. 17, 1944; AR 35–2620, June 30, 1943; AR 55–500, July 3, 1943.

§ 536.30 *Apprehension of absentees and deserters—(a) Military personnel.* All military personnel are authorized to arrest absentees and deserters, whatever may be the grade of the person making the arrest or the person arrested.

(b) *Civil personnel.* Any civil officer or citizen may arrest, detain, and deliver an absentee or deserter when authorized by an officer of the Army. Such authority may be given by distributing Form 45 (Descriptive List of Absentee Wanted by United States Army), or in reply to an inquiry in accordance with paragraph (c) of this section.

(c) *Inquiry from civil officer or citizen.* Upon receipt of word by a post or organization commander from a civil officer or other citizen that such civilian intends to arrest, or has arrested, an alleged absentee or deserter from his post or organization, the commander will ascertain such person's status and will promptly inform the inquirer and the soldier's organization commander (if other than his own) concerning it, by telephone, telegraph, or other expeditious means. If the person held is an absentee or deserter, the commander will request the person holding him either to deliver him to, or request a guard from the nearest military post, or hold him awaiting the arrival of the guard, and will inform such person of his right to payment for his services. (See § 536.32.)

(d) *Guards.* Upon receipt of information that a civil officer, or other civilian, is holding an absentee or deserter, the post commander will cause a guard to be sent with all reasonable speed and in any event not later than 24 hours after receipt of the notification. If it is impracticable for the commanding officer receiving the notification to provide a guard from his command, he will make arrangements with a commander capable of providing a guard, or will report the case to the commanding general of the army concerned.

(e) *Commanding generals of armies (ZI).* Commanding generals of armies (ZI) will take steps to secure the active cooperation of all State and local police forces, and such other officials and organizations as they may deem useful to insure that absentees and deserters are returned promptly to military control.

§ 536.31 *Definitions—(a) Absent without leave.* The status of a person subject to military law who fails to repair at the fixed time to the properly appointed place of duty or goes from the same without proper leave, or absents himself from his command, guard, quarters, station, or camp without proper leave.

(b) *Absentee.* One who is absent without leave.

(c) *Deserter.* A person who has deserted from a lawful enlistment, call, or draft, in or to the Army of the United States; whose trial is not barred by the thirty-ninth Article of War; who has not been acquitted or convicted of such desertion, or pardoned; who has not been discharged from the enlistment, call, or draft from which he deserted; and who has not been dishonorably discharged from a subsequent enlistment, call, or draft.

(d) *Involuntary absence.* Absence without leave or desertion by a person who has been entrapped, induced, or in any manner caused to absent himself or desert by act or procurement of superior military authority.

(e) *Military prisoner.* A garrison prisoner, whether detained, arraigned, or sentenced; or a general prisoner. (See §§ 512.1–512.3 of this chapter.)

(f) *Military post.* A military post, camp, or station at which facilities exist for the reception and custody of prisoners. It excludes troops in campaign, maneuvers or on the march, unless the commanding officer of such troops thinks proper to receive an absentee, deserter, or escaped military prisoner. It also excludes recruiting offices.

(g) *United States.* The continental United States exclusive of Alaska and the Canal Zone.

§ 536.32 *Payment for arrest and delivery of enlisted men absent without leave, deserters, and escaped military prisoners—(a) Services for which payment will be made—(1) Arrest.* Fifteen dollars will be paid to the civil officer or other person arresting:

(i) An enlisted man absent without leave when the arrest and detention is authorized by a military officer.

(ii) A deserter (other than a Philippine Scout), or

(iii) An escaped military prisoner (other than one who was a Philippine Scout immediately before becoming a prisoner), and turning him over to a guard sent for him. For the same services with respect to a deserter from the Philippine Scouts or an escaped military prisoner who immediately before becoming such was a Philippine Scout, $10 will be paid.

(2) *Arrest and delivery.* Twenty-five dollars will be paid to the civil officer or other person arresting and delivering—

(i) An enlisted man absent without leave when the arrest and detention is authorized by a military officer.

(ii) A deserter (other than a Philippine Scout), or

(iii) An escaped military prisoner (other than one who was a Philippine Scout immediately before becoming a prisoner) at a military post. For the same services with respect to a deserter from the Philippine Scouts or an escaped military prisoner who immediately before becoming such was a Philippine Scout, $15 will be paid.

(b) *To whom paid.* The payment mentioned in paragraph (a) (1) or (2) of this section, as the case may be, will be made to the person or persons actually making the arrest of an enlisted man absent without leave, a deserter, or an escaped military prisoner and the turnover or delivery of the person arrested. If two or more persons join in performing these services payment may be made to them jointly. Payment will be made whether the enlisted man absent without leave, deserter, or escaped military prisoner surrenders or is apprehended. Payment will not be made merely for information leading to an arrest, or for an arrest not followed by the return of the person arrested to military control.

(c) *By whom paid.* The payments mentioned in paragraph (a) of this section will be made by disbursing officers of the Finance Department, and will be in full satisfaction of all expenses of arresting, keeping, and delivering the enlisted man absent without leave, deserter, or escaped military prisoner.

§ 536.33 *Surrender on advice of attorney.* When a deserter or an escaped military prisoner surrenders himself to military authorities upon advice of his attorney, the attorney is not entitled to reward offered for apprehension of such deserter or escaped military prisoner, his claim for such reward being incompatible with his duty to his client. (See 27 Comp. Dec. 482.)

§ 536.34 *Detective agencies.* (a) The act of March 3, 1893 (27 Stat. 591; 5 U. S. C. 53; M. L. 1939, sec. 643), provides:

That hereafter no employee of the Pinkerton Detective Agency, or similar agency, shall be employed in any Government service or by any officer of the District of Columbia.

(b) A detective agency could not legally be employed to apprehend and deliver a deserter or an escaped military prisoner so as to obligate the Government to pay therefor, but information having come to the agency that a certain person was a deserter or an escaped military prisoner, the reimbursement of the actual expenses not exceeding $25 incurred in delivering him from the place found into the hands of the Army officers at the nearest post is not considered an "employment" within the prohibition of the act of March 3, 1893. (See MS. Comp. Gen., AD 7112, October 21, 1922.)

§ 536.40 *Property of absentee.* (a) When a soldier absents himself without leave, his company commander will cause the public property, including clothing, for which the absentee is responsible, to be searched for and secured. His personal effects will be inventoried and retained with his organization until he returns to military control, or until he is dropped from the rolls as AWOL. In the latter case they will be disposed of as follows:

(1) Decorations, medals, discharges, and other military papers will be forwarded to The Adjutant General.

(2) Articles having material value will be disposed of by auction sale within the organization and the proceeds therefrom, together with any money left by the absentee, will be deposited with a disbursing officer, whose receipt will be taken and forwarded to The Adjutant General. The receipt will show the nature of the deposit, whether from the proceeds of sale, or money left by the absentee.

(3) Articles having no salable value will be destroyed.

(b) In no case will the effects of an absentee, or any proceeds of the sale thereof, be turned over to his relatives, nor any payment made therefrom on any account except with the approval of the Department of the Army.

MARINE CASUALTIES

§ 536.44 *Marine casualties; claims—(a) Scope—(1) General.* The regulations in this section are concerned with marine casualties, as hereinafter defined, involving vessels, cargoes, or water-front facilities, under the jurisdiction of the Transportation Corps.

(2) *Claims.* The provisions of this section apply to all claims otherwise within the scope thereof, not heretofore paid, arising out of marine casualties, as herein defined, occurring on or after May 27, 1941.

(b) *Definitions.* The expressions "Army vessel," "marine casualty," and "investigating officer," are used as follows:

(1) *Army vessel.* Any vessel owned by, or bareboat chartered, sub-bareboat chartered or allocated on a bareboat basis to the Army and under the jurisdiction of the Transportation Corps. Vessels operated by the U. S. Air Force, the Army Field Forces, or any of the administrative or technical staffs or serv-

ices of the army other than the Transportation Corps are not included.

(2) *Marine casualty.* (i) Any collision, grounding, fire, explosion, or other accident or incident involving an Army vessel resulting in loss of life, personal injury, or damage to or loss of vessel, cargo, or other property.

(ii) Any accident or incident resulting in damage to a pier, dock, wharf, quay, or other waterfront facility under the jurisdiction of the Transportation Corps.

(iii) Any accident or incident which may result in a salvage claim, or general average contribution in respect of either vessel or cargo.

(iv) Damage to or loss of cargo while being carried on an Army vessel.

(v) Damage to or loss of vessel or cargo caused by Army stevedores, or stevedores under contract with the Army, in the course of the loading or discharging of cargo on or from a vessel.

(3) *Investigating officer.* An officer designated pursuant to the provisions of Army regulations to investigate marine casualties.

(c) *Action by claimant*—(1) *Claimant.* Claims must be presented by the owner of the property damaged or the person injured, or his duly authorized agent or legal representative. The word "owner," as so used, includes bailees, lessees, mortgagors, and conditional vendees but does not include mortgagees, conditional vendors, and others having title for purposes of security only. The claim, if filed by an agent or legal representative, should show the title or capacity of the person signing and be accompanied by evidence of the appointment of such agent, executor, administrator, guardian, trustee, or other fiduciary.

(2) *Form of claim.* Claims should be submitted by presenting in triplicate a sworn statement in writing stating the claimant's address and setting forth the amount of the claim and, so far as possible, the detailed facts and circumstances surrounding the occurrence, indicating the date and place, the property and persons involved, the nature and extent of the damage or injury, and the agency which was the cause or occasion thereof. Department of the Army forms will be used whenever practicable.

(3) *Evidence to be submitted by claimant*—(i) *General.* The amount claimed for damage to or loss or destruction of property, or for personal injury or death, must be substantiated by competent evidence.

(ii) *Property damage.* In support of claims for damage to or destruction of property which has been or can be repaired or replaced, the claimant should submit an itemized signed statement or estimate of the cost of repairs or replacement; if not reparable, the value thereof before and after the casualty occurred should be stated. Whenever a claim includes an item for detention during repairs of damage to vessel, proof establishing such item should be submitted and should include; the date when the vessel was disabled; date on which she was laid up for repairs, and name and location of repair work; date when repairs were commenced and completed; whether while laid up for repairs any other work was performed on the vessel and, if so, the amount and character thereof and the time required for performance; date on which the vessel was returned to service after completion of repairs and where put in service; whether there was opportunity to employ or hire vessel during time laid up for repairs; whether vessel was under charter and, if so, rate of charter hire; and the usual charter rate for the vessel and running expenses. All such statement or estimate should be in triplicate and, if possible, by disinterested competent witnesses, preferably reputable dealers of the type of property damaged or destroyed. Such statements and estimates should be certified as just and correct; if payment has been made, itemized receipts evidencing payment should be included.

(iii) *Personal injury.* In support of claims for personal injury or death, the claimant should submit in triplicate a written report by attending physician, showing the nature and extent of injury, the nature and extent of treatment, the degree of permanent disability, if any, and the period of hospitalization or incapacitation, and bills for medical, hospital, or burial expenses actually incurred.

(4) *Signature.* The claim and all other papers requiring the signature of the claimant should be signed by the claimant personally or by a duly authorized agent. The signature of such claimant or agent should be identical throughout.

(5) *Place of filing.* The claim should be submitted to the commanding officer of the Army installation under whose immediate control the vessel was operated, if known, otherwise to the commanding officer of any post, camp, station, or other military establishment, if practicable the one within which or nearest to which the casualty occurred.

(d) *Claims of subrogees*—(1) *Included.* Settlement will be made solely with the insured, rather than with the insurer or with both the insured and insurer, in cases of damage, loss, destruction, injury, or death covered by insurance. No inquiry will be made into, nor determination made of, the relative interests as between insured and insurer. The entire claim, including any portion thereof insured against, will be filed by or on behalf of the insured and payment of the entire amount allowed will be made in the name of the insured. Evidence of authority to file a claim on behalf of the insured may be established by a power of attorney, insurance policy provision, or other documentary evidence. The foregoing provisions will be equally applicable in cases of subrogation based other than on insurance.

(2) *Not included.* Claims by subrogees in their own right are not within the scope of these regulations and will not be considered.

(3) *Claims presented prior to July 3, 1943.* The provisions of subparagraphs (1) and (2) of this paragraph will, however, be inapplicable to claims filed prior to July 3, 1943.

(e) *Conditions of payment.* Prior to payment of any claim within the provisions of this section, each of the following conditions must be fulfilled:

(1) Amount of the damage, loss, or destruction, or amount to be allowed on account of personal injury or death, must be determined.

(2) Award must not exceed $1,000 ($500 in time of peace).

(3) Claims must be within the scope of this section, as outlined in paragraph (b) (2) of this section.

(4) Claim must be presented in writing, ordinarily within 1 year after the occurrence of the casualty out of which the claim arises.

(5) Claim must be approved by officials designated in Army Regulations or, on appeal, by the Secretary of the Army.

(6) Claimant must accept, in full satisfaction and final settlement, the amount allowed if less than the full amount claimed.

(7) Claims payable under the provisions of AW 105 are not payable under the provisions of this section.

(8) Personal claims payable under the provisions of § 536.27 are not payable under the provisions of this section.

(9) Claims of military personnel or civilian employees incident to their service are not payable under the provisions of this section.

(f) *Claims in excess of $1,000.* Claims in excess of $1,000 ($500 in time of peace) if otherwise within the scope of this section, may be reported by the Secretary of the Army to Congress for its consideration. Any claim which is asserted in an amount in excess of $1,000 will be forwarded, with related files and recommendations, by or through the Chief of Transportation to The Judge Advocate General for appropriate action.

(g) *Regulations not applicable.* Marine casualties will not be investigated or processed or claims arising therefrom processed or disposed of, under the provisions of §§ 536.1–536.10, 536.12–536.23 or §§ 537.3–537.5. (R. S. 161, 47 Stat. 1575, 54 Stat. 357, 57 Stat. 372; 5 U. S. C. 22, 10 U. S. C. 1431, 1460, 31 U. S. C. 223b) [AR 615–300, Mar. 17, 1944; AR 35–2620, June 30, 1943; AR 55–500, July 3, 1943]

BURIAL EXPENSES

AUTHORITY: §§ 536.50 to 536.53, issued under 52 Stat. 398; 10 U. S. C. 916–916d. See also 49 Stat. 1507, 10 U. S. C. 455a–455d, 32 U. S. C. 164a–164c; 54 Stat. 743, 5 U. S. C. 103a, 103b; 56 Stat 280, 10 U. S. C., Sup., 1711; 57 Stat. 372, 31 U. S. C., Sup., 223b; E. O. 8557, 3 CFR.

DERIVATION: AR 30–1830, Oct. 13, 1944.

§ 536.50 *For whom authorized*—(a) *Regular Army and Army of the United States.*

(1) Officers.[1]

(2) Army nurses.[1]

(3) Warrant officers.[1]

(4) Cadets, United States Military Academy.[1]

(5) Women's Army Auxiliary Corps personnel.[1]

(6) Enlisted men.[1]

(7) Contract surgeons.[1]

(8) Retired officers or enlisted men who die while on active duty by proper assignment.

(9) Accepted applicants for enlistment.

[1] On the active list.

(10) Garrison prisoners, or general prisoners whose discharge has been suspended.

(11) Enlisted men who are discharged in a hospital in the United States and continue as inmates of the hospital to date of death.

(b) *The following components other than the Regular Army.* (1) Officers, warrant officers, and enlisted men of the National Guard:

(i) Who die while en route to or from or during their attendance at encampments, maneuvers, or other exercises, or at service schools, authorized under the provisions of sections 94, 97, and 99 of the National Defense Act.

(ii) Who die after the period of authorized attendance at encampments, maneuvers, or other exercises, or at service schools, while undergoing hospitalization for a disease or injury contracted or incurred in line of duty while en route to or from or during their attendance at encampments, maneuvers, or other exercises, or at service schools, authorized under the provisions of sections 94, 97, or 99 of the National Defense Act.

(iii) Who die as a result of personal injury (as distinguished from disease) in line of duty while participating in aerial flights in Government-owned aircraft, prescribed under the provisions of section 92 of the National Defense Act, or who die while undergoing hospitalization for such injury.

(2) Members of the Officers' Reserve Corps and of the Enlisted Reserve Corps on active duty under proper orders in time of peace:

(i) Who die while on active duty.

(ii) Who die after relief from active duty while undergoing hospitalization for disease or injury contracted or incurred in line of duty while on active duty.

(iii) Who die as a result of personal injury (as distinguished from disease) in line of duty while voluntarily participating when not on active duty in aerial flights in Government-owned aircraft by proper authority as an incident to their military training, or who die while undergoing hospitalizaton for such injury.

(3) Members of the National Guard of the United States on active duty under proper orders in time of peace:

(i) Who die while on active duty.

(ii) Who die after relief from active duty while undergoing hospitalization for disease or injury contracted or incurred in line of duty while on active duty.

(4) Members of the Reserve Officers' Training Corps and members of the Citizens' Military Training Camps:

(i) Who die while en route to or from or during their attendance at camps of instruction held under the provisions of sections 47a and 47d of the National Defense Act: *Provided*, That, in the case of death while en route to or from camp, no undue delay or circumstances are involved in the travel and that the travel is performed over the usually traveled routes.

(ii) Who die subsequent to arrival at their homes while undergoing hospitalization for disease or injury contracted or incurred in line of duty while en route to or from or during their attendance at camps of instruction held under the provisions of sections 47a and 47d of the National Defense Act.

(c) *Civilian employees.* (1) Civilian employees of the Army who have been ordered by competent authority away from their homes in the United States to foreign countries, Hawaii, the Philippine Islands, Alaska, Puerto Rico, or the Canal Zone, and who die while on duty in such places or while performing authorized travel thereto or therefrom. (52 Stat. 399; 10 U. S. C. 916b)

(2) Civilian employees of the Army who die on Army transports or while accompanying troops in the field, or who, while on Army transports or while accompanying troops in the field, incur injury or contract disease resulting directly in death away from their homes. (52 Stat. 399; 10 U. S. C. 916b)

(3) Any civilian employee (temporary or permanent) of the United States Government who dies as a result of injuries received in the performance of his official duty. (39 Stat. 745, 44 Stat. 1087; 5 U. S. C. 761)

(4) Civilian employees of the Department of the Army who die while traveling on official business within the continental limits of the United States. (54 Stat. 743, 5 U. S. C. 103a, 103b; E. O. 8557, 3 CFR Cum. Supp.)

(5) Civilian employees of the Department of the Army other than those enumerated above, who die while traveling on official business outside the continental limits of the United States or while on assignment to a post outside the United States, including American citizens hired locally, whose homes in fact are in the continental United States. (54 Stat. 743, 5 U. S. C. 103a, 103b; E. O. 8557, 3 CFR Cum. Supp.)

(6) Where it is necessary for sanitary reasons to remove the remains of an employee from the grounds on which other employees are located and payment of funeral and burial expenses cannot be effected under the provisions of subparagraphs (1), (2), (3), (4), and (5) of this paragraph, or where local municipal authorities will not assume custody of the body, the reasonable expenses of a decent burial may be authorized as an incident to the work on which the decedent was engaged. (See 11 Comp. Dec. 789.)

(d) *Military prisoners.* Military prisoners who die at a military post.

§ 536.51 *Expenses allowable*—(a) *For personnel of the Army of the United States and Regular Army (§ 536.50 (a)) and civilian employees of the Department of the Army described in § 536.50 (c) (1) and (2)*—(1) *Burial expenses proper.* Expenses incident to initial preparation of remains, restricted to:

(i) Undertaker's services, including embalming and other preservative methods.

(ii) Cost of casket.

(iii) Cost of outside box, when required.

(iv) Hire of hearse.

(2) *Transportation.* The Government is responsible for providing transportation for the remains to the city or town or to an address not located in a city or town designated by the next of kin in disposition instructions. Authorized transportation necessary to ship the remains to the common carrier terminal of the city or town designated by legal next of kin, or in the absence of instructions from such next of kin, to the common carrier terminal of the nearest national or post cemetery, will be provided in accordance with § 633.6 of this chapter. The term "common carrier terminal" as used herein is defined as the railroad station or ship's pier in the city or town having rail or water service that meets the military requirements of the Government. If the destination specified by the next of kin is a city or town without suitable rail or water service (hereinafter referred to as an inland town) or it is an address not located in a city or town, and transportation beyond a common carrier terminal is required, the provisions of subdivision (ii) (*b*) of this subparagraph will govern. The provisions of this subparagraph as hereinafter stated apply equally to current deceased who die on or after October 10, 1947 and World War II deceased declared eligible under the provisions of Public Law 383, 79th Congress, as amended by Public Law 368, 80th Congress.

(i) No shipment of remains will be made direct to national or post cemeteries without prior clearance from the national cemetery superintendent or commanding officer of the post cemetery concerned. When remains are shipped to a national or post cemetery for interment, the commanding officer of the station from which the remains are shipped will advise by telegram the national cemetery superintendent or commanding officer of the post cemetery of the mode of shipment, date, and time of departure and scheduled time of arrival of the remains. Upon receipt of shipping advice, the national cemetery superintendent or commanding officer of the post cemetery will make all necessary arrangements incident to the receipt, handling, transportation (including transportation of escort from common carrier terminal and return thereto), and temporary storage, when necessary, of the remains. Government facilities and labor will be used if available. If necessary, the services of a contract funeral director will be used when available. The funeral director rendering any of the services called for will be required to submit a properly certified itemized invoice to the national cemetery superintendent or commanding officer of the post cemetery concerned who will place thereon the following certification and then forward it to the appropriate Army purchasing and contracting officer for processing and payment: "I certify that the services itemized on this invoice have been satisfactorily rendered." Separate invoices will be required for current deceased and World War II deceased. National cemetery superintendents and commanding officers of post cemeteries will annotate each invoice received with a statement that the services rendered were either for current or World War II deceased.

(ii) Shipment of remains to destinations specified by next of kin for funeral services with subsequent interment in a

national or post cemetery: Prior to shipment, next of kin will be requested to designate a funeral director to receive the remains upon arrival at the common carrier terminal at destination. When remains are shipped by common carrier to the city or town, or to an address not located in a city or town, specified by the next of kin for funeral services prior to interment in a national or post cemetery, next of kin is responsible for making all arrangements for receiving the remains upon arrival at the common carrier terminal at or nearest the destination specified. (See subdivisions (ii) (*a*) and (ii) (*b*) of this subparagraph.) Next of kin is responsible also for making all arrangements for interment with the national cemetery superintendent or commanding officer of the post cemetery, and for delivery of the remains at his own expense direct to the cemetery grave site at such time as may be designated by the superintendent or commanding officer. When Government hearse facilities are available at the cemetery and the remains arrive at a common carrier terminal serving the cemetery, such hearse facilities may be utilized to transport the remains from that terminal to the cemetery, at no expense to the next of kin. Transportation requests will not be furnished for the transportation of the remains or escort from an intermediate point to a national or post cemetery. Next of kin may receive a partial reimbursement for transportation costs when burial is made ultimately in a national or post cemetery (see subdivision (iv) of this subparagraph).

(*a*) When next of kin specifies a city or town served by suitable common carrier transportation: Common carrier transportation is furnished by the Government to the common carrier terminal serving the city or town of destination. Hearse hire to transport the remains upon arrival at the common carrier terminal is an obligation of the next of kin.
